LIKED BY MANY...CUSSED BY SOME...READ BY EVERYBODY

BURKBURNETT, WICHITA COUNTY, TEXAS, THURSDAY, JULY 9, 1959

NUMBER 44

Last year, gasoline and oil advertisers invested over \$30 million in newspaper advertising.

## Business Firms Invited Sponsor Pageant Contestants

to all local business sponsor entrants annual Miss Burk Burnett was extended everybody Invited Pays for His Meal

## Wheat Referendum To Be Voted On Thursday, July 23

Texas wheat growers are reminded by Chairman Searcy Ferguson of the State Agricultural Stabilization and Conservation Committee that July 23 is referendum day. He urges every eligible voter to participate in the referendum for each grower has a voice in determining whether or not marketing quotas will be continued.

## G. C. Beavers, Sr. Family Reunion Held In Walters

The home of Mr. and Mrs. G. C. Beavers, Sr. of Walters, Oklahoma, was the scene of a family reunion on the 4th of July week-end. All eight of their children and their families were in attendance. The only ones missing from the group were grandchildren, Mr. and Mrs. Preston Brown and baby of Grandview, Washington, Capt. and Mrs. G. H. Brister of Itzuke, Japan and Larry Beavers of Oklahoma City.

Those present for the happy occasion were Mr. and Mrs. R. H. Brister and Judy of Burk Burnett, Mr. and Mrs. G. B. Beavers and their children, Kenneth Beavers, his wife and Dana, Mr. and Mrs. Don Stubblefield and children, Tracy, Roxanne, Gary and Laquitta and Mr. and Mrs. Gene Hamner, all of Oklahoma City, Mr. and Mrs. Cleo Beavers and Clelynn of Randlett, Mr. and Mrs. P. D. Brown and Phillip of Grandview, Wash., Mr. and Mrs. R. L. Estep, Jerry and Carolyn of Garland, Texas, Mr. and Mrs. C. C. Foster, Craig, Debbie and Vicky of Garland, Texas, Mr. and Mrs. G. C. Beavers, Jr., Cleve and Randy of Randlett, and Mr. and Mrs. Clifford A. Beavers, Frances, Anita and C. A. of Torrance, California.

## ROTARY CLUB

Town Hall Each Tuesday 12:00 Noon

Walter Riley pinch hitting for Buster Morgan as program chairman for the day and presented George McClarty who gave a very interesting summary of his trip to New York and the Rotary International Convention held there recently. George's remarks were humorous as well as interesting. The 4-T's was the main topic of the discussion, tall buildings, tunnels, turnpikes and tips. Mr. and Mrs. Harold VanLoh accompanied George and Faye on the three weeks trip.

H. D. Smith gave the invocation and Carl Morrison led the singing. Thirty-two were in attendance including six visiting Rotarians from Wichita Falls. Past president, John Brookman, presided in the absence of incoming president, Floyd Marten, who is on vacation this week. Dr. Carl Morrison will bring the program next Tuesday.

Mr. and Mrs. Lloyd Smith and boys are moving to Snyder, Oklahoma, this week to make their home. Lloyd has purchased the Chevrolet Agency there.

Mr. and Mrs. Robert Todd and children have returned to their home in Abilene following a visit here with their parents, Mr. and Mrs. L. W. Beckham, and Mr. and Mrs. Lewis Todd.

Research conducted by the USDA and state experiment stations has increased the market for cottonseed meal by an estimated 300,000 tons annually. The expansion was made possible through improved processing techniques which lower the free gossypol content in the meal.

Mr. and Mrs. R. P. Long spent the holiday week-end in Del Rio, Texas, visiting their daughter, T. S. and Mrs. Bob Yow and children. They also visited in Old Mexico before returning home.

## P. O. Business Up 37 Percent In Burkburnett

Business at the local Post Office is up 37% over this date last year, according to A. H. Lohofener, postmaster. The volume is up some \$5,000.00 ahead of last year. With continued growth at this rate, undoubtedly Burkburnett will be a first class office within another year.

## Burk and Electra Plats Are Filed

New plats in Burkburnett and Electra were filed Tuesday in the office of County Clerk Dora Davis.

The plat of Highland Subdivision in Burkburnett shows location of 14 residential lots south of U. S. 281 and Bishop street intersection. Land is owned by Lillian J. Wiatt.

In Electra, a re-plat of Fairway Addition Section 1 was filed. The plat was approved May 12th by Electra commissioners. The new addition is between Elma and Mesquite streets, east of South Waggoner Street.

## JANINA INMAN ENTERTAINED FRIENDS FRIDAY NIGHT

On Friday night, July 3rd, Miss Janina Inman entertained a group of friends with a slumber party and skating party.

Those attending were Misses Kathy and Karen Reasoner, Karen and Debbie Metz, Sierra and Janice Friedls, Melba Cantrell, Evelyn Peterson and Janina. Mr. and Mrs. Larry Peterson and son Larry Jr., accompanied the group to Sand Beach for skating.

Janina is the daughter of Mr. and Mrs. Benny Turner of 206 East Second.

Visiting in the home of Mr. and Mrs. R. H. Brister of No. 3 Shannon Drive Sunday, were Mr. and Mrs. G. C. Beavers, Sr. of Walters, Okla., Mr. and Mrs. Cleo Beavers and children of Randlett, Mr. and Mrs. P. D. Brown and Phillip of Grandview, Washington, Mr. and Mrs. R. L. Estep, Jerry, Carolyn, Mr. and Mrs. C. C. Foster, Craig, Debbie and Vicky and Linda Walker of Garland, Texas, and Sharon Butler of Randlett.

Mr. and Mrs. Bill Bundy, Jr., and children of Beaumont spent the holiday week-end here visiting their parents, Mr. and Mrs. Charles W. Boyd and Mrs. W. M. Bundy, Sr.

Jim Frye was admitted to the Wichita General Hospital Monday night and is undergoing extensive examination this week. Frye is vice president and cashier of the First National Bank here.

## Attendance Low At C-C Luncheon

Attendance was low at the C-C business luncheon Monday noon, with only 34 present.

Cliff Wampler, president of the C-C was in charge. Marjorie Hofacket, secretary, read the minutes of the previous meeting, which were approved.

Announcement was made that Paul Browning had been re-appointed director of the West Texas Chamber of Commerce. He attended a meeting of that organization in Wichita Falls Tuesday.

Clark Gresham, Precinct No. 2 commissioner, announced the State had made appraisals on all the right-of-way property between Burk and Wichita Falls for the new expressway. However, he stated that only a few of the property owners had accepted the state appraisals, and that it would be necessary to take condemnation action against the others. He also reported that the contract for widening and straightening Highway 369 would probably be let in August.

Notes of appreciation were read from the three SAFB rodeo queens. Letters of appreciation were also acknowledged from the State Hospital Supt., and the director of recreation at the hospital. The C-C was host during the rodeo to a number of patients from the hospital.

The County Red Cross Bloodmobile will be in Burkburnett Wednesday, July 15. All who are able are urged to donate blood on that date. A public relations course will be held here in Town Hall July 20-22-23-24. Price of the course is only \$2.00. All business firms are urged to send their employees to this course. A representative of A and M College will be instructor.

A. H. Lohofener reported the local postoffice business was up 37% above this same date last year. The increase in volume is approximately \$5,000.00.

## Card Of Thanks

I wish to take this opportunity to express my gratitude for all the kindness shown me during my recent stay in the hospital. For your prayers, cards, and flowers, I thank you and may God bless you.

Mrs. R. H. Brister. 44-ltp. Call JO 9-2191 - For Printing

## Four Million Set For Hiway 287 Construction

A contract for 10.5 miles of construction on US Highway 287 in Wichita County has been awarded to a Dallas, Tex. firm. It was announced in Austin this week by the State Highway Commission.

Condon - Cunningham, Inc., submitted the low bid of \$4,274,776.95 on the project. Construction of grading, structures, storm sewers, flexible base and concrete pavement from one mile west of Iowa Park to one north of Wichita Falls is expected to take 500 working days, according to L. B. Bean, District High Engineer at Wichita Falls. The awarding of the contract to this firm is subject to the concurrence of the Bureau of Public Roads.

Frank S. Craig, Resident Engineer at Wichita Falls will be in active charge of the project while under construction.

## Gassers Win 2nd In Elk City, Okla. Baseball Tourney

Owen's Bell Gassers copied the 2nd place trophy at the Elk City, Oklahoma, tournament that ended July 4th. They also won 2nd place in the Anadarko tournament the week before.

The Gassers drew a bye the first round, then edged Sentinel, Okla., 3-2 the second round. Johnny Koller pitched well with Barney Fudge and Mickey McShan supplying the hitting punch. In the 3rd round the Gassers beat Elk City 10-7. Mike Ramey hurled. McShan homered in the sixth with a mate aboard to pull the semi-final game out of the fire. Eddie Binek and Gary Owen hit well in this game.

In the finals Anadarko flogged the Gassers 10-2. McShan pitched well, striking out seven and allowing only 5 safeties, but Gasser errors were their downfall. Johnny Koller and Rusty Ratliff led the Gasser attack in this game.

The Gassers' next tournament will be the Lawton International tournament in two weeks.

## Den 6, Pack 156

Den 6, Pack 156 held their meeting July 6 at 9:30 a. m. All the cubs were present and we made butterfly nets. Those attending were Kerry Elliott, John Edwards, Floyd Tuttle, Charles Gibson, Mike Garner, Mike Evans.

Michael Evans, Keeper of the buckskin.

## Revival Led By Young People At The First Baptist Church July 15th Through July 19th

### Marion Thornton Purchases Burk Service Center

Marion Thornton announces purchase of the Burk Service Center from John Page, effective July 2nd.

Mr. Thornton specializes in the repair of lawn mowers and motors, and has a large stock of motor parts on hand at all times. He also makes keys.

He invites all his old customers back, and invites new customers to try his service.

### Graveside Rites Were Monday For Oliver Infant

Graveside funeral services were held for Charles Lee Oliver, Jr., infant son of Mr. and Mrs. Charles L. Oliver of Dallas, Monday afternoon, June 8th at 2:00 p. m. in the Grove Hill Cemetery. Rev. Elten Williams officiated.

The baby passed away in a Dallas hospital Sunday, June 7th a few minutes after birth.

Survivors besides the parents, include the grandparents, Mr. and Mrs. Oscar McBride of Burkburnett and Mr. and Mrs. R. J. Johnson of Dallas.

Mrs. Oliver is the former Joyce McBride of Burkburnett.

## Population Shift Is Affecting Our Overall Economy

The shift in population in this country is one of the things that most directly affects the National economy. It is well known that there is a strong present trend toward the more metropolitan areas. This week we acquired figures from the Library of Congress that project this trend in the Thirteenth Congressional District.

Since next year is the year the census will be taken, these figures may be disproved when the actual count is made. They show the County by County population in our District to be as follows:

	1950	Jan. 1959
Archer	6,816	6,100
Baylor	6,875	5,900
Clay	9,896	7,500
Cooke	22,146	24,100
Gainesville	11,246	14,300
Denton	41,365	46,100
City Denton	21,372	30,000
Foard	4,216	3,200
Hardeman	Not Available	
Haskell	13,736	11,200
Jack	7,755	5,900
Kent	2,249	1,400
King	870	900
Knox	10,082	7,600
Montague	17,070	14,000
Stonewall	3,679	3,500
Throckmorton	3,618	3,000
Wichita	98,493	132,500
Wichita Falls	68,042	97,300
Wilbarger	20,552	18,500
Wise	16,141	13,800
Young	16,810	14,300

Besides the economic effect of this shift in population to the urban areas, it carries with it also many social and political problems. Historically the rural population of this country has been the political balance wheel, and its influence has been a most healthy one. Long range, it would be most unfortunate if this very evident population trend continues to develop.

Visitors from home this week were Mr. and Mrs. Ralph Bullington, Mr. Syd Gaines, and Mr. Bill Thompson of Wichita Falls; Mr. and Mrs. A. D. Cummings of Olney; and Mr. Harry James, Jr., of Denton.

Mrs. F. S. Shofner and three children of Houston are visiting her parents, Mr. and Mrs. Roy Magers, this week.

Mr. George Parker returned home Monday from Houston where he spent the holiday week-end with his daughter, Mrs. A. L. Browning and family.

Wednesday July 15th through Sunday July 19th the First Baptist church will hold a summer revival led by the young people. Bro. Albrecht Ritter, pastor of the Baptist church in Union Valley, Okla., will be the visiting evangelist.

The Youth Council elected church officers for the week of the revival as follows: Pastor, Judson Wright; Music Director, Dan Fowler; Sunday School Supt. Carl Law; Training Union Director, Grady Grizzle; Clerk, Freddy Gilbert; Organist, Eloise Morris; Pianist, Linda Holman and Head Usher, Bill Garland. The young people will also have charge of the opening assemblies in Sunday School and Training Union Sunday, July 19th.

Services will be held nightly at 7:30 p. m. and Bro. Ritter will also be preaching for both services on Sunday, July 19th.

Fellowship for the young people will be held each night following the services and they will also visit each night before the service.

## ABOUT YOUR HEALTH

Six years ago, more than 230,000 new Texans were born, and they will be entering school for the first time in both public and private schools in September. The right preparation for those first school days is vital to the future satisfaction and adjustment of your child in his new environment.

If he has an older brother or sister the task will be easier, but still there are many steps of getting ready for school that should be taken before Sept. 1st.

Some effort should be made to make it clear to the child that he will be on his own, without Mom or Dad watching over him all the time, a good while before that first day of school.

Clothing should be given much thought. Check the habits of your local school and find out what is the predominant mode of dress. If all the boys wear long pants, by all means make sure your son has them too.

Make sure everything is large enough, but not baggy or his classmates will make fun of him.

Proper nutrition is very important. When school starts allow enough time in the morning for a wholesome breakfast. A good breakfast includes citrus fruit or juice, milk, whole grain cereal or bread, eggs or bacon or both.

Lunch and dinner should be leisurely and pleasant, too. The new adventure of school is pretty fast paced, but mealtime offers an opportunity for the family to pause and enjoy being together.

Now is the time to check up on your school's requirements regarding vaccinations or other health measures and take care of them well in advance. Also, nearly every school district in Texas requires proof of age for first year students in the form of a certified birth certificate.

You may obtain a copy by sending one dollar to the Registrar of Vital Statistics where your child was born or to the Division of Vital Statistics, Texas State Health Dept., 410 E. 5th St. Austin Texas.

Be certain to include the name of the child, date of birth, place of birth, father's name and mother's name. It would be a good idea to do it now to avoid the August rush.

Jimmy Boyd is in McKinney hospital for a general check-up this week.

Mrs. F. E. Fairly of Collins, Miss., is spending several weeks here with her sister, Mrs. Chas. W. Boyd.

Charles Wayne Boyd is attending summer classes at A and M College.

Only three Texas counties are among the 1,576 in the nation now listed as modified certified brucellosis areas. The three, said Dr. C. M. Patterson, extension veterinarian, are Jeff Davis, Brewster and Presidio.

- An Editorial -

## Who Makes The Laws Here, Anyway?

Does Congress make the laws that govern this country, based on the needs of the majority of citizens who live therein, or are we governed by a small - but fantastically powerful - dictatorship of men who run certain unions? Judging by the news, it would seem that the unions are in charge of the governing.

Just look at the record. The McClellan Committee uncovered endless abuses in unions... acid throwing, blackmailing, picketing, violation of democratic rights, vicious evils... Laws to reform these evils were obviously necessary.

Senator Kennedy introduced a bill supposed to correct these abuses. It is not an effective bill, not by any means, and it has since been even further watered-down from its original state because of "sweetening" concessions to unions.

But there has to be an end to it somewhere.

When a man like George Meany, President of the AFL-CIO, comes right out and says that the Federation will not support the Kennedy-Ervin bill if certain concessions he wants included are not in it... well, the time has come for some kind of concrete action.

Are we going to sit by and just watch powerful labor bosses threaten and dictate to the Congress, just the way they do to their own members?

Are we going to allow people in Congress who want to put through worthwhile laws to be intimidated by the support or non-support of the Meany and the Reuthers and the Hoffas? And they are not the only ones... this growth of fascist unionism has got to stop. What are we building here? How far are we going to allow this tyranny of unions to grow?

Unfortunately, though it started out with the best intentions in the world, the current Kennedy-Ervin bill is not the way to stop union abuses! It is simply ineffective. Instead of setting-up laws that make unions behave, it "requests" that they act like gentlemen.

Instead of a bill with the "teeth" to correct abuses, it asks the union only to report their constitution (many unions don't even have a constitution) and the names and addresses of their officers. Instead of protecting small business so that the salt of unionism-at-any price will not coerce people into joining unions, it allows them to continue what they now do - and hog-ties an employer's efforts to bring his case to his workers.

Instead of telling-off a man like Meany: "This country is governed by the people, represented in Congress!... it allows his unions to directly or indirectly own stock in the very companies he is unfairly picketing"... allows him to tell Congress he will "not support this bill unless!"

The kind of law Mr. Meany and his pals are insisting upon will only extend his power... make unions more tyrannical... make unions more pressure-powerful.

If this continues, what can the individual worker or the small business man do? How can he maintain his rights against unions allowed to spend millions of dollars to propagandize... while the employer must report anything that can be construed as an "influence" on his employees' right to unionize - even as small an item as a coffee break.

Are we to sit back and let men like Mr. Meany and their pressure groups make the laws?

Are we to settle for a Kennedy-Ervin bill and piddling reform... when this country needs a strong measure to rout evil? Mr. Kennedy knew what was needed - punishment that fits the crime! How did it get bogged down?

And who makes the laws in this country, anyway?

# The Burk Burnett Star

Outside These Counties ..... \$2.50

## FIT FOR A KING

Anyone who thinks Congress will be careful with his tax dollars without prodding from the homefolks needs only to look at Capitol Hill to be disillusioned.

The House of Representatives is going ahead with a new \$84 million office building which will house only part of its members. This figure has been worked out at \$192,000 a room, and each representative will have three rooms.

And so each Representative's quarters will cost about as much as three dozen new homes that his constituents might build to house their families, if they could afford it.

Of course, it's unfair to compare office building cost with home building costs, so look at it another way. For little more than half what the Congressmen are spending on their quarters (\$46 million) Union Carbide is putting up a block square 52-story office building on New York's plush Park Avenue. But, we suppose such austere quarters wouldn't be good enough for our lawmakers.

It seems they must function amid splendor in the capitol, even though the old front porch may be good enough for quarters back home.

When Congress is so indifferent to prodigal spending which it can view from the windows of the capitol, is it any wonder that federal money wasted in far-off Oregon or Laos fail to excite our lawmakers.

It looks like at voters are the ones who will have to get excited.

## Spray, Don't Scratch

Many a veteran of the World War II Pacific campaign recalls the jungle insects as more vicious than the enemy and remembers gratefully the relief that finally came, in the form of a liquid insect repellent, now sold as "6-12" Brand.

Since those unhappy days, the fame of this highly successful bug chaser spread over the nation as it was being spread over acres and acres of epidermis exposed to airborne raiders of the smaller type. And this year the spreading problem has been simplified by packing "6-12" Brand insect repellent in aerosol-charged cans for quick and easy push button distribution over whatever areas are indicated. Thus, we may confidently expect that the 1959 password to the out-of-doors will be: "Spray, Don't Scratch."

Here, truly is an invention that ranks with hamburger, charcoal and asbestos gloves in the expanding popularity of outdoor living.

## GRASS ROOTS OPINION

**NORWALK, CONN., HOUR:** "During these days of inflation and cheap money, when a person says he feels like a million dollars he is, in fact, about half sick."

**ONTARIO-URLAND, CALIF., DAILY REPORT:** "Sometimes it seems to jolt religious persons to hear newspapermen say that the Bible is the greatest reporting job in history. These people seem to forget that while the Bible contains the word of God, it was reported in the words of men. One of the reasons the Bible has remained a best seller (which really has little to do with its actual importance) has been the fact it was written with such magnificent simplicity and clarity."

**REYNOLDS, PA., STAR:** "As governments grow to gargantuan size, the elected representatives come to the place where they cannot keep tabs on many public functions. Their resource in situations like these have been to set up a commission, staff it with high paid members and give them almost carte blanche in dealing with the problem. They often get to be judge, jury and jailer in the scope of their authority."

**ABERDEEN, MARYLAND, DEMOCRAT:** "While practically everyone realizes that the unemployed must be provided for, when they cannot obtain work, yet some Harford farmers are finding it most discouraging to be unable to secure farm help. Yet at the same time they can see able-bodied men obtaining their weekly checks, and loafing. Too frequently the statement is heard, 'I am not going back to work until my compensation check time runs out.'"

**BEEVILLE, TEXAS, BEE-PICAYUNE:** "Are we worth the cost of pain, struggle, denial and self sacrifice to be saved again? If the world falls under Communist domination, and man cannot improve his lot, but shows his desire to follow Jesus, there may be some alive today who will witness the second coming. If we do not show any desire and turn to evil, these same may witness instead the second coming as the end of the world."

## When A Girl Marries

June brides who plan to continue working need to do something more than sign the marriage application and slip on the ring, according to Mr. Erton F. Tate, Wichita Falls social Security office manager. They also need to change their names on their social security records.

Any woman who changes her name should be sure to submit a change of records card to us, he said. So that her new name may be tied in with our records under her previous name.

Records may be changed by calling at the social security office at 421 Post Office Bldg., Wichita Falls, or by requesting a change of record card from that office by mail.

It's a very simply procedure, Mr. Tate added. But it's one of those little things that mean so much. Future benefits under the old age and survivors insurance system will be based on the work record, and that record cannot be complete and up to date in all respects unless the ladies remember to change their names on our records when they get married.

Mr. and Mrs. Paul West of Odessa visited her parents, Mr. and Mrs. H. D. Smith over the holiday weekend.

Gray-James L. Stubblefield Recited In Thrift Baptist Church

Netta Gray, daughter of Mrs. Monroe and Mrs. Lee Stubblefield, and Mrs. V. L. Lee, both of Burk Burnett, recited at the Memorial Baptist church at 7:30 o'clock Tuesday morning, June 30th in the home of Mrs. Carl Morrison. Council president, Mrs. A. W. Newman, presided over the business session. A Christmas flower show was planned for Dec. 17. It will include a tour of five homes for arrangement classes and the junior and horticulture divisions will be at Town Hall. All five clubs of the council will participate and believe that it will be an interesting event. Mrs. W. H. Bohner, incoming president, will be general chairman with Mrs. J. B. Riley and Mrs. D. C. Dodson as schedule committee. Other committees will be named at a later date. Discussion on placing Christmas decorations on the cross roads plot was held with the council deciding it should be done. New officers were installed with an inspiring candle service by Mrs. C. R. Chambers. They were Mrs. W. H. Bohner, president; Mrs. H. S. Butts, vice pres., and Mrs. J. C. Adams, secretary-treasurer. Mrs. Bohner appointed Mrs. A. L. Gilbow as parliamentarian and Mrs. A. W. Newman, reporter.

Mrs. Carl Morrison Garden Club Council Hostess June 30th

A lovely coffee was enjoyed by members of the Burk Burnett Council of Garden Clubs preceding the business meeting on Tuesday morning, June 30th in the home of Mrs. Carl Morrison. Council president, Mrs. A. W. Newman, presided over the business session. A Christmas flower show was planned for Dec. 17. It will include a tour of five homes for arrangement classes and the junior and horticulture divisions will be at Town Hall. All five clubs of the council will participate and believe that it will be an interesting event. Mrs. W. H. Bohner, incoming president, will be general chairman with Mrs. J. B. Riley and Mrs. D. C. Dodson as schedule committee. Other committees will be named at a later date. Discussion on placing Christmas decorations on the cross roads plot was held with the council deciding it should be done. New officers were installed with an inspiring candle service by Mrs. C. R. Chambers. They were Mrs. W. H. Bohner, president; Mrs. H. S. Butts, vice pres., and Mrs. J. C. Adams, secretary-treasurer. Mrs. Bohner appointed Mrs. A. L. Gilbow as parliamentarian and Mrs. A. W. Newman, reporter.

ABOUT YOUR HEALTH

Nothing can live without food, suitable temperature and an appropriate amount of moisture. This applies to man, animals, fish and plants.

It also applies to bacteria. The range of needs for bacteria is slim, but when they are present bacteria can be very prolific, multiplying themselves by the millions in mere minutes. That is why food poisoning is much more common in warm weather & why you should be especially careful now about preparing food and storing it.

The main rule to remember is that bacteria which are apt to cause food poisoning thrive best in lukewarm foods.

Thus if you make it a hard fast habit to keep hot foods hot and cold foods cold, the chances of bacteria getting a foothold are slim. However, there are certain foods that have proven to be more susceptible to bacteria growth and the resulting food poisoning conditions.

For instance, egg and milk mixtures, including custards and meats, either in salads or sandwiches, and potato salad — one of the popular picnic foods, are often quickly suspected when infections occur in summer.

Making sandwiches and wrapping them in wax paper to let stand for hours before eating is just asking for trouble. So keep them well refrigerated.

Potato salad can give lots of trouble. The best way to avoid it is to chill all the ingredients before mixing, and then store the salad in shallow containers in the refrigerator. Deep bowls retain the room temperatures in the center portions.

Everyone loves a picnic. Enjoy them, but a portable ice box and a thermos bottle are musts if you are going to minimize the chance of summer food poisonings.

Mr. and Mrs. George Laird and baby of Odessa visited her grandparents, Mr. and Mrs. H. D. Smith over the 4th of July holiday.

DEVOL NEWS

MRS. C. O. WOODLEY

Visitors for the 4th of July holiday weekend in the home of Mrs. Dollie Hardin were her six children and their families including Mr. and Mrs. Elbert Zink and three children of Carmi, Ill. Mr. and Mrs. George Fincher and three children of Amarillo, Mr. and Mrs. Milton Hardin and children of Midland, Mr. and Mrs. Bennie Hardin and children of Dallas, Mr. and Mrs. Bobbie Gaston and daughter, Pamela and Miss Jewel Hardin, Dallas. Sunday guests in the Hardin home were Mr. and Mrs. Frank Hewell and Mrs. R. N. Germany all of Burk Burnett.

MIMOSA GARDEN CLUB HOLDS SPECIAL MEETING

The Mimosa Garden club held a special meeting June 30th in the home of Mrs. Mildred Stevens, club president.

Among several items that were taken care of to begin a new fall session in September was the resignation of Mrs. Stevens, who has gone to work. Mrs. Joyce Morgan was elected to hold the office of club president.

Refreshments were served by Mrs. Stevens and Mrs. Shirley Lieske to the following: Mesdames Vera Oelschlager, Natalie Todd, Mary Robertson, Joyce Morgan and Marcella Kincaid.

Pamela Wood, daughter of Mr. and Mrs. E. M. Wood is at Camp Letoli near St. Jo., with a group of campfire girls from Burk.

Mr. and Mrs. Ernest Wood, Jr. and daughter, Janice Sue drove to Chickasha Sunday to visit her sister and family, Mr. and Mrs. Willard Rath of Okla. City who were in Chickasha attending a golf tournament.

Mrs. McDonald of Livingston, Tenn., is visiting her uncle and aunt, Mr. and Mrs. Albert Smith this week.

Members of the First Baptist church in Devol will be contributing to a food offering for the next two Sundays, July 12-19th. The food is to be used by the group of young people from the church who will be attending Falls Creek Assembly July 22-29.

On July 15th, Sunday School attendance was 38 and 16 at-

tended the evening service. Bob Wyatt led the Wednesday evening prayer service on July 8th. The Tillman Association Youth Rally was well attended at the Manitou Baptist church last Sunday afternoon. Ten churches were represented by 82 young people. Emalon Nelson, Bryna Jean Harrison, Roger Robbins, Donnie Cornstubble and Dean Burk attended the S. W. Assembly Camp at Lake Lugert July 8-9th.

MIMOSA GARDEN CLUB HOLDS SPECIAL MEETING

THE STATE OF TEXAS

To all persons claiming any title or interest in land under deed heretofore given to J. D. Parkson, Wichita County, Texas, as grantee, Defendant, Greeting:

YOU ARE HEREBY COMMANDED to appear before the Honorable 78th District Court of Wichita County, at the Court-house thereof, in Wichita Falls, Texas, by filing a written answer at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 10th day of August A. D. 1959, to Plaintiff's Petition filed in said court, on the 17th day of June A. D. 1959, in this cause, numbered 63,620-B on the docket of said court and styled J. D. Parkson, Plaintiff, vs. G. G. Earp and wife, Ozella Earp, Moody F. Brown and wife, Dorothy Brown, D. G. Jordan and wife, Laura Jordan, Malcolm A. Moore and wife, Bobbie Moore, Raymond VanLoh and wife, Ruby VanLoh, & all persons Defendants, claiming any title or interest in land under deed heretofore given to J. D. Parkson, Wichita County, Texas, as Grantee.

A brief statement of the nature of this suit is as follows, to-wit:

This is a trespass to try title suit wherein plaintiff alleges that he is the owner in fee simple of the following described lands and premises located in Wichita County, to-wit:

That part of Block 9, Red River Valley Lands, according to plat thereof of record in Book 44, Page 532, BEGINNING at a point on the south line of said Block 1680 feet south of the northwest corner of said Block 9; THENCE East on a line parallel with the south line of said Block 660 feet; THENCE North on the line parallel with the west line of said Block 165 feet; THENCE West on a line parallel with the south line of said Block 660 feet; THENCE South along the west line of said Block 165 feet to the point of beginning.

Plaintiff further alleges that the above described property is his separate property having acquired same with his separate funds in 1932. Wherefore Premises Considered, plaintiff prays that the defendants be cited to answer this petition and that on final hearing plaintiff have judgment for the title of said land, and for decree removing cloud from title and for such other and further relief as he may be entitled to, either in law or in equity, as is more fully shown by Plaintiff's Petition on file in this suit.

If this citation is not served within ninety days after the date of issuance, it shall be returned unserved.

The Officer executing this process shall promptly execute the same according to law and make due return as the law directs.

Issued and given under my hand and the Seal of Said Court, at office in Wichita Falls, Texas, this 25th day of June, A. D. 1959.

SEAL: Attest  
FLORA COBB, Clerk,  
District Court, Wichita Co., Texas.

The four-passenger Thunderbird, which set a new standard of elegance for American cars in 1959, is shown here in an international atmosphere before the Place Belgique at the Brussels World's Fair. The 1959 Thunderbird, with re-styled grille and metal spears on the side panel projectors, retain the same basic lines that made it the most successfully styled car in America.

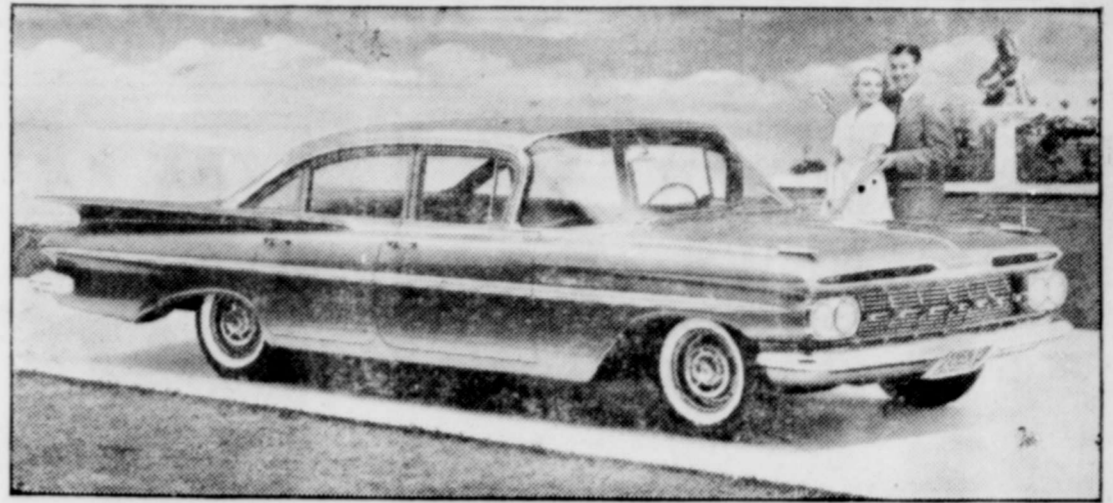

being certain to dry them thoroughly before using, to keep the sanding surface clean.

Another reader sends us a novel suggestion we'd like to pass along. Says he, "I replaced a shoe bag that was a little worn and was about to throw it out when it occurred to me it would be a good way to 'file' my hand tools at the end of my small workbench. I lacked clear wall space above the bench and tools always were a jumble in the drawer.

"So I hung the old shoe bag from the end of the bench and put my pliers, screwdrivers, files, tin snips, flat wrenches and so on into the pockets. Most tools stick out the top enough to be identified. What's more, the tools are easy to get in and out—and always are within handy reach."

(If you have any suggestions or questions about workshop problems, send them to the Thor Research Center, Marengo, Ill. You'll hear from us by letter or mail.)

## COMPLETELY RESTYLED CHEVY

Chevrolet again offers the popular Bel Air series in 1959. This model maintains its reputation for stylish interiors and appointments, with increased passenger room and additional visibility in new compound-curved windshields and larger rear windows. New grille and lowered headlamps accent the front end. Both two-door and four-door sedans incorporate the venture's new design features, plus improved brakes, suspension system and handling advancements. All 1959 Chevrolets feature a new acrylic lacquer finish said to retain brightness for years.

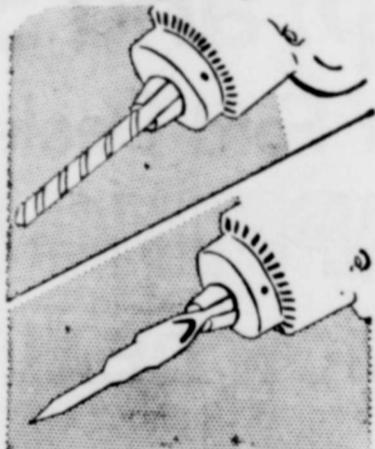

jig saws, sander and drills to make all cuts, grooves, and fittings quickly.

Final flourishes to the "sportsrobe" are a hunter and leaping fish, or some other combination traces on hardboard, cut out with electric jig saw, and glued to the doors before finishing the cabinet.

(The plans for this "sportsrobe" may be obtained, free of charge, by writing to the Thor Research Center, Marengo, Ill., and asking for Project No. AE-280.)

Recently a midwestern reader complained that "the hardest workshop task for me is getting screws started properly and getting them tight. Often I've worked up blisters on my hands by the time I'm finished. How can I make the job easier? Are there any electric screwdrivers available?"

Taking the second question first, there are power tool attachments available for driving screws. These screwdriver attachments fit onto 1/4-inch portable electric drills and remove all the musclework—and the blisters—in tightening screws.

Setting screws properly easy with proper tools.

These are other things you should do, whether or not you use such a power tool attachment, to make screwdriving easy. For instance, you always should drill a pilot hole the size of the root diameter of the screw, measured two threads from the bottom. If you're using a flathead

### Lions Elect International President

Clarence L. Sturm of Manawa, Wisconsin, was elected International President of Lions International at the Association's 42nd Annual Convention in New York City. Lions International, with 590,000 members in 92 countries or regions, is the world's largest service club organization. Lions International is best known for its many youth programs, community service projects, sight conservation activities and aid to the blind. Last year Lions Clubs around the globe completed more than 180,000 individual worthwhile community service projects.

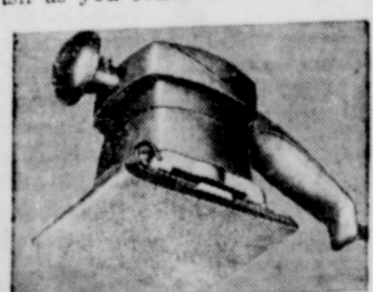

screw, you should make a countersink hole with a countersink bit chucked into your electric drill. You can get a series of bits which will drill, pilot and countersink holes in one operation, with the bits matched to various sizes of screws.

The screws will go into the holes more easily if they are rubbed slightly on a bar of soap before driving. This "lubrication" of the screw, plus drilling of pilot and countersink holes, simplifies the screwdriving task when you use a hand screwdriver. But the easiest way to avoid the blisters, of course, is to utilize your power drill with a screwdriver attachment.

(We'll be glad to answer any questions you may have about do-it-yourself problems. Write to Thor Research Center, Marengo, Ill.)

Several readers have asked our opinion of the new metal sanding sheets now available to do-it-yourselfers, either for use with a portable electric sander or sanding pad.

The idea of a metal sanding sheet, providing a permanent abrasive surface, definitely is catching on and one of the newest, called Carbigrit, is available with different surfaces for heavy or light sanding. These sanding sheets consist of tungsten carbide grits—almost as hard as diamonds—permanently bonded to metal and they do an excellent job of sanding. Use the right sheet for the work you're doing and you'll get as smooth a finish as you could desire.

Metal sanding sheets catching on with do-it-yourselfers.

To make sure permanent abrasive sheets maintain their original sanding capacity, it is well to soak or dip them occasionally in turpentine or paint thinner,

## News From The County Agent

Though Texas has a law requiring that cattle, hogs, sheep and goats must be branded or marked and the brand or mark recorded, brand inspectors estimate that 25% or fewer of the cattle and less of the other animals are branded.

Interested in keeping the quality of your eggs high? Then, cool them as soon as possible after they are laid. With prices as low as they are now, quality becomes an even greater factor in making a profit.

In hot weather, quality break down takes place at a very rapid rate, and must be checked quickly or Grade A eggs will be grade B or even Grade C eggs in a short time.  
Research has shown that it takes from 16 to 18 days for eggs to reach the consumer after they are laid. Quality break-

down is going on all the time and buyers take this consideration when they purchase. Consequently, unless you bring a lower price, you will not maintain the quality as long as will those who brand.

There was approximately 100,000 pounds of rabbit manure purchased by Wichita County farmers in a series of auctions last week. Rabbits are being raised in the county as well as vegetable crops.

Cotton farmers are checking their cotton for cotton insects. Light thrip and flea hopper infestation is being found in the county.

The annual County campment will be held in the 4-H barn in Wichita County, Thursday, July 16. Boys and girls are making plans to attend campment.

Hammett also sang marriage vows with a bride who was length organza w she carried the french Bible. The bride's parents attended the ceremony at the school. Heretofore, the most Da

July 1 G. Sp Mr. and M. invited to celebrating the anniversary a July 12th Burkburnett will be from their daughter as Vance Williams.

Harry Dean Harrison, Tanview, Texas, and his wife, Mrs. W. H. Williams, are planning a weekend vacation in the 4 generation family.

## One Hundred Years Ago . . .

Since the first petroleum well was opened by Edwin L. Drake in Titusville, Pa., August 28, 1859, the oil industry has become one of America's largest and most important. In speeding and sustaining this program, banking has played an essential part. Today, as always banks stand ready to help business and industry meet the nation's ever-growing needs.

**Stop! Swap! and Save!**  
at your Ford Dealer's  
**SUMMER SWAPPING BEE**  
Get a 2<sup>ND</sup> MILLION DEAL now!

Because Ford's the first manufacturer to sell over one million '59 cars... your Ford Dealer can offer you even greater savings now, on the 59 FORD of your choice.

**GET A HONEY OF A 2nd MILLION DEAL NOW!**  
Ford sales are booming over the million mark! And right now, during the Ford Summer Swapping Bee, you can get an extra-generous 2nd Million Deal on any one of the new Fords that are already lowest priced of the best-selling three!

**YOU CAN SAVE UP TO \$102.75 ON THE POSTED PRICE ALONE!**  
Ford prices are the lowest of the best-selling three. Take a Fairlane 500, for example. It is priced \$102.75 lower than the major competitive model, when both are equipped the way most people buy cars—with heater, radio and automatic transmission. And the bigger 2nd Million Ford trade your Ford Dealer can make you, now, makes your savings still greater!

**SAVE UP TO A DOLLAR ON EVERY TANKFUL OF GAS!**  
Standard Ford engines thrive on lower-cost, regular gas. That saves you as much as a dollar a tankful. And Ford's standard Full-Flow filter stretches oil changes 4000 miles apart.

**SAVE ON MAINTENANCE!**  
Some of the new saving features you get in the 59 Ford are... amazing Diamond Lustre Finish that never requires waxing to keep its beauty bright... an aluminum muffler that normally lasts twice as long as the ordinary kind used in other cars... a husky 66-plate battery instead of the usual 54-plate battery installed in other cars.

**SAVE WITH YOUR FORD DEALER'S EXTRA-GENEROUS TRADE-IN ALLOWANCE!**  
Because Fords are the most popular cars, Ford Dealers can afford to make more generous trades. Visit your Ford Dealer and see how you can save with this 2nd MILLION FORD DEAL... now!

**MAKE A "BEELINE" TO YOUR FORD DEALER FOR A HONEY OF A 2nd MILLION DEAL ON ANY OF THE 59 FORDS**

## Floyd H. Lawhon Wed In Single Ring Service Recently

Floyd H. Lawhon and his bride, Mrs. Kenneth Hammett, were married in a single ring service recently at Abilene, Texas.

## Baseball League Standings

This week brings to a close the first half of play in all leagues of the Summer boys baseball program. The second half begins next Monday with all teams beginning on even basis. The winner of the first half will meet the winner of the second half for league championship.

Two teams, Texas Electric and Fina Oilers are battling it out in the Senior league for the first half championship. Texas Electric had a one game lead going into the last week of play.

First Baptist church sewed up the Junior league by defeating Herring Hardware 9-6 Monday night. In a close struggle for second place are the First Methodist and Herring Hardware teams.

In the Pee Wee league, White Auto and Corner Drug are nip and tuck in the fight for the leadership. Corner Drug can win the first half by defeating the First Baptist and Famous boys this week.

The concession stands at the little league parks are operated by the little league and all proceeds go into the funds for keeping the program going.

## July 12 To G. Spicers

Mr. and Mrs. F. G. Spicer are invited to join the celebrating their 50th anniversary at a reception, July 12th at the Burk Burnett. Call from 2:00 to 4:00 for names for the affair.

## Local Births

Birth certificates were issued to the following Burk Burnett parents last week: Messrs and Mesdames: Tommy T. Crabtree, girl, Donna Sue; Billy Ray Dorland, girl, Billie Irene; Paul R. Wolfe, boy, David DeWayne.

Chief Yeoman Joe Knox of Washington, D. C. is visiting relatives and friends here this week.

B. J. Roberts and family left Sunday for their home in Los Vegas, Nev., following a visit here with relatives and friends.

## It's The Law In Texas

NO WILL? WHO INHERITS PROPERTY?

What will happen if you should die without executing a legal and proper will? Who will inherit your property? Your husband, wife, mother, father, children, your wife's relatives? The best way you can say who will have it is to provide a will that will protect your rightful beneficiaries and dispose of your property in accordance with your wishes.

When a deceased has no will, or dies intestate as the law calls it, the property of that person is distributed according to a detailed formula fixed by law. In some cases this may be the way you would divide it, but in many cases it is not.

The provisions of the law concerning the distribution of the property of a person who dies without a will are rather complicated and all of the possibilities cannot be covered by a general statement.

There are different rules for real estate and for personal property, for community property and for separate property, for homestead property and for all of the many possible combinations of surviving relatives. Each situation must be carefully studied to determine the correct distribution of the property.

For example, here is a general idea of how the community property which you and your spouse have accumulated will be divided if you do not make a will prior to your death.

If your husband or wife survives and there are no children, the surviving spouse receives all of the property.

If, in addition, there are surviving children or descendants of deceased children, they would divide one half of the property, while the surviving spouse would receive the other one half.

Of course, grandchildren do not share in the estate unless their parents who would inherit is deceased. And when descendants of previously deceased children do inherit, they receive only the portion that the child would have received, regardless of the number of descendants.

An odd not, perhaps, is that the surviving spouse already owns one half of the community estate prior to your death, and the law adds nothing to this share where there are children surviving.

When there are only children and their descendants surviving, they divide the entire community estate between them.

## CAMP LETOLI COUNSELORS

Carolyn Clement and Charlotte Wallace of Burk have been chosen Camp Fire counselors in training for Camp Letoli near St. Jo. Both juniors, they have both attended the camp eight summers. Miss Wallace is the daughter of Mrs. Opal Wallace and Miss Clement is the daughter of Mr. and Mrs. Howard Clement.

Mrs. Pete Wyatt and Mrs. Geo. Wyatt are working on clothing construction, as clothing demonstrators. They have completed very attractive better dresses. They did apply the new and recommended methods of construction.

Since the completion of their dresses they have taught two non-club members the things they learned. The non-club members have completed dresses.

Now, the demonstrators are teaching members of their home demonstration club methods of making tailored buttonholes, putting in a gusset, putting in a zipper and correct interfacing.

Cool dark cottons are popular for summer wear in many parts of the state. Many warm weather dress styles are not cut to be worn with dress shields, perspiration stains and discoloration of dark colored clothing sometimes occur. These suggestions from the U. S. Dept. of Agriculture textile chemists will deal with these stains or washable

cottons.

The fresher the stain the better your chances for removing it. Pressing a dress that is even slightly stained may set the stain and cause more discoloration. First try washing the stain thoroughly in warm water, rubbing soap or synthetic detergent well into the stain. If the fabric has discolored, try sponging a fresh stain with a little vinegar and water solution; for an older stain try a little ammonia and water. This may help restore the color. Rinse thoroughly.

Save any tags on ready to wear and yard goods and read carefully. Some dark cottons carry a label stating that the dye is fast to perspiration. Other labels give facts about both the fabric and its finish that will be helpful when you need to re-

move a stain at home.

4-H clothing workshops have just been completed and plans are being made for the county dress revue. The revue will be Friday, July 31st in Wichita Falls.

Mr. and Mrs. C. G. Nunn of Jal N. M. are visiting his mother, Mrs. Minnie Nunn, this week.

# most miles per gallon

ONE OF THE 7 BIG BESTS CHEVROLET GIVES YOU OVER ANY CAR IN ITS FIELD

Take it, not from us, but from official results of this year's Mobilgas Economy Run: Chevy's pennypinching 6 delivers the most miles per gallon in its field. For a pair of these Chevrolet sixes with Powerglide walked away with the first two places in their class, getting the best mpg figure—a whopping 22.38—of any full-size car. And here are more expert, impartial opinions and on-the-record facts backing us up on Chevy's other six bests:

### BEST TRADE-IN

Check the figures in any N.A.D.A.\* Guide Book. Chevrolet used car prices last year averaged up to \$128 higher than comparable models of the "other two."

### BEST STYLE

It's the only car of the leading low-priced 3 that's unmistakably modern in every line. "In its price class," says POPULAR SCIENCE

magazine, "Chevrolet establishes a new high in daring styling."

### BEST BRAKES

In direct competitive tests of repeated stops from highway speeds, conducted by NASCAR†, Chevrolet out-stopped both of the other leading low-priced cars—and why not: Chevy brakes are far larger, built with bonded linings, to help lengthen brake life by as much as 66%.

### BEST ROOM

Official dimensions reported to A.M.A.‡ make this clear. For example, Chevy front seat hip room is up to 5.9 inches wider than comparable cars.

### BEST ENGINE

Every motor magazine has given Chevrolet's standard and Corvette V8's unstinted praise. As SPORTS CARS ILLUSTRATED puts it: "Indeed this device is surely the

most wonderfully responsive engine available today at any price."

### BEST RIDE

MOTOR TREND magazine calls Chevy "... the smoothest, most quiet, softest riding car in its price class." You'll be able to tell this yourself, instantly. And your Chevrolet dealer can tell you about a long list of other advantages besides these 7 big ones!

**A SUBSCRIPTION TO THIS NEWSPAPER**

About the only cheerful remark heard around Texas Legislative halls of late is, "Think how bad it would be if it were not air conditioned!"

(House and Senate chambers are cooled this year for the first time, though most of the rest of the Capitol is not as yet.)

Many remember summer sessions in pre-air conditioned days. Scorching extraordinary was the one in 1949 which ran to July 6th, longest regular session in Texas history.

Lawmakers and reporters complained that the huge granite blocks in the Capitol walls collected heat like a dutch oven. Coat and tie rules in the legislative chambers added to the misery.

Some observers said that the 1949 Legislature (which also had a tax problem) didn't really quit. It just sort of melted down. A special session was called the next winter to clear up money problems.

For all its comforts, air conditioning hasn't taken the sweat out of passing a tax bill.

Both House and Senate have passed tax bills, and a new conference committee was put to work to try to piece them together. But the floor action preceding passage gave no indication that any of the conflicting groups is ready to give an inch.

House membership is split 3 ways into (1) those who don't want the majority of new taxes to fall on business, (2) those who don't want a majority to be sales taxes and (3) those who apparently don't want any new taxes. Each of the first two groups has been able to defeat the other proposals with the help of the "no taxers." Hence, despite public impatience and their weariness, lawmakers have been ensnared in a one step forward and two backward pattern.

**Something Old Something New**— Given to the conference committee on taxes were a new bottled bill from the House and an old, nearly full sized bill from the Senate.

House bill would raise about \$106,000,000 over two years — about \$70,000,000 less than is needed. Senate bill, designed to raise about \$160,000,000 is the same one passed by the Senate in the first special session. It contains more sales taxes than business taxes which the House refused to accept on the last round.

Cut from the House bill before passage were the \$50 deductible sales tax (a 2% levy on costs over \$50) and the natural gas severance beneficiary tax. Both fell by the wayside in one of the "if you kill my tax, I'll kill yours" sessions.

Remaining in the bill were levies on which the House has been able to agree all along—on cigarettes, liquor, auto sales and corporation franchises. "New wrinkles" added were (1) a licensing fee for private clubs that sell liquor and a 10% tax on mixing drinks and (2) a 1.5% sales tax on boats, motors and airplanes.

Bill also contains a provision to cut the sulphur tax from \$1.40 to \$1.03 a ton.

House conferees, none of who served on the committee last session, are Reps. Menton J. Murray of Harlingen, Frates Seeligson of San Antonio, Wes-

ley Roberts of Lamesa, Joe Ed Winfree of Houston and John Allen of Longview.

Senate conferees include four who served before, Sens. Rudolph Weinert, Dorsey Harde-man, Bruce Reagan and Jimmy Phillips, plus one new member, Sen. Wardlow Lane.

**Senate Okays Beach Bill**— After considerable haggling and several close votes, the Senate passed a bill to guarantee public access to public beaches. Mustang and Padre Islands are exempted from the provisions of the bill. Sen Bruce Reagan of Corpus Christi, who sponsored the amendment said that the islands were being developed with a systematic plan for public parks, beaches and recreation areas.

Opponents to the exemption said it would allow at least one-third of the beaches on the islands to be under private control.

As passed by the Senate, the bill doesn't try to definite boundary between state and private land, but simply affirms the public's right to come and go from state beaches by way of roads.

**Fee Bill Added to Call**— A bill to let state colleges charge a \$30 a semester activity fee got a new lease on life when Gov. Daniel submitted it to the Legislature.

Bill had been introduced twice, but fizzled out in the senate when Sen Henry Gonzales challenged it on two points: (1) it was not "within the governor's call" for the session and (2) in order to be considered within the call, it would have to be regarded as a revenue raising measure which must originate in the House.

Gov. Daniel's action changed this, and the Senate went back to work on the bill. A similar bill was passed by the house last session.

**No Deadlock Here**— Easiest agreement of the session was on a bill appropriating money to pay legislative expenses.

Both House and Senate gave final passage to a bill transferring \$400,000 from the cigarette tax fund to pay costs of the second special session. This brings legislative expenses thus far to about \$2,700,000.

**Land Sale Approved**— House passed a bill that would allow the state to sell a tract of about 40 acres just north of the State Hospital in Austin.

State Hospital Board has declared the system does not need the land. Austin city officials would like to see it privately owned so property taxes could be collected on it. Location is such that it could be used for a shopping center. Bill sets the minimum price at \$1,500,000.

**TEC To Move**— Texas Employment Commission will be the first state agency to move into one of the new buildings being built north of the Capitol.

Beginning July 16th, TEC will cart some 686 employees and 11,000 items of furniture and equip-

ment from 11 rented buildings to its new headquarters. Operation is to continue around the clock and be completed on July 20. Unemployed will not be issued delay is expected to be by end of the next week.

### WASHINGTON AND SMALL BUSINESS

In what may well develop into one of the most interesting hassles of 1959, the Senate anti-trust and monopoly subcommittee has issued a report asking the Justice Department to consider the feasibility of court action to break up General Motors. The committee is headed by Sen. Estes Kefauver.

**It seems quite logical that some probe should be made of the situation.**

The National Federation of Independent Business has never been against bigness per se. Rather, the stand has always been that there should be no limit on the size a business may attain, provided free competition is not diminished.

Thus, it would appear that quite properly, it should be determined if General Motors, or any other Big Auto, has conspired to drive out competition.

It is a certainty that the auto industry, one of the nation's most vital, has been concentrated in the hands of a very few. It is perhaps long over due to hold an inquiry into just how this has been done.

In addition, the impact of certain practices of Big Autos in certain aspects of the national economy, particularly in the pricing of labor, should also be thoroughly discussed, as there is not a small manufacturing plant in the nation that is not profoundly affected by the contracts entered into by Big Autos.

In fact, at a time when inflation is quite properly of prime concern to all thinking people, some of Big Autos labor con-

tracts do not appear to be most wholesome.

Particularly referred to the clause which provides automatic raises as a cost of living index.

An increase in wages with increase in price cannot be logically an increase in production. But wage increases increase in production.

Because inasmuch as cost of living index, a vital part in pegging any increase in auto wages, is so big, its operation is so big, its operation is so big, its operation is so big.

Neither should there be feeling that because it is so big, its operation is so big, its operation is so big, its operation is so big.

Not too long ago, made a study of General Motors and found the firm was actively against the interests of one of its strongest, its big corps of dealers.

Removal measures which have done a great deal to alleviate the unemployment in which many were placed by a new...

Thus, it seems high time Congress pursue much further.

After all, majority one of the nation's leading tries is a situation that be studied from all angles.
