A Summer expansion program of the Burk Burnett schools will see a remodeled auditorium, 3 new classrooms and a new band hall at Burk Burnett High School when September comes.

Cost of the improvements will be about \$78,000, Supt. I. C. Evans estimates.

Burkburnett also has applied for a 15 classroom elementary school in the Capehart Housing project at Sheppard Air Force Base. The request for a school is pending in the U. S. Dept. of Health, Education and Welfare. Capehart Housing at the base will be across U. S. Highway 281 from present base facilities. This area is in the Burk Burnett school District.

Grade students in the project will attend Burk Burnett schools until the Capehart school is built. Evans stated, High School students will attend Burk Burnett High school.

Walls on the \$37,500 band hall are about 40 percent completed. Work on the \$15,000 auditorium remodeling is about 30 percent finished. Classroom work is about 60 percent completed, Evans says.

In the high school auditorium, a new ceiling is being built four and a half feet lower than the present ceiling. It will be of acoustical tile and will be slanted.

A tan, vinyl tile floor will be laid and 336 new seats will be added to the auditorium. A huge trophy case will be built in the hall in front of the auditorium, the back of which will provide the back wall of the auditorium. Work on the auditorium will cost \$15,500 and the seats will cost \$3,292.

The old high school cafeteria, which has been used as storage space, will be converted into 2 general classrooms at a cost of \$21,050.

Classrooms are needed to take care of an expected enrollment of 380 in high school next year. The 1959-60 freshman class is expected to be about 120—more than double the number of senior class.

A vocational agriculture room is being expanded to include cabinet storage space for equipment and added class space.

The new band hall—located at the southeast corner of Hardin Grade School near the high school building—will include a practice hall, instrumental storage room, two offices and five individual practice rooms.

A frame, barracks type building used previously as a band hall has been moved to Morgan Stadium and is being used as an athletic equipment storage building.

It is expected Morgan Stadium may be used in the future for Bulldog football games, Evans said. Bulldog Stadium at the high school seats 5,000. Morgan Stadium seats 6,500 and can be expanded to hold 10,000.

Evans said use of Morgan Stadium is a long range possibility not planned for the near future. Burk Burnett school officials met with officials of Sheppard Air Force Base, the Texas Education Agency and the U. S. Department of Health, Education and Welfare this month to discuss Capehart schools plans.

The 15 classroom school would be designed for 450 students, it was said.

Repairing and painting of Bulldog Stadium is another summer project, Evans said. Contractor on the summer work is E. B. Burton of Burk Burnett. James R. Killebrew of Wichita Falls is architect and engineer.

Roy L. Silkwood is principal of the high school. Board of Education includes A. J. Muller, president; Herman Miller, vice president; Weldon Nix secretary and members J. L. Mitchell, W. T. Zimmerman, Clyde O. McDonnell and W. H. Preston.

Mr. and Mrs. John A. Brookman and daughter of Oklahoma City and Mrs. John Brookman of Burk Burnett have returned home after a weeks visit in Humble and Houston, Texas, visiting their brother and son, Mr. and Mrs. Don Brookman and children and other relatives.

Mr. and Mrs. A. D. Myers of Alice, Texas, visited this week in the home of Mr. Myers' sister, Mr. and Mrs. A. W. Cole. They also visited relatives in Henrietta, before returning home.

School Lunch Funds Increased For Texas Schools

First installment of \$5,488,245 of federal funds for Texas schools in the national school lunch program will be released by the food distribution division, Agricultural Marketing Service, Dallas, around Sept. 1st, reports John J. Slaughter, chief of the Dallas AMS office.

Texas public schools will get \$5,166,017, an increase of \$661,449 over last year and private schools will get \$322,228, an increase of \$72,570, according to Slaughter.

Funds appropriated by Congress for the program are released to the state according to the number of children between 5 and 17 years of age, inclusive, and the relation of the per capita income in the U. S. to the per capita income in the state.

The public school allotment for Texas will be used by the Texas Education Agency to reimburse schools in part for the food bought from local merchants. Texas private schools secure their allotments directly from Slaughter's office. Last year about 3,000 public and 131 private schools operating under the school lunch program spent about \$20,780,935 with local merchants for food, Slaughter said. They served 90,860,139 meals, nearly all with a half pint of milk and the average cost was about 25.4 cents during November, the peak month of participation last year.

With the use of USDA funds and foods, schools can keep the cost of lunches at the lowest possible level, Slaughter said emphasizing that each school determines the cost of its lunches on a non profit basis.

The program is designed to improve the diets of school children and to enlarge the market of farmers. At the same time, it creates local business and jobs.

Texas public schools which have not been in the program but wish to participate this next school year should contact Charles M. Hicks, Texas Educational Agency, Capitol Station, Austin. Private schools should contact the Food Distribution Division, AMS, USDA, 500 S. Ervay Street, Dallas 1, Texas.

Jehovah Witnesses Convention Opens

The eight day divine Will International Assembly of Jehovah's Witnesses opened Sunday July 27th at Yankee Stadium and Polo Grounds with 180,291 persons in attendance from 123 lands.

Harold P. Bruce, presiding minister of the Central Unit of Witnesses in Wichita Falls informs us that 78 delegates from the Wichita Falls congregations are in attendance at the World Assembly of Witnesses.

"The international aspect was evident the first day of the assembly, Bruce said, with students of the 31st class, from the Watchtower Bible School of Gilead South Lansing, N. Y. giving their graduating program in their native costumes from 64 lands.

The Divine Will International Assembly, is not a revival, Bruce said, but is a giant Bible school designed to stimulate the immediate as well as long-range progress of Jehovah's Witnesses in providing more Christian ministers to fill the spiritual vacuum spreading throughout the world.

Both the Polo Grounds and Yankee Stadium have been converted into mammoth kingdom halls for the sessions, which will be run eight to 12 hours daily in 20 languages.

Last Rites Thursday In Henderson For Mrs. J. M. Hayworth

Funeral services were conducted Thursday from the Weiland Funeral Home Chapel in Henderson, Tex., for Mrs. J. M. Hayworth, 84, who died Wednesday in a Henderson hospital from injuries received in a fall two weeks ago. Interment was made in a Dallas Cemetery.

Mrs. Hayworth is the former Addie Lynch of Arkansas. She was a resident of Burk Burnett many years and was a member of the First Baptist church. Mr. Hayworth, who preceded her in death last fall, was a carpenter and built many of the residential homes here.

Mrs. Hayworth is survived by one daughter, Mrs. John Yelush, of Dallas.

City Out of Trash Pickup Business New Concern Doing Excellent Job

The City of Burk Burnett has gone out of the trash pickup and hauling business, at least for the time being.

A contract was awarded Virgil Aaron of Wichita Falls to pick up and haul off trash in both the downtown and residential part of town. Mr. Aaron has had many years' experience in this work and is doing a good job here.

When he took over the job here in Burk Burnett, Mr. Aaron put on one new truck manned by three men. At that time the city was almost a week behind with the pick up because of failure of the big old packer truck. Since that time the new concern, by gathering trash in the downtown section at night, has picked up the slack and is now back on regular schedule.

Trash in the residential part of town is picked up once a week. In the downtown section, the job is looked after daily where the quantity justifies it.

Dump Yard Leased
The City has turned its lease to the dump yard over to Mr. Aaron, who has complete charge of its operation. The first week end after Mr. Aaron took over, the dump yard was left open to the public. Monday morning it was impossible to get a truck into the yard where it could dump, because of the haphazard way people had dumped their trash. The gate leading to the dump grounds is now kept locked at all times.

The cost of regular trash pickup is not expensive. Just \$1.00 per month in the residential part of town. Rates down town are regulated by the frequency of service, etc. Mr. Aaron is making every effort to please the people, and get every house in town on the regular pick up service. He may be contacted at the City Hall by any one wishing the regular service who does not now receive it.

Just as soon as a suitable house can be located, Mr. Aaron will move his family here. He says he has another new truck purchased, and it will be put into service here whenever the demand reaches the point where it is needed. He hopes that will be very soon.

In addition to regular service, the new concern is prepared to take up and haul off trees at a very reasonable price. Arrangements for any extra service may be made with Mr. Aaron.

Swimming Pool Funds Need Boost

According to the finance committee of the Burk Swimming Club, Inc., funds are not coming in as fast as they should. Some note payments are due and should be made.

Those interested in getting memberships may contact James Brady, Jr., at the Retail Merchants Association office. Note payments may also be made to him or any one may authorize him to draw drafts on them for payments.

This group has worked hard to raise sufficient money to build a swimming pool in Burk Burnett. For a while the membership drive was going great, but for some reason interest has cooled off during the heat and vacation season.

GRASS ROOTS OPINION

WEST POINT, MISS., DAILY TIMES LEADER: "Companies with an aggregate of more than 5 million workers have turned to self-help programs to pull themselves out of a recession. Those putting more money in research, promotion and advertising report sales up, and profits expectations higher. By the same token, Pessimists are those who have pulled shutters after them in the storm. These are some of the findings of the American Management Association, which polled its members as they gathered for the economic mobilization conference to exchange views on restoring prosperity.

LEROY, ILLINOIS, JOURNAL: "Down through the years newspapers, and their editors and publishers, have been accused of a good many things not excluding libel, dishonesty, tactlessness, sensationalism and lack of principle and ethics. But one thing of which they haven't been accused is not being outspoken. One of our favorite examples of that last trait comes from a paper out in Oklahoma where personal journalism is featured as a virtue and not a crime. Under the masthead the editor says: 'If you feel you have been stabbed unduly come in and we will take it back, unless the stabbing was intentional'."

WILDWOOD, NEW JERSEY, LEADER: "If a potential customer comes and looks and does not buy, it simply means that in all probability he has found some fault with the merchandise or with the price at which it is offered for sale. That may not be the fault of the merchant. It may be the fault of the distributor or the manufacturer, factory management, or labor unions or labor leaders—all of which probably figure in the economic maladjustments which so plainly exist."

BELLINGHAM, WASH., HERALD: "A proposed curfew law would make parents responsible for their children. Then there might be consideration given to a law to make parents accountable to their children."

MANTORVILLE, MINN., EXPRESS: "The trouble with today's dollar is that it seems to have been built more for speed than for endurance."

BELMONT, NEW YORK, DISPATCH: "It is a recognized fact that taxpayers of this state are subject to a substantial brokerage fee" under any federal aid program. The Citizen's Public Expenditure Survey estimated that the \$1.5 billion school aid program, defeated in the House last year, would have cost taxpayers of this state \$2.25 in federal taxes for each dollar returned as 'aid'."

BAYLIS, ILLINOIS, GUIDE: "This may not be a new discovery but the news comes to us only this week concerning a sure way to wean an overgrown calf that refuses to be weaned. Just butcher it. This method is said to be a tried and proven one and guaranteed to work."

BOSWELL, PA., NEWS: "One cannot really excuse youngsters for breaking the laws by simply saying they didn't realize what they were doing. The fact is that young juvenile criminals do know what they are doing, and they should be held responsible for their actions."

PORT GIBSON, MISS., REVELLE: "While we hear and read much about conservation of our natural resources, let us think seriously of the prevention of erosion of the great principles of American Democracy. In some areas of our country the soil has been allowed to erode until the areas become barren. Prevention of this erosion is a constant fight, so is the prevention of erosion of Democratic and free enterprise principles, we can not afford to be negligent for a minute."

WEST BRANCH, IOWA, TIMES: "The businessman who does not advertise regularly is like the merchant who had his telephone disconnected two days a week! People buy every day."

BAY SHORE, N. Y., SENTINEL and JOURNAL: "Let's suppose you're on a 400 mile trip. Statistics show that if you whiz along at 75 mph, the chances of someone getting killed in an accident occurs are 1 in 8. Drive 65 mph and your chances of dying if an accident occurs are a lot slimmer, 1 in 20. At that speed it will take about an hour more on the road. Slow down to 55, though, and if a collision takes place the chance of a fatality occurring is 1 in 50. The slower speed will mean a couple more hours of driving on the 400 mile jaunt."

An Ad In The Paper

One of the most valuable tools that has been used for combatting the current recession is the advertising power of home town and neighborhood newspapers. At the end of every production line stands the consumer and national prosperity is but the sum total of local prosperity. In thousands of communities all across the country because of editorial comment encouraging people to buy in their own neighborhood or in their own home town and as a result of newspaper advertising programs undertaken by local merchants, local retail sales, the pulsebeat of national prosperity, have been much encouraged.

An ad in the local paper has always been the mark of a successful business and the experience of recent months has only served to prove the point.

Capital Punishment For Workers

"It is seldom mentioned by opponents of right to work laws, but one giant in the labor movement who had serious doubts about the right of unions to decide who should work and who should not was the late Samuel Gompers," says The Saturday Evening Post.

Mr. Gompers spelled out his doubts in this passage from his autobiography: "I held and I hold that if a union expels a member and he is deprived of his livelihood, in theory or in fact, in so far as he and his dependents upon him are concerned, it is capital punishment."

The Post adds: "If a man can be deprived of the right to work because of nonmembership in a union, he can easily be the victim of the capital punishment described by Mr. Gompers. Indeed, the files of the McClellan Committee contain many tragic letters from men who are walking the streets in search of work incurring the displeasure of a union leader and have lost their jobs because of union-shop agreements!"

The right to work principle is the one fundamental and inescapable need if the worker is to be a free man and a free agent in fact instead of in empty theory; if labor dictatorships are to be prevented; and if the unions are to obtain members and dues on the basis of good service rendered instead of by the threat of "capital punishment."

John (Butch) Boswell is expected to return home soon from New Mexico where he has been spending the summer with his grandparents, Mr. and Mrs. J. H. McCarty. John is the son of Mr. and Mrs. Pete Boswell.

MRS. J. D. MAJORS TOURS WESTERN STATES RECENTLY

Mrs. J. D. Majors of Burkburnett and granddaughter, Sandy Majors of Corpus Christi, have returned from a vacation trip with Mr. and Mrs. Garland Johnston and daughters, Betsy and Jill of Vernon. Some of the interesting places they visited were Grand Canyon, Yosemite, Sequoia, Brice and Zion Parks.

The highlights of the trip were a boat trip to Catalina Island, touring the International Motion Picture Studio at Los Angeles, Disneyland, swimming in the Pacific Ocean and a visit to the Hearst Castle in San Simeon, Calif. They, together with the three other families from Vernon that were in the party, all reported having a most wonderful vacation.

GOOD NEIGHBOR GESTURE

Neighbors and friends of the late Bob Hinkle of Devolet met early Tuesday morning at the Hinkle farm to prepare the land for the fall season. This was truly a good neighbor gesture and was sincerely appreciated by the family.

Card Of Thanks

We deeply appreciate the floral offerings, the food and the thoughtfulness of our dear neighbors and friends during our recent bereavement.

THANK YOU

It is with a sincere feeling of humility that I say "Thank You" to all the voters and friends who helped elect me Wichita County Judge. I will try to be the kind of judge who is worthy of your trust.

I also want to take this opportunity to thank my opponent, Judge Guy H. McNeely, for the high principles he displayed in the manner in which he conducted himself during this campaign and his gracious spirit of co-operation afterward.

SINCERELY,
TEMPLE DRIVER

HOW FAST CAN YOU GO IN A COFFIN?

Next time you are tempted to step on it, ask yourself this question! Last year, 40,000 died on our highways. In 3 out of 10 fatal accidents, drivers were speeding. Obey speed limits. Drive safely.

STATE CAPITAL Highlights AND Sidelights by Vern Sanford TEXAS PRESS ASSOCIATION

1876 a wagon with a team was good transportation in Texas. But on today's city streets and super highways, the wagon would be just a traffic bottleneck.

Some Texans are now saying the 82-year old, ox wagon is a bottleneck on the road to development of the 20th century government.

Constitutional revision is not of the currently sizzling campaign issues. But, quietly and patiently, numerous people in government, in the bar, in professional and civic groups,

the press and in private and public educational institutions are plugging away in a make haste slowly campaign. Principal objective now is to get Texans thinking about what they want and need in a state constitution today.

Their campaign gained official blessing last year when the Legislature passed a resolution instructing the Legislative Council to do research on the subject and report back in 1959. An 18-member citizens advisory committee was appointed to counsel with the legislative study group. Dean Robert G. Storey of the SMU Law School is chairman; C. Y. Mills of Mission and Mrs. Horton Wayne Smith of Austin, vice chairmen; and Dan Moody, Jr., of Austin, Secretary.

Next meeting of this advisory group is to be held in September. Right now, one member admits that progress toward revision is itself moving at an ox wagon pace. Reason is that those concerned feel strongly that any action should be preceded by an exhaustive, professional research job. This takes money.

Legislative Council, with a

staff of seven and 11 studies under way, can't go all out on this one thing, but is doing some fact gathering during the summer. Both Council and committee hope to get money for the work, perhaps by next year, from the Legislature and some private foundation.

Advocates of Constitutional revision advance these points, among others, as reasons for concern:

1. It's a staggering document, 47,000 words long, patched up with 133 amendments. If nine more proposed amendments are approved next November, it'll be 54,000 words. Much of it is regarded by lawyers as properly belonging in the statutes rather than in a basic document like the Constitution. Much is cited as totally useless, such as provisions for repelling Indian raids.

2. Like Topsy, Texas' high conglomeration of agencies, departments, commissions and divisions, "just grew." It's all so loosely put together, say critics, that folks don't know who to blame when things don't suit them. Same indictment is applied to the fiscal set-up. It's a billion dollar a year business, but control is mised among many. State has more than 100 special funds, representing about 85% of state revenue. These can't be touched by the Legislature, even if they aren't needed for the purpose for which they are earmarked and are desperately needed elsewhere.

3. Another argument made is that increasing concentration of government in Washington can be halted only if state governments are sufficiently vigorous and adaptable to meet people's changing and growing needs. Some suggest that Texas present Constitution may be a "strait jacket" on state government.

said the report. If exploited to its logical conclusion, there is solid evidence to indicate that the increase in Texas income would be of great magnitude.

On Fishing For Industry—

A how to do it booklet for communities wanting to attract new industry is now in circulation.

It was published by the new Texas Industrial Commission with private donations. In 66 pages, the book tells how a community should analyze itself,

correct any inadequacies and bring all good points to the fore in a promotional effort.

ment to permit use of state funds for advertising would make continuation of their efforts possible.

Hands Off—

State Board of Education has gone on record as officially and positively opposing any plan to tamper with the permanent school fund.

Last legislature voted to make 1 percent of the permanent fund

available annually for current expenses. State Auditor C. H. Cavness has proposed making part of future income from school land available for pressing present needs and putting only part into the multi-million dollar school trust fund. But the should be inviolate."

At the same meeting the board learned the school fund had run \$6,091,905 in the red for 1957-58. Reduction in oil production, a prime source of school revenue, was blamed. Per student state payments for next year were cut from \$82 to \$75.

Section 3. The Governor shall issue the necessary proclamation for said election and have the same published as required by the Constitution and laws of this State.

CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT THE GENERAL ELECTION ON NOVEMBER 4, 1958.

SJR #6—Number Two on the Ballot.

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 4, 1958.

SENATE JOINT RESOLUTION NO. 17 proposing an amendment to Subsection (b) of Section 62 of Article XVI of the Constitution of Texas, authorizing each county to establish a retirement, disability and death compensation fund for the appointive officers and employees of the county or precinct, or for appointive officers and employees of the county or precinct; and providing for the submission of the proposed amendment to the voters for their approval or rejection, and providing for the necessary election, form of ballot, proclamation, and publication.

Section 1. That Subsection (b) of Section 62 of Article XVI of the Constitution of Texas be amended so as to read as follows:

(b) Each county shall have the authority to provide for and administer a retirement, disability and death compensation fund for the appointive officers and employees of the county or precinct, or for the appointive officers and employees of the county or precinct; and providing for the submission of the proposed amendment to the voters for their approval or rejection, and providing for the necessary election, form of ballot, proclamation, and publication.

Section 2. The Governor shall issue the necessary proclamation for said election and have the same published as required by the Constitution and laws of this State.

"Each voter shall mark out one of said clauses on the ballot, leaving the one expressing his vote on the proposed amendment. In counties or other subdivisions using voting machines, the above provision for voting for and against this Constitutional Amendment shall be placed on said machine in such a manner that each voter may vote on such machine for or against the Constitutional Amendment."

Section 3. The Governor shall issue the necessary proclamation for said election and have notice of said proposed amendment and of said election published as required by the Constitution of Texas and laws of this State.

High Cost Of Driving—

Texas drivers will have to "pay the piper" next year in higher auto insurance.

State Insurance Board has announced that, effective Aug. 1st auto insurance rates will be substantially higher in most parts of Texas. Average hike will be 32 percent on comprehensive coverage, 19 percent on liability and 17 percent on collision. In Dallas County, for example, a policy which now cost \$108 will jump to \$142.

Premiums paid on the old rate schedule have not nearly met accident claims, said Penn Jackson, chairman of the Insurance Board. He attributed the insurance companies' "tremendous losses" to four factors.

1. An increasing number of collisions.
2. Higher cost of repairing today's swanky cars.
3. Higher cost of hospital and medical care.
4. Generosity of injuries awarding damages to claimants.

Auto owners, said Jackson, must realize they set their own insurance rates by the way they drive.

Water Future—
Hope for an ever more prosperous Texas is found in the recently completed state-federal survey of Texas' water resources and needs.

Contents of the study were made public by Stn. Lyndon B. Johnson, who requested the survey a year ago. Texas board of Water Engineers and three federal agencies collaborated in compiling data.

Each major river basin was studied and the possibility of switching floodwaters from one basin to another discussed at length.

The scope of the economic impact of large scale water exchange in Texas is impressive

CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT THE GENERAL ELECTION ON NOVEMBER 4, 1958.

HJR #31—Number Four on the Ballot.

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 4, 1958. HOUSE JOINT RESOLUTION NO. 31 proposing an Amendment to the Constitution of Texas to provide that all county officials for whom four-year terms of office were authorized in 1954 must resign such office prior to announcing for a different office when more than one (1) year remains unexpired of the term for which they were elected, and providing for the filling of such vacancies in the manner now provided by law.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS: Section 1. Section 65 of Article 16 of the Constitution of the State of Texas is hereby amended, as hereinafter read as follows: "Section 65. STAGGERING TERMS OF OFFICE.—The following officers elected at the General Election in November, 1954, and thereafter, shall serve for the full terms provided in this Constitution: (a) District Clerks; (b) County Clerks; (c) County Judges; (d) Judges of County Courts at Law; County Criminal Courts, County Probate Courts and County Domestic Relations Courts; (e) County Treasurers; (f) Criminal District Attorneys; (g) County Surveyors; (h) Inspectors of Hides and Animals; (i) County Commissioners for Precincts Two and Four; (j) Justices of the Peace. "Notwithstanding other provisions of this Constitution, the following officers elected at the General Election in November, 1954, shall serve only for terms of two (2) years: (a) Sheriffs; (b) Assessors and Collectors of Taxes; (c) District Attorneys; (d) County Attorneys; (e) Public Notaries; (f) County Commissioners for Precincts One and Three; (g) Constables. At subsequent elections, such officers shall be elected for the full terms provided in this Constitution. "In any district, county or precinct where any of the aforementioned offices is of such nature that two (2) or more persons hold such office, with the result that candidates for 'Place No. 1,' 'Place No. 2,' etc., the officers

elected at the General Election in November, 1954, shall serve for a term of two (2) years if the designation of their office is an uneven number, and for a term of four (4) years if the designation of their office is an even number. Thereafter, all such officers shall be elected for the terms provided in this Constitution. "Provided, however, if any of the officers named herein shall announce their candidacy, or shall in fact become a candidate in any General, Special or Primary Election, for any office of profit or trust under the laws of this State or the United States other than the office then held, at any time when the unexpired term of the office then held shall exceed one (1) year, such announcement or such candidacy shall constitute an automatic resignation of the office then held, and the vacancy thereby created shall be filled pursuant to law in the same manner as other vacancies for such offices are filled." "FOR the foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held on the first Tuesday after the first Monday in November, 1958, at which election all ballots shall have printed thereon: "FOR the Constitutional Amendment providing that any District, County, or Precinct official serving a four-year term must resign before announcing for a different office if there remains unexpired more than one (1) year of the term for which he was elected." "AGAINST the Constitutional Amendment providing that any District, County, or Precinct official serving a four-year term must resign before announcing for a different office if there remains unexpired more than one (1) year of the term for which he was elected." If it appears from the returns of said election that a majority of the votes have been cast in favor of said Amendment, same shall become a part of the Constitution of the State of Texas. Sec. 2. The Governor of Texas shall issue the necessary proclamation for the election herein provided for and shall cause this proposed Amendment to be published in the manner required by law and shall cause said election to be held as required by the Constitution and laws of this State.

CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT THE GENERAL ELECTION ON NOVEMBER 4, 1958.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS: Section 1. That Section 5 of Article III of the Constitution of the State of Texas be amended to hereafter read as follows: "Section 5. The Legislature shall meet every year, under the condition and limitation hereinafter set forth, at such time as may be provided by law, and at other times when convened by the Governor. "During the First Regular Session of each Legislature, which shall convene in January, 1959, and each succeeding two (2) years thereafter, the first thirty (30) days thereof shall be devoted to the introduction of bills and resolutions, acting upon emergency appropriations, passing upon the confirmation of the recess appointees of the Governor and such emergency matters as may be submitted by the Governor in special messages to the Legislature; provided that during the succeeding thirty (30) days of the First Regular Session of the Legislature the various committees of each House shall hold hearings to consider all bills and resolutions and other matters as may be submitted by the Governor; provided further that during the following sixty (60) days the Legislature shall act upon such bills and resolutions as may be then pending and upon such emergency matters as may be submitted by the Governor in special messages to the Legislature; provided, however, either House may otherwise determine its order of business by an affirmative vote of four-fifths (4/5) of its membership. Burkburnett Man Suffers Injury

J. W. Hall, 33, of Burkburnett, suffered head injuries when he was struck by a boom at 6:00 P. M. Tuesday in Vernon.

Hall was at work for the Frank Key House Moving Co. at the time of the accident and was struck on the right side of the head by the boom, receiving lacerations above the right eye and a possible skull injury. He was taken to Wichita Falls General Hospital emergency room where he was treated and admitted.

Mrs. R. M. Williams and little son, Bobby Lee, of Houston, are visiting her parents, Mr. and Mrs. W. P. Keown this week. Sunday visitors in the Keown home were another daughter, Mr. and Mrs. J. M. Johnson, Linda, Laura and Joe, Jr., of Duncan, Okla.

The trouble with many meetings is that they open at 7:30 sharp and close at 10 o'clock dull.

Mrs. Resta Breaux and daughter Cathy plan to leave for an extended visit with father, Mr. Wallace Estess Summerset, Ky.
