LIKED BY MANY—CUSSED BY SOME—READ BY EVERYBODY

BURKBURNETT, WICHITA COUNTY, TEXAS, THURSDAY, OCTOBER 18, 1956

NUMBER 14

So many little pigs have gone to market that points have been declared off. Now we can cry "whee, whee, whee" all the way home.

Chamber of Commerce Luncheon Each FIRST MONDAY at Town Hall Everybody Invited Each Pays for His Meal

NO. 50

Leon Turner Pastor Local Methodist Church

Leon Turner is being installed from Carrollton, Texas, as pastor of the First Methodist church in Burkburnett to take the place of Felix Kindel who has transferred to Cochran, Texas, as pastor of the Methodist church in

Turner, who are daughters of Denton county, have been members of the NTSC in Denton, the first conference contests, from Nocoma and Bowie.

Turner is a Lion, a Mason and a past president of the Carrollton Minis-try. He received his degree in NTSC at Denton, Texas. He was a chaplain in the 9th Air Force in Europe during World War II. He is a member of the Board of Christian Education and is now a member of the Board of Missions.

Turner is a leader in the church. He served on the Board of Christian Education and is now a member of the Board of Missions.

Turner was the most prominent man they have ever had in Burkburnett.

## Two Inch Rain Welcomed Here

The first rain since 'way back in the summer fell here Sunday night. The average for the city area was about two inches. West of town the amount gauged was up to three inches. Rain began falling again here about 6:00 A. M. today (Thursday), and was continuing at press time. About six-tenths of an inch had been measured at 8:00 A. M.

Moisture which came early Monday morning came in an ideal fashion—slow, so that most every drop was absorbed. Farmers are very jubilant. They had their farm land in perfect condition. Some few had dusted in their wheat. It will be showing through the ground right away. Other farmers will sow just as soon as they can get drills in their fields. Stock tanks gathered quite a bit of water. This will relieve ranchers and farmers whose cattle were showing effects of the prolonged drought.

## Burk Plays At Jacksboro Fri.

Third conference game of the season for the Bulldogs will be played at Jacksboro Friday night. Burk won its two previous conference contests, from Nocoma and Bowie.

Winner of Friday night's contest will probably end up as District champion. Both teams are undefeated in conference play, while all the other members of the District have one or more defeats.

Burk fans can go via Charlie and Henrietta and probably miss some heavy traffic. This route is longer than the one through Wichita Falls but can usually be driven in less time. An hour and one-half to two hours should be allowed for the trip—one way.

## Burkburnett Pioneer Dies

J. M. Hayworth, 87 year old Burkburnett pioneer builder, died in a Wichita Falls hospital Thursday morning.

Funeral services were conducted at 9:30 a. m. Friday at Owens & Brumley Funeral Home chapel in Burkburnett by Rev. Miles B. Hayes, retired Baptist minister, Burkburnett. Grave-side services were conducted at 3 p. m. Friday at Restland Memorial Park in Dallas.

Pallbearers were R. C. Tevis, W. B. Short, H. A. Goodwin, Dow Estes and Jimmy Johnson of Burkburnett and E. M. Hargis of New London, Texas.

Hayworth, a resident of Burk since 1908, had been a builder contractor most of his life. He retired 12 years ago. He was born Dec. 28, 1868 in Forsyth, Mo.

Survivors include his wife and one daughter, Mrs. John F. Yeilush of Dallas.

Mr. and Mrs. O. J. Ensey ofampa Tex. visited relatives and friends here over the weekend.

HYACINTH, DAFFODILS and TULIP BULBS AT MRS. GILBERT'S FLOWERS

## Oil Progress Week

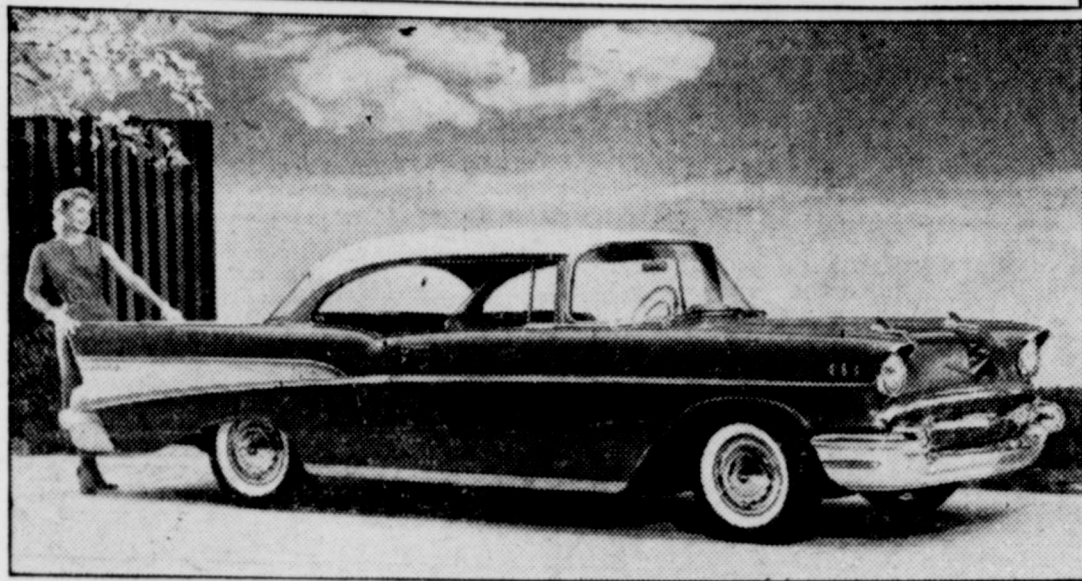

Like a snowball rolling downhill, gathering momentum, Oil Progress Week gets bigger and bigger with each passing year," reports the American Petroleum Institute. The 1956 observance—October 14-20—will outdistance its predecessor in scope, size, and impact.

The week is not designed to sell a material, but to show the American people how the oil industry operates and to show them a better idea of the benefits that can be derived from free, competitive enterprise.

Leaders of the industry will take to the stump, and events and exhibits will reach virtually every town and county. In many communities, station dealers will be saluted as "Ambassadors of good will" by community organizations.

There'll also be such attractions as parades, open houses, speeches and rallies. This is a big job. It has to be, for it deals with the biggest and most important resources of our country—OIL.

## Bel Air Coupe Mirrors New Styling

Longer, lower "in motion" emphasis on design of Chevrolet's three series of passenger cars for 1957 is evident in this view of the new Bel Air sport coupe. Along with the exciting exterior and interior styling, a higher performance peak and marked mechanical advances are among features.

Carol King Bride Of Lt. Trent Turpin In Trinity Episcopal Church, Sept. 8th.

Miss Carol King became the bride of Lt. Trent Turpin, Saturday, Sept. 8th at three o'clock in the Trinity Episcopal Church. The double ring ceremony was performed by the Reverend Tally H. Jarrett, chaplain at the Chanute Air Force base at Rantoul, Ill.

The bride is the daughter of Mrs. Vinton Shaw King of Jacksonville, Ill and the late Mr. Vinton King of Pittsfield, Ill. The groom is the son of Mr. and Mrs. S. Wyke Turpin of Burkburnett.

Given in marriage by her uncle, M. D. King, of Pittsfield, the bride wore a waltz length gown of white chantilly lace over taffeta. The dress was designed on princess lines with a lace bolera jacket. The snug fitted bodice was studded with iridescent sequins and pearls. The sleeves of the jacket were bracelet length, her short veil of illusion fell from a tiny cap of lace embroidered in sequins and pearls. She carried a bouquet of small white orchids and stephanotis arranged on a white lace covered prayer book.

Miss Rebecca King was her sister's maid of honor and Miss Mary Allen of Decatur, Ill., was bridesmaid.

The attendants wore waltz length dresses in pink crystalettes and carried colonial bouquets in shades of pink, orchid and purple.

The bride groom was attended by Lieut. Burt Bailey as best man and Lieut. Neal Chandler, groomsmen.

The Dunlap Hotel was the scene of the reception following the wedding. The table was arranged by Mrs. John Sommers and assisting with the serving were Miss Jane, King, sister of the bride, Miss Janet Conlee, Miss Joyce Daniels, Miss Bronna Lee Crabtree and Mary Mitchell. Miss Sarah King, cousin of the bride, played selections at the piano during the receiving.

Mrs. Turpin finished high school at Jacksonville and attended Monmouth College at Monmouth, Ill., for two years. She was affiliated with the Alpha Xi Delta sorority. At the present time she is a senior at the University of Illinois.

Lieut. Turpin graduated from Burkburnett High School and attended Southern Methodist University where he received his masters degree in accounting. Lieut. Turpin has been stationed at Chanute Air Force base for the past sixteen months.

The couple will make their home at 801 West Parks St., Urbana, Ill.

Mrs. Herman Brown of San Angelo, is visiting her sister, Mrs. R. P. Reagan here for several days. Mrs. Reagan, Mrs. Brown and Mrs. I. E. Harwell spent a few days in Ardmore this week.

Bring the entire family at 7:30 p. m. each evening. Services on Saturday night also. Welcome to all.

Pastor, F. R. Carrington

## Burk Men Get Flowing Well At Cross Plains

A flowing Caddo lime well was brought in on the E. P. Kilgore tract in the Cross Cut-Blake area Thursday of last week (September 27th), by Troy Mills, Alvin Hill, Dewey Austin and Ollie Ratliff of Burkburnett.

The well is located on a 120 acre lease out of the Kilgore ranch and was drilled by rotary to a depth of 2,058 feet. It flowed naturally while a service rig was engaged in cleaning it preparatory to acidizing it with 500 gallons of acid. Flowing by heads, it shot high gravity oil over the derrick before being turned into the tank battery.

Operators have spotted the No. 2 Kilgore as an offset to the northwest of the discovery well. The Kilgore tract is located some five miles east of Cross Cut community center.

—From the Cross Plains Review

Casing was set on the No. 2 well this week. From all indications it is as good or better than the No. 1 discovery well.

## Methodist Honor Outgoing Pastor

The First Methodist church of Burkburnett honored Rev. and Mrs. Felix Kindel and Aquilla Ann with a reception Monday evening, Oct. 15th in the church. The basement was decorated with the serving table in one end and chairs arranged accordingly. Dr. Phillip A. Carpenter, chairman of the official Board, presided following a period of fellowship during which Mrs. Bill Vincent played the piano.

In the reception line with the Kindels were Dr. and Mrs. Carpenter and Howard Henderson, who is president of the local Methodist Men's organization. Special violin and accordion music was played by Mrs. W. J. Lacy and Mrs. Joe Bob Tyler, followed by a very clever reading by Mrs. R. C. Moser. Then Paul Browning spoke for the official Board and the membership of the church words of eulogy and profies regarding the pastor and his family after which Rev. Fred Ferraz, pastor of the Church of the Nazarene and vice president of the local Ministerial Alliance (Rev. Kindel was the president) spoke on behalf of the Alliance in regard to the work Rev. Kindel has done as head of the Alliance in the city.

Mrs. Kindel was presented a gift from the workers of the Children's Division in response to which she made a brief statement followed from the pastor.

683 Bales Cotton Ginned This Year

Paul Hooper, manager of the Farmers Co-op. Gin reports 683 bales of 1956 cotton ginned to date. Approximately only three fourths of the crop has been gathered.

Grade ranges from middling 7-8th to middling light spot 29-32nds.

Last year the gin turned out 2500 bales of cotton.

Phone 52 for your Printing

## X-Ray Machine Breaks Down Here

Breaking down of the X-Ray machine cut the Wichita County Tuberculosis Association chest examination service short in Burkburnett Saturday morning.

Three hundred fifty-two had been X-rayed at the time of the machine failure, however, bringing the Burkburnett total to 1,122 and the county total to 17,363.

Long lines were left waiting. Chest X-ray service is being offered free-of-charge to county residents by the association.

## Bulldogs Take Bowie 26 to 0

Burkburnett Bulldogs scored once in each quarter here last Friday night to down the Bowie Jackrabbits 26 to 0. This was a District 9-AA game, giving Burkburnett two wins and no losses in conference play. They defeated Nocoma 40 to 7 the previous week.

The first score came on a long left end sweep by little Mike Lacy, midget fleet back. He scored from 18 yards out from the goal line on a beautiful play behind good interference. Billy Baker missed the conversion point.

Donald McKinnis, fullback, powered over through center from the one for the second Bulldog tally. Billy Baker made good his kick. 13-0.

McKinnis was also responsible for the third score. This time over from the nine yard line. Baker, extra point specialist, converted again. 20-0.

Doyce Walker, right halfback, hard runner and a good team player, made the final tally from the 17 yard line. A 15 yard penalty put the boys back far enough they elected to pass instead of kick for the extra point. The pass was incomplete. 26-0.

At times during the game, Burkburnett looked sluggish, far from their championship playing form. Maybe they were saving up for the big game this Friday night at Jacksboro!

## Scout Fund Drive Near \$1,000.00

The drive to raise funds for Boys Scouts is almost complete. Over \$1,000 has been counted and turned in by volunteer workers.

## Open House Fri. At Mathis Chev. For '57 Showing

Chevrolets for 1957 will be unveiled at Mathis Chevrolet Co. Friday morning, October 19th.

Jack Mathis has gone all out to make this his biggest showing of new models. There will be favors galore for all members of the family. Prince Matchabelli perfume for the ladies; fluorescent yard sticks, magnetic pot-holders, magnetic money-minders, balloons and bean caps for the kiddies.

Free coffee and do-nuts all day for visitors to the show-rooms. Music will be provided throughout the day.

## Telephone Bldg. Moved Tuesday

Offices of the Southwestern Bell Telephone Co. were moved Tuesday without one moment's interruption of service. The old building was moved North approximately 50 feet to the back of the two lots of East Fourth Street. A new office building for dial system will be constructed across the front of the lots. Construction will begin soon.

Favorable circumstances made the move possible without interrupting telephone service. Four large lead cables, buried a foot or more in the ground, came in under the building from the North. A ditch was dug to expose the lead cables. The building was jacked up and put on I beams and wheels. As the building was inched along by two winch trucks, Telephone Company linemen picked up the lead cables and held it in large semicircles to prevent kinks and kept it neatly coiled back out of the way as the building was pulled toward them. Concrete pillars had been poured for the building to rest on. Before it was lowered to the foundation, the cables were spread out underneath.

Switchboard operators and managers within the building hardly knew it was moving. A tent was set up on the front of the lot to carry on business as usual as the moving project progressed. Moving was a ticklish job but it went off without a hitch.

Mr. Leo Dudley is able to be at his store a few hours each day now following his recent illness.

## 50 Years of Progress

Burkburnett is in its 50th year—50 years of progress. From 1907 to 1918 the progress was steady—a young community, building slowly but permanently. When the oil boom hit growth in population was terrific for a few years, but progress was slow. The thousands of people who flocked to Burkburnett were for the most part transient. When the boom slowed down, many of the people moved on. Buildings, too sprang up everywhere, but they were not of a permanent nature and when the oil craze frenzy subsided, they also disappeared. Sudden growth, but no progress because it faded away.

Following the oil bubble burst, this little city again took up its slow but steady pace of progress. The old wooden school building was replaced with a brick building which is still in use and serving its purpose well. Wooden church structures were razed and in their place permanent brick buildings were put up which are still quite serviceable. Dirt streets gave way to concrete thoroughfares. A few concrete sidewalks were constructed. New brick buildings down town replaced old wooden landmarks. Progress was being made—slowly but good.

Because of its favorable location, depending on no one thing, but being blessed with farming, ranching and oil, Burkburnett never experienced the sudden or complete letdown which was the lot of some towns. The proximity to Sheppard Air Force Base has also added greatly to the economy of our town.

The same spirit of determination which brought Burkburnett thus far is being exhibited every day. One of the best examples of the faith in Burkburnett and its future is shown by Harlin A. Mills. He has started construction of a \$185,000 grain elevator with a capacity of 325,000 bushels of wheat. This is in addition to the 45,000 bushel elevator he already had here.

Other young business men have shown a like faith in our town by building large down town store buildings and several housing development areas. All this is progress—building for a better tomorrow—showing faith in the future.

## GRASS ROOTS OPINION

**INTERNATIONAL FALLS, MINN., Daily Journal:** "Nationalization, a form of socialism under which the government controls basic resources and industries, is a two way street — The return of a nationalized function to private operation is both possible and feasible, however, it is much easier to scramble than to unscramble. England's conservative government has been finding out. Since coming into power in 1951, the conservatives have tried to denationalize only two, the trucking and steel industries. Neither effort has been entirely successful."

**NOGALES, ARIZ. Daily Herald:** "To a very substantial degree the wage gains won by steel labor are sure to be largely offset within a fairly short span of time by higher price tags on the things the worker buys."

**LAKE WORTH, FLA., Herald:** "One would hardly be out of line to say that 90 percent of all traffic accidents are the results of carelessness—oftimes criminal carelessness—on the part of one or both drivers involved."

**SULLIVAN, IND., Union:** "While the farm situation will continue as a political question it is not expected to be an over-riding issue because of the slow but steady rise in farm prices, and the belief the index will be even better in late October. United States Department of Agriculture officials pointed to hog prices, the precipitous slip in which was a major cause of farm unrest a few months ago, as now being upwards of 60 percent above December 1955 low point."

## SCRAPS OF PAPER

It would be impossible to describe adequately the human and material destruction that, in modern times, has followed the cynical abandonment of pledged agreements and obligations among nations. A particularly callous example was Wilhelm II's "scrap of paper" declaration when he tore up the German-Belgium treaty at the beginning of the First World War. There have been many comparable examples since, with fateful consequences for the guilty and the innocent alike.

Premier Nasser's seizure of the Suez Canal makes one remember such events. Nasser has attempted to assuage the other powers by declaring that the canal will be kept open and that its former owners will be recompensed for nationalization. But that is a minor matter, in the long view, when set beside the plain fact that Nasser violated Egypt's pledged word, as expressed by treaty.

Under that treaty, the canal would have gone into the possession of Egypt in the relatively near future—in 1968. But Nasser, with his dream of empire, and his policy of pitting East against West, would not wait. That attitude of his—Whatever happens in the current crisis, may cost his country dearly.

Egypt, like all the Middle East, is desperate for Western capital. But will private capital from this or any other Western country be invested in Egypt when it is known that she will respect treaties and obligations only if they happen to suit her mood of the moment? It is hardly likely.

Will Egypt still expect aid from the U. S. Government? In this connection, a suggestion made editorially by the The Saturday Evening Post is apt indeed. It is that our government "announces that as of now the foreign-aid barrel is closed to countries which refuse to accept their responsibilities or stand by their agreements."

## What Government Does For You

Life magazine vividly restates what it termed an "old truth" in these words: "The more a government does for you the more it has to do to you."

Before government can provide you with any service, it must first take the money from the pocket of you and all the rest of the taxpayers. And it always takes more than it returns, inasmuch as the administrative costs run high.

That isn't all — or even the worst of it. Any welfare state eventually turns to a cheap money policy and lets loose the tides of inflation. Every dollar then buys less and less. The result is a murderous combination of sky-high taxes and depreciated money.

"The biggest and most legitimate congressional lobby in the country is the public. But it seldom gets going."

## BLUE YONDER IS REALLY WILD

In case you are fresh out of something to worry about, consider the fact that outer space is lawless. Legal eagles attending the International Astronomical Congress in Rome are now trying to write laws for it. Present law gives rights to "the limit of the atmosphere" above a nation, but the lawyers can't define "atmosphere" and we are now actually operating beyond it! Next thing, how do police outer space anyway?

## PLYMOUTH

# GATE-CLOSERS

Dear Friends

A farmer friend of ours paid Humble's field men a fine compliment recently.

He said, "There's one thing about you Humble people, you close gates."

Well, of course we do.

All of us at Humble want the good will of the folks with whom we do business. And among those folks, the farmers and ranchers who lease their land to us for exploration and production are right at the top of the list.

In fact, you farmers are partners with us in the development of a vital natural resource. If our efforts are successful then everyone involved benefits.

Keeping the gates closed and the fences mended—things like that are the least we can do.

We know. A lot of us grew up on farms and ranches.

## Devol News

Mrs. C. O. WOODLEY

An auction sale of various items was held at the club house Thursday afternoon when the club met for the regular meeting with Mrs. O. G. Weaver hostess. The sale was considered very successful and enjoyable. Mrs. Beatrice McClendon was auctioneer. Mrs. Weaver received many lovely and useful hostess gifts.

Refreshments were served to two visitors, Mrs. Pearl Cates and Mrs. Ora Stevens and members, Mesdames Baumhardt, McClendon, Hutson, Charboneau, Warren, Morrow, Stevens, Woodley Miracle, Hale, Leonard, Wyatt and the hostess.

Word has been received here of the wedding of Miss Thelma Brannon of Gore and J. G. McElhaney, Oct. 9th in the First Baptist church in Clovis, N. M. Mr. McElhaney has been a resident of Devol for many years. He is the son of Mr. and Mrs. Ida Alford. The newly weds plan to make their home in Gore.

Mr. and Mrs. R. A. Wright of Ardmore visited friends here over the weekend.

Melton Rogers of Andarko spent last week with his grandparents, Mr. and Mrs. O. G. Weaver.

Miss Marjorie Baumhardt of Waco, was a guest of her mother Mrs. Callie Baumhardt and other relatives here from Saturday until Tuesday.

Mr. and Mrs. C. O. Woodley spent the weekend in Tulsa with their son, Mr. and Mrs. J. H. Woodley. They were accompanied by Mr. and Mrs. G. A. Woodley of Wichita Falls.

Mrs. T. C. Dillow is visiting her daughter, Mrs. Claud Coe and family in Kilgore, this week.

Mr. and Mrs. E. Watson have been notified that their grandson, T-Sgt. Donald W. Bryant, was one of a group awarded honored as southern air material area Pacific's NCO Airmen and civilian of the month for September. Sgt. Bryant a veteran of eight years service was commended for his devotion to duty and consistent efficiency as NCOIC of the vehicle production control branch maintenance and engineering directorate. The men received citations and personal congratulations from Col. E. B. Gentry, SAMAP deputy commander, during official ceremonies at SAMAP headquarters. Sgt. Bryant has been at SAMAP

since May, 1955.

Dean Burk, a student at OBU, Shawnee, conducted a revival last week at the local Baptist church closing the series of services Sunday night. Mr. Burk accepted the call to pastor the local church beginning about Nov. 1st. He will continue his studies, however, coming to Devol for Sunday services only according to information received from members of the church.

This community received a heavy rain and windstorm Sunday night damaging roofs, blowing out window panes and several telephone poles, trees and small buildings were blown over.

## WCS Met Oct. 15th For Weekly Meeting

The Woman's Society of Christian Service met for their weekly meeting on Monday, Oct. 15th at the First Methodist church.

Mrs. Hugh Veach, Secretary of Missionary Education, opened the meeting with prayer. She then asked for the current events which were assigned for the second session of the study, "South-east Asia." Mrs. Veach introduced Mrs. Bill Haws, who wore a facsimile of oriental dress. They then showed two filmstrips, "If You lived in Malaya" and "Elna of the Philippines." The 21 members present were served refreshments consisting of a candy from Burma, Pauk Pauk Mow.

Mrs. Bessie Scruggs, president, conducted the business meeting. The meeting was adjourned until Monday, Oct. 22nd at 2 p. m. at which time Mrs. O. E. Melton will present the third session of the study.

## FBLA NEWS

The FBLA had as their guest speaker, Miss Pat McAfee who spoke on the Duties of a Receptionist and a Private Secretary. In the business session that followed the members decided to have a bake sale, Saturday, Oct. 27th, and a rummage sale, Nov. 3rd, to help finance their projects for the year. The projects decided upon were to place more trash containers at various locations in town and place a bulletin board in front of the business department.

Mrs. Charles VanLoh underwent surgery Tuesday in a Wichita Falls hospital.

NEW CIVIL DEFENSE uniform is shown here by Mrs. Jean Wood Fuller, Director of Women's Activities for the Federal Civil Defense Administration. The trim suit is done in Civil Defense Blue, a new shade of gray-blue. The snappy attire, one of three new uniforms approved by the agency, may be worn by women in civil defense and the Ground Observer Corps throughout the United States.

## Hardin PTA Held Regular Meeting Tuesday, Oct. 16th

Hardin PTA met in the grade school auditorium Tuesday, Oct. 16th at 3:30 p. m. for a regular meeting.

The meeting was opened with the group singing America led by Rev. Leroy Meyer.

During the business meeting, plans were completed for the Halloween Carnival scheduled for Oct. 31st, and the club decided to buy one years subscription to National Parent-Teacher magazine for each Hardin Grade School teacher. Mrs. R. C. Moser and Mrs. J. S. Looney were elected delegates to the state convention. Mrs. Robert Beaver was elected new vice president.

Mr. Ralph Davis had charge of the program for the day and spoke briefly on the 4th amendment which is a teacher retirement program. He urged everyone get themselves informed on the subject and then go out and vote on Nov. 6th.

Miss Best's room, section 1-4

won the attendance award with 16 present. The meeting closed with the Truck Drivers Prayer led by Mrs. R. C. Moser.

## Texans Find Ike Stands For Same Things We Do

A fellow was in our town the other day selling men's suits. He was from St. Louis, and he said he was a manufacturer's representative. Grandpa would have called him a dry goods drummer, and Papa would have referred to him as a traveling salesman. This shows you how things change with time. But actually that fellow from St. Louis was doing just about what the earlier visitors did—trying to sell suits.

You might say that he stayed in the same place but the names went off and left him. Reminded me some of the political situation in Texas.

I was reading a letter in the daily newspaper last week, from a man who said he was going to vote for Eisenhower. "I am a Democrat," he wrote to the editor of the paper, "but I feel like the party has run off and left me."

Come to think of it, a lot of conservative-type Texas Democrats are in that shape today. They haven't changed their views much on such things as local control, government spending, bureaucratic red tape, and freedom of the individual; they still travel down the same road they did 20 or 30 years ago, even if they do it at 70 miles an hour instead of 25.

They grew up believing that a man could live down nearly anything except voting for a Republican. They always voted 'er straight, until a good many of them jumped over the traces in '52 and went for Ike.

"I can't figure out what's happened," one of them told me. "Seems like Eisenhower talks like a Democrat and Stevenson talks like a college professor."

The other day this same fellow said: "I think I've got it figured out. Ike stands for the things us Texas Democrats have always stood for. Adlai is too thick with Walter Reuther and that crowd to suit me. I'm going for Ike again."

That's the way with most folks in our town. They decided to give Ike a try at it in '52, and they like the way he has gone about the job. There are some things they wished he'd done a little different, but by and large they think he has made us a fine President. At least all the hometown boys are back from Korea, and as far as we can tell the government is being run honestly.

Somebody asked that Missouri suit salesman how Mr. Truman was getting along, and he said he didn't know. "He isn't in the clothing business any more," he explained. "In fact, as far as I can tell, he is clear out of all kinds of business."

Yours Truly,

## Distinctive Qualities in 20 1957 Chevrolet Body Models

### THE NEW CORVETTE

In addition to the 283 cubic inch V8 engine equipped with RAMJET fuel injection, the 1957 Corvette offers sport car owners a choice of the standard four-barrel carburetor or dual four-barrel carburetors.

A wide range of transmissions complement the choice of engine. They include the regular production axle ratio of 3.70 to 1 and an optional 4.11 to 1 axle for use with the close ratio 3-speed transmission. The 3.55 rear axle is retained for use with Powerglide.

Hydraulic valve lifters will be used on all Corvette engines excepting the high performance, competitive engine. Modified mechanical lifters in this instance are designed to improve oil metering to the upper valve train.

## 1957 Chevrolets Carry Individual Beauty

Distinctive styling and trim treatments for each of the three series of 1957 Chevrolet passenger cars are emphasized dramatically in this two-level photo of the "Two-Ten" sport sedan, at top, and the Bel Air convertible. Bodies plus color choices total 460 for the line.

## Newest Automatic Transmission Promises Superior Smoothness

An exclusive new transmission Turboglide, heads a list of Chevrolet power train features that extends from the three-speed manual shift through an improved Powerglide automatic transmission and the gas-saving overdrive.

Introducing a new design of the torque converter type, the Turboglide is supplied only with the 283 cubic inch engine.

Superlative responsiveness, elimination of all automatic shifting and newly developed "hill retarder" are a few of the innovations. According to Chevrolet Turboglide gives far greater variable torque multiplications than now delivered by standard torque converters, assuring a high brand of performance.

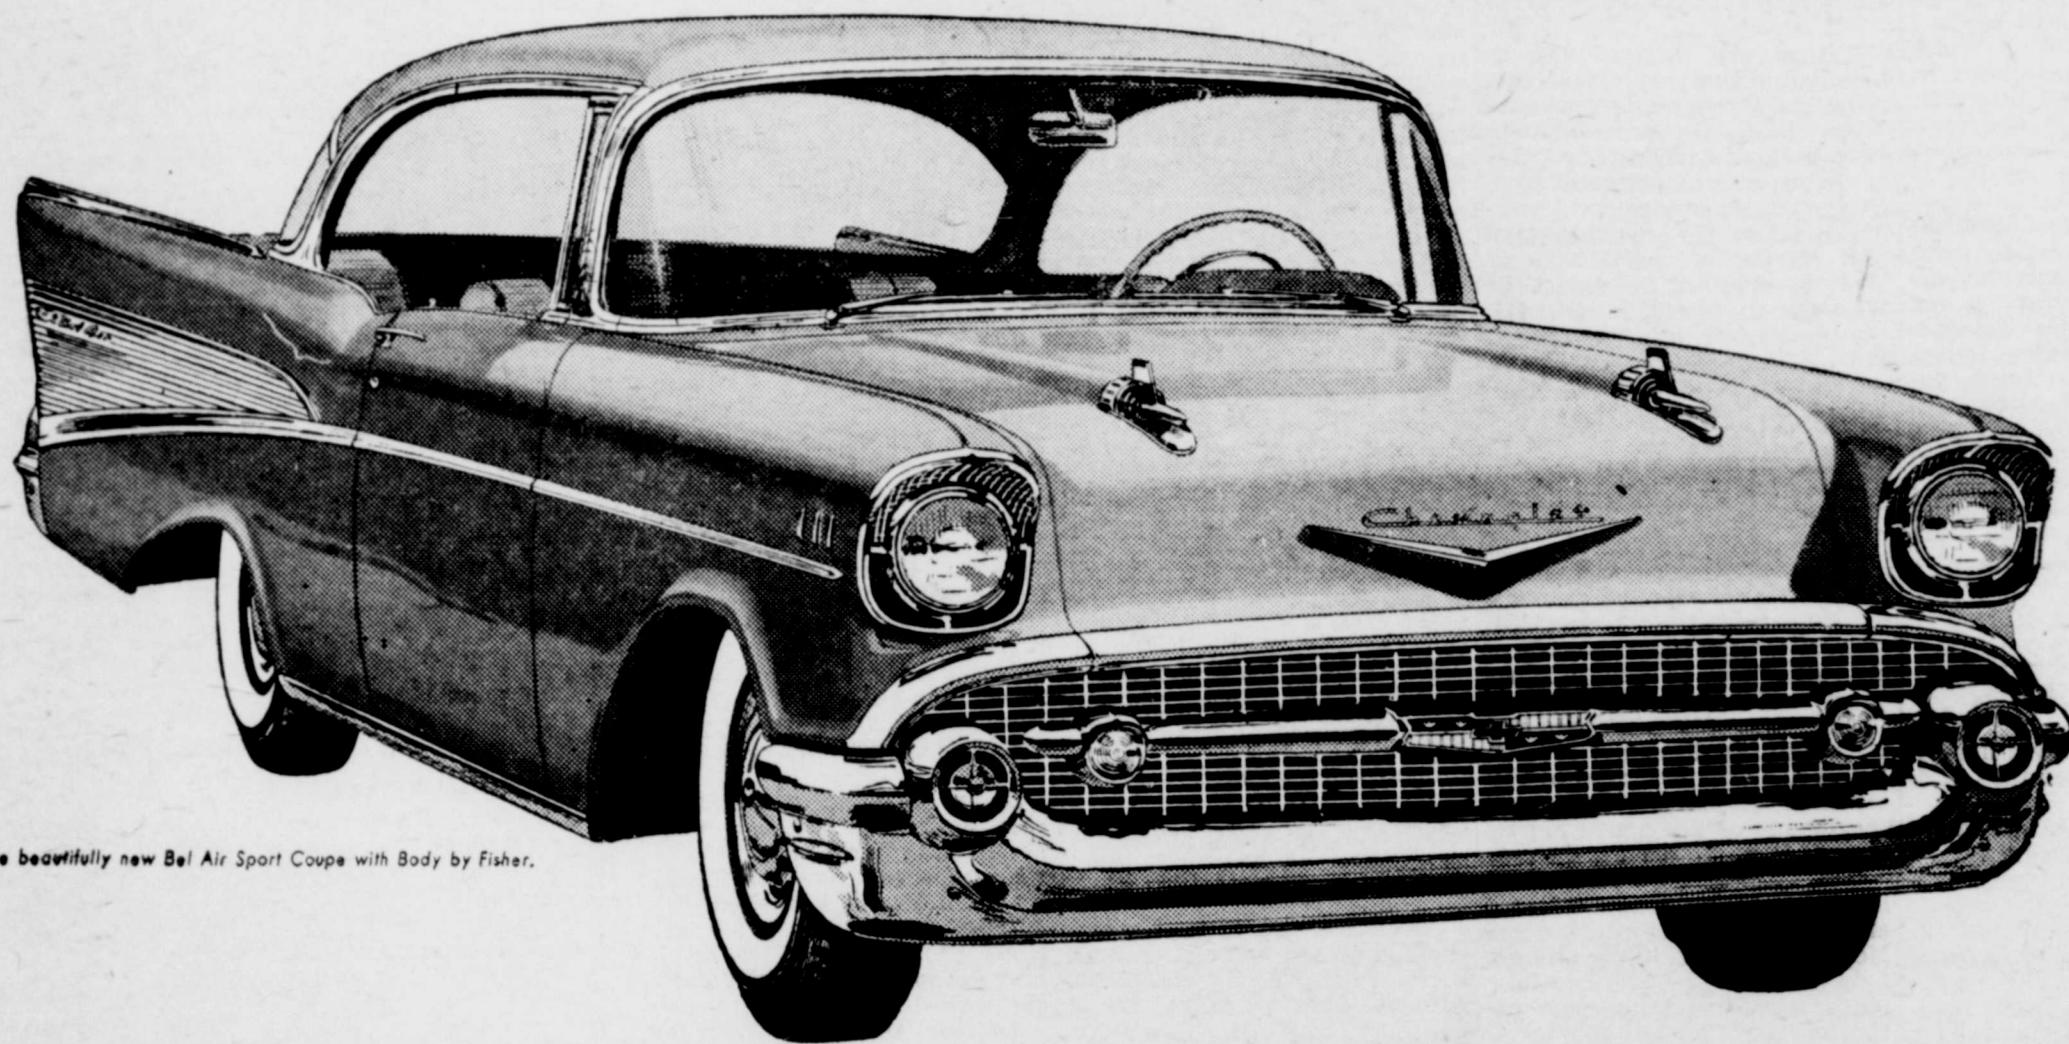

Differing from the usual transmission, to, is the single forward driving position on the quadrant. This is possible, says the company, because the infinitely

graduated torque multiplications from a standing start to highway cruising speed makes a step in the transmission unnecessary. The feeling of "shift" is completely eliminated.

Mechanically, Turboglide consists of three turbines and two planetary gearsets combined with a variable pitch stator and the conventional torque converter pump enclosed in a die cast aluminum housing. Drive of the shafts from an ingenious coupling of the turbines and the gears. As the turning force of one of the turbines lessens, another takes over to maintain a constant positive drive.

In the hill retarder position, a turbulence is created in the oil in the converter to impart a drag on the rear wheels. This safety factor, patterned after a similar device developed for the automatic truck transmission by Chevrolet is exclusive feature.

*Just out and just wonderful!*

The beautifully new Bel Air Sport Coupe with Body by Fisher.

# SEE THE '57 CHEVROLET FRIDAY! IT'S SWEET, SMOOTH AND SASSY!

*Chevy goes 'em all one better—with a daring new departure in design (looks longer and lower, and it is!), exclusive new Turboglide automatic transmission with triple turbines, a new V8 and a bumper crop of new ideas including fuel injection!*

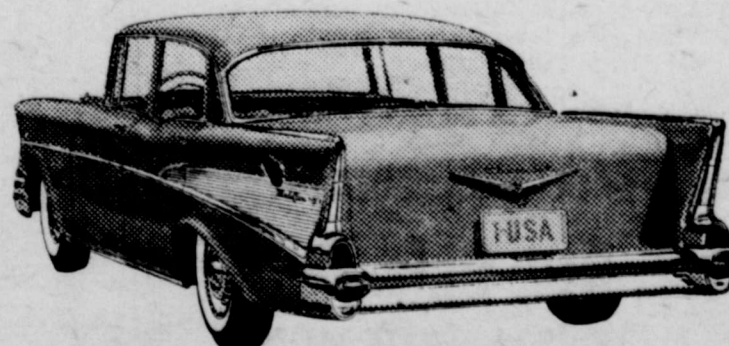

\*270-h.p. engine also available at extra cost. Also Ramjet fuel injection engines with up to 283 h.p. in Corvette and passenger car models.

New right down to the wheels it rolls on—that's the '57 Chevrolet!

By now you know it's new in style. You can see that Chevy's longer, lower—and every inch a beauty.

But Chevrolet's new in lots of ways that don't show up in our picture. It's new in V8 power options that range up to 245 h.p.\* Then, you've a choice of two automatic drives as extra-cost options. There's an even finer Powerglide—and new, nothing-like-it Turboglide that brings you Triple-Turbine take-off and a new flowing kind of going. It's the only one of its kind—the newest, sweetest, smoothest automatic of them all!

Come see the new car that goes 'em all one better—the new 1957 Chevrolet!

The new Bel Air 4-Door Sedan—one of 20 striking new Chevies.

## Sen. Johnson Says Judgement Day Is Near For GOP

Senator Lyndon B. Johnson says that so far as Benson, Brownell and the big bankers are concerned, "Judgement Day is drawing near."

The Senate Majority Leader, at a news conference here, said that the battle lines in the Texas campaign have clearly been formed. It is a question of Republican money against the enthusiasm of the people for the Democratic Party, Johnson said.

Texas' Senior Senator stated that the Democrats don't have much money, but they do have the issues. Warning the GOP of its "Judgement Day," he said: "They cannot explain away their thumb twiddling while the prairie burns."

They cannot explain away their get off the farm by Sundown programs. They can't explain away their tight money squeeze that is driving small businessmen to the wall.

And they can't explain away their complete indifference to Texas problems.

Johnson said that if the Republicans showed the same concern for Texas problems that they showed for Texas votes, the story might be different. But they can't hope in a few short weeks, he charged, to cover up a record of non-performance that stretches over four years.

Johnson expressed pleasure that Wilson County Democrats, headed by Floresville Chronicle Publisher Sam Fore, had been the first to exceed their quota for contributions to the Democratic campaign.

Wilson County has been hit in the past four years by practically every disaster that nature and Ezra Taft Benson can devise, Johnson said. It has borne the brunt of tight money, falling farm prices, and the drought. But Wilson county came through with a check for \$607, on a \$500 quota. This does not go far in matching Republican money, but it more than overmatches Republican leaders in terms of heart and fighting courage.

## Mrs. F. G. Jeffers Hostess Oct. 12th Current Lit. Club

Mrs. F. G. Jeffers was hostess to the Current Literature club Friday, Oct. 12th.

Mrs. Ralph White, President, presided over the business. Mrs. Jess Ashton was welcomed as a new member.

Contribution was allowed in the budget for the Oriental Scholarship Fund. This is the first time that the Texas Federation of Womens clubs have had an Oriental Scholarship. The fund is in honor of our State president, Mrs. A. J. House and in memory of her late daughter, Mrs. Dorothy House Vieman.

Reports were given by the standing chairman. The project committee reported the results of the Fruit cake sales. One member having sold 40 cakes.

The program was a very fitting Columbus Day Citizenship program. Mrs. Marjorie Kauer was leader.

The club collect was repeated in unison.

Roll call was answered by each member's given topic.

Mrs. Roy Magers read an interesting paper for Mrs. C. R. Chambers who was absent. The informative paper was on "Who Pays for Elections."

Mrs. Ralph White very ably discussed "Womens Service on the Jury."

Mrs. Chas Boyd won the door prize.

Dainty refreshments were served to the following: Mesdames C. M. Archer, J. D. Ashton, C. W. Boyd, John Brookman, J. L. Caffee, W. W. Chambers, Fred Hunt L. R. Jones, Francis Kauer, C. E. Knight, Roy Magers, W. B. Short, Ralph White, W. C. Vann, A. H. Lohofener, Miss Ella Billingslea and the hostess, Mrs. F. G. Jeffers.

The club will meet Oct. 26th with Mrs. A. H. Lohofener.

## A Queen As Sweet As Sugar

MGM starlet Jarma Lewis has been chosen Miss Restaurant Hospitality, highlighting the October celebration of National Restaurant Month. Miss Lewis, who currently is appearing in "Raintree County," is seen here with Ransom M. Callicott of Los Angeles, former president of the National Restaurant Association, and (at right) John O. Sabatos, current president of the NRA, at her Hollywood studio.

Like most of us today, the lovely starlet knows the importance of careful weight - watching. She's aware, too, of the necessity of quiet relaxation, especially at mealtime, for those whose working lives are fast-paced. So, along with a large segment of Filmworld's personalities, she is a frequent guest at restaurants, dropping in for scientific nibbles as well as for meals.

She has found that having frequent scientific nibbles - little between-meal snacks which are designed to provide quick energy, help keep appetite down at mealtime - enables her to pack far more activity into her day without becoming fatigued. And, although her snacks may be such delectables as frosted cakes or ice cream sodas, because she takes them scientifically - that is, about an hour or so before mealtime - Miss Lewis says she can end her day not only without excess fatigue but also without having taken on excess weight.

## Methodist Church Will Observe Laymen's Day Sun.

Sunday will be observed as Laymen's Day in Methodist churches throughout America. Mr. C. J. Lippard, who is church Lay Leader in the First Methodist church here will have charge of the service.

The following men will take part on the special service at 10:50 a. m. next Sunday: Cliff Wampler, Jim Frye, Joe Nichols, George Yarbro, Raymond Stout, Floyd Wilson and John Robinson.

## Eastern Stars Met October 9th For Regular Meeting

Burkburnett chapter No. 655 of the Eastern Star met in regular stated meeting Oct. 9th at 7:30 p. m. in the Masonic hall.

Ethel Wofford, worthy matron in the East was in charge. Meeting opened with the officers drill. Chapter was called to order and opened in ritual form.

The flag was presented by the marshal, Bertha Skidmore, and the pledge of allegiance led by George Benton, Worthy Patron.

Worthy matron extended a hearty welcome to all present and introduced three visitors, Mesdames Betty Hasty, Wilma Sykes and Mary Davis and four past matrons and two past patrons of Burkburnett chapter.

Regular business was presented and dispersed of. Plans were made to attend grand chapter to be held from Oct. 22 thru 25 in Fort Worth.

Ethel Wofford, worthy matron will represent the Burkburnett chapter.

Bro. Luther Hatch has been quite ill in the veterans hospital in McKinney. The chapter presented him a small bible. Bro. Hatch is home to his friends in Burkburnett now.

A Columbus Day program was rendered at this time. The following took part: Ethel Wofford, George Benton, Pauline and Bob Morine, Jerry Tyler, W. R. Carswell and Chas. Skidmore.

The meeting closed with officers retiring drill. Twenty-two members and three visitors were present.

At the close of the meeting, all gathered in the dining room for a birthday party honoring the worthy patron, Bro. George Benton.

The decorations were very unique. In the center of the table stood a large stork holding a baby. These words were engraved, George 50 years ago. Bro. George received many lovely gifts from chapter members, for which he graciously thanks the group.

The next meeting will be Oct. 23rd, at 7:30 p. m. in the Masonic hall.

## Norma Fleming Presided At FHA Meeting Monday

On Monday night, Oct. 15th at 7:15 p. m. the FHA met for their monthly meeting at the high school. Norma Fleming, president, called the meeting to order with the opening ceremony. Kathleen Roark, chapter secretary called the roll and read the minutes of the last meeting. The president then turned the meeting over to Mrs. Walker who told us some of the circumstances of the people in Germany. She and her husband were in Germany for eighteen months. She told us how the people ride on bicycles as their means of traveling. We were informed that the children seek jobs at the age of ten. Mrs. Walker told us of their very simple diet.

There will be a district FHA meeting at Quanah and some of our girls will have the privilege of attending. Girls may now purchase FHA jackets if they desire to do so.

The meeting was then adjourned with the closing ceremony. The next meeting will be Nov. 19th.

Charlotte Begemann, reporter

## Artists Invited To Exhibit At Bowie

All artists and persons interested in art are invited to exhibit their art and crafts in Bowie's Annual Sidewalk Art Show. Sponsored by the Bowie Art League, Oct. 20, 1956, 9:30 a. m. to 4:30 p. m.

No entry fee charged. Professional judges will award ribbons to the best work in each class of art and crafts. Come, exhibit with us, bring someone with you. We will have fun.

Registration table in front of Goodwin's store on Wise street. Many prospective buyers of art will be here for this show. Make an effort to come.

Elaine and Debby Eastman of Randlett visited Jime Joye Eastman here over the weekend.

## NEAT AND SWEET

Fall is harvest time, and here's one of a whole new crop of cotton bag fashions. Twelve new wardrobes, each containing 18 garments styled by Simplicity or McCall patterns, are now available on loan for fashion shows. Cotton bags, used to package feed and other farm products, offer a wonderful source of home sewing material. Address requests for loan wardrobes to National Cotton Council, P. O. Box 9905, Memphis, Tenn.

## Valerie Cook Johnny Keown Married Sept 20

Mr. and Mrs. R. D. Cook of the Cashion Community announce the marriage of their daughter, Valerie Louise, to Mr. Johnny Alexander Keown, on the evening of Sunday, Sept. 30th at 4:00 o'clock in the Cashion Baptist parsonage.

The groom is the son of Mr. and Mrs. W. P. Keown of Burk. Rev. E. F. Cheshire, pastor of the Cashion Baptist church, conducted the double ring ceremony. The bride wore a blue lace dress over taffeta with white accessories and a white orchid corsage.

Miss Joan Mason was maid of honor and wore a blue taffeta dress with a pink carnation. The groom's father was best man.

Both the bride and groom are 1956 graduates of Burkburnett High School.

The couple will make their home in Houston where the groom is employed.

## J. N. Hurds Celebrate Golden Anniversary Open House Oct. 14

Mr. and Mrs. J. N. Hurd of Sylvester, formerly of Burkburnett, celebrated their golden wedding anniversary with an open house at their home in Sylvester, Oct. 14th from two to four p. m. Close friends and relatives attended the party for which their two sons and their wives were hosts. The hosts were Mr. and Mrs. H. D. Hurd of Jacksboro and Mr. and Mrs. E. E. Hurd of Sweetwater.

Three grandchildren of the honored couple present were, Henry Hurd of Jacksboro; Beverly and Bobby Hurd of Sweetwater. The fourth grandchild, Mrs. Carl Wayne McDonald, of Austin was unable to be present.

James Newman Hurd was married to Arminda Raye Bean, Oct. 14, 1906 at Anson, Hines County, Texas. Rev. J. A. Hyder, pioneer Methodist minister of Anson read the ceremony uniting the couple at his home in Anson. The couple lived at Truby, south of Anson, at the time of their marriage. Mrs. Hurd's parents, the late Mr. and Mrs. J. E. Bean, settled at Truby in 1901, where they owned and operated a farm and the general merchandise store at Truby. Mr. Hurd's parents were the late Mr. and Mrs. Arthur Hurd of Rogersville, Tenn.

Before moving to Sylvester about four years ago, the Hurds had lived at Merkel, Spur, Rochester and Burkburnett, beginning their residence at Burkburnett in 1919 during the oil boom. Hurd was employed at a refinery in southeast Burkburnett and owned their home near the old Hardin residence. The older son, H. D., graduated at Burkburnett high school and the younger son was a senior here when the family moved to Rochester.

Attending the party from Burk were Mr. and Mrs. J. B. Leith, whose daughter, Mildred, married H. D. Hurd.

Among the relatives present were Mrs. Hurd's brother, Wilson Bean, his wife and daughter, Carolyn, and their married daughter, Mrs. William Hester, her husband and son, Wilson Ray. Mrs. Hurd's sister, Mrs. Willie Berryhill, her husband and sons, Buford and Lynn, all of Rochester; the Berryhill's daughter, Mrs. Amos Barton, her husband and sons, Jimmy, Jerry and Monty of Lubbock. Nieces of Mrs. Hurd's present were Mrs. Ray Nevil and her husband of Tahoka; Mrs. Thomas Howard and her husband of Lamesa; Mrs. Sol Henry, her husband, Lovington, N. M. A great niece, Mrs. Homer Fannon and her family of Lubbock were also present.

Others attending the party from out of town were Hurd's brother, S. A. Hurd and his wife of Tuscola; friends, Mr. and Mrs. Walter Love of Anson; Mr. and Mrs. Pierce Horton and children, Eva Faye and J. P. of Plainview; Mrs. E. M. Blackburn of Merkel; Mr. and Mrs. J. W. Gray of Clyde; Mr. and Mrs. R. T. Jones, grandparents of Mrs. E. E. Hurd, Mrs. A. W. Pursley, all of Sylvester. Pastor of the Sylvester Baptist church, Rev. Virgil Potter, his wife and children, Kathy and Mike of Sylvester, joined members of the family for a dinner at the Hurd home before the party.

Decorations for the home were gold mums. An arrangement of gold mums were on the refreshment table with a four-tiered cake, made with gold confection trim and topped with the figures "50" in gold. Other appointments on the lace-laid table were in crystal and silver. Mrs. Nevil and Mrs. Henry presided at the table and served cake and punch to about 50 guests. Group pictures were made and gifts presented.

## Fire Department Starts Fund For New Fire Fighting Truck

A fund has been started to purchase another piece of fire fighting equipment for the Burkburnett Volunteer Fire Department.

The prolonged drought has increased the demands upon the department for fire fighting equipment going into the rural areas. At present the department has only one piece of equipment capable of going into the country and carrying its own water to fight grass fires. This truck does a wonderful job, both in rural areas and in town. Most of the fires originating within the city limits are brought under control with the booster tank truck, without hooking up to a hydrant for more water. Another truck, with an even bigger booster tank is sorely needed. As our town grows and spreads out, more equipment is needed to protect property from fire damage.

Contributions toward the new truck received to date are as follows:

Sylvia Ramming	\$5.00	Geo. Couter, Sr.	
J. C. Hinkle	\$25.00	J. W. Shaffer	\$5.00
Burk Drug	\$5.00	R. P. Reagan	\$5.00
Mrs. B. D. Boyd	\$5.00	Hewell and	
S. M. Butts	\$5.00	Anderson	\$25.00

Other contributions will be gladly accepted at the City Hall.

## 7 County 4-H Boys Will Enter Dry Lot Steers At Dallas Fair

Seven Wichita County 4-H boys will enter dry lot steers in the Dallas Fair, Monday, states B. T. Haws, county agent. The steers will be sifted Tuesday at 2:00 p. m. They will be judged Thursday beginning at 9:30 a. m. The steers will be sold in an auction Friday at 10:00 o'clock. This will be the first time for Wichita County boys to enter steers in the Dallas Fair.

Club boys who will enter steers in the show are Hardy Lee Gage, David Gage, Tooter Rogers, Billy Gholson, Olen Baley, Joe Propps, and Herbert Propps.

## Cub Scouts DEN SIX

Den 6 of the Cub Scouts met for their regular weekly meeting in the home of Mrs. Connell. Work was completed on the project and games were played. Mrs. Connell served refreshments to Joe Story, Ronnie Schanlaub, Robert Wulbrecht, Ralph Swinford, Butch Boswell, Hank Connell, Oliver McDonald, and the den chief, Dennis Harsh. The meeting closed with the Law of the Pack.

Gary Don Koenig, Keeper of the Buckskin

# Woodrow Wilson Centennial Observed In U. S. And Abroad

This year is the 100th anniversary of the birth of Woodrow Wilson, father of the League of Nations and its successor United Nations, and his Centennial is being celebrated in virtually every nation of the free world, although when he died 32 years ago he was widely regarded as an impractical visionary.

But in the third of a century since his death, his own country and free people all over the world have come to recognize that Wilson's dream of peace through international cooperation was not an impractical ideal and they are joining this year in memorial ceremonies that girdle the globe.

The surge of recognition began when the Congress established a Wilson Centennial Commission to arrange appropriate observances of the 28th President's centenary. President Eisenhower followed with a Proclamation calling upon all Americans to participate. Since then more than 500 memorial programs in this and other countries have focused attention on Wilson's contributions to the development of democratic government in the United States and enduring peace for the world.

Today, with the Centennial Year only half over, Wilson is being spoken of with Washington and Lincoln as among the greatest of all American leaders. President Eisenhower, unable personally to participate in a Wilson program at Staunton, Virginia, sent an Assistant Secretary of State who proclaimed: "Wilson's approach to world problems was, in a fundamental sense, to shape the character of our response to such problems for as long as we can see ahead..."

Tributes have come from statesmen as geographically widely scattered as Sir Anthony Eden of Britain, General Carlos P. Romulo of the Philippines, Sir Leslie Munro of New Zealand, C. K. Wellington Koo of China and William V. S. Tubman of Liberia.

The mayors of more than 50 United States cities have appointed Wilson Centennial Committees to arrange local observances. The Governors of 28 States and territories have called upon their people to join in the Centennial.

Official representatives of 36 nations in every quarter of the globe joined in a pilgrimage to Wilson's birthplace in April. More than 10,000 individuals journeyed to his home in two weeks to view an outdoor drama based on his life in July.

Born in Staunton, Virginia in 1856, Wilson was the son of a Presbyterian minister and gave great emphasis to religious philosophy in his career. Wilson was a scholar who studied at Davidson College, N. C., Johns Hopkins and Princeton, and the author of outstanding works in the fields of government and political science. He was an educator who taught at Bryn Mawr, Wesleyan and at Princeton where, as President, he radically altered the pattern of American higher education. Although he did not practice long, he was an attorney who studied law at the University of Virginia and became an authority on congressional government.

Before he became a public official himself, he was successful in achieving adoption of the shorter ballot for elections. In office, he turned out a corrupt political machine in New Jersey. He appointed the first Secretary of Labor, established a Federal conciliation service for labor disputes, regulated railroad and merchant marine employment conditions and outlawed child labor.

He extended Federal credit to farmers for the first time in our history and initiated the first program of Federal aid to highway construction. He established the Federal Reserve System which is the core of our banking structure. He brought the Federal Power Commission into being to conserve the nation's water resources. Under his administration women's suffrage was adopted.

His greatest achievements, of course, were his successful prosecution of what was then the largest war in history, the writing of the Versailles Peace Treaty based on the Fourteen Points he deemed necessary for world order, and the creation of the League of Nations to preserve world peace.

He returned to the United States after the peace conference to rally American support for the League but failed, suffering fatal illness as a consequence of his effort. He finished out his term in the White House but when he died the world returned to "normalcy." His warnings of the need for international cooperation for peace were all but forgotten.

During this year, more than 150 universities and colleges in the United States and many abroad have arranged special lecture series, seminars, institutes and library exhibits for the study of the principles of government administration and international relations enunciated by Wilson. Nearly a dozen full-length books on Wilson or containing selections from his voluminous writings are being published this year.

The Congress has named the newest bridge across the Potomac after Wilson. The Wilson Birthplace Foundation in his home town of Staunton is raising \$500,000 to restore the house in which he was born. His first being placed in America's Hall of Fame at New York University. The American President Lines' ship "Woodrow Wilson" is making a Wilson Centennial Cruise to Pacific ports where special celebrations will be held.

High schools and elementary schools are devoting renewed attention to Wilson in their courses. Organizations all over the country are showing "Spokesmen for Tomorrow," a new film produced by the Woodrow Wilson Foundation entirely from specially processed newsreel and other materials of his time.

## Local Births

Birth certificates were issued to the following Burkburnett parents last week: Messrs and Mesdames: J. D. Harold Wood, girl, Debby Dawn; Charlie Moses, boy, Charlie 2nd; Roger Marcel Caouette, boy, Jeffrey Alan; Lloyd Ray Mulinghouse, girl, Tina Kae.

## PTA News

Do you know what mental health is? It is not just the opposite of mental illness. Mental health is your business, every body's business. On Wednesday, Oct. 17th, the Parent-Teacher District Thirteen will hold a Mental Health Workshop in the Indian Room of Midwestern University, beginning at 9:30 and adjourning at 2:40 p. m. Mrs. Bill McKinley, Wichita Falls, District Health chairman, will conduct the meeting and will begin by showing a Mental Health film, Parents Are People Too. Group sessions will begin at 10:30. Dr. H. J. Steph, Midwestern University, will serve as Consultant Health in Everyday Living. Dr. John McFarland, Vernon Supt. of Schools will be the consultant of Group 2, Mental Health in Family-School Relationship. Mental Health problems of The Community will be the topic for Group 3 with Dr. George C. Davis, Pastor of First Christian church, Wichita Falls as consultant. Mr. Earle E. Meadows, Austin, will be the consultant for Group 4, Mental Health projects to meet Community Needs.

Lunch will be served at the college cafeteria. Mrs. Meadows will speak on "Recreation-A preventative maintenance program" following an evaluation panel report of the morning work groups. The final part of the program is the address of Dr. John McFarland on "Mental Health for Richer Living."

Mrs. Fred Hunt, PTA District president, cordially invites and urges attendance from all the service clubs of Burkburnett and all interested adults.

## C-C Committees Named by Pres.

George McClarty, president of the Chamber of Commerce, announces the following committees: Christmas Decorating Committee - Weldon Wright, chairman; John Brookman; A. W. Newman; Banquet Committee - Speaker & Program Committee - Paul Browning, chairman; J. V. Brookshear; Mrs. Leslie Tuel; General Arrangements Committee - Ralph Davis, chairman; Roy Mitchell; Mrs. Marjorie Kauer; Roy T. Magers; Harry Dodson.

Jack Mathis has been appointed chairman of the Merchants Committee, to replace Carl Campbell, who has moved to Marlow, Oklahoma.

Mrs. H. W. Beasley and Mrs. A. W. Beasley and Janet are visiting Leon Beasley and family in Salpula, Okla., this week.

Mr. and Mrs. Ed Gardner and children of Irving, Texas visited Mr. and Mrs. A. C. Harris over the weekend.

## FFA News

On Saturday, Oct. 6th, the Burkburnett FFA chapter let for the Dallas Fair. Upon arrival about 8:00 a. m. the grass judging contest was ready to start. The boys entered from Burk were John Wolf, Gary Stubblefield, David Waddell and J. D. Hart. We didn't win anything but the contest was really good experience. The boys looked at all the livestock and poultry exhibits that morning. After a free dinner the boys looked at the rest of the fair.

J. D. Hart, Reporter

## RUMMAGE SALE

The WSCS of the Methodist church will have a rummage sale Oct. 18, 19, and 20th in the building formerly occupied by White House Grocery next to Tom Britton's Used Car lot.

Mr. and Mrs. E. B. Owen and Mrs. W. J. Wright visited in the home of Mr. and Mrs. Jim Frost in Seymour Sunday.

Harrison County obliterated paralytic polio in its population this year by mass inoculation of its 7,600 school children. First project of its kind in Texas, it was without cost to the children County-wide cooperation of doctors, nurses, teachers and bus drivers made it possible.

School Investments Outlined - Texas' permanent school fund now totals more than \$335,000,000. It's the largest of its kind in the United States.

Annual income to public schools is about \$9,000,000, the State Board of Education has been advised by its investment counselor.

Two-thirds of funds is invested in the U. S. Government, the remaining \$125,000,000 in Texas. In-State investments include \$92,000,000 lent to school districts, \$8,000,000 to cities, \$21,000,000 to counties.

New look in Licenses - Next year for the first time since 1932 Texans will have black & white license plates on their cars. Letters will be black, background white.

State Highway Department said it is bowing to public insistence. Black and orange plates didn't blend with today's auto color schemes.

New tags also will be dressed up with a "Lone Star" between the prefix letters and the numbers.

Texas Prison System is producing some 4,500,000 pairs of plates and 392,000 single plates. They go on sale Feb. 1st.

Expenses Up - Income Down - Texas government spent \$11,000,000 more than it took in during September, according to Comptroller Robert S. Calvert.

Expenditures totaled more than \$70,000,000 and revenue receipts came to only \$59,000,000. Net cash balance of \$32,671,870 was left in the general revenue fund.

Last year September was much better. Expenditures were \$63,000,000; revenue, \$69,000,000.

Short Snorts - Jim Lindsey, outgoing speaker of the Texas House of Representatives, has resigned as executive vice president of the Texas Good Roads Association. He aims to devote more time to his new post as State Democratic Executive Committee chairman. Cochran, Gaines, Lamb and Yoakum Counties have been added to the states drought disaster area. This brings the total count to 218 of Texas 254 counties, according to the governor's office. U. S. Dept. of Agriculture's survey estimates Texas sorghum grain harvest for 1956 at 93,480,000 bushels, corn at 25,528,000 bushels. Other state crop forecasts: rice 10,891,000 (100 lbs) bags; oranges, 2,300,000 boxes; grapefruit, 3,500,000 boxes. Texas Boy Scout officials in 531 towns are conducting a drive to raise \$2,500,000. Scope of the coming year's program for some 200,000 boys from 8 to 18 hinges on the campaign's success. Applications are being received to take competitive exams for four job classifications in the State Health Dept. Tests will be given in the categories of food and drug inspector, Junior sanitarian junior engineer and health information specialist. Merit system council, 814 Littlefield building Austin, will send information. Celebrations, programs and exhibits will be held across the state this week by the thousands of Texans in the petroleum industry.

## TIE-PRINT MATES

A fashion headliner this fall is the cotton tie-print, setting the trend toward smaller fabric patterns. Matching separates by Korday are made from Everglaze cotton in a tie-print pattern. Quilting distinguishes the wide skirt from the blouse.

Mrs. Cecil Rogers of Wichita Falls visited her parents, Mr. and Mrs. A. C. Harris, Wednesday.

dusty. Gov. Allan Shivers designated Oct. 14-20 as Oil Progress Week to point up the contributions of oil to the state's economy. Fall opening of the Texas School for the Deaf has been delayed a second time by the \$2,500,000 construction project on the campus. Previous opening day was Oct. 15th. Now completion of 19 new cottages and two class buildings is not expected until sometime in November. Two new medical and surgical buildings being added to the Texas State Hospital system are said to be among the nation's best. Washington experts inspected the new unit at Austin State Hospital and plans for a similar one at San Antonio. They termed both outstanding for beauty economy and effective patient care.

## LEGION NOTES

An important legion meeting is scheduled for tonight at the Legion hall. All officers and members are urged to attend. The 1957 membership drive will be organized and get underway. Our 1957 membership quota has been set by the Texas Department at 171.

Let's have a good turn out for this meeting.

Mr. and Mrs. H. W. Fowler and Mrs. Connie Stegall attended the annual Hamilton reunion at Greenville Sunday.

## TELEPHONE TALK

### Telephone Service on the Move

You may not know it, but we moved the whole Telephone Office Tuesday. We are accustomed to moving your telephone for you, but this is the first time in Burkburnett we have actually moved the whole office. This move was accomplished without a service interruption and was necessary in order to provide room for Burkburnett's new dial office building.

The building was moved back 50 feet on the same location and a new concrete walk was placed to lead into the business office. Business as usual went on during the move, thanks to the fine efforts of Miss Lillie Roark and her operators; Sadie Beth Tevis, Esta Faye Hoffman, and Floyd Marten and his plant men. A special word of praise is offered for the fine work of the Telephone Company construction and cable men and Mr. Brumley and his moving crew for a difficult job well done without a service interruption.

In case you wondered about the tent near the Telephone Office during the move, it was placed there for the convenience of business office customers while the building was being moved. By the time you read this article, we will be settled down again at the same location, and soon you will see construction started on Burkburnett's new, modern dial system in front of the present telephone building.

### Telephone Manners

Have you ever thought how your voice speaks for your personality when you're talking on the telephone?

It's different from meeting someone face-to-face, when a smile and a warm handshake can get you off to a good start.

On the telephone, your voice is you. It speaks for you, tells the other party on the line a lot about your personality.

So, remember your telephone manners. Be courteous, pleasant, and distinct. Other people will appreciate it, and you'll feel better for doing it.

### "Just Pick Up the Phone"

How often have you said to someone: "Don't worry about it. Just pick up the phone and call."

Yes, the telephone saves you time and steps each and every day, because for many of your errands all you have to do is "pick up the phone".

In fact, there's nothing else in your home, store, or office that can "take you around town" to shop, get information, or just chat—and do it in a matter of seconds.

So next time you pick up the telephone to make a call, think how convenient telephone service is for you and your family.

Call by number. It's twice as fast.

## Junior High News

### ON MAGAZINE SALES

The eighth grade topped the goal of thirteen hundred dollars which it had set, by selling four hundred ninety-nine dollars and sixty cents in magazine subscriptions. The percentage of this money which the class will receive, will be used for the 8th grade banquet, to be held in the spring.

The 8-2 home room topped all rooms by selling five hundred eighty dollars and ten cents, 8-1 homeroom came in second with sales of four hundred, ninety-six dollars and ten cents, 8-3 homeroom placed third by selling four hundred twenty-three dollars and forty cents.

Patsy Preston was the highest salesman for the entire eighth grade, selling one hundred thirty six dollars and fifty-five cents in subscriptions. She will have a choice of a small phonograph, a portable radio, a wrist watch, a movie camera, or twenty dollars as her prize. Randy Germany, second highest salesman, with one hundred twenty-one dollars in sales will choose from a table model radio, or an Ansco flash camera as his prize.

### BULLPUPS TAKE DECATUR

For their second on the road game, the Bullpups travel to Decatur tonight to tackle the Decatur Junior High team. Following their defeat last week to

Jacksboro, 20-7.

The Bullpups received the Jacksboro kick off and battled against a modified T-formation and marched forward for four first downs, and held the score 0-0 in the first quarter.

An unfortunate incident of the first quarter was the injury suffered by Eddie Eastman, dependable Bullpup tailback. Eddie received a broken arm, which will force him to be out for the remainder of the season. This is a loss that the Bullpups felt during the game and will feel throughout the remainder of the season.

In the future, the spot filled by Eastman will probably be taken by Jackie Hunter and Jerry Barry, who have been working out at this position.

The Jacksboro team was able to make a touchdown in the second quarter making the half-time score 7-0.

The third quarter was uneven as far as Bullpups play went but in the fourth, Ronald Patterson took the ball from center Sid McCullough on the forty yard line and went over the Burk Burnett touchdown. Patterson was also responsible for the extra point, which he gained by carrying the ball through the middle.

Coach Koller expressed this opinion following the game: "I think the boys showed more hustle and fight in this game than in any previous one." From all sides it is felt that the experience being gained by the team is showing up in its much improved team work.

## High School News

### PEP SQUAD ORGANIZED

The Student Council recently passed a motion to organize a pep squad. They have drawn up rules and regulations for membership.

The pep squad will elect officers like any other club, but they will not pay any dues. The pep squad will attend both football and basketball games.

Membership will consist of 36 students, both boys and girls.

### PICTURES MADE

The annual staff is now busy with the 1957 Derrick. They received the students pictures last week. This year the staff is working for a bigger and better annual than before.

## Forum Study Club Met Oct. 4th With Mrs. C. McDonnell

The October 4th meeting of the Forum Study club was held in the home of Mrs. Clyde McDonnell on Meadow Drive. Mrs. Edward Bankhead assisted as co-hostess.

The business of the club included final plans for the arrangements for the TB X-Ray Drive, to be held Oct. 12-13th, for which the Forum Study club is acting as hostess. Mrs. Tom Burnett, president made announcements concerning the cooperation that has been pledged by Burkburnett clubs, the Campfire girls and the Boy Scouts. The younger groups have volunteered to hand out posters and

handle the placing of other publicity material in strategic places.

In cooperation with the Civil Defense program being inaugurated in Burkburnett, the club voted to make a donation to the fund for the purchase of a much needed siren, to be used for storm warnings, fire alarms and air raids.

A federation report by Mrs. Wallace Landrum, federation counselor, brought to the club's attention a meeting of the First District to be held in Fort Worth Oct. 11th.

The program following the theme Our Texas Heritage, consisted of two parts, the first a

report, Texas Under Mexico, by Mrs. Hugh Preston, Jr. The second part of the program, given by Mrs. Frank Greer, was on Texas Battles of Independence.

A refreshment plate was served by the hostess and co-hostess by the following members: Mesdames Ted Averitt, Tom Burnett, Winston Freeman, Charles Goins, Ellis Gragg, Frank Greer, Wallace Landrum, J. S. Looney, Eugene McNish, Don Mills, Jack

Northcott, Brack Preston, Lonnie Taylor, James Sham and Dennis Willard

What put the magic in the new kind of FORD?

The new Ford Fairlane 500 (118-inch wheelbase) Longer, lower, larger than many medium-priced cars, yet lower in price than most of them!

Here's what put the magic in the new kind of FORD!

It started with the "Inner Ford." When Ford planned this baby, they thought in terms of a car through-and-through new.

The wheels got smaller. This Ford is so new that even the wheels have changed. Now smaller and broader, they help you take off quickly.

The wheelbase got longer... so now you can choose between a Ford that's over 16 ft. long—or one over 17 ft. long!

The frame got wider. Side rails bow out to give a more stable, safer riding platform... a lower, sleeker silhouette.

The ride got smoother. With new suspension, new springing front and rear, the ride this new Ford gives is the smoothest ever.

The handling got easier. Poised and balanced like a panther, this car has swept-back front suspension that works its magic when you need it most.

The power got hotter. There's a wide range of Silver Anniversary V-8's to fit every horsepower need\*... plus a new Mileage Maker Six.

The roof got lower. And it's designed to let you make the easy entries and graceful exits you've always known.

The body got quieter. It's the strongest body built for a low-priced car. No car in Ford's field has such generous sound-proofing.

The room got bigger. There's head room to spare for a tycoon-type hat. There's real stretch-out leg room, too.

The lines got sweeter. They have the Touch of Tomorrow. Each graceful contour says, "Let's go!"

The style got smarter. With this new-look Ford you have a car that belongs anywhere! All Fairlane models look like hardtops.

The value got greater... the price is still Ford-low.

\*A Special 270-hp Thunderbird 518 Super V-8 engine available at extra cost. Also, an extra-high-performance Thunderbird 518 Super V-8 engine delivering up to 285 hp.

## Small Town Girl: Miss America 1957

Marian Ann McKnight, from Manning, South Carolina, has been selected the new Miss America for 1957.

The beauty who captivated the judges—and a nationwide TV audience with an imitation of Marilyn Monroe, plans to use her \$5000 dollar scholarship prize to advance her dramatic studies.

At her first press conference in New York, the former Coker College freshman endeared herself to the press. Reporters found the 19-year-old Miss McKnight a girl with a sense of humor and a mind of her own. She blandly stated that she "had no interest in a movie career" but preferred being a wife and mother. Her favorite colors are pink and blue.

One of Miss America's major assignments will be to introduce the "soap of beautiful women"—new "Pink" Camay for the Procter and Gamble Company. She relates an amusing incident regarding that activity. When her mother learned that Marian had received 100 bars of Pink Camay at the Pageant, she offered to take the soap back home to South Carolina. Marian, in a Marilyn Monroe style quipped, "Mother, just because I am Miss America, doesn't mean I can stop bathing. Half of that soap stays with me!"

Now, the little "tomboy" who liked to climb trees and play "jungle"—so much so her father nicknamed her "Monk", the little "chubby" girl who broke her arm falling from a tree now travels with grace, dignity and beauty as the symbol of the dream of young American womanhood — Miss America!

## Mrs. C. L. Jenkins Hostess Oct. 10th Hardin HD Club

Hardin HD club met Oct. 10th at the home of Mrs. C. L. Jenkins. The group sang Beautiful Texas and repeated the club prayer in unison. Thirteen members and one visitor were present. Mrs. Bert Lepley of Odessa was the visitor.

Minutes of the previous meeting were read and each committee gave a report. Mrs. Farley gave a talk on the care of heart patients. Mrs. Veda May Krusemark gave an interesting report from the county council. There will be a demonstration on the making of foundation garments at the Valley Farms club house, Oct. 22nd, at 2:30 p. m. There will be a demonstration on home freezing at the electric building

Nov. 9th Each member is to bring a game of some kind to our next meeting. A motion was made and carried that we buy new games for next year. A motion was also made and carried that we buy two new chairs.

Hardin club will entertain South Electra Club with a Thanksgiving dinner Nov. 14th at the Town Hall.

Delicious refreshments were served and club adjourned at 4:00 p. m.

Those present were Mesdames Jacobs, Simons, Stimpson, Roderick, Askins, Enderli, Beckham, Hamilton, Jenkins, Brady, Blamer, Farley and Lepley.

## NOTICE

All society news must be in by 5:00 p. m. on Tuesday and Classified advertising by 12:00 noon Wednesday.

## Card of Thanks

I wish to thank all my friends for the beautiful flowers, the personal gifts and cards I received and also thank Dr. Carpenter and Bro. Meyer for being so thoughtful during my stay in the hospital. May God bless all of you.

Mrs. Ted Randall,

Just 6¢ a day can help Build Red Blood... Save You from being

## TIRED... NERVOUS

... EASY PREY TO MINOR ILLS

Nutritional experts reveal vitamin lacking in cooked foods plus faulty diet may be seriously undermining your energy, strength, and resistance, making you feel on edge—affecting your appetite—spoiling your sleep—because your body is vitamin and iron starved.

These symptoms if due to a vitamin deficiency can only when daily intake of vitamins B1, B2, B6, B12, iron and calcium is maintained for a prolonged period. In themselves, they do not cause a dietary deficiency as they may have other causes or be due to functional conditions.

How You Can Stop Chronic Vitamin & Iron Starvation TODAY... Feel Like a New Person!

Supplement your diet every day with just one High-Potency Bexel Capsule. Just one of these wonderfully strengthening capsules give you the full vitamin and iron content nature provides in the following groups of foods before cooking:

1 quart of pasteurized milk 1/4 lb. of ham  
4 oz. of fresh orange juice 1 lb. of beef  
1/2 lb. of lean bacon 1/4 lb. of butter  
1 lb. of lean pork 1/2 lb. of veal chops  
1/2 lb. of green string beans

Penny for Penny... You Get More Value in High-Potency

## Barnyard "WHOOdonit"

The Barn Owl Controversy still rages in our town. One group claims owls should be protected because they eat vermin. The other faction holds that those little howlers also eat chickens... and should be shot.

Now Pops Parker claims both parties are right. All owls clean up vermin. Some owls also clean out an occasional hen yard.

The way to spot a bad owl, according to Pops, is to put up a 10-foot pole in the chicken run with a No. 2 trap on it. A marauding bird generally perches to

look over the situation before he strikes, giving you your evidence, and the culprit!

From where I sit, I doubt if this will end the owl argument. People have different opinions on the subject—just as they have different opinions about whether beer, tea or what-have-you makes the best thirst quencher. Examine the facts and make up your own mind. I say... and be thankful we live where that's possible.

## Mrs. Zimmerman Hostess Oct. 8th Burk Study Club

The Burkburnett Study club met in the home of Mrs. W. T. Zimmerman Monday night, Oct. 8th. Mrs. J. L. Mitchell, president, presided over a short business meeting regarding projects to be undertaken during the year. The projects to be voted on at the next meeting. Following reports from the various standing committees an interesting program on Great Americans was given by Mrs. H. C. Dodson and Mrs. J. L. Mitchell.

Delicious refreshments were served to the following members Mesdames Glen Bear, James Bohner, Virgil Brookshear, P. A. Carpenter, R. M. Davis, H. C. Dodson, Archie Faulk, Howard Henderson, F. A. Jamieson, Geo. McClarty, J. L. Mitchell, Ollie Ratliff, Jack Robertson, Joe Bob Tyler, Harold VanLoh and W. T. Zimmerman.

Mrs. Brookshear won the door prize.

## NCO Auxiliary Will Entertain, Oct. 25th

The non-commissioned officers wives club will entertain all NCO wives stationed at SAFB with a luncheon at the NCO club Thursday, Oct. 25th at 1:00 p. m. There is no charge for the luncheon and free nursery service is available.

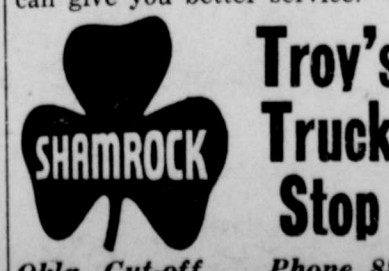

A Halloween dance will be held Wednesday, Oct. 31st. Tickets are \$1.00 per couple. A floor show will be given by the NCO wives and proceeds will be donated to the boy and girl scout groups on the base.

### Grade School News

...aware of the fast ways the days are rolling by in school year. We have come to the end of the first six weeks of school year. This was a week to our minds very real week by taking six weeks. We do not dread the very much as they only a very short time. We have observed Fire Prevention week by having two fire drills go off very much of the time we clear the building in one minute. Every well organized and must be alert and see which door that the children are to leave during the week. We have had many children on some phase of the week. We are all hoping that our people have become more conscious of preventing accidents to make our community place to live in.

### Devol News

Mrs. C. O. WOODLEY

Among those attending Federation of Farm Homes Clubs Wednesday at Huleh Methodist church were Mesdames F. J. McClendon, Callie Baumhardt, Guy Hutson, Belle Charboneau, Lucille Morrow, Amanda Warren, C. O. Woodley, J. B. Stevens, E. N. Miracle.

Mr. and Mrs. W. H. Stevens have been doing some remodeling on their home and have added a car port on the east side.

Mrs. W. O. Smith and Mrs. Dunagan have returned to their homes in Phoenix, Ariz., after transacting business here for several days.

Tom Woodley returned to his home in Murfreesboro, Ark., Friday after a weeks visit here with his brother, C. O. Woodley and family. He was accompanied home by Mr. Woodley and A. S. Patterson who returned to Devol Sunday.

Mrs. T. E. Luck, who has been visiting her daughter, Mrs. Guy Hutson and family left last week for her home in Cleburne, Tex.

W-O Charles Woodley who is stationed at Osan AFB in Korea, writes that he recently met up with Lt. Tom Frye who is at an army base in Korea, but at present is in charge of a group of boys known as Uncle Toms Shows, who are traveling over Korea and Japan entertaining at army and air forces bases. Lt. Frye also wrote his parents, Mr. and Mrs. W. L. Frye, Sr., of the meeting. Both boys seemed very happy over seeing someone from

home. Visitors in the G. W. Lamb home Sunday were Mr. and Mrs. Joe Branham and daughter, Mr. and Mrs. Jerry Rasmuson and H. T. Carroll of Grandfield. Mr. and Mrs. Harvey L. Doty and family of Olney and Mrs. Rusty Noel and son of Grandfield were Sunday guests in the O. L. Doty home.

## Here! New Task-Force 57 Chevrolet Trucks!

### Performance-proved in a history-making test on the ALCAN Highway to Alaska

The Alcan Highway is the road where trucks grow old before their time. The road where gravel endlessly sledgehammers the life out of trucks. Where a fog of superfine dust chokes engines, and vicious ruts subject chassis to months of wear in a few hundred miles.

Six new '57 Chevrolet trucks, representing light-, medium- and heavy-duty models and heavily loaded with cargo, roared north from Dawson Creek, B. C., through 1,520 miles of mountains and mire, rain and hail to Fairbanks, Alaska. Running around the clock, they made this tortuous trip—normally a 72-hour run—in less than 45 hours. The fleet made normal stops along the way, and maintained safe and legal speeds. As a special test during the run, two of the trucks went the entire distance without once having their engines stopped!

It's all down in the AAA record book. And more besides! Never before has a new truck been so thoroughly proved. Come in and see how well these new Alcan champs measure up to your job.

#### FIRST WITH THE MOST MODERN FEATURES!

New 283-cubic-inch Taskmaster V8 delivers 160 high-torque horsepower. Standard in Series 5000, 7000 and 8000, optional in Series 6000 at extra cost. Horsepower ranges up to 210 in Chevrolet's complete line-up of modern V8 and 6 truck engines.

Revolutionary Powermatic Transmission—exclusive with Chevrolet trucks! This six-speed automatic, designed specifically for heavy-duty hauling, is an extra-cost option in Series 5000 and 6000 and all heavy-duty truck models. Hydra-Matic is offered in 3000 and 4000 Series models at extra cost.

New 1957 work-styling gives Chevrolet trucks an even fresher, fleet appearance. There are three different and distinctive styling treatments.

L.C.F. models outdate the C.O.E. because they're lower, handsomer, easier to get into and out of, and save time in routine engine maintenance. Yet they offer all the traditional C.O.E. advantages.

Heavyweight: Champs with Triple-Torque tandem are rated at 32,000 lbs. GVW, 50,000 lbs. GCW. And Chevrolet's advanced tandem axle unit offers a built-in three-speed power divider—plus a unique "self-steering" action that reduces tire wear and increases handling ease.

Alcan fleet gets up to 18.17 miles per gallon! That's the mileage reported by the Cameo Carrier, with Thriftmaster 6 and extra-cost Overdrive.

All the way in DRIVE range! This Powermatic-equipped 8000 Series tractor traveled the entire Alcan Highway in a single forward-range!

Only franchised Chevrolet dealers  display this famous trademark

## What Is Water Conservation?

During periods when drouths stalk the land, water problems are highlighted. But actually, says B. T. Haws, county agent, every man, woman and child in the state has a continuous responsibility in water conservation even in wet seasons. "What is water conservation?" asks Haws. Does it mean that we will hold and hoard water regard less of the cost or consequences?

He defined water conservation as sensible use of necessary water and the prevention of waste. Water flowing unused into the ocean, is in a sense, wasted. Water impounded without reason or use is wasted. Excess water flowing through the faucets at home is wasted.

Farmers who hold rainfall on their land are getting maximum use but those who let rainfall flow freely into the streams and rivers carrying with it valuable top soil which will silt up reservoirs and cause downstream flooding are letting water waste. So is the irrigation farmer who fails to keep ditches in good repair so that water obtained at the source is delivered to the field. Irrigation water lost to seepage, evaporation or that which ends up in road ditches is wasted.

City dwellers, when watering lawns, flowers or shrubbery, who allow water to run down the street instead of using only what is needed are water wasters. Also water heaters which are located too far from the spout where the hot water will be used cause a great deal of water to be wasted. Leaving the faucet open when shaving or washing dishes also is wasteful.

Industrial and municipality users are urged to constantly study water uses and to control and save this precious resource when ever possible. Haws says it is time to take stock of ourselves and our water. Understanding, sound thinking and planning, unselfish use and cooperation, he believes can go a long way toward solving water use problems in Texas.

## National Co. Agents Association To Meet In Houston Oct. 21st

The county agents of District 3 are busy making plans to attend the National County Agents Association meeting in Houston, Oct. 21 through Oct 25th. This is the first time in many years that the National Convention has been held in Texas.

It is expected that 1500 county agents, 500 wives and 200 children will attend the convention from all states in the Union. One of the highlights of the convention will be an address by Honorable Ezra Taft Benson, secretary of Agriculture, which will be given on Tuesday evening.

District 3 county agents will have their share in the planning and carrying out of the program. County agents participating and their respective committees are as follows: B. T. Haws will serve on both the registration committee and the publicity committee; Hood G. Wells, Roy B. England and R. O. Dunkle, entertainment; G. S. Blackburn, Vesper Service; W. C. Vines and C. W. Wilhoit, Rodeo; W. H. Lehmborg, M. A. Geeslin, Joe Burkett, Bill Palm-meyer and Jack Grossett, Milk Bar; Robert W. Berry, Childrens Committee; Frank Wendt and M. A. Goeslin, Reception; Roy McClung, Publicity; F. W. Martin and W. B. Hooser, speaking and special gifts committees.

Mrs. Beulah Hall, Mrs. Paul Browning and Mrs. W. P. Mc-Pheerson left today for Fort Worth where they will visit Mrs. Dodson.

## Notes from County Agent And Home Agent

Wise tax management is a part of good farm management. Taxes must be considered all during the year rather than from January 1st until tax reporting time. Little can be done to reduce taxes after the close of the year's business. Since income tax is a personal tax levied upon the net income of an individual, it reduces the amount of money left for family living and farm investment. Like other costs on the farm, income tax cost can be reduced by good management.

Records from the 277 agricultural stations and field laboratories of the Texas A&M college system show that none received normal rainfall for the crop year, Sept. 1, 1955 through Aug. 1956, and several got less than half their normal fall. To make the situation even worse, B. T. Haws county agent, points out that many areas of the state have had several straight years of below normal rainfall, as many as 8 years in some areas.

Conditions are described as ideal for carrying out early destruction of cotton stalks and boll residue. The early harvest brought on by the drouth is giving cotton producers a chance to practice, very early, one of the most effective control measures against pink bollworms and other cotton destroying insects.

"Don't give Fire a Place to Start" is the theme for the 1956 National Fire Prevention week. The Texas Farm and Ranch safety council says the objective can be accomplished if every family will take the time to do some checking in the home and in other buildings. Fire hazards should be spotted and removed, and they add, give the electrical system and the heating and cooking equipment a special check for all are prime contributors to building fire.

Water problems are highlighted during periods of serious drouth, but B. T. Haws, county agent says every man, woman and child in the state has a continuous responsibility in water conservation, even in wet seasons.

The Barwise Home Demonstration club recently sponsored a drive where they raised \$600. to purchase an oxygen tent for the Electra hospital. Mrs. E. M. Morgan served as Committee chairman and committee members were Mrs. Deverl Jones, Mrs. Ross Allen is president of this club, that completed such a worthy project for 1956.

Dripping is essential for smooth drying of cotton and rayons with a minimum care finish, according to Thelma Wirges, county home demonstration agent. From the rinse water after laundering, hang smoothly on a hanger. Don't wring, twist or squeeze to remove water. As the water drips off, it smooths out creases or wrinkles left from laundering. A final touch up with the iron may be needed to make hems, seams and edges as smooth as new.

Some of the synthetic fibers as dacrons, also have this drip-dry quality. Clothes made of these synthetics will be wrinkle free when dry only if lifted from the rinse water and hung to dry with the least possible handling. The more they drip, the smoother they dry.

October is cheese festival time. Check your food counter and select a variety of this nutritious dairy food for use in lunch, main dishes, salads and appetizers. Five ounces of cheese contains the food values of one quart of milk.

## NOTICE To Dog Owners

Too many stray, untagged dogs roving all over our town. All dogs not tagged will be picked up and placed in the pound. If not called for in a few days, and the \$1.00 pound fee paid, the dogs will be destroyed.

Jim Turner  
Chief of Police  
Charles Caffee of Lubbock visited here over the weekend.

## Homemaking Helps

Temperature of water for laundering is as important as temperature when cooking.

Research has established the hotter water, the cleaner the clothes, the whiter the wash, the fewer the bacteria. But how hot is hot?

Tests of a comfortable heat vary from person to person, therefore the use of a water thermometer is the only sure gauge of knowing the temperature of laundering water. And there is a right temperature for every washing job.

Most washing should be done at a temperature too high to hand test. Since the temperature of the laundry water is important and there is a wide variety of fabrics on the market today, instructions for laundering an article should be taken from the article's label or discussed with the sales person when the article is purchased.

Generally, fabrics that may be washed in water 140 to 160 degrees F. include white cottons, linens and rayons. Table demasks and fine linens, colorfast cottons and linens are usually washable in water heated to 120 to 125 degrees F. In water 90 to 120 degrees F., silks, wools and man-made fibers may usually be washed.

Important for the homemaker is to make sure the water heater will deliver the hot water needed. Most washers have a water temperature dial, but the dial does not control water temperatures at the water heater.

The dial permits the washer to receive water at the temperature the water heater delivers it. If the water heater delivers water at 120 degrees F., that's the way the washer gets it.

Today's ideal water heater supplies two temperatures of water automatically. From one line it supplies very hot water for use at the washer and dishwasher. From another line it provides hot water for dozens of other uses in the home.

If there is a doubt as to wash-fastness of a colored fabric, do not risk ruining a whole washer load. The article may be tested by cutting a small sample from a seam or pocket. Place the sample in a jar with detergent and water of the same temperature to be used in the washer. Let it stand a few minutes, then shake the jar. If the water is even slightly colored, the article is a poor washing risks.

For successful home removal of stains, the homemaker should know the fabric and the kind of stain. A stain removal successful on one fabric may ruin another so a test for color change on a sample before using stain remover is wise.

Here are some tips on removing stains:  
To remove chewing gum, rub with an ice cube to harden. Scrape off and sponge with a cleaning fluid.

To remove chocolate from white cottons and linens, work detergent suds into stain, wash. If stain remains, apply perborate bleach. On colored fabrics, wools silks and all fine fabrics, sponge with a cleaning fluid.

For removal of peach, pear, cherry or plum stains, work a synthetic detergent suds into stain and then wash garment. Grass stains on white cottons and linens may be removed by working detergent suds into the stain. Wash and if the stain still remains, apply bleach. For colored fabrics, wools, silks and all fine fabrics, sponge with equal parts of alcohol and water.

For additional information on laundering, send a postcard to Home Economics Dept., Room 601, Lone Star Gas Company, 301 Harwood, Dallas, Texas.

## Recipe Of The Week

**Cranberry Ice Cream Pie:**  
Place in a ginger snap crumb crust one quart of vanilla ice cream. Top with one-pound can of whole cranberry sauce, chilled. Store in freezing compartment of refrigerator until firm.  
**Ginger Snap Crumb Crust:**  
Blend thoroughly 1-2 cups ginger snaps crumbs, 1-4 cup sugar and 1-4 cup melted butter or margarine. Pat onto bottom and sides of nine inch pie pan. Chill in refrigerator at least 20 minutes.

Mr. and Mrs. H. W. Beasley attended an annual family reunion in Glen Rose, Tex., Sunday. Mr. Beasley met all of his sisters and their children and the families enjoyed a picnic lunch at the park at the noon hour. Seventy-Six were present.

## ROTARY CLUB

Twenty-eight Rotarians and guests were privileged to hear Mr. Ryan, professor of geology at Midwestern University, speak on Oil Progress Week at the noon luncheon. Mr. Ryan stated that there was enough oil in reserve to last for the next 150 years. Our present rate of consumption is about six million barrels a day. George Byerly was responsible for this timely program which was thoroughly enjoyed by all.

Mr. Frank Morris of Gainesville was unanimously selected by the local club to be the next district governor. Mr. Morris was nominated by the Gainesville club.

Virgil Brooks spoke in behalf of the club wishing Rev. Felix Kindel success and happiness in his new pastorate in Dallas. Felix has been a member of this club for the past two years.

Ralph Davis announced the ball games for the weekend. Visitors included Jack Robertson, guest of Hugh Preston; C. A. Deuschle, guest Rotarian of Vernon and six Rotarians from Wichita Falls.

Buddy Byars will bring the program next week.

## Church of God Revival Is Now In Progress

A revival is now in progress at the Church of God located at 121 Ave E. in Burkburnett. Rev. E. A. Jones of Mississippi is the evangelist. Lewis Johnston will lead the singing service beginning at 7:15 p. m. each evening. Everyone is cordially invited to attend.

E. E. Malone, Pastor

## TILLMAN COUNTY SINGING CONVENTION TO MEET AT FREDERICK

The Tillman County Singing Convention meets on the third Sunday of each month at 2:00 P. M. The next meeting will be at the Pentecostal Holiness Church, 409 North 3rd, in Frederick, Oklahoma.

All singers are urged to attend and the public is invited.

Harry Schreiner, President

Mr. and Mrs. Richard Ragsdale attended the fair and the cotton bowl game in Dallas over the weekend.

Mr. Luther Hatch was returned to his home here Wednesday from the Veterans hospital in Mc Kinney.

## Highway Patrol News

Patrolmen of the Wichita Falls District of the Texas Highway Patrol contacted a total traffic law violator during the month of September. Capt. Hallmark, Jr., commanding officer, reported that 891 were arrested while 200 were warned for violation of traffic laws.

Speed was the leading cause of arrest, with improper second and Driving While Intoxicated ranking third.

Counties included in the Wichita Falls District are Baylor, Clay, Cottle, Hart, King, Knox, Montague, Willbarger, and Young.

Capt. K. B. Hallmark, commanding officer of the Falls District of the Texas Highway Patrol, released County's Rural Traffic Summary for September.

The Highway Patrol gated a total of 30 accidents with the following breakdown: 22 property damage, 7 injury, and 1 fatal accident. Capt. Hallmark reported total property damage of \$20,000 with 13 persons and 1 killed. This is a decrease of 3 accidents and 0 deaths the same period of 1955.

Mrs. J. P. Lawler returned home Sunday night from an enjoyable visit with her mother and Mrs. Floyd Lawler at in Levelland, Texas.
