Election Called To Vote On Sale City Light Plant

City Commissioners have called an election for Tuesday, April 7th, when voters will decide whether or not to sell the City Light Plant to Texas Electric Service Company. Texas Electric has offered \$972,000 for the plant and distribution system. For further details, see ad in this week's paper, and next issue of the Star March 19th.

Chicken and Spaghetti Supper Sat., March 21

Tickets are now on sale for the Firemen's Chicken and Spaghetti supper Saturday, March 21. Firemen, with the aid of ladies from civic clubs, are raising money to purchase a new fire truck. Contributions are coming in daily to add to the fund. J. L. Caffee was winner of the 20 lb. ham given last Saturday. All those in the fund campaign are thankful for the wonderful response thus far.

Ex-Mayor Seeks Place on The City Commission

At the request of many of my friends I consented to seek a place on the City Commission of Burkburnett. I have lived in this community, including 25 years in Burkburnett, since my discharge from the U. S. Signal Corps in Aug., 1919. I have always supported any and everything that was good for Burkburnett, and after due deliberations I intend to continue the above policy. I have always been an ardent supporter of the City Light Plant since its construction in 1933 and have seen it grow from a small start to its present size. Ralph O. Brookshier, Sr.

Red Cross Drive Monday, March 9 Very Successful

Members of the Forum Study club wish to thank the members of the clubs and the individual workers whose combined efforts made the Red Cross Drive on March 9th a success. The participating clubs were the Lowannah Campfire Group, Theta Epsilon Sorority, Mimosa Garden club, Jr. University Study club, University Study club, Current Literature club, Modern Study club and Contemporary Study club. Jim Frye and Jerry Thomas of the First National Bank were very helpful in receiving and counting donations.

The proceeds from the drive in a preliminary count Tuesday were \$848.48. A number of workers had not reported in Tuesday and the count given does not include a number of pledges which were made. A final total for the drive will be given at a later date. Any person who was not contacted and would like to make a donation may do so by contacting Forum Study club president, Mrs. Hugh Preston, Jr., or by making his contribution at the First National Bank.

OUR HEARTFELT THANKS to all who extended comforting sympathy and help in our recent sorrow, in the loss of our mother and grandmother, Mrs. Lizzie Morrison. For the beautiful service, floral offerings, food and other kindnesses, we are deeply grateful. May God bless each of you. Carrie Hicks, A. C. Hicks and family. 27-1tc.

We take this means of expressing our thanks for the many acts of kindness during the illness and passing of our loved one. The many cards and letters, the sweet music, beautiful flowers and the wonderful food were greatly appreciated. The untiring efforts of Dr. Carpenter, the consoling words of our pastor, Bro. Meyers and Bro. Hayes, and all others who helped in any way to ease our burdened hearts shall always live in our memories. May the Master's greatest blessings abide with each of you. Mrs. W. B. Griffin, Wendell Griffin, Ralph Griffin, Mrs. Hurd Setson, Jess Griffin

ROTARY CLUB

Town Hall Each Tuesday 12:00 Noon

Eight visiting Rotarians from Wichita Falls were present at the Tuesday noon luncheon of the Rotary Club.

Mrs. Carl Morrison, Mrs. H. D. Smith and Mr. Cliff Wampler were recognized for having birthdays in February and the club sang Happy Birthday.

Cliff Wampler, a very forceful speaker, spoke to the club on new business and industry as it may well apply to cities of comparable size to Burkburnett. Cliff's remarks advised all of us to stop and take inventory of ourselves, our business and especially of our city and look forward to making Burkburnett a better place in which to live. Thanks Cliff, for a very enlightening program.

Rotarians were reminded of the District Convention to be held in Fort Worth March 15-16.

Alvin Hill announced Ladies Night has been set for Friday night, March 27th. Plan to attend and bring a friend.

Thirty-nine were in attendance. This is the second 100% attendance this year and members were urged to keep up the good work.

Bill Vincent will bring the program next Tuesday.

GRASS ROOTS OPINION

ELSINORE, CALIF., LEADER-PRESS: "Governments are no different than individuals in money matters. If the individual fails to practice thrift, if he continually spends more than he earns he's headed for trouble. So with a government. It may get by longer than the individual but there's always a day of reckoning. So we can no longer afford mere talk about economy. We must insist that our lawmakers really practice it. 'Sound as a dollar' once meant something. We must see that it means something again."

QUINCY, MASS., PATRIOT LEDGER: "If President Eisenhower wants to halt inflation, he will have to call for strong government action. He will have to ask for enough taxes to balance the budget. He will have to take issue directly with American business and union leaders even to the point of threatening wage and price controls. To get the American people to discipline themselves in a fight on inflation calls for extraordinary leadership."

TALLASSEE, ALA., TRIBUNE: "There are legitimate magazine solicitors but when they are on the up and up they do not mind going by city hall to pick up a license and by the Chamber of Commerce office to obtain a permit card for solicitation. And the best thing our readers can bear in mind is that they are probably being taken for a ride unless the solicitor can produce either one or both of these permits."

PORT GIBSON, MISS., REVILLE: "It is stated in the daily press that the New Testament is being translated into 'native idiom and current usage' in England. Maybe it won't be long before the Bible will be translated into modern day slang. If it's all the same with the learned translators, why not use all power possible to raise the lives of people up to the high standards of the words of the King James' translation, rather than whittle that great translation down to the talk of the street?"

Eccentric Senior Partner

What would you think of a senior partner, drawing his living from a business, who did everything he could think of to assure that the business couldn't run at a profit and serve its customers.

The United States Government is the senior partner of every large and medium sized business in the land—taking as its share 52 percent of the earnings. That's a good part of Uncle Sam's total income. The rest of the income is derived from the wages and profits others make out of the operations of business, including farming.

Yet, rather than encouraging business to produce all this revenue for the Government, Uncle Sam in recent years has treated business as undesirable. Business has been subjected to all sorts of hampering legislation, with threats of more to come. Tax laws have been arranged so as to discourage the formation of new businesses and the expansion of existing ones. When powerful labor unions choose to take a poke at business, Uncle Sam's participation usually is to hold business' arms behind him.

Business, as Vice President Nixon said, is the people. And government is the people, too.

Can it be that we've been fooled into taking a great round-house swing at our own jaws?

To Fulfill A Promise

The executive director of Congress' Joint Committee on Atomic Energy recently asked interested parties to comment on the "Proposed Expanded Civilian Nuclear Power Program."

Elmer L. Lindseth, the Committee's chairman, replied in detail. At the end of his long letter he offered this summary: "It seems to us to be particularly important that at each stage of the development of the new field, prime consideration be given to the maintenance of our normal business system. Whatever we have in the way of productive capacity in this country can be credited to that system, and as we enter this new field of energy, every effort should be made to protect and strengthen it—"

Going on, Mr. Lindseth urged that the nuclear program—should be designed to create an environment in which the inventive and productive capacity of industry can most effectively be utilized to achieve the national and international objectives at the earliest practicable date. Detailed government controls and government ownership of nuclear power plants will not serve to create environment and will be detrimental to the achievement of the program objectives. Maximum participation by industry on the other hand will achieve optimum progress at least cost to taxpayers.

Utilities and other private enterprises in this country are now engaged in an atoms for peace program which, in the view of experts here and abroad, holds the greatest promise of progress of any in the world. The plain set of principles laid down by Mr. Lindseth will see to it that the promise is fulfilled.

Threadbare Diplomacy Has Torn

With the temperature of the cold war rising swiftly to fever heat we can no longer ignore the possibility of explosion by May 27th, the Soviet deadline for Allied evacuation of West Berlin and for turning over the Red Puppets of East Germany control of access to that unhappy situated city.

The abject failure of the MacMillan mission of cajolment, collaboration, appeasement (or whatever it was intended to be) to Moscow, crowned by the insulting Khrushchev rejection of a foreign ministers' meeting on Germany, his demand for a summit conference and his naked threat of "the beginning of war" and capped by President Eisenhower's press conference assurance that the western powers are "not going to give one inch" all add up to a world crisis of the first magnitude.

In the light of these swift moving events (and whether or not it develops that the suspect Soviet trawler Novorossisk has been busily cutting our Atlantic cables), the Senate should act upon and the public should endorse the plea of Senator Thomas J. Dodd, Connecticut Democrat, for "a 90 day program of the utmost urgency that will prepare the American people, the American economy and the American defenses for whatever demands may be made upon them. We can hope that Khrushchev is bluffing, but we can not afford to gamble on it."

MISS LOUISE BOYD MEMBER ALPHA CHI SORORITY AT TEXAS WOMAN'S UNIVERSITY

Miss Louise Boyd, Junior elementary education major at Texas Woman's University, Denton, has recently been initiated into Alpha Chi, a national general honorary scholarship society for juniors and seniors.

The purpose of the organization, which began in Texas but now has 46 chapters over the United States, is to encourage high quality of scholarship.

Alpha Chi will hold its national convention on the TWU campus April 3rd-4th.

Miss Boyd, one of 12 initiates, is the daughter of Mr. and Mrs. J. W. Boyd, 215 E. 1st, Burkburnett.

A MESSAGE to THE PEOPLE of BURKBURNETT

The Texas Electric Service Company, in response to the request of many citizens of Burkburnett, has signed an agreement with the City to purchase the municipal light plant and electric system subject to approval of the voters at the election called for April 7, 1959.

After careful study and investigation the Company has agreed to pay the City \$972,000 for the plant and system.

In addition it has agreed to deed back to the City the light plant building and grounds which the citizens may use as a community project or the housing of a new industry. We will make every effort to expedite delivery.

We are running this statement in the Burkburnett Star in order that you may know the facts of the agreement.

HERE ARE THE FACTS

We feel that \$972,000 is a fair price for the plant and system. It was arrived at after careful study of the system and our estimate of the growth that may be expected provided the net proceeds from the sale are used for needed betterments to the City.

It has been estimated by the City's fiscal agent that the sale will result in the City realizing about \$257,000 after all of the obligations on the electric and water systems are paid off. This includes the money which will be released to the City from the debt reserve and special funds held by the City National Bank in Wichita Falls, trustee under the Bond Mortgage.

The light plant and the water system were largely financed by the sale of two outstanding issues of revenue bonds, and all of these bonds must be paid off and retired before the sale of the light plant can be made. This is a requirement of the purchaser of the bonds, so when these bonds are retired this means that the water system will be free from all debt, because there are no tax obligation bonds on the system.

In addition to the \$972,000 purchase price, the Company agrees to build a street lighting system of the type we have installed and operated in other cities and towns served by the Company. The new lights will be installed at locations selected by the City to afford greatest safety and protection to the people. The Company also will consolidate the two electric systems, eliminating unnecessary duplicate poles, guy wires and lines.

And in order to provide abundant power for civic, commercial and industrial development the Company will immediately construct a new 69,000 volt transmission line from its big sub-station in North Wichita Falls to Burkburnett and also provide a new substation for the Burkburnett area.

All present regular employees in the operation of the City's electric plant and system will be offered employment by the Company. They will be eligible to participate in our group life insurance plan, family group medical, surgical and hospital plan, and for retirement income benefits. They will be credited in length of service with the number of continuous years they have worked for the City electric system at time of transfer to our payroll.

Because the Company must plan and build ahead of the needs of its customers for electric service and because of the large investment the Company has contracted to make at this time, the voters will also be asked to approve a fifty year franchise. It would not be an exclusive franchise and it could be

terminated if the City should elect to purchase the property of the Company as provided in the franchise. All of the safeguards provided in the City Charter are preserved to the City in the franchise.

A CITY-WIDE SEWER SYSTEM

The cost of a city-wide sewer system and improved disposal plant facilities for Burkburnett will be \$554,000, according to Freese and Nichols, consulting engineers.

It has been pointed out that the City will have \$257,000 remaining in the City treasury as a result of the sale of the municipal light plant. This \$257,000 will pay almost 50% of the cost of the sewer facilities, and long-term financing can be obtained for the remainder. The remaining part of the cost can be paid for entirely by monthly sewer receipts, without requiring an increase in water charges or tax rates.

This means that Burkburnett can have good sewer facilities for the entire City. Besides being vital to health and convenience, this will encourage progress and growth for the City.

OPPORTUNITIES FOR GROWTH

Burkburnett now is facing one of its greatest opportunities for growth as a result of plans at Sheppard Air Force Base to increase its military and civilian personnel by 6,000 during the next two years. In order for Burkburnett to attract its share of these new residents the community must be prepared. This includes the availability of good, attractive housing and proper facilities for taking care of increased population.

Home builders and individuals may find it difficult to get mortgage money to build in areas not served by sewer facilities. So unless Burkburnett takes positive action to provide these facilities, the City's growth can be seriously handicapped.

Many of the folks now employed at Sheppard Field live in Burkburnett. They have contributed much to the community's religious, social and business life. Others will come here if the right atmosphere and setting is provided, and they, too, will contribute to the progress of Burkburnett.

ABOUT \$20,000 SAVINGS ON ELECTRIC SERVICE BILLS

If the City sells its light plant, Texas Electric Service Company's standard rates for cities in similar and like circumstances will go into effect with approval of the City Commission. Some bills will be higher, but a big majority of the bills in Burkburnett will be lower under the Company's rates than they are now under City Ordinance rates, with the result that the people of Burkburnett will get their electric service for about \$20,000 a year less. This figure is on the basis of 1958 elec-

tric service billing here. Rates and service to be subject to approval by the Commission. The agreement with the Company specifically states that the Company will in the future charge for electric service Burkburnett at higher rates than those charged in other cities and towns served by the Company under similar and like circumstances. It is interesting to note that in spite of inflation, the average selling price per kilowatt hour of electricity used by Electric Service Company customers has been less than before World War II.

ANNUAL CASH BENEFIT

If the Company buys the municipal plant and system and extends its service to all electric customers in Burkburnett means that the Company will pay about \$2,000 more in ad valorem taxes and about \$2,000 more in street and alley fees annually.

But this isn't all. Burkburnett's operating reports for 1958 show that the water department put \$36,721 into the interest and redemption fund account. The light plant is sold and the water revenue bonds are purchased and cancelled, this money hereafter can be used for the general fund for other uses by the City. This amount was \$12,948 more than the electric department contributed to the general fund from 1958 operations.

Assuming some variation in this figure in the years ahead, the City should be able to count on a total of at least \$10,000 more improvement in cash position on an annual basis, including the increased ad valorem taxes and street and alley rental paid by the Company.

To further insure that you may get the information you want in connection with the agreement of the Company to purchase the light plant, a few local people representing the Company will call on as many people as possible to answer any questions you have in mind. They will explain the details of the new rates on your electric service.

You may also obtain a copy of the agreement and franchise by calling at our office. We want you to have all of the facts in your hand. Opponents of the sale may not be acquainted with the facts.

A PERSONAL MESSAGE

This is a pledge on the part of myself and other employees to the people of Burkburnett to give the best possible electric service if you vote to sell the plant to the Texas Electric Service Company. As citizens of Burkburnett we are also interested in helping the City grow and become more attractive. We will appreciate your vote of confidence.

Re-Dedication Asked of Texans

A call to all Texans to observe the period from March 2 to April 21st by rededicating their hearts and minds to the spirit of those fifty destiny determining days was made by Colonel Charles R. Tips, Dallas, President of the Texas State Historical Survey Committee.

Colonel Tips urged Texans to attend the 123rd anniversary celebration of the signing of the Texas Declaration of Independence at Washington on the Brazas Monday March 2nd to visit the Alamo in San Antonio March 6th to pay tribute to the men who died there; to visit Goliad March 27th to mourn for the men who were massacred there; and to attend the meeting on the San Jacinto Battle Ground April 21st, celebrating the great victory won there.

Few Americans realize that the decisive period from the Declaration of Independence to San Jacinto victory led to the acquisition by the United States of almost one third of the American nation. Included in the million square miles of territory were the states of Texas, New Mexico, Nevada, California, Utah, and parts of Colorado, Wyoming, Kansas and Oklahoma. All of these states should join in celebrating April 21st, Col Tips said.

All teachers and pupils are invited to celebrate Texas Independence by reading the Texas Declaration of Independence March 2nd; by reading on March 6th, the immortal message sent by Travis from the Alamo; "We will never surrender or retreat.

Victory or death;" and by reading on April 21st, the story of the Battle of San Jacinto.

"We Texans cannot help but be humble," Col. Tips said, "when we stop to think of the sacrifices made for us by the pioneer Texans who settled a wilderness and, to protect their homes and loved ones signed the Texas Declaration of Independence and fought at the Alamo and San Jacinto to make that independence a reality.

"We honor the memory of the stout hearted men and women whose vision and prayers and high courage, whose sense of honor and love of liberty, whose reliance and perserverance against overwhelming odds and under tremendous difficulties, and prodigious labors and sweat and tears and blood have given us our precious Texas heritage.

"All Americans should realize that the broad, rich, prosperous and happy land, extending from the Gulf of Mexico to the Pacific Ocean is our physical heritage from the Texas pioneers.

"Our heritage is the tradition of courage and devotion to duty, of love of liberty and faith in God; the tradition of vision and imagination and self reliance and resourcefulness and perserverance.

"That tradition is a challenge to you and me, a challenge to every Texan, a challenge to every American:

"Its a challenge to meet the problems of this day in every field of business, and endeavor, in public and in private life:

"Its a challenge to accept the responsibilities of world leadership in an age of supersonic speed & unlimited atomic power with the same vision and courage displayed by our ancestors. Its a challenge to build for

posterity a Texas and an American future that will be worthy of our glorious past.

The Texas State Historical Survey Committee, of which the Colonel is president, is composed of eighteen members, appointed by the Governor and confirmed by the Senate, who serve without pay. It was made a permanent state agency by the 5th Legislature for the purpose of providing leadership and coordinating services in the field of historical preservation.

Under the leadership of the State Committee, 215 County Historical Committees with 1575 members have been organized to develop the historical resources of every locality in Texas; & the work of 43 state wide regional organizations interested in this field has been given assistance.

The committee has also worked the State Building Commission, the State Highway Dept., the Texas State Parks Board, the ed with State Building Commission, the University of Texas and other state agencies and institutions with interests or responsibilities in this field, in the development and achievement of mutual objectives.

Hello, U. S. Treasury? —We just found out that we've been working all day Monday and most of Tuesday to pay you folks, after this we ain't gonna work Monday and Tuesday.

TIRED OF BEING "ALL SHOOK UP" IN THE CENTER SEAT? Other cars make the tunnel so big there's almost no room for cushioning. The ride is hard, bouncy. See the difference in Mercury.

TIRED OF SITTING WITH YOUR KNEES UNDER YOUR CHIN? In other cars the tunnel "hump" is bigger than ever. But Mercury actually cut the hump in half! See how much more leg room there is for the man in the middle. And see (right) how Mercury pulls knee-cracking corner posts back out of your way.

MERCURY GIVES YOU MORE CUSHIONING, COMFORT AND ROOM THAN ANY CAR IN ITS FIELD

Here's how: Mercury, alone in its field, has a body designed for just one car. Other manufacturers give you—even on cars priced into Mercury's class—the very same body used on their lowest priced makes. That's why Mercury alone can cut the center hump in half, widen the door openings 4 inches, add 9 inches more knee room, provide unequalled 6-passenger visibility and comfort all around. Come on in. You'll see!

Grace Lutheran Society Held Regular Meeting

The Grace Lutheran Missionary Society met for their monthly meeting with Mrs. Krusemark as hostess. The president, Mrs. Evert, opened the meeting by having the group stand and sing. When I Survey the Wondrous Cross. Mrs. V. N. Mills led in the opening prayer.

The president expressed her thanks to everyone for the co-operation in having such a nice chicken noodle supper. The society voted to buy more folding chairs for the parish hall to be used in different classes and entertainment uses.

Program chairman, Mrs. Kollmeyer, introduced Mrs. Clarence Koenig, who gave a very interesting paper on the life and characteristics of Lydia. Parliamentarian, Mrs. Paul Schroeder, conducted a drill in the form of questions and a round table discussion. Mrs. Kollmeyer will be the hostess for April. The pastor was unable to attend this meeting because of a cold. We missed him very much.

The hostess served a most delicious plate to the following: Miss Clara Schulz, Mesdames Enderli, Evert, Howell, Koenig, Kollmeyer, V. N. Mills, Lasley, P. Schroeder, H. A. Mills, M. A. Mills, Bowles, Wilson and the hostess, Mrs. Krusemark.

DEN THREE—PACK 155

"I Look Six Months AHEAD... When I Start My Day Old Chicks"

"When I start my day old chicks," a poultry raiser said, "I can almost see the big fine layers they'll be next fall. I make my entire family income from layers, and I can't risk losing many chicks or stand the risk of not having the best grown-up layers. That's why I use and recommend Superior All-In-One from start to finish."

University Club

Met March 4 With Mrs. B. A. Browning

The University Study club met March 4th in the home of Mrs. B. A. Browning.

The president, Mrs. Bill Crosley presided over the business session. Mrs. Burns, the incoming president, announced her committees for the coming year: parliamentary, Mrs. Pogue; press reporter, Mrs. Bunstine; historian, Mrs. Rigby; Federation counselor, Mrs. Cauthorn; year book committee, Mesdames Reger, Tevis and Majors; finance and project, Witherspoon, Crosley and Young; telephone, Melton and Mathis; gifts and flowers Harwell and Rigby.

Mrs. Newman introduced the program for the afternoon on Government Today. We were fortunate indeed to have Mr. Ross Reagan bring us such an informative and interesting talk on City government.

Mrs. Sessums brought, State In Current News and Mrs. Majors talked on National in the UN. It was one of the most interesting programs we have had this year.

Mrs. Burns brought us some interesting information from the convention which was held March 2-3rd in Mineral Wells. Plans were made for the Red Cross Drive and the Chicken-Spaghetti supper which the clubs are sponsoring to help buy a new fire truck for the city.

A delicious refreshment plate was served to the following members: Mesdames Crocker, Burns, Cauthorn, Crosley, Harwell, Majors, Melton, Mathis, Sessums, Tevis and Laura Louise Young, Witherspoon and the hostess, Blake Browning.

Wesley Bible Class

Met March 5th With Mrs. J. H. Brumley

On Thursday evening, March 5th the Wesley Bible class met in the lovely home of Mrs. J. H. Brumley with Mesdames Chatham, Campbell, Kirsh, Pilkenton, Rigby, Scruggs, Wiggins, Vanderburg and Butts as co-hostesses.

The president, Mrs. J. D. Majors, presided over a short business session after which Mrs. Chloe Wiggins brought a beautiful devotional on the theme of Easter. Mrs. Wiggins also led in prayer.

During the social hour, Maj. Jane Sewell entertained the group by showing picture slides of her tour throughout the Holy Lands. She also had on display some souvenirs which she brought back with her.

Mrs. Brumley and her circle served a lovely refreshment plate carrying out the St. Patrick's color scheme to twenty-four members and one guest, Maj. Sewell.

Mr. and Mrs. Sam Shrum of Eunice, New Mexico, were week end visitors in Burk.

Mrs. R. C. Lewis returned home Sunday after a weeks visit with her daughter, Mr. and Mrs. Sammy Keith in Attica, Kans. She was accompanied home by her daughter who will remain here for a few weeks.
