BURKBURNETT, WICHITA COUNTY, TEXAS, THURSDAY, MARCH 30, 1961

NUMBER 29

Ed Riley Winner

Ed Riley, daughter of Walter Riley of 608 St., one of the essay winners from Burk Burnett High School. There were 50 entries in this contest, and she was chosen for the Rotary award. Irma Ned is a Senior in B. H. S.

The following essay was one chosen to receive the Rotary award. The other essays will appear in later issues.

WORLD UNDERSTANDING

Pathway to World Peace by Irma Ned Riley

To be peace in the world, we must first have world understanding. The vast differences between the people of the Eastern Hemisphere are difficult to achieve universal understanding of the differences between the people of the world. We usually think in terms of sky-railroads, Cadillacs, and gangsters. Americans think of Germany in terms of Hitler and concentration camps. You can't wrong you are un-forgiving for yourself." So the exchange program is a better understanding.

Our own citizens should behave as they would like tourists in their own country to behave. This would also further world understanding. The members of international organizations, such as the Rotary Club, are making large contributions to world understanding. They get to know each other at their annual International Conventions, they exchange sons and daughters and they sponsor exchange students and hundreds of other wonderful projects which help erase differences between countries.

If, through exchange programs and international organizations, and by educating our own citizens about other countries, we can promote and eventually achieve world understanding, I believe that we will also achieve peace. This is why I believe that world understanding is the pathway to world peace.

Burk Man Joins Gallon Club

John M. Karstetter, a Burk Burnett resident, was cited Monday by the Wichita Falls Times and Record News for donating a gallon of blood to help save the lives of the sick and injured.

The award of merit presented Karstetter was signed by Rhea Howard, president of the Times Publishing Co., and by John Estes, chairman of the Red Cross Blood program.

Karstetter has rare O-negative blood that occurs in only six out of 100 people. He has donated for members of his family, friends and strangers alike when his type was needed.

He was named a member of the Gallon Club and presented a drop of blood membership pin. Blood bank officials said Karstetter had given another gallon at the Memorial Hospital in Henrietta where his name is listed with the hospital's "walking" blood bank.

Owner and operator of a blacksmith shop in Byers for the past 16 years, Karstetter moved to Burk Burnett from Byers five years ago. He also operates a portable sharpener for disk rollers in the Byers farm and ranch areas.

During world war two he served two years in the army as a blacksmith without shoeing a horse. He said much of his work was in front line areas on emergency repair jobs.

Karstetter, his wife, Odell, and their two sons, Johnnie, 14, and Joe Ray, 8, live at 513 Bluebonnet. They attend the First Methodist Church in Burk Burnett.

NOTICE

All Master Masons are urged to attend lodge Monday, April 3rd, 7:30 p. m. in the Masonic Temple in Burk Burnett for a very interesting lecture on Democracy vs Communism.

ca, he was asked what had impressed him most about the American people. He didn't hesitate a moment before he answered, "It's their eyes—their slant."

These same American citizens don't realize that when they visit other countries, they are ambassadors, ambassadors of either good or ill will. The impressions they make on the people there reflect, not on them personally, but on their country, America. So American tourists should take care to behave as they would like tourists in their own country to behave. This would also further world understanding.

The members of international organizations, such as the Rotary Club, are making large contributions to world understanding. They get to know each other at their annual International Conventions, they exchange sons and daughters and they sponsor exchange students and hundreds of other wonderful projects which help erase differences between countries.

If, through exchange programs and international organizations, and by educating our own citizens about other countries, we can promote and eventually achieve world understanding, I believe that we will also achieve peace. This is why I believe that world understanding is the pathway to world peace.

MONAGHAN FURNITURE & APPLIANCE CO. TO HAVE FORMAL OPENING HERE FRIDAY

Doors to Monaghan's Furniture and Appliance store will swing wide for the formal opening here Friday, March 31st. Shown in the picture above are, left to right, Edd Watson, Stanley Bruno, Mrs. Evelyn Monaghan and Mr. Bob Monaghan.

EDD WATSON
In Charge of Deliveries
Mr. Watson came with Monaghan's 6 years ago.

We are exceptionally proud of Edd, as he started out as a helper on a delivery truck and since that time has worked in about all phases of our business. Mr. Watson is now in charge of all furniture deliveries in Wichita Falls and Burk Burnett.

STANLEY BRUNO
In Charge of Service
Mr. Bruno has been with Monaghan's for 4 years and is being transferred from Wichita Falls to Burk Burnett.

He has been in the appliance service business for approximately 20 years and is considered one of the finest in the field. Stanley will

service all appliances sold by Monaghan's in this area. Mr. Bruno and his family have recently moved from Wichita Falls to Burk Burnett.

EVELYN MONAGHAN
In Charge of the Office
Mrs. Monaghan comes to Burk Burnett with vast experience in the furniture and appliance field.

Evelyn started in the appliance business serving as home economist in the range and laundry departments. She later went with the Ironrite factory as economist over Texas and Oklahoma.

Mrs. Monaghan has been Monaghan's interior decorator for the last few years in Wichita Falls. Evelyn will be in charge of our office in Burk Burnett.

BOB MONAGHAN
In Charge of Store
Bob Monaghan has been in the appliance business for some 30 years, having sold some of the first electric refrigerators in Wichita Falls.

In 1950, Bob and Doyle Monaghan formed a partnership known as the Monaghan Appliance Co. in a small store in Wichita Falls. Since that time Monaghan's have added furniture to their lines and have become the largest independent appliance and furniture dealer in this area.

Bob and Doyle Monaghan are very proud to be in Burk Burnett.

Come to see us.
Bob Monaghan

3-Ring Circus Coming to Town

The famous Cole Brothers 3-Ring Circus will make an appearance in Burk Burnett April 15th. The appearance of the circus is sponsored by the Lion's Club of Burk Burnett. A large percentage of the advance ticket sales will go into the Lion's Club fund to be used for local benefits. Members of the club are hard at work selling as many tickets as possible before April 15th.

The circus will give two showings, a matinee at 3:00 p. m. and a second showing at 8:00 p. m. The Cole Circus is known for its cooperation with local organizations, such as the Lions Club and makes it a practice to permit some club to sponsor their appearance for a portion of the advance ticket sales.

The big tent will be on the Lion's Club ball park by Morgan Stadium. The children (and grown-ups) will enjoy watching them feed the animals at 10:30 a. m. on the morning of the 15th.

Tickets for the Circus, for children under 12 are priced at 50c, tax paid; over 12 at 99c, tax paid. These are general admission tickets. Those wanting reserve seat tickets may get them at the circus.

Jerry Thomas Chairman of Red Cross Drive

Mr. Jerry Thomas, cashier of the First National Bank, has been chosen to head the annual Red Cross fund drive for Burk Burnett this year. The drive is set for the week of April 9th.

Thomas hopes the drive can be completed with a minimum of time and effort. He plans to secure the aid of various clubs and civic groups, with specific areas assigned to each. A special team will canvass the business district to obtain advance gifts.

Thomas has been selected to serve as a member of the Board of Directors of the Wichita Co. Red Cross. Other new members of the board are Mrs. Fred Hunt, Mrs. C. R. Lundberg and Mrs. Hugh C. Preston, Jr.

Thomas came to Burk Burnett in 1956 from Randlett, Oklahoma. He has been active in the Burk Burnett Lions Club, is one of the directors of the little League Baseball.

Mr. and Mrs. Thomas and their two daughters reside at 510 South Hilltop.

Lutherans to Hold Convention Mon. 'til Fri., April 3-7

The Convention of the Texas District of the Lutheran Church Missouri Synod will be in session from Monday til Friday, April 3-7 at Austin, Tex. The local pastor as well as neighboring pastors of the Lutheran churches, Christian Day School teachers and many lay delegates and visitors will be in attendance.

ROTARY CLUB

Town Hall Each Tuesday 12:00 Noon
Bryan Farris, President
Bill Donnell, Secy.

Forty-one members and guests were present at the noon luncheon Tuesday.

Bill Vincent was responsible for the program. Pauline Evans first grade class sang songs and went through some rhythms they have studied.

Harold Van Loh introduced the guests and visiting Rotarians.

Programs for the coming weeks: Cliff Wampler, April 4; Harold Wolfe, April 11; B. H. Alexander, April 18; Buddy Byars, April 25.

Car Hits Bike, Injuring Boy

A five-year-old Burk Burnett boy, Tim Denton, suffered a broken arm and possible internal injuries when struck by a car while riding a bicycle Monday afternoon.

The youngster was treated at the Burk Burnett Clinic and transferred to General Hospital in Wichita Falls where his condition was said to be satisfactory late Monday.

The son of Mr. and Mrs. A. P. Denton Jr., was riding his bike south on Smith when struck by a car being driven west on Glendale by E. E. Cavender, 55, according to Officer W. L. Bartley.

Bartley quoted the driver as saying "he pulled in front of my car" and Cavender said he was unable to avoid striking the boy.

Hardin HD club is sponsoring a BAKE SALE Saturday, April 1st at the Corner Drug Store.

Free Shows at Palace Theatre

The downtown merchants of Burk Burnett have made arrangements for a series of free shows at the Palace Theatre starting Thursday night, March 2nd, 6:45 p. m. and continuing each Thursday night for a period of 12 weeks, running thru May 18th.

There will be a free show at the Palace Theatre, Burk Burnett each Thursday night. Call for your free tickets from your downtown merchants of Burk Burnett and come out and see a good movie and relax and meet your friends here. Everybody welcome.

Your Friendly Downtown Merchants of Burk Burnett

Assistant Pastor 1st Methodist Church

MERWIN K. TURNER

Rev. Merwin K. Turner arrived in Burk Burnett on March 1st to assume duties as assistant pastor and Educational assistant at the First Methodist church. He is a graduate of Wichita Falls High School, attended Midwestern University for two years and received his BS degree from Texas Wesleyan College, Ft. Worth in 1960.

Rev. Turner served in the U. S. Air Force as an instructor with the department of Intelligence training and was later assigned to Recognition Materials Branch of the Department at SAFB. He was released from active duty in May, 1958.

Prior to moving to Burk Burnett, Rev. Turner served two years at the First Methodist church, Irving, as assistant pastor and educational assistant, and in June of 1960 he was appointed pastor of the Clark

City Election Called for Apr. 4

A city election was called for April 4th to fill two places on the City Commission by the City Council in their regular meeting Monday evening, Feb. 13.

The two places to be filled are now held by Commissioners Winston Freeman and John Page, whose terms expire. Neither have filed for re-election.

The City Charter requires that candidates for election on the City Commission must file on the appropriate form at least 30 days prior to the election date. This means that candidates will have through March 3rd to file for election. Forms for filing may be obtained at the City Hall from Mrs. Lohoma Wood, City Managers Secretary.

POLITICAL CANDIDATES

- City Elections:
City Commission, April 4
Harry Elliott
Winston Freeman
Joe T. Logan
John Page
J. A. Suttles
- School Board, April 1
Vernon Duke
Lewis Johnson
Pete Landrum
Clyde (Huck) McDonald
Hugh Veach
W. T. (Dub) Zimmerman

Memorial church in Bonham, Texas.

Rev. Turner's wife is the former Virginia Jenne of Wichita Falls. They have four children, Elizabeth Kay 5; David Key 4; Cynthia Lynn 3; and Stephen Bradley 1.

Chambers Buys First Circus Ticket

W. Chambers being issued circus tickets by Thomas. Dick Chambers, Lions Club secretary, in center. Members of the Lions Club will issue tickets for Cole Brothers Circus, coming to Burk Burnett soon. The club gets a per cent.

Roger Johnson Showed Prize Lamb At Lamb Show

Roger Johnson of the Burk Burnett 4-H Club had the grand champion lamb at Wichita County's first annual lamb show sponsored by the North Texas Sheep and goat raisers association. The 96 lb. fine wool lamb sold at Saturday evening auction to F. L. Cruise of Wichita Falls for \$100 per lb.

A trophy presented by the Rod and Gun Store in South-mour Shopping Center went to Ken Johnson for showmanship.

Mr. and Mrs. James Mason returned home Tuesday from Jasper, Ala., where they attend funeral services for Mr. Mason's father.

Income tax collectors, in checking over returns, often make one deduction: This guy is lying.

Lions Present Down Town Receptacles

Lions Club presenting down town waste receptacles to the City. Left to right, Roy Silkwood, Bill Bryant, Bill Browning, Jerry Thomas, Reavis Wooten, Arthur Houser and Morris Simonson. The Lions Club purchased 8 receptacles at a cost of over \$300.00, to go in the down town area. The receptacles have decals on the side which read: "Help Keep Your City Clean", shown with the Lions Club emblem.

Notice to the Public: Any erroneous reflection upon the character, standing or reputation of any person, firm or corporation, which may appear in The Star, will be gladly corrected as soon as it is brought to the attention of the publisher.

Not The Case

A great many people undoubtedly believe that any substantial degree of tax reform and tax reduction is impossible at the present time, because of the government's revenue needs.

Well, that simply isn't the case. For instance, the Chamber of Commerce of the United States points out what would happen if the top rate of taxation of individual income were lowered from the existing 97% to 50%. The immediate drop in revenue to the Treasury would be but a billion dollars a year, which is less than one-eighth of the budget.

And that drop, in all probability, would be more than made up in the future. The billion dollars thus liberated would go into all manner of investments and purchases. The result would be more jobs, more payrolls, more production and more sources of taxation for government.

The Chamber adds that tax brackets far below the top one could be lowered without detriment to the government. The benefits would be felt everywhere and by all of us.

Off To The Races

An editorial in Life magazine has this to say about the proposal to increase the federal minimum wage and extend its coverage: "That is certainly not going to help the unemployed any. Some jobs just aren't worth more than \$1 an hour and to make them illegal is to eliminate them."

The words are blunt, but justified. The extended coverage that is proposed, for example, would be primarily in the retail industry. This industry provides marginal employment for beginners, teenagers, part-time housewives and others whose productive worth is strictly limited. An out-of-line wage would force the elimination of as many of these jobs as possible.

Also, it is hard to square the minimum wage proposal with the President's urge that labor accept wage stabilization in order to help prevent more inflation. An increase in the lowest wage means increases all along the line—the higher paid, skilled workers naturally demand that their differential be maintained. Then the wage price spiral is off to the races again.

HAVE YOUR CAR TUNED UP SPRING DRIVING

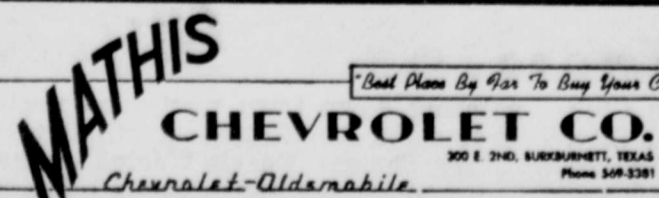

Winter driving is especially hard on cars, especially those vehicles which have lots of starts and stops for city driving. Now is the time to have your car tuned for spring driving. A good tune-up will give you the pleasure of driving a GOOD car. Your car will appreciate the attention too, by giving you more miles of trouble-free driving.

Bring your car to **Mathis Chevrolet Co.** for a Complete **TUNE-UP** by **Factory Trained Mechanics**

APRIL 15th IS DEADLINE FOR VEHICLE INSPECTION

LESS THAN HALF—31,072—Vehicles in Wichita County HAVE NOT been Safety Inspected as of March 20th. Looks like many motorists will be waiting in line before the April 15th deadline

IRVIN "Smitty" SMITH, Service Manager

WASHINGTON AND SMALL BUSINESS

By C. WILSON HARDER

For some time, very much aware of the damages that have been, and are being done, to the American economy by the flood of cheap imports from low wage nations, the nation's independent businessmen, through the National Federation of Independent Business, has requested the government to tighten up on the tariff schedules.

For many years now the whole structure of American business has been helplessly while fuzzy-headed "do-gooders" in the State Dept. have been delivering the American market piece by piece to foreigners. It has been requested that Congress once again resume full control of its tariff making powers.

Now comes another factor into the critical situation. The Chicago local of the national electrical workers union has served notice that after May 1, their members will refuse to work with electronic component parts imported from Japan. The union local charges that in eight months, 9,000 jobs were lost due to these low cost Japanese imports.

National headquarters of the union are said to be studying this matter, with a view to making such an edict nationwide. One union official claims that around 700,000 U. S. electronic workers have lost their jobs.

This presents a most grave situation. Obviously, American workers have a right to their jobs. © National Federation of Independent Business

jobs, and also to protest the destruction of those jobs.

A strike over this situation would be bad. First of all, there would be a foolish dislocation of the economy at the present time due to lost sales, lost wages. And in this age of missiles, such a strike could even set back the defense effort, which leans so heavily on electronic devices. But the greatest damage of all would come about if the union won the strike.

For once organized labor won a strike where the issue was the direction of national policy, there would probably be no limits to which power mad labor dictators would not aspire.

And unfortunately, if there were a major strike over the electronics issue, the majority of public sympathy would probably be with the strikers. There seems little doubt that the public would sympathize with workers striking to protect their jobs from the Japs, losing sight of the larger issue that would be involved. That issue is whether or not governmental policies shall ever be dictated by the use of the economic weapon of the strike.

On the other hand, the majority of Congress must of necessity soon face up to a major problem of the times.

From the lumber workers of the Northwest, to the shoe makers of New England, to the steel workers of Pittsburgh, to the oil workers of Texas, to the electronic workers of Chicago, there has hardly been a segment of American industry that has escaped the growing cancer of cheap imports from cheap labor nations. It seems unlikely that the people's elected representatives can desert the people.

Randlett News

MOLLIE R. ELLIOTT, Reporter

The Daisy Club met March 21 with Mrs. N. R. Kirkpatrick. The president called the meeting to order. Devotional was read by Mrs. C. H. Dunn from Rom. 12th chapter. Lord's Prayer was repeated in unison. Roll call was answered by telling what we like best about farm life. A short business session was held. White elephant prize was drawn by Mrs. T. A. Kinnard. Following the business meeting the members pieced quilts.

Refreshments of pop & cookies were served to the following members: Mesdames F. A. Wilkinson, W. T. Oliver, C. H. Dunn, C. B. Ressel, Fred Spoon, Ben Ressel, W. R. Baldwin, J. C. Goode, C. H. Thompson, Raymond Underwood, Clarence Vachi, Paul Hooper, T. A. Kinnard, Henry Kinnard and Miss Ola Austin. Club meets next with Mrs. T. A. Kinnard.

Mr. and Mrs. Ross Bradford and daughter of Big Springs visited her grandmother, Mrs. W. J. Morrow over the weekend before last. Mrs. Morrow returned home with them for a visit until Thursday.

Mr. and Mrs. Ross Allen Shaw and children spent Thursday night with his parents, Mr. and Mrs. A. J. Shaw. They were enroute from Okla. City to Odesa where Mr. Shaw is employed.

Mrs. D. A. Cornstubble was called to Irving Friday due to the illness of her daughter, Mrs. Joe Bob Dodson.

Mrs. Mollie Elliott and son David were visitors and dinner guests of Mr. and Mrs. Paul Bridges and girls in Burkburnett Sunday.

Jerry Fowler of Kilgore is visiting his grandmother, Mrs. J. C. Fowler here for a few days.

Mr. and Mrs. Harold Dudley and son of Wichita Falls visited her parents, Mr. and Mrs. T. L. Wileman and Larry Sunday.

Mr. and Mrs. Wayne Fowler of Wichita Falls and Jerry Fowler Kilgore were six o'clock dinner guests of Mr. and Mrs. Ted Fowler Friday.

J. C. Bybee, minister of the Assembly of God church of Okla. City, spent Wednesday night and Thursday with Mr. and Mrs. E. J. Pruett & family.

Mr. and Mrs. Dickie Eastman and family of Wichita Falls visited her parents, Mr. and Mrs. F. E. Eastman Sunday.

Mr. and Mrs. T. A. Kinnard attended funeral rites Sunday for Mrs. H. L. Rays of Waurika, Okla.

Mr. and Mrs. Woodrow Tompkins of McCloud visited his mother, Mrs. R. C. Tompkins Saturday.

Mr. and Mrs. Otto Kemp and children of Duncan visited their parents, Mr. and Mrs. Jess Kemp and Mr. and Mrs. J. C. Goode Saturday.

Mr. and Mrs. Jimmie Kinnard and children visited Mr. and

Mrs. C. L. Davis of Wichita Falls Sunday.

Mrs. Robert Goode and Mrs. J. S. Baber took the GA girls to a GA house party at Norman Saturday and Sunday. GA girls attending were Karen Baber, Martha Martin, Beverly Kemp, Paula Goode, Helen Johnson, and Connie Pennington. It was reported that all had a good time.

Mr. and Mrs. H. T. Dulworth of Devo, accompanied by Mrs. D. A. Cornstubble and sons, Larry and Donnie, visited Mr. and Mrs. Bill Dulworth of Irving over the weekend.

O-DA-KO CAMPFIRE

The president called the meeting to order. Candle lighter lit the candle. All said the pledge to the flag, then sang America and repeated our campfire law. Treasurer took up weekly dues. Old and new business was discussed.

Those present were Sherry Hobbs, Carlene Holland, Sharon Holman, Gail Magee, Linda Kay Pierce, Carla Sutherland, Frances Perry and Mary Anderson.

Mary Anderson, reporter.

Bluebonnet Club Members Attend District 2 Meeting

Mrs. H. R. Butts was sent as a delegate to the District Two Spring Meeting which was held at the Baker Hotel, Mineral Wells, Texas, March 23 with Weatherford and Mineral Wells Garden Clubs as co-hostesses.

Registration and governors coffee on the mezzanine preceded the general assembly and luncheon in the East West terrace room which was attended by 512 garden club members from this district. The theme was Hand in Hand With Nature, and tables were decorated with large cactus fronds, saddle tan and cream colored cabbage roses made of corn shucks on driftwood on orange colored mats which were outstanding decorations. The tips for New Presidents, by Mrs. Floyd Hightower was well received. Following the luncheon and business program, a lecture-demonstration on Flowers as they Serve You, was given by Mrs. Philip Silverburg of Ft. Worth. Assembled on stage, she explained in detail each of thirty arrangements as to method, style, mechanics and function of same which covered all the essentials of flower arranging for all occasions.

A pilgrimage to Chandor Gardens in Weatherford, Texas, completed the day. Those attending with Mrs. Butts from the Bluebonnet Garden Club were Mesdames E. R. Burns, F. N. Rawls, C. F. Bohner, Charles Boyd, H. Thaxton, J. T. Brady, Sr., and W. H. Bohner.

Marine Pfc. Raymond A. Brantley, son of Mr. and Mrs. D. W. Brantley of 730 E. Third St., Burkburnett is serving with the Third Marine Division on the Island of Okinawa. The largest of the Ryukyu chain of islands, Okinawa is the strategic stronghold for the defense of the Pacific and Far East.

Floyd W. Landes Home Builder

Mr. Floyd Landes of 307 W. College is another Burk Burnett builder. Mr. Landes has been in Burk Burnett for 20 years, coming from Grandfield, Okla. where he had lived since childhood. He and his wife Ellen, have two married children. He is a member of the First Christian church.

Mr. Landes has been in the building business for 7 years. He is now building in the new addition known as Highland sub-division and is also building one house in Mimosa Heights and one in Red River Heights, another new addition.

His houses are mostly FHA and Conventional, although he has built some VA homes, and will build any type of house for anyone.

Asked what he thought of the future of Burk Burnett, Mr. Landes thinks it has a wonderful future. "The potentiality looks good," Mr. Landes said, "and if it continues to grow at

the pace it has for the past year or so, it looks like we will soon have to take over Wichita Falls."

Mr. and Mrs. D. C. McNeill returned home last week after spending the past six months in Victorville, Calif.

Rocky, small son of Mr. and Mrs. Jr. Underwood, underwent a tonsillectomy in a Wichita Falls hospital Friday.

Meadow Lane Club Met March 14 in Landrum Home

The Meadow Lane Garden club met March 14th with Mrs. Wayne Landrum as hostess. The meeting was called to order by Mrs. Joe Davey, club president. Committees reports were made and Mrs. Jesse Bills brought two new books for the club library, Green House Gardening

and Gardening the Easy Way. Mrs. Ed Green was appointed to investigate the possibilities of the club donating a fence for the kiddies pool at the Burk Swim Pool. The members voted not to meet during the summer months as in the past.

The new slate of officers were presented as follows: president, Mrs. Cliff Wampler; vice presi-

dent, Mrs. Arlis Key; secy., Mrs. Ray Knox; corresponding secy., Mrs. Jim Maag, treas., Mrs. Ed Green; historian and reporter, Mrs. Gene Turner; parliamentarian, Mrs. Melvin Peters; and librarian, Mrs. Morris Cheney.

A very interesting program, Man Who Talks to Trees, was given by Mrs. Ray Knox. The door prize was won by Mrs.

Wallace Landrum and a booby prize brought by the president, went to Mrs. Jesse Bills.

The next meeting, which will be April 12th, will be a coffee at the home of Mrs. Ed Green. Afterwards a tour of gardens in and around our city.

Father Divine's real name is Joe Baker.

NUMBER 29

CITY'S ANNUAL REPORT OF 1961

City Manager's Message

D. Mann
City Manager

well to explain the operation of the City to the Board of Commissioners and the functions so that our duties and responsibilities may be understood.

The City Manager is the Administrative head of your city and is appointed by the Board of Commissioners. His pleasure and confidence determine his direction. The Board of Commissioners is the governing body of the city, and you—the citizens—are the citizenship through the representative body. The City Manager functions as a manager, not as an individual. He enforces ordinances, policies and regulations of a governing body which are affected by this Board.

The City Manager, as administrator of the city, is responsible to the Board of Commissioners for the enforcement of ordinances, and the administration of city services. His responsibility includes supervision and coordination of all departments and the consent of the Board of Commissioners. He removes all heads of departments and all subordinates of the city.

As mentioned so far, following comments are made as those of the City Manager, and not as an official opinion of your Board of Commissioners. It is the duty of the City Manager, however, to point out those things which your representatives will be confronted in the future.

There are many things which are necessary for a city program, necessary to give proper attention to the city hall offices; additional playgrounds, more office space for the city hall offices; a city, however, comparable to an individual. Sometimes it needs everything it needs within its income. One of the best ways to increase income is by your Board of Commissioners. An overall comprehensive plan. Again, an effort to meet the needs of the city and plan and make its future needs. Engineers of Wichita contracted to make studies and suggest an overall plan based on those and use plan, zoning, streets, traffic, and future fire departments, these are just a few of the many phases that have been studied and planned.

A plan, which will take 12 months to complete us a flexible plan for the next 25 years. These studies are very comprehensive. We are, therefore, to make any major improvements until these studies are complete and presented to you, the citizens.

There are two things, however, that we feel should be accomplished within the next fiscal year, if at all possible.

1. The City Charter should be brought up to date. Our City Charter was adopted May 8, 1923, and in as far as we can determine, there has been only one amendment, the repeal of the City Poll Tax in 1948. There have been so many changes in our state laws and our own environment and situation since its adoption, that the charter is now out dated and in many cases, inoperative. The charter should be brought up to date to coincide with our state laws and our present needs. We suggest that a Charter Commission be appointed to study and prepare necessary amendments to be presented to you for adoption.

2. Another suggestion is to construct a municipal garage & warehouse. Our city has grown to such an extent that this need has been apparent for some time. The city has sufficient land on which to build. A building for these would cost approximately \$30,000. A competent mechanic to property maintain our equipment and a competent warehouseman to make our centralized purchasing and storage more effective, would, through the savings that such a system would provide, pay for this construction easily in 2 years.

It is a pleasure to work with your Board of Commissioners. Their sincere interest in the progress and welfare of our city makes our job easier and more enjoyable. The public spirit and interest shown by our citizens is commendable. Your understanding, your patience, and your cooperation in helping your government provide the services you desire are to be appreciated by all your city officials.

Finally, this is your government. In no other level of government can you have such a direct influence as in your local government. You will always have the kind of local government you want, if you maintain this interest and exercise your right at the polls.

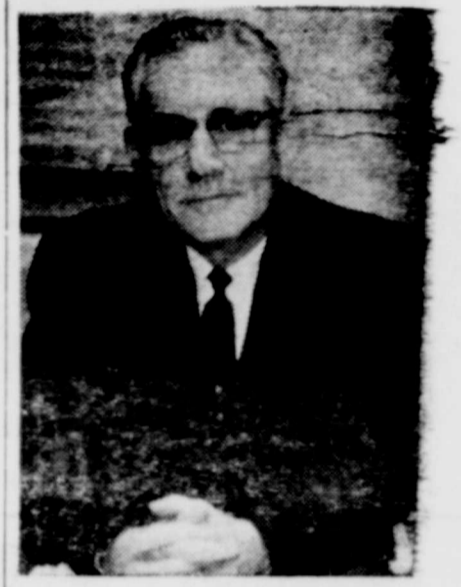

Our appreciation and thanks to all the department heads & the employees for their loyalty and cooperation. There is a big job ahead of us, but with cooperation and proper teamwork the job will be accomplished.

Philip Davey Taylor, son of Mr. and Mrs. Clark Taylor of Burkburnett, was admitted to the Wichita General Hospital Saturday and is being treated for double pneumonia. He is reported much improved at this time.

F. F. V's are "First Families of Virginia."

Mayor's Message

GEORGE McCLARTY
Mayor

To The Citizens of Burkburnett

It is with pleasure that the Board of Commissioners and the City Administrative Staff submits to you this annual report. We have attempted to give you a pictorial review of your city's activities in order to better acquaint you with the functions of your city government. Burkburnett is growing. This is attributed to several factors; not the least of which is the near proximity of Sheppard Air Force Base. We are very proud of our Air Force personnel and we welcome them into our community. We don't want them to only feel that they are a part of our community—we want them to recognize that their contribution to the welfare of our city by their interest in community affairs is appreciated. We hope they recognize that they are helping to build the city; helping in chartering its course. We hope that many of them will return to make Burk to make their home, as so many service personnel have done in the past. Service men are not "outsiders" in Burkburnett.

We also commend our senior citizens, the "old timers" who wrestled with municipal problems in years past, & who have remained with us as a stabilizing factor. They provided the groundwork and set the course for the future. Their continued interest and assistance in city affairs is needed and appreciated.

Good government in a democracy is a result of an informed citizenry. Adequate and continued reporting to the citizens by those who are charged with the administration of city government is a necessity. This report is but a continuation of that process. The present administration has made every effort to keep you informed and to represent you to the interest of the citizenship as a whole. You are the judge as to whether we have succeeded in this effort.

We take this means to give appreciation to all the city employees for their faithfulness to their public trust. In many instances during the past year they have been short handed and have not been able to accomplish their given tasks as quickly as they would have wanted. All of them stand ready to cope with any emergency regardless of hours or the weather. We want them to know that this loyalty has not gone unnoticed, and we know the citizens also recognize and appreciate this steadfastness.

We thank you, the citizens for your community support. Your interest in our city's affairs has been of immeasurable help to your Board of Commissioners.

We extend special thanks to Mr. Harry Dodson, Editor and owner of the Burkburnett Star who at considerable work and expense, has made this report possible. Our thanks to Mrs. Billie Mann, who gave of her time and effort to make the pictures and to provide the layout for this report.

Respectfully submitted
George McClarty, Mayor

CITY OF BURKBURNETT INCORPORATED IN 1905

Records indicate that the City of Burkburnett was incorporated in 1905. The city now operates under a Home Rule Charter adopted May 8, 1923. The Charter provides for a Commissioner-Manager form of government, with the Commission designated as the legislative and governing body, to be known as the "Board of Commissioners". This board consists of 5 members, elected from the city at large. The Charter also provides that the City Manager be appointed by the Board of Commissioners, and shall be the administrative head of the municipal government, and shall serve under the direction and supervision of the Board of Commissioners.

As a matter of historical interest, records show that Ordinance No. 1 was passed by the Town Council on January 10, 1918, creating a Corporation Court and providing that the "Mayor of said town" shall preside over the court. Mr. Ben

Schweigler was Mayor and Mr. W. Daniels was Town Clerk.

The city area consists of approximately 4.6 square miles, and has a population of 7,621, as shown by the 1960 Federal Census.

The following pictorial resume shows some of your city personnel and your city's operations. We hope this first annual report will help you to become better acquainted with your city, and its activities.

BOARD OF COMMISSIONERS

Winston Freeman, Buddy Byars, Joe Janeke, City Attorney; George McClarty, Mayor; Clovis D. Mann, City Manager; Joe Crowley and John Page.

Police Dept

Kenneth Gage
Chief of Police

The Police department consists of 7 patrolmen and a chief. The recommended standard is 1 man per thousand population, depending on several other factors that may be involved.

The department is now keeping a complete record system of all police activities. Patrolmen have been furnished new police uniforms. Various schools recently attended by the police personnel have served to qualify and train police officers.

The department has two patrol cars, equipped with radio and first aid kits. A radar unit was purchased recently. The department now has 24 hour communication service providing police protection around the clock.

Members of the department are Police Chief Kenneth Gage, Assistant Chief Buck Abbott, Ace Bilyeu, Dale Bryan, Willis Bartley Jr., Harry Park, Lonnie Bowman and Carlton Story. W. J. Bingham is radio dispatcher. R. M. Mayse is school patrolman.

City Clerk

Don Pemberton

The increase in records and administrative work which always increases along with the growth of any city, necessitates more and better record keeping, therefore, the office of City Clerk is being established. Mr. Don Pemberton has been employed, to serve part time, in the establishment of this office. When the office is established he will keep the minutes of the Board of Commissioners, all City Ordinances, issue all permits, records and maps of all sub-division plats and a record of all city property. The city clerk will also serve as the city purchasing agent and keep all city personnel records.

Tax Department

C. R. (Dick) Chambers
Tax Assessor-Collector

A growing city also creates an increase in work of the Tax personnel. Mr. Chambers is also Fire Marshall for the city.

The Tax Dept. must keep records of the selling of lots, houses, etc. It is his duty to assess taxes on lots, buildings and property in the city.

In 1960 the city had an assessed valuation of \$4,401,327; collection based on 30% of valuation. The city has a tax rate of \$1.50. Its bonded indebtedness amounts to \$520,109.95 in Revenue Bonds and \$77,000 in tax bonds.

Mrs. Nan Vaden also works in this office and serves as secretary to Mr. Chambers.

MODERN STUDY CLUB HAD VARIED PROGRAM AT THEIR MEETING WITH MRS. JOHNNY CRANE

The Modern Study club met Monday night in the lovely new country home of Mrs. Johnny Crane. A short business meeting was held in which plans were made to have a rummage sale and a bake sale in the near future. Roll call was answered by the members giving "Safety rules for better driving." An acknowledgement was read from the Sears Foundation, acknowledging our entry in the Community Achievement program.

Mrs. Randall Hudson gave a very interesting program on the Value of Our Driver Education. She pointed out the important role this program has in our public schools. She showed that the ones in this class are taught to have not only a knowledge of the vehicle but also all the controls, instruments as well as service and maintenance. One must also know of the road conditions, including directional signs and weather and light conditions.

speed for the sake of speed, doing stunts, showing off, taking chances and depending on other drivers to look out for them. Through this driver's education class these young people are made aware of the many hazards of driving and are taught the correct driving habits.

After the program by Mrs. Hudson, the members enjoyed a style show by the three club participants in the General Federation of Women's Club Fashion-Sewing contest sponsored by the Vogue Pattern Company.

First to model was Mrs. Bill Reasoner, Director of Junior Clubs for the Santa Rosa District. She modeled a three piece suit of lavender wool. The two piece dress featured the new sleeveless look and they must be taught to share highways with others.

It is a fact that drivers under 20 years of age have more accidents than any other group. Younger people are inclined to

skirt was accentuated by light gathers at the dropped waistline and tapered at the bottom. Over this she wore a cut-away jacket of knobby textured wool of a slightly darker shade of lavender. To compliment her costume she wore a large white hat and several strands of large white pearls, long white gloves and black patent shoes and bag.

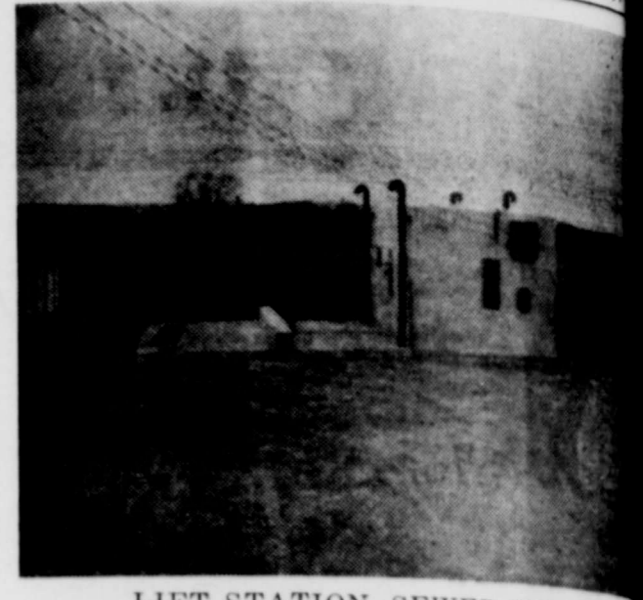

Next to model was Mrs. Bill Browning, who chose as her costume a lovely three piece suit of bone silk. The two piece dress had a slightly gathered skirt and a loose fitting top which is so popular. Over this she wore a box jacket of matching bone silk. To compliment this lovely costume, Mrs. Browning chose a white straw pillbox and black patent accessories.

Mrs. Vernon (Dude) Smith modeled last and for her winning costume she chose a navy linen two piece dress. Her dress was the evergood basic sheath dress. Over this she wore a waist length jacket. The large collar and lapel of the jacket was trimmed with matching braid trim. To compliment her costume Mrs. Smith wore bone accessories and a beautiful pillbox of matching bone and navy which she also styled and made herself.

Mrs. Smith will represent her club at the Santa Rosa District convention in Wichita Falls, April 12th and 13 in competition with other women throughout the District for the first prize. Winners from the District conventions throughout the state will then compete in state convention in Midland in May and the winner there will go on to the General Federation Convention in Washington, in June. The other two members who modeled will also model in Wichita Falls during the convention but Mrs. Smith will represent her club in the competition.

Miss Emily Moore, Home Economics teacher and Mrs. A. C. Harris were judges for the sewing contest.

After the sewing contest, Mrs. Crane served refreshments to Messdames Joe Alcorn, Bill Browning, Randall Hudson, Jerry McClure, Darrell Nichols, Bill O'Brien, Arnold Oliver, James Pearson, Donald Pemberton, Bill Reasoner, Jerry Thomas, Vernon Dude Smith, Martin Wright, one new member, Mrs. Charles Griffith and three guests, Mrs. Ted Harris, Mrs. A. C. Harris and Miss Emily Moore. Mrs. James Pearson lead the closing prayer.

First Methodist Church to Observe Holy Week Beginning March 29

The First Methodist church will observe Special Holy Week Services beginning Wednesday, March 29th at 7:30 p. m. The Wednesday service led by the Youth of the church with Rev. Copeland, bringing the sermon, "Jesus and His Message."

Thursday will be the Service of Holy Communion commemorating the Last Supper of Our Lord and His Disciples. The message by Rev. Rev. Copeland will be "Jesus and His Decision."

The sermon for the Good Friday service will be "Jesus and His Cross." Easter Sunday there will be a Youth Breakfast at 7:00 Sunday morning. This service is especially for the Junior High, Senior High and College and Career groups of the church. Following the breakfast the youth will provide special music and serve as Chancel Choir for the special 8:30 a. m. Worship service. Church School will be at the regularly scheduled hour, 9:45 a. m. At the 10:50 Worship Hour there will be a special service of Infant Baptism. The Easter message by Rev. Copeland for both morning worship hours will be "Surprised by Joy."

The Easter Sunday Services will close with a Vesper Service at 5:00 p. m. with special music by the Chancel Choir and a meditation by Rev. Turner, entitled "On the Road to Emmaus." The Senior High Group will conclude with their service of "After-Glo" in the Home of one of the members.

have found putting the Dominion Government into TV competition with private TV has been a costly experiment; and that the majority of the Canadian people prefer private TV (with its boring commercials, etc) to that furnished at taxpayer expense by government.

Heaven forbid our putting this important arm of communication into the hands of Federal Government; thus further strengthening the already too-strong bureaucracy now operating at Washington.

Darwin's "origin of the Species" sold out on its first day of publication.

Possibility Accidental Nuclear Explosion Ouring Plane Crash "So Remote as to Be Negligible" Explains SAFB Official

Area community leaders were assured that the possibility of a nuclear explosion during a crash of an armed aircraft is "so remote as to be negligible," by Sheppard Air Force base officials during an all day disaster program at the base Wednesday, March 15th.

Should other explosives contained in nuclear weapons detonate, "Alpha" particles would be scattered over the crash area. These particles, though having little radiation danger and will not penetrate the skin, could be inhaled. The site of a nuclear weapon-carrying plane crash would therefore, be guarded by military and civilian law enforcement agencies. People would be kept back from the scene by at least 2500 feet, upwind. The fire would be extinguished and the area monitored for possible radiation.

Lt. Col. James B. Wagner, Jr., Chief of Operations, discussed base control procedures in case of enemy attack and emphasized the importance of teamwork between military and civilian agencies in dealing with such emergencies as an atomic aircraft accident. Col Wagner said the base conducted 21 "hot" disaster drills the past 12 months and that a program of planning, organizing and testing continues all the time.

Col. Laurence S. Ayars, Deputy Commander of the base hospital said his 717 people would respond to any nuclear weapon accident in the entire area. The hospital is coordinated with all military and civilian disaster units, prepared to act within a moments notice, he added.

Maj. Raymond L. Seidel, Information officer, spoke on the need of coordinating information, and emphasized the importance of releasing facts to news media as soon as they are ascertained. He explained how his staff coordinated news gathering so that the facts could be furnished to news agencies immediately, and not hearsay or rumors that could cause harm.

A dramatic and realistic "disaster" demonstration was presented during the afternoon, when Base Fire Chief Bill Beck put the torch to an aircraft after 2200 gallons of gasoline were dumped on the crash site. He explained that the 2200 gallons of gasoline hardly amounted to a "drop in the bucket" as compared to a real crash.

Base fire trucks arrived and firefighters with aluminum coated suits moved in and began to extinguish the large blaze, first at the section where two nuclear weapons were being carried. They used foam to extinguish the fire. Meanwhile, 12 casualties, covered with simulated blood, lay over the area where they had "crawled" from the crash. There were broken arms, legs, internal injuries, head injuries, broken backs and most any other injury that could happen during such a crash.

Base hospital teams arrived with ambulances and began to prepare the wounded for removal to hospital. After they were given first aid, they were loaded in the ambulances and removed to the hospital. After firefighters extinguished flames, a crack Explosive Ordnance Disposal team moved in to remove the nuclear weapons. The disposal team, under command of Maj. James Nichols quickly monitored the area to measure the amount of "radiation" which might have spewed

Cancer Research Is Given Boost

The Eleanor Roosevelt Institute for Cancer Research has been established at the University of Colorado Medical Center by the Eleanor Roosevelt Foundation.

The foundation organized a year ago by the widow of President Franklin D. Roosevelt, has pledged \$750,000 toward capital costs of new laboratories and beds at the University of Colorado Medical Center. It also will provide \$300,000 annually to support the institute's research program and defray hospital expenses of cancer patients unable to pay for such treatment.

The foundation's association with the University of Colorado was announced by Colorado Governor Steven L. R. McNichols and Rep. James Roosevelt, D-Calif.

All District Choices

The 1960-61 9-AAA All District basketball poll is in. Freshman Johnny Koller headed the second team choices. Teammate Barney Fudge was third in honorable mention.

In the girls' All District choices, Janelle Sanders headed the second team forwards. Patsy Preston was chosen as a second team guard. Forward Sharon Nix received honorable mention as did Guard Shirley Thaxton.

Congratulations to all of these people, a great bunch of players.

Card Of Thanks

I am sincerely grateful to the people of Burkburnett for their visits and other kindnesses to me during my 5 weeks stay in the hospital. I am feeling much better now and am back at my store at 305 East 3rd St.

GUS HEINE.

over the site after the crash. A portable shower was erected quickly so everyone contaminated with radiation could be washed down.

The "Disaster Control" program opened at 9:30 a. m. Wednesday at the Base Chapel No. 2 Annex, where Deputy Base Commander Col. John K. Brown Jr., welcomed the civilians. Other speakers on the program during the morning session were Capt. Michael D. Guerin, Jr., Assistant Director of Plans and Operations; Lt. James N. McCurley, Chief of Security, Law Enforcement Division; and Base Fire Chief William M. Beck.

Attending the program and demonstration from Burkburnett by invitation were Clovis D. Mann, City manager and Director of Civil Defense and Kenneth Gage, Chief of Police and Deputy Director of Civil Defense.

E FOR EFFORT

A little boy answered the salesman's phone call. "Is your mother or father home?" the salesman asked. The answer was no. "Well, persisted the salesman, "anyone else I can talk to?" The boy said his sister was there and he'd put her on. There was a five minute wait. Finally the boy got on the phone. "I'm sorry," he said "but I can't lift her out of her crib."

Biographical Sketch of John Tower

Candidate for the United States Senate — 1961

Until he became a candidate for the United States Senate, John Tower served for nine years as professor of political science at Midwestern University in Wichita Falls.

Tower is the son of Dr. and Mrs. Joe Z. Tower of Houston. His father is executive secretary of the Texas Conference of the Methodist Church. He is the grandson of two other Methodist clergymen, the late Rev. C. A. Tower and the Rev. John W. Goodwin of Atlanta, Texas, now retired. He and his wife, the former Joza Lou Bullington of Wichita Falls, have three daughters, Penelope, 6; Marian, 5; and Jeanne, 4.

Born in Houston in 1925, Tower also lived during his childhood years in Boucette (Tyler County), Alvin, Jacksonville, Tyler and Beaumont—cities where his father filled ministerial assignments with the Methodist Church. Following his graduation from Beaumont High School in 1942, he served in the Navy for three years, with combat duty in the Western Pacific.

Tower holds a bachelor of arts degree in government from Georgetown and a master of arts degree in political science from Southern Methodist University. He also has studied at the University of London. During his college years he worked as a news editor-announcer for Radio Stations FDM, Beaumont; and KTAE, Taylor; and later as an insurance agent in Dallas.

In Wichita Falls Tower is a member of the Board of Stewards and a Sunday School Teacher at the First Methodist Church, a member of the Chamber of Commerce, University Kiwanis Club, and Board of Directors of the Wichita Falls Symphony Orchestra. He is also an active alumnus of Kappa Sigma social fraternity and a member of numerous professional and academic organizations.

As the conservative candidate

Big Pasture Slave Sale Smashing Success

The Big Pasture Future Farmers of America had a fund raising slave sale on the night of March 27th.

Forty six of the forty eight members were auctioned off by Kenneth Kirkpatrick for eight hours work to the highest bidder. The slaves brought an average of \$8.06 each, a total of \$379.

At such prices the boys were even persuaded to sell their Advisor, Mr. Holt.

The FFA boys would like to thank the men of the Big Pasture community and would like to extend a special thanks to the Chamber of Commerce and the First National Bank of Burkburnett, Texas for their cooperation.

The "Slave Labor Sale" was for the purpose of financing the Parents and Son FFA Banquet conventions, and end of school fishing trip.

Jamie Inman, Reporter.

for the U. S. Senate opposing Lyndon Johnson last year, Tower received 926,653 votes, a surprising 41 1/2 per cent of the major vote. Said The Houston Post on July 31, 1960: "Tower seems to be one of those scholastic blessings: A highly educated professor who is able to translate what he has learned in an inexact field of humanities into a realistic course of action. He is alert, eager, capable, ambitious, yet conscientious. He seems to have many of the qualities that make for excellent legislative service."

Tower Boosters in Burk Wed.

Mesdames John Tower, Paul Mayo, Ed Clingman, Bryant Pillsbury, O. Peyton Moffitt and Messrs. Ted Lauck and Geo. Bishop were Burk visitors Wednesday, March 29 in behalf of Mr. John Tower's campaign for United States Senator in a special election to be held Tuesday, April 4th. The group visited with Mrs. Jerome M. Adams, Mr. Tower's Burkburnett campaign manager, the Chamber of Commerce Office and the Burkburnett Star.

F. F. A. NEWS

The Burkburnett chapter of the Future Farmers of America made plans for the annual Parent-Son Banquet when they met Monday morning in the Ag building. The banquet will be held March 30th at 7:00 p. m. in the school cafeteria.

The 37 members present decided to ask Joe Dan Peer, the National FFA president to speak at the banquet. They also discussed who should receive the FFA honors which will be presented at the banquet. They decided to present the Sweetheart, Charlotte Wallace, with a FFA Jacket and the seven school board members with plaques.

Local Births

Birth certificates were issued to the following Burkburnett parents last week: Messrs and Mesdames:

- Dan Seay, Jr., boy,
- Keith Alan
- Monte Ray Clampitt, boy,
- Dan Ray
- Richard Auther Couture, girl,
- Barbara Ann
- Everett Ray Stephens, boy,
- Franz Rene
- Robert Joseph Sweney, girl,
- Barbara Ann
- Cloyd William Adams, boy,
- Tracy Lynn
- Donald Edwin Wortham, boy,
- Mark Duane

Money is what you'd get on beautifully without if only other people weren't so crazy about it.

HEAVEN FORBID!

In the Jan. 23, 1961 issue of Newsweek, we read that James M. Landis, special assistant on regulatory agencies to President John Kennedy, has suggested that the Federal Government should keep a firmer hand on "the general tenor" of TV programming. Of TV fare he said: "We ought to be able to lift it to a higher level."

We admit that the level of TV programming can and should be raised, but we question that Federal Government can ever accomplish that worthy objective.

But what has really caused us grave concern is a possibility that Mr. Landis would like to have explored: The U. S. Government getting into the TV business itself with its own programming.

Sincerely we hope that this which only be an exploration and to Mr. Landis "disrecommend" itself go into the TV business.

If he carries his exploration up north of the border, he will find that the Canadian people

FLOYD BAILEY
Director of Public Works

The City has 40.1 miles of streets, 34.1 of which are paved. The maintenance of these streets, plus the city parks, are the responsibility of 7 men. Besides regular maintenance four complete streets were sandstoned this past year. The department has also been called on to do fill-in work on sewer lines.

The work of this department has increased tremendously during the past year due to many more streets being added to the city. Street department equipment consists of one maintainer, front end loader, two trucks, sweeper and two mowers. The loader, pick up truck and two mowers were purchased during the past year.

Street Department employees are Homer F. Green, Glynn McCart, Louis Champion, Alvie Burgess and Clyde Farr.

PARKS

There are approximately 15 acres of parks and recreational areas. No separate funds are provided for parks, however, parks development continues as funds and labor permit. The Swim Club Park has been planned and designed by the Swim Club Park Beautification Committee with Mrs. Cliff Dodson as chairman. The Hardin Park has been planned and designed by the Burk Burnett Council of Garden clubs with Mrs. Chester Todd as President. Mr. Jay Ash of Joe Ward Engineers, City planners, assisted the two groups in the designing.

Plans and designs are submitted to the City for its approval and when approved, the city develops the park, with the assistance of interested groups in accordance with the approved plans. Employees of the Street Department also does the park work.

Cemetery

The old Cemetery consists of 12 acres and is now filled. Land for the new cemetery was purchased and divided into lots in 1960 and opened for use in March, 1961. The new cemetery is planned in such a way that no marker will extend more than six inches above the ground. It will be uniform in appearance.

Mr. T. J. Willingham is the cemetery caretaker. Other employees are Mr. Claud Champion full time and Mr. J. T. Bowman part time.

City Inspector

Claude Reed

The City Inspector inspects all plumbing, in accordance with the plumbing code. He will also handle street inspection, electrical inspection and building inspection.

With the Sewerage system just completed & many tie-ons being made, along with the increased activity in building construction and street construction, assistance has been provided Mr. Reed by Mr. J. T. Williams.

A good neighbor is one who makes his noise at the same time that you make yours.

UTILITY DEPARTMENT

*Water Distribution,
Sewer Systems
Water Pumping*
HASKELL DRAPER
Director of Utilities

WATER DISTRIBUTION

The work of the water department is growing continuously as more sub divisions are added to the city. Maintenance and fire hydrant installations is a continued process.

The department has 59 wells, located in 6 separate well fields. There is a ground water storage with a capacity of 1,250,000 gallons and an elevated water storage with a capacity of 500,000 gallons. The pumping capacity is 3,500,000 gallons a day. There was no shortage of water in 1960 and no shortage is expected for another two or three years on the present storage capacity.

The department employs 6 men. They are Jack Northrip, Oscar Rich, John Williams, Haril Ray Green, Alex Arles, and Donald Cantrell.

WATER PUMPING

The Water Pump Station is operated by Mr. Jobie Dunn, Pumper. This of course is a continuous job. His wife is also a pumper and is called on many times to assist with their operations. Mr. Dunn is also assisted part time by Fred Williams.

SEWER SYSTEM

A new sewerage disposal plant was completed this past year along with 163,485 feet of sewer lines. The system was voted in a bond issue and was installed at a cost of \$550,000. Mr. E. L. Andrews served as the consulting Engineer and the work was completed on schedule. Sewerage service is now provided for the entire city.

Mr. J. K. Hubbard is the sewerage disposal plant operator, and he is assisted by Mr. Richard Long. The plant is located in the Northeast section of town. When the landscaping is completed, the area will be very attractive.

Biographical Sketch of John Tower

Candidate for the United States Senate — 1961

Until he became a candidate for the United States Senate, John Tower served for nine years as professor of political science at Midwestern University in Wichita Falls.

Tower is the son of Dr. and Mrs. Joe Z. Tower of Houston. His father is executive secretary of the Texas Conference of the Methodist Church. He is the grandson of two other Methodist clergymen, the late Rev. C. A. Tower and the Rev. John W. Goodwin of Atlanta, Texas, now retired. He and his wife, the former Joza Lou Bullington of Wichita Falls, have three daughters, Penelope, 6; Marian, 5; and Jeanne, 4.

Born in Houston in 1925, Tower also lived during his childhood years in Boucette (Tyler County), Alvin, Jacksonville, Tyler and Beaumont—cities where his father filled ministerial assignments with the Methodist Church. Following his graduation from Beaumont High School in 1942, he served in the Navy for three years, with combat duty in the Western Pacific.

Tower holds a bachelor of arts degree in government from Georgetown and a master of arts degree in political science from Southern Methodist University. He also has studied at the University of London. During his college years he worked as a news editor-announcer for Radio Stations FDM, Beaumont, and KTAE, Taylor; and later as an insurance agent in Dallas.

In Wichita Falls Tower is a member of the Board of Stewards and a Sunday School Teacher at the First Methodist Church, a member of the Chamber of Commerce, University Kiwanis Club, and Board of Directors of the Wichita Falls Symphony Orchestra. He is also an active alumnus of Kappa Sigma social fraternity and a member of numerous professional and academic organizations.

As the conservative candidate

Big Pasture Slave Sale Smashing Success

The Big Pasture Future Farmers of America had a fund raising slave sale on the night of March 27th.

Forty six of the forty eight members were auctioned off by Kenneth Kirkpatrick for eight hours work to the highest bidder. The slaves brought an average of \$8.06 each, a total of \$379.

At such prices the boys were even persuaded to sell their Advisor, Mr. Holt.

The FFA boys would like to thank the men of the Big Pasture community and would like to extend a special thanks to the Chamber of Commerce and the First National Bank of Burkburnett, Texas for their cooperation.

The "Slave Labor Sale" was for the purpose of financing the Parents and Son FFA Banquet conventions, and end of school fishing trip.

Jamie Inman, Reporter.

for the U. S. Senate opposing Lyndon Johnson last year. Tower received 926,653 votes, a surprising 41 1/2 per cent of the major vote. Said The Houston Post on July 31, 1960: "Tower seems to be one of those scholastic blessings: A highly educated professor who is able to translate what he has learned in an inexact field of humanities into a realistic course of action. He is alert, eager, capable, ambitious, yet conscientious. He seems to have many of the qualities that make for excellent legislative service."

Tower Boosters In Burk Wed.

Mesdames John Tower, Paul Mayo, Ed Clingman, Bryant Pillsbury, O. Peyton Moffitt and Messrs. Ted Lauck and Geo. Bishop were Burk visitors Wednesday, March 29 in behalf of Mr. John Tower's campaign for United States Senator in a special election to be held Tuesday, April 4th. The group visited with Mrs. Jerome M. Adams, Mr. Tower's Burkburnett campaign manager, the Chamber of Commerce Office and the Burkburnett Star.

F. F. A. NEWS

The Burkburnett chapter of the Future Farmers of America made plans for the annual Parent-Son Banquet when they met Monday morning in the Ag building. The banquet will be held March 30th at 7:00 p. m. in the school cafeteria.

The 37 members present decided to ask Joe Dan Peer, the National FFA president to speak at the banquet. They also discussed who should receive the FFA honors which will be presented at the banquet. They decided to present the Sweetheart, Charlotte Wallace, with a FFA Jacket and the seven school board members with plaques.

Local Births

Birth certificates were issued to the following Burkburnett parents last week: Messrs and Mesdames:

- Dan Seay, Jr., boy,
- Keith Alan
- Monte Ray Clappitt, boy,
- Dan Ray
- Richard Auther Couture, girl,
- Barbara Ann
- Everett Ray Stephens, boy,
- Franz Rene
- Robert Joseph Sweney, girl,
- Barbara Ann
- Cloyd William Adams, boy,
- Tracy Lynn
- Donald Edwin Wortham, boy,
- Mark Duane

Money is what you'd get on beautifully without if only other people weren't so crazy about it.

MODERN STUDY CLUB HAD VARIED PROGRAM AT THEIR MEETING WITH MRS. JOHNNY CRANE

The Modern Study club met Monday night in the lovely new country home of Mrs. Johnny Crane. A short business meeting was held in which plans were made to have a rummage sale and a bake sale in the near future. Roll call was answered by the members giving "Safety rules for better driving." An acknowledgement was read from the Sears Foundation, acknowledging our entry in the Community Achievement program.

Mrs. Randall Hudson gave a very interesting program on the Value of Our Driver Education. She pointed out the important role this program has in our public schools. She showed that the ones in this class are taught to have not only a knowledge of the vehicle but also all the controls, instruments as well as service and maintenance. One must also know of the road conditions, including directional signs and weather and light conditions.

speed for the sake of speed, doing stunts, showing off, taking chances and depending on other drivers to look out for them. Through this driver's education class these young people are made aware of the many hazards of driving and are taught the correct driving habits.

After the program by Mrs. Hudson, the members enjoyed a style show by the three club participants in the General Federation of Women's Club Fashion-Sewing contest sponsored by the Vogue Pattern Company.

First to model was Mrs. Bill Reasoner, Director of Junior Clubs for the Santa Rosa District. She modeled a three piece suit of lavender wool. The two piece dress featured the new sleeveless look and they must be taught to share highways with others.

It is a fact that drivers under 20 years of age have more accidents than any other group. Younger people are inclined to

skirt was accentuated by light gathers at the dropped waistline and tapered at the bottom. Over this she wore a cut-away jacket of knobby textured wool of a slightly darker shade of lavender. To compliment her costume she wore a large white hat and several strands of large white pearls, long white gloves and black patent shoes and bag.

Next to model was Mrs. Bill Browning, who chose as her costume a lovely three piece suit of bone silk. The two piece dress had a slightly gathered skirt and a loose fitting top which is so popular. Over this she wore a box jacket of matching bone silk. To compliment this lovely costume, Mrs. Browning chose a white straw pillbox and black patent accessories.

Mrs. Vernon (Dude) Smith modeled last and for her winning costume she chose a navy linen two piece dress. Her dress was the evergood basic sheath dress. Over this she wore a waist length jacket. The large collar and lapel of the jacket was trimmed with matching braid trim. To compliment her costume Mrs. Smith wore bone accessories and a beautiful pillbox of matching bone and navy which she also styled and made herself.

Mrs. Smith will represent her club at the Santa Rosa District convention in Wichita Falls, April 12th and 13 in competition with other women throughout the District for the first prize. Winners from the District conventions thruout the state will then compete in state convention in Midland in May and the winner there will go on to the General Federation Convention in Washington, in June. The other two members who modeled will also model in Wichita Falls during the convention but Mrs. Smith will represent her club in the competition.

Miss Emily Moore, Home Economics teacher and Mrs. A. C. Harris were judges for the sewing contest.

After the sewing contest, Mrs. Crane served refreshments to Mesdames Joe Allcorn, Bill Browning, Randall Hudson, Jerry McClure, Darrell Nichols, Bill O'Brien, Arnold Oliver, James Pearson, Donald Pemberton, Bill Reasoner, Jerry Thomas, Vernon Dude Smith, Martin Wright, one new member, Mrs. Charles Griffith and three guests, Mrs. Ted Harris, Mrs. A. C. Harris and Miss Emily Moore. Mrs. James Pearson lead the closing prayer.

Possibility Accidental Nuclear Explosion Ouring Plane Crash "So Remote as to Be Negligible" Explains SAFB Official

Area community leaders were assured that the possibility of a nuclear explosion during a crash of an armed aircraft is "so remote as to be negligible," by Sheppard Air Force base officials during an all day disaster program at the base Wednesday, March 15th.

Should other explosives contained in nuclear weapons detonate, "Alpha" particles would be scattered over the crash area. These particles, though having little radiation danger and will not penetrate the skin, could be inhaled. The site of a nuclear weapon-carrying plane crash would therefore, be guarded by military and civilian law enforcement agencies. People would be kept back from the scene by at least 2500 feet, upwind. The fire would be extinguished and the area monitored for possible radiation.

Lt. Col. James B. Wagner, Jr., Chief of Operations, discussed base control procedures in case of enemy attack and emphasized the importance of teamwork between military and civilian agencies in dealing with such emergencies as an atomic aircraft accident. Col Wagner said the base conducted 21 "hot" disaster drills the past 12 months and that a program of planning, organizing and testing continues all the time.

Col. Laurence S. Ayars, Deputy Commander of the base hospital said his 717 people would respond to any nuclear weapon accident in the entire area. The hospital is coordinated with all military and civilian disaster units, prepared to act within a moments notice, he added.

Maj. Raymond L. Seidel, Information officer, spoke on the need of coordinating information, and emphasized the importance of releasing facts to news media as soon as they are ascertained. He explained how his staff coordinated news gathering so that the facts could be furnished to news agencies immediately, and not hearsay or rumors that could cause harm.

A dramatic and realistic "disaster" demonstration was presented during the afternoon, when Base Fire Chief Bill Beck put the torch to an aircraft after 2200 gallons of gasoline were dumped on the crash site. He explained that the 2200 gallons of gasoline hardly amounting to a "drop in the bucket" as compared to a real crash.

Base fire trucks arrived and firefighters with aluminum coated suits moved in and began to extinguish the large blaze, first at the section where two nuclear weapons were being carried. They used foam to extinguish the fire. Meanwhile, 12 casualties, covered with simulated blood, lay over the area where they had "crawled" from the crash. There were broken arms, legs, internal injuries, head injuries broken backs and most any other injury that could happen during such a crash.

Base hospital teams arrived with ambulances and began to prepare the wounded for removal to hospital. After they were given first aid, they were loaded in the ambulances and removed to the hospital.

After firefighters extinguished flames, a crack Explosive Ordnance Disposal team moved in to remove the nuclear weapons. The disposal team, under command of Maj. James Nichols quickly monitored the area to measure the amount of "radiation" which might have spewed

Cancer Research Is Given Boost

The Eleanor Roosevelt Institute for Cancer Research has been established at the University of Colorado Medical Center by the Eleanor Roosevelt Foundation.

The foundation organized a year ago by the widow of President Franklin D. Roosevelt, has pledged \$750,000 toward capital costs of new laboratories and beds at the University of Colorado Medical Center.

It also will provide \$300,000 annually to support the institute's research program and defray hospital expenses of cancer patients unable to pay for such treatment.

The foundation's association with the University of Colorado was announced by Colorado Governor Steven L. R. McNichols and Rep. James Roosevelt, D-Calif.

All District Choices

The 1960-61 9-AAA All District basketball poll is in.

Freshman Johnny Koller headed the second team choices. Teammate Barney Fudge was third in honorable mention.

In the girls' All District choices, Janelle Sanders headed the second team forwards. Patsy Preston was chosen as a second team guard. Forward Sharon Nix received honorable mention as did Guard Shirley Thaxton.

Congratulations to all of these people, a great bunch of players.

Card Of Thanks

I am sincerely grateful to the people of Burkburnett for their visits and other kindnesses to me during my 5 weeks stay in the hospital. I am feeling much better now and am back at my store at 305 East 3rd St.

GUS HEINE.

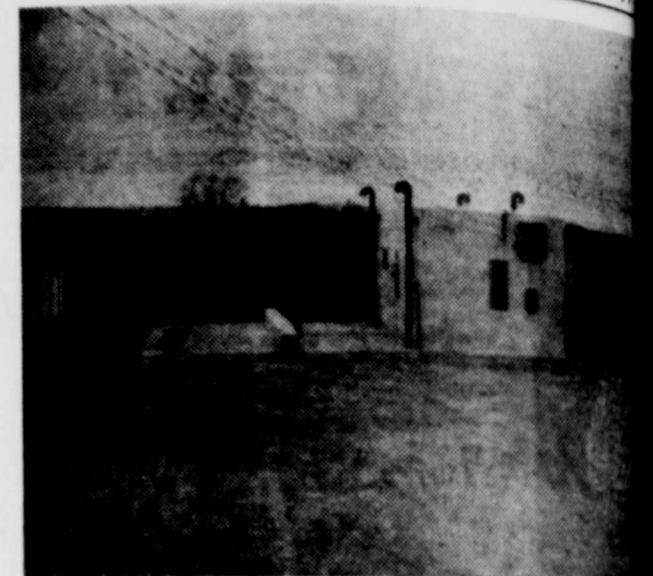

over the site after the crash. A portable shower was erected quickly so everyone contaminated with radiation could be washed down.

The "Disaster Control" program opened at 9:30 a. m. Wednesday at the Base Chapel No. 2 Annex, where Deputy Base Commander Col. John K. Brown Jr., welcomed the civilians. Other speakers on the program during the morning session were Capt. Michael D. Guerin, Jr., Assistant Director of Plans and Operations; Lt. James N. McCurley, Chief of Security, Law Enforcement Division; and Base Fire Chief William M. Beck.

Attending the program and demonstration from Burkburnett by invitation were Clovis D. Mann, City manager and Director of Civil Defense and Kenneth Gage, Chief of Police and Deputy Director of Civil Defense.

E FOR EFFORT

A little boy answered the salesman's phone call. "Is your mother or father home?" the salesman asked. The answer was no. "Well, persisted the salesman, "anyone else I can talk to?" The boy said his sister was there and he'd put her on. There was a five minute wait. Finally the boy got on the phone. "I'm sorry," he said "but I can't lift her out of her crib."

First Methodist Church to Observe Holy Week Beginning March 29

The First Methodist church will observe Special Holy Week Services beginning Wednesday, March 29th at 7:30 p. m. The Wednesday service led by the Youth of the church with Rev. Copeland, bringing the sermon, "Jesus and His Message."

Thursday will be the Service of Holy Communion commemorating the Last Supper of Our Lord and His Disciples. The message by Rev. Rev. Copeland will be "Jesus and His Decision." The sermon for the Good Friday service will be "Jesus and His Cross."

Easter Sunday there will be a Youth Breakfast at 7:00 Sunday morning. This service is especially for the Junior High, Senior High and College and Career groups of the church. Following the breakfast the youth will provide special music and serve as Chancel Choir for the special 8:30 a. m. Worship service. Church School will be at the regularly scheduled hour, 9:45 a. m. At the 10:50 Worship Hour there will be a special service of Infant Baptism. The Easter message by Rev. Copeland for both morning worship hours will be "Surprised by Joy."

The Easter Sunday Services will close with a Vesper Service at 5:00 p. m. with special music by the Chancel Choir and a meditation by Rev. Turner, entitled "On the Road to Emmaus." The Senior High Group will conclude with their service of "After-Glo" in the Home of one of the members.

have found putting the Dominion Government into TV competition with private TV has been a costly experiment; and that the majority of the Canadian people prefer private TV (with its boring commercials, etc) to that furnished at taxpayer expense by government.

Heaven forbid our putting this important arm of communication into the hands of Federal Government; thus further strengthening the already too-strong bureaucracy now operating at Washington.

If he carries his exploration up north of the border, he will find that the Canadian people

WORKING WITH WOOD

Wood, An Engineered

Although wood is a natural material, it is not a homogeneous material. It is a natural material which, when properly manufactured, has thousands of end uses designed for strength and beauty.

We are all aware of the professional skill and necessary in producing steel, iron ore and the knowledge required to produce steel into its product forms. No less care is employed in converting paper, lumber, furniture, chemical, Personnel, forestry, engineering, and chemistry combined talents to create new products under the standards of use. These standards set forth mechanical other utilization, wood designed for safety, and specialized treatments. The standards are based from basic engineering calculations and scientific procedures.

Some of the well known products which affect the mass of wood include grades, specific gravity, moisture content and the values of wood. The values are usually taken granted. Who of us whether our wooden framing, trusses or roof strong enough for their ed functions? There is for concern. Specific calculations are employed to determine the qualities for the job. Several strength properties including, elasticity, bending, shearing, torsion, and toughness.

Kerry Clack of Texas College arrived home one day night to spend the holidays with his parents and Mrs. E. E. Clack.

The famous Hope diamond is very dark blue, almost black.

Fire Chief

Fire Department

The Fire Department is composed of 26 volunteer firemen and 3 pieces of automotive equipment and 3,750 feet of hose.

Harry Elliott is Fire Chief; Marion Thornton, Assistant Fire Chief, Reavis Wooten President of the Firemen's Association, C. R. Chambers, Fire Marshall, Jerry Kemp is the Fire Maintenance man, and is the only paid fireman in the group.

Other members of the volunteer department are F. E. Bailey, W. A. Beavers, L. J. Byars, F. E. Cruce, H. C. Dodson, Bill Donnell, Haskell Draper, Johnny Gill, Clark Gresham, Louis Johnson, J. Frank Kelley, Leroy Meyer, H. Y. Miller, Eldon Morris, Winford Henry, Billy Ray Mize, H. L. McDonald, J. T. Gillis, Chester Todd, Bill Vincent, Neal Tullis, and Weldon Nix. Rusty Todd, 11 year old son of Mr. and Mrs. Chester Todd is "Junior Fireman."

The fire department is very effective, and has a very high rating. They meet regularly every 2nd and 4th Thursday for drill and other training.

A fire is reported by calling 569-3341. The siren is then sounded one blast for fire within the city limits, 2 blasts for fire outside the city limits; 3 blasts for other emergencies & 4 blasts for approaching tornado. When the fire alarm comes in the operator calls each fireman simultaneously by one number and gives them the location of the fire.

The firemen use their own automobiles to go to the fire. Increasing traffic is causing a greater safety problem all the time. Red flashing lights have just recently been authorized for the firemen's automobiles in order to provide more safety. All the fire trucks are equipped with radio communication service.

The amount of fires and fire runs have dropped considerably since the city's new ordinance prohibiting the burning of trash has been in force.

If anything makes a child thirstier than going to bed, it's knowing that you've gone to bed too."

Department of Civil Defense

CLOVIS D. MANN
Director

In cooperation with County, State and Federal Agencies, the Department of Civil Defense was established by ordinance. This department is now under the process of being organized.

B. H. Alexander, Jr., has been appointed Reserve Chief of Police. Reavis Wooten has been appointed Director of Utilities, T. C. Teeter has been appointed Director of Communications, Kenneth Gage has been appointed Deputy Director and Don Pemberton has been appointed to Administration and personnel. Other department heads will not be appointed until the organization chart is completed. These department heads will appoint workers in their departments. After the organization is completed, civil defense training will be started.

You don't hear so much about the man in the street since automobiles have become so numerous.

City Planning Commission

One of the most important activities entered into this past year is Municipal planning. Joe Ward Engineers of Wichita Falls was contracted to prepare a comprehensive Master Plan; the plan to cover the next 25 years. The government, thru the state agency, will pay for one half of this work.

The master plan will cover Land Use, Thoroughfares, Signalization, city mapping, Zoning, Capital Improvements, Administrative ordinances & all other phases of city activities.

A City planning Board was appointed consisting of the following: Mr. Alvin Hill, Chairman; Dr. Jos. Davey, vice chairman; Mrs. P. A. Carpenter, Mr. Claude Meadows and Mr. Jack Mathis.

Rapid growth of the city necessitates proper planning for the future so that proper city services can be provided along with this growth.

Reducing pills seldom help people who would rather drive than walk to the corner drug store.

WY WORRY?

I CARRY ANTI-WORRY INSURANCE- A Regular Ad In This Newspaper

THOUGHT FOR THE WEEK . . .

Rev. Gilbert R. Seager
Pastor Grace Lutheran Church

Easter is one of the oldest festivals in the world. It was observed even before the Christian era. It was observed by pagans as a festival in honor of Easte, goddess of spring. But the disciples of Jesus "Christianized" it and gave it the significance it has today. It has become one of the three major festivals of the church.

For some people the festival is still a sort of pagan rite, a service in honor of spring, a symbol of fecundity, plenty, a new lease on life, or an occasion for the painting or rolling of Easter eggs.

But Easter is more than a spring festival, more than a flower display, more than a fashion parade. It is springtime

in our heart, the life pulse of our faith. It is the declaration of the deity of Jesus and the truthfulness of His doctrine. It is the divine seal of approval placed by God upon the vicarious life and death of our Lord. It is the pledge of our destiny.

The resurrection of Christ is the foundation upon which the structure of Christianity rests. It is the keystone, capstone and touchstone of the arch. It is the driving power of the wheel of the church. Tear this message out of the teaching of the church and you have plucked its heart out. You might then just as well write over the church ichabod—"Alas as to its glory."

"If Christ be not raised, your faith is vain; ye are yet in your sins." Then let us turn and travel on across the night that knows no dawn.

If Christ be not raised then Man is but the pilgrimage of a day;

Spouse of the worm and brother of the clay.

Frail as the leaf in autumn's yellow bower

Dust in the wind or dew upon the flower;

A child without a sire,

Whose mortal life and transitory fire

Light to the grave his chance created form,

As ocean wrecks illuminate the storm;

And then to night and silence sink forever more.

"But now is Christ risen from the dead, and become the first fruits of them that slept. For since by man came death, by man came also the resurrection of the dead. For as in Adam all die, even so in Christ shall all be made alive." "He is risen." "He is risen indeed."

Easter, glorius Easter. It is a fact! And this fact gives joy to our hearts as we know our sins are forgiven, our debt has been paid, our bodies shall rise and we shall live forever!

Legion Notes

Wilbur Snyder, Commander
Public Relations F. K. Reynolds

At a special meeting Thursday, March 23rd, the post voted for Francis Perry, nominee for vice district commander of the 13th district and past post commander of our post, to carry a resolution to the convention Saturday and Sunday at Gainesville to change the dates for eligibility for membership in the legion.

This was carried out Sunday at Gainesville. Our resolution will go to the state convention and if passed there will go to the national convention. The resolution explains that official World War II is not over as far as the legion is concerned and as far as veterans being eligible for legion membership. We are also happy to announce that not only our resolution was passed but Mr. F. L. Perry is now the vice commander of the 13th district. The whole post expressed salutations to Mr. Perry. On to further goals we say.

Commander Snyder says that the election of officers has been changed to the first meeting night in April, which is April 6th. Officers elected will take office the 13th.

It has been discussed at length that the future post commander form a child welfare committee, also an expenditure committee. As in the past, only one man served these two important positions.

Mr. Joe Surlock, better known in these parts as the one man football team, delivered a fine speech Sunday at Gainesville. Some of the footnotes are for us legionnaires to inform the public of what is going on. To bring in the widows of veterans. Many are eligible for benefits today that were not under the old veterans law. So may I take this time to announce that if any person has a deceased relative who was in the armed forces please, check with Mr. Perry, our service officer.

Methodist Youth In Study Course

The Senior High Department of the Methodist Youth Fellowship have been studying the effects of cheating and unfairness in their everyday lives. The Sunday evening programs call for a series of sessions having to do with:

Cheating and unfairness in school & other student activities.

Boy and girl relationship—why date, who to date, etc.

How to make proper choices—Dates, friends, clothes, activities Youth and Parents understanding. Chance for parents to learn about youth and for youth to learn about parents.

PYTA—Parent, Youth, Teacher Association with regularly scheduled meetings.

After church on Sunday evening, the youth get together in the home a member for a period of "after-glo." This is a period of Christian Fellowship and inspiration to close out the observance of God's day. The meeting for March 26th was at the home of Miss Kay Zimmerman.

A bargain these days is anything that's only slightly overpriced.

Burk Community 4-H Club News

The Burkburnett Community 4-H Club met Monday, March 20th at the Youth Center. The meeting was called to order at 7:30 p. m. by president, Sonny Bentley. The secretary, Sue Reiver, was not able to attend the meeting so the vice-president took her place. Mrs. Howard Bentley had the floor next to tell us about the fun night to be held April 28th at the 4-H Club Barn. Each girl is to bring a chicken dinner wrapped in a fancy box. They will be auctioned off. Ten tickets were passed out to each club member and leader. The tickets are for a cowboy shirt to be given away on fun night.

The program for this month was a demonstration given by Lois Barr and Janice Cooper. The title of their demonstration was apple celery salad. The meeting was then adjourned.

Reporter, Toni Ann Savage.

Support Winston Freeman and John Page for City Commission

JOHN PAGE

re-election to our City Commission are Winston Freeman and John Page. Friends of two men would like to see their reasons for being re-elected for another term.

John and Winston have been in Burkburnett for a long time and have more business experience than most of the other candidates. The growth of our city, with its ever increasing population, has made it necessary to push for more efficient operation of our city government. It is in order to keep expenditures to a minimum, and yet to have efficient operation. Their record speaks for itself.

John and Winston have seen many improvements. A new water system for the entire

city was completed. Personnel are now better trained, and there is more efficiency in our departments. The City's Master Plan is now under preparation. This plan is a program designed, by proper and competent engineering studies, to determine our immediate and future needs, including ways to fill these needs in the most economical manner possible. Both men are pushing for the completion of this study so that all of us can enjoy better streets, parks, water facilities, and other city services.

Both men recognize that the city has much catching-up to do. The city needs better equipment to better maintain our streets. A capital improvement program will soon be necessary. All of this certainly calls for experience on the part of your City Commission. Both John Page and Winston Freeman have been on your city commission long enough to have the experience and knowledge necessary to see these programs through.

They are well known in Burkburnett. You have worked with them in various clubs and other organizations. Wnston has experience as a director of the Chamber of Commerce, director of the Industrial Foundation, chairman of the Merchants Committee, director of the Burk Swim Club, President of the Lions Club, member of the First Baptist Church, and clothing chairman for the Red Cross Disaster Preparedness Committee. John's experience in various organizations include the Burkburnett Masonic Lodge, First Methodist Church, director of the Burk Swim Club, member of the Chamber of

WINSTON FREEMAN

Commerce, Quarterback Club, and member of the Board of Directors of Wichita County Red Cross.

You are already familiar with their unselfish service to our community. Both are successful business men. John Page is owner of the Western Auto Store and Winston Freeman is co-owner and manager of the Famous Department Store. Both are family men, with children in school.

Their many friends feel that we should consider very carefully the possible effect that a change at this time would have. For these reasons they ask for your support in re-electing Winston Freeman and John Page to your City Commission April 4th.

Seventeen Year Old Mistake Corrected in 'Airman Magazine'

Brig. Gen. Thomas E. Moore, commander of Sheppard Technical Training Center, left, and Jack Mathis of Burkburnett, Texas, look at current issues of the "Air Force Times" and "Airman Magazine" which tells of the 17-year old mistake in the picture of Jack Wells Mathis used with the story of the Congressional Medal of Honor winner, Lt. Jack Warren Mathis. It was used in the lower magazine held by Mathis which is the June, 1959 issue of the "Airman Magazine". Only recently was the error recognized despite the Burkburnett man's efforts.

—Official U. S. Air Force Photo

The Jack W. Mathis whose picture has been used in error for 17 years as the Jack W. Mathis who was awarded the Congressional Medal of Honor posthumously now resides at 719 Maple St., in Burkburnett, where he is an automobile dealer.

Despite his efforts to notify the proper authorities of the mixup, it was only last week that the mistake was brought to light in a story in the "Air Force Times" and subsequently in an Associated Press story.

Neal Tullis, a civilian employee in the Personal Affairs Office at Sheppard Air Force Base, who saw the picture in the Air Force Times asked his friend, Jack W. Mathis in Burkburnett, if that was not his picture. After discovering that it was, he notified the Information Office at nearby Sheppard Air Force Base.

The mistake was called to the attention of the editors of the "Airman Magazine," one of the many publications which has used the wrong picture, by Maj. Van Smith of Hanscom Field, Mass., who saw an article in the Airman Magazine of Lt. Jack W. Mathis' winning the Congressional Medal of Honor, accompanied by the picture of the Burkburnett man which was taken when he was in service in the 1940's.

Major Smith pointed out in his letter to the editors that the picture they used looked exactly like the picture of the man who was in his graduating class of Pilot Training at Brooks Field, Tex., in May 1943. If it were, it could not be the man killed in action two months earlier, March 18, 1943, who was a bombardier. Thus, it came to light that the pilot was Lt. Jack Wells Mathis, a native of Longview, Tex., and the bombardier, who was awarded the Congressional Medal of Honor posthumously, was Lt. Jack

Warren Mathis of San Angelo, Texas.

Jack Wells Mathis, when asked how long he had been aware of the mistake, explained that he first saw it in a leather bound publication, the name of which he has forgotten. He immediately notified the publishers, a private industry, but received no answer to his letter.

"Seeing your picture in newspapers, magazines and books with a story concerning another man's receiving the Congressional Medal of Honor posthumously can be quite a shock and can bring about many weird situations especially when your name is the same as his," stated Jack Wells Mathis.

He received his biggest shock when as an instructor pilot in Brooks Field, San Antonio, he flew to Goodfellow Field in San Angelo during evacuation training and while there he opened the newspaper to see his own picture accompanying a story of the presentation of the Congressional Medal of Honor to the widow of Lt. Jack Warren Mathis.

This story and picture was picked up by the wire services. Many persons in his hometown of Longview actually believed him dead, so it was with mixed emotions that they greeted him when he returned home following World War II.

The pilot's wife, Peggy, received her anxious moments over the mistaken identity when the Red Cross in San Antonio, called her one day to ask what she wanted done with the personal effects of her late husband. Since her husband was at that time a test pilot, she could not be sure that the personal effects in question were not those of her husband for a time.

Jack Wells Mathis laughingly described his military service during World War II as the

"battle of the Alamo," because he remained in San Antonio throughout World War II. After completing pilot training at Brooks Field, he became an instructor pilot, and later a flight test and maintenance officer all at Brooks. He was transferred to Kelly Field, also in San Antonio, for his discharge.

Lt. Jack Warren Mathis, however, was graduated from bombardier training, July 4, 1942, at Victorville, Calif., and was killed in action March 18, 1943, while serving as a member of the 359th Bombardier Squadron 363rd Bombardment Group. He had participated in a raid on the submarine yards at Bremen Vulkan at Vegesack, seven miles below the city of Bremen on the Weser River on that day.

No one seems to know exactly how the picture of the Burkburnett man became identified as the bombardier and how it remained unknown for so many years. Mathis stated that he had written several letters trying to correct the mistake, but he had received no answers and he thought the matter was closed until just recently. He does not even know where his picture in question came from.

"Each time that my picture is run with a story of the Congressional Medal of Honor winner, Lt. Mathis, I receive copies of it from all parts of the country from people that I have known in the past," Mathis related.

"At first my wife received calls from my former pilot students who wished to extend sympathy. They seemed to be relieved to learn that I was still alive," the former Air Corps officer stated.

Jack Wells Mathis and his wife, Peggy, have two daughters, Mary and Janet, who are Junior and freshman students, respectively, in Burkburnett High School.

Six Months Marines Program Urged For The Nations Youths

The U. S. Marine Corps has many attractive service plans for the nations' youth but First Lieutenant Donald Dhonau, Commanding officer of the 90th Rifle Company, U. S. Marine Corps in Wichita Falls is most enthusiastic about the "Six Months Program."

"Advantages of the Six-month program for high school seniors are many but most of all, allows a young man to plan his future and fulfill his military obligation right here in Wichita Falls," the Lieut. explained.

Along with this hometown training, the young reservist receives the benefit of two days pay for an eight hour drill period, and he enjoys the comradeship in training of hometown boys. Lt. Dhonau pointed out.

Here's the way in brief, the six month plan for high school seniors work out, according to Lt. Dhonau.

A high school senior signs up for Marine reserve training during his last year in high school. In the course of this year he receives over one hundred dollars in training pay and reduces his military obligation by one year.

"Upon graduation from high school the senior would leave Wichita Falls for his six months active duty training and upon his return he will be free to pursue his future plans, whether they be college or business," Lt. Dhonau explained.

"And back in civilian life the important thing is his draft classification of 1-D. This means a lot in getting a job, because most employers prefer a man who has fulfilled his active duty requirement & will not be faced with a two year interruption via the draft."

For the high school senior signing up for the six months program, what remains in the way of military obligations?

When he returns to Wichita Falls after his six months active duty tour, he has only 4½ years of his obligation remaining and this is fulfilled by training in sessions here in Wichita Falls and in two weeks camp each summer.

What about the high school senior planning to go to college? No problem at all, Lt. Dhonau explained. If, after his six months active duty tour, he attends Midwestern Univer-

J. K. HUBBARD, Sewer Plant Operator

sity, he can of course continue his affiliation with the local reserve. But even if he should decide to attend college elsewhere, Austin, Waco, Dallas, Lubbock, Abilene, Houston and many others have active Marine reserve units. Transfer from the Wichita Falls unit to other reserve units is relatively simple, Lt. Dhonau said.

And at college, The Lieut. observed, if the young high school graduate desires and meets the qualifications, he can enroll in an officers training program. Upon completion of his training and graduation he receives a commission as a Marine Reserve 2nd Lieutenant.

In the Marine training setup be it the six months program or one of several others, the work is not all drudgery, Lt. Dhonau emphasized. The summer two week camp for instance is at one of the major west coast bases with an abundance of recreational activities available on the base.

But military training and general physical conditioning are not the only advantages available to local Marines.

The reservist has an opportunity to gain additional education both military and diversified through the Marine Corps Institute and Marine Corps Schools, Lt. Dhonau said. This prepares him for advancement not only in the military field but in his private life and in business.

Military training, with heavy emphasis on citizenship and developing leadership, educational and recreational opportunities all combine for a well rounded practical education, Lt. Dhonau summarized, adding:

"That familiar slogan you all see on recruiting posters: 'The Marine Corps Builds Men' is no idle boast."

Burk Gun Club Joins National Rifle Association

The Burkburnett Gun Club of Burkburnett has joined the ranks of the National Rifle Association affiliated organizations it was announced here today. The officers of the newly chartered club are:

President, Joe Ray McClusky. Vice-President, Wayne M. Landrum.

Executive Officer, A. C. Shackelford. Instructor, Jack E. Horn. Secretary, Fred J. Morgan. Treas., Fred J. Morgan.

The new shooting club joins the 4,000 other rifle and pistol organizations from coast to coast now affiliated with the NRA, national sponsor of all organized smallbore rifle, high-power rifle and pistol shooting in the United States. The new local club will help promote competitive shooting in its area with the members firing in local, regional and national registered matches and championships.

William Blakley Working for Tex.

U. S. Senator William A. Blakley has obtained assurances that Texas will get full consideration in any possible revamping of Air Force or contract defense plant programs.

Blakley, who believes in a direct approach to any problem, went to the Pentagon to confer personally with Air Force Secretary Eugene M. Zuckert about Texas' position in the defense picture.

"I wanted assurances that none of the installations we now have would be closed without proper regard for the defense posture," Blakley reported. He said he was pleased with Zuckert's statement that facilities in Texas would continue to be utilized to the fullest degree commensurate with overall defense needs.

In a fast-paced work week Blakley placed two key measures in his aid to education program before the Senate, then returned to Texas for a week-end of campaign activities in the Dallas area and Harris Co. Blakley is a candidate for an elective term to the job he now holds by appointment.

One of Blakley's Senate bills provides for support of locally administered school systems by returning to each state five per cent of federal income taxes collected in the state. The other is a tax relief measure for high school and college students and their parents, allowing additional income tax exemptions of \$400 a year for a student at-

WATER METER READERS C. J. Porter, Pete Parks and Ezra Minton

tending high school full-time have advanced enormously and \$1200 for a full-time college the last 10 years. Even the best will in the world student.

"My aim is to provide some and more parents are badly needed assistance to the burden of getting the dents and to parents who in and daughters through many cases are making considerably harder and harder laborable sacrifice in order to educate their children," Blakley way of easing that burden told the Senate.

"College costs in particular Pygmies are natives of

Harry Elliott Supported for City Commission

HARRY ELLIOTT

Friends of Harry Elliott wish to call to your attention some reasons why they feel that he should be elected to serve on your board of Commissioners.

1. Harry Elliott has lived in Burkburnett all of his life, and is thoroughly familiar with the city and with its problems. He also knows the citizenry.

2. Harry is very interested in the city's growth, and fully recognizes the importance of proper city planning, especially in periods of growth as we are now experiencing.

3. He recognizes, also, the importance of using wisdom in city expenditures, recognizing that such expenditures should

only be made in accordance with future planning, to avoid waste of the city's money.

4. He is fully in accord with budgeting expenditures and progress only when it is clearly that such expenditures create future savings citizens in more efficient operations and in eliminating waste. He is, however, expenditures for change-out a thorough study of effect and cost of changes.

5. While he is not of the city's action in cleaning the garbage service, the circumstances that he vet he now feels that to be to the advantage of citizens for the city to have own garbage collection separate department of his set up on a business-like basis.

6. He is in favor of being made toward the improvement of our streets and proper maintenance.

7. He is in favor of thorough study being made whether or not the element of a municipal garbage central warehouse would be beneficial to the citizens.

An unnecessary added cost of his interest in civic affairs has been a member of the Volunteer Fire Department 19 years and was recently Fire Chief by his firemen. All his friends him to be modest, calm level-headed. His friends that he would be an asset to the City Commission, and your consideration and April 4th.

Administration

In past years the City Manager has filled more than one position. He also served as City Clerk, City Secretary, City Engineer, Purchasing agent, Director of Finance, Director of Personnel, Traffic Inventory Coordinator, City Inspector, City Comptroller, and Director of Civil Defense. Some of these positions are still adequately combined and filled by the City Manager. The city has grown to such an extent, however, that obviously some of the positions have had to be delegated to others in order to accomplish the necessary work.

Mr. Claud Reed resigned from the Board of Commissioners & was appointed City Inspector. Mr. E. L. Andrews, Consulting Engineer, assisted by Mr. Robt. Elliott, was secured to do the city's engineering. Mr. Don Pemberton was employed as City Clerk and will also serve as the Purchasing agent. He will also serve as Administrative Assistant to the City Manager and department heads in the other phases of the city's administration. He has also been appointed to head the administration and personnel of the city civil defense.

Mrs. Lahoma Wood serves as secretary to the City Manager. She is also the City Accountant receptionist and information clerk. She also does required secretarial work for the department heads.

In some cases, when a woman makes a fool of a man, its improvement.

Swimming Pool Committee in their recent meeting when they agreed on plans for a bath house at the new pool.

Mrs. Arthur Houser Hostess March 21 Alma Jackson Circle

The Alma Jackson Circle of the First Baptist church met Tuesday, March 21st at 7:30 p. m. in the home of Mrs. Arthur Houser. Meeting opened with prayer by Ruth Beldon. Song, To The Work. Minutes were read and approved.

Several items of business were discussed. Missionary letters were written to Rev. and Mrs. D. N. Mayhill of Nigeria, West Africa & Alma Jackson of Brazil. The Mayhills are Charlie Ware's sister and her husband.

Circle will meet April 4th

with Mrs. Frank Kelley for a mission program.

Lovely refreshments were served by Mr. and Mrs. Houser to the following members: Loretta Hurt, Mary Davis, Marilyn Ferrell, Nol Thorpe, Jewel Reed, Hazel Waggoner, Myrtle Minick, Jo Brookman, Ruth Lena Houser and two visitors, Beldon, Mary Kelley, Vera Reed, Ann Vogel and Bessie Maben.

FIRST CHOICE of TEXAS VOTERS

Senator William A.

BLAKLEY

★ SENATOR BLAKLEY is the winner of the Texas Poll directed by Joe Belden and subscribed to by 21 leading Texas newspapers. He also is the first choice in many other surveys and polls conducted throughout Texas.

SENATOR BLAKLEY'S ACTION PROGRAM FOR TEXAS

- \$100 MILLION MORE ANNUALLY FOR SCHOOLS:** A home-rule aid-to-education plan that would return to each state 5 per cent of federal income taxes for support of locally administered public schools. In Texas this would mean over \$100 million more annually for our schools — without federal interference!
- INCOME TAX RELIEF FOR PRESSED PARENTS:** Also, for families putting their children through school, additional income tax exemptions of \$1,200 for college or university student, \$400 for son or daughter in high school. Parents deserve a tax break!
- A HELPING HAND FOR OUR SENIOR CITIZENS:** A bill to raise ceiling on what Social Security recipients may earn without being penalized. Senator Blakley would raise ceiling from \$1,200 to \$1,800 a year to help many retired persons.
- SHARP REDUCTION IN FOREIGN OIL IMPORTS:** Reduce by one half the amount of foreign oil being brought into U. S. Texas' economy, schools, state government, all suffer when foreign oil floods market, causes Texas production to shut down.
- INDEPENDENCE! WE MUST KEEP IT ALWAYS:** Retain Connally Amendment to World Court. United States should maintain its sovereignty without question. Senator Blakley is fighting against repeal of this vital guarantee.

LET'S KEEP SENATOR BLAKLEY IN THE U.S. SENATE

Meadow Lane Club Members Entertain'd Husbands Recently

The club members and their husbands met in the Arlis Key home last month for a very unusual entertaining party. The house was gaily decorated throughout, games were played by all and lovely refreshments were served. First place prizes were awarded to Wallace Landrum and Betty Key for best dressed; 2nd place awards went to Orlena and Cliff Wampler.

Those attending were Messrs and Mesdames Morris Cheney, Edwin Green, Wallace Landrum, John Lauer, Jim Maag, James Metz, Gene Turner, Cliff Wampler, Wayne Landrum, Mrs. Joe Davey, Mrs. Ray Knox, one visitor, the host and hostess, Mr. & Mrs. Arlis Key. The next regular meeting will be March 14th in the home of Mrs. Wayne Landrum.

Brack Preston, Jr. and family and Mrs. Brack Preston, Sr. are spending the Easter holidays in Houston visiting Miss Gayle Preston.

Woolsley & Lindsey March Of Dimes Queen and King

The March of Dimes is now approximately \$70 richer following the Student Council Variety Show last Saturday, March 11th in the High School auditorium.

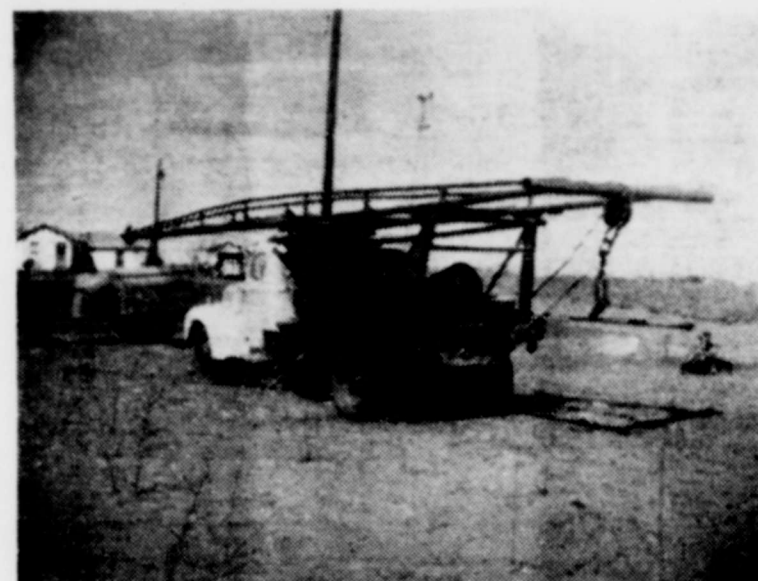

Local talent combined with talent from Oklahoma and

Wichita Falls teamed up to provide an enjoyable evening of song and dance with Mr. Silkwood as master of ceremonies.

The highlight of the evening was the crowning of the March of Dimes King and Queen, Carolyn Woolsley and Harold Lindsey. Other finalists for this honor were Bobby Cantwell, Payllis Vaught, Marilyn Vaughn, Don Mason, Dixie Van Reenan, and Henry Bauch.

DEVOL NEWS

MRS. C. O. WOODLEY Reporter

Devol Demonstrators met Thursday at 2:00 p. m. in the home of Mrs. Ruby Doty for their regular meeting. The lesson, conducting a club meeting, was demonstrated by Mrs. Dahms. H. D. Agent. Refreshments were served to fifteen members and guests. The next meeting will be in the community building with Mrs. Guy Hutson as hostess.

Royce Nalls of Kingsburg, Calif., Mr. and Mrs. Arnold Nalls of Dallas, Mr. and Mrs. Lawrence Oxford and children of Gracemont have been guests the past week of their parents, Mr. and Mrs. O. D. Nalls and to visit with their brother, Jimmie Don, who has been here on a two weeks leave from Fort Hood, Tex., enroute to Fort Knox, Ky, for advanced training.

Mr. and Mrs. Donnie Coker of Bowie, visited their mother, Mrs. Pearl Coker over the week end.

Mr. and Mrs. Frank Hewell, Mrs. W. B. Nelson and Mrs. Bell Germany of Burkburnett visited their sister, Mrs. Dollie Hardin Sunday.

Otto Rubottom was admitted to a Wichita Falls hospital Friday night but was reported some improved Monday.

Rev. and Mrs. Ralph Smith of Jack Creek community were dinner guests Sunday of Mr. and Mrs. W. C. Charboneau.

Mr. and Mrs. Jim McClendon of Okla. City visited in the F. B. McClendon and V. E. Lagrone homes Saturday and Sunday. Other visitors of the McClendons Sunday were Sid Wright and Lenton McClendon of Cameron College, Mr. and Mrs. R. L. Anderson of Burkburnett, Roy E. Baumhardt of Travis AFB, Calif., Mrs. John Helms and daughters of Temple Mrs. Callie Baumhardt, Mrs. V. E. Lagrone and Mr. and Mrs. Bryan Harrison and children.

Mr. and Mrs. Jim Spillers and son of Jacksboro, Mr. and Mrs. Jim Bryon of Wichita Falls, Mrs. Jeweldine Weaver and Joetta of Edmond and Raymond Hutson of Cameron College were weekend and Sunday guests of their parents, Mr. and Mrs. Guy Hutson.

Mr. and Mrs. Don McCasland and son spent Sunday in Temple with relatives.

Bret Dodson, little son of Mr. and Mrs. Joe Bill Dodson, was quite ill last week in a Frederick hospital with double pneumonia. He was much improved Sunday and was removed to the home of his grandparents, Mr. and Mrs. A. J. Mays.

Robert Lynell is the name chosen for the new son born Sunday evening March 26th to Mr. and Mrs. Leon Head in a Wichita Falls hospital. Everyone is reported doing nicely. Mrs. Head is the former Miss Linda McClurkan.

BAPTIST NEWS

Rev. Dean Burk will preach a revival meeting in the First Baptist church of Tipton this week, March 27 to April 2nd. He will lead the singing in a revival at the First Baptist church in Cisco, Tex. April 3-9.

Rev. Charlie Hargrove, Supt. of Missions for the Tillman Baptist Association, will be guest preacher at the church in Devol for both services on April 2nd. Rev. Dale Chambers of Frederick will preach at both services on April 9th.

The Tillman Baptist Association Youth Rally will meet Sunday, April 2nd, 2:30 p. m. in the First Baptist church of Frederick. The Baptist Student Union team from S. W. State College will conduct the program.

Attendance March 26th was 53 in Sunday School and 29 in Training Union.

Card Of Thanks

Our sincere thanks to all who extended comforting sympathy and help since the loss of our beloved husband and father. For all the beautiful floral offerings, food, cards, kind words of comfort, the wonderful message & the choir rendition, we are deeply grateful. May the Lord bless each of you.

Easter

The breath of spring is in the air, and flowers, trees, and fields are bursting forth into a new life. It is truly wonderful to behold all the beauties of nature.

However, the glory of the resurrection blooms more beautiful than springtime on earth.

Attend church this Easter.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Unity Garden Club Received Award In Mineral Wells

A certificate of award was given to the Unity Garden Club for their yearbook in the standard class at the District II spring meeting in Mineral Wells March 23rd. This was in the class for standard clubs. The book was given a grade of 98. Messdames A. L. Gilbow, J. D. Riddle, T. J. Campbell and M. L. Hillis were on the committee that compiled the year book.

The theme of the convention Hand in Hand With Nature, was carried out in the lovely decorations and in the demonstration and lecture by Mrs. Silverburg, artist-arranger. Five hundred thirteen registered delegates and guests witnessed the demonstration and display of arrangements.

Mrs. John Lynn, formerly Margaret Boden of Burk Burnett, was installed as first lieutenant governor of the district at the installation service.

Mrs. Neal Hall and Mrs. A. L. Gilbow attended the convention from the Unity Garden Club. They will give their report at the next meeting of the club April 12th.

THEY COUNT ON DAD TO KNOW THE ANSWERS

When they need a lift on their homework, they usually turn to Dad. In their book, he knows answers. With equal confidence they count on (with an able assist from Mom) to see to it they get the college education that will give a good start on the road to success. Dad has answer to this problem too: His own system savings here plus our generous rate of return add up to "what it takes".

Be Sure of What You Get . . .

Although the price may catch your eye, the product may leave something to be desired when you use it.

This can be as true of cut rate property insurance as it is of your lemonade. YOU GET ONLY WHAT YOU PAY FOR.

Be doubly sure when you insure. For a few cents more, buy your protection from an independent local agent who understands your needs, is an expert on all coverages, and gives you superior service.

Mrs. H. S. VanCleave, 89, Pioneer Passed Away Early Tues. Morning

Burkburnett, Tex. (Special)—Mrs. H. S. VanCleave, 89, passed away early Tuesday morning in her home 511 E. College, of this city, after a long illness.

She was born March 1872 in Arkadelphia, Ala., near her paternal grandfather's plantation. She was married in 1891 to Dr. H. S. VanCleave at Bardwell, Texas. Dr. VanCleave was a practicing physician in Texas, in Venus, Decatur and Burkburnett, for almost fifty years, preceding his wife in death in 1942.

Mrs. VanCleave was, before her illness, an active member of the First Baptist Church in Burkburnett. She taught the Young Matron's Sunday School Class for ten years. Then was teacher for years of the Alathian Class now known as the Builders Class. She was chairman of the Mission Study Class for a number of years, beginning in 1923. A regular attendant of the Worker's Conference. She taught the Mission Study Classes in churches of Wichita and adjoining counties. During the years she taught these classes, the First Baptist Church issued 1,000 Diplomas and Seals.

Mrs. VanCleave was also an active member of the Eastern Star.

She is survived by six children; 3 daughters, Miss Oma B. VanCleave of the home, Mrs. J. Frank Armstrong of Ft. Worth, Mrs. Clayton J. Foster of Sacramento, Calif., three sons P. B. VanCleave of Ft. Worth, Merle VanCleave of Placerville, Calif., H. S. VanCleave, Jr., of Houston, three sisters, Mrs. Myrtle Moore of Dallas, Mrs. R. P. Appleby and Miss Winnie V. Cannon.

WORKING WITH WOOD

Weathered Trees

There is a popular belief that trees exposed to stormy elements grow tougher wood than sheltered trees. This is not true. A steady environment of rough weather forces a tree to combat the adverse elements in order to survive. The result growth is gnarled, misshapen and rough looking. The wood from such trees has little value for lumber. On the other hand, forest trees grown under normal conditions are straight and have a stately appearance. The lumber from such trees has more uniform grain and strength.

Environment certainly has a great effect on the growth of trees. Such factors as lack of moisture, sunlight or soil nutrients leaves its mark, usually recognizable in the form of restricted height and diameter growth. However, environment has little effect on the ultimate strength of the wood produced, bridges.

Correct Posture Week May 1-7

Correct Posture Week May 1-7, sponsored by the Texas State Chiropractic Association. Every year, stand tall, and walk tall, and posture checked once. Good posture means health.

Thursdays morning Deuschle, district of the Southwest Telephone Company host to directors Chamber of Commerce seven o'clock breakfast at Palace Cafe.

Following the breakfast the group went to phone office where viewed new equipment installed to give better phone service in net.

Foy Holland, insurance salesman, explained complicated mechanism.

Those present were: D. Mann, Chairman, Bill Vincent, Ernest, Winston Freeman, Ry Dodson, John B. Buster Morgan, H. Wolfe, Weldon Nix, McClarty, Jerry, Bill Browning, L. J.
