Bulldogs To Play Terrell In Denton Friday At 8:00 P. M For Regional Championship

Rites Today 2:30 For E. Myers

(Buck) Myers, a life long resident of this area, died at 2:30 Monday at his home on Fourth after a two years' illness. He was born Sept. 23rd in the Clara Community of Burkburnett. Myers was married to Dickson in 1937. He was the late Mr. and Mrs. Myers of Electra. Funeral services were conducted Wednesday at 2:30 p. m. in the Owens and Brumley church with Rev. Leon Turner officiating. Burial was in the Burkburnett cemetery. Survivors include the wife, daughter, Evelyn Myers of Ariz., one step daughter, Thomas Carmichael of San Antonio, two sisters, Mrs. J. B. Myers, Dallas, one half sister, Mrs. D. R. Rice, Chelsea, two half brothers, Hub and Albert Myers of Electra and Albert Myers of Ariz., Calif.

Christmas Seal Sale Continues

Whole-hearted endorsement of the 1956 Christmas Seal Sale was made this week by the president of the Wichita County Medical Society, Dr. W. L. Powers of Wichita Falls. Dr. Powers announced that the particular germ that causes tuberculosis has been identified and studied since 1882, but it has not given up all of its secrets yet. He stated that "tuberculosis still baffles medical science, which points up the need for intensified research to find the answers and set up defenses against the disease." Part of every Christmas Seal dollar contributed in this country is spent for medical and social research on TB, Dr. Powers stated, "and more Christmas Seal dollars will mean more research". Through the discovery and use of modern drugs, triumphs have been made in preventing death from tuberculosis. Now, he warned, "every avenue must be explored to find some means of preventing the disease." Dr. Powers pointed out that the National Tuberculosis Association, with which the Wichita County TB Association is affiliated, spends about 17 percent of its budget on research. Last year, it made 40 grants to scientists studying various aspects of tuberculosis in laboratories and universities in the U. S. Warning against over optimism in the nationally publicized decreased death rate due to the use of "miracle" drugs and surgery, Dr. Powers emphasized that "no drug has been found that can be successfully used to vaccinate against tuberculosis". More than a million Americans, Dr. Powers said, now require medical care or supervision because of tuberculosis, with at least 22,000 Texans afflicted with "active" TB. Our national tax appropriation to hospitalize, treat and supervise our "known" TB cases costs the American taxpayers more than \$600,000,000 annually. Dr. Powers pointed out that "the only way to reduce this enormous tax expense is to find tuberculosis in its earliest stages for the dual purpose of preventing new cycles of infection and to afford quicker recovery to those afflicted. "Every thinking citizen of Wichita County should make an effort to contribute something, at least, to the current Christmas Seal Sale to enable the Wichita County TB Association to continue its vital preventive services to protect all of us against this costly, communicable disease." Dr. Powers stressed that "it is much more sensible to continue the TB Association's preventive program than to spend millions of dollars each year to try to cure tuberculosis victims; particularly in view of the fact that 100,000 "new" cases are being reported annually in the U. S.—a new case every five minutes.

THANKSGIVING DAY

Customs, Costumes and Transportation change, but the spirit of Thanksgiving is the same today as it was a hundred years ago. Let's pause as our forefathers did and give thanks for our many blessings, the love and security of our families and the prosperity of our country.

Services Were Sat. A. H. Flemming

Funeral services for A. H. Flemming, 54, a member of the Burkburnett police force, who died of a heart attack at a football game in Wichita Falls Thursday, were held Saturday. Services were held at 10 a. m. in the Owens and Brumley Funeral Home chapel. Rev. Marion D. Baker, pastor of the Thrift Memorial Baptist church, here officiated. Burial was in the Burkburnett Cemetery. Pallbearers were Charlie Bradford, Willis Bartley, Jim Anderson, Homer Provence, Harold Preston and Lewis Todd. Fleming, who was born at Hale Center, June 13, 1902, had resigned from the force because of illness and had only been back about two months. Survivors include his mother, Mrs. Agnes Flemming of Burkburnett; a brother, W. G. Fleming; and two sisters, Mrs. R. R. Alvey, Burk and Mrs. David Germany of Tyler.

New Postal Rules Aid In Mailing Christmas Pkgs.

Postal patrons this coming Christmas season can speed the processing and assure quicker delivery of their Christmas parcels and cards by availing themselves of various postal services and free postal information pamphlets. Postmaster General Arthur E. Summerfield announced today. The services mentioned by the Postmaster General include: 1. This year, for the first time, sealed parcels may be mailed at the third or fourth class postage rates without labels, notations, endorsements, or hieroglyphics of any kind authorizing the opening of the parcels for postal inspection. Packages sealed with modern sealing materials or even with just plain Christmas seals should carry better in the mail than unsealed ones. Strong cord should also be used. 2. Combination Mail, which was used for the first time during last Christmas season, and which permits a mailer to enclose a letter or message inside a gift parcel and pay the appropriate postage on it plus the postage for the package itself. 3. Certified Mail, also used for the first time in the 1955 season, which permits mailers to have proof of delivery of Christmas letters, cards or parcels having no intrinsic value for a postal fee of 15 cents plus first class postage. The free postal pamphlets—available at all post offices—are entitled "Packaging and Wrapping Parcels for Mailing" and "Domestic Postage Rates and Fees".

Last Rites Saturday For Ben J. Dodd

Funeral services for Ben J. Dodd, 82, who died here Thursday, were held Saturday at 3 p. m. in the Owens and Brumley Funeral Home chapel. Rev. Leon Turner, pastor of the First Methodist church here, officiated, assisted by Rev. Ray C. Morrow of the Calvary Baptist church. Burial was in Burkburnett Cemetery. A native Texan, Dodd was born November 15, 1874. Surviving are his widow; two sons, Jack of Burkburnett, and Fred Dodd, Tulsa, Okla.; two daughters, Mrs. Helen Sticker of Los Angeles, Calif., and Mrs. Dorothy Smith of Burkburnett; six grandchildren and two great-grandchildren.

H. L. Dempsey Local Agent For Wichita Papers

Mr. A. C. Harris is retiring after eleven and half years as local agent of the Wichita Falls Record and Daily Times papers. His resignation is effective Dec. 1st. During these past years, Mr. Harris has made many new friends and has enjoyed serving the people of this area. Mr. H. L. (Jack) Dempsey of 524 Rosewood Drive has been appointed as local agent to replace Mr. Harris. The Dempseys have resided in Burkburnett for about five years. Mr. Dempsey was employed in Wichita Falls until just recently. Delivery of both the morning and evening papers will be handled in the same efficient manner as in the past. Joel Dempsey will assist his father with the deliveries. Mr. Dempsey will appreciate the continued patronage of old and new customers and in case of a service error, he would like to be notified immediately so that adjustments can be made.

Ruby Wheat G. A.'s Met Monday

The Ruby Wheat G. A. girls organization met at the First Baptist Church Monday afternoon for their regular meeting. The meeting was opened by the president, Virginia Ann Stamps. Roll was called by the secretary, Sherry Lynn Gilbert. A mission book, Kogi of Japan was taught by Mrs. Ruth Ramsey. Twenty-four girls were present for the meeting. Dianna Mullins, reporter. Johnny Herring has returned home from a deer hunt in Fannin County. He reports he did not get his buck.

Smith Proclaims C. of C. Week

Mayor H. D. Smith proclaimed December 3-10 Chamber of Commerce Week Monday afternoon. A membership campaign and finance drive will be in progress those days. Mayor Smith, in signing the proclamation for the week's observance, declared: "Whereas: The Burkburnett Chamber of Commerce is devoted to the betterment of the economic and civic interests of our community and "Whereas: More than 200 business and professional citizens are now supporting the Burkburnett Chamber of Commerce program of progress, and "Whereas: The development of our community is the responsibility of all citizens; "Therefore, I do hereby proclaim December 3-10 as Chamber of Commerce week in Burkburnett."

Schools to Close Thurs. and Fri.

Burkburnett schools will be closed Thursday and Friday for Thanksgiving. However, the tax office will be open Thursday afternoon to allow football fans to get their tickets for the Burkburnett-Terrell football game in Denton Friday night. The office WILL NOT be open Friday.

Bulldogs Win Bi-District From Lewisville Thurs.

The fighting Burkburnett Bulldogs defeated a strong team from Lewisville in Coyote Stadium, Wichita Falls, last Thursday night, 28-19. This win made the Bulldogs Bi-district champions. They meet Terrell in Denton this Friday night to decide the regional winner. Burk received the opening kickoff and marched 85 yards to score. A 46 yard run by Donald McKinnis put the ball on the 26. Doyce Walker made a 26 yard pass to Gary Jennings for the touchdown. Billie Baker kicked the first of four conversion points for the night. 7-0 The second quarter touchdown for Burk was set up by a 24 yard run by Jennings who was hauled down on the 3. McKinnis scored easily from the 3. Baker's extra point kick was good. 14-0 Lewisville scored twice in the 3rd quarter, once from the two yard line and once from the 1. Only one extra point was made. 14-13 In the fourth quarter McKinnis galloped 63 yards to score and Baker added the extra point. 21-13 Gary Jennings took a screen pass and raced 79 yards behind good blocking to add another 6 points. Baker made it 100% by kicking the extra point. 28-13 Lewisville made the last score with Crawford going over from the five. The extra point try was good. 28-19

Card of Thanks

For all of the cards, flowers, and gifts and to all the friends and relatives who called on our Golden Wedding Anniversary, may we say "Thank you for your thoughtfulness". Friends mean so much down through the years. May the good Lord bless and keep each of you. Mr. and Mrs. C. S. Polson 20-11P

S-A Johnny Ray Bavousett has returned to his base at San Francisco, Calif., after a 14 day leave here with his parents, Mr. and Mrs. Gordon Bavousett.

Gayle Smith of Long Beach, California, has returned home after a visit here with her parents, Mr. and Mrs. L. W. Forqueran.

Mr. and Mrs. L. W. Forqueran left Tuesday for Long Beach, California, for a two weeks visit.

Burkburnett Man Dies Suddenly

J. W. Blackwell, Sr. 69, died suddenly of a heart attack Tuesday at his home at 627 West Third street. A resident of Burkburnett since 1919, Mr. Blackwell was employed by the Magnolia Petroleum Company. He is survived by his wife, Chloe, three sons, five daughters two sisters, one brother, 23 grandchildren and two great-grandchildren. The surviving sons are: J. W. Jr., Burkburnett; Walter, Santa Monica, Calif.; and Wayne, Long Beach, Calif. Mrs. Viola Preast, Olivehurst, Calif.; Mrs. Arleta Melton, Electra; Mrs. Wilma Spannagel, Burkburnett; and Mrs. Pauline Davis and Mrs. Mary Melton of Wichita Falls are his surviving daughters. Mrs. Davis O'Hagen of Oklahoma City and Mrs. Myrtle Good of Peoria, Ariz., are the surviving sisters. One brother, Robert, lives at Ft. Supply, Okla. Funeral arrangements are being made at the Owens and Brumley Funeral Home here. Interment will be in Burkburnett Cemetery.

Joe Ray Karstetter Celebrated Fourth Birthday Saturday

Joe Ray Karstetter celebrated his 4th birthday, Saturday, Nov. 24th with a party at the family home on Bluebonnet Lane. The little guests played lawn games under the supervision of Mrs. Lloyd Clemmer and Mrs. Austin Bulla. Home movies were made of the group. After Joe opened the gifts, refreshments of birthday cake, ice cream and pops were served to: Jim Butin, Mark Bulla, Ricky and Margie Clemmer, Wayne and Wendell Morrow, Rusty and Kathy Todd, Johnny Karstetter, Linda and Rebecca Turner of Devo, Okla., Vickie, Katie and Butch Turnbow of Wichita Falls. Also present were Mrs. C. W. Butin and Miss Phyllis Turner.

Notice to Creditors

All persons having claims against Wm. J. Gibson and Clarence B. Gibson are requested to present same to me within a reasonable length of time. ERTIS GIBSON 1914 Parkview, Duncan, Oklahoma

C. of C. Drive For Members To Begin Dec. 1

Jack Mathis, chairman of the membership drive for the Chamber of Commerce, announces the campaign will begin the first week in December. This year the Chamber of Commerce is ending up in much better shape, financially, than in previous years. Much work has been accomplished under the able leadership of President Geo. McClarty, with the help of the very efficient secretary, Margie Hofacket. Call 52 for Quality Printing

DEN 3

The Cub Scouts of Den 3 met Wednesday afternoon for their regular meeting in the home of their den mother, Mrs. Roe. After their regular meeting and business was over, they worked on a project. Refreshments were served to Frank Hunter, Jerry Harsh, DeWayne Dark, Bill Roe, Larry Drake, Jimmy Lindsey, and den chief, Donnie Culpepper. Jimmy Lindsey, Keeper of the Buckskin. Mrs. H. S. Van Cleave suffered a broken hip in a fall at her home here recently but is reported doing nicely now. She and Oma left this week for Fort Worth where they will visit for a few months.

REVIEW A 50 YEAR FIGHT

Governor Allan Shivers and Dr. Z. T. Scott (right) of Austin review the nation's 50-year fight to control tuberculosis by medical and volunteer forces. Dr. Scott was a founder of the movement in Texas. Occasion was the proclaiming by the governor of "Christmas Seal Days" until December 24th. Through the annual sale of the Seals, funds are provided for the year-round efforts to curb tuberculosis.

BY THE CITIZENS OF BURKBURNETT, TEXAS, IN A PUBLIC HEARING

It is hereby given by the Commissioners of Burkburnett, Texas, of a public hearing to be held at 2:00 P. M. on December 14, 1956, in the Mayor's office, on the following subjects:

ORDINANCE REGULATING

main street widths, minimum alley widths and minimum utility easement widths. New additions, divisions, divisions of lots within the Burkburnett, Texas, and five miles of the corporate limits thereof.

GRASS ROOTS OPINION

BROWNSVILLE, PA., Telegraph: "Accidents with firearms cost more than 2,200 American lives every year. As a cause of fatal accidents, gunshot wounds rank fifth, following traffic accidents, falls, fires and drownings. These facts should give us fair warning as we move deeper into the hunting seasons."

BOONE, IOWA, News - Republican: "Recently a balloonist over Minnesota reported absolute silence at an altitude of eight miles. We'll agree that some of the campaign shouting must get up at least seven and half miles high."

LIBERAL, KAN., Southwest Daily Times: "Longevity is the ideal today. In 1920 there were 6.4 million children orphaned in losing one or both of their parents, while last year the number dropped to 1.7 million. The decline, cut largely by improved medical science is even more significant when considering the great increase in the number of children under 18—a total of 55.5 million in 1955 compared to 40 million in 1920."

ARLINGTON, WASH., Times: "A beautiful political climate for private enterprise is essential to progress."

NORWALK, CONN., Hour: "Come Unto Me, Ye that Labour and are Heavy Laden, And I Will Give You Rest." Matt. 11:28. A child in its mother's arms dismisses fear and weariness. Christ was a carpenter. He honored labor. Labor did not make men untouchable according to his teaching. There are no slave camps in Christian lands."

FALLACIES AND TRUTHS

Reader's Digest has printed an article, prepared by the American Economic Foundation, on a number of widely held economic fallacies.

One fallacy is that "Government has something to give the people which it does not first have to take away from them." The truth: "Government is never a source of goods. Everything is produced by the people, and everything that government gives the people it must first take from the people. Government benefits are raised through taxes."

Another fallacy is that "the worker of any nation can improve their welfare by increasing their pay without increasing production." The truth: "Because wages are the principal cost of everything, wage increases (without corresponding increases in production) simply increase prices and do not improve the welfare of the worker."

Still another fallacy is that "the owners of industry get the lion's share of the product and the workers get only the crumbs." The truth: "The amount of the product of all industry that goes to the workers is about 90 percent. The amount that accrues to the owners of the tools (investors) is about 10 percent. Yet the tools do more than 95 percent of the work."

The source of all wealth and material welfare is production. The main reason the general standard of living now is so superior to that of the past is that science and invention, backed by the investment of huge sums of capital, have made it possible for each worker to turn out much more in the way of goods and services. If productivity continues to increase, living standards will continue to rise. There is no other way. It would be good if the great labor unions took the trouble to explain this basic economic principle to their members.

TRANSFORMATION

Does communism work to the advantage of the "Common Man" and the masses of People?

If you have doubts as to the answer, some statements made by Edward Crankshaw, one of the few real Western authorities on Russia, in his new book, "Russia Without Stalin: The Emerging Pattern," should be illuminating.

He says: "The Soviet Union today offers contrasts of luxurious living and privation as great anywhere in the world."

In another place he writes: "The trade unions were steadily transformed from protectors of the interests of the workers in face of the state to protectors of the interest of the state in face of the workers."

For selfish reasons, if none other, workers should be among the most aggressive opponents of communism or any other form of super, all-powerful government. This kind of government inevitably destroys free labor just as it destroys free enterprise.

EXPLOITATION

A basic Marxian dogma is that, under capitalism, the owners of enterprise get tremendous rewards while the workers half-starve on the crumbs that are tossed to them.

It's interesting to put that idea beside a set of facts concerning what the 100 largest U. S. industrial companies spent their incomes for last year.

Wages, salaries, and other labor benefits consumed 26.7 percent of total revenues from sales and all other sources. Taxes took 9.7 percent. The owners, by contrast, received 3.5 percent in preferred and common stock dividends.

In other words, workers got about eight times as much as the owners—and government got almost three times as much. That's what happens under capitalist exploitation!

WE INVITE YOU TO SEE THE BIG M's NEW

Dream-Car Design

the newest shape in cars for 1957—will influence the look of cars for years to come!

Outdates everything else on the road with its dream-car ideas!

Here is one of those rare cars that, in a single model changeover, redirects the whole course of automobile design. The new Mercury makes a clean break with the plump, bulging lines of many of today's cars—presents a sleek, clean-cut, dynamic look that's straight out of tomorrow.

NEW! V-ANGLE TAIL-LIGHTS FROM DREAM-CAR DRAWING BOARDS—A stunning example of Mercury's new Dream-Car Design. They help dramatize Mercury's gleaming new breadth and brawn. Mercury is now over 6½ feet wide, more than 17½ feet long!

NEW! JET-FLO BUMPER-GRILLE GIVES A MASSIVE BUT GRACEFUL LOOK—New beauty with a purpose. The unique new oval design acts as a double bumper—provides both high and low protection, front and back.

NEW! SLIM, BRIDGE-STRONG ROOF, MORE GLASS THAN EVER—It spans the most spacious passenger compartment in Mercury history. You enjoy up to 829 square inches more visibility. And Mercury is new in everything else. You can get a power seat that "remembers" your favorite driving position. And there's a Power-Booster Fan, in the Montclair series, that saves horsepower other cars waste. And much, much more. To see everything, stop in at our showroom today.

STRAIGHT OUT OF TOMORROW **Mercury for '57**

FIGHTS ALL COLDS SYMPTOMS AT ONE TIME IN LESS TIME! ITS PROVEN COLDS MEDICINE

From where I sit... by Joe Mars

The Kid's Learned to "Take Charge"

I was down at Buck Benson's store the other day when a fellow came in with a six-year-old boy—obviously his son.

While the fellow was looking over some stuff on the counter, Buck handed a free peppermint stick to the boy, who promptly tore off the wrapper and went to work on it.

The father seemed quite put out about his son's lack of manners and held up his hand to stop him. "What do we say when Mr. Benson gives us something?" he demanded. "Charge it," replied

the kid without hesitation. From where I sit, children are the only ones who "repeat their talking about. For instance, convinced that many of those speak out against the old American custom of enjoying a glass beer after work are just parroting what they've heard others say, better to get the facts—then make up our own minds—and persuade our neighbors to do the same

Joe Mars

Mental Health Emphasis

mental health emphasis Texas Congress of Parents achers is an accent on d relationships between parent and parent; par- children; teachers and r; teachers and children; ents and teachers.

l health, itself, is an inter as well as an outer ship. It is a condition of d effective living with- ch reflects and affects ility of life with others. rove relationships with we must come to a better anding of ourselves, and

vice versa. As an emphasis on human relation, the Texas Congress of Parent and Teachers recognizes mental health has been a part of the parent-teacher organization since it was founded. Now the spotlight has been turned specifically on this area with the intent of defining what our efforts in this direction can and do add up to in all of living. This past summer some one hundred people met in Austin and from this State meeting came many suggestions on ways of presenting Mental Health to all people, through education and participation healthy minds can be enjoyed by more people.

In a healthy group people are happy. They look happy. They smile a good deal, laugh now and then, not the loud derisive laugh that despoils the troubled and unhappy mind, but the laugh of genuine pleasure and real joy. A good people is a busy people. One senses among them active living of life rather than the dull routines through which one must go because someone says we must.

People who live well manage their lives rather than letting life manage them. Among them one senses a feeling of brightness, a sense of adequacy to meet responsibility and the toil if life in order to make life good.

In healthy homes and nations we find much active concern for the well being of other people. This need or concern to be available to other people is at once a basic need of individual man and of mankind. From Howard Land and Mary Beauchamp. Human relations in teaching pp 146 to 146, Prentice Hall 55. This is an unusual statement of mental health:

The healthy person, in short, does not feel less pain and sorrow than his less sound fellow, but more. Also however he feels more joy more quiet delight, more peace, more amazement and more amusement. He is quite simple, more alive, more engaged with experience. His security lies not in the avoidance of suffering, but in the fact that he can emotionally afford to feel it.

If health thus consists in an emotional capacity to afford experience because there are inner resources with which the price can be paid even when it is high, it follows that the healthy person can become to know, to wonder and most of all, to care. From Harry and Bonardo Overstreet. The Mind Alive, pp 102 and 104. W. W. Norton.

A simple and appealing way of talking about the healthy personality is: Mental health is doing the best we can, with what we have and enjoying it. As said by Dr. Ozro T. Woods, Dallas, Texas.

Scientific research clinical studies are ever contributing to a better understanding of the healthy personality. Religion has long offered not only spiritual

OH BOY! CORDUROY

Cotton corduroy has gone high style, and here a print and plain combination takes to the Paris scene. Pat Cowden, the 1956 Maid of Cotton, wears Stephanie Koret's long-lined jacket and trim black skirt with a knitted Gage hat. The knit-trimmed jacket is printed in a stylized floral design.

guidance but the ethical standards for effective relationships. Each of us need to remember that mental health is positive, creative and involves disfunctioning of the personality.

The mental health emphasis of the Texas Congress of Parents and Teachers mean more abundant living for all includes every effort to prevent the disabling effects of mental illness for many. from Mental Health Know How, 56. Next week there will be an article on What we need to know about our own mental Health.

The next regular meeting of the Hardin PTA will have as the program "Mental Health," a film and our District Health chairman, Mrs. Bill McKinley from Wichita Falls will be our guests with our local Health chairman, Mrs. O. E. Bryant as program leader. Plan now to attend this meeting.

Something To Think About The Child

Understand me, love me. Feel that your task is not one of burden and dread, it is a challenge, an honor, a job and know that I am just a boy, but there is only one like me. Teach me to live, to love to earn, to give, to bless, suffer, feel for others and to learn. That I am one, but worth only that which I give the world. This is the heart of your task, my guide and do not drag nor drive, just lead me by your side. Author unknown.

The heaviest burden to bear is a chip on the shoulder.

Lay members of the church:

I am persuaded we have entirely too many of them. Some lay up in bed on Sunday morning until they are too late for Sunday School. Others just lay out and do not attend at all. Some who attend church on Sunday mornings lay out on Sunday night, some Lay in store as though they had not prospered at all. Some lay out on Wednesday night. Say Brother are you a lay member?

Charlotte Simons Attending National 4-H Convention

A dream came true for Charlotte Simons, Wichita County 4-H girl, this week. She is attending the 35th National 4-H Club Congress as a result of her winning the National Dairy Food contest. Charlotte left Wichita Falls Friday morning to meet the Texas delegation which leaves by train from Dallas Friday evening for Chicago.

Charlotte and her teammate, Karan Prechel won the State Dairy Foods Demonstration this year at 4-H roundup held at College Station in June. Charlotte's

record was chosen as the most outstanding of the state's three top girls and sent on to national competition. Eight girls are chosen from the 48 states winners to make this trip each year.

Charlotte has been a leader in Wichita County 4-H club work. In 1951 she received the Gold Star award which is rewarded to the most outstanding 4-H girl of the county each year. In nine years of 4-H club work Charlotte has carried on 65 demonstrations in 12 different fields. She has been awarded the Danforth "I Dare You" award and chosen as a member of McCall's Teen Fashion Board. Charlotte has received \$315, in prize money at the Texas-Oklahoma Fair, County Project show, Bridwell Soil

Builders Program and the Wildlife Conservation Program doing 4-H demonstration. She evaluates she has saved \$4,850, in doing 4-H demonstrations such as clothing construction. She has invested \$1100, which she has made through 4-H projects.

The last few years Charlotte has been very helpful in county-wide 4-H recreation, rally days, clothing workshops and in her own community as a Junior leader.

To sum it all up we take from Charlotte's own 4-H story "If every boy and girl received the help I have from my wonderful parents and 4-H clubs, Juvenile delinquency would cease to exist. Yes, 4-H has been profitable to me physically, spiritually and

mentally. I have made "the best better" and I wear the 4-H clubber with great pride."

Social Security Representative Here

A representative of the Social Security Administration will be at the City Hall in Burk Burnett on the following dates at 2:00 P. M.

THURSDAY, DEC. 20th
Persons who desire information or assistance in Social Security matters are invited to meet with the representative. Everybody welcome.

Meet the magic of the new kind of Ford!

An Action Test will show you that Ford's newness just begins with its longer, lower, wider beauty. It's a completely new car—right from wheels up!

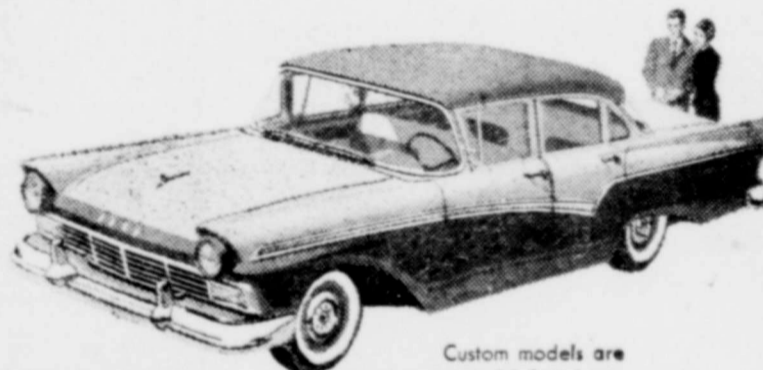

Out on the open road, Ford's magic really takes over! Ordinary stretches of road become special. In fact, every trip's a treat. And it's no wonder, with the all-new "Inner Ford" melting the miles.

The revolutionary new frame, for example, is a full foot wider at the center. You ride lower, with more inside room... full road clearance. And this longest of all low-priced cars is a cinch to handle! With a lower center of gravity, wider rear tread and new easier steering, even tight turns and rutted roads come easy.

And talk about "big-car power"! This new kind of Ford offers you your choice of Silver Anniversary V-8's with a wide range of horsepower to suit every need. Or if you prefer, you may choose the world's most modern "Six" ... the new Ford Mileage Maker Six.

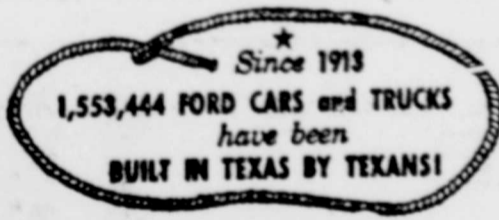

The new Ford is easier to enter—roomier than ever

Farm-to-Market Roads In Area Due Improvement

The Texas Highway Commission has taken the first step to inaugurate a new two-year Farm to Market Road program for Texas. E. H. Thornton, Jr., chairman of the Highway Commission stated that the funds for this 1957 and 1958 program are derived from federal aid highway funds, matched with state highway funds on a dollar for dollar basis.

L. B. Bean, District Engineer of the Texas Highway Department at Wichita Falls, has stated that the following farm to market roads in this area are scheduled for work under this program:
From F. M. 1739, 5.0 miles northeast of Electra. South to U. S. 287, a distance of approximately 4.6 miles.
From end of proposed F. M. Road at Archer County line near Wichita Falls State Hospital, north to 369, a distance of approximately 1.9 miles.

Mr. Dean stated that the Commission has authorized the development of some area roads which will serve the dual purpose of providing service to the adjacent land as well as aiding in the development of the entire state.
It was announced that work will begin on these projects as soon as final planning is completed and necessary right of way secured.

Car Inspection Sept. 15-April 15

The Texas Public Safety Commission has set Sept. 15, 1956 to April, 1957, as the period during which automobiles and other motor vehicles must be inspected under provisions of the State's Motor Vehicle Inspection law.

Col. Homer Garrison, Jr., Director of the Texas Department of Public Safety, said in announcing the Commission's action that motorists should avail

themselves of the opportunity to have their autos inspected as soon after Sept. 15 as possible in order to avoid the inconvenience and delay which is usually associated with the end of the seven months period by the log jam of car owners who wait until just before the deadline to have their vehicles safety checked.

George W. Dusby, Chief of the DPS Motor Vehicle Inspection Division, stated that the more than 4,200 licensed inspection stations in the State would have sufficient supplies of stickers on hand by the starting date and would be equipped to check vehicles without delay.

Early Days In Texas

By R. D. LANEY

December 1, being by birth-day, calls to mind my early days in Texas. Among the first things that I remember was the beauty of the primeval forests of piney woods; the numerous springs of water feeding into running brooks, and the abundance of wild animal life. These things to a growing boy were a natural paradise.

In the spring and summer the woods and fields were covered in a delicate loveliness of blossoms of wild flowers in banks of red and yellow blossoms, nodding in the sweeps of the summer winds. In the fall of the year we would go about the harvesting of cotton and other crops from the fields. There would be another harvest, too, one that goes on its own way over the pasture and hillsides. Gray squirrels move about the trees, harvesting acorn and hickory nuts. Bluejays would call loudly from the trees. The harvest would go on as the year would fade slowly into winter.

After the leaves of the forest trees had surrendered their brilliant foliage of gold to wind and frost, the woodlands would continue to spread their hues over the coloring countryside. Away from the hills, I could hear the familiar notes and songs of the birds. There was the delightful flowing warble of the bluebird. Robins would call from the wood land thickets, and there were songs of the south, the mocking bird and the lark adding their notes to the melodies.

Those were the days when a boy could grow up and live where there were trees, meadows and streams, where he could take long walks into the woods and get acquainted with all kind of birds; how they build their nests and the kind of material they used, what color and size of eggs they lay, from the hoot owl to the chicken hawk and all the rest, and see how they led their young.

He could find out more about the animals, such as foxes, coons, rabbits, skunks, weasels, squirrels and all others. He could find out what they ate, where they lived, what animals were friendly to each other and which were enemies. This is a world every teenage boy should know and I have never seen one yet who didn't love the animal world.

He could fox hunt on April nights when the trees were leafing and hear a pack of hounds running a fox all night. He could stand on a high hilltop under the stars or a bright moon and

HAVE YOU BOUGHT YOURS?

CHRISTMAS SEALS fight TB

listen to the music of barking hounds. Stars, moon, a high hill the loneliness of the night and the barking of hounds, is a whole some enjoyment. It puts character into a teenage boy. It gives him something he cannot get anyplace else.

I lament for boys who have never had these experiences. This is not artificial recreation. This is life, love, beauty and enjoyment in God's world that every boy should have. These would be the shortest years of his life. Great years for physical and mental growth and habit formation. Years of beauty and spirit. All years to be alive are good years. But for the most of us, we would trade fame, fortune and achievements for what he has — youth.

So, if you have it, live it while you can. It will never come to you again.

Mrs. Clyde Peed Hostess Nov. 14th Hardin H-D Club

Hardin HD club met Nov. 12th in the home of Mrs. Clyde Peed with fourteen members and two visitors present.

The club Christmas party was discussed and plans were made to meet in the home of Mrs. E. J. Simons on Dec. 13th for an all day meeting with a covered dish luncheon at the noon hour. Each member will bring a gift for their secret pals and a gift exchange, with gifts not to exceed \$1.00 to \$1.50, will also be held.

Mrs. S. E. Askins and F. W. Farley were named as 100 percent members.

Mrs. Loraine Askins and Mrs. Althea Hillis were named for the food committee.

A demonstration on the making of a good breakfast was given by Mrs. A. A. Jacobs.

Contemporary Club Met Monday

The Contemporary Study club met in the home of Mrs. Harry Elliott with Mrs. J. F. Eastman as co-hostess. Members voted to sell Christmas Seals in cooperation with our local chairman, Mr. Cliff Wampler. There will be a table in the Bank Saturday morning and in the Corner Drug Store Saturday afternoon for the purpose of selling Christmas seals.

Plans were also made by the club members for donating gifts to the State Hospital and for a Christmas basket to be given locally.

After a short business meeting Mrs. Alline Frieleds brought a very interesting program on Health Problems.

Mr. and Mrs. Wayne Jones of Dallas spent the week end here with Mr. and Mrs. C. A. Moreman.

Governor Urges Fight Against TB

Governor Allan Shivers this week reminded Texans that they are still being victimized by tuberculosis.

In a proclamation marking the period until December 24th as "Christmas Seal Days," the governor noted that "Tuberculosis as a killer is being curtailed by modern treatment. But tuberculosis as a communicable, widely prevalent, expensive and long-lasting illness is still very much with us."

"In Texas, the number of active cases is conservatively reckoned at 22,000. For every death, doctors estimate nine other people have been infected. Yet it is a preventable disease which can be eradicated."

The proclamation further states: "The traditional Christmas Seal is the one annual appeal of the Texas Tuberculosis Association and its affiliated county associations, for funds to make possible their year-round efforts to curb this needless waste of human life and resources. . . . I urge all Texans to make a sound investment in health and happiness by buying and using Christmas Seals."

Dr. Z. T. Scott of Austin, on the occasion of the proclamation signing, reviewed for the governor the advances made in controlling TB in the past half-century. Dr. Scott was a founder of the voluntary TB control movement in Texas, one of a small group who formed the first voluntary health association in the state. It was originally called the Texas Anti-Tuberculosis Association, later became the Texas Tuberculosis Association.

Winterize Your Farm Equipment Now

A hard freeze can play havoc with auxiliary motors, tractor engines and sprayers unless they have been properly winterized, says B. T. Haws, county agent.

Auxiliary motors should be cleaned, the crankcase drained, and refilled with new oil and the motor run for a few minutes to coat all surfaces with oil. The radiator should be drained and flushed with a reliable radiator cleaner and then flushed again with clear water.

Remove the spark plugs. Give them a good cleaning and adjust and oil before replacing them says Haws. The upper cylinder walls should be lubricated while the plugs are out. Drain the fuel tank and allow to air dry. Cover the end of the exhaust and breather pipes to prevent moisture from entering the motor. Clean and charge the battery and store it where it will not freeze.

To winterize spray equipment, the engineer advises flushing the entire system. All drain plugs should be removed and the pump operated for a few minutes. Open all valves while the pump is running to release any trapped water and remove and place all valve balls in oil. Drain the oil from the pump and flush with kerosene, refill the pump with new oil. Grease and turn shafts to distribute the grease on shafts and bearings and hang hose so all water drains out.

Give all machinery, a good cleaning, pack bearings to seal out moisture, remove belts and canvasses and store in a dry, rodent-proof container and apply a rust inhibitor to all polished surfaces such as plowboards and sieves. While this job is being done, Haws suggests a close inspection of all machinery for broken, bent or worn parts. Repairs or replacements can be made during the winter.

Winterizing farm machinery and equipment can save valuable time and money in addition to adding years to the serviceable life of the equipment, says Haws. Too, the present cost-price squeeze is such that farmers just cannot afford losses which can be prevented.

Fiftieth Wedding Anniversary For Mr. and Mrs. Polson

Celebration of the Fiftieth Wedding Anniversary of Mr. and Mrs. C. S. Polson was held Sunday afternoon, Nov. 25th with open house in their home on East 4th in Burkburnett, from 2 to 5 p. m.

Mesdames J. A. Johnson, Carl Miller, W. A. Minick, Luke Warren, J. B. Wright and Weldon Wright planned the reception as a complete surprise to the honorees.

Mr. and Mrs. Polson were married Nov. 29th, 1906 in the home of Mrs. Polson's parents, Mr. and Mrs. Rawls in Malone, Texas.

A son, P. A. Polson of Richmond, Calif., was unable to attend the Anniversary gathering.

Mr. Polson farmed in the Goree and Burkburnett area for many years following this with a number of years in the mechanics trade.

The home was the center of much gaiety and visiting as some eighty-five to ninety friends and relatives gathered to share the pleasure of the day.

Brothers and Sisters attending from out of the City were, John Polson of Goree, Mrs. Thomas Bramlett, Edmond, Okla., Mrs. Josie Dixon, Eldorado, Okla., Mr. and Mrs. Walter Glasgow, Elgin, Okla., Mr. and Mrs. C. O. Rawls, and daughter of San Angelo, Texas.

Other relatives were: Mr. and Mrs. Edward L. Walker, Eldorado, Okla., Ireta, Maureen and Paul Adams, Eldorado, Okla. Mr. and Mrs. George Weber, Mrs. Kate Glasgow, Mr. and Mrs. Douglas Smith, Glenda and Gordon Smith, Tom and Joe Weber all of Goree, Tex., Mr. and Mrs. Raymond Melton and daughter of Garner, Tex., Mr. and Mrs. Claude Menges, Dallas, Tex., and Mr. and Mrs. Lloyd Patterson of Munday, Texas.

Mrs. Johnson and Mrs. Minick served at the beautifully laid table, a three tier wedding cake with the traditional bridal decorations and orange punch provided the refreshments to the many guests.

Mrs. J. T. Brady Hostess Nov. 20th Bluebonnet Club

The Bluebonnet Garden Club met in the home of Mrs. Elizabeth Brady Nov. 20th, with Mrs. Zella Mills as co-hostess.

Mrs. Louise Ratliff, vice-president, presided in the absence of the president, Peggy Mathis. The meeting was called to order with Mrs. Gragg leading the Club Collect. Minutes were read by the secretary, Velma Bohner. Reports of the various committees were heard. Mrs. Markum reported that the club had sold two dozen litterbug bags. The club voted to order some more. They also voted to draw names and exchange gifts at the Christmas party, Dec. 18th. The club voted to cooperate with the Burkburnett Council of Garden Clubs next spring on Iris.

The program for the day was led by Ida Mae Magers on flower arrangements for holiday tables. She gave some very good instructions, then passed out pictures of different kinds of arrangements. The talk was most enjoyable.

Mrs. Maude Bohner gave Horticulture Hints on Shrubs and Trees requiring little water.

Three lovely table arrangements were judged by Hattie Burns, Lou Ethel Boyd and Bessie Waldrop. Mrs. Peggy Mathis received first, Ida Mae Magers 2nd and Lola Jones, 3rd.

A lovely plate of lemon chiffon pie and coffee was served to one visitor, Miss Wanda Mayfield of Collins, Miss., a niece of Mrs. Lou Ethel Boyd; and members, Mesdames Maude Bohner, Velma Bohner, Lou Ethel Boyd, Hattie Burns, Gail Butts, Mary Cecil, Earlyne Chambers, Elizabeth Gragg, Florice Jeffers, Lola Jones, Bertha Johnson, Ida Mae Magers, Grace Markum, Maude Mathis, Louise Ratliff, Maude Teal, Jessie Preston, Bessie Waldrop, Ada Westbrook, and the hostess, Elizabeth Brady.

Next meeting will be the Christmas party in the home of Mrs. J. H. Cecil.

I'm worried about that young son of mine, he spends his spare time reading books—TV net work executive.

There are people still living who can remember when it cost more to run a car than to park it.

Fiftieth Wedding Anniversary For C. A. Moremans

Mr. and Mrs. C. A. Moreman, 125 Ave. D, Burkburnett, celebrated their Fiftieth Wedding Anniversary, Tuesday, Nov. 27th in a quiet manner with several friends calling during the day and evening.

Mrs. Moreman was the former Bessie Jones, daughter of Mr. and Mrs. J. J. Jones of Alvord, Texas.

Mr. and Mrs. Moreman were married in the Methodist parsonage in Alvord, Texas, by Rev. Weaver.

The couple lived in Tipton, Oklahoma, operating a variety store until 1918, moving to Burkburnett, where he was engaged in the hardware business, later following the building trade.

Mr. and Mrs. Moreman have two children—S. J. Moreman, a mortician of Palestine, Texas, Mrs. B. L. (Gracie Bell) McDonald of Sylmar, Ga., and three grandchildren. They reared a nephew, Neil Peters, who was lost in England in World War II.

Christmas Seal Sale Is Voluntary

It is the unalienable right of every free American to give to whomever he pleases for whatever purposes.

The annual Christmas Seal Sale, independent of other fund-raising campaigns, is essential to the educational program of the tuberculosis association. It is every one of us an opportunity to invest voluntarily strong community action against TB.

The 1956 Christmas Seal Sale will be the 50th in United States. Since the first Seal Sale in Wilmington, Delaware, in 1907, the tuberculosis associations grown and extended their service throughout the United States and territories. We all know the X-ray case-finding services provided by the Wichita County Tuberculosis Association. Most of us are aware of the association's educational work with schools and community groups. Not so many of us are aware of the help and encouragement the association gives to TB patients and their families from the time a case of TB is diagnosed to the when the patient has re-established himself in the community. All these services—plus the national research program of the TB associations—are financed solely by our purchases of Christmas Seals.

Your Christmas Seals will be in the mail Thursday, November 15th. It is urgently requested that you immediately place your contribution in the return envelope ready addressed, which will be in the envelope in your Seals arrive. Return your contribution as promptly as possible.

Your Christmas Seal contribution is an investment in the health of the community. It will help protect you and your family from tuberculosis.

This year 1122 free chest X-rays were made in Burkburnett. This service was made possible by your contributions to the TB Seal Sale.

Notes from County Agent and HD Agent

Due to the interest in growing certified seed by farmers in Wichita county there will be a meeting to discuss seed certification on Tuesday, Jan. 8th beginning at 7:30 p. m. at the Valley Farms Community House. Coffey, Agronomist from A. M. College will be the principal speaker. Farmers interested in such a meeting are urged to mark this date on their calendars and attend.

Visited with Lester Brooks, agent of the Iowa Park Experiment station this week and checked some of the small grain variety tests. Lester stated that he had the highest grain yield year at the station, that he had since he had been there. Brooks gave the highest yield wheat, Wichita was the second highest. New Nortex was the highest yielding oats. Harbine was the highest yielding barley. Brooks has some good oats of wheat following alfalfa at the station.

The pecan harvest is in full swing in the county. The yield is considering the dry summer we had.

Practically all the farmers in the county have their small grain and legumes planted. A number of farmers in the county are grazing their small grain.

Farmers are urged to turn under their cotton stalks to help down wintering quarters for hogs. A number of farmers have already turned under their cotton stalks.

When temperatures drop, all types of heating equipment are brought into use on the farm. With their use, the chances for fires go up. B. T. Haws, county agent says defective chimneys, carelessness with combustible materials or the misuse of kerosene products rank high causes of farm fires. He suggests that needed repairs and re-

placements be made before the winter season.

Feed containing a good source of vitamin A should be provided this winter for cattle on drought stricken pastures. Such feeds as cottonseed meal and hulls, sorghum, dry sorghum bundles, prairie hay and weathered Johnsongrass hay contain little or none of this vitally needed vitamin.

Many special radio and television programs originating in Chicago during National 4-H club Congress, Nov. 25-29 will feature 4-H club members, some perhaps from Texas. Watch local listings for time and stations.

The three C's of credit are a guide for family use of the charge account, says Thelma Wirges, county home demonstration agent. The first one is character, meaning, will you pay as you agreed to pay. The second C is for capacity and suggests the question, "can you pay as agreed?" The third C is for Capital and pertains to the security you have to offer to prove that you are a good risk. Remember that credit cannot take the place of income. It can only alter the time of payment.

As 1956 begins to come to an end, Wichita County Home demonstration clubs are putting the finishing touches on their club projects.

Mrs. Olen Bale, president of the Cooper Home Demonstration club reports that they selected a new project each month, in place of having one big project.

Their projects include. In January every member of the club paid poll tax and reported to the club. February was book reading month. Each member read a book and reported they took more time for reading since this was the monthly project. 3. Plant a garden was the project for March and most of the members completed this goal. 4. April was perfect club attendance month. In May the club gave a picnic for all graduates in the community. They also gave each graduate a gift. 6. Each member had their blood typed for the June project. 7. In July the club had a special program to stress chest X-rays, so each member

* Conference Games

would have this done. 8. August was play month, so the club project was a community picnic in honor of club members' families. 9. September and October were most important project wise. The club selected a needy school child, made and donated clothes, etc. to enable the child to attend school. 10. In November the club will take a basket of food to a needy family and in December they will take gifts to the State Hospital.

Mrs. O. J. Cooper, Mrs. W. P. Rogers and Mrs. Bobby Stewart served on the committee for selecting and helping carry out the 1956 club projects for the Cooper Home Demonstration club.

Ever wonder how much meat to buy for a meal? Here's a guide suggested by Extension foods and nutrition specialists:

For boneless cuts or ground meat, allow about 1-4 pound per serving.
Cuts with some bones Steak, chops and roasts, require 1-3 to 1-2 pound for each serving.
For heavy bone items—spare ribs, shanks, hocks, allow 3-4 to 1 pound per serving.
Dried beef, liver, sausage, bologna and some other sausages require only 1-3 to 1-6 pound per serving.

Wrap Christmas Pkgs. Securely

Pointing up the need for your cooperation on his 1956 "Mail Early for Christmas" campaign, the Burkburnett Postmaster says if you will follow these simple rules, all of your gifts can be delivered before Christmas Day: **Wrap them securely, Address them correctly, and Mail them Early.**

Amplifying these rules, the Postmaster said, "Avoid the risk of mailing poorly wrapped packages. Use corrugated mailing cartons, plenty of heavy brown wrapping paper, and be sure that every package is tied with strong cord. Cartons containing several gift packages should be stuffed with tissue or old newspapers to cushion the shocks." He also reminds us that size and weight limitations for Parcel Post packages vary according to place of mailing and destination, and advises secure Pamphlet No. 3, giving complete details on Domestic Postage Rates and Fees.

Speaking about correct addressing of Christmas gifts and cards, the Postmaster said: "Be sure your Christmas mailing list is up to date and that you have the complete name, address, the zone number, city and state for everyone on your list. Send all your Christmas cards by first-class mail, because they will be processed and delivered quicker, and they'll be forwarded, or returned, if it becomes necessary." Only Christmas cards sent first-class mail may carry written messages, a custom everyone enjoys. Moreover, Christmas card envelopes smaller than 2 3/4 inches by 4 inches or larger than 9"x12" require hand cancellation, and must carry First-Class postage.

Hints for Mailing Christmas Pkgs.

In anticipation of the largest holiday mail volume in history, our Postmaster called attention to ten basic pointers for users of the mails to follow in order to assure prompt and safe delivery of their Christmas cards and gifts.

1. Address mail fully and clearly. Write legibly or print plainly. Where applicable, use zone numbers on the address and return address. Avoid using abbreviations which might confuse mail handlers.

2. Be certain that a return address is printed on the upper left hand corner of both Christmas cards and parcels. This will prevent any undelivered mail ending up in a "dead letter" office.

3. Do not enclose coins or hard objects of any kind in letters, without marking the envelope for hand stamping. High speed cancelling machines cannot process such letters, often jam and damage letters.

4. Do not mail cash in any Christmas gift. For safety's sake use Postal Money Orders or checks.

5. Make sure parcels are well packed and securely wrapped in strong containers. Cushioning material, such as excelsior, shredded newspapers or tissue paper should be evenly and firmly placed on all sides of the Christmas gift. The carton should be wrapped in heavy paper and securely tied with strong twine.

6. Gifts of a delicate nature, such as glass, china, electrical appliances, radios and musical instruments, MUST be marked "Fragile" by the mailer. Food stuffs should be marked "Perishable" if subject to spoilage.

7. Insure parcels. Register letters of real value. Where only proof of delivery is required for letters of no intrinsic value use Certified Mail. Use Combination Mail where a letter or message—other than a gift tag—is to be enclosed inside a Christmas package.

8. Ask at any post office for the free pamphlet, "Post Office Department Publication No. 3" which contains rates of postage and limits of size and weight for domestic mail. Another free pamphlet at post offices entitled "Packaging and Wrapping Parcels For Mailing".

9. Mail Christmas cards and parcels early to avoid the last minute rush and waiting in line at the post office. The best times to avoid crowds at the stamp windows in most post offices are before 10:00 A. M. and between 1:30 and 3:30 P. M.

10. Every postal employee is happy to answer questions on postal rules and regulations. Anyone with problems about mailing his Christmas parcels should avail himself of the opportunity of discussing the problems with postal employees, and take advantage of their experience.

Mr. Summerfield further emphasized how important it is to start planning now to shop early and mail early for Christmas.

BIG BICYCLE CONTEST

A Spark in the Dark

The lighthouse keeper cannot be sure that anyone sees the light he is sending out. Yet, by that light seamen guide their ships safely past the rocks and shoals. The churches of this community are spiritual lighthouses. People of all ages are guided by their light. Let your church be your lighthouse! Attend its services regularly. Worship God at church every week, at home every day.

The Burkburnett Star

"We Write Hospitalization Insurance With The Travelers" ■ Burk Insurance Agency

HOWARD CLEMENT
New Location—Next To Legion Hall

Your C. of C. Represents All Types Business

Membership in your C. of C. provides an invaluable association, a useful service, and a share in the activity for the betterment of our community. The 1957 membership drive will get underway in early December—so let's do our part for ourselves and our community.

The man who gives of his time and his money for the betterment of his community is usually the man who is respected, has pride in himself and the community in which he lives.

Your Chamber of Commerce is the only organization set up to represent each and every segment of the American economy. It is the only organization which represents the service station operator, the physician,

the retailer, the industrialist, the investment banker and construction contractor. Although most of these have their own associations, your Chamber of Commerce represents them all.

A quick check may reveal Burkburnett business firms are overlooking one of the most worthwhile tax deductions on their income list. In order for C. of C. dues to be included on 1956 forms, they must be paid before December 31st of this year.

All members who operate on a cash or calendar year basis are urged to check on their 1956 investment in the Chamber before the end of December.

Your investment for 1956 has been put to good use.

Please note a portion of our 1956 activities listed below:

Contributed \$100.00 to Summer Youth Program.

Contributed \$125.00 to the Wichita County Stock Show.

Contributed \$150.00 to the Cotton County 4-H Project Show.

Gave \$35.00 to the Wichita County Project Show. Active in Highway 281 Association of Texas.

Active in and paid \$150 dues to West Texas Chamber of Commerce.

Active in and paid \$45.55 dues to North Texas and Southern Oklahoma Area Development Association.

Paid cotton and wheat premiums of \$100.00. Completed the brochure

of Burkburnett at a cost of \$283.00. These are very interesting and would be nice to give to your customers. These are available at your Chamber office. Come by and get a supply.

1956 Christmas decorations and Santa Claus parade at an estimated cost of \$300.00 have been planned.

Purchased penants for the Burkburnett Riding Club at a cost of \$365.01. This organization has been very active and brought lots of favorable publicity to our city.

Assisted with the Texas-Oklahoma Fair at Iowa Park.

Promoted the most successful rodeo in our rodeo history which enabled us to cut the indebtedness on Morgan Stadium to \$1000.00. The 1957 rodeo dates have been set for June 13-14-15. With your support we hope to clear this stadium of debt so that our profits may be used for our community projects.

Maintained a full time C. of C. office which has rendered various services to you and your customers. To mention a few: assisted SAFB personnel and other newcomers in finding places to live. Public rental service. Notary Public service. Collect state and county taxes, issued poll tax receipts and car licenses. Assist with drivers license renewals and other drivers license information. Assist with gas exemption forms and source of general information.

The table was covered with Italian lace over a pale green linen cloth, and centered with yellow spider chrysanthemums.

Mrs. Harris presided at the punch bowl assisted by Miss Hensley. Miss Linda Willingham was in charge of the guest book.

After a wedding trip to Oklahoma, the couple will establish residence in Wichita Falls.

The members of the Junior High football squad were honored at a party Tuesday evening, Nov. 20th. The party was given by the Junior High cheer leaders and a pleasant evening of dancing and games was enjoyed by all. Highlights of the evening was the crowning of Sharon Nix as football queen by Eddie Eastman, Captain of the football team.

Junior High students are looking forward to Nov. 29 and 30th when they will have a holiday for Thanksgiving, Texas style.

One third of the school year has passed with the completion of the second six weeks work. Many students are sadder but wiser having found that past performances do not necessarily mean that they will be placed on the honor roll.

Miss Partney Bride Richard Willingham

Miss Jacqueline Partney, daughter of Mr. and Mrs. James H. Partney, 3406 Sherwood, Wichita Falls became the bride of Richard A. Willingham, son of Mr. and Mrs. George H. Willingham of Burkburnett recently in the Pleasant Valley Baptist church. Rev. L. H. Hood, pastor, was the officiant.

The church was decorated with gold and bronze chrysanthemums. Music was presented by Mrs. Evelyn Carpenter, soloist and Mrs. Ross Brown, pianist.

The bride, given in marriage by her father, wore a waltz-length dress of white chantilly lace over satin, featuring a fitted bodice and bouffant skirt. Her fingertip veil was of tulle and applique lace. She carried a bouquet of white carnations atop a white Bible.

Mrs. Ted B. Harris was matron of honor. She wore a gold taffeta dress and carried a bouquet of bronze chrysanthemums. Miss Josette Hensley of Iowa Park was bridesmaid. She was dressed identical to the matron of honor.

Jack Sites of Burkburnett was best man. Leon Willingham, Dale Sites, of Burkburnett and Howard Herring of Roswell served as ushers and groomsmen.

The former Miss Partney attended Burkburnett High School and Wichita Falls High School. She is now employed by the Clinic hospital.

Willingham graduated from Burkburnett High School and is now employed with the Baggett Oil Co.

Following the ceremony a reception was held in the home of the bride's parents, Mr. and Mrs. James Partney.

The table was covered with Italian lace over a pale green linen cloth, and centered with yellow spider chrysanthemums.

Mrs. Harris presided at the punch bowl assisted by Miss Hensley. Miss Linda Willingham was in charge of the guest book.

After a wedding trip to Oklahoma, the couple will establish residence in Wichita Falls.

Grade School News

We have been somewhat confused this week by the double Thanksgiving. It did not seem quite right for us to come to school and do our school work with mother or daddy at the house getting ready to go see grandmother or some of the kinsfolks. It made us feel rather out of place not to be there and help get in the way and to see about what we should be doing. Most of us came to the conclusion that we were going to find out why there was any reason for the two Thanksgivings. We are sure of one thing that there will only be one Thanksgiving next year.

It will be so grand this next week when the bell rings at 3:50 on Wednesday. We will all be primed for a big celebration and a wild scramble with a big turkey leg. Say maybe this two a year Thanksgiving is all right after all.

Electric Cooking SAVES TIME

AUTOMATIC CONTROLS TEND YOUR COOKING FOR YOU!

Complete oven meals cook to perfection whether you're minutes or miles from your kitchen. Oven turns on and off at pre-set times, keeps food piping hot until you're ready to serve it.

Working wives and busy homemakers agree! Today's electric ranges save time in so many ways. Electric ovens cook complete meals . . . automatically . . . while you're out of the kitchen. New super-speed surface units start heating instantly . . . maintain any pre-selected heat automatically for fast, accurate cooking. New thermostatically-controlled surface units watch over your cooking while you're busy with other things. And because electric heat is so clean, utensils stay bright and shiny without scouring . . . and your kitchen walls and curtains stay new-looking with much less cleaning and care.

For a full measure of cooking pleasure . . . COOK ELECTRICALLY

See your favorite electric range dealer soon for the model that's exactly right for your family's needs and budget. You'll find electric cooking one of the nicest things about living better . . . electrically!

Mr. and Mrs. Palmer Fain and children of Denton, Texas visited his sister, Mrs. Blanche Solomon, Monday and Tuesday of last week.

News From The County Agent

Feed containing a good source of vitamin A should be provided this winter for cattle on drought-stricken pastures, suggests B. T. Haws, county agent.

Such feeds as cottonseed meal and hulls, sorghum grain, dry sorghum bundles, prairie hay and weathered Johnson grass contain little or no vitamin A.

Green feed is not available in much of Texas this year and cattle could not store in their bodies enough of this essential vitamin to supply their minimum requirements until grass turns green next spring.

Vitamin A deficiency symptoms in young cattle are night blindness followed by swelling of the joints, watering of the eyes and a tendency toward respiratory ailments. Under severe long-time deficiency conditions, calves, yearlings and two year olds may become day blind, have convulsions and eventually die.

One to four pounds of this years alfalfa hay will provide a minimum supply of vitamin A, Haws said. Twenty pounds of sorghum silage per head will do for cows. Short grazing periods on good wheat pasture or similar crops also are good.

Commercial feeds fertilized with synthetic vitamin A may be fed. Cows weighing 1000 lbs. can be fed fortified cottonseed cake or protein pellets at a cost for the added vitamin A of one cent per head daily, Haws said.

If fish oil products are used, Haws suggests that only a month

supply be bought at a time because this form of vitamin A is not as stable as other synthetic products.

Wintering experiments conducted at the Spur station show that some protein supplement should be fed with silage. Cows receiving silage alone had a lower calf crop and the calves were lighter than when fortified or unfortified cake was fed.

A number of Wichita County farmers planted a hybrid grain sorghum last year with good results, according to B. T. Haws, county agent. A number of farmers have requested the hybrid grain sorghums recommended for this area. The hybrids recommended for the Wichita Falls area are: Texas 610, 590, 601, 611, 660 and 650. These are the varieties recommended by the Texas Agriculture Experiment station at the present time. Texas 610 appears to be the best generally adapted hybrid for both dryland and irrigated conditions. Where an early maturing type is needed, it appears that Texas 590, 601, 610 and 611 perform best. Under very good conditions, such as with irrigation and good fertilizer, any of the hybrids should perform well.

I would suggest that farmers plant not more than a third of their acreage in hybrids in 1957 and suggest that they plant two different hybrids to compare with the variety which they have been accustomed to growing.

TWO GIRLS, A CHEVY AND A RECORD!

A meaningful achievement in automobile performance

Most automobile performance records you read about these days are set on a track or closed course. The results are usually pretty difficult to relate to the kind of day-in, day-out driving most of us do. Running at safe and legal speeds, a '57 Chevrolet recently chalked up a new coast-to-coast record on the road. And the way it set this record is even more important than the record itself!

A new '57 Chevrolet recently proved it has the qualities most people look for in a car—and proved it on the roads you travel, under the same conditions you drive in every day. It broke the record for the coast-to-coast run from New York to Los Angeles (certified by NASCAR). It was a strictly stock, V8-powered Chevy. It was driven by two young ladies.

This last fact, we think, is even more important than the impressive new record set by Chevrolet. Oh sure, it's nice to know that a Chevrolet can cross the country in one uninterrupted span—and do it in less than 57 hours. It's a tribute to Chevrolet's great-hearted V8 engine and solid road-worthiness that it could travel day and night for 2,913 miles at safe and legal speeds—and better the existing record for the trip by more than three hours. But it's only when you consider that all the driving was done by 98-pound Betty Skelton and her friend Caroline Russ that the true significance of this record run becomes apparent.

When a pair of young ladies step into a car and drive it round the clock to a new transcontinental record, you know that car is easy to drive. You begin to see what we mean by smooth-cruising comfort... by nailed-to-the-road stability by sweet-feeling sureness of control... by quicksilver responsiveness.

We'd like you to get to know this new Chevy. Stop in and see how beautifully it does all the things a car should do.

Wilbarger-Wichita Soil Conservation District News

Grasses, forbes and legumes to be judged at the 1957 Texas-Oklahoma Fair have been selected by the education committee for the Wilbarger-Wichita Soil Conservation District. Wade Bailey, committee chairman reports.

The list will include 40 plants taken from the master list for all grass judging contests in the state. The Texas Association of Soil Conservation Districts has prepared the master list.

Wade Bailey, chairman, was assisted by Bob Jacobs, Oklahoma Agricultural instructor, Harold Cowley, Harrold Agricultural instructor and Elvey Sargent, Work Unit Conservationist for Soil Conservation Service at Iowa Park. J. C. Walsler, Frank Wendt and Truitt Henning are other committee members who were unable to attend.

The 40 plants are as follows: Bermudagrass, Big Bluestem, Canada Wildrye, Cruley mesquite, Blue panicum, Buffalo grass, Canda Wildlife, Curley mesquite, Hairy grama, Scribner panicum, Indiangrass, Johnson grass, King Ranch bluestem, Little bluestem, Little barley, Meadow Dropseed, Purple threearm, Rescuegrass, Sandbar, Sand dorp seed, Sideoats grama, Silver blue stem, Switch grass, Texas bluegrass, Texas grama, Texas wintergrass, Tumblegrass, Tumblewindmill grass, Vine Mesquit, White tridens, tall fescue, alkali, sacaton, common broomweed, Englemann daisy, Ma ximilian sunflower, trailing ratany, western ragweed, lotebush, mesquite, Hubam sweetclover, Hair vetch, and Alfalfa.

A contestant must check either annual or perennial warm or cool season, introduced or native, good or poor grazing. The characteristics listed on the master list will be used.

A complete grass judging list may be had by writing **Fenton Dale**, chairman of Board, Wilbarger-Wichita Soil Conservation District, Box 333, Iowa Park.

Dry Planted Winter Pastures Growing From Recent Rain

Recent rains in many areas of the state have been sufficient to germinate and start growth of dry planted winter pastures. Too says B. T. Haws, county agent, plantings can still be made but late plantings mean less grazing. However, he adds, a little grazing is much better than none.

Management practices followed will determine to a large degree, the amount of grazing which winter pastures will provide, points out Haws. Small grains and annual clovers should not be grazed until the plants have developed root systems sufficient to keep them from being pulled up by grazing animals. Upright type plants such as A lamo oats and Goliad barley should be 8 inches high before being grazed. The prostrate types such as Mustang oats should be from 4-6 inches high before they are grazed.

First year planting of brome, orchard, fescue or perennial rye unless irrigated or on very fertile soil should not be grazed. The first season's growth of these perennials may be taken as hay in order to give plants an opportunity to become established.

When winter pastures are ready for grazing, Haws says to graze the plants down fast and evenly, then move the stock to another pasture, rotate the grazing for maximum forage production. Stock on winter pastures should continue to get dry hay. The dry feed will help control bloot.

News From The County Ag. Agent

Texas livestock producers can increase their income by several millions of dollars each year by controlling heel flies and their larva, the cattle grub. The real profit grabber is the larva which is now appearing as a lump, under the hide in the backs of dairy and beef cattle.

The yearly loss, says B. T. Haws, county agent, comes from damaged hides, lowered meat quality and reduced milk production. The grubs are readily killed in the fall when they are emerging from the backs of cattle and the recommended insecticide is rotenone.

Haws recommends 7 1-2 lbs. of derris or cube powder 5 per cent rotenone in 100 gallons of water for sprayer use. A spray machine capable of producing a 200 pound pressure should be used.

For a dip, Haws says, add 10 pounds of wettable sulphur to the above formula. As the cattle go thru the dipping vat, scrubbing their backs with a stiff, long handle brush will insure a better kill of the grubs by knocking off scabs and permitting the insecticide to penetrate into the animal's skin.

A dust can be compounded from one pound of derris or cube powder containing five percent rotenone and two lbs of a heavy nonalkaline dust such as talc, tripolic earth or Prophyllite. Ready prepared dusts contain at least 1.6 per cent rotenone. Work about three ounces of the dust into the back of each animal.

The treatment, whether in the form of dust, spray or dip, should continue at 30 day intervals as long as the grubs continue to appear in the animals back. Incidentally, says Haws, rotenone is also effective against lice and these troublesome parasites may also be controlled especially if application is made by spraying or dipping. Make the first application as soon as grubs begin to appear in numbers, Haws says.

Livestock raising, says B. T. Haws, county agent, is a gamble at best and herds infected with brucellosis make poor profit risks.

Infected cattle suffer an average reduction in milk flow. Too, they calve only once on the average of every 18 months instead of annually and replacement needs are increased by 30 percent. These losses, says Haws, apply to both beef and dairy cattle.

Swine producers fare little better with this disease. Infected sows abort or give birth to weak litters and often become sterile after an abortion. Brucellosis is also the most common cause of fistula of the withers in horses and frequently is responsible for waterbags forming on the knees of both horses and cattle.

Human cases of the disease are being diagnosed with increasing frequency among persons handling livestock and drinking unpasteurized milk. Too, the loss of markets for Texas breeding and stocker cattle is becoming a problem.

During the past summer, livestock sanitary officials of the state made a survey of dairy herds using the milk ring test. Out of 2,551 herds checked, 79.1 percent showed evidence of infected animals. A similar survey is scheduled shortly for beef herds of the state.

Haws says 500,000 doses of Strain 19 Brucellosis abortus vaccine are now available to Texas cattlemen. Cattle producers who are participating under control plans A, B, or C are eligible to get their free material. The only cost to be borne by the producer is for the services of an accredited veterinarian in administering the vaccine. Haws urges livestock producers to contact their veterinarian for full details because the vaccine will be distributed on a first come basis.

Local county agents can also supply information on brucellosis control and Haws suggests a visit with the local agent or an official of the Texas livestock sanitary commission for details on a control plan. Brucellosis has to go, concludes Haws, if the livestock industry is to continue making progress.

Miss Faye Lynch of Burkburnett and Miss Phyllis Turner of Cookie Town, Okla., were Sunday dinner guests of Miss Maxine Berry and Miss Betty Coffee of Wichita Falls.

Separate Fund Drive For Texas Cancer Division

The Texas Division of the American Cancer Society reaffirmed its policy on new participation in United Fund or Community Chest type of appeals for its county units in Texas at a meeting of the Division's executive committee in Dallas last week, Nov. 14th.

Making the announcement of the resolution reaffirming and strengthening the Society's fund raising policy was Travis T. Wallace of Dallas, chairman of the Texas Division board of directors.

The executive committee feels Wallace explained that participation in 'give once for all' campaign has a tendency to submerge the interests of the Society in their educational effort directed toward saving lives during our traditional April Crusade.

"Experience has shown," he said, "that our participation in such one-shot drives critically limits the funds available to us for our over-all local, state and national program of cancer control through research, education and service to cancer patients."

When you consider, Wallace said, that fully one-third of the Texans who died of cancer last year died needlessly, it is extremely important that the society make every effort in its power to eliminate this waste of human life, and we believe that this can best be done during the independent April Crusade.

In addition to directing the Society's county units not to enter into any new United Fund or community chest arrangements, Wallace pointed out that the Society's policy also sets up review and orderly withdrawal from united funds which are unable to continue to support the financial and program needs of the Society.

Mr. and Mrs. James Nunn and son James Alan of Premont, Texas are visiting their parents, Mrs. Minnie Nunn and Mr. and Mrs. L. W. Teel here this week.

ROTARY CLUB

Ralph Davis gave the invocation and Cliff Wampler led the group in singing, My Rotary.

Clark Gresham introduced 3 Rotarians from Wichita Falls and A. W. Newman as guest of Andy Andrews; Herbert Knauth of Overton, Texas; and Frank Craig, guest of Clark Gresham.

Ted Harwell was responsible for one of the better programs of the year and which was thoroughly enjoyed by the club. Mr. Harwell introduced John Tower, professor of Political Science of Midwestern University who spoke on the Middle Eastern crisis. Professor Tower gave a very enlightening discussion which was greatly appreciated by all.

Ralph Davis announced the quarterfinal play off football game to be at Denton, Texas Friday night at 8:00 p. m. Mr. Davis stated that reserved seat tickets would be available at the office Thursday.

Thirty-eight Rotarians a guest were in attendance.

Bill Haws will bring the program next Tuesday.

Mrs. F. R. Knauth will be today to spend the week months with her children in and south Texas. She plans return home in March.
