Burk Royalty Park Donated to City Tuesday

Post Office Dept. Accepts H. A. Mills Proposal for Construction of New Post Office Building

Located South of City Park

Two former Burk Burnett residents have given the City of Burk Burnett a five and eight tenths acre plot of ground next to the present City Park. It is the plot known as the Bob James place, just South of the City Park.

George T. Kimbell and C. J. Bohner, now living in Wichita Falls, are donors of the land.

Deed for the ground was presented to the city by Glen Bear of the Burk Royalty Company, Bear, a resident of Burk Burnett, has worked faithfully to help the City get this land for a park.

The gift carries a proviso that the land be used only for park and recreational activities by the people of Burk Burnett.

At the present time, not arranged for park purposes, the ground will soon be cleared and prepared for the usual park facilities by the city.

LIONS CLUB

Town Hall Each Tuesday 7:00 P. M.

Roy Magers had charge of the program. He presented Dr. J. A. Davey, who spoke on the Wichita County Red Cross Blood Bank.

Davey emphasized the fact that the blood bank DOES NOT make a charge for blood to patients. However, the hospital does make a laboratory charge for typing and cross matching the blood.

It is anticipated that the citizens of Burk Burnett will need 2400 pints of blood this year. It actually costs the Red Cross \$7.50 for each pint of blood received and placed in the bank. From those figures it appears this city has been falling down on its contributions to the Red Cross each year.

According to Davey, when a patient is in desperate need of blood, there is no time left to locate donors, and find the type of blood needed. That is why it is necessary to always have a large supply of blood in the bank, ready for immediate use.

Next week Sloan Mills will bring the program.

Officers nominated by the nominating committee were read. Nominations from the floor and election will be held April 28th.

Mr. J. C. Adams, Jr., has returned home from a very enjoyable visit with a former classmate, Mr. Keith James and family in Hamilton, Tex. While there he attended the Hamilton Chamber of Commerce banquet at which time Mr. James was installed as president. He was also privileged to meet Mr. W. F. (Bill) Billingslea, editor of the Hamilton Herald News. Mr. Billingslea is a brother of Misses Ella and Annie Laura Billingslea of Burk Burnett.

Randlett Elects New City Council Recently

The Southern Oklahoma town of Randlett has held its first city council election in 15 years.

Randlett has been served by a voluntary group of men informally chosen. In a recent vote, the board was made official and will work for civic improvements. First project will be to establish a city water system. Residents now must drill their own water wells or have water hauled in.

On the new council are Wes Beard, John Baber, Fred Eastman and Birdy Nation.

Voters of Burk What Went Wrong

To refresh your memory: a few years back the rural school districts were asked to consolidate with the City of Burk Burnett.

We were promised a much better school system, and that our boys and girls would be better qualified to enter college. For this, the price was high, our schools were torn down for salvage. To the men who helped build the schools, the men and women who attended these schools and the taxpayers who put their hard earned dollars toward its maintenance, really seemed a tragedy. To them the school was an outstanding monument, a place of happy memories. It was the school that kept the community together, it was a place where everyone was welcome. Each community was very proud of their school, it was their meeting place.

When we consolidated, we were to be part of the Burk Burnett Independent school system. Each district was entitled to one seat on the School Board.

It seems now that the voters no longer want the Rural Communities to be part of the Burk Burnett School system. What went wrong? Have you grown tired of our tax dollars? Do you want us to get out? Taxation without representation is no good, its Tyranny.

E. J. Simons

WHOM DO BOARD MEMBERS REPRESENT?

In the case of all school boards — county, common school district and independent school district — each individual board member is elected to represent the entire school district. Board members in Texas DO NOT represent wards, sections, or precincts. Neither do they represent racial, religious, fraternal, non class-groups of any kind. Board members represent all the people of the county or district.

1958 Magnolia Economy Run Coming to Texas

George Byerly, local Magnolia Wholesale Agent, has received a considerable packet of information concerning the Mobilgas Economy Run for 1958. The run started in Los Angeles, Calif., April 13th. It will end in Galveston, April 17th, after covering 1883.2 miles, encountering all kinds of driving conditions.

Average speed for the run will be 45.02 miles per hour. The lowest altitude will be encountered at Indio, Calif., 22 ft. below sea level. The high point will be hit at Apache Summit, Mescalero Indian Reservation, 7,540 ft. above sea level.

The Economy Run group will encounter 316 traffic signals, as they pass through a total of 141 cities.

The route includes Abilene, Cisco, Weatherford, and on into Dallas.

Cancer Drive Nets \$703.00

Mesdames Ping Lundberg and John Brookman, co-chairmen of the local Cancer Fund Drive, announce that a total of \$703.00 was collected Tuesday in a canvass of the business district and a door to door campaign in the residential area. However they point out that the fund drive will continue through the month of April and it is expected that the final total will reach \$800 or more.

Mrs. Lundberg and Mrs. Brookman wish to express their appreciation for the splendid cooperation they received from both the volunteer workers and the contributors.

Reserved Seat Rodeo Tickets Now On Sale

George Byerly, chairman of Rodeo ticket sales, announces reserved seat tickets go on sale Friday, April 18.

Tickets remain the same price as in previous years, \$2.00 each. Sections A, B, C and D on the East side of the stadium have been reserved for all three nights of the rodeo, Wednesday, Thursday and Friday, June 18-19-20.

Again this year, generous percentages are being offered clubs which wish to join in the ticket sales campaign. See George Byerly for other and further details of the plan.

Local Births

Birth certificates were issued to the following Burk Burnett parents last week: Messrs and Mesdames: Howard Lee Locklin, boy, Hildred Glen, A. C. Hicks, girl, Carolyn Ermon Trenton Mills, girl, Beatrice Diane, Richard Dale Smith, Boy, Russell Dale

Card Of Thanks

My wife and I wish to again thank our friends in and around Burk Burnett for the many deeds of kindness shown us during my stay in the hospital. We deeply appreciate the flowers, gifts, cards and your prayers. May God bless each of you. Reuben J. Shaw

Mr. and Mrs. Harwell of Tennessee and their son and his wife of Ft Worth were visitors in the home of Mrs. I. E. Harwell Sunday.

The Post Office Department accepted the proposal of H. A. Mills of Burk Burnett for lease of a building for the Burk Burnett Post Office. Regional Director George A. of Dallas advised Postmaster A. H. Lohofener this that the Department had accepted Mr. Mills' bid and said that the building could be expected approximately Jan. 1, 1959.

The new building will be located on the south side of Second Street between Avenue B and Avenue C. It will be leased to the Post Office for a term of ten years with two five year renewal options.

The masonry type building will be of modern design and will be equipped with refrigeration, air conditioning, overhead heaters, fluorescent lights will be built according to Office Department specifications.

The new building is made possible through the Department's "rent leasing program." Mr. explained. Because there have been no congressional appropriations for post office construction since 1938, the Department is meeting much of the cost for new facilities by lease construction from private investors.

The lease program is providing modern, functional type buildings that are contributing approved postal service and the same time leaving valuable real estate on local tax rolls to regional postal officials.

Basketball Teams Annual Banquet Tuesday, April 10

The 1957-58 Basketball banquet was held in the First Methodist church Thursday night for members of the boys and girls basketball teams and their coaches.

Mr. Fowler was master of ceremonies for the evening. He presented the girls B team; O'Brien, the boys B team; Ebelyn Johnson, girls A and Mr. Koller, boys A.

Polyn Clements entertained group with pantomimes.

Duplicate cards for the tables and duplicate cards for the basketball tips using the girls and boys they used all year. The boys and girls wish to thank their coaches for their donations and their wives for help in making the banquet such a enjoyable one.

Funeral Services Saturday

Funeral services for Frank H. Morrow, 82, who died Thursday in Wichita Falls General Hospital, were held at 10:30 a. m. Saturday at the Burk Burnett funeral home.

Mr. Morrow, officiated. He was in the Burk Burnett cemetery.

Mr. Morrow was born Nov. 3, 1873 in Alabama. He had been a resident of Burk Burnett since 1940 and had been in failing health for the past six years.

Survivors include Mrs. Morrow, Okla., a daughter, and Mrs. H. Schroeder of Long Island, N. Y. is visiting his wife here this week. Glen is a member of Eastern Airlines.

We Can Count On The Weeklies

The American Press states that: "—the continuation of country weeklies is one of the few things we can count upon in this troubled world." Here are some of the reasons why.

People who read metropolitan dailies do so as a matter of duty in order to get the "big news." But, if they live in a suburban town or rural area, they read their country weekly because they want to. It gives the local stories that mean something in their lives.

Respected weeklies have survived every crisis which ever hit this country because merchants in small towns will continue to advertise in their local weekly come depression or prosperity. It is a sure way of bringing in customers.

Circulation of weeklies is going up because there are more people living in the suburbs and in the country. Big city papers are doing well to keep even.

More and more weeklies are being published successfully right in the heart of metropolitan cities to fill the insatiable demand of people for local and neighborhood news and advertisements of neighborhood stores.

The nation's thousands of hometown newspapers are heading for their biggest period of growth, influence and responsibility. They are champions of the idea that the individual must own property and get ahead according to his ability in a free economy to retain the priceless right of political self determination under a representative form of government. The free press is our best defense against tyranny.

What Kind Of Tax Reduction

More and more people are coming to believe that federal tax reduction is almost inevitable within the near future.

If that view proves correct, the problem before Congress and the Administration will be to blueprint a tax reduction program that will produce maximum results.

So far, most of the discussion has been concerned with cuts in the individual income tax, and there is no doubt that this will be a major item in any program that has a hope of acceptance. However, it will be a woeful mistake if the government stops there.

In the long run, spending and capital investment by business will decide how many jobs will be available in this country and how good those jobs are. The present 52 percent corporation tax is a big and obvious barrier to investment. A cut in that rate would provide a real and lasting shot in the arm to the economy.

Then, it's high time we got rid of special taxes, which, though they are small revenue producers, divert business from basic enterprises and add to inflationary pressures. Prime examples here are the World War II excise taxes on freight and passenger transportation service. They are still on the books, all these years after that emergency ended.

GRASS ROOTS OPINION

AZTEC, NEW MEXICO, INDEPENDENT-REVIEW: "If the labor unions have their way it won't be long until we will be working for the unions and the government."

PINE BLUFF, ARK., COMMERCIAL: "Buildings as well as people are subject to conversion it seems. A former beer hall in Pochontas now serves as the sanctuary for the Shannon Baptist Church. Soon the church will have a new auditorium, but it will continue to use the former beer hall as a part of its educational building."

WILMINGTON, N. C. MORNING STAR: "Dr. Charles H. Kline, scientific director of a large New Jersey company, in a speech in New York, said that proper management is more important than money if research is to be effective. We think that his words drive at the root of the United States' lag in the missiles race. Congress, in seeking a solution, should not overlook the hindrance to efficiency caused by Washington bureaucratic web of confusion."

People Want Natural Gas - But

People want natural gas. That's a truism—demand for this fuel has grown spectacularly in late years. But, for all its obviousness, it is worth stating because of a situation which threatens to make it more and more difficult for consumers in the non-producing states to get the gas they want.

A Supreme Court decision, handed down in 1954, says, in effect, that under existing law the producers of natural gas which goes into interstate commerce must be federally regulated on a public, utility basis. Yet natural gas production is completely without public utility characteristics. It is intensely competitive and financially hazardous. There are no protected markets. The chairman of the Federal Power Commission himself has said that the commission can't work out a fair formula for setting field prices of the gas, because there are too many risks involved in production, too many unknowns.

The inevitable result is less gas for non-producing states. Producers are tending to confine their sales to the small number of producing states, where federal regulation does not apply.

This is a serious problem and legislation designed to correct it is now before Congress. That legislation has two main purposes. It would free the producers from needless and destructive bureaucratic controls. Then it would protect consumers by giving the FPC full authority to forbid producers to charge more than a reasonable market price for the gas.

A magazine published by Standard Oil of Indiana puts the case this way: "Unless we get some measure like this, we are going to have less and less gas available in the non-producing states, at higher and higher prices. Then the national defense will suffer for lack of this important fuel. The economy of the non-producing states will suffer. Those who now use gas and those who want it but can't get it will suffer."

STATE CAPITAL
Highlights
AND Sidelights
by Vern Sanford
TEXAS PRESS ASSOCIATION

It's a comparatively dull season at the State Capitol now. About the only noticeable sound and fury is generated by the workmen putting air conditioning in the legislative chambers and building new state structures nearby.

Last year at this time the capitol was a turbulent arena. Lawmakers' pounding debates, electric disclosures and close votes kept galleries filled, committee rooms jam-packed.

Now the lawmakers are scattered. But state issues are being decided, elsewhere. Next year's legislators are out talking with the people to see how they feel.

They are at the church suppers, PTA carnivals, civic club luncheons, lodge nights and cemetery workings. They are feeling out support, asking questions, making commitments in your town.

Answers they get and commitments they make will, in a large measure determine how the close votes go this time next year.

Small Turnover Possible — Prospects now is mostly for familiar faces at the legislative

desks next January. Barring a sudden rash of announcements, at least two-thirds of house members and nearly 90 percent of senators will be old hands.

Latest statewide survey by the Texas Legislative Service shows only three senators, Otis Lock, Searcy Bracewell and Carlos Ashley, bowing out of politics. There will be a scramble by House members for those seats.

Of the other 12 senators up for re-election only one, at last count, had an opponent. Remaining 16 in the upper house are having a breather, since only half of the senate runs each two years.

House of Representatives generally has a large scale assault on incumbents every election, and about a 30 percent turnover.

Less upheaval seems likely this year. Only about 20 representatives are not seeking re-election, including those running for the senate. Of those running for the house again, or still undecided, only about 30 have announced opponents.

A question mark enters into race decisions this year. Whether or not the legislators will have annual sessions and annual salaries will not be decided until the constitutional amendment is voted on next November, after the primaries. For some the prospects of \$7,500 yearly is a lure. Others don't like the idea of having to be away from home and businesses a good part of every year.

AT LAST — Spring has finally sprung in Texas employment, bringing the long-awaited seasonal pick-up in jobs.

Texas Employment Commission's latest report, for the first time since Dec. 20th, showed a significant decline in the number of unemployment compensation claims. Drop was from 92,435 to 89,326.

TEC said some 14,974 claimants had exhausted their benefits during January and February. Maximum allowed is \$28 a week for 26 weeks.

GROW WITH US

Some 3,000 major new factories will locate somewhere in the South within the next 10 years.

In reporting this prediction, Gov. Price Daniel urged the state's new Industrial Commission to get in and pitch for a Texas sized share of the incoming wealth and job-making industries.

Chairman E. B. Germany of Dallas said the commission would accept the challenge. He said the commission would study industry attracting techniques of other states and prepare a brochure on Texas advantages.

Chief among these, said Germany, head of Lone Star Steel is a healthy attitude among Texans toward industry.

Commission members serve without state funds to pay for projects. Several hundred dollars in donations have been received.

If voters next November approve an amendment removing the ban on state-financed advertising, the legislature can appropriate money for this purpose.

MAKE IT PAINLESS — Tax talk towers over the other topics in the build-up for the 1959 legislative session.

West Texas Chamber of Commerce has added a new idea to the stacks of proposals and counter proposals being presented to the State Tax Study Commission. It suggests making available for general use some of the unused balances tied up in the state's more than 100 special funds.

AFL-CIO says stricter application of present property tax laws might solve the problem without enacting new levies. Proper enforcement, said a labor spokesman, would tax, not only real estate, but bank deposits, boats, bank shares, stocks, etc. AFL-CIO had previously suggested a corporation income tax to meet the state treasury's expected need for more than \$100,000,000 in additional revenue.

Business groups, generally have opposed the corporation tax, saying it will hamper Texas industrial development. Some have proposed a general sales tax.

Tax study commission already has issued two of a series of 8 to 10 research reports to lawmakers for tax decisions. A third report, on how tax money is used and what future needs will likely be, is due later this month.

Though taxes are a prime campaign issue, legislative candidates are treading delicately around the subject. One said in his announcement that he opposed a general sales tax and a state income tax and that if additional taxes have to be levied, let's make it as painless as possible.

Good Roads Ahead — State Highway Commission has given approval to final phase of a 1959-60 state highway building program to cost \$319,000,000.

It calls for immediate spending of \$9,200,000 for the right-of-way buying under the new 50-50 cost sharing plan between state and local governments.

First phase of the advanced planning program was approved in February. Second phase covers 1,630 miles of roadway in 13 districts at a cost of \$140,000,000. This does not include future work on farm to market roads and interstate highways.

SHORT SNORTS — State Selective Service Headquarters has asked local draft boards to send up 4,247 men for pre-induction physical exams during May. It will be the second successive month of high quotas, highest since the Korean War, to replenish pool of potential military manpower. Price index of Texas farm products rose 2 percent from February to March, reports U. S. Dept. of Agriculture. Crops rose 3 percent, livestock 1 percent.

WILBARGER-WICHITA

SOIL CONSERVATION DISTRICT NEWS

The Wilbarger-Wichita Dealer District Association will meet at the White Rose Cafe in Electra, Thursday, April 3rd at 7:30 p. m., according to A. R. Etter, president of the association.

Election of officers, plans for the tractor driving contest and viewing of slides and film made at the recent farm implement field day are on the program.

Awards won by farm implement dealers during 1957 will be presented by Fenton Dale, chairman of the Board of Supervisors for the Wilbarger-Wichita Soil Conservation District.

Don James, farm reporter of the Wichita Daily Times, and T. Leo Moore, Executive vice president of the Texas-Oklahoma Fair are expected to attend.

Willie R. Thorman, district co-operator who farms five miles southeast of Wichita Falls, has been selected as outstanding conservation farmer in Subdivision V of the Wilbarger-Wichita Soil Conservation District, Fenton Dale, chairman of the board has announced.

Thorman will receive his award at the annual Wilbarger-Wichita Soil Conservation District "Banquet of Champions" scheduled for April 24th at 7:00 p. m. in the University Center at Midwestern University. The ten banks of the district are sponsors of the banquet.

The district conservation plan applied by Thorman on the 160 acre farm included location, shaping and seeding of a waterway for excess water disposal from terrace system, five miles of terraces, contour tillage, stubble mulching and a conservation chopping system. The crop rotation included Austrian winter peas, Madrid clover and small grain. Thorman had 80 of his 95 acres of cropland in Austrian winter peas during fall of 1956 and spring of 1957.

Range and pasture work included retiring six acres of cropland and seeding to mixture of KR bluestem, sideoats grama, blue grama and buffalo grass. Proper use of rangeland and construction of farm pond for livestock water have been other range practices applied, according to district records.

Color slides will be used at Call JO-9-2191 for all Printing

the banquet to show conservation work on Thorman's farm.

Albert Brockreide, district co-operator who farms five miles east of Punkin Center in the Electra area, has been named outstanding conservation farmer for sub-division four of the Wilbarger-Wichita Soil Conservation District, Fenton Dale, chairman of the board, has announced.

Sub-division Four, represented by Brockreide, is County Commissioners precinct Four in Wichita County and west to Oklaunion in Wilbarger County.

Construction of necessary waterways, seeding of waterways, field terraces, and diversion terraces have been mechanical practices applied on cropland, district records reveal. Brockreide's conservation cropping system has been on legumes in proper sequence, stubble mulching, and fertilizing of crops.

Austrian winter peas have given good growth, moderate amounts of grazing and increased wheat yields when the peas are followed by wheat. The land is usually summer fallowed between Austrian winter peas and wheat. Wheat stubble is stubble mulched on all acreage. Brockreide won the stubble mulching division of the Bridwell Soil Builders Award Program in 1956. He was ineligible in 1957, but used sweep and chisel type plows on all acreage except one field of very heavy stubble.

Terraces have been constructed on all sloping land needing terraces except one 90 acre field recently purchased.

Pasture work has included construction of ponds, mowing of weeds and proper use of grasses.

Brockreide's conservation work will be recognized at Wilbarger-Wichita SCD Banquet of Champions, Thursday April 24th at 7:00 p. m. in University Center at Midwestern University.

Supervisors urge all those planning to attend to secure tickets. Complimentary tickets may be had from any of the banks in the district or by writing your supervisor.

Mrs. Lester Brooks, Mrs. V. C. Lamb and Mrs. R. J. Ring represented Wichita County Home Demonstration clubs at the District meeting this week. This meeting was in Rotan. Miss Thelma Wirges and Miss Ethel Lynn Geeslin also attended.

The City View Rural Neighborhood group, where J. B. Cissell is president and the Friberg group where Clinton Swinford is president, have just completed their record book for the year. These records will be judged by a district judging committee. Both communities will be visited by the judging committee on Monday, April 21st. Cash awards will be given to the top 5 communities in each district.

The Wichita County program building committee is holding its education meeting this week. Gene Robertson is chairman. Sub committee chairmen are: Mesdames Gail Mitchell, J. L. Graham, L. L. McHugh, Marye Ecklekamp, Dutch Ecklekamp, Max Carpenter, Loys Barbour, Gail Lowrance, Gene Robertson.

Are some of your varnished pieces dull looking, sticky or soiled? If so, here's a face lifting and cleaning suggestions by Thelma Wirges, county home demonstration agent.

In a double boiler combine 1 quart of hot water, 1 tablespoon gum turpentine (to cut the dirt) 3 tablespoons boiled linseed oil, or lemon oil to lubricate, feed and polish the wood.

Keep the mixture hot in a double boiler while you work. Dip a soft cloth in the solution, wring out excess moisture and apply to furniture doing only one part of the piece at a time. Rub the wood, keeping moisture away from the joints as much as possible. Fine steel wool may be used to rub the solution on badly soiled surfaces. Wipe the surface immediately with a dry cloth. Polish with a woolen cloth.

Mrs. J. L. Graham is chairman of the Wichita County Home Improvement committee. Mrs.

Graham and members of the committee encourage you to visit a home demonstration club in your community. The clubs are working on the kitchen phase of home improvement this year.

The home improvement committee from Knox County, visited Mrs. Ralph Swinford last week. Mrs. Swinford has developed an excellent result demonstration, in homestead improvement. It was so well planned that not one shrub was lost in 6 years. Water was limited and the landscape depended almost entirely on rainfall. Mrs. Swinford will be honored as Wichita County Conservation Homemaker of the year at the Soil Conservation Banquet, later this month.

How to Figure Social Security Monthly Benefits

What is the basis for figuring the amount of my social security benefits? This is a significant and important question on the minds of millions of American workers approaching retirement age. The terms of the Social Security Act provide that all benefits are based on the amount of an individual's average earnings. Whether you work as an employee for someone else, or are self employed as the operator of a business or profession, or whether you are the operator of a farm, your benefits are based on your average earnings.

Benefits for dependent members of your family are likewise based on your average earnings. The bigger your average, the higher your benefits, and your dependent's benefits. An individual worker's benefit ranges from a minimum of \$30.00 per month (\$24 for women at 62) to a maximum of \$108.50. It is important that you understand how your social security benefits are figured in planning your retirement program.

If you are interested in more detail, your local social security office will be happy to supply you with a publication entitled "How to Estimate your Social Security Payments."

DEN NINE

Den 9 met April 10th at 219 W. 4th St., with den mother, Mrs. E. H. Simmons. The meeting opened with the flag ceremony, then the boys studied their Cub Scout requirements. They also finished their sack and finger puppets for the Scout O-Rama that will be held in Wichita Falls April 18 and 19. Refreshments were served by Michael Knox. The meeting closed with the living circle and law of the pack.

Rodney Turner, keeper of the buckskin.

Highway Patrol Needs Applicants

Texas Highway Patrol Lieut. W. J. White of Wichita Falls announced today that examinations will be given next month for positions with the Texas Department of Public Safety.

Young Texans interested in a career in law enforcement may compete in state wide examinations for the positions of Highway Patrolman, Driver License Patrolman, License and Weight Patrolman and Motor Vehicle Inspection Patrolman. May 10th is the deadline for submitting applications to the Department Headquarters in Austin.

Job Security, paid vacation, sick leave and retirement are only a few of the benefits you will enjoy as a State Law enforcement officer. Any young man between 21 and 35, a high school graduate and in good physical condition can contact us at the Highway Patrol Office in Wichita Falls for an application, the Lieutenant said.

Mrs. Opal Bookbinder and Mr. and Mrs. Billy Ashlock visited Maj. and Mrs. Tommy Harms and family and Mr. and Mrs. Butler Westerfield in Waco over the weekend.

Mr. Frank Hendon has returned home after six weeks schooling in Alabama.

Mr. and Mrs. Bob Smidt of Burk Burnett are the proud parents of a baby boy, Michael Lloyd, born Thursday, April 10.

Mr. Roy Teal of Lubbock, is visiting in the home of his brother, Will Teal this week.

Newel Level, Jr., of Ft Worth visited in the home of Mr. and Mrs. Will Teal Tuesday and Wednesday of last week.

Mrs. Lee Hogle and Lee Ann of Wichita Falls visited Mr. and Mrs. J. C. Adams Sunday.

Current Lit. Club Luncheon Held In Ralph White Home

A "Friendship Luncheon" was held Thursday, April 10th in the home of Mrs. Ralph White. Co-hostesses were Mesdames E. B. McCabe and Marjorie Kauer. For the occasion the house was attractive throughout with arrangements of flowers. Gladioli in shades of pink and peach were featured on the dining table. Nougats of violets in miniature vases centered the tables with their appointments of china, silver and crystal. Luncheon was served following an invocation by Mrs. O. L. Clark.
 After the welcoming of members and guests by Mrs. Ralph White, president, a short program was given. Mrs. R. C. Chambers, leader, introduced the program for the day the theme of which was City Beautiful. She presented Mr. A. W. Newman, city manager, as the featured guest speaker who gave a very informative talk on City planning and Objectives of City Improvement. He first explained the commission type of government under which our town operates. As outlined by him, one of the town's major anticipated projects which will add to its improvement and beautification is a swimming pool and new park. He explained that the city is in the process of purchas-

ing eight acres of land, two of which will be allotted to the swimming pool, the remaining six, for a park to provide for tennis courts, soft ball diamond, picnic grounds, etc. Another important project hoped for is additional acreage for the present park and enlargement of the local cemetery. He stressed the fact that it would take the combined efforts of all civic organizations to consummate these projects.
 Miss Ella Billingslea gave the club counselor's report. Mrs. F. M. McMurtry read a paper on Parliamentary procedure.
 During the brief business session which followed, Mrs. Ralph White presided and called for reports of the secretary, treasurer and other chairmen. Volunteers were solicited for the Cancer drive Tuesday night, April 15th and asked to contact Mrs. Ping Lundberg, chairman or Mrs. John Brookman, co-chairman. Members were reminded of the White Elephant sale which is to be held at the next meeting.
 Mrs. C. M. Archer, president-elect, named officers and committees for the ensuing year.
 Eighteen members and the following guests attended the luncheon: Mesdames F. C. Roye, D. C. Dodson, A. W. Newman, Lewis Witherspoon, W. H. Bohner, C. D. Gee, Hugh Jones, Ray Mills and J. N. Hicks and Mr. A. W. Newman.

SOME KEYS FOR TEEN-AGERS ON HOW TO BE GRACEFUL

The chances are about 99 to 1 that the teenage girl with a straight spine will grow into a young woman with a beautiful figure.

What, you may ask, is the secret to having a straight spine? The answer is: good posture. The earlier in life that practices are followed to bring about good posture, the greater are the chances for a graceful carriage through the rest of the years of life.

While it is important to be attractive, it is more important to be healthy. And posture and health do have a connection. Bad posture can cause chronic fatigue, backaches and many other types of physical ailments. All of us like to think we follow the rules of good posture, but do we really?

In the times of rock and roll and its jerky rhythms and many hours of watching TV in a cramped position, it is difficult indeed to keep the spine in line.

It can be done, however, and here are some suggestions: Stand tall and walk tall at all times.

Keep your shoulders square. Take exercises that will keep your body firm, so each part, especially the spine, can perform the job it is supposed to do.

Follow good sleeping habits (sleep tall and on not too soft a mattress).

Remember, the effects of bad posture often take a long time to correct. So form good posture habits early in life.

The period of May 1-7 (Correct Posture Week) is set aside each year as a reminder to teen-agers and people of all ages that good posture leads to good health.

Correct Posture Aid To Health

Correct posture is one of the most necessary components to good health.

Emphasis of this fact will be the keynote of Texas Correct Posture Week, May 1-7, sponsored locally & Statewide by members of the Texas State Chiropractic Association.

Postural defects often result in disease since they curtail the natural function of the nervous system. Too often, good posture is regarded as merely an asset to good appearance and not as an asset to good health. Dr. C. T. Harkey, Jr., of Victoria, TSCA president said this week.

The effects of a mechanical and industrial age have taken a tremendous toll in the health of the nation via postural defects produced through work requiring the same action by the same muscles day after day for long periods of time, Dr. Harkey said.

Chiropractors of Texas are interested in good posture because they have learned that correct posture is the foundation of good health.

We believe it is fully as important to check the body posture periodically as it is to check the teeth, he said. That is why we are sponsoring Correct Posture Week. We want to draw the attention of every person, young and old to the importance of good posture. Nerves, muscles, vital organs, all may suffer impairment of functions as a result of incorrect posture.

Boys' Chapel at Gatesville to Be Dedicated

Dedication of the Boys' Chapel at the State School for Boys, Gatesville will take place Saturday, April 19, at 11:00 A. M.

This is the first chapel at a state-owned juvenile institution in Texas history.

The non-sectarian chapel is a project of the Methodist Foundation of the Wichita Falls District.

Over 200 participating families in Methodist Foundation contributed profits from their businesses to the chapel. The 28 foundation directors gave individual donations.

Profits from operation of parts of businesses in Wichita, Nolan, Clay, Archer, Jack, Baylor, Wilbarger, Young and Montague counties in Texas and Jackson County in Oklahoma have helped to finance the Boys' Chapel.

Businesses included ranching, farming, oil, stock feeding, medical supply rental, insecticide repellant and also puppy raising.

FRIENDLY BLUE BIRDS

Mrs. Clarence Koenig entertained the Friendly Blue Birds in her home on Tuesday afternoon, April 8th. We were happy to have all members present after a siege of measles, mumps, chicken pox and other illnesses.

After the business meeting, reading of the Blue Bird Wish, Flag Salute and two songs, we went on a short hike to see some baby chicks.

Refreshments were served by Mrs. Koenig and Barbara to the following: Brenda Ainsworth, Linda Fisher, Lynn Kelly, Treva Ladd, Vicki Loftis, Karen Dietz, Kathryn Reed, Pamela Six, Diana Swan, Jan Vincent, Mrs. Paul Fisher and Mrs. Beryl Six. Pamela Six, Reporter

Highway Patrol Monthly Report

Lieut. W. J. White, commanding officer of the Wichita Falls Sub-District of the Texas Highway Patrol said today that patrolmen of his area contacted 2,739 traffic law violators during the month of March, 1958.

Lieut. White reported that 580 of those were arrested while 2,159 were warned for violation of the State Traffic Laws. Speeding was the leading cause of arrest, no operator's license 2nd, stopping sign violation ranking third. This is for the entire Sub-District comprised of Archer, Clay, Jack, Montague, Palo Pinto, Parker, Wichita and Wise Counties.

Lieut. White said that in Wichita County during the month of March, 1958 the Highway Patrol investigated a total of 38 accidents of the following types: 1 fatal, 8 injury and 29 property damages. These accidents resulted in a total property damage loss of \$17,495, plus 1 person killed and 9 injured. Compared with the same month last year this is an increase of 1 accident. This is an increase of 1 death. Wichita County also saved \$2,205, more than for the same month in 1957.

Rev. and Mrs. T. Herbert Minga of Denton visited Mrs. Chloe Wiggins Monday night. They are attending the Perkins lectures in Wichita Falls this week.
