## Maj. Gen. J. H. Wallace Retiring

Maj. Gen. James H. Wallace was born in Washington, D. C. He graduated from high school and preparatory school in Washington, D. C. and attended Georgia Institute of Technology and Catholic University. He was appointed a flying cadet Feb. 18, 1928 and upon graduation from primary and advanced flying schools at March Field, Calif., and Kelly Field, Texas, he was rated a pilot and commissioned a second lieutenant in the Air Reserve Feb. 28, 1929.

After receiving his Regular commission as second lieutenant of Air Corps, May 2, 1929, he was assigned with the Second Bomb group at Langley Field, Va. In Sept. 1930, he became a flying instructor at March Field, Calif., and also served in that capacity at Randolph Field, Tex. He became a senior pilot in April, 1939 and a command pilot in November, 1942.

His first overseas assignment was at Albrook Field, Panama Canal Zone, from October, 1934 to November, 1936. There for a time he commanded the 24th Squadron of the 16th Pursuit Group. After returning to the States he was assigned to the 7th Bombardment Group at Hamilton AFB, Calif., and later commanded the 11th Bomb Squadron of that group. His next assignment was a deputy commander of the 39th Bombardment Group at Geiger Field, Wash., which was formed from the 7th Bombardment Group personnel.

After the outbreak of World War II he went with the 39th Group to Tucson, Ariz., and in March of 1942, was named Group Commander of the 39th. Four months later he assumed command of the 303rd Bombardment Group at Alamogordo, N. M. and took that group to the European Theatre of Operations in October, 1942. He received bronze service stars for participation in both the air offensive of Europe and Anti Submarine campaign. He also commanded the 102nd Provisional Combat Wing. In April, 1943, Colonel Wallace was named deputy chief of staff for Operations of the 8th Bomber Command Headquarters. His subsequent assignments were as assistant chief of staff A-3, Operations, Headquarters, 8th Air Force and Director of Operations for Headquarters, United States Strategic Air Forces in Europe.

On returning to the States, he served as chief of the Bombardment Branch in the Office of Assistant Chief of Air Staff, OC&R, and as assistant chief of staff A-3, Operations at Headquarters First Air Force, Mitchell AFB, N. Y.

In August, 1946, he entered the National War College and after his graduation in 1947, he was deputy assistant chief of Air Staff-3 at Headquarters, Army Air Forces, later becoming Deputy Director of Training and Requirements.

He then served as deputy chief of staff, Operations at Headquarters Air Training Command, Barksdale AFB, La.; then as assistant chief of staff J-3, Plans and Operation at Headquarters, Alaskan Command.

After serving as deputy commandant for Air at the Armed Forces Staff College in Norfolk, Va., from December, 1952 until June, 1954, he went to Maxwell AFB where he first was assigned as deputy commandant for education at Air University; then as vice commandant, Headquarters Air Force Reserve Officer Training Corps.

General Wallace came to Sheppard AFB Aug. 1, 1957, as base commander and received his promotion to major general March 10, 1958.

He is the son of the late Mr. and Mrs. J. K. Wallace. His wife is the former Miss Elizabeth Hale of Rochester, N. Y. They married October 29, 1947.

His decorations include the Silver Star, Legion of Merit with one oak leaf cluster, Distinguished Flying Cross with one oak leaf cluster and the British Distinguished Flying Cross.

General Wallace will retire July 31, 1959.

## Texas- Oklahoma Oil Bowl Game Set for Aug. 21

Wichita Falls-Terrell's great half back, Paul Lea, and Garland's mighty guard, Mike Gieb, were named Wednesday to the Texas Oil Bowl Squad by Coach Claud Gilstrap and Tugboat Jones.

Both were picked last season on all state teams, Lea in AA and Gieb in AAAA.

Lea was the sparkplug in Terrell's march to the state semi finals where the Tigers lost to eventual champion Stamford. He was outstanding performer on the great 1957 Terrell team that won the AA title.

Gieb was a fine lineman thru-out last season in the tough AAAA district won by Highland Park's Scotties coached by Jones to the semi finals. He was the Garland Owl's outstanding player.

The stars add lustre to a growing pack of versatile, talented Texas graduated schoolboys who will clash with a picked Oklahoma squad Aug 21st at Mid-western University stadium in the 22nd annual Oil Bowl Game.

Tickets are on sale in the Kemp Hotel Lobby, Wichita Falls. Reservations may be made by calling Wichita Falls 723-4551. The ticket office is open from 9 a. m. to 5 p. m. daily.

Tickets also may be obtained from these out of town sources: Opal's Dress Shop, Burkburnett; J. W. Halsey, Jacksboro; Santa Rosa Cafe, Vernon; Dickey and McGann, Electra; Joe Mayo Motor Co., Henrietta; Loren Maples, Graham; Dunlap Sporting Goods, Okla. City; R and S. Drug Co., Duncan; Darwin and Richardson, Lawton; Seay Drug, Frederick; Bill Pounds at C. T. Hall Furniture Co., Ardmore; Karstanter Motor Co., Healdton, Okla.; and Coach Jess Stiles, Bowie, Tex.

## J. T. BOMAN HOME SCENE FAMILY REUNION SATURDAY

A reunion was held here Saturday, July 25th at the J. T. Boman home honoring the six daughters of the late A. Perry, a pioneer family of Mineola, Tex. They enjoyed a buffet luncheon served by a sister, Mrs. J. T. Boman.

They spent the afternoon in the home of a sister, Mrs. D. C. Pryce, formerly of Stockton, Calif. The six sisters hadn't been together since childhood days. They reminisced about the good old days and sang some old songs. Dinner was served by Mrs. R. R. Park of Burkburnett, assisted by Mrs. Ivan McElroy of Snyder, Okla., daughter of Mrs. Pryce.

The sisters attending were Mrs. C. F. Hayes of Ft. Worth, Tex.; Mr. and Mrs. D. C. Pryce and Mr. and Mrs. J. T. Boman, Burkburnett; Mr. and Mrs. G. P. Snyder, Mineola, Tex.; Mr. and Mrs. Hugh Lyles, Winsboro, Tex.; and Mr. and Mrs. Joe Williams of Dallas.

Others attending were Mrs. C. C. Howard, Mrs. C. H. Boman and Mike, Mr. and Mrs. R. R. Park, Mrs. Dee Pryce and Mrs. O. W. Schanlaub of Burkburnett; Mrs. Ivan McElroy, Snyder, Okla. and Mr. and Mrs. Charles Edmond and Larry of Grandfield, Okla.

Mr. and Mrs. R. P. Thaxton have returned home from a two weeks vacation in Colorado, Wyoming and North and South Dakota.

## Miss Marilyn Penn and Mr. Hal Byrd United In Marriage Saturday, July 11 At the Home of Her Parents In Burk

Miss Marilyn Penn became the bride of Hal Byrd in an impressive ceremony at the home of the bride's parents Saturday night, July 11th at 6 p. m. Herbert A. Smith, Minister of the Church of Christ, officiated.

The bride is the daughter of Mr. and Mrs. Bill W. Penn of Burkburnett and the groom is the son of Mr. and Mrs. Theon Byrd of Sweetwater, Texas.

Vows were exchanged before basket arrangements of pink gladioli and greenery, Jimmie, Jamie and Gary Inman, cousins of the bride, presented the nuptial music.

The bride given in marriage by her father, was attired in a street length dress of white lace. She carried a bouquet of white carnations atop a white bible. Attendants were Miss Kay Beasley, Maid of Honor, of Abil-

ent, Texas, and best man was Jerrell Shaw of Royce City, Texas. Miss Beasley wore a white street length dress. Her flowers were also white carnations.

A reception was held immediately following the ceremony. Miss Betty Britt of Chillicothe served the cake and Miss Karan Prechel of Burkburnett served the punch.

The bride is a 1956 graduate of Burkburnett High School and is now a senior student at NTSC. The groom graduated from Sweetwater High School, served two years in the U. S. Marines and is now a junior student at NTSC where he plays on the college football team.

The couple has established a temporary residence in Sweetwater and will move to Denton at the beginning of the fall college term.

## Gassers Winners Lawton Tourney

The Owen's Bell Gassers, both Midgets and Preps won the Lawton, Oklahoma, Invitational Tournament last week.

The Midgets won 4 games on no hitters, and Johnny Koller pitched a 1 hitter in the finals. Joe Montgomery, Vincent Lam and Johnny Koller were the Midgets' hurlers.

Johnny Inman, Rusty Ratliff, Pete Davis and Buster Willis led the hitting.

The Preps had rough going all the way, but won all their games in the tourney. The Preps beat Tipton, Okla., in the finals 5-1.

Gene Lewis had a no-hitter going until the seventh before Tipton gathered their lone tally on 2 hits.

Barney Fudge, Eddie Binek and Mickey McShan led the Preps in the hitting throughout the tournament. The Preps' infield, led by Don Overton, played real good ball, as did the outfield.

August 11th, the Midgets play in the Red River Invitational Tournament at Wichita Falls.

Mrs. J. H. Ferguson returned home Monday from a two weeks visit with her daughter, Mr. and Mrs. Floyd Jackson and new baby boy in Tuscaloosa, Ala.

## Final Year For Veterans to Get GI Home Loans

World War II veterans today enter the final year in which application may be made for a GI home, farm or business loan.

Congress has set July 25, 1960 as the cut-off date in the post war program that has already seen nearly 5 million World War II veterans take advantage of the GI Bill loan provisions since June 22, 1944.

The law allows an additional year, or until July 25, 1961, for the processing and actual closing of loans.

These dates do not pertain to Korean veterans who have until January 31, 1965, to make loan applications. World War II veterans who also served in Korea are considered Korean veterans for loan purposes.

Under the GI loan program, qualified World War II veterans are offered the opportunity to obtain VA guaranteed or insured loans to (a) purchase, build or improve a home; (b) buy a farm or farm supplies; and (c) buy or expand a business venture.

Since the program was launched and up through May 31, 1959, a total of 4,955,300 World War II veterans have made GI loans for a total face value of \$39,220,608.200.

Of this total 4,657,100 loans were made for dwellings; 228,400 for business ventures and 69,800 for farms and equipment.

In all, 35 percent of the eligible World War II veterans have taken advantage of the loan program. An exceptionally low record of defaults has won the approval of the nation's financial leaders and an extremely high percentage of the loans have already been repaid in advance of the final due date.

## Beauty Pageant Contestants Are Being Named

The Modern Study club has announced that to date 29 contestants have entered the First annual Miss Burkburnett Pageant to be staged on Sept. 1st at the Palace Theatre.

Mr. Jim Hilliard, personable announcer with KSYD radio in Wichita Falls, will be master of ceremonies for this event which will feature each contestant in a formal dress and bathing suit. The show will also feature a style show by the Elite Dress Shop and amateur entertainment.

The Modern Study Club wishes to stress that this contest is not closed. Any resident who knows of an eligible young lady and would like to suggest her as a contestant in the pageant is urged to contact the club.

Each of the 29 contestants is being sponsored by a local business firm. Each firm was allowed to select its own contestant if it wanted to. However, most firms did not wish to make a selection, and sponsors and contestants have been placed together by means of a drawing. Tickets to this event may be purchased from any member of the Modern Study club or from the Elite Dress Shop.

## Equalization Board For School District Had Trying 3 Days

Members of the school district had three very trying days July 20-21-22.

Tax valuations were raised to 30% of current property market value. Many taxpayers met with the board to protest the raise in valuations. What they did not know was that the tax rate per \$100 was cut from \$1.50 to \$1.25. When the proposition was explained most accepted the raise in more or less good grace.

Men who served on the equalization board, and did a wonderful job, were Wilbur Prechel, Fred Hunt and J. W. Wright.

Mr. R. R. Park visited his mother, Mrs. S. H. Park, and other relatives in Ft. Worth over the weekend.

## Funeral Services Were July 27th For Kenneth W. Gee

Funeral services were held Monday, July 27th in the Busbee Funeral Home of Mineral Wells, Tex., for Kenneth W. (Pappy) Gee, who died in an automobile accident late Saturday night.

Kenneth formerly a resident of Burkburnett, died when he had a blowout and his car overturned about six miles out of Graham, Tex.

He was a member of the Thrift Baptist church in Burkburnett.

Survivors include his parents, Mr. and Mrs. W. N. Gee, a sister, Jeannie, two brothers, Ray and Mitchell, all of Mineral Wells; and his grandmother, Mrs. Dolie Gee of Burkburnett.

## VIES FOR TITLE

Glenna Landes will vie for the title of Miss Burkburnett on Sept. 1st. She is the daughter of Mr. and Mrs. H. K. Landes. Glenna is a 1959 graduate of Burkburnett High School and will be a feature twirler for the Kilgore Rangerettes during the coming year. She will be sponsored by Browning Insurance Agency.

## "Back Door" To The Treasury

In the view of Senator Byrd, who is certainly a top authority on the complex subject of government financing and spending, "nothing could be more fiscally irresponsible" at this time than an amendment which a Senate committee has tacked on to the pending foreign aid bill.

The effect of this amendment, if it becomes law, will be to by-pass the Appropriations Committee of Congress, and to obtain huge sums of foreign aid money by going through the "back door" to the Treasury. In other words, it would be entirely outside the normal appropriations process of the government.

In Senator Byrd's words: "the proposal would directly increase the already astronomical federal debt of this country by \$5 billion, at the rate of \$1 billion a year for 5 years, to make foreign loans which 'do not qualify' for financing elsewhere."

The big issue here is not whether any particular foreign aid proposal is good or bad, or whether it should be approved or disapproved. The issue is whether—at the time when the President has found it necessary to ask for lifting the ceiling on an already unbelievably high federal debt—Congress is to irresponsibly abandon its duty of managing federal spending. This "Back Door" precedent could pave the way to the kind and degree of inflation that would totally destroy the value of the dollar.

## An Inflationary Threat

Many people sincerely support the current proposal to increase the federal minimum wage, and to extend it to certain service industries, notably retailing, which have always been exempt. They reason that anything which will improve the earning power of people in the low income brackets is automatically good.

ETANIOARFGAHM  
But there is another, a very different, side to the matter when it's viewed in the clearlight of logic. Godfrey M. Lebar, authority on retailing says this is a discussion of the potential impact of the proposal: "The substantial increase in the cost of living which would follow any such widespread hike in production and distribution operating costs is painfully clear to anyone who understands what happens when a minimum wage is imposed or raised. Not only those who were getting less than the minimum but those who were getting more have to be raised. Organized labor has always insisted existing 'differentials' be maintained."

"Let us make no mistake about it. Rising cost means rising prices, reduced sales, curtailed production, factory lay-offs and all the economic havoc involved in unemployment."

A primary cause of inflation and related economic problems has been wage increases which have not been accompanied by compensating increases in production. Manufacturers and retailers have no choice but to raise prices—the profits of enterprise, with few exceptions, are not big enough to absorb the wage increases. They must also pare their employment to the maximum extent possible. And the inexperienced, unskilled low income workers are among the most seriously hurt.

## The Reasons Why

Have you ever wondered why, for something like a quarter of a century, United States policy, as laid down in law, has held that a U. S. Flag Merchant Marine is essential to the national welfare and security?

One reason of course, is that we are the world's foremost exporting nation, and that millions of jobs in industry and agriculture depend on this trade.

But foreign trade is a two way street. Obviously enough, if we don't buy from abroad we wouldn't long be able to sell abroad. Other nations, as a matter of economic necessity, would have to exclude our goods by one device or another.

Moreover, we couldn't maintain American industry, American security, or the American standard of living as we know it without imports. For there is a long list of essential commodities and materials which we don't possess at all, or possess in sufficient quantities to meet our needs.

For example, we import all or a substantial part of our coffee, cocoa, chocolate, tea, bananas, sugar, various kinds of nuts, bur-lap, silk, etc.—wares which are in daily use in millions of homes.

Then, we import all of our tin, 96% of our nickel, 91% of our chrome and comparable percentages of other metals vital to industrial production for both civilian and military purposes. Some 250 imported parts or raw materials, for instance, go into an auto or truck. These and the other export-import commodities move by ship—merchant ship. And the only merchant fleet we can fully depend upon in this disordered world is that flying our own flag.

## Taxes Like Flypaper

Some time ago the Senate voted to repeal the excise taxes on local telephone service, and on rail, plane and bus passenger fares. Both tax rates have been 10 percent.

The House, however, refused to go along. So, under a compromise agreement, the telephone tax is to be retained at 10% while the passenger travel tax is to be reduced to 5%.

This action brought an apt comment from the Portland, Oregonian: "These two taxes are indefensible in the present time and circumstances. The travel tax came into being in World War II when transportation facilities were overloaded through troop movements and the government wished to discourage unnecessary civilian travel. Railroads, airlines and bus companies now have plenty of capacity. The tax hinders the common carriers, the backbone of U. S. transportation, in their competition with contract carriers and the private automobile — The telephone tax is equally unfair."

The Oregonian ends its editorial on a melancholy note: "The episode certainly proves one point. There is no such thing as a temporary tax. Once you get into them, they stick like flypaper."

But this kind of legislative flypaper can be unstuck—if enough voters will demand action. The travel and telephone excise taxes are excellent places to start.

## Beating The "Summer Slump"

An executive of a big department store recently had something to say about how retailers can move goods, particularly during the so-called "Summer Slump." He put it in a jingle:

Early to bed;  
Early to rise;  
Work like hell;  
And advertise."

Then he dealt with newspapers as an advertising media: "Newspaper circulation stays up in the summer. There is no appreciable change in the number of papers distributed, and this means that our advertising will get full readership and may even be more effective, because people are more relaxed and have more time to read."

No matter what the season—and in spite of the emergence of newer forms of advertising media—newspapers remain a prime vehicle for interesting people in goods and services and persuading them to buy. You can't beat the written word.

For decades newspaper circulation has kept pace with the increasing number of US households. Since 1920, the number of US households has more than doubled; newspaper circulation also has more than doubled.

Practically every sale of every product manufactured in the US will be purchased by one of the Million people who read a newspaper on an average day.

Man's distinction is his determination to think for himself.

Homemakers are sometimes puzzled over causes for improper jelling, sugar crystallization, "weeping" and cloudiness in homemade jellies.

Thelma Wirges, county HD agent lists some of the following causes for such problems.

Sugar crystallization may be caused by an excess of sugar, insufficient acid, overcooking or delay in sealing.

"Weeping" results when the juice used it too high in acid content.

Cloudiness may be caused by imperfect straining or by starch in underripe, fruit often found in apple and crabapple jelly.

Failure to form jelly is due to an improper balance of pectin, sugar and acid.

According to the agent this improper balance may be caused by overcooking or undercooking the jelly, by undercooking the fruit in extracting the juice, using too much water in extracting the juice or using fruit which is too ripe.

Mold or fermentation of jelly may be caused by storage in warm or damp places, failure to sterilize glasses, imperfect sealing with paraffin or not enough sugar.

Make sure of good results in jelly making by following recommended methods. Get a copy of extension bulletin, How to Make Jellies, Jam and Preserves at Home, from your HD agent, 305 Federal Bldg. It gives direc-

tions and recipes for a variety of jellies, jams, preserves, marmalades and fruit butters.

Mrs. E. J. Simons and daughter Patricia are busy preserving foods this summer. They had an excellent garden and are doing a fine job freezing, canning and preserving foods for the year to come.

Mrs. Simons is a food preservation leader for Wichita County HD clubs. As well as filling two home freezers and canning over 150 pints of vegetables for her own family, Mrs. Simons has taught 20 other homemakers. Some of these are club members and some are not.

Her teaching included, freezing vegetables and fruits, how to use a home freezer and correct containers for use in the freezer.

In work groups conducted by Mrs. Simons, 70 pints of fruits and vegetables were frozen.

In freezing or canning foods remember the Texas Food Standard. It is a list of the foods needed each day for a good diet. Preserve the foods while they are in season and serve the variety for good health.

News From The County Agent

Cotton farmers in Wichita County are urged to make weekly cotton insect checks in their cotton field. There is a heavy count of flea hoppers and some boll worm eggs in cotton. Cotton is fruiting at present.

If you have chiggers in your lawn you may control this insect by using chlordane, toxaphene or lindane as a dust or spray.

If you have ants inside the house apply 2 or 3% chlordane or 5% dieldrin house hold spray where ants are noticed, outside the home for ants apply a band of insecticidal dust or spray using 10% chlordane or 2% dieldrin or 5% heptachlor dust.

B. T. Haws, county agent, cautions extreme care in handling insecticides. This is particularly true with some of the highly toxic organic phosphorus compounds used to control cotton insect pests. Unless proper cautions are taken the operator and others are likely to suffer ill effects.

Haws points out that proper precaution include proper clothing, coveralls, goggles, rubber gloves and a respirator. Even then every effort should be made to prevent spilling poisons on clothing or person. If this should happen, it should be washed off immediately. A bath and clean clothing should follow the completing of the job. This applies to concentrate, wettable powder or dust.

Empty poison bags or containers can be dangerous to unprotected persons or animals and should be either buried or burned immediately after emptying. Haws also suggests that all regular handlers of these highly toxic compounds have a medical checkup every ten days while working with phosphorus insecticide.

Passenger car advertisers invested 13% more in newspaper advertising in 1957 than in the previous year.

SOIL CONSERVATION DISTRICT NEWS

The Great Plains Conservation Program has been activated in Wichita County, according to word received by William A. Bond, chairman of the Wilbarger-Wichita Soil Conservation District.

Purpose of the program is to help farmers and ranchers carry out a long time conservation plan to protect their land from climatic hazards, and deterioration by natural causes. The farmer may plan his conservation schedule for a period up to ten years. The Dept. of Agriculture will guarantee Federal cost-share for practices in the program approved by County committee for cost-share.

The Wichita County Great Plains Program will be developed by County ASC committee, County Agent, Farmers Home Administration, Vocational Agriculture Dept. Experiment Station, Midwestern University Soil Scientist, Wilbarger-Wichita Soil Conservation District and Soil Conservation Service.

Elvy Sargent, Work Unit Conservationist for Soil Conserva-

tion Service, has been designated by SCS of Wichita County Great Plains committee.

Practices will soon be selected and cost-share established by County Committee, Sargent stated. Applications for participation in Great Plains Conservation can now be made at any Wichita County USDA office.

Despite increased competition for people's time, newspaper circulation in the US has reached a new all time high of 58 million newspapers purchased daily. With Canada added, the figure is over 61 million newspapers purchased daily.

**Beauty and the Beach**

A fresh, lovely appearance can be maintained even after a day on a hot, wind-and-sand-swept beach. With a few simple beauty precautions, you can eliminate the problems of dry, flaking skin; sunburn aches; eyestrain from the searing rays of the sun; and unsightly chapped lips.

Brooklyn's Julie Newmar has some tips for the sunning beauty. First, and most important,—take proper care of your skin. Summer sunburn is no fun, and can even be unhealthy. Skin should be covered liberally with a reputable tanning preparation, like Tartan 21, which blocks out harmful infrared rays, while allowing the sun's tanning rays to act. Also, brief sunning is recommended if you are still winter-pale. A clock beside you is a sure way to time safe sun exposure periods. Sunning time may be lengthened, with more sun tan lotion applications, as you acquire a tan. You may painlessly and health-

fully enjoy your summer sunning in this way. And, the best accessory for cool summer pastels is a golden tan.

Sunglasses are to your eyes what lotion is to your skin. "Summer squint" is eliminated along with bleached, brittle eyelashes. The dramatic long-lashed and colorful eye make-up fashions so popular now demand that you shade your eyes from heat and glare.

Dry, chapped lips are not becoming. Use a lip pomade to lubricate and protect your lips so that they look their best under the new frosted lipsticks. Sun, wind and salt water need hold no terrors if these hints are followed. They insure a combination of beauty and the beach.

S-Sgt. and Mrs. Norman Halfhill and sons, Billy and Mikey, have returned to their home in Houston, Delaware, after spending a two weeks visit with Mrs. Halfhill's mother, Mrs. Della Ramming, and other relatives. Sgt. Halfhill is stationed at Dover AFB, Delaware.

Mr. and Mrs. Floyd Jackson of Tuscaloosa, Ala., are the proud parents of a baby boy, Floyd Leslie, born Monday, July 6th. Grandparents of the baby are Mr. and Mrs. R. W. Kent and Mr. and Mrs. J. H. Ferguson of Burkburnett.

Life's but a brief lesson, and school's out before we know it.

Jean Manley — Willis A. Garland  
Read Sunday In Methodist

In a ceremony at 3 o'clock Sunday afternoon in the First Methodist church in Burkburnett, Miss Jean Manley became the bride of A-2C Willis Albert Garland.

The bride is the daughter of Mr. and Mrs. J. M. Pogue and the groom is the son of Mr. and Mrs. Willis Garland of Dearborn Mich.

Rev. Leon Turner performed the double-ring ceremony before a background setting of baskets of white and pink gladioli and greenery. Maxine Creel, organist played pre-nuptial music and accompanied the soloist, Mrs. Anne Paul Ragan.

Given in marriage by her father, the bride wore a dress of ice blue silk organza over taffeta, fashioned with a fitted bolice styled with a portrait neckline, short sleeves and a bouffant floor-length skirt. Her shoulder length illusion veil was caught to a tiara of seed pearls. She wore elbow-length fitted mitts of blue organza and carried a white orchid atop a white Bible. The bride also wore a single strand of pearls, a wedding gift from the groom.

Mrs. Dorothy Lorang Blessing of Artesia, N. M. as matron of honor, wore a dress of frosted pink. Mrs. Edward Womack, bridesmaid, wore a pink organza frock.

Best man was Robert D. David, Edward Womack and Paul Galan all of Sheppard Air Force Base were ushers with Norman Manley and Jimmy Creel as Junior ushers.

The bride graduated from Burkburnett High School and attended Southwestern University in Georgetown where she pledged Kappa Phi Sorority. She also attended Midwestern University and is now employed in the office of Levi Straus Company in Wichita Falls.

The groom is stationed at SAFB and is a member of the medical squadron base hospital. He attended Franklin Delano Roosevelt High School in Inskier, Mich., and Henry Ford Community College in Dearborn.

A reception was held in the home of the brides parents. Mrs. Bill Vincent and Maxine Creel alternated securing names in the guest book. The refreshment table was covered with a floor length pink net cloth over pink taffeta caught in tiers with pink rose buds & blue forget-me-nots centered with an arrangement of white gladioli. In the house party were Mesdames R. H. Henry, Dewey Austin, Edward Womack, Arthur Bunstine, O. E. Melton, Glen Gear, Carl Morrison and D. C. Dodsdon.

Out of town guests attending the wedding were Mr. and Mrs. Willis Garland, Sr. parents of the groom of Dearborn, Mich.; Lt. Col. Ernest E. Kelley, Colum-

Tired reading about the Texas Legislature?

Well, my friend, you're not alone. Seems like most everybody feels that way, including many members of the House and Senate.

Okay, then, for a little diversion let's look north and see what has been going on in our neighboring states.

Oklahoma's legislators also faced a financial crisis. How did they meet it? First they cut some needless expenses, eliminated waste and duplication. Then they appropriated for 18 months instead of 24. But they did not increase any existing taxes. Fortunately for them, financially at least, Oklahoma voted in liquor and they now have some brand new tax income, or will very, very soon.

Oklahoma, it must be remembered, has a state income tax and an across the board two percent sales tax — two things Texas does not have.

Putting the state in a better light, collection wise, Oklahoma legislators swiped Uncle Sam's idea and added a state withholding tax. This to assure more collection from their income tax.

Six months of continuous session has just been ended in the sooner state. Although their financial problems are solved for the next eighteen months, after that a sizeable hike in taxes is expected.

Texas legislators have met almost continuously since January 13. They may even have to go into a fourth special session. But if they do, they will earn the wrath of the old folks whose pensions stop in mid-August unless a sizeable tax bill is enacted. There is no doubt about it in Texas, the people are disgusted. And the legislators are disturbed.

There is much talk that many of them will not be re-elected. Undoubtedly there are some who

don't ever want to return to the legislative halls.

Many of the senators and representatives have tried hard to formulate a tax program that would care for the needs of the state. Their efforts have been stymied.

During the past six months there has been talk of a unicameral legislature, like Nebraska's. Also there has been talk of a special election to let the public decide on taxes, especially sales taxes. Some officials feel that the public, if it had its say today, would vote for a sales tax, and thus take the monkey off the backs of the legislators. But so far no one has had the courage to introduce such a measure.

Soundings by the press indicate that a sales tax might very well be acceptable to the people, that the people fully realize the dilemma, that they at least would go along with a reasonable sales tax, although they might be firmly opposed to an income tax.

Maybe a special election on the subject of a sales tax is the answer. At least the public would have a say in the matter and our senators and representatives would not have to face the criticism they now fear.

Wish somebody had thought of that earlier, don't you? An election could have been held on the subject at much less expense than that incurred in financing three additional special sessions, all of which actually centered around that very topic.

### New Buildings—

While the Senate and House are busy trying to find a way to finance the state's future operations, governmental buildings still are being erected around the Capitol. In fact, they are beginning to dwarf the major edi-

fication. Occupancy of the first of these buildings to be completed has just been made by the Texas Employment Commission. Its six hundred employees now are housed in the \$2,400,000 structure.

A total of 11,000 pieces of office equipment were moved out of eleven downtown Austin locations into the new six-story building.

TEC began some 24 years ago with a staff of 25 employees in the state headquarters and 50 local offices. Now employed are 2,300 persons with 93 offices throughout the state.

### Governor Signs Bills—

A bill by state Senator Bill Fly extending the time for removal of the offices of the State Board of Insurance from the International Life Building in Austin has been signed by Gov. Price Daniel.

The Commission rents some ten floors of the building. However, the rent is paid by the various insurance companies in Texas.

Earlier Senator Fly secured passage of a bill calling for the removal of the Insurance Commission from that building and the construction of its own office headquarters. Work has not yet begun on the new building.

Other bills signed by Gov. Daniel include one by Sen. Hubert Hudson, authorizing certain water districts to waive immunity from liability for negligence of its agents; a bill by Sen. Charles Herring relating to monies appropriated to the State

Board of Barber Examiners; and two bills dealing with hunting and fishing. One by Rep. Sam Parsons, would authorize the Game and Fish Commission to allow fishing and hunting of migratory waterfowl on lakes and rivers located upon a common boundary with other states. The other by Rep. Zeke Zbraneck, related to the catching of catfish from the Trinity River.

### Long Invite Pocketed—

A second attempt to get legislative approval of an invitation to Gov. Earl Long of Louisiana to address the Texas legislature has failed. The latest effort by Rep. Bill Jones of Dallas drew little support.

Jones said that his invitation was a matter of "common courtesy" to the governor, who had expressed a willingness to address the Texas legislature when he came through the state recently.

### Trinity Project Presented—

An application from the Trinity

Trinity River Authority to "appropriate" 840,700 acre feet of water per year from the Trinity River and to store 1,579,000 acre feet, or nearly a 2 year supply has been received by the State Board of Water Engineers.

Hearing has been set for Monday, August 31st.

The Trinity River Authority proposes to build a dam six miles southwest of Livingston in Polk County.

Its request calls for 95,200 acre feet of storage devoted to municipal use; 672,600 acre ft. for industrial use and 72,900 acre ft. for irrigation purposes.

Passenger cars in the U. S. travel an average of 9,359 miles per year.

One-key control: only Chevy in its field has done away with fumbling for two or three keys. The same key unlocks the door, starts the engine, opens the glove box and trunk.

**WHY DO WITHOUT THIS CONVENIENT LITTLE TOUCH... LET ALONE THESE BIG CHEVY VIRTUES!**

**BIGGER BRAKES**  
Not only bigger, but built with bonded linings for up to 66% longer life. Just to prove what's what, Chevy out-stopped both of the "other two" in a NASCAR\*-conducted test of repeated stops from highway speeds.  
\*National Association for Stock Car Advancement and Research

**BIGGER ROOMINESS**  
Official dimensions reported to the Automobile Manufacturers Association make this point abundantly clear. For example, Chevy's front seat room is up to 5.9 inches wider than in comparable cars. And Chevy even offers more front seat head room than all but one of the high-priced cars!

**MOST ADVANCED ENGINES**  
We'll let SPORTS CARS ILLUSTRATED talk about Chevy's standard passenger car and Corvette V8's: "Indeed, this device is surely the most wonderfully responsive engine available today at any price." And every motor magazine concurs! There are eight V8's to pick from—the widest choice in Chevy's field.

**FRESH STYLING**  
POPULAR SCIENCE magazine's experts took one look and said, "In its price class, Chevy establishes a new high in daring styling."

**HIGHER TRADE-IN**  
N.A.D.A.\* Guide Books carry the proof of Chevy's extra trade-in value. They show that Chevrolet used car prices last year averaged up to a solid \$128 higher than comparable models of the other two cars in Chevy's field.  
\*National Automobile Dealers Association

**FULL COIL RIDE**  
You've almost got to find a really rocky road to show off Chevy's easygoing ride to full advantage. MOTOR TREND magazine gives you an idea, though: "... the smoothest, most quiet, softest riding car in its price class."

**BIGGER SAVINGS**  
Two Chevrolets packing our pennypinching 6 with Powerglide delivered a whopping 22.38 mpg in this year's Mobilgas Economy Run, winning the first two places in their class and walking away with top honors among all full-size cars. How can you argue with a figure like that?

No wonder more people are buying Chevrolets in '59 than any other car

## LIONS CLUB

Town Hall Each Tuesday 7:30 P. M.

K. C. Spell and Bob Traflet were guests.

Ralph White, in charge of the program, presented Ralph Davis, who spoke on "The Life of a Honey Bee". The talk was most interesting. Few people know anything about bees, but Mr. Davis has not only studied about them, he has had some thirty years actual experience handling them.

Some of the facts presented during the talk:

Three kinds of bees in a hive; one queen, a few thousand drones, and 80,000 to 120,000 worker bees. The life span of a worker bee is only a few weeks. Their wings wear out and they die. Wings move at the rate of 200 times a second, or 12,000 times a minute.

Only one-third of the honey is gathered from a single hive. Two-thirds left for the bees to survive on.

In 1950, 223,000,000 lbs. on honey gathered in the United States. \$37,000,000 worth of honey and beeswax sold each year.

Texas harvests 15,000,000 lbs. of honey each year. It is the third largest producer.

Ben Keith Lawson, new district governor of Chilli-cothe, made an unofficial visit to the club and spoke briefly following the program.

Next week Floyd Wilson will bring the program.

### Alma Jackson Circle Met Tues., July 21 With Mrs. Fred Hunt

The Alma Jackson Circle of the First Baptist church Women's Missionary Society met with Mrs. Fred Hunt, July 21st at 7:30 p. m.

The opening prayer was given by Mrs. Frank Kelley, following the singing of the hymn "Praise Him." Mrs. Ralph Davis, Circle chairman, presided over the brief business session. Mrs. C. A. Reed reporting for the nominating committee presented the following names as nominees: Mrs. Ralph Davis, Chairman; Miss Bessie McKnight, secretary. These two officers were elected by unanimous consent. Mrs. Davis announced that Mrs. Fred Hunt would serve as her co-chairman for the coming year. The Community Missions plans for August includes a visit to Sheppard Field hospital with flowers or gifts. On Aug. 4, the Alma Jackson Circle will meet in the home of Mrs. C. A. Reed for Bible Study and on Aug. 10, the Circle will present the monthly missionary program at the church.

Mrs. Frank Kelley, Program chairman, presented the program entitled "Song of Deliverance," with Mrs. Reed with Deliverance through Scriptures; Mrs. Hunt, "Deliverance Thru Personal Witnessing; and Mrs. Mrs. Davis bringing "Deliverance In A Changing World."

After the closing prayer by Mrs. Davis, refreshments were served to one visitor Mrs. Ralph White and the following members: Mesdames Ralph Davis, C. A. Reed, Frank Kelley, G. W. Varner, Nola Thorpe, H. L. Lawrence, and the hostess, Mrs. Hunt.

### Walter S. Lacy Is Skilled Technician

Aviation electronics technician third class Walter S. Lacy, son of Mr. and Mrs. Walter J. Lacy of 311 Ellis, Burkburnett, Texas, mans the circuit aloft in a Navy WV-2 radar equipped Super Constellation during a barrier patrol. The plane's beat is the Pacific Barrier, the 1500 mile long radar fence between the Aleutian chain and Midway atoll.

Lacy, a 1954 graduate of Burkburnett High School, attended Midwestern University. He has been a flight crewman in Early Warning Squadron 12 since October, 1957. The navigator in Lacy's plane is Lieut. j. g. Paul J. Rash Jr., of Corsicana, Texas. Airborne Early Warning Squadron No. 12 is home based at Barber's Point Naval Air Station, Oahu, Hawaii.

### Short Hair For The Ladies

It is becoming quite fashionable for a lady to appear with hair cropped closely behind; the front locks being long enough to curl. So rapidly has this fashion gained in favor that it will not be wonderful should it become general for a time. But it must necessarily be short lived. Long hair is a glory to a woman.
