## Questions and Answers About Sales Tax Effective September 1

Some Questions and Answers On The New Texas Limited Sales, Excise and Use Taxes

1. Question from a Consumer.

(1) When does the tax go into effect?

Sept. 1, 1961.

(2) How much will this new sales tax cost me?

A—that will depend on how much you earn, how much you spend of what you earn and how you spend it. You may pay substantially more one year than you do the next because you happen to buy furniture or some other major item of taxable merchandise one year and not the next.

On the average, however, the American people spend about 24 percent of their total income on items subject to this tax. This means that a man with an income of \$5,000 a year will spend about \$1,200 on taxable goods and will pay an annual sales tax of about \$24.

(3) What are the main things on which I will pay the sales tax?

Furniture, household and kitchen appliances, most clothing, household supplies, toys, restaurant meals and electric and gas utility service.

(4) What are the main things on which I will not pay the sales tax?

Groceries, housing (whether you own or rent), medical and dental expenses, insurance, telephone service, your car and the gasoline you buy to run it.

(5) Why won't the tax apply to a car?

Because motor vehicles have been subject to a selective sales tax in Texas since 1941. That tax is now at the rate of 1 1/2 percent and will not be increased by the new sales tax bill. Because the state already levies taxes on such things as cigarettes, gasoline and beer, they too will be exempt from the new sales tax.

(6) What about a television set which is already subject to a state tax?

The new sales tax will apply to television sets, but the old state tax has been repealed. Actually the tax on television sets, radios and air conditioners is reduced from 3 percent to 2% by the new tax bill. The tax on cosmetics is reduced from 2.2% to 2%.

(7) How will I pay the tax?

When you buy something that is taxable, the retailer will add the tax to the purchase price. He will determine the correct tax by applying a tax "bracket" stated in the law. For example, purchases under 25c will not be taxed. If the price is between 25c and 74c you will pay a tax of one penny; the tax will be two cents on items costing from 75c to \$1.24, and so on. Over the long haul, this bracket sys-

tem is designed to average out to a 2% tax on what you buy, and it enables the retailer to collect the tax without the nuisance of stamps or tokens.

(8) Can I get credit for this tax when I pay my Federal income tax?

Yes, this tax is levied on the consumer. Probably the Internal Revenue Service will shortly issue a special bulletin which will provide an easy way to determine how much of a deduction you may take. IRS has done this for all other sales tax states. Of course, you can always keep your own records and use them instead of the standard IRS deduction.

### Questions From Retailers

(1) Won't this be difficult for me to collect?

Collection of the new tax will impose some additional responsibilities on you and your employees, but similar duties are being handled with no great difficulty by 1,200,000 other retailers in the 35 sales tax states. Most retailers, including grocery stores, are already collecting some state and federal excise taxes and have some experience on which to rely.

(2) How will I collect this tax?

By a prescribed bracket system which will tell you how much tax to add to any given sale. Briefly you will not collect a tax if the sale is less than 25c; if it is between 25c and 74c you will collect one penny tax; if it is between 75c and 1.24 you will collect two pennies and so forth.

(3) Will I have to keep track of the pennies I collect?

No. You will pay the state a flat 2% of your taxable sales. A test run in one large Texas department store indicated that the bracket would actually produce a 2.02%. In other cases it might be slightly less, but the vendor discount system will insure that you do not lose money.

(4) What is the Vendor discount system?

If you pay the State the tax due on your taxable sales within the time it is due, that is before the last day of January, April, July and October, you will be permitted to keep 1% of the tax due to compensate you for your time and trouble and to make sure that the bracket system hasn't cheated you.

If you will estimate your tax and pay it early, then the State will permit you to keep 3% of the tax due. A warning is necessary, however: If you do not pay the tax when it is due, you lose all discounts and you will have to pay at least a 5% penalty, and the longer you delay, the higher the penalty will grow.

(5) Just how do I get the 3% discount?

By the middle of the second

month of the quarter, you must estimate and pay a tax for the entire quarter. Let us take an example: You estimate that you will sell \$100,000 worth of taxable goods during January, February and March. Before Feb. 15th, you file an estimated tax return with the Comptroller and send him a check for \$1,940-\$2,000 estimated tax less 3% discount. Then in April you will file an amended or final return. If it shows that you actually owed the state a tax of \$2,100, you would remit an additional \$99, the amount due the State less the normal 1% discount to which you are entitled on taxes remitted at the proper time.

(6) Why was this prepayment plan put in the law?

Because in the first year of the new tax there will be a collection lag. This device, it is estimated, will reduce the amount of collection lag by about \$19 million. In effect, the pre-payment plan reduced the tax needs of the State by \$19 million.

(7) What kind of a form will I file with the State?

The Comptroller will devise a form in the very near future. It will probably be simple enough to fit on an IBM card.

(8) Do I have to get a license from the State?

Yes, but there is no charge for this permit. If you now pay the state store tax you will automatically receive an application for a sales tax permit.

(9) Do I have to buy a special cash register that keeps track of exempt and taxable sales?

Not unless you wish to do so. The Comptroller will work out some reasonable and simple methods of enabling you to separate taxable and non-taxable sales. Doubtless he will consult with your trade association as well as with tax administrators in other states in developing these methods.

(10) Suppose I do buy a new cash register, do I pay the tax on it?

You do. In this case you are the consumer and you must pay the tax.

### Questions From Other Businessmen

(1) I am a wholesaler, will I have anything to do under this tax?

Yes. In the eyes of the sales tax law you are a retailer. However, most, perhaps all, of your sales will be exempt because you are selling to persons who then resell to the general public. When your customers buy from you, they will sign a resale certificate designed by the Comptroller (it may be something you can just print on your usual invoice so as not to have extra paper handling) and this will be your evidence

## South Side Elementary School Enrollment Instructions Announced

### Tuberculin Tests Scheduled Aug. 31 For Pre-Schoolers

Announcement was made this week that the Tuberculin tests for pre-school children would be given Thursday, Aug. 31st at the primary buildings. Information concerning the importance of these tests has been mailed to all parents of children entering the first grade this fall. Each child must have a signed permit in order to receive the tests. Reading of the tests will be on Tuesday, Sept. 5th.

The Tuberculin tests are being sponsored in Burk Burnett by the Contemporary Study club in cooperation with the Wichita County TB Association. Other Burk Burnett clubs who have agreed to help with this project were listed in a previous article appearing in this newspaper. The Contemporary club wishes to apologize for eliminating the name of the Jr. Forum Study club which has also agreed to help with the project.

### Accident Victim's Rites Were Monday

Funeral services were held at 3 p. m. from the First Methodist Church here for Marlin Dale Parrack, who died Sunday afternoon from injuries received in a refinery accident in Kermit on Aug. 5th. Burial was in the Burk Burnett Cemetery.

Born July 13, 1933, Parrack was married to Barbara Sue Jones on Sept. 20, 1953. They had resided in Kermit for the past two years.

The naval veteran was a member of the Masonic Lodge, and the Methodist church.

He is survived by his wife; the parents, Mr. and Mrs. V. E. Parrack of Burk Burnett; two brothers, Kenny and Danny, both of Burk Burnett; one sister, Mrs. J. L. Wright of Wichita Falls; and his grandmother, Mrs. Hattie Reeves of Burk Burnett.

### AGED COUPLE FOUND SHOT NEAR ATHENS

An aged farm couple was found shot to death in their home 13 miles southwest of Athens, Tex., Sunday and authorities were holding a 51 year old man in their deaths.

The victims were Thomas Henry Palmer, Sr., 75 and his wife, Emma, 73.

The shooting was discovered at 7:30 a. m. The couple live near the Crossroads community.

Mrs. Palmer was a sister of Mrs. Henry Hall of Burk Burnett.

Funeral services were conducted Monday at Athens for the couple.

### NOTICE

Season football tickets will go on sale Monday, Aug. 21st. Tickets can be picked up at the School Tax Office.

that no tax is due on the transaction.

(2) I am a Manufacturer. How will this tax affect my business?

You will not have to pay the tax on your raw materials, that is on the component parts of what you manufacture. You will have to pay the tax when you buy machinery, supplies, office equipment, etc.-etc. If you rent IBM or Remington Rand electronic equipment, you will have to pay the tax on the rental you pay for that equipment.

(3) I am Printer. How will this tax affect my business?

You will have to collect it in most cases. If you print some letterheads for a business firm, you will have to collect the tax on the total amount of the sale, assuming you provided the paper. If the customer supplied the paper and you just did the printing, then the tax would be on the amount you charged for that service. There are some exceptions: If you print paper bags then that would not be a taxable transaction since wrapping supplies and containers are exempt.

(4) I am a building contractor. How will this tax affect my business?

You will be viewed as the consumer of the tangible personal property which goes into your construction. This means that you will pay the tax on the lumber, nails and bricks, as well as on your equipment, tools, etc. Since you cannot collect the tax when you sell the construction (it now being real estate and not subject to tax) you will have to allow for the tax expense when you quote prices. Incidentally, if you have already signed a contract for a construction job to be completed after Sept. 1st, you should check with the State Comptroller of Public Accounts to see about a special exemption which will keep you from being charged a tax that you cannot recoup in your price.

### ATTENTION Second-Third-Fourth-Fifth

All First grade students and new students entering Burk Burnett Schools living in Lone Oak, Chambers Addition, Preston Heights, Green Acres and South of a line from Pecan Street to B-G Welding Company across Okla. Cutoff, down Rose Ave. to Lilac Lane, across Wichita Highway to Ramsey street, will register at Hardin Grade School through Aug. 25th. These students living South of this line will report to South Side Elementary School on Aug. 29th, at 8:20 for classroom work.

Pupils living South of this line and in these additions, who will be in the second, Third, Fourth and Fifth grades this year and attended Burk Burnett Schools in 1960-61 will report to Southside Elementary School and enroll at 1:00 p. m. Monday, Aug. 28th.

All students living south of the above described line on each side of Wichita Highway in each Clements Addition and Down Bishop Road will attend School at Southside Elementary.

## Gas Tax Issue Still Alive

A "Temporary" one cent a gallon increase in the federal gasoline tax was supposed to expire at the end of June. But it didn't. Congress voted and the President signed a bill which extends that "temporary" tax until October 1, 1972.

That date is 11 years away. And if so long a period of time is to be regarded as "temporary", it looks as if the dictionary should begin in revising its definitions.

The argument for this extension—which is used on behalf of other tax measures affecting the motorists—is that it is necessary to keep the \$40 billion-plus federal super highways program in the black. But there is little justice in that position. The program was urged and adopted largely as a national security measure. And national security costs should most certainly be charged on as equitable a basis as possible against all the taxpayers—not just one group of them.

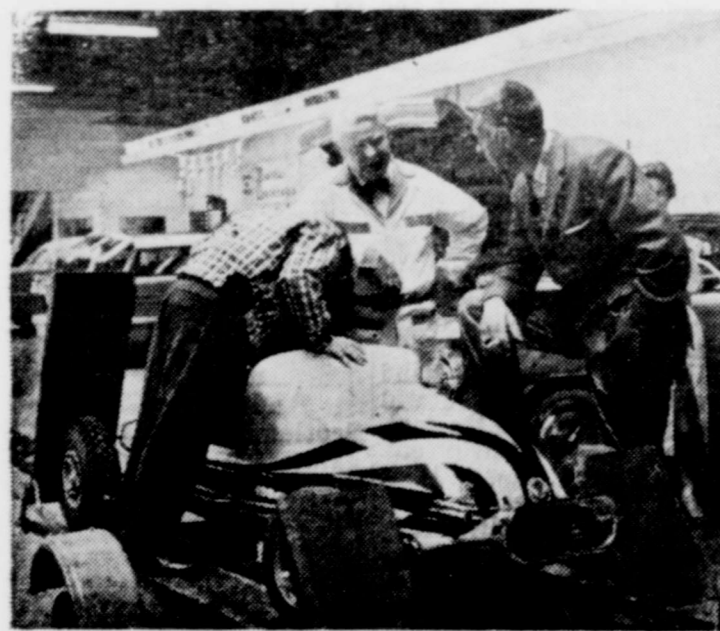

Moreover, excessive gasoline taxes—which state and federal combined, now average about 50 percent of the pre-tax value of the fuel—are self-defeating. Motorists restrict their driving buy the small economy cars, and escape the burden in every way they can. An exorbitant tax can, and often does, produce less revenue than a reasonable one.

The issue is still very much alive. Beyond doubt, there will be campaigns to further boost the state and federal gas taxes. Beyond doubt, there will be more empty talk of "temporary" increases. The motorists will have to come out of his corner fighting if what is left of his rights are to be preserved.

## WASHINGTON AND "SMALL BUSINESS" BY C. WILSON HARDER

In what is undoubtedly the most comprehensive survey ever undertaken of Main Street sentiments on taxation problems, the National Federation of Independent Business has completed and sent to the White House, Congressional Committee's, Treasury Dept. and other governmental agencies a 240-page report.

The district chairmen of the Federation were asked to vote on the ten parts of the President's proposed tax program, and invited to make additional comments.

Approximately 1,000 of the total number of district chairmen replied. Each of them are engaged in independent business or professional practice covering the entire field of commercial activity from manufacturing, wholesaling, retailing and services. The returns from 50 states and the District of Columbia were about in ratio to their populations.

44% expressed favor of the proposed tax incentive program which would provide for a different method of depreciation write-offs to encourage business to expand.

Yet only 23% were in favor of the proposal to levy a withholding tax against interest and dividends, and only 18.4% favored the repeal of the provision that now permits the first \$50 in income from dividends and interest to be tax free, and the addition of credit of 5% on dividend income in excess of \$50.

In volunteered comments, there is expressed considerable and often quite bitter resentment over U. S. policy on foreign matters. 71.9% voted for the proposal to compel U. S. firms with foreign plants to pay U. S. taxes on the undistributed earnings of these plants. And likewise, by a majority of 57.6% the president's proposal that such tax be deferred on U. S. plants operating in so-called "under-developed" countries was voted down.

While 54.2% voted against the president's proposal to change the ruling on capital gains from the sale of depreciable property by having the profit computed on such a sale on the actual original price rather than the depreciated value, 82.4% are in favor of the President's recommendations to tax cooperatives.

Although by time survey was tabulated, Congress had already voted a one year extension of present corporation and excise tax rates, only 39.3% favored such a move.

Of the ten tax proposals, half were favored, the other half not favored.

While the Federation is not committed on these votes, as it requires a vote by the full national membership of the organization, it is quite probable that these district chairmen, closely in touch with the independent business sentiments in all parts of the country, voted in much the same way a full membership ballot would turn out. But one thing seems obvious. There will not be much employment supplying expansion of the nation's vast independent business complex until there are substantial reforms in the crazy-quilt tax laws.

ELLSWORTH, WISC., HERALD: "The Defense Dept. spends half of the national budget, \$42 billion. Half of that is for the procurement of goods. One provoking figure is that 86% of the \$21 billion spent on materials is being handed out by military officers to industry without competitive bidding. Since 1947 Congress has been recommending that the system of awarding contracts without competitive bidding be abandoned save in extremely rare instances. But the practice continues. You can't blame the military for wanting it to continue. It makes things 'more flexible.' It's also one of those reasons you'll whistle a long time for a tax reduction."

KING FERRY, N. Y., TRIBUNE: "It has become apparent, after 322 major work stoppages, strikes and boycotts at 22 sites that have cost the U.S. missile program 162,000 man-days of time and extorted uncountable millions of dollars from U.S. taxpayers, that new, clear-cut legislation is needed to put the national defense program back on the track. Only the most forthright and specific legal restraints can put an end to the wholesale sabotage that has even so, for the most part, violated existing law."

STERLING, ILL., GAZETTE: "... it is when you get into the real long-range projections of some of these spending programs that potential trouble begins to pile up. And the prize example of this case is the ... decision to try to beat the Russians to landing men on the moon and bringing them back alive ... The original cost estimate was \$15 billion to \$20 billion ... But James E. Webb, new director of National Aeronautics and Space Administration and a former Budget Bureau director under President Truman, says the total cost may run \$40 billion over the 10-year period, which will be cut to seven if possible."

EUDORA, ARK., ENTERPRISE: "Too many of us, it seems are looking to Washington to bring a rabbit out of the legislative hat. We are depending upon huge public improvements and highway projects, losing sight of the fact that these can be built only through taxes which later we must pay. 'It will help a lot in this community if we will live by the slogan, "Business As Usual," continue to strive for industrial and agricultural development and demonstrate to our neighbors, to the state and to the nation that, so far as we are concerned, we are not going to be 'chicken.'"

### Hoffman - Welborn Rites Solemnized First Baptist Church

In a candlelight service Miss Lynda Dee Ann Welborn of Dallas, daughter of Mr. and Mrs. E. E. Welborn of Burkburnett, exchanged nuptial vows with Mickle Ray Hoffman of Dallas, son of Mr. and Mrs. Lonnie Hoffman of Burkburnett in a double-ring ceremony Saturday evening at 7:30 in the First Baptist church.

Rev. Leroy Meyer officiated before an altar decorated with arched candelabra holding tall blue tapers and flanked with baskets of white chrysanthemums tied with blue satin ribbon entwined with white rope leading to the aisle posts. Pew markers were white satin bows and greenery.

Miss Lillie Vestal, cousin of the bride, of Wichita Falls was organist, playing traditional wedding music. She also accompanied Gavin Vaughan, vocalist of Dallas.

The bride, escorted and given in marriage by her father, wore a crystal white taffeta gown featuring a fitted draped basque bodice with a wide oval neckline edged with Florentine lace trimmed with seed pearls and sequins. The long tapered sleeves buttoned at her wrists.

The bouffant skirt with a front panel and side drapes caught in the back with roses of self-material extended into a chapel train. A crown of pearls and aurora boraelis held her tiered veil. She carried a cascade of white gladiettes and lilies of the valley centered by a white orchid atop a white Bible.

Miss Janice Kay Welborn sister of the bride, was maid of honor. She wore a deep blue silk organza street length dress fashioned with a scoop neckline, fitted bodice and bouffant skirt. She carried a nosegay of gladiettes. Her headpiece was a deep blue circular net veil sprinkled with white flowers and lace.

Bridesmaids were Miss Myrna Hoffman, sister of the groom, Mrs. Doyce Walker and Miss Marilyn Mitchell of Winters, Tex. All wore dresses identical to that worn by the maid of honor in sheath styles.

Debbie Taylor of Grand Prairie and Donny Jacks of Iowa Park were candlelighters.

Toyna Welborn, sister of the bride was flower girl. Dwain Taylor of Grand Prairie carried the rings.

Gordon Spillers of Burkburnett was best man. Doyce Walker and Kerry Clack of Burkburnett and Dan Fowler of Corpus Christi were ushers and groomsmen.

The bride, a graduate of Burkburnett High School, attended Hardin - Simmons University, Abilene and is now employed by Southwestern Life Insurance Company of Dallas.

The groom, also a graduate of Burkburnett High School, attended John Tarleton State College and Midwestern University in Wichita Falls. He is employed by Anicable Finance Company of Dallas.

A reception in the church parlor followed the ceremony. The bride's table was covered with a full white net cloth over white satin. Large blue satin bows decorated each end of the table which was centered with a memory candle upon a reflector surrounded with clusters of gladiettes. The four tiered white cake was the focal point.

Those assisting with hostess duties were Mesdames Billy Gorham, Jan Brundle, Kathy Stevens, John Parrish, J. D. Grizzle and John Dodd.

The couple will reside in Dallas. A rehearsal party was hosted by the groom's parents with a buffet dinner. Table decorations emphasized the bride's chosen colors of blue and white.

Out of town guests attending the wedding were Mr. and Mrs. A. E. Morris, Jerry and Judy of Velma, Okla.; Karan Cook, Mr. and Mrs. Gavin Vaughan and children of Dallas; Mr. and Mrs. Bernard Byrne, Ft. Worth; Mr. and Mrs. Thurman Taylor and children, Grand Prairie; Mrs. W. D. Powell and Elaine of Holliday; Mr. and Mrs. A. L. Mitchell and Marilyn of Winters, Tex.; Mr. and Mrs. Ralph Davis, Kayrene and Yvonne and Miss Lillie Vestal, Wichita Falls; Mr. and Mrs. Morris Jack and son, Iowa Park; Paul Rone, Electra; Mrs. Irene Godfrey, Wichita Falls; Mr. and Mrs. Carl Vestal and Jerry Trentham of Electra.

# TAKE YOUR PROBLEMS TO CHURCH -- MILLIONS LEAVE THEM THERE

# LONGING

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

To every child there comes a time when they begin to wonder... Where did I come from? Who made the trees? Who made the mountains? EVERYONE has a desire to know their creator. "O GOD, thou art my God; early will I seek thee: my soul thirsteth for thee..." This longing for knowledge of God should be satisfied at an early age. "Train up a child in the way he should go: and when he is old, he will not depart from it." Plan NOW to attend church with your family.

## TRAFFIC SAFETY RULES

Prepared and Sponsored By BURK STUDY CLUB

When turning left from a 2 way onto a one way street a vehicle must approach the intersection near the center line & must move to the right of the point where the center line of the two way street enters the intersection. (After passing this point a driver will usually find it safer to turn left into the first lane of the one way street.

years. She is also very active in church work and is vice president of the YWA.

Mr. Green lettered in football for three years, played basketball four years, was a member of the FFA and track team and was vice president of his class. He plans to attend Midwestern University this fall. The couple will exchange vows Aug. 26th in the Randlett Baptist church with Rev. R. M. Clayton, minister of the church, officiating.

**News From The County Agent**

This is the season when every outing seems to end with at least one case of poison oak or poison ivy. It is impossible to completely eradicate these plants but they can be cleaned out from around the home and out buildings. B. T. Haws county agent says the way to control these plants is to use sprays. Digging up the plants is not always satisfactory because new plants may grow from the remnants. It is also very likely that the person removing the plant would come in contact with it, and end up with blisters, skin irritations and the other undesirable effects.

One of the most desirable sprays to use is amino triazole, says Haws. This spray can be used around ornamentals but it should never be sprayed on desirable plants or trees. It is generally used at the rate of three tablespoons of chemical per gallon of water, but if the manufacturer's directions are different, follow them. Another chemical that can be used around ornamentals and other desirable plants is Ammate. When using this chemical, care should also be taken to spray only the poison ivy.

Combinations of 2, 4-D and 2, 4, 5-T can be used, but they may not be as desirable because of the drift hazard. There is danger of their drifting onto desirable broadleaf plants and killing them, Haws warns. All precautions should be followed

when using this combination spray. Regardless of what spray is used, it is important to get thorough coverage of the poison ivy. Wet the leaves, because the materials are taken in thru the leaves and transferred to the roots in a killing action. It is also important to spray when the plants are growing rapidly. When they get older, they are tougher and harder to kill.

Aircraft aboard carriers such as the USS Oriskany burn an average of 150,000 gallons of jet fuel and 10,000 gallons of aviation gasoline in less than three days.

The anchor chain manufactured for the aircraft carrier Ranger measures 2,160 feet. Each link weighs 360 pounds.

Entrants for Miss Burkburnett Pageant

SANDY CHOATE AND JANE YARBRO

**Miss Burkburnett  
1961 Pageant  
Thurs., Aug. 24  
Palace Theatre**

8:00 P. M.  
Sponsored By  
Modern Study Club

Nine local beauties will vie for the Miss Burkburnett title Thursday night, Aug. 24th at the Palace Theatre.

Tickets for the pageant are on sale at Opal's Dress Shop, Browning Insurance Agency, and from Mrs. Jerry Thomas at Phone 569-3639. Reserve seat tickets are \$2.00 and general admission tickets are \$1.

The contestants are being offered an opportunity for fame and fortune through education and proper guidance in building a successful career for themselves through participation in the Miss Burkburnett Pageant.

The local contest, a preliminary elimination leading to the eventual selection of Miss Texas, and then Miss America, is expected to be attended by a record turn out. Mrs. Francis Smith, President of the Modern Study Club suggests that tickets be purchased as early as possible. The event is sponsored annually by the Modern Study Club.

Among the requirements, entrants must meet the following:

- 1 Must have been a resident of Burkburnett for at least 3 months.
- 2 Entrants must be single, never having married.

## Social Security News

There was one recent change in the social security law that, while minor, directly or indirectly affects everybody under 72 receiving old age or survivors insurance benefits. This was a change in the so-called "retirement test."

Under the old law, a person could earn \$1200 and receive all of his monthly social security benefits. \$1 in benefits was withheld, however for each \$2 earned from \$1200 to \$1500, and \$1 for each \$1 earned over \$1500. Under the new law only \$1 is withheld for each \$2 earned from \$1200 to \$1700, with an additional dollar withheld for each dollar earned over \$1700.

This means that under the new law a person eligible for social security benefits may earn up to \$1700 and receive more in total earnings and benefits than under the old law. Of course, for each \$1 earned over \$1700, \$1 is withheld in benefits.

An important part of this change too, is that it applies to earnings for this year. People who are receiving benefits and earning \$1500 or more may get more information about this

by inquiring at the Wichita Falls Social Security office.

There is no change in the provisions that, regardless of how much a beneficiary earns in a year, he will get a benefit check for any month in which he is over 72, or in which he neither earns more than \$100 in wages nor performs substantial services in self employment.

**"Grass Roots Capitalism"**

The newspapers recently ran a story that I thought was pretty significant. It gave real insight into our American economic system. The story reported that, for the first time, an American business had 2,000,000 owners. This important "first" was achieved by the Bell System, of which my company is a part.

Hugh and Irene Polson of Wichita, Kansas, are the two millionth shareowner. Pictured with them above are their two youngsters—Kay Louise, 9, and Stephen Hugh, 7.

The Polsons own and run their own pharmacy. And, even though they keep plenty busy with the drug store and duties at home, they take part in church, PTA and community activities.

Mr. and Mrs. Polson own ten shares of stock. They bought it as part of an investment plan to send their children to college. Like the Polsons, a great many investors—335,000, in fact—have fewer than 10 shares. Of the two million shareowners, nearly 850,000 are women and 300,000 are telephone employees.

This is real evidence of "grassroots capitalism," and I think Mr. and Mrs. Polson typify many of today's "grassroots" investors, who come from all walks of life, from all sections of the country.

As I said before, here is a truly significant story. Here is the nation's largest business, the Bell System, now owned by 2,000,000 people. Here is a dramatic testimonial to the American economic system. Here is democracy at work—with all the world to see.

**Burkburnett Telephone Growth**

Burkburnett had 2369 total telephone stations as of June 30, 1961. A net gain of 31 stations in June, brought the yearly net gain for 6 months this year to 101 total stations. This increase compares favorably with the past previous years and indicates continued steady growth for Burkburnett.

Miss Mary Louise Lacy was honored at a pre-nuptial shower Thursday evening in the parlor of the Methodist church. The table was covered with a white floor length organza cloth over pink and was centered with a Madonna with pink roses around it. Crystal appointments completed the table setting.

Mrs. Arthur Bunstine presided at the guest register and Mrs. Morris Bookbinder and Miss Louise Boyd served at the refreshment table. Maxine Creel provided music while the guests were arriving. Hostesses were Mesdames Morris Bookbinder, O. E. Melton, Maxine Creel, Mary Bell Terry, A. R. Bunstine, George McClarty, J. L. Caffee, Beulah Hall, Glen Bear, S. S. Reger, Jim Pirtle, Winford Henry, W. B. Short, O. E. Klinkerman and Miss Louise Boyd. The guest list included approximately 75 relatives and friends.

Miss Lacy, daughter of Mr. and Mrs. Walter Lacy of Burkburnett, is the bride-elect of Raymond Kudela of Niagara Falls, New York. The couple will be married Saturday, Aug. 19th in the chapel at Sheppard AFB with Father Villevock performing the ceremony.

Miss Charlotte Wallace left Tuesday of last week for YWCA Camp Grady Spruce at Graford, Tex., where she will be assistant camp director and a water skiing instructor.

## Whitley-Cameron Rites Held in Chapel In Reno, Nevada

Shirley Ann Whitley and Gary C. Cameron, both of Martinez, Calif., were married at a ceremony in Park Air Force Chapel, Reno, Nev., on June 24th. The Rev. Warren D. Ward officiated. Shirley is the daughter of Mr. and Mrs. C. N. Whitley of 1105 Arrebra St. Gary is the son of Mr. and Mrs. C. C. Cameron of 604 Berrellessa St. Both are graduates of Alhambra High School.

Given in marriage by her father, Shirley was gowned in a ballerina length silk organza dress with sweetheart neckline. She wore her sister's pearls and an elbow length veil and carried red and white baby roses. Attending her was Mrs. Ray Tompkins, her sister, who wore pink organza and carried pink and white baby roses. Best man was Ray Tompkins, brother-in-law of the bride.

The young couple was honored at a reception in the home of the bridegroom's parents where a three tiered wedding cake was topped with a miniature bride and bridegroom.

They are living at 1620 Madrone Ave., Apt. 32, West Sacramento until October when they will leave for three years in Puerto Rico, where Gary will be stationed with the U. S. Air Force.

## Elaine Kinnett Thomas Flinn Plan Sept Wedding

Mr. and Mrs. Ed M. Kinnett of Burkburnett announce the engagement and approaching marriage of their daughter, Elaine, to Mr. Thomas W. Flinn of Wichita Falls. Elaine is the granddaughter of Mr. and Mrs. C. H. Fuller.

The couple will be married at 8:00 p. m. Sept. 2nd in the First Baptist church at Burkburnett with Rev. Leroy Meyer, church pastor, officiating.

The bride-elect is a 1960 graduate of Burkburnett High School. She is presently employed by Whites Stores, Inc., in Wichita Falls.

The prospective groom is the son of Mr. and Mrs. E. C. Flinn of Roswell, New Mexico. He is a graduate of Roswell High

School and attended Southwest- ern Public Service Co. in Roswell for electrical training. He also served his apprenticeship there. He is current employed at Loyd Thomas Electric Co.

Mr. and Mrs. J. D. Hart of Burkburnett announce the birth of a baby boy, Jay Dean. The baby was born June 27th.

### Business Climate

The Texas Manufacturers Association is dedicated to the purpose of "maintaining and improving the Texas business climate" so as to encourage industrial growth and expansion in the state and thereby increasing job and business opportunity.

The TMA, being a statewide organization, must because of budget limitation, confine its efforts largely at the state level. To this end, it is endeavoring to provide an organization through which all industrial and commercial enterprises of many and varied classifications may cooperate in their efforts to advance this basic purpose.

It is however increasingly evident that many of the problems affecting the business climate are local in their origin, and must of necessity be solved at the local level if, in fact, they are to be solved at all. These include: (1) Fair and impartial law enforcement; (2) Improvement of jury service so that employers are treated more fairly in casualty and compensation awards at the local court level; (3) The developing of workable, adjustable, building codes, which, with due regard for safety, would permit of lower cost construction; (4) The developing of a better understanding, at the local level of industry and industry's problems; and (5) many other such problems, largely local in nature, that can but be considered at the local level.

Local business groups, such as local Chambers of Commerce, are in the most favorable position to deal with these local problems, and inasmuch as the status of these issues determines to a large extent the "business climate" of a given community; and have, therefore, considerable impact upon the decisions of management when seeking a plant location or considering a plant expansion, now therefore, be it

**RESOLVED** that the Board of Directors of the Texas Manufacturers Association respectfully request the members of TMA to contact their local

Chambers of Commerce and other local business groups and offer them their cooperation in mapping and executing a program designed to build a favorable business climate at the local level. Be it further

**RESOLVED** that a copy of this resolution be mailed to executive officers of the local Chambers of Commerce in Texas.

Passed and signed on this the 14th day of July, 1961 by the Board of Directors of the Texas Manufacturers Association in Odessa, Texas.
