CADET KENNETH PETERS AWARDED CO. FOOTBALL AT WENTWORTH ACADEMY

Cadet Kenneth Peters, son of Mrs. L. E. Griffin, Rt. 1, Box 129, Burkburnett, has been awarded a company football letter at Wentworth Military Academy, Lexington, Mo., by the school's athletic council, Maj. John Readecker, athletic director announced. Inter-company competition commands keen interest among the cadets, being instrumental in developing company morale and school spirit and providing future varsity material. Seventy-six cadets from five companies competed in the intramural grid program this year.

Living Costs Will Hold Steady for Next Few Months

Prices of everyday necessities will settle down for the next six to nine months, predict the editors of Changing Times, The Kiplinger Magazine. There may be mild increases in the price of hi-fi, shoes and plumbing equipment, but reductions in such important areas as food and textile items will keep living cost in check. Borrowing money, however, is going to be another story. It will get tougher. The screws are being tightened to contract the money supply available for lending as an anti-inflationary move. You will feel the effects should you shop for a mortgage or attempt to finance a car. Prospective borrowers might well face it, they will have trouble finding money and more trouble getting a loan at an interest rate within their expectations.

Weekend visitors in the home of Mr. and Mrs. Jack Duke were Mr. and Mrs. Noel Duke and children of Dallas and Mr. and Mrs. Norman Duke and son of Lubbock.

Browning Brothers Receive 25 Yr. Plaque For Handling Chrysler Motor Products

Friday, December 19, Burkburnett Motors, Browning Brothers, received a plaque in recognition of their handling Chrysler products for 25 years. Shown above is E. F. Kenningham, Assistant Dallas Regional Manager of the Dodge Division of the Chrysler Motor Corp., presenting the plaque. Others in the picture, left to right, are Blake Browning, Bob Browning, Paul Browning, Wylie Browning, and Leroy Clark, Dodge District Manager.

Although the Browning Brothers have had the Dodge and Plymouth franchise for 25 years, that is not the complete story. They have 39 continuous years in the automobile business in Burkburnett. They first started in the automobile business back in the oil boom days, at the present location of Riley Machine shop on West 3rd St. The business is now housed in ample quarters at the corner of Avenue D and East 3rd Street. Burk Motors, as it is commonly referred to, is one of the oldest business concerns in Burkburnett.

Calvary Baptist To Hold Fellowship New Year's Eve

Calvary Baptist church, College and Ave. B. will have its annual fellowship meeting again this New Year's Eve. Services will begin at 7 p. m. Wednesday, Dec. 31st and close at 12:05 a. m. Thursday, Jan. 1st. Everyone is invited. Other pastors and churches will be present to take part in the preaching, singing and praising God. This is a good way to see the old year out and the new year in. The ladies of the church will serve refreshments at about 10 p. m. This is an affair that many look forward to every year and God always wonderfully blesses. Why don't you make plans to attend. Ray C. Morrow, Pastor

Stores to Close For New Year All Day Thursday

Stores in Burkburnett will be closed all day Thursday, in observance of New Year's. This is one of the holidays previously agreed upon and set aside by the merchants committee of the Chamber of Commerce. Business as usual will be resumed Friday, January 2.

Horse Sale Set For Friday Night

Bill and Wilford White are having another big horse sale at the Burk Sale Barn Friday night, January 2nd. The sale begins at 7:30. Saturday, January 3 will be the regular livestock sale beginning at 1:00 P. M. Plenty of stock is expected for both sales, and plenty of buyers on hand.

Return of Xmas Decora's Asked

The Chamber of Commerce asks that all merchants who borrowed any of the Christmas decorations please take them down and return them to the basement storage place beneath the bank. The town was beautifully decorated this Christmas season. By preserving the material our town can be made attractive again next year.

LIONS CLUB

Town Hall Each Tuesday 7:30 P. M.

A good attendance turned out at the Lions Club Tuesday in spite of the snow and freezing conditions. A program was not arranged for, so the time was taken up discussing the Annual Pancake and Sausage sale, which will be held this year on Saturday, February 14th. Committees have been appointed to take care of all the details. Next week D. C. Dodson is in charge of the program. He has arranged for an exceptionally fine program.

C. of C. Urges Local Citizens to Pay Poll Taxes

Marjorie Hofacket, secretary of the Chamber of Commerce, reports only a very few have purchased their poll tax for the coming year's voting. By this date last year more than five hundred had already secured their poll taxes. The local C. of C. office issues poll tax receipts. The deadline for such purchase is January 31st.

Five Inches Snow Covers This Area

Snow began falling here Monday night and continued throughout most of the day Tuesday. By nightfall almost five inches of soft white flakes covered this area. Further north and west, up to 12 inches fell on Amarillo and Dalhart, with drifts piling up several feet high. Roads were closed in those areas. No roads were closed in this area, but driving was, and is, extremely hazardous. Many auto wrecks have been attributed to icy roads in this area. Temperatures have not fallen too low—in the lower twenties. Livestock has not suffered to any great extent because most were in good condition and have been fed during the disagreeable weather. Small grain has been suffering somewhat for want of moisture. The snow will help a little, but stock tanks and growing wheat need about two inches of good slow rain. Forecast is for continued cold through Thursday with a high of 32 Wednesday.

Burk Residents Reminded to Mail TB Contributions

Mrs. Philip A. Carpenter, Burkburnett chairman of the TB Christmas Seal Sale, wishes to express her appreciation to everyone who has already made their contribution to this worthy cause. She also urges those who have not done so, to mail in their contributions as soon as possible so that the results of the sale can be completed. Contributions can be mailed direct to the headquarters in Wichita Falls or can be mailed to Mrs. Carpenter, Mrs. Jerome Adams or any member of the Burkburnett Study Club and they will be responsible for getting it to the Wichita Falls office.

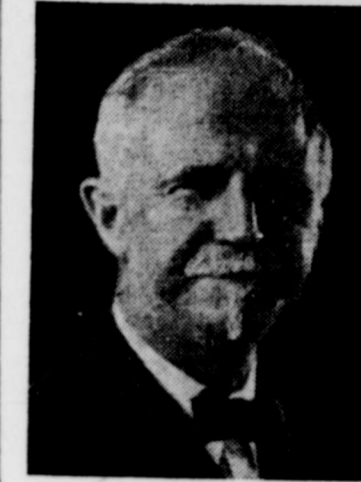

Meadowlane Club Entertained Hubbies Tuesday, December 9

The Meadowlane Garden Club entertained their husbands with a Christmas party December 9 in the home of Mr. and Mrs. Joe Crowley. Orlena Wampler, and Wayne and Wallace Landrum were surprised with a cake honoring their birthday. Gifts were exchanged and games were played throughout the evening. Those attending were: Messrs. and Mesdames Cloyd Adams, V. L. Brandon, Edwin Green, Arlis Key, Wallace Landrum, Jim Maag, Wayne Landrum, Don Mills, Cliff Wampler, Dr. and Mrs. Joe Davey, Mrs. Morris Cheney and the hosts, Mr. and Mrs. Crowley.

Babson Forecasts In Star This Week

Roger W. Babson

American business has no more inspiring personality than Roger W. Babson, internationally known business commentator. Standing features of his philosophy has been his lifelong insistence on the importance of both religion and advertising in business.

Born and reared in an old-fashioned atmosphere of hard work and hustle on a farm in Gloucester, Mr. Babson went to the Massachusetts Institute of Technology. Upon graduating, he turned instinctively to financial and business activities in which his father was engaged. His exertions, however, undermined his health; he contracted tuberculosis and he was sent West "as good as dead." It was while he was convalescing from this dread malady that he worked out some of the possibilities and problems of business forecasting. His weekly releases are used by over 400 newspapers and his financial reports by 20,000 corporations and estates. His research work is carried on by a large staff of experts.

Mr. Babson founded Babson Institute for Men; and in cooperation with the late Mrs. Babson developed Webber College for Women, both nationally known educational institutions. Here young men and women may concentrate on the fundamentals of honest and effective business administration. Later, he founded a Midwest Institute of Business Administration, located in Eureka, Kan., the center of the United States. He has been active also in the establishment of other mediums of service to the public, such as the Gravity Research Foundation, located at New Boston, New Hampshire.

Mr. Babson has probably done more than any other man to create among his millions of newspaper readers an interest in simple business problems, and to instill a broader vision in businessmen, enabling them to meet the ups and downs of the business cycle.

Babson Holds Good Record of Accuracy In His Forecasts

The Burk Star will publish Babson's Business and Financial Forecast for 1959 in this week's issue.

A careful checking of the Babson Predictions made in the Business and Financial Forecast for 1958 upholds the remarkable average of the past years by being 86% correct. Below is the score for the last twenty years. It holds the best and highest record for Annual Forecasts on U. S. Future Business.

Let's Demand Freedom For East Europe

FROM THE HOUSTON CHRONICLE

We recommend the article by David Lawrence to the policy makers of the United States government.

Lawrence sees the current Berlin crisis as a great opportunity for the Western nations, as does The Chronicle.

Last Sunday this newspaper declared that the Western Allies should turn (Khrushchev's) opening of the Berlin question to the advantage of the free world. Now is the time to demand again and more forcefully, that free elections be held in East Germany to give those unhappy people an opportunity to say what kind of government they want.

The Chronicle went on to suggest also that as a starter we call on Russia to get out of the Baltic Countries of which she has illegal possession, and that we call on the United Nations to investigate Soviet aggression there.

Lawrence, declaring that the Berlin crisis provides the opportunity of a lifetime, writes today: "The Communists demand that Berlin be made a 'Free City.' The key word is 'free', but the idea back of that word is too good to be limited to just one city. Why not an 'an all free Europe'?"

Why not indeed? Nowhere behind the iron curtain has there been a free government for 13 years.

Khrushchev has made a colossal error in demanding that Berlin be made a "free" city, if the West will only pursue the point. Are we to employ such insipid measures as proposing that West Berlin hold a plebiscite on the "free city" idea when we have such a weapon at our command as demanding that Russia give 100,000,000 people the chance to be free?

When will we have a State Department that will seize the initiative in the cold war instead of merely attempting to defend against Russia's aggressive moves?

New Targets

During the month of January, the annual March of Dimes campaign will be conducted again. And the 1959 observance will be the most important in its long history—and the most deserving of universal support.

The March of Dimes was originally directed at polio, and out of it came the great Salk vaccine. The polio fight is not over—as the Detroit epidemic of this year demonstrated. It will be continued until final victory is won.

But now the March of Dimes is to do much more. It is sponsored by The National Foundation, hitherto known as the National Foundation for Infantile Paralysis. That change in name is mightily significant. For the March of Dimes is moving against new targets. The first of these are two of the greatest cripplers of all—arthritis and birth defects. At least 11 million Americans suffer the pain of arthritis and rheumatism, and some 250,000 infants are born each year with some sort of defect. The National Foundation will now bring its great resources to bear in seeking victories over these cripplers—even as it continues its work in the field of polio.

The March of Dimes needs your help. Give it enthusiastically and generously.

How Sad—How True

Reprinted From "The Beacon" Lambertville, New Jersey
"Charles H. Brower, president of one of the large advertising firms spoke recently of a trend that is causing many people to wonder whether we have lost the great driving force that gave us all the benefits we enjoy today.

"Brower said, 'This is the era of the goof-off; the age of the half done job. The land from coast to coast has been enjoying a stampede away from responsibility. It is populated by waiters who won't serve, carpenters who come around, some day, maybe executives whose finds are on the golf course, students who take cinch courses and salesmen who won't sell.'

"These are pretty strong words, but in too many cases they are true.

"Too many people look upon their work as a means to an end, a pay check. How much they lose in not learning how to work, how to develop pride in a job well done. Mr. Brower calls it the thrill of achievement.

Perhaps our schools might develop a course on how to work.

HOW BOUT THAT By WILLY & RALPH

It's People Who Count

Nearly everyone knows about the new drugs that control pneumonia and tuberculosis and the Salk vaccine that prevents polio paralysis.

What most of us generally forget is that behind these medical triumphs are people. Without skilled people in the clinics, the hospitals and the research laboratories, the fight against disease could not go on.

Despite our recent advances in medical science, there is a growing shortage of these trained disease fighters. We need over 100,000 more nurses, physical and occupational therapists, medical social workers, doctors and experts all down the line from clinical practice to laboratory research.

To fill this gap in medical manpower, The National Foundation has just announced the most impressive plan for health scholarships in our history.

The National Foundation, originally known as the National Foundation for Infantile Paralysis, is the voluntary health organization that runs the March of Dimes, gave patient aid to some 325,000 polio victims, financed the Salk vaccine and educated 70 million Americans to use it as protection against polio paralysis. It is now expanding its scope to include, besides polio, America's No. 1 crippler—Arthritis—and the nation's most unmet childhood problem—birth defects.

Over the next 10 years The National Foundation proposes to set aside \$12 million in March of Dimes funds to help 505 students each year get college training in the health professions. Each scholarship will pay \$500 a year for four years. The National Foundation's 3,100 chapters will select from each state five to 25 students a year, depending on population.

Through this scholarship plan, The National Foundation is putting the emphasis for winning the health battle back on people. And it's people who count.

Friendship Class Xmas Party Dec. 18 At Town Hall

Group Two were hostess to members of the Friendship class of the First Baptist church Thursday night, Dec. 18th at the Town Hall.

Mrs. Frank Hewell played soft Christmas music in the background while the ladies were being seated.

The tables were decorated in a yule motif with the Christmas tree being the center of attraction surrounded by colorfully wrapped packages.

Mrs. C. R. Chambers, president, conducted a brief business session. A Christmas basket will be given to a needy family.

The social hour was under the direction of Mrs. H. S. Butts, program chairman. Linda Holman gave two piano numbers, White Christmas and Winter Wonderland. Karen Burton sang Silver Bells, accompanied by Linda.

The Christmas Story from the second chapter of Luke was read by Mrs. R. P. Thaxton. She also gave, Keeping Christmas, by Henry Van Dyke.

A beautiful Christmas Story was given by Mrs. S. A. Weaver. How Tall Are You?

Closing prayer was by Mrs. E. E. Gibson.

Gifts were exchanged, then refreshments were served to 22 members, two service members, Mrs. E. R. Burns, Mrs. Will Tate and one guest, Mrs. Artie White-side.

Mr. and Mrs. Bill Short and children of Port Arthur were visitors in the home of their parents, Mr. and Mrs. Bill Short and Mr. and Mrs. Hugh Preston, during the Christmas holidays.

Magnolia Employees Honored Dec. 20th At Christmas Dinner

On Dec. 20th at the grade school cafeteria, retiring veteran employees of Magnolia's Producing Dept. at Burkburnett were honored at a Christmas and retirement party.

Guests of honor included J. E. Durham, a Magnolia veteran of 38 years who started his employment at Ranger, Tex. during the boom there. He worked in the oil fields of Breckenridge, Olney, Archer City and Megargle and Burkburnett as a roustabout, pusher and pumper, retiring as a production pumper. He and Mrs. Durham plan to live in Alto, Texas.

Another honor guest was W. M. (Bill) Wilhoit who started his Magnolia association in Burkburnett 38 years ago. Bill was a production pumper most of this time. Mr. and Mrs. Wilhoit plan to reside in Burkburnett and "the fishing holes".

E. M. Moody, another honoree began his Magnolia career in Burkburnett. He moved to Kermit for six years and then moved back to Burkburnett. Moody has roustabouted, pumped & is retiring as a gang pusher. He and Mrs. Moody plan to reside in Burkburnett.

The fourth honor guest was Otis (Red) Magee who has rounded out 40 years with Magnolia. He began his employment as a roustabout, became a gang pusher and transferred to the drilling department. Red helped drill wild cat wells throughout Texas and Oklahoma. He returned to the producing dept., as a pumper and retired in that capacity at Burkburnett. He and Mrs. Magee plan to live in Burkburnett.

A typical Christmas dinner was served after the invocation by O. R. Magee to some 125 fellow employees and guests. After dinner, an appropriate gift was given each retiree by Hugh Williams in behalf of fellow employees. An hour of well wishing and fellowship followed.

Mr. J. A. Durham, assisted by C. E. Lundberg, acted as master of ceremonies. Out of town guests included Mr. and Mrs. C. M. (Dusty) Rhoads and Mr. and Mrs. W. T. Hunnewell of Electra.

Mesdames Lundberg, Germany, Mathews, Williams, Durham and Mary served the delicious food prepared by Henry's Bakery. Burkburnett Florist was responsible for table decorations. Our thanks to everyone who helped make this party possible.

Burk Man and Wife are Sergeants— One in the Air Force, One in Army

The Sergeants Shriver, Sylvia and Harold, have quite a differing service couples. Sylvia is in the Air Force and Harold is in the Army living at a point between Sheppard AFB and Ft. Sill, Okla. their respective assigned stations and both holding down jobs well despite the odds. They reside at 120 Carolyn Lane, Burkburnett.

Sgt. Shriver (Sylvia, T-Sgt., is the First Sergeant of the 3750th WAF Squadron Section at Sheppard Air Force base and her husband, Harold, S5C, is First cook at the H-S 2nd Missile Battalion, CPL 80th Artillery, Ft. Sill.

Meeting at the New Cumberland General Depot, Pennsylvania, while Harold was assigned there and Sylvia was attached to the Harrisburg, Pa., recruiting detachment, they decided to "tie the knot" on Feb. 8, 1957, and make an Army and Air Force family.

They were separated for 16 months when Harold left for Korea in June, 1957. Sylvia then left Pennsylvania two months after his departure for her present job at Sheppard.

Upon finishing his tour in Korea, Harold requested to be stationed at Ft. Sill and arrived here in October.

"Sometimes it is a difficult chore to drive the 48 mile distance every day to my work," Harold states, "because the shift I'm working may call for me to leave as early as 3:30 a. m. Then again I may not have to leave till 11 a. m."

However, it is not too bad for the female counterpart of the Shriver family, since it is only 11 miles from her doorstep to the steps of the WAF Squadron where her office is located.

Sylvia, who will retire in five years, says "Despite his art of cooking, I do most of it at home not that I mind; reason, he is usually too tired."

Planning to be a serviceman approximately seven years more

Babson Forecast Says Little Change

Business & Financial Forecast For 1959

1. Not too good and not too bad. Both the boom and the recent recession will be awaiting developments following the recent November elections.

2. 1959 will be a "do nothing" year for Congress. Both parties will hold their cards close to their chests until 1960—when the Republicans will want good business. Most Democrats will vote for most of the inflationary legislation; but only a few of these Congressmen will vote for such legislation over the President's veto. The Democrats will be in a dilemma. In their hearts they will not want good business in 1960; but they must be very careful not to do anything which could be held against them in 1960.

Every act of Rockefeller's and of other leading Presidential candidates of both parties will be carefully scrutinized to analyze their vote-getting possibilities for 1960. We will comment on these possibilities in our Forecast for 1960 a year from now.

3. So long as Russia is fearful of China's loyalty, she will not intentionally start a shooting war. I hope that Chiang Kai-shek will come to his senses so that China will become an ally of the United States. Marshall surely bet on the "wrong horse" when he made his report to Truman.

4. Our national budget will show a heavy deficit in 1959. This and other factors should cause a continued gradual, although not dangerous, inflation.

5. Serious competition will continue at all levels in 1959. Manufacturers, merchants & others who reduce advertising and other selling appropriations will surely suffer.

6. Despite competition, the profits squeeze will be eased for cost-cutting programs and improving business.

7. More foreign goods will enter the United States during 1959. This especially applies to German, Italian, Japanese and Russian goods.

8. New cargo ships, built in Japan, England, Germany, Norway, Sweden and Italy will be launched in 1959. This should result in most American built and American registered ships operating at a loss. More subsidies will be demanded.

9. Failures may not increase during 1959. Some big corporations, now listed in the Dow Jones Averages, may get in financial difficulties.

10. Federal cost of living figures will be disputed in 1959. Labor rates and wages which have been tied to the Federal Tables will be disputed by both Labor and Management.

11. On the basis of the above statements, I forecast, on the average, no wide change in 1959 for commodity prices. The recent recession is not over. Russia is still fighting us with an economic war.

12. There will be more strikes and labor troubles in 1959 than in 1958. Due to fear of unfavorable labor legislation and poor business conditions, labor leaders were in their good behavior in 1958.

13. It is now difficult to forecast the unemployment situation for 1959. Owing to the increase of automation, working forces will continue to be cut. Looking ahead to the elections of 1960, manufacturers, who are mostly Republicans, will want no more serious unemployment to occur.

14. Many plans for expansions of plants were postponed during 1958 for fear of a real depression. Some of these plans will be executed in 1959. Although on a more moderate scale.

There will be a need for continued economic readjustment in 1959; but the playing of politics by both parties may temporarily postpone it.

15. 1959 will not see any marked change at money rates. However, borrowers who have not established good credit will continue to find it difficult to get new funds in 1959.

16. This means that it should be more difficult, on average, to sell long term bonds in 1959 than in 1958. Buy only non-callable serial bonds or bonds of reasonably short maturities.

17. The supply of non-taxable state, municipal and revenue bonds will increase during 1959. This will be due both to less readily available credit and to rising needs of municipalities.

18. The "fly-in the ointment" will be the uncertainty of the Federal policy regarding the new \$30,000,000,000 road building program. Will it compete with or protect toll roads recently built? I believe this program will not harm outstanding Turnpike Bonds.

19. Many investors will switch from stocks into bonds in 1959.

thus obtaining both higher income and better security.

20. As inflation becomes more serious, only short term bond issues—other than convertible bonds—should be held to maturity. Bonds should no longer be considered good "permanent" investments unless they are non-taxable or convertible on a reasonable basis.

21. The best investment policy during 1959 will continue to be a well diversified portfolio of stocks, short term bonds and cash. Every conservative investor will keep one third of his portfolio liquid, to have funds available in case of a sudden very severe drop in the stock market. This will come some day.

22. As the 1958 Congress has not accomplished more in correcting abuses in the Teamsters Union, the 1959 Congress will do little to improve the labor situation. Therefore, invest in companies which will not be subject to strikes. Banks and utilities probably are the most nearly immune.

23. The Taft-Hartley Act will not be amended, nor will labor exemption from anti-monopoly laws be removed, until after the 1960 election. Labor leaders will get more and more power until with Russia's help, they'll bring on a real depression.

24. Due to unemployment and the difficulty of borrowing funds for installing automation (automatic factories), the machinery industry will continue quiet during 1959.

25. I now see no probability that either wages or retail prices will be "fixed" during 1959 unless Russia threatens World War III.

26. Most wageworkers will be more efficient during 1959, which should enable some managements to increase their productivity and profits.

27. Executives will attend more strictly to business during 1959, reducing time spent on luncheons, clubs, golf, etc.

28. Good building land on the proper side of growing cities will continue to increase in price notwithstanding a decline in suburban building. Small farmers holding such land should not sell now.

29. Small farms without any suburban possibilities may well consider selling to adjoining farmers if offered a fair price in 1959.

30. Large commercial farms with latest machinery should prosper during 1959; but small farmers may not do so well.

31. Pending a serious war, there will be no radical change in the Governments farm policy during 1959.

32. With less fear of serious war, the real estate situation in the larger cities may improve; but municipal taxes will increase.

33. Some suburban houses now owned by well paid executives will come on the market in 1959, due to loss of positions or moves to other sections of the country.

34. Real Estate mortgage money will be tighter in 1959 than in 1958. Furthermore, due to inflation, it will be worth less when due.

35. The demand for motels is largely satisfied; but there will be an increasing demand for modern apartment houses, especially of the co-operative type. Old houses of all kinds will depreciate during 1959.

36. Woodland will continue to be in demand during 1959. This especially applies now to pine, which is used for the best lumber and to spruce, which is used for pulp. Hold woodland in 1959.

37. More Russian imports of pulpwood may be expected in 1959; but this should largely be offset by the increased domestic demand for cartons & packages for shipping and displaying merchandise.

38. Both timber and oil reserves of Canada will gradually increase in value. I am bullish on many Canadian and African investments.

39. The greatest factor in determining the price of city land and businesses in general is the automobile and availability of parking space. This is responsible for both the boom in suburban real estate and the decline of city property. Buying city real estate without nearby parking facilities is a great mistake.

40. I was wrong in my forecast a year ago as to the Dow-Jones Averages. Although many stock sell lower today than a year ago, the Dow-Jones Averages, especially the industrials, sell higher. However, I will again run the risk and forecast that they will sell lower sometime in 1959 than they do today.

41. My forecast of the bond

market for 1958 was correct. I am inclined now to reverse that forecast in the case of long-term non-convertible corporate bonds that is, they should sell for less sometime in 1959 than they are selling for today.

42. I continue to forecast that high grade, cumulative, non-callable first preferred stocks will sell higher sometime during 1959 than they do today.

43. I repeat what I said last year regarding "cheap" stocks: "The large fortunes made in the stock markets came from buying non-dividend paying common stocks at \$5.00 a share or under. These will be the first to reach a buying level." If you are to buy these low priced common stocks, you should seek companies without too much prior debt or cumulative preferred stock outstanding. They are the best common stocks for "capital gains."

44. Convertible bonds should hold up fairly well during 1959.

45. The best investment policy for 1958 is for one now to have a good bank account so funds will be available to buy bargains when a sufficient break comes in stocks, bonds, real estate and commodities.

46. There will be many failures in hastily organized electronics, nuclear and similar companies during 1959.

47. With two or three exceptions, railroad stocks should be avoided during 1959 and until a definite long range program of government aid is assured.

48. For steady income and fair marketability, well established utility stocks should be best for conservative investors not looking for profit. This especially applies to cumulative first preferred non-callable utility stocks.

49. The three handicaps to American business are the fear of inflation, the fear of union labor leaders, and the fear of President Eisenhower's physical collapse.

50. The three hopes for America are our churches, our schools and a desire to "pay as you go." For these to function properly we must depend upon the parents of our nation.

Tree Planting Time Is Near

January and February, tree planting time in most parts of Texas, are nearly here. And there are lots of things that we should keep in mind if we get our orchard started in tip-top shape. B. T. Haws, county agent has several suggestions on how to handle trees upon arrival and how to prepare soil for planting.

If the trees cannot be planted at once, they should be "heeled in" by digging a trench wide and deep enough to receive the roots. In covering the roots with soil, care should be taken to work the soil into the spaces where the roots are massed together otherwise there is a danger of drying out. Avoid "heeling in" in poor drainage areas. The soil where the trees are to be planted must thoroughly be prepared. Deep plowing is recommended and should be done in the fall or early winter at which time a cover crop as vetch, clover, rye or oats may be sown. Broken or torn roots should be removed before the tree is set in the hole. Plant the tree at the same depth that it was in the nursery, and pack the soil firmly around the roots.

For more information on starting an orchard, contact your county agent and ask for information on orchard management.

Meetings on the Great Books Program

Set for 7:00 P. M., Jan. 7-14-21

Familiarization meetings on the Great Books program, set for 7:00 p. m. Jan. 7, 14, 21st in room 210 of the MU administration building, marks the beginning of an entirely new series in Midwestern University's non-credit evening program for adults, according to J. E. Stockwell, director of the MU adult Education Center.

It might be well to explain that a Great Books discussion group is not a "class for adults," Stockwell said. There are no instructors, no lectures, no course credits, no examinations and no fees. The only entrance requirements are the ability to read and a desire to understand more clearly the issues which underlie events, great and small, in the world and in everyday life.

Started more than a decade ago by Robert M. Hutchins and Mortimer Adler, then on the faculty of the University of Chicago, the Great Books program has since become, through the efforts of the non profit Great Books Foundation, America's largest liberal arts program for adults, Stockwell said.

A Great Books discussion is composed of from 15 to 20 adults from all walks of life," Stockwell explained. The group meets for two hours, once every two weeks. Between meetings, they have devoted from 3-5 hours to reading a given book. Now they gather around a table to discuss what they have read.

On hand to conduct the three familiarization meetings will be Raymond Johnson of Dallas, Southwest area director of the Great Books Foundation. Further details concerning the Great Books program at Midwestern may be secured by writing or telephoning Joe Stockwell, Evening College, Midwestern University, 767-8352.

Mrs. Bob Tevis Hostess Xmas Party University Club

One of the loveliest Christmas parties the University Study has enjoyed was the one on Dec. 19th in the home of Mrs. Bob Tevis. As the members arrived they were greeted by a beautiful poinsetta on the porch and on opening the door, they saw a beautifully lighted Christmas tree standing in a corner with red lights and red ornaments. Other artistic arrangements carrying out the Christmas motif were noted throughout the house.

A brief business session was presided over by the president, Mrs. Crosley. After the Club Collect was given, the group was asked to stand for a word of silent prayer in memory of our beloved pioneer, Mrs. F. R. Knauth, who had passed on to her eternal home two days before.

A nominating committee was appointed, then the meeting was turned over to the program chairman, Mrs. Newman. She introduced Mrs. Young, who brought a very inspirational devotional for the afternoon. Mrs. S. S. Reger thrilled the group with a Christmas story written by a thirteen year old girl from the school of listening eyes in Wichita Falls. Her name is Carla Sue Lehman.

Sadie Beth Tevis played Christmas carols on the organ and Loretta Brocker read the Christmas Story as revealed by the gospels of Matthews, Mark and John while the organ offered soft background music. The speaker continued to read the story of the wondrous child Jesus, the wise men and the shepherds that searched until they found him in Bethlehem. It was a beautiful setting and rendition by both of them.

The club presented Sadie Beth with a gift of appreciation and she in turn presented one to Loretta. Then Mrs. Brocker, representing Santa Claus, called off the gifts from the tree which the members had brought to exchange. The group was then invited into the dining room that had been made festive for this occasion. The table was covered with a white embroidered cloth centered with an arrangement of holly and silver balls in a silver bowl. Mrs. Crosley poured coffee from a silver service. Congealed individual salad, chicken a la king, stuffed olives fruit cake and petit fours was served by our gracious hostess assisted by her daughter, Sadie Beth, to the following Mesdames Brocker, Browning, Burns Bunting, Cauthorn, Crosley, Harwell, Holt, Mathis, Majors, Melton, Newman, Pogue, Reger, Rigby, Sessums, Young, Witherspoon and Tevis. The guests were Sadie Beth and Laura Louise Tevis, Loretta Brocker.

3 Burk Residents Get Cash Awards For Suggestions

Three Burk Burnett residents who are civilian employees at Sheppard Air Force Base were among the seven receiving awards at Sheppard AFB thru the Civilian Incentive Awards program Dec. 18th.

The three were Claude L. Bowman, Mrs. Sadie Sullivan and Mrs. Sadie Hughes.

Bowman received \$65 for his suggestion, "Latch to Save Outside doors." He is a carpenter in Installations group. Mrs. Sullivan of 409 Magnolia St. received \$10 for her suggestion to relocate markers next to the classifiers to improve working conditions. She is employed in the base laundry.

Mrs. Hughes received a letter of appreciation for her "suggested Log Sheet." She lives at 612 Park St. in Burk Burnett.

Mrs. A. W. Newman Hostess Dec. 8th Of Circle 2 WSCS

Circle Two of the WSCS met with Mrs. A. W. Newman on Dec. 8th for their annual Christmas party. Carols were sung by the group. Mrs. Gragg told a wonderful story of Christmas. The meeting closed with prayer.

Santa had been there and left a gift for each one. After gifts were opened and enjoyed by all the hostess served a lovely refreshment plate. Little red bells made by the versitale, Mrs. Newman, were greatly admired by all.

Those present included Mesdames Carrie Morris, J. P. Lawler, R. A. Neal, R. D. Revier, Howard Henderson, Paul Browning, Beulah Hall, Tom Harms, J. L. Caffee, R. L. Gragg, S. M. Butts, Marshall Young, A. R. Bunting, G. D. Scruggs, L. W. Mathis, Bill Cauthorn, Burn Alexander, D. M. Lowery, J. B. Grace, Blake Browning and hostess, Mrs. Newman.

Mr. and Mrs. S. J. Moreman of Palestine and Mr. and Mrs. S. J. Moreman, Jr., of Denton, visited in the C. A. Moreman home during the holidays.

HOLIDAY VISITORS IN JAMES METZ HOME

A wonderful Christmas holiday was enjoyed in the home of Mr. and Mrs. James E. Metz, 633 Pecan. Christmas eve guests were Mr. and Mrs. Ray Stimpson of Burk, Mr. and Mrs. Tex Allen, Bill, Phil and Sherry of Okla. City, and Mr. and Mrs. Bob Laney of Houston.

INCOME TAX FACTS

Article-1 Now is the time to think about the tax bill you are going to pay next year because now is the time you can do something about it. You can take action now that will reduce the bill, or if tax is withheld from your paycheck, increase the refund you will get.

There are no simple questions in taxes.

These columns are intended to help you in a general way to know the questions about your income and deductions and to give information of a general nature so you will be aware of the savings that may be open to you. Each taxpayer has individual circumstances and individual problems.

Perhaps the simplest question you can ask is: "Do I have to file a tax return?"

You do have to file if: You are under 65 years of age and your income is \$600.00 or more or if you are over 65 years of age and your income is over \$1,200.00.

The above applies to statutory income so before we can completely answer your question, "Do I have to file an income tax return?" we have to know the source of your income. Many kinds of income are not taxed, such as: Social Security payments; unemployment insurance payments; compensation for injuries; and some pensions. Many other types of income are not statutory income subject to tax.

That is what some later columns will be about—what income is taxed and what is not taxed.

Assuming you have statutory income of over \$600. or \$1,200. you are required to file an income tax return regardless of whether you are a man, woman or child. You are required to file even though you may owe no tax.

Also, if your income was from self-employment and was more than \$400. you are required to file an income tax return and report and pay your self employment tax even though you do not owe income tax.

If you worked for wages and had income tax withheld from

your paychecks you should file a tax return even though your earnings were less than \$600. This because Uncle Sam will, in that event, refund to you the tax withheld from your wages.

Article-2 Here is a check list of some of the things that you should do before the first of the year if you want to get the most benefit from the exemptions in the Internal Tax laws:

Bad Debts—Be sure you can prove they are bad this year and claim the deduction.

Capital Losses—If you have stock market losses, sell this year to take the loss. Warning—do not repurchase the same or similar stock until at least 31 days after the sale.

Contributions—Pay them to secure the deduction this year. Pledges are not deductible. They must be paid. You can take up to 30% in some circumstances.

Dependents—Be sure you can claim them. If you are not providing over one-half the cost of support, see if you can make an arrangement with the others who are helping with the support.

Alimony—Separation payments may be deductible by the husband and included by the wife. You may want to catch up on these payments this year.

If your spouse died in 1956 or 1957 chances are you filed a joint return with her for that year. You can compute your tax as though you were filing a joint return for 1958 if you have not remarried and if you have a dependent child or step-child. You may want to recheck your dependency credits on this.

Sales of your business equipment and business buildings—If you have a loss from such a sale you can carry the loss back for two years and forward for five years, or until it is offset by earnings. If you have a loss that you must take, go ahead and sell this year. You can take the loss against 1956 and 1957 income, and if that doesn't cover it all, you can carry it forward to 1959, 1960, 1961, 1962 and 1963.

Depreciation—You can depreciate new equipment, original in use with you, under several new systems which can produce a depreciation rate twice as fast as the old straight line method.

Capital Gains and Losses—Consider offsetting short-term gains with long term losses, etc.

Medical Expenses—Pay them all this year to get the deduction. Dues—Membership dues in a business association may be deducted in full. Also all expenses incurred in attending conventions of the Association.

The Key to many a family row is the one that fits the car.

There are 35 million fishermen in America, and still the Russians are able to out-lie us.

Some so-called experts are just people who are a long way from home.

If you watch a game, it's fun. If you play it, it's recreation. If you work at it, it's golf.

Mrs. Wayne Randall and boys Gary and Larry, of Long Beach, Calif., are visiting Mr. and Mrs. T. P. Randall during the Xmas holidays.

STATE CAPITAL Highlights AND Sidelights
by Vern Sanford
TEXAS PRESS ASSOCIATION

As a news making year, 1958 lacked the lid blowing scandals and sensational headlines that erupted from the Capitol in '56 and '57.

But it was a momentous year in many ways. Elections, recessions, State treasurer bankrupt, much talk of new taxes.

Many research reports were made, by the State Tax Study Commission, The Texas Research League, the Hale-Aikin Committee. Required reports came from the Board of Water Engineers, High Education Commission and Legislative Council.

All in all, 1958 was a year of surveys, a time of critical self-examination. All the research reports made lengthy stories, little headlines. Few are complete stories. Most will be continued into the turbulent Legislative year of 1959.

A month by month review of 1958, including top news events, both good and bad depending on your viewpoint, follows:

JANUARY Gov. Price Daniel refused to be gloomy about state finances. He said he wasn't convinced the State Treasury would be in the red by 1959, as some said, nor of the need for new taxes.

New State Water Planning Board set up shop with the aim of doubling Texas' water storage capacity. Land commissioner Earl Rudder resigned to become A-M vice president. Bill Allcorn of Brownwood succeeded Rudder. Rival groups of optimists squared off in a court battle to decide legality of price advertising.

Early day satellites swirled overhead and a lot of people were worrying whether our schools were as good as Russias. Hale-Aikin Committee asked for grass roots suggestions for school improvements.

FEBRUARY Gov. Price Daniel proposed that precinct convention be abolished and that delegates to the county convention be named by direct primary vote. It was a surprise counter move to the code and ethics campaign being conducted by the DOT as part of its drive to wrest party control from the governor.

State Comptroller Robert S. Calvert predicted a \$12,000,000 state revenue deficit and need for 8100,000,000 in new taxes by 1959. Economists announced bluntly that there was a recession.

MARCH Texas oil allowable dwindles to nine producing days. Oil imports study Commission blamed excess stocks on over production during Suez Canal crisis, competition since from foreign oil.

Unemployment payments hit a figure double that of a year ago and many Texas farmers reported it was "too wet to plow."

APRIL Oil allowable tumbled to an all time low, eight producing days. But TEC, for the first
