Burk Burnett FFA School Enrollment Has Doubled Need for More Rooms Critical

Burk Burnett Independent School District ADA (Average Daily Attendance) Since 1952-53

Year	White	Colored	Total
1959-1960	1928.00	80.00	2008.00
1958-1959	1454.23	66.61	1520.84
1957-1958	1283.64	53.12	1336.76
1956-1957	1203.24	45.12	1248.36
1955-1956	1175.22	33.57	1208.79
1954-1955	1071.05	31.09	1102.14
1953-1954	991.09	21.58	1012.67
1952-1953	967.03	19.69	986.72

The information gained from average daily attendance from 1952 reveals some very startling facts. The student body has doubled in size and the facilities have not kept pace. The schools have been hard pressed for classroom space and have not received remodeling that is necessary to keep facilities up to date.

Some of the High School facilities are the same as were installed in 1924. It is not reasonable to think that conditions like this could be expected to take care of methods and techniques that have been developed since 1924. It is very certain that equipment has changed and should be replaced.

The heating system in High School is the same one that was installed when the building was put there. The boiler has been repaired almost every year and the lines have been repaired. It is very questionable as to how long the present system can be further repaired.

The electrical wiring in the same as was originally put in the building. After 35 years of use the insulation on the wires is in a very bad shape of deterioration. The circuits need changing and new ones added to bring the classrooms up to standard light in each room, in order that children can work without injury to their eyes.

There has been secured from the Federal Government \$491,720.00 for building of classrooms in the Burk Burnett School District during this school year. This amount will not bring our School system up to the standard that is demanded of a first class school system. We must evaluate some of our Model "T" facilities, in terms of the power, air and jet ages; but of the atomic and space age, if we are to offer our children the opportunities that they need in meeting existing living conditions in our modern society.

The above is only a small amount of reasoning that your School Board took under consideration in increasing evaluation of property for tax purpose in the Burk Burnett School District and in setting the tax rate at \$1.25 per \$100.

There will not be a space in the Primary Building and Hardin Grade School for visual education or music in September. The Junior High School will be taxed to capacity. We need the space of an additional classroom in High School to keep from going to temporary quarters. To offer a good program of work in High School three more classrooms are urgently needed.

Ralph Davises Home From Summer School

The Ralph Davises are at home after spending six weeks in school in Denton. They rented a 4 room furnished apartment and all went to school.

Mrs. Davis received her library certificate and Mr. Davis received his supervisory certificate and is starting his Ph. D. Degree. Kayrene and Yvonne attended lab. school in Denton. Everybody enjoyed school, but are glad to be home.

Mrs. John Brookman left last Friday afternoon for New Orleans, La., where she will visit her son, Mr. and Mrs. Jerry Brookman, and new baby daughter, Sandra Jane. The baby was born Wednesday, July 15, and weighed 6 lbs., 8 ozs. The Brookmans have one other daughter, Jerri Lyn, age 1 year. The other grand parents are Mr. and Mrs. Bill Penn, also of Burk Burnett.

To be great is to be misunderstood.

NOTICE TO PARENTS

All children starting to Burk Burnett Public Schools in the first grade of the 1959-60 school term will need a birth certificate and vaccination certificate for small pox and diphtheria. The school records are often used for verification of birth certificates and legal records; therefore it is necessary that birth certificates be used as a basis for entrance into public schools.

Daily Vacation Bible School at Church of God

Daily Vacation Bible School will begin at the Church of God Monday, July 27th. It will continue through August 1st. A cordial invitation is extended to all to attend.

Mrs. G. C. Woods Funeral Saturday

Funeral services were held Saturday in Norman, Oklahoma for Mrs. G. C. Woods. She died Thursday in Municipal Hospital at the age of 82. Services were at 10:30 Saturday in Primrose Chapel. Burial was in IOOF Cemetery. Mrs. Woods is survived by her husband, Mitchell Clay of the home; three sons, Roy S. and Cecil of Norman, Okla.; Walter Lee of Tulsa; a daughter, Gladys of Columbus, Ohio; eight grandchildren and 11 great-grandchildren. Mrs. Woods is a former resident of Randlett, Oklahoma, and has visited in the home of her granddaughter, Mary Ann Hobbs in Burk Burnett, many times.

CHARLOTTE JOHNSON HOME FROM CHICAGO, ILL. VISIT

Charlotte Johnson has returned from a most enjoyable visit with her sister, Mr. and Mrs. Don Howard and children in Chicago, Ill. and with friends, Mr. and Mrs. Gene Wintersole and family in Columbus, Ohio.

While in Ohio she visited in Kentucky, Indianapolis, Indiana and other interesting places. In Chicago she visited many places of interest. The museum of National History was most interesting as well as educational and the famous Colleen Moore's Doll Castle, seen in the Museum of Science and Industry was most interesting and unusual. The Castle is said to have cost a half million dollars to build.

She also visited the Trade Fair at the Navy Pier in Chicago, viewed the exhibits from many different countries. Highlight of the visit was being within ten feet of Queen Elizabeth and Prince Phillip while they were in Chicago. The Queen was radiant and lovely and Prince Phillip was all the news columns says he is "Most Handsome".

Charlotte reports a most delightful eight weeks away from home.

Mrs. Laura Mae Simpson is scheduled for surgery in the Wichita General Hospital Thursday morning.

Legion Auxiliary to Meet
The American Legion Auxiliary will meet at the Legion Hall Friday night, July 31st, at 7:30 P. M.

Central States News Views

BRIGHT EXAMPLE of trend to use of colorful ceramic tile for exterior walls is patio of the Temple in Cleveland, O. designed by Perkins & Will and Michael M. Kane, AIA.

BRIGHT EXAMPLE of our fine young American womanhood is this Texas belle, a striking combination of beauty and brains. Susan Bagby, 21, is shown at left after being named prettiest gal in Dallas, and at lower right as an outstanding student at Southern Methodist U. where she made Phi Beta Kappa, top scholastic achievement.

16 Pints Blood Donated Here

The local American Legion appreciates the fact that sixteen persons donated a pint of blood each when the bloodmobile visited here recently. They also wish to express thanks to Herman Draper who furnished ice and cold drinks, and Preston Dairy for furnishing milk to the donors.

Owen Gassers Still Winning in Lawton Tourney

The Owen Bell Gassers both Midgets and Preps, have won two games each in the Lawton Tournament. The Midgets beat Howell 20-0 Monday afternoon. Joe Montgomery pitched a no-hitter, striking out 10. Johnny Koller hit a grand slam homer. Buster Willis made a perfect day at bat. Rusty Ratliff and Pete Davis also helped in the attack.

Wednesday afternoon the Midgets beat a strong Jefferson team 5-1. Johnny Koller pitched his second no-hitter in a row to win this one. Vincent Lam, Koller and Johnny Inman led the hitting.

The Preps breezed by the P. A. L. team 12-4 Tuesday afternoon. Mike Ramey pitched a nifty 3 hitter with Micken McShan and Barney Fudge leading the hitting.

Wednesday night the Prep Gassers beat Northwest 10 to 5. Ramey pitched 4 innings, allowing 1 hit, before hurting his ankle. Sonny McDougle finished for him. Boots Butler, Barney Fudge and Gary Gorman led the hitting. Don Overnton sparked afield.

The Preps play in the semi-finals Friday night. Both teams are coached by Ollie Ratliff.

Beauty Pageant Tickets On Sale

Tickets are now on sale for the First Annual Miss Burk Burnett Pageant. Purchase your tickets early as the Modern Study Club is anticipating a sell out crowd for this event to be staged on September 1 in the Palace Theatre auditorium.

Enthusiasm is high among contestants and sponsors as the time for the Pageant draws nearer. All girls who live in Burk Burnett, are between 16 and 26 years of age and have never been married, are being given an opportunity to participate in the Pageant. Each contestant will be presented in a formal dress and bathing suit, and the winning contestant will be selected by a panel of well qualified out-of-town judges on the basis of poise, personality, intelligence, charm, and beauty. Cash prizes will be given to the winning contestant and runners-up. All sponsors and contestants will be announced within a short time.

Tickets may be purchased from any member of the Modern Study Club. Adult tickets are \$1 and children tickets are 50c.

Church of God Revival Set for July 27-Aug. 9

Rev. and Mrs. Cleburn Byus

Revival services at the local Church of God will begin Monday, July 27 and continue two weeks. Rev. Cleburn Byus will conduct the services, assisted by his wife. There will be special singing each night. The public is cordially invited to attend these services.

Senator Moffett Says "Vote Tax Bill And Go Home"

The Burk Burnett Star has received the following statement from Senator George Moffett, who represents the 23rd Senatorial District in the State Senate at Austin, of which this county is a part.

"I frequently receive inquiries concerning my attitude on the various proposals to raise revenue to wipe out the State's deficit and provide necessary funds to operate the State Government for the next 2 years," stated Sen. Moffett.

"I have voted five times for a complete bill which would provide the revenue to meet the State's obligations which are authorized by law. Among other things, I have voted for an increase in the taxation on cigarettes, whiskey, wine and beer. I have voted five times for an increase in the tax on natural gas, including the so-called 'severance beneficiary natural gas tax."

"Those persons who have served on school boards, church boards, city councils and other public agencies can realize full well how difficult it would be to get a much larger group, such as the 181 members of the Legislature, to agree on a public question, and particularly a tax bill. I have voted for every reasonable proposal that has been placed before us. I hope an agreement can be reached soon. I want to get back home."

ANNUAL CASHION SCHOOL REUNION SUNDAY, AUG. 2nd

The annual Cashion School Reunion will be held Sunday, Aug. 2nd at Prescott Park. All former students of the Cashion School and their families are cordially invited to attend. Bring a picnic lunch and plan to spend the day. The swimming pool will be open and a life guard will be on duty for those who care to swim.

Little Joe Johnson of Natchez, Mississippi, is here visiting his grandparents, Mr. and Mrs. J. A. Johnson.

Lineup for the Saturday Night Baseball Treat

The baseball game of the year set for Saturday night, July 25, 7:30 P. M., between the Dirty Sox and the Dirty Stockings is a promising evening of good entertainment.

Each team is determined to win, so come on out. Let's see what happens. The following is the probable lineup:

- Dirty Sox**
Tidbits, catcher.
Gorham, pitcher.
Freeman, first base.
Wright, second base.
Stevenson, short stop.
Junior, third base.
Larsen, right field.
Garland, center field.
Preston, left field.
Huck McDonnell, bat boy.
- Dirty Stockings**
Ragan, catcher.
Howell, pitcher.
Bankhead, first base.
Turner, second base.
Metz, third base.
Robinson, short stop.
Connell, left field.
Parsons, center field.
McDonnell, right field.
Dodson and Hudson, bat boys.

There is every indication that substitutes will be used extensively to relieve the "old" men for periods of rest.

The teams are made up of managers and coaches of the various little league teams. No charge for the game, but there will be plenty of cold drinks and snow cones. The profit from these go to the baseball program.

Miss Pat Clack to Teach Twirling At Lamar Tech

A national champion twirler, Pat Clack of Burk Burnett, will be one of the instructors at Lamar Tech's 7th annual Twirling Camp, Charles Wiley, Director of the Camp, has announced.

Miss Clack, who is listed in Who's Who in Baton Twirling, is majorette and drum major for the Burk Burnett High School band. Winner of an impressive list of honors, she is the A. A. U. Southwest Senior Champion, South Plains Fair Lubbock Senior Champion, Second place winner at the 1958 State Street Midwest National Open in Chicago, and first place winner in strutting and twirling at Albuquerque, N. M.

The Twirling Camp, which is being held simultaneously with the annual Cheerleader Clinic, will be Aug 17th through 21st on the Lamar Tech campus. Both schools will be professionally supervised, with cheerleading instructors from the Herkimer School of Cheerleading.

Tuition, room and board for the five day clinic is \$32.50. Application blanks are available from Mr. Pete Wiley, Lamar State College of Technology, Beaumont, Texas.

Dodge June Sales Were Highest In Twenty Months

Sales of Dodge passenger cars during June were the highest for any month since November, 1957. M. C. Patterson, Dodge general manager announced today.

Sales increased 58.4 per cent during June over June, 1958. The daily sales rate for the third ten days of June in 1959 was 12.4% higher than the daily sales rate for the second ten days of June.

Dodge car sales have increased each month since February, 1959.

D. W. Duncan of Duncan's Garage, has returned from a lengthy stay in the hospital at Crowell, Texas.

Mr. and Mrs. Dick Ackerman and son Gregg of Wichita Falls, and Miss Mary Costen of Kilgore, Texas, visited in the C. A. Moreman home Sunday.

Outside These Counties \$2.50

Speak Up For Tax Reform Now

In November, the House Ways and Means Committee will begin hearings on "constructive reform of the federal tax system." Nothing could be of more importance to every American citizen. It's not too early to begin thinking about the sort of tax reform you want—the prescription you believe will be in the best interest of the entire nation.

One widely heralded prescription is sponsored by a Democrat, Rep. A. S. Herlong, Jr., of Florida, and a Republican, Rep. Howard W. Baker of Tennessee. Their identical bills (H. R. 3000 and H. R. 3001) call for gradual easement of individual and corporate income tax rates, establishment of more realistic depreciation rules, moderation of capital gains taxes and reduction of estate and gift tax rates.

The sponsors say their proposals, if enacted into law, will remove tax blocks to economic growth, increase the supply of venture capital, provide new and better job opportunities for our growing population, and smother inflation with growth.

This approach to tax reform has been endorsed by many civic & business groups. It's up to the voters to express their views too.

State Of The Union

Following is a kind of report on the state of the union which some politicians and wasters of public money would prefer the people didn't see. It is a report made by Edwin Vennard, managing director of the Edison Electric Institute, to the Rotary club of New York City and to all fellow citizens interested in preservation of freedom under self government.

Federal government non-defense spending per family has increased from \$86 in 1930, to \$548 in 1959, or more than 500%.

Federal non-defense spending has increased from \$2.6 billion in 1930 to \$28.1 billion in 1959, or about 1000%.

Exclusive of the armed services, the Federal government now employs 2.1 million people as compared to 644,000 in 1930, an increase of over 200%.

In May, 1959, Sen. Harry F. Byrd said: "Nearly 400 million Americans will receive direct payments from the Federal Treasury this year!"

In December, 1954, Rowland R. Hughes, then Director of the Bureau of the Budget, said: "The Federal government is, among other things, the largest electric power producer in the country, the largest insurer, the largest lender and the largest borrower, the largest landlord and the largest tenant, the largest holder of grazing land and the largest holder of timberland, the largest owner of grain, the largest warehouse operator, the largest shipowner, and the largest truck fleet operator. For a country which is the citadel and the world's principal exponent of private enterprise and individual initiative, this is rather an amazing list."

All taxes in 1930 took 13% of the national product, as compared to 29% in 1958.

The National Debt has grown from \$540 per family in 1930 to \$5500 per family in 1959, an increase of more than 900%. And in this year of great prosperity, we are not requiring that our government live within its income from Federal Taxes. We are about to go further into debt, meaning we will borrow from future generations and may devalue the dollar in order to get more government handouts today.

Mr. Vennard says: "If these trends continue, what will our children face 30 years from now? Isn't it about time that we take a serious look at this situation and do something about it? And by we, I mean you and I — not someone else."

Worst Possible Answer

A short time ago the Senate turned down a proposed amendment to a revenue bill that would have increased the federal gasoline tax by a whopping 50%—pushing it up from 3 to 4½¢ a gallon. This it seemed would be the end of the matter for the current session. However, new plans are afoot to boost the tax and they should meet the same negative fate as the earlier effort.

The tax burden now on gasoline buyers is excessive. Gas is an absolute necessity, used by practically everyone. Yet it bears excise taxes, which is the same thing as sales taxes, heavier than those levied on absolute luxuries. The average excise tax, state and federal combined, is a 9¢ a gallon. That works out slightly more than 42% of the average retail price.

It is true that the highway fund, out of which the multi-billion dollar highway program is to be financed, is in trouble. There isn't enough money on hand to meet the commitments, and that's why the federal gas tax increase is proposed. However, it is within the power of Congress to remedy the situation in other ways. For one thing, if all the money the federal government collects in the form of highway users taxes were applied to highways the

STRIKE!

fund would be sufficient. As of now, a very large share of this money is diverted into the general fund.

If Congress does not wish to do that, the solution is to stretch the highway building program out over a longer period of time, and keep it on a pay as we go basis.

In any event, higher excise taxes on our essential gasoline would be the worst possible answer.

Johnny Bavousett On Pacific Cruise

Johnnie R. Bavousett, gunner's mate third class, USN, son of Mr. and Mrs. Gordon Bavousett of Route 1, Berry Street, Burkburnett, returned to Long Beach, Calif., July 16th aboard the heavy cruiser, USS Lon Angeles after a three month tour of duty with the U. S. Seventh Fleet in the Western Pacific.

During the cruise the Los Angeles visited Japan, Hawaii and Hong Kong.

At Shimoda, Japan, she participated in the Black Ship Festival commemorating the visit of Commodore Matthew Perry and the opening of Japan to Western Trade, and at Nagoya, people during an Open House.

STATE FAIR'S HUGE NEW LIVESTOCK COLISEUM

This huge new \$2,000,000 Livestock Coliseum now under construction on the state fair grounds in Dallas, will be completed in time for the 1959 State Fair of Texas, Oct. 9-25. The Coliseum, seating 7,108, will be the scene of a series of horse shows during the Fair. One of the finest and most modern facilities of its kind in the nation, the new State Fair Coliseum has a 300-foot main hall and is adjoined by a horse building with 304 stalls.

Devol Baptist Church, reports that on Wednesday morning, July 22, a group of young people of the Devol Baptist church left for a week long camp at the Falls Creek assembly place near Davis. They will participate in various courses of study, attend daily worship services and take part in a program of recreation and athletics. Those attending are: Charlotte Garvin, Evah Garvin, Phyllis Whitehorse, Sharon McClurkan, Mary Burk, R. B. Nelson, Dale LeMond, Ronnie Wyatt, Russell Nalls, Kenneth Wilkerson and their sponsor, Dean Burk. Mr. Burk will return to Devol to conduct regular services Sunday, July 26th. Attendance on Sunday, July 19th was 49 in Sunday School and 23 in Training Union. Mr. Burk attended the meeting of the budget committee on Monday, July 20. The WMU will meet Monday, July 27

for a Royal Service program. O. G. Weaver received word last week of the death of his sister, Lucy Weaver Neace who lived in Calif. Mrs. Neace was formerly of Devol. Mr. and Mrs. R. A. Wright of Ardmore were week end guests in Devol visiting in the homes of Mr. and Mrs. A. J. Mays and Mrs. Pearl Cates. Mr. and Mrs. O. L. Bridges of Snyder, Texas, arrived Sunday for a week's visit with her parents, Mr. and Mrs. C. O. Woodley. Linda Rae Woodley of Waco, Texas, and Cathy and Carol Woodley of Wichita Falls, were also guests this week in the Woodley home. Aubrey Mays, his son A. J., Hugh M. Frye, Ross Wright, Guy Davis, T. A. Landers, Vernon Lagrone, and Bryan Harris left Saturday night for a week's fishing at Angelton, Texas.

Del Joneses Invite Visitors from Burk To Seattle, Wash.

402 East 156th
Seattle, Wash.
Burkburnett Star
Dear Friends:
I am writing to ask that you make a change of address for us, as noted above. We've moved into our own place and still have paint under our nails, also blisters on our knees from the complete redecoration that we have done. We now feel that we have a lovely home to greet our friends, and wish to extend to each of you our warmest invitation to Seattle. Come to the August Seafair, and especially to the Century 21 World Fair in '61 and '62. The Monorail, the magnificent new buildings for the fair, and just the wonders of the Pacific Northwest make Century 21 a must. We are listed as Maynard D. Jones in the directory and shall be expecting calls from all of the Burkburnett people who come to Seattle.

Sincerely,
The Joneses
Del, Nel, Sandy,

Circle Two WSWS Met Monday With Mrs. I. R. Reagan

Circle two of the WSWS met Monday morning at the home of Mrs. I. R. Reagan. Mrs. Marshall Young, the circle leader, conducted the business session. The finance committee announced that a bake sale would be held on Wednesday, July 15 and rummage sales on the 22nd and 29th of July. Mrs. Scruggs gave the devotional from Psalms 25th chapter and Matthew 24th chapter, which was followed by prayer by Mrs. Melton. The lesson, "Building Christian Character", was brought by Mrs. Scruggs and closed with the group repeating the Missionary Benediction. A delicious coffee plate was served to Mesdames Blake Browning, O. E. Melton, Marshall Young, I. N. Witherspoon, S. M. Butts, Page Brown, G. D. Scruggs, J. L. Caffee, I. R. Reagan, and the following visitors: Sharon and Libby Scruggs, Jan and Len Brown and Charles Reagan.

Sales at fabric counters everywhere offer a tempting array of fabrics for late summer.

To make the most of lovely fabrics and to assure a dress that suits you and fits well, take time to choose your pattern carefully. Thelma Wirges, county HD agent says taking time to determine pattern type and size best suited to you, will save time later by cutting down on alteration needs. And less handling and fewer fitting problems will help you turn out more professional looking garments.

Use your bust measure as the first key in deciding the size pattern you should buy. If the hips are large in proportion to the bust it is better to buy a pattern according to the bust measure. Usually the skirt is easier to alter than the bodice. You will also need to measure your waist hips and back waist length.

Write down your measurements and compare them with a standard measurement chart. A new leaflet, Choose Your Patterns Wisely, written by clothing specialists, gives a standard measurement chart for patterns. Also includes suggestions for selecting pattern styles for different figure types.

Get a copy of the leaflet from your HD agent's office, 305 Fed. Bldg., Wichita Falls.

In selecting fabrics or garments be sure to check the labels for wash ability before buying. Extension clothing specialists remind us that much of the success or failure in laundering synthetic fabrics lies in following directions by the manufacturer.

Sunday, Aug. 2nd is National Family Day. The Wichita County HD Council, under the leadership of the education committee will observe this Sunday. Let-

ters are being sent to all Wichita County ministers and groups of club women to plan to attend church together. Mrs. J. L. Graham is the education chairman for the county. Mrs. Bessie Parker and husband left last Friday for a two weeks vacation in the New England states. Mrs. Parker and Mrs. Henry Hall are sisters.

time 83-66. More conferences and more votes followed in the final frantic hours. All futile. None made any apparent progress toward compromising the basic bone of contention, whether to tax gas pipelines. House favors this severance beneficiary tax by a narrow margin. Senate is flatly against.

Along with his new call, Gov. Daniel issued a sober warning. Unless a tax bill is passed and effective (requiring a two-thirds favorable vote) by Aug. 15th, there won't be time or money to get Sept. 1st checks to 225,000 old age pensioners.

Carr Foes Back Down— During the tense, short temper- ed days in the wind up of the last session, Speaker Waggoner Carr was, for a time, the target for pent up frustrations and pressure.

Car had worked to get the House to accept the Senate passed tax bill. When the House turned the bill down, Carr said that "obstructionists" had defeated it.

This was a red flag to mem- bers already sensitive to public criticism of a "do nothing" Legis- lature. For several days they simmered. They accused Carr of trying to thwart the will of a House majority, talked of voting him out of the speaker- ship.

In a dramatic showdown, Carr stepped down from the rostrum and challenged his critics to re- move him if they thought it would make things any better.

Nobody accepted his dare. A few minutes later, on motion of Rep. Joe Burkett, the man Carr defeated for the speakership.

TO GROW ON . . .

THE CANDLE (or an "extra" candle) on a cake symbolizes the traditional good wish—"another year" of health and growth. For many in the grown-up class, the wished for takes on a new significance. Mostly it progress toward predetermined goals of and happiness.

... systematic savings here make every year to grow on".

Carr was escorted back to the speaker's chair. And the wearying legislative bat- tle began again.

A bill to require state college students to pay an activity fee passed both houses by very nar- row margin.

Measure would allow the col- leges to charge students up to \$30 a semester to support health services, book rentals, cultural & athletic events, campus pub- lications, parking, etc.

Any college may exempt from the fee up to 10 percent of its enrollment in cases where the charge would cause "undue finan- cial hardship.

Bill was hard fought. Oppon- ents declared it would make free public education available only to the rich. Backers said the colleges had to have more money. It was estimated the bill could bring in as much as an extra \$1,000,000 a year.

Beach Bill Passes— Both houses passed and sent to the governor a bill guaran- teeing public access to state- owned beaches.

It took a conference commit- tee to work out the differences between House and Senate ideas on the bill.

As finally passed, the bill says the public shall have the right to come and go from public beaches. No one, it says shall erect a fence or barrier to pre- vent this. Beaches that cannot be reached by public road or ferry are exempt.

Wait, Young Lovers— Gov. Daniel's expected signa- ture on a newly passed bill will put a damper on the elopement plans of Texas teen-agers.

It will require boys under 21 and girls under 18 to wait three days after obtaining a license to get married. Also to get the license, the youngsters must be accompanied by parents or guardians.

Some lawmakers said it would mean more running across the state line to marry. However, Oklahoma recently passed a sim- ilar bill.

Need Money First— Amid the legislative tax dead- lock, the Commission on Higher Education decided to stop study- ing the new money spending pro- grams until there's money to spend.

Commissioner's job is to de- termine needs of the state's col- leges and universities and make recommendations to the Legis- lature. Expanded programs and new degrees are being sought by many schools. But when the Commission met, there was no money in sight even to open the schools next fall, let alone ex- pand them.

Commission resolved to "ap- prove no programs which entail additional expenditures until such time as monies are provid- ed for the programs and offer- ings already in existence."

Oil Quota Kept Down— Texas oil allowable will be held down to nine producing days again for August.

Railroad Commission ordered the same production as for July, 2,700,164 barrels a day on a nine day schedule.

Major oil purchasing compan- ies and independent producers were virtually agreed that pro- duction must be kept low to re- duce excessive stocks.

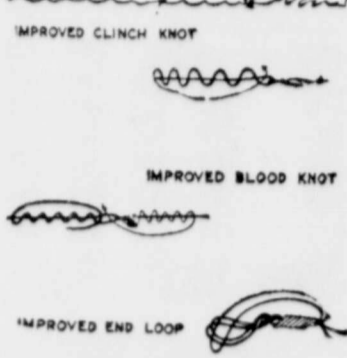

Watch That Paint— If someone slips on a strip of wet city paint, is the city liable for personal injury damages? State Supreme Court has this issue under consideration in a case that could affect all Texas cities.

City of Austin is being sued for injuries of a person who slipped on fresh paint marking a car parking slot. Lower courts held the city was liable.

One of the difficult tasks in this world is to convince a wo- man that even a bargain costs money.

—Ed Howe

IMPROVE Your FISHERMAN'S LUCK

KNOT KNOW-HOW

The bugaboo of the line knot, once weakest link between the angler and his catch, now can virtually be eliminated. Studies made by Du Pont technicians in development of their new "Siren" monofilament spinning line, a limp, small-diameter monofilament, show that three knots tied properly will retain as much as 90 to 100 per cent of rated line strength, versus 40 per cent with some other knots. The top three, illustrated above, are the improved clinch knot for tying flies, lures, hooks; the im- proved blood knot for joining lines, and the improved end loop knot for quickly attaching termi- nal tackle. The big secret in tying: Always use at least five turns in each knot; pull up smoothly and tightly. Knot strength drops off sharply with less than five turns; with three turns it may drop as much as 40 per cent.

News From The County Agent

Sixteen Wichita County 4-H boys will attend a District III 4-H Encampment at Buffalo Gap this week. They will receive training on leadership, farm safety and recreation. An educa- tional tour of Dyess Air Base will also be made.

Wichita County farmers still have time to plant summer leg- ume. Soil moisture is ideal for the planting of legumes. The 3 most common summer legumes planted in Wichita County are cow peas, guar and sestanina. There is a good seed supply available at your local seed and feed stores.

Warm weather brings insects of all kinds. Flies, ants, mosqui- tos, moths and other insects en- dangering health, food and fab- rics, contaminate food and are a general nuisances.

Use up-to-date control measures to fight these insects. A leaflet compiled by extension entom- ologists of Texas A & M College offers direction for choosing and applying insecticides.

This handy leaflet, "Texas Guide for Controlling House- hold Insects," classifies all ma- jor pests except the termite in- to specific categories relating to type of damage. Insects are illu- strated for easy identification, & concise control measures are given for each insect. Also list- ed are some important cautions to observe in using insecticides.

Copies of the Texas Guide for Controlling Household Insects are available from your county extension agents office.

Roy Wilson In Coaching Class North Texas, Denton

Roy Wilson of Burkburnett is enrolled in an advanced coach- ing class at North Texas State College this semester.

Wilson, who is working to- ward the master of education degree, teaches driver education at Burkburnett High School.

Members of the NTSC coach- ing staff conduct the work. Special consultants in football will include Joe Golding of Wichita Falls' AAA champions and Emory Bellard of Breckenridge's AAA champions.

Archie Porter of Dallas' Thom- as Jefferson High School and Verne Lane of Denton High joins Coaches H. G. (Pete) Shands and Charles Johnson of NTSC for the basketball classes. Track will be handled by Truett Cooper, Ft. Worth Carter-River- side; Lee Mitchell, until recent- ly of Gainesville; and Winton E. (Pop) Noah of NTSC.

Dick Whetzel, ex NTSC golfer who was named to the 1958 All American links team and has now turned professional, will as- sist Herb Ferrill of NTSC in the golf instruction.

The coaching class schedule is arranged so that those enrolled may attend the annual Texas Coaching Clinic in Ft. Worth August 27th.

I shall feel until I die a desire to increase the stock of harm- less cheerfulness.

It is so easy to be good-natur- ed I wonder anybody takes the trouble to be anything else.

Water Safety Act to Be In Effect On All Texas Waters Aug. 11th

The Water Safety Act, which goes into effect Aug. 11th, 1959, will affect literally hundreds of thousands of Texans, because it places specific responsibilities on boat owners, operators, skiers, law enforcement officers and courts.
Furthermore, inquiries received in the Texas Safety Association's headquarters office, Austin, indicate that only a few Texans have any real knowledge of what the Act is about or how it will influence their lives. Thus, this series of articles will attempt to highlight the principal provisions of the Act to an extent that will help water sport enthusiasts avoid running afoul the new law.

The Texas Highway Dept will administer the Act. Enforcement will be made by all duly authorized peace officers.

Classifications

Motorboats subject to the provisions of the Act have been divided into four classes.

Class A—Less than 16 feet in length.
Class I—16 feet or over and less than 26 ft in length.
Class 2, 20 feet or over and less than 40 feet in length.
Class 3—40 feet and over.

Lighting

Any kind of self-propelled boat, when underway between sunset and sunrise, must use at least one bright light and exhibit it so as to avoid a collision.

Motorboats of Class 1 must use two lights: A white light aft to show all around the horizon and a combined lantern in the front (lower than the aft light) that will show a green light to the starboard (right) and a red light to the port (left).

Class 2 and 3 must carry a bright white light in the front of the boat as near stern as practicable, that will show an unbroken light over an arc of the horizon of 20 points of the compass and fixed to throw the light

30 points on each side of the vessel. Also, a bright white light aft to show all around the horizon (higher than the forward white light.) Port and starboard lights must be fitted with an in-board screen that will prevent these lights from being seen across the bow.

Motorboats of Classes A and 1, when propelled by sail alone, must carry the combined lantern, but not the white light aft. Motorboats of Class 2 and 3, when propelled by sail alone, must carry colored side lights, but not the white lights. Motorboats of all classes must carry a lantern or flashlight showing a white light that can be used in sufficient time to avert collision.

Life Preservers

Every motorboat or vessel must have aboard one Coast Guard approved life preserver, buoyant vest, ring buoy or buoyant cushion, in good condition, for each person on board.

No person shall operate, or give permission to operate a motorboat that is not equipped to meet the demands of this requirement.

Small Motors

All motorboats of 10 horsepower or less are required to have one approved life preserver for each person aboard and a white light to exhibit between the hours of sunset and sunrise.

Boat Liveries

Boat livery owners will be required to keep a record of the name and address of persons hiring boats covered in this Act. The record will also include time and date of departure and expected time of return; such records to be kept for a 6 month period.

Skis and Aquaplanes

Water skiing, aquaplaning & similar sports will not be permitted from the period one hour after sunset to one hour prior to sunrise, except in tournaments, exhibition and such events covered by special exemptions.

At all times, motorboats towing a person on water skis, etc., shall operate in a careful and prudent manner at a reasonable distance from persons and property so as not to endanger life or property.

Circle 1 Of WSCS Met Mon. July 13th

Circle One of the WSCS met in the home of Mrs. A. W. Newman on July 13th. Mrs. Carrie Morris, circle leader. Opening song, Jesus Is All the World To Me. Mrs. Hugh Jones gave as her devotional scriptures from Psalms 25: 8-10. Matthews 7: 24-27. Mrs. Jones read the Prayer on responsibilities to Youth.

Mrs. Gage had charge of the lesson on Building Christian Character of Youth. Mrs. Gage, Who Is A Delinquent, Mrs. Morris, What Causes Delinquency; Mrs. Lowery, What Are Some Preventative Measures. Papers on What are the Responsibilities of the Schools, Community and County at Large, were read by Mrs. Gage, Mrs. Morris and Mrs. Lowery. Closing Prayer by Mrs. Henry.

A short business session was held by the circle leader, Mrs. Carrie Morris. Plans were completed for the Bake Sale. Also

A NEW CONVENIENCE FOR OUR CUSTOMERS

Budget Payment Plan for Residential Electric Service Now Available

The convenience of budgeting your payments for residential electric service so that a pre-determined amount is paid each month now is available to our customers.

Under our new Budget Payment Plan, the residential customer will pay the same total amount for the electric service used during the year, but it will be paid in 12 equal monthly payments.

This plan, we believe, will appeal to those of our customers who enjoy lots of good cooling in their homes during hot weather, and would prefer to have their monthly payments averaged throughout the year to take care of their increased use of electricity during the hot summer months.

There are no additional charges of any kind for using our new Budget Payment Plan for residential electric service. Let us show you how it works, and how it might be applied to your account. Just telephone or come by our office for complete information.

Electric Service is the Biggest Bargain in your Family Budget.

Public Relations Course Set For July 20 thru 24

The art of building good public relations in business organizations is the subject of a course entitled "Public Relations," to be taught in Burkburnett beginning July 20-22-23-24th. Jule Thomas, Training Specialist and staff member of the University of Texas, will conduct the course for owners, managers and employees of retail, wholesale and service organizations in the city, announced Chamber of Commerce president Cliff Wampler.

The week long training program is being sponsored jointly by the C of C, Distributive Education, The University of Texas, Division of Extension, and the Texas Education Agency. Meetings are scheduled each night, Monday, Wednesday, Thursday and Friday, July 20-22-23-24th.

Mr. Thomas was graduated from Ouachita College, Arkadelphia, Ark., in 1946 with high honors. He has had much direct selling experience and has won wide recognition as an outstanding leader.

Subject matter to be covered in the "Public Relations" course includes an explanation of public relations, comments on how others see you, good speech, getting along with people and why people behave as they do, plus discussions of various public relations situations.

Enrollment in the course is open to anyone employed in retail, wholesale, or service occupations. A small registration fee is the only charge. Additional information may be obtained by contacting Mrs. Marjorie Hofacket at Chamber of Commerce office, Phone JO 9-3393.

Baseball Games Of the Year Set For Sat., July 25

On Saturday night, July 25 at 7:30 P. M. there will be a baseball game between the Dirty Sox (the managers and coaches of the Pony League) and the Dirty Stockings (managers and coaches of the Pee Wee and Small League).

These boys have been practicing hard and have already laid one of the members up in bed.

Come out and see all this wonderful talent of fat boys in their best form. Hear the crowd roar with laughter as they did in their practice.

No charge, with plenty of cold drinks and snow cones. All the profit goes to the boys' baseball program.

Professional card sharks enjoy meeting an amateur who knows all about the game.

It's easy to acquire a reputation for wisdom just by applauding the opinions of your friends.

ISN'T—Anybody who isn't in the public relations business is not in business.

It pays to advertise—in the Star

HE ADVERTISED

WASHINGTON AND "SMALL BUSINESS" By C. WILSON HARDER

The furor raised over the bill pending in Congress to raise the minimum wage to \$1.25 per hour is an interesting one.

It is quite questionable whether Congress is on sound ground when it attempts to establish a wage rate by fiat. The majority of the nation's independent businessmen, voting through the National Federation of Independent Business, have long opposed wage rates set in this manner.

But a very cogent argument comes from a reader of this column, who also happens to be one of the independent businessmen voting against this proposal.

This gentleman points out that for some time, the nation has been worried over the escapades and more serious scrapes of the teen agers. This has often been referred to as the juvenile delinquency problem.

Now he goes on to point out that in his business, there are times when he could give odd jobs to inexperienced boys that would enable them to earn some spending money, learn something, and maintain their self-respect.

But if he hires a green inexperienced boy, at present he has to pay him a minimum of a dollar an hour.

Thus, for odd jobs, he prefers to hire whatever mature men are available as they usually have knocked around enough that they know how to perform simple jobs he has to be done without time being spent in instructing them.

Thus, due to Congressional action, youngsters idle on street corners although they would prefer to do something worthwhile.

Yet, there is a great drive put on Congress to set a new minimum wage law.

And by one of the strangest paradoxes of the times, many of the most vociferous proponents of establishing a minimum wage by law, are opposed to any laws which permit a manufacturer to establish the minimum price for his brand of merchandise.

Bearing in mind that Fair Trade laws do not apply to an entire commodity but only to those brands which are usually advertised and represent the highest quality. Yet those who oppose letting such manufacturers set a fair price on their brands often believe that every person, regardless of aptitude, energy, ability, or integrity, should be guaranteed a minimum wage by law.

And unlike the need for Fair Trade laws, if there is to be any honest American merchandise on the market, the minimum wage debate is largely an academic one. It is quite unlikely during this period that any large number of people are working for the present minimum wage of \$1 per hour.

But there is an inherent danger in establishing control of these matters by law.

With few exceptions, neither socialism nor communism come into power in a nation overnight. Long before this happens, there is a long, slow build up during which people are mentally conditioned to accept government control in certain areas as a natural thing. From this point, it is but a short step to the end of democracy.

CLIFF SAYS:
