NUMBER 1

Chamber of Commerce
Luncheon Each **FIRST**
MONDAY at Town Hall
Everybody Invited
Each Pays for His Meal

CITY HALL
News and Notes
By Clovis D. Mann
City Manager

Police blotter shows the following violations during the month of August: Intoxication Driver's License 15, Running Light 2, Speeding 8, No Restrain Dogs 1, Prohibiting in "No Pass" Zone 1, Improper Start 2, Improper Muffler 1, Excessive Noise of Peace 1, Running Sign 5, Excessive Careless Driving 1, Improper Parking 2, Failure to Obey Traffic Signal 1, Following Close 1 and Improper Passing 1. A total of 66 violation Court fines were assessed to \$747.50.

Revenues for the first 8 months of this fiscal year total \$115,000. A total of \$115,000 was anticipated for the year which ends in 1962.

Water sales for the first 8 months of this fiscal year total \$141,000. Considerable water was sold during the summer months. The comparatively low water sales for the first 8 months of the fiscal year, however, indicate that this time we had received \$59,000 in water sales. This being our winter consumption, we believe we will reach—and maybe exceed—this year's anticipation.

The Wichita County Tuberculosis Association and the Contemporary Study Club extend sincere gratitude to Mr. I. C. Evans, Superintendent, and the principals and teachers of the primary schools for their cooperation in the TB skin testing program just completed in Burk Burnett.

The cooperation of various individuals and civic organizations is also deeply appreciated. There are approximately 300 pupils in the first grade. 218 of these children were given the test. 208 of them were read later to determine the reaction of each individual. 14 positive reactions were found.

This does not necessarily mean these persons have active tuberculosis. It does indicate, however, that they are in some way in contact with the disease in active form. The TB Association will follow up these findings with further tests. If you were notified of a positive reaction and are not contacted and given further instructions by the TB Association, you are urged to see your family doctor at once.

The purpose of this program is to prevent Tuberculosis. You have taken the first step in the right direction! Don't stop now!

Ninety-Five Miles Texas Electric Service Company "Tie In" Line Recently Put Into Operation

A 95-mile section of Texas Electric Service Company's new 338-mile transmission "tie line" between Fort Worth and the Permian Basin area of West Texas now has been put into operation, it was announced today by Beeman Fisher, president and general manager of the company.

The part of the line now in use is between Fort Worth and Graham, Fisher said. The section between Graham and Big Spring is under construction. The entire line, supported by steel towers designed and made in Texas, is scheduled to go into operation by May, 1962. Odessa is the western terminus of the line.

The Texas Electric line, to operate initially at 138,000 volts, is designed for ultimate operation at 345,000 volts. The line will become part of the power system of the company which now includes a network of 69,000 and 138,000 volt lines and eight large steam-electric power plants.

The power output of these power plants, which are located at Fort Worth, Wichita Falls, Graham, Eastland, Colorado City and Monahan, is controlled at a central dispatching center that makes use of a microwave communication and electronic control system.

Texas Electric will build an extension of the new 345,000 volt line from Fort Worth to a point east of Grand Prairie, where in 1964 it will interconnect with a similar line which will more firmly connect the power systems of Texas Electric, Texas Power and Light Company, Dallas Power and Light Company and Houston Lighting and Power Company.

The four-company transmission line project, Fisher said, will bring about one of the nation's largest and strongest reservoirs of power. The power plants of these companies have a total of six million kilowatts of power generating capability.

This project is an example, according to Fisher, of how electric power companies in the nation are working to interconnect power systems and further strengthen transmission facilities to benefit electric service customers by making possible improved efficiency and economy of operation.

He also pointed out that this program of the various power companies in the United States means that the nation's supply of electric power will be more secure in the event of war because large blocks of power can be transmitted quickly to areas which may be affected by enemy action.

Fisher said the nation's investor-owned electric utility companies plan to spend about \$8 billion for new electric power transmission facilities through 1970. At present these companies have a total investment of \$6.7 billion in transmission facilities.

With only about one-sixteenth of the world's population, our country now has about one-third of the world's power producing capacity," he said. "We have more electric power capacity than the next five countries of the world combined."

Fisher also pointed out that, although the United States has only one-third of the area of the Soviet Union, this country has about five times as many miles of transmission lines as exist in Russia.

Civil Defense

By Clovis D. Mann
Director of Civil Defense

It is expected that a considerable amount of clothing, bedding, etc., will be needed as a result of Hurricane Carla. Clothing and other supplies are being collected throughout Texas—in fact, throughout the nation—by Civil Defense, Salvation Army, Red Cross and other agencies, to be forwarded as needed to disaster points.

Clothing and supplies for this purpose are being accepted in Burk Burnett by the Police Department, and will be forwarded to the disaster areas as needed. A considerable amount of clothing has already been deposited with the Police Department. We have no idea just how much will be needed, probably all that can be obtained.

If there should be an excess of clothing collected, the excess will be kept by the collecting agency for future emergency needs.

Bring any clothing or supplies to the Police Department, located in the office formerly occupied by the Tax Office, on 4th Street behind the City Hall.

Mrs. Neva Zimmerman, County Chairman of PTA, is to be congratulated for the fine work that she and the PTA organizations are doing in Civil Defense education. The assurance of School Superintendent I. C. Evans and other school authorities of the school's desire to cooperate and participate in Civil Defense activities is very encouraging to us that have the responsibility of an adequate Civil Defense organization.

Just a few persons cannot do the job—it takes the help of all citizens. Mrs. Zimmerman's work, and now the schools, and the support that the Chamber of Commerce is giving, will go a long way toward obtaining a good Civil Defense organization in Burk Burnett.

A group of young housewives in one of the "better off" neighborhoods of a medium-sized Texas city, that was regarded as a target area, was given a questionnaire with instructions to answer the questions immediately without time for thought or research. Here are the questions. See if you can answer them immediately and confidently:

1. Do you believe that Western Christian Civilization will survive to the year 2000?
2. Do you feel that nuclear attack on this country is (a) impossible (b) unlikely, (c) possible or (d) probable?
3. What would you do if given 2 hours' attack warning time?
4. What would you do if you had only 15 minutes' warning time?
5. Do you feel the country's present civil defense preparedness (both individual and collective) is adequate to enable the country to survive nuclear attack?
6. Do you feel that it can be made adequate?

Can you answer the above questions immediately and with confidence? Here is how the group of housewives answered: To No. 1, a 100 per cent said "yes." ("How" was another matter). To No. 2 eighty-two per cent chose "possible." Remainder said "unlikely." To No. 3 seventy-six per cent gave answers reflecting some knowledge and forethought. Only six per cent said they would try to get out of town. Most said they would snatch up canned goods, water and children and head for basement or some other "safest area." Remaining 24 per cent said they had no idea what they would do.

To No. 4, sixty-four per cent said they would take whatever shelter was available as quickly as possible. Other 36 per cent gave answers such as "panic," "pray," and "nothing."

One-hundred per cent said "no" to question 5. To No. 6 seventy-eight per cent said "yes." Remainder expressed some doubt.

Dr. Carl Morrison is in Dallas this week taking a complete Oral Rehabilitation Course.

Boomtowners Band Seeking Adult Members

A limited number of openings in the Boomtowners Municipal Band are to be filled with adults, according to Dr. Bob Sims, band director. Dr. Sims has asked adult musicians who are interested in joining the municipal band to contact him for auditions.

The band gave weekly concerts through the summer; is now practicing once a week. Dr. Sims expects it to make many concert engagements next summer.

Ambassadors Band Expresses Gratitude

The popular Ambassadors Dance Band, composed of high school students and which became very well known throughout this area the past year for their ability, expresses their appreciation and gratitude to their many friends and supporters. Their "Huddle Dance" given last Saturday night to honor the Bulldog Team will perhaps ring down the final curtain on the band, as its members leave Burk Burnett to attend various schools and colleges.

They especially want to express their thanks to the following who helped them in giving the "Huddle Dance," free of charge, to honor the football boys. Dakes Grocery, M & N 5 and 10, United Super Market, B & B Market, Dickson Grocery and Market, Butlers 5 and 10, Gill Grocery and Market, Corner Drug Store, Cicero Smith, Ben Franklin, Mrs. H. T. Kennedy, BHS Student Council, Principal Roy Silkwood, High School Band Director James Wickersham, and the Burk Burnett Star for its assistance in publicity.

LIONS CLUB

Each Tuesday Night, 7:00

The Lions Club moved its meeting up to Monday night to have a joint meeting with Zone Chairman Ted Roark, and Tom B. Ward of Breckenridge, District Governor.

Following the meal, Jim Frye, president, introduced Lion Ward, who spoke briefly to the joint group.

Next week J. L. Caffee will bring the program.

CAFETERIA MENU

- SEPTEMBER 18-22
- MONDAY**
Weiner on Bun
Buttered Peas and Carrots
Fruit Cocktail
Peanut Butter Cookies
Milk
- TUESDAY**
Baked Ham
Buttered Potatoes
Green Beans
Sliced Tomatoes
Chocolate Cake, Chocolate Icing
Milk, Bread and Butter
- WEDNESDAY**
Hamburgers
Potato Chips
Sliced Peaches in Heavy Syrup
White Cake with Icing
Milk
- THURSDAY**
Roast Beef - Brown Gravy
Whipped Potatoes
Lettuce - 1000 Isle Dressing
Gingerbread - Butter
Milk - Bread
- FRIDAY**
Tuna Fish Salad
Buttered Whole Kernel Corn
Sliced Pineapple
White Cake, Chocolate Icing
Milk, Bread, Crackers, Butter

One reason for many traffic violations is the fact that the long arm of the law is often short handed.

SPECIAL SUBSCRIPTION RATE FOR TUESDAY EDITION

We have had several communications from regular subscribers expressing a desire to receive the Tuesday edition through the mail. We are offering a special subscription rate:

4 mos. \$1.00

School Tax Statements Are In the Mail

Dow Estes, tax assessor-collector for the Burk Independent School District, informs the Star that tax statements were put in the mail this week end.

The tax rate was raised just a little over last year. The rate this year is \$1.35 per \$100.00 valuation. Last year the rate was \$1.25, which is a very small increase to take care of such expanding conditions because of the great increase in total number of students.

Last year the school collected 98 per cent of the taxes on the rolls. That is one reason the increase was held to a minimum this year.

Holstein Assn. Sets Record

The Holstein-Friesian Association of America has announced the completion of an outstanding official production record by a registered Holstein cow in this area. E. F. Pabst Piet Klebe, 3922854 owned by Gene Robertson, Burk Burnett, produced 13,506 pounds of milk and 490 pounds of butterfat in 308 days on twice daily milking as a five year old.

Texas A and M College supervised the weighing and testing of production as a part of the official herd testing programs of the national Holstein organization.

HARDIN P-TA

A called meeting of the Primary and Hardin PTA was held Tuesday, Sept. 12th. It was decided to combine the two units into one to be known as Hardin PTA.

The next regular meeting of the Hardin PTA will be held Tuesday, Sept. 19th. Please attend.

SCHEDULE of Coming Events

- Monday, Sept. 11—The Contemporary Study Club, Mrs. H. S. Thaxton, Lions Club, Town Hall, 7 p.m.
- Tuesday, Sept. 12—Bluebonnet Garden Club, 9:30 a.m., Rotary Club, 12:30 p.m.
- Thursday, Sept. 14—Jr. Univ. Study Club, Mrs. B. H. Alexander.
- Friday, Sept. 15—Burk vs. Haskell, Bulldog Stadium. (Others wishing to be listed should call the Burk Star office).

Lions Club Carnival Set for Sept. 21-22-23

The annual Lions Club Carnival will be held Sept. 21-22-23, this year. All civic clubs are invited to have booths at this carnival.

Contact: Jerry Thomas, Bill Browning, Brack Preston

C-C Luncheon Was Held Mon.

Morris Simonson, chairman of the Education Committee, announced a hotdog picnic for Friday, Sept. 15, 6:30 at the Swim Pool Park. This event is for the parents who have children in high school for the first time.

Claude Meadows, National Affairs Committee chairman, reported on the minimum wage law, which went into effect September 3rd. Clovis Mann, Civilian Defense chairman, made a report and introduced the following persons, who also spoke on the subject:

I. C. Evans, Supt. of Burk schools, stated that all schools were working in close co-operation with CD, stressing safety and first aid in their studies.

Mrs. W. T. Zimmerman, president of the Hardin P-T A, reported that a recent meeting in Austin of P-T A leaders, emphasized the need for co-ordinating efforts with other organizations to be prepared to take care of children everywhere in case of an emergency.

Don Mapes is chairman of the local school evacuation committee.

A round table discussion was held concerning the 1962 rodeo. The consensus of opinion seemed to be that the rodeo should be held, if the majority would really go western with costume, etc., prior to show dates. It was also agreed that the affair should be underwritten in the amount of one-half the production cost. Those present also expressed the desire that the event be incorporated with an old settlers reunion, with down town programs and entertainment going on all during each day.

Mrs. P. A. Carpenter, president of the Santa Rosa District of women's clubs, announced that her district, and also the national federation, were stressing the need for all cars to be equipped with safety belts.

Burk night at the Texas-Oklahoma Fair will be on Thursday, September 28th. **Directors Meeting**

A directors meeting was held following the luncheon. The group voted to enter a community development program, which will cover a great number of activities. More about this later.

Directors went along with the idea of sponsoring another rodeo in 1962 — if properly underwritten and the proper spirit injected into the event.

In 1961, Humble football broadcasts will be carried by 150 radio stations and 36 television stations covering urban and rural areas in well over 100 cities and towns throughout Texas, New Mexico and Arizona.

SAFETY RULES

Prepared and Sponsored by BURK STUDY CLUB

Way on Entering a Turnway Requires a vehicle engaged on a private driveway to yield to the roadway.

Way on Left Turns—A vehicle turning left must yield to those vehicles that are so close as to constitute an immediate hazard. An opposing vehicle should yield to the vehicle turning left.

A Word For Small Colleges

Students who for reason or another cannot attend the big, famous and often distant universities should not overlook the values and opportunities to be found in the small colleges which dot our land. In many respects the small are equal to the big.

In a study of scientific manpower a while back, Dr. John R. Steelman found that in the same period Hope College, Juniata College, Monmouth College, St. Olaf's College and Oberlin College combined produced more candidates for the doctor's degree in chemistry than did Johns Hopkins, Fordham, Columbia, Tulane and Syracuse all together.

Prof. William S. Haldeman, a real life "Mr. Chips", was responsible for inspiring a fourth of all students who majored in chemistry under him in his thirty-four years at Monmouth College in Illinois to obtain advanced degrees. If they needed money to do so, he often loaned it to them from his own pocket.

One of his graduates had an important role in the commercial production of penicillin. Others have helped in atomic research and many are in key positions in the chemical industry. Still others are following in his footsteps as teachers and helping to train more scientists.

Professor Haldeman has moved on to a well earned retirement in San Diego, Calif., but Monmouth and other small colleges continue to have such inspiring and devoted teachers on their faculties and they are among America's greatest assets.

GRASS ROOTS OPINION

HORTON, KANS., HEADLIGHT: "The fight today is with dollars not men. The sounder the nation is financially, the louder it can speak to its world neighbors. It

Are your brakes safe? Stop in soon and have them re-lined for safety, longer life.

MOTORS -- BRAKES -- TRANSMISSION
WHEEL ALIGNMENT -- MUFFLERS

NO SERVICE JOB TOO SMALL!

IRVIN "Smitty" SMITH, Service Manager

must not drain away the substance that symbolizes the nation's system of freedom, enterprise, opportunity and reason for labor."

FORT WORTH, TEXAS, THE SOUTHERN CONSERVATIVE: "Congressman James F. Battin of Montana says that \$89,000 was spent by the Public Health Service during the past year in research and issuing a detailed report on people's behavior at cocktail parties. This should be valuable information which will go a long way in solving the troublesome problems which now confront the United States on every hand. Also, we imagine that Public Health staff members stood in line in applying for this particular 'research' job."

JEFFERSON, OHIO, GAZETTE: "The politicians love to talk about economy in government, but take a look at some evidence of 'economy' uncovered by the House Armed Services Investigation subcommittee. The Navy paid \$109,012 for parts that cost the supplier \$20,820. Of course, the government recovered 52 percent of the profit in taxes, but the tax payers are still the loser. "In another instance the Air Force purchased 44,352 armatures from an Ohio company for \$32.28 each. The Ohio firm bought them from another company for \$16.69 each. If some of this waste were eliminated the frontier could really put on a firm front."

MOUND, MINN., PILOT: "This country wasn't founded nor did it grow to greatness on the basis of leadership that lacked faith in ideals, a willingness to vote for convictions. We doubt that it can long survive if our present lack of faith and conviction continues to spread."

BURKBURNETT.... HISTORY

Revealed By The Star
Files 10 Years Ago . . .

Ann Jennings is visiting this week in the home of Mr. and Mrs. J. R. Story in Nocona.

Mr. and Mrs. Oscar Kemp of Kilgore were dinner guests of Mr. and Mrs. J. C. Adams Monday evening.

Mrs. J. H. Brumley and Mrs. Ray Hill visited in Seymour Sunday.

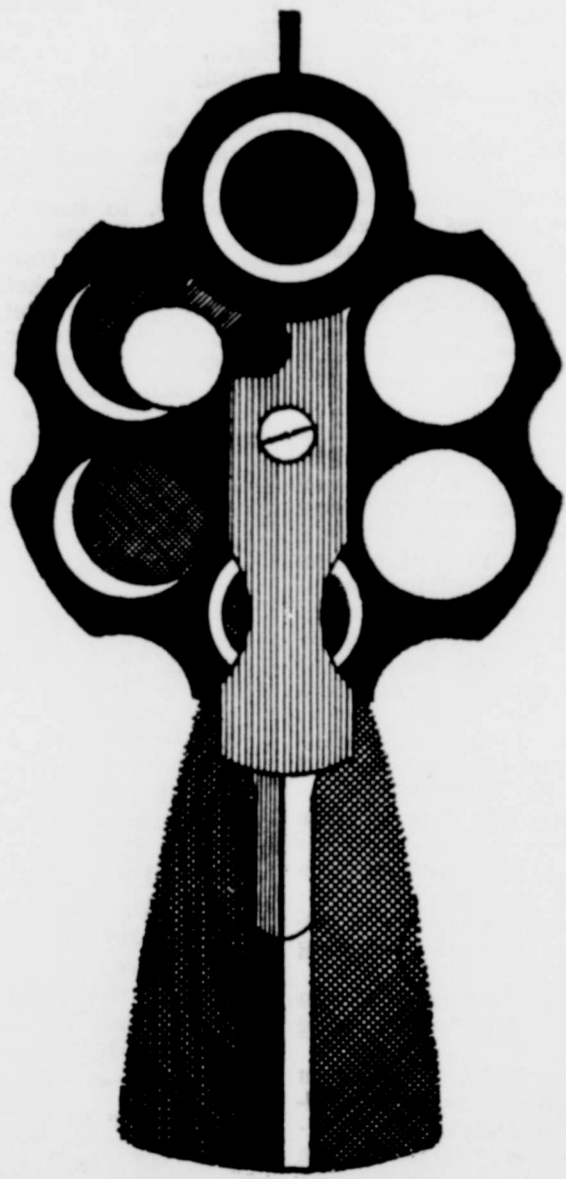

Mr. and Mrs. H. W. Beasley of Burkburnett and Mr. and Mrs. H. W. Harvey of Ft. Worth have returned home recently from an enjoyable two weeks vaca-

tion trip to Colorado Springs and points of interest in California.

Mrs. Richard Eildridge and daughter, Mary Kathryn of Borger are visiting her parents, and other relatives in Burk this week.

Miss Lillie Roark plans to leave Saturday for a vacation trip to Tennessee.

Fred Brookman, former editor and owner of the Burkburnett Star, was a visitor in town this week.

"loaded gun" in your home ?

Dangerous as a loaded gun are the accident hazards in any home. They cost 28,000 dead, 4.2 million injured in a typical U. S. year. Believing profoundly that something can be done about this, we urge you to take part in the 1961 Home Safety Program. Costs you nothing. We would like you to have the free Home Safety Kit that will help safety-condition your home. Pick it up at the offices of the sponsors listed below . . . what could you lose?

Insurance Classification Saves County Motorists Money

Approximately 55% of the passenger automobiles in this county can now be insured for \$5. less than the same insurance cost in other counties. This is due to the use of insurance classification plans, in accordance with the Texas Safe Driving Plan, according to the Bureau of Insurance.

A specific illustration: A public liability injury and property damage combined on a passenger car, used only for personal purposes, and not operated by a male operator under 25 years of age, and principal operator in a town or county now costs the owner and his co-operators are accident free under the Safe Driving Plan (sub-classification) which would reduce the cost in 1958 the same as on a private passenger car in a city or town in this county would have cost approximately 55% of the cost of private passenger cars in other counties.

Automobiles carry a higher rate because they are not as hazardous in the same way as non farm cars. In other counties in Texas farm cars enjoy about the same benefit from the Safe Driving Plan in relations to farm cars as the non farm cars.

Purpose of insurance classification plans is to allocate the cost of insurance to the risks which result in losses.

Classification begins with type of vehicle. If a private car, then classification insurance is by type of vehicle and where principally garaged.

Characteristics of the vehicle and operator, including collision, theft and comprehensive, are the list price in the automobile and its age are considered.

Plans are made separately on types of motor vehicles. Private passenger car on private passenger car, and use made.

The state is now divided into 18 statistical territories. Large counties are separate territories since there is a sufficient number of cars in counties to afford a

tions within such time for violation of speed laws, no passing zone law or operating a car without having had a driver's license or with driver's license suspended.

If the owner operators are point free, the automobile is allowed a 20% reduction from average rate; if the owner operators between them have one point, then at average rate, and for two to six points surcharges are made at 20%, 40%, 60%, 80% and 100%, respectively.

Carefully compiled statistics are used to determine the average rate and the differential from average rate necessary to allocate more cost to those classes and sub classes, which as a group, produce the greater losses. This is done by rating territory in order that only experience in such territory will control classification results and excludes results in other areas.

The State Board of Insurance also points out that most of the complaints regarding automobile rates originate from the application of the classification plans. Those who find themselves in groups to which higher rates are charged, often not being informed as to the reason, react by complaining about the rates generally. Insurance has long been recognized as the contribution by the many to a fund from which are paid the losses of a few. The inducement is that no one knows when he may be one of the "few" and by insurance wards off a crippling economic loss. The principle of classification simply means that the groups defined in accordance with their exposure to hazard to which the "few belong" will pay a higher percentage of the cost of the protection than those who belong to the group which has not caused a loss within a reasonable period of time. The credits and surcharges which result from classification are carefully balanced by rating territory in order that no greater premium income will be received by the companies than if all cars were written at an overall average rate. With some four to five million insured motor vehicles by rational relationship to cost of the coverage as established by statistics is the most equitable way yet devised to distribute the cost of insurance.

It is self evident that the more dollars paid out for the "few" the more the "many" must pay in. The complexities of rating are caused by the effort to more equitably allocate these contributions among the "few" and "many" involved.

IPAA Information

The domestic petroleum industry during 1960 gave the "energy supremacy" of the United States another impressive advance over other major nations of the world, the Independent Petroleum Association of America has announced in the 1961 edition of "The Oil Producing Industry in your State."

The 96 page reference book, published annually by IPAA, offers a convenient source of information about production of crude oil and natural gas. "America's power twins that supply about 73 percent of all energy consumed in the U. S."

"Plentiful supplies of low cost oil and gas have been largely responsible for maintaining the U. S. position of energy supremacy and along with it the highest standard of living in the world," IPAA said.

Since the standard of living in any area depends on the public's ability to consume energy, IPAA said.

In 1960 one hour average wage by an American bought 7.4 gallons of gasoline, compared with 6.5 gallons in 1955, 5.5 gallons in 1950, 5.0 gallons in 1945, 3.6 gallons in 1940 and 2.8 gallons in 1940.

Thru discovery of an abundance of oil and natural gas, domestic producers have given the U. S. the means of achieving energy supremacy and assuming its present role in world leadership, IPAA said.

As of Jan. 1, 1961, crude oil producing capacity in the U. S. reached a record of 9,892,000 barrels daily. Capacity to produce both crude oil and natural gas liquids stood at 10,933,000 barrels daily. But actual daily crude oil and natural gas liquids production averaged only 8,209,000 barrels in January.

The difference between this actual production and the nation's capacity to produce was 2,724,000 barrels daily.

In other words, IPAA said, under sound producing practices the petroleum industry in the U. S. could produce daily also 30 percent more petroleum liquids without harm to existing fields.

This excess shut-in capacity, developed and maintained at industry expense, constitutes a

Burk Star Presented Birthday Cake

Harry Dodson, editor of the Burk Star, being surprised with a birthday cake presented by Bill Browning, president of the Chamber of Commerce, and Jim Harwell, Chamber manager. Special recognition was given to Dodson at the regular monthly meeting of the Chamber of Commerce for the Star's 54th birthday, and the beginning of bi-weekly issues. Although not with the Star all these years (just most of them), Dodson is now sole owner of this bi-weekly paper.

(Regardless of above evidence, the editor has all his original teeth).

safety factor which could be of life or death importance in any future national emergency, the association said.

The U. S. entered World War II with an excess producing capacity of about 1 million barrels per day, and this provided a cushion with which to meet a sudden great increase in petroleum requirements.

In the Suez crisis of 1956-57, when Europe was denied access to Middle East oil, excess U. S. capacity delivered an average of a half million barrels a day on an emergency basis over a 3 month period.

So in addition to being of crucial importance to the defense of America, production made available by the domestic industry also provides an energy umbrella over western Europe, IPAA pointed out.

The widespread and far reaching role of the domestic petroleum industry in 1960 was highlighted by these findings in The

Proper Insulation Insures Economy Of Electric Heat

Scientific advances in the field of insulation have made it possible today for average-income families to enjoy clean, comfortable electric heat.

Now, with complete mineral wool insulation surrounding the living area of a home, electric heat is practical in any climate. A house insulated to meet Quality Home Standards of the National Mineral Wool Insulation Association will be comfortable on the coldest, windiest winter days, due to the resistance to the passage of heat provided by mineral wool, and the even, draft-free heat provided by electricity.

It also will be cleaner, since electricity heats without combustion.

Card Of Thanks

I am extending my gratitude for the nice cards, gifts and especially for the many prayers during my short stay in the hospital. May the Lord bless each of you in my prayer.

Mrs. Gertrude Parker

of value.

5. The number of persons employed in crude oil and natural gas production alone in the U. S. totals 307,247.

IF IT'S FOR SALE ADVERTISE

CARD OF THANKS

We take this means to express our sincere thanks and deep appreciation to so many kind friends and neighbors who came to us with expressions of sympathy and assistance in the loss of our dear loved one. Especially do we want to thank the good people for your thoughtful-ness in bringing food to the home, for the many beautiful floral offerings, cards, prayers, and to all who helped in any way. Our prayer is that the Lord bless each and everyone of you.

The family of Dee Reynolds

A comprehensive survey taken in 1960 indicated that nearly 5 million people in Texas, New Mexico and Arizona tune in to at least one of the Humble Company's football broadcasts each season.

Trinity Lutheran Church Is Scene Of Johnson-Prechel Rites

Miss Karen Flo Prechel, daughter of Mr. and Mrs. O. W. Prechel of Burkburnett, became the bride of Travis Harold Johnson, son of Mr. and Mrs. Harold Johnson of Conway, Ark., in a ceremony Sunday at 6:30 p.m. in the Trinity Lutheran Church in Clara, Tex. Rev. L. Boriak, pastor, officiated.

The nuptial space was a large wedding arch entwined with greenery which centered a gold cross. Two large arrangements of gladioli on either side accented the arch. Twin seven-branched candelabra holding tall white burning tapers flanked the altar space. A white satin prie dieu completed the setting.

Music was provided by Mrs. Hugo Leimer, Borger, Tex., organist, and Mrs. Jess Ragan of Burkburnett, vocalist.

Given in marriage by her father, the bride was attired in a formal-length gown of white bouquet taffeta. The molded bodice was designed with full-length pointed sleeves and a scoop neckline edged with scallops of peau d'ange lace. Garlands of the same lace orna-

mented the elaborate train. Its tufted effects was sharply focused by medallions of the peau d'ange lace. The headpiece was fashioned of fingertip layers of illusion attached to a crown of waxed pearl orange blossoms and stephanotis. She carried a white orchid intermingled with stephanotis atop a white Bible covered with pearls.

Maid of honor was Miss Diane Hilbun of Dallas. She chose a tango taffeta street-length dress which featured a fitted bodice with scooped neckline, long tapered sleeves and bouffant skirt. Her headpiece was a tango taffeta pillbox with a matching net veil. The crown of the pillbox was covered with autumn leaves which enhanced one side of the veil. She carried a nosegay of bronze chrysanthemums accented by tango net and ribbon.

Bridesmaids were Miss Bettye Britt, Dallas; Miss Virginia Prestidge, Fort Worth, and Miss Paulette Johnson, sister of the groom, Conway, Ark. Their costumes and flowers were identical to those of the maid of honor.

Candlelighters were Alden Smith and Jerry Van Loh, both of Burkburnett.

Harold Johnson, father of the groom, assisted as best man. Ushers were Charles Nabholz and Jim Rogers, both of Conway, Ark., and Tom Bowdry of Dallas. The ushers also served as groomsmen.

The bride is a 1956 graduate of Burkburnett High School. She attended Midwestern University and was a 1960 graduate of North Texas State University, Denton.

The groom is a 1954 graduate of Conway High School. He graduated from Arkansas State Teachers College in 1958 where he was a member of Phi Lambda Chi.

The parents of the bride were hosts for a reception in the Parish Hall of the church.

The bride's table was covered by a white Italian cutwork and filet cloth. A silver candelabra entwined with greenery and an arrangement of the bridesmaids' nosegays was the focal point with the three-tiered wedding cake and silver punch bowl. Other silver appointments were used. The patio was flanked by two large arrangements of gladioli.

Misses Phyllis Keisling of Burkburnett and Sarah Brocke of Electra provided music during the reception. Messrs. Leroy Peters, Rodney Peters and Rickie Peters of Lawton, Okla., distributed rice bags.

Mrs. Buddy Peterson of Holliday presided at the white taffeta-covered bride's book table, flanked by silver candelabra and a bridesmaid's bronze nosegay at the base. Reception assistants were Misses Beth Sanders of Dallas, Martha Van Loh of Burkburnett, Mrs. Bill Lewis of Garland, Tex., Mrs. Rae Carter of Lubbock, Tex., and Mrs. Don Jackson of Ada, Okla. Others included Mmes. Arnold Holtzen, Vick Van Loh, Virgil Klinkerman and M. C. Thompson of Burkburnett and Mrs. Floyd May of Iowa Park.

The couple will establish residence in Dallas.

Parents of both the bride and the groom were hosts for a rehearsal party at the home of the bride's parents Saturday night. It was a western patio party.

The bride was also honored with a luncheon in the Zodiac Room, Neiman-Marcus, in Dallas. Those attending were Misses Beth Sanders, Billie Ann Ball, Lady Alys Dallas, Betty Watson, June Davis, Rhenetta Davydiuk, Charlotte Gibson and

Mmes. Bill Lewis, Vaughn Bullard, Charles Killion and Daryl Smith.

She was honored pre-nuptially with a brunch and miscellaneous shower in the home of Mrs. Bill Lewis of Garland, Tex. Hostesses were Miss Beth Sanders and Mrs. Lewis.

Another pre-nuptial courtesy extended the bride was a shower at Trinity Lutheran Church in Clara, Tex. The bride's chosen colors of tango and gold were used throughout. The table was covered by a lace cloth over tango, centered by an arrangement of orange gladioli. Miss Patricia Simons and Mrs. Pete May assisted in serving the guests. Hostesses were Mmes. Don Holtzen, Arnold Holtzen, Gusta Dorland, Ernest Birkman, Clara Kinkerman, Arnold Keisling, Victor Van Loh, Harold Van Loh, Cora Washburn, H. C. Obenhaus, Bill Penn, Herbert Keisling, Walter Kaspar and Buddy Peterson.

The bride honored her attendants with a bridal dinner held at the Beekeeper Restaurant in Dallas.

THETA EPSILON MET SEPT 11 IN EVELYN FARRIS HOME

Theta Epsilon Sorority met Monday evening, Sept. 11th in the home of Mrs. Evelyn Farris. Lea Glisson, president conducted the opening ritual. A devotional was given by the chapter chaplain, Bobbye Slusher.

Yearbooks were compiled and printed by Lea Glisson and Evelyn Farris and presented to each member. An award for perfect attendance will be given at the end of the year activities. Committee reports were given and projects for the coming year were discussed.

The Sorority will be in charge of the Bingo Stand at the Lions Club Carnival Sept. 21-22-23rd, held in the City Park.

A patio party is planned for Sept. 16th in the home of Helen Cornelius.

Delicious refreshments were served to members present, Mesdames Lea Glisson, Kathleen Brammer, Bobbie Klinkerman, Bobbye Slusher, Marilyn Howard, Patsy Adams, Ruby Van Loh, Helen Cornelius, by the hostess, Evelyn Farris.

Mr. and Mrs. Ray Mills left Sunday to be with Mrs. Mills' mother, Mrs. H. R. Garrett, who underwent major surgery Monday at Hendricks Memorial Hospital in Abilene.

Attention, hunters. A \$3.15 license is required of every Texan between the ages of 17 and 65, who hunts outside his county of residence. A license is required of every Texas citizen hunting deer or turkey anywhere in the State.

Quality Printing, Ph. 569-2191

M. U. GRADUATE

Herbert Lane Lawson, son of Mrs. Annie Mae Lawson, and the late Herbert Lee (Arkie) Lawson, 436 West Main St., Burkburnett, Texas, received his Bachelor of Business Administration degree from Midwestern University in Wichita Falls, Texas August 23, 1961 at 8 o'clock on the front lawn of the Hardin Administration Building. He was graduated from Burkburnett High School in 1956.

He has been commissioned as 2nd Lieut. in the United States Army, through the R.O.T.C. program.

Lieut. Lawson and his wife, the former Mur Anne Elliott of Burkburnett and 7 month old daughter, Debra Lynne reside on Route 1, Wichita Hwy. He is presently employed at Longhorn Chevrolet Co. in Wichita Falls.

National P.T.A. Finds Varied Ways to Meet Range of Children's Needs

Major goals are the same for some 47,000 P.T.A.'s of the National Congress of Parents and Teachers, even though ways of approaching them are as diverse as the communities.

Children of every age and heritage are the concern of the P.T.A., as the National Congress of Parents and Teachers this fall schedules a new membership effort aimed at adding more workers to the P.T.A. "team" that now includes more than 12,000,000.

"It is the welfare of children. But our individual approaches to promoting their well-being may vary as widely as do the children themselves."

This fall the National Congress is scheduling a new membership effort to enroll more people—parents, teachers, other interested persons—in P.T.A. activities.

"They will find local programs challenging and vital," Mrs. Jenkins promises, "because P.T.A. activities center around the needs of each community and the children who are its future."

In Alaska, for example, the Congress of Parents and Teachers, concerned about education for children of home-steaders, is currently urging a study of road maintenance in outlying areas, so that children in isolated spots may be assured of passable routes to school.

Getting to school is a real problem, even in well-settled areas, according to Mrs. Robert C. Cole, who heads the Alaska Congress. Her home in Spangard is only eight miles from Anchorage, but morning and evening she sends the family dog along to protect her two children from wild moose that roam the woods in the quarter-mile area between home and bus stop.

P.T.A.'s in the nation's newest state are seeking to preserve Hawaiian culture in terms of dances, language, and music. Mrs. Teruo Yoshina, of Honolulu, president of the Hawaii Congress, sees this interest as an important segment of Hawaiian P.T.A. activity. Another aspect of the state's P.T.A. program—is of special interest to the groups from Thailand, Pakistan, India, Cambodia, and Indochina who have been entertained there during recent months.

Parent-teacher cooperation is something new in most of the

nations where the European Congress of American Parents and Teachers functions; but its president, J. Gordon Smock, finds that educators abroad are anxious to cooperate in joint programs to help American youngsters learn more about the culture and people of the countries in which they are living.

Meeting problems of a more conventional nature is "typically P.T.A." as well, Mrs. Jenkins points out. For example, —The parking problems of some 500 students who drive to school daily at Elkhart (Ind.) High School recently gave rise to a P.T.A. survey of available parking space in the neighborhood. These students now have maps showing free and metered space, all within easy walking distance.

—Lack of a library in one of the elementary schools in Ferdin, N. J., was corrected through P.T.A. effort. Nearly 1,000 books were collected, indexed, and installed in shelves built by a P.T.A. father. Library service is dispensed by some of the P.T.A. mothers.

—Firearms safety is taught in special classes arranged by the Scottsdale Tavan (Ariz.) P.T.A., with "safe hunter" badges awarded to youngsters who complete training given by expert riflemen.

—An unprotected walk on a highway bridge, a twice-daily hazard in Boise, Idaho, for some 75 Whitier School pupils, got the P.T.A.'s attention. Now a protective railing, erected by the state highway department, makes the well-traveled route a safe one.

"In any of these situations," says Mrs. Jenkins, "the P.T.A. first sees and then serves a local need. Service to communities and to children everywhere will continue to grow as more and more persons join the P.T.A. local, state, and national partnership."

SHIRLEY THAXTON

Miss Shirley Thaxton, daughter of Mr. and Mrs. H. S. Thaxton, has been chosen as a member of the Kilgore College Rangerettes. The selection of the 1961-62 Rangerettes was made September 1.

Miss Thaxton is a 1961 graduate of Burk Burnett High School. She was a Majorette for 2 years, Assistant drum major, one year and drum major one year. Shirley was chosen as Junior Class favorite, friendliest girl, band sweetheart and was runner-up for "All School Favorite" her Junior and Senior years.

She was a member of the basketball team for four years, a member of the national Honor Society two years, the Senior Hall of Fame and the National Dean Honor Roll of Students.

Shirley is majoring in Business Administration.

parents, Mr. and Mrs. Raymond Underwood last Thursday.

Mr. and Mrs. Pete Peden and children of Wichita Falls spent Saturday and Sunday with Mr. and Mrs. C. M. Morris.

Mr. and Mrs. W. J. Hardesty of Covina, Calif., are visiting her sister, Mr. and Mrs. R. A. Martin and children.

Mr. and Mrs. Billie Stark of California are visiting his parents, Mr. and Mrs. G. M. Stark and family. He goes from here to a base in Michigan where he will be stationed.

Mr. and Mrs. Bill Scoggins of Altus, Okla., visited Mr. and Mrs. C. B. Ressel Saturday.

MISS STOCKTON MARRIED TO JAMES BOWERS, JR.

Miss Anita Gayle Stockton, daughter of Mr. and Mrs. Edward C. Stockton of Fort Worth, became the bride of James Bertie Bowers Jr., son of Mr. and Mrs. James Bertie Bowers, in a ceremony which took place at 8 p.m. Saturday in Polytechnic Presbyterian Church.

The ceremony was read by Rev. Roy Zuefeldt, pastor of the church, and Rev. W. Fred Swank, pastor of Sagamore Hill Baptist Church.

Miss Sharon Bachman of Wichita Falls, cousin of the bride, and Miss Margaret Dake were bridesmaids. Miss Nancy Rose was maid of honor.

Belinda Gaye Green of Burk Burnett, a cousin of the bride, was flower girl, and Timothy Wayne Harkrider, the bridegroom's nephew, was ring bearer.

Larry Lee Standfield was best man, and Rindy Hood and Joe Chastain were groomsmen. Bill Stockton the bride's brother, and Allen Wayne Green of Burk Burnett, the bride's cousin, lighted the candles.

Mr. Stockton gave his daughter in marriage. Her gown of white jacquard silk organza, made over satin, had a bouffant skirt combined with a Chantilly lace bodice designed with a scalloped neckline and three-quarter length sleeves. The front tucked panel of the skirt was appliqued with pearl-encrusted lace. The back swept down into

a train. The bride wore a pearl necklace and carried a colonial bouquet of stephanotis and white orchids and white satin ribbons tied in lover's knots and showers of stephanotis.

At a reception in the church hall, Miss Julieann Bradshaw, Miss Robbie Phillips of Wichita Falls, cousin of the bride, Miss Sue Blanton and Mrs. Larry Standfield served refreshments. Miss Roberta Lynn Bacon of Amarillo, cousin of the bride, presided at the bride's book.

When the bridal couple left on a trip to Corpus Christi, Mrs. Bowers wore a beige silk frock with matching bag and shoes and a winter white felt hat with an embroidered veil. They will return here to live at 607 S. Edgewood Ter.

Mr. and Mrs. E. B. Green of Burk Burnett, grandparents of the bride, attended the wedding.

TO EACH HER OWN "PRINCESS"

The ladies of Burk Burnett seem to have taken to the "Princess" telephone as though it were designed just for them. And in many ways, I guess it was.

For instance, it's little, light and easy to handle. It's styled to add a smart touch to any room in the house. And it lights up at night when you lift the receiver. This makes it especially attractive and practical as a night phone next to the bed. The "Princess" is available in five beautiful colors to suit every lady's good taste.

To make the princesses in your home even happier, give them a Princess phone for their bedroom. To order, simply call the telephone business office or ask any telephone service man.

Burk Burnett Telephone "Pioneers" Observe 50th Anniversary

This year marks the 50th anniversary of the Telephone Pioneers of America. Back in 1911 the Pioneers' organization was founded. Telephone people with at least 21 years service with the telephone company were members then as they are now.

Today, membership in the association is just as exclusive. But the Pioneers have grown into a nationwide organization devoted to three things—loyalty to the telephone industry, devotion to community welfare and Christian responsibility.

Here in Burk Burnett we have two active Telephone Pioneers who have worked to bring you better telephone service through the years. Perhaps you know some or all of them—Lillie Roark, former chief operator, and Ruby Plemons, operator in the Traffic Department.

Telephone Pioneers are proud of their service over the years but take even greater pride in the group's service to the community. Over the years Pioneers have been active in Burk Burnett civic and community projects.

BACK TO SCHOOL REMINDER

It's the responsibility of every one of us to drive safely the year 'round. But it's a good idea to be especially careful at this time of year, particularly around school neighborhoods.

During their vacations, our children here in Burk Burnett may have been so busy playing and having a good time that they may have forgotten some of the safety rules about crossing at corners, waiting at stop signs or traffic lights and other precautions.

So, while the kids are getting the hang of safety rules again, let's all be extra careful when we drive.

Call by number. It's twice as fast.

Burk Girl Killed Saturday Night In Auto Crash

Funeral Services For Kathy Lee Potter Held Here Monday

Funeral services for Kathy Lee Potter, 15 year old daughter of Mr. and Mrs. E. D. Potter were held Monday at the First Baptist Church.

Elder Melvin Rittenhouse of Woodard, Okla., and Elder Max Mann of Altus, Okla., officiated. Burial was held in the Crestview Cemetery in Wichita Falls under direction of Owen & Brumley Funeral Home.

Kathy was killed and five other persons injured in a two-car crash on U.S. Highway 281, two miles north of Capehart Housing at 9:00 p.m. Saturday.

She was born Dec. 21, 1945 in Biloxi, Miss. She attended Crockett School in Wichita Falls her first seven years where she was active in the Camp Fire Girls.

She was active in school activities, having been chosen as Freshman Class favorite, and a member of the Pep Club and Teenette Club member.

Survivors include her parents, Mr. and Mrs. E. D. Potter, a sister, Carol Sue of the home; grandparents, Mrs. Myrtle Black of Coleman, Okla., and Mrs. A. A. Potter of Odessa.

Active pallbearers were Jackie Cornelius, Johnny Koller, Henry Bauch, Barry Liles, Alden Smith and Mitchell Henry.

Honorary pallbearers were Barney Fudge, Barry Davey, Don Johnson, Vincent Lam, Waylon Simpson and Don Kennedy.

A fifteen-year-old Burkburnett high school student was killed and five others were injured in a two car crash on U.S. Highway 281, two miles north of Capehart Housing at 9:10 p.m. Saturday night.

Dead on arrival at Wichita General Hospital was Kathy Dee Potter.

Injured were Gary Owen, 15, Ann Jennings, 15, and Barney Fudge, 16, all of Burkburnett, Richard Kinzer, 18, and Phillis Daugherty, 18, of Grandfield, Okla.

The four Burkburnett youths were riding in 1958 Chevrolet

Garden Club Met In Mary Cecil Home For New Club Year

The Bluebonnet Garden club met in the home of Mrs. Mary Cecil, Sept. 12th at 9:30 a. m. for a coffee opening the new Garden Club year, with Mesdames Earlyne Chambers and Lou Ethel Boyd as co-hostesses.

The meeting was conducted by our new president, Mrs. Gail Butts. Reading of the By-Laws by Mrs. Mae Van Deren and the new year book was outlined and explained by Mrs. Earlyne Chambers.

The beautifully decorated coffee table consisted of an improvised fountain which carried out the theme "Three Coins in a Fountain" on which members dropped coins and made a wish, other arrangements were also provided by the hostess. A short program "Spreading Happiness with Flowers" was demonstrated by Mrs. Velma Bohner on corsage making as she presented corsages she made to the president, hostesses and two new members, Mesdames Edith Holman and Joyce Morgan.

A rising vote of thanks was given Mrs. Hattie Burns as chairman of the project committee for her yard party and sale of her spare iris, which netted the club \$55.00. It was announced The Young Sprouts Junior Garden Club will resume their years work in October.

Those attending the lovely meeting were Mesdames Ona Banning, Maude Bohner, Elizabeth Brady, Hattie Burns, Gail Butts, Hettie Gilbert, Elizabeth Gragg, Icie Howard, Edith Holman, Lena Houser, Bertha Johnson, Joyce Morgan, Lillie Neal, Jessie Preston, Maude Teal, Velma Thaxton, Thelma Witherspoon, Mae Van Deren, Velma Bohner and the hostesses.

driven by Fudge and were traveling south en route to Wichita Falls when the accident occurred, friends of the victim said.

Friends of the Burkburnett youths said the victims had attended a football dance in Burkburnett and were coming to Wichita Falls for something to eat at a drive-in.

Kinzer, driver of a 1961 Pontiac, was believed to be returning to Grandfield after attending a show in Wichita Falls with the Daughtery girl.

Three ambulances from Wichita Falls brought the victims to the hospital. Scores of city, county, and state law officers were at the scene to control the traffic blocked by the accident.

Getting Humble's 77 broadcasts from the stadiums where they originate to the 150 radio stations carrying the games will require the use of approximately 130,000 miles of leased telephone lines, enough to circle the earth 5 times with enough left over to string a circuit from the Rose Bowl to the Orange Bowl and back.

Area Girls Attend National Meeting of Sigma Kappa Sorority

A group of area girls recently attended a Sigma Kappa Sorority Chapter Officers Training School held in Ft. Collins, Colorado.

From left to right, Maribelle Dixon, Wichita Falls; Jeanne Dodson, Burkburnett; Sharon Massey, Wichita Falls; Linda Ellis, Dallas; Ray Nell Rochelle, Monroe, La.; Judy Corder, Dallas, Texas.

Sigma Kappa was founded November 9, 1874, in Waterville, Maine.

Burk Study Club Opens Club Year With Dinner Monday

The Burkburnett Study club opened the club year with a dinner in the dining room of Luby's Cafeteria, Wichita Falls, Monday, Sept. 11th. Hostesses honoring the club members were Mesdames Harold Van Loh, Philip A. Carpenter, F. A. Jamieson and W. H. Preston.

Mrs. Van Loh, president, welcomed the regular members and two new members, Mrs. Truman Garland and Mrs. Rudolph Robinson. The speakers table was centered with an arrangement of roses and space vehicles and greenery decorated the other tables.

The club collect was read by Mrs. Philip A. Carpenter and Mrs. Howard Henderson read the Constitution and By-Laws. Mrs. Carpenter also announced a workshop will be held in Vernon, Monday, Oct. 23rd.

Mrs. Jack Mathis spoke on the duties of the Parliamentarian and the corresponding secretary. Mrs. Jamieson read an acknowledgment of thanks for our recent donation from the Wichita Falls State Hospital superintendent. Mrs. Glen Bear, chairman of Council of International clubs, stated in some countries the International clubs cannot pay their dues to the General Federation Womens clubs and contributions are accepted for the Friendship Emergency project. The Burkburnett Study club contributed to this worthy project.

The Education chairman, Mrs. James Bohner, thanked the members for writing in to the television stations to support the Better programs and urged them to continue the drive for Better television programs and Better movies. The response of the club women has already been noted in the fall television programming. The club plans to cooperate with Mrs. W. T. Zimmerman, PTA official, on the civil defense program for the

BIG PASTURE FFA NEWS

Mr. Holt has 52 boys enrolled in Vocational Agriculture this year.

The local wheat show took place July 21 and Hugh Lynn McCullough placed first. Second place went to Jarvis Kinder and third place to Larry Wileman. These three will be awarded trophies next spring at the FFA Banquet. Dennis Ressel's wheat placed fourth and George Warren's placed fifth. Lonnie Nolan placed sixth and Don Williams placed seventh.

The Big Pasture FFA boys participated in the Grandfield, Oklahoma Livestock Show August 24, 25, 26. The hog placings were as follows: Larry Wileman, light Hampshire Barrow-second; Hampshire Barrow-first; heavy Hampshire Barrow-fourth. Larry also had the Reserve Grand Champion Barrow of the show.

Others placing were Ronnie Holt, Berkshire Barrow-first-champion, Thomas Bales, heavy Berkshire Barrow-first, Kenneth Frieling, heavy Berkshire Barrow-second, light Berkshire Barrow-second, Berkshire gilt-first, second-champion, Jerry Hayes, Poland Barrow-second, and Travis Anderson, Hampshire Boar-first.

In the wheat division Roy Lee Ressel placed second with his Crockett Wheat, and Dennis Ressel placed second with his Triumph Wheat.

Don Williams took the first and third places with his Hereford Heifers.

Hugh McCullough's placings in the sheep division were as follows: Suffolk Ewe-first-champion; Suffolk Ewe-second, third, fourth; Dorset Ewe-first-champion; Suffolk Ram-first-champion; Suffolk Ram-second; Hampshire Ram-second.

Hugh also won second place prize money on a block of Alfalfa hay.

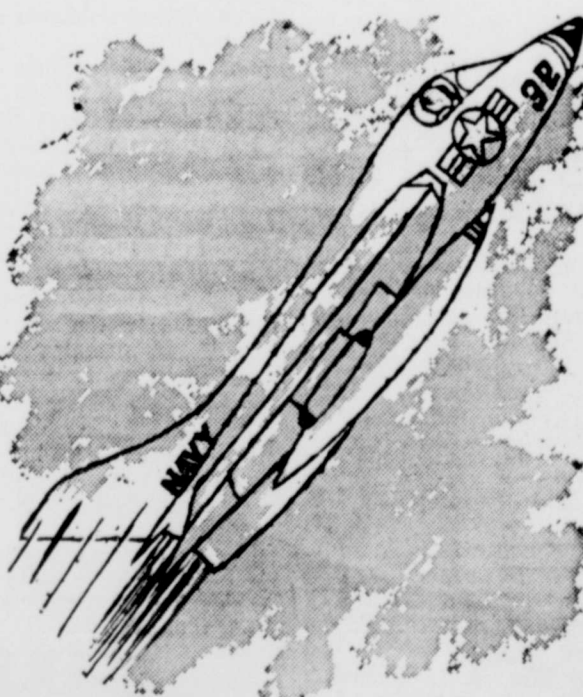

The total amount of prize money won by the boys was \$98.50.

schools. Mrs. Philip A. Carpenter asked the members to be aware of the importance of safety belts in automobiles. Before adjourning it was announced a rummage sale will be held in the near future.

Attending the dinner were Mesdames Glen Bear, James Bohner, Philip A. Carpenter, Maxine Creel, Jim Frye, Howard Henderson, Francis Felty, Truman Garland, F. A. Jamieson, Jack Mathis, George McClarty, Jack Robertson, Rudolph Robinson, Jack Smith, Harold Van Loh and Bill White.

During the 1961 football season, the Humble Company will broadcast on radio the efforts of 47 different college football teams from 25 states, including games played by each of the 8 Southwest Conference members, the University of New Mexico, the University of Arizona and Arizona State University.

NAVY AND YOU

The F4D, better known as the "Skyray", was built by Douglas Aircraft Company. It's overall dimensions are 36-foot 6-inch wing spread, 45-foot 5-inch length, and 13 feet high. Powered by one turbojet engine, this fighter set five world records for climbing in 1958 at Navy Air Missile Test Center, Point Mugu, California.

see your NAVY recruiter

The boys are now getting ready for the Cotton County Fair, September 13, 14, 15, and Iowa Park, Texas Fair, September 25-30.

The Big Pasture FFA Band has been very busy all Summer. The boys have made five personal appearances for Cotton Electric and have recently purchased new uniforms. The coats are gold with a black plaid and are matched with black trousers.

The bands next appearance will be at the Cotton County Fair on Friday, September 15. —Jamie Inman

Kern Tips, chief of Humble's football announcing staff, began broadcasting for the Humble Company in 1935. During the 1961 season it is estimated that he will speak some 265,000 words on the air.

Humble's 1961 broadcast schedule will require the services of about 106 broadcast crew members in addition to many more radio studio technicians. Twenty-five announcers and a minimum of 18 radio engineers, 12 spotters make up the crew.

Girl Killed Friday Night Auto Crash

15-year-old Burk Burnett school student was killed in a two-car crash on U.S. Highway 281, two miles north of Wichita Falls, Friday night. Her arrival at Wichita Falls Hospital was Kathy Potter.

Funeral services for Kathy Potter, 15-year-old daughter of Mr. and Mrs. E. D. Potter, were held Monday at the Baptist Church.

Funeral services for Melvin Rittenhouse of Altus, Okla., officiated. The funeral was held in the Crematorium in Wichita Falls, under the direction of Owen & Sons Funeral Home.

Rittenhouse was killed and five persons injured in a two-car crash on U.S. Highway 281, two miles north of Capehart, Okla., at 9:00 p.m. Saturday.

Rittenhouse was born Dec. 21, 1945 in Altus, Okla. She attended the school in Wichita Falls for seven years where she was active in the Camp Fire

and was active in school activities, having been chosen as class favorite, and member of the Pep Club and the Club member.

Survivors include her parents, Mr. and Mrs. E. D. Potter, and her grandparents, Mrs. Myrtle of Coleman, Okla., and Mrs. A. A. Potter of Odessa.

Survivors also were Gary Owen, 15, of Grandfield, Okla., and Barney Kinzer, 18, and Phillis Kinzer, 18, of Grandfield.

Four Burk Burnett youths riding in 1958 Chevrolet were traveling en route to Wichita Falls when the accident occurred. The Burk Burnett youths said the victims had attended a football dance in Grandfield and were coming to Wichita Falls for something to eat.

The driver of a 1961 Pontiac was believed to be returning to Grandfield after attending a show in Wichita Falls.

The ambulances from Wichita Falls brought the victims to hospital. Scores of city, county and state law officers were in the scene to control traffic blocked by the accident.

Study Club September 6th Winterspoon Home

The University Study Club met at the home of Mrs. I. N. Winterspoon September 6 for a business session with Mrs. O. E. Melton and Mrs. Arthur Houser as guests.

Address was given by Mrs. Winterspoon. Mrs. B. A. Brown, president, gave the welcome to the members. The business session of the club for the year were discussed. The most important one was to cooperate with the Civil Defense Program. A review of the year book was given by Mrs. Winterspoon.

Members present were Mmes. Browning, Andy Bazzell, Bunstine, E. R. Burns, Cauthorn, Bill Crosley, Gilbert, A. C. Houser, J. D. Kinzer, L. W. Mathis, J. M. Mathis, H. Rigby, Joy Sessions, Carl Williams, H. G. Williams, Marshall Young and the hostess, Mrs. Winterspoon.

Burk Men Electrical Exam

Examinations for electrical licenses have been given at the provisions of the electrical code, according to the City Clerk, Burk Burnett men successfully passing the test were: J. M. (Jude) Mathis, L. M. Patterson of Electric, Charles E. Wilcox and Gerald Savage.

Those from out of town passing the test were Archer Electric Company, Wichita Falls, and Randall Hill Electric Company of Iowa Park.

Jehovah's Witnesses End Three-Day Training Program

Jehovah's Witnesses' three-day training program in Wichita Falls was climaxed Sunday with the District Supervisor, Weldon L. Mackey, quoting Jesus' words in Matthew 24:34, "This generation shall not pass till all these things be fulfilled."

In speaking on the subject "The 20th Century in Bible Prophecy," Mackey said, "Truly Jesus' words are being fulfilled today upon the earth distress

of nations, with perplexity; Men's hearts failing them for fear, and for looking after those things which are coming on the earth."

Mackey told the 564 in attendance, "The only hope is for God's Kingdom to come, and His will to be done on earth as it is in heaven; this alone will rob the earth of all godless elements and make room for a paradise earth."

Texas Circuit No. 9 Assembly carried the theme "Walk in the Name of Jehovah Forever."

The purpose of the 17 congregation assembly was to encourage one another in keeping in-

tegrity with Jehovah, the sovereign of the universe.

Jehovah's Witnesses meet two times a year in circuit assembly to examine their ministry, determine existing weaknesses, and lay plans for expanding to national levels.

Circuit Minister Raymond H. Smith, in his concluding talk, "The Power of Kindness," said, "Kindness is a power because it finds its source in Jehovah. Thus, when the Christian manifests his kindness in practical ways, he does so 'not hoping for anything back.'"

Grace Lutheran Missionary Society

Members of the Grace Lutheran Missionary Society met on September 5 for their monthly meeting in the church's parish hall.

President, Mrs. H. A. Mills, called the meeting to order after which the group sang "Savior I Follow On." Mrs. Brown followed with the opening prayer. Mrs. D. Roark gave the roll call to which 17 members responded. The secretary then gave the minutes of the previous meeting. Mrs. T. Mills gave

the treasurer's report. Mrs. Dickey was put in charge of the light bulbs which are for sale at \$1.50 per carton containing six bulbs.

Mrs. Otten, wife of the new pastor, was accepted as a member.

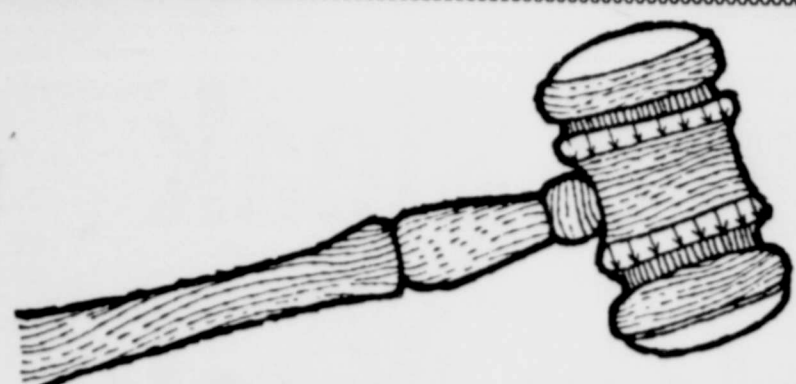

The society voted to have a rummage sale the end of September.

The president reminded everyone of the rally in Fort Worth on September 24. All members are urged to attend.

Mrs. C. Schroeder gave a very interesting topic on "Parents Relations to Children" taken from the Holy Bible.

Rev. Otten gave an informative lesson on "Inactive Members" in connection with the theme of "Preaching, Teaching, and Reaching."

The group closed with "The Lord's Prayer" in unison after which Mrs. H. Krusemark served cooling refreshments to the following members and guests: Mmes. B. Howell, O. Frieling, B. Lasley, C. Schroeder, B. Stalks, A. Evert, H. Krusemark, H. A. Mills, T. Mills, V. Mills, Brown and daughter, C. Koenig, Unger and children, D. Roark, Dickey, J. W. Kinder, Jr., and daughter, Rev. and Mrs. Otten, and Miss Clara Schulz.

Donnie Boren Best Defensive Man for Graham Game

Donnie Boren, 175 pound senior guard was Burks defensive man in the game against Graham. From his defensive position he made more tackles and assisted on more tackles than anyone on the team. Each week the boy making the most tackles either assisted or unassisted will be the defensive man of the game.

Success With Crops Can Bring 4-Hers \$400 Scholarship

Six national scholarships of \$400 each will be awarded to 4-H club members next November. Awards will be based on outstanding work done in the 4-H field crops program, says the National 4-H Service Committee.

The top ranking sextet will be selected from 48 state winners and all will be delegates to the 40th Annual 4-H Club Congress convening in Chicago, Ill., Nov. 26-30th at the Conrad Hilton Hotel. Around 1,550 boys and girls, winners in some 30 categories from every state, will attend the annual event accompanied by state 4-H Club leaders and other cooperative Extension service personnel.

The field crops program last year had an enrollment of well over 275,000 club members, a record high during the last five years, the 4-H Service Committee reports.

The Lone Star state claimed one of the 1960 national scholarship recipients, who at the age of 12, was already recognized as a certified field seed grower.

The lad is 16 year old Dale McEachern of Hale Center in northwest Texas. Dale and his dad have cooperated with the Lubbock Experiment Station on irrigation and other research projects. The 320 acre McEachern farm has gained an international reputation for its modern operating methods and has had visitors from foreign countries including Brazil, Turkey and Portugal. Through the crops program,

4-H'ers have an opportunity to learn how to do a good job in production, harvesting, management and marketing by using recommendations from the USDA and the Extension Service. Members have consistently shown better quality crops, higher yields and income resulting from participation in the project.

Awards in the program are given by the Arcadian Products Department of Allied Chemical Corp., New York. Besides the college scholarships, the firm provides funds to bring the state winners to the Chicago meeting.

At the local level, gold filled medals of honor are given to as many as four champions in each county. Another record was reached last year when 5,568 members in 1,984 counties received medals.

CORRECTION

The Billie Barger School of Dance advertisement in last Thursday's Burkburnett Star should have read . . . Only Professional TAP Instructor in Burkburnett. We apologize for this error.

Dr. Bill Boardman attended the Fort Worth Academy of Medicine Wednesday. He took a course on Modern Dental Restoration.

Stamford Dogs Slip By By Burk 6-0

By Belmont Magill

The Stamford Bulldogs slipped by Burk on a three yard run around left end by Joe Ray Scurlock in the first quarter, for the only score in the game. Burk players Glenn Veach, Curtis Moore and Melvin Lindley were to be congratulated as are all of Burk's players.

3 New Teachers Added To Faculty

The unprecedented growth of the school enrollment has demanded the dividing of some classes and the hiring of additional teachers.

James R. Taylor, formerly Superintendent of Valley View School, will be among the High School faculty teaching Algebra I and II. Bobby G. Littlejohn will be at Hardin Grade School teaching the 5th grade, and Louie Hall, at Hardin Grade School, teaching the 6th grade. Francis Story, formerly at Capehart School will be with the faculty in the Primary Building.

The enrollment now stands at 2952, with 723 in High School, 342 in Junior High, 475 in Hardin, Primary 389, Sheppard-Burk 647, Southside 306 and Booker T. Washington 70.

Senior Class

During the big political week when most of the students were putting up posters, handing out name tags, and making speeches, all the class officers were elected. In the Senior Class, Jim Davey was elected President, Harry Small, Vice-President; Kay Zimmerman, Sec-Treas., and Patricia Simons, reporter.

To start off this year's money raising campaign the Mighty Seniors are going to have two stands at the Lions Club carnival and possibly a stand at the Texas and Oklahoma Fair.

Will you please give us your support when you see the sign "Burkburnett Seniors?"

National Honor Society

PATRICIA SIMONS, Reporter

The first meeting of the National Honor Society met September 6. The meeting was called to order by Chip Young, President.

A motion was made and seconded that the new selected members for the 1961-62 school term be chosen at the beginning of the school year so that they would be able to take part in the complete year's activities. Kerry Sexton, Jill Deemer, Patricia Simons and Dave Nelson were elected for this particular committee.

It was also brought up before the organization to plan a career day. The purpose of this is to inform the students of various vocations. The committee selected for this program were Sue Revier, Mary Ann Cambel, and Kathryn Siber.

Two Bulldogs Tie for Defensive Honors In Stamford Football Game

JERRY BARRY

CURTIS MOORE

In the game between Burkburnett and Stamford, two Bulldogs had an equal amount of points. Both boys were declared defensive men of the Stamford game. Jerry Barry and Curtis Moore have been playing outstanding ball for the Bulldogs so far this year.

Gym at Junior High Under Construction

The High School Addition, which is presently being used as the Junior High School building, has begun construction of small Corrective Gyms. This construction is under the Virgil Mills Construction Co. Bids will be taken around September 28 for 14 more classrooms. Plans are also underway to construct a library, Band Hall and Cafeteria in the near future.

BHS Cheer Leaders

Did you know Burkburnett High School boasts a pep squad of 75 loud-mouthed girls? Well, we do, and we're proud of it. We sincerely believe it helps encourage our football boys to victory.

Every Friday throughout the football season, you can be prepared to hear us scream and holler and shout, whether we're playing here in town or a thousand miles away.

We consider the pep squad another milestone to add to the progress and success of Burkburnett High.

Newly elected officers for the pep squad are Judy Gumm, President; Joene Lamber, vice-president; Pat McAdams, secretary; Linda Wilson, treasurer, and Jerry Lanig, reporter.

Cheer leaders are Linda Holt, senior and head cheer leader; Phyllis Vaught, senior; Linda Lokey, Junior; Ann Jennings, Sophomore; Francie Mills, Sophomore.

These cheerleaders attended SMU cheerleaders school in August, learning new cheers and competing with cheerleaders from other schools.

The safest side for a man to take in an argument between two neighbors is the outside.

Journalism

The new 1961-62 Derrick is to be the best in the history of Burkburnett High School. New and different attractions will be added, but first we must have a lot of hard work and cooperation.

Yes, to make a II this possible, we need your help—the merchants of Burkburnett, Wichita Falls and surrounding towns.

The Derrick Staff is selling ads to be placed in the annual, priced as follows:

- 1 page—\$60.00.
- 1/2 page—\$30.00.
- 1/4 page—\$15.00.
- 1/8 page—\$7.50.

If you would like to advertise your business, merchandise, or store, contact the Derrick Staff, Burkburnett, High School.

EASY GOING—Styled in corduroy shell for McGregor's R. F. D. #1 collection, coat has warm alpaca lining.

ROY T. MAGERS' RETURN FROM GREAT SOUTHERN CLUB BUSINESS MEETING

Mr. and Mrs. Roy T. Magers have returned from a trip to San Antonio, where they attended the 1961 business meeting of the Great Southern Club. This club is composed of career life underwriters of the Great Southern Life Insurance Company, Houston, Texas, who met qualifications in volume, quality business and outstanding service to policyowners and clients during the fiscal year ending June 30th.

The business meeting, held at San Antonio's Granada Hotel, was attended by 280 Great Southerners and their wives from 12 states coast to coast across the southern part of the United States.

Mr. and Mrs. W. R. Stimpson have returned from a vacation visit with former Burk residents, Mr. and Mrs. W. C. Brandon, in Magnolia, Ark.

Could the landlord do this to him? After all, hadn't he told Tom that he could have a two year lease?

Tom began thinking too late. He found out, to his sorrow, that no mere verbal understanding would hold up in a case like this. Only written leases would be effective for such a long term rental.

A lease is a contract between the landlord and the tenant. As part of the contract, the parties may agree on any terms and provisions they desire. The landlord has the right to impose almost any conditions he wants, and if the tenant accepts he is bound thereby. To interpret any lease, you must study its terms to see what has been agreed to. Being a contract, it is binding upon both parties. That is why in such situations the renter should have a written lease.

In this case, Tom may be able to collect a reasonable value for the improvements he made to the house, but he cannot force the landlord to keep him as a tenant. He will have to look for another place for his family.

not even know who owned the property.

No human disturbed him, but the elements did. Came the first rain and water poured into the hovel due to a leaky roof. This happened several times and so the non-paying tenant took steps.

Did he try to repair the roof? No. Having heard that Washington was taking care of people, he wrote a letter to the Great White Father. I read: The roof of my house leaks. If you don't send someone soon to repair it, I'm going to move."

This story would readily be humorous, except that it is so tragically true. The "Do Gooders" along the banks of the Potomac have brain washed the American people with their philosophy that government has an obligation to do for people what people can and should do for themselves.

So, who can blame this poor, ignorant and lazy squatter for calling on his government to repair that roof? Much smarter men than he have their hands outstretched to Washington. Shame on both of them and Washington.

ignition and fuel systems, with dirty air cleaners, incorrect timing, bad carburetion and worn spark plugs topping the list of performance robbing defects which cause tractors to waste power and fuel.

If your tractor seems to be using more gasoline than usual, Champion advises a check of the following areas may save you some money:

Air Cleaner—Check and clean reservoir frequently, daily if necessary. Service entire unit at least once a season and oil-ener if the tractor is used under extremely dusty conditions. Remember operating a tractor with a clogged air filter is just like running with the choke open.

Fuel Filter and sediment bowl—Inspect daily and clean weekly. Watch for dirt and water in the bowl. When replacing bowl make sure gasket surfaces are in good shape to prevent leaks.

Distributor—Inspect and adjust breaker points at about 100 hours and replace every 250 hours. When servicing old points, use a point file (never sandpaper) to remove pitting. Set gap spacing in accordance with manufacturer's specifications and always retune the engine after points are installed. Check inside of distributor cap for cracks, dirt and moisture.

Spark Plugs—Clean after 125 hours of service and replace after 250 hours. Remember, worn plugs can waste 7c out of every dollar's worth of gas you buy and almost 9% of your tractors power.

Cooling System—Check condition of fan belt, radiator hoses and thermostat. Either overheating or underheating will cause poor overall performance and greatly increase engine wear.

Don't let tragedy mar your fishing enjoyment. Take along life preservers for each member of your party.

It's The Law In Texas

Beware of Verbal Leases

Tom and Jane, a young married couple, were going to have a baby. Tom was a hard working young man, but he had not had enough time to save money for a down payment on a house. Their present apartment was not large enough for him and Jane, as well as the baby, so he began to look around for another place to rent.

Rental houses were hard to find, but Tom managed to locate one that suited his budget.

It was old and in poor repair. The owner told Tom that he could have the house on a two year lease if he would "fix it up." So Tom painted the place, both inside and out, and made all of the necessary repairs. He even fixed up the old fireplace in the living room and built a small patio in the back yard. In a few weeks the house was ready for his family, complete with a room for the expected baby.

Three months after Tom and Jane moved in, they received notice to move out. The owner had sold the house.

Only then did Tom begin to think about his legal rights.

Threatens To Move

It's an old story, but one well moral and is a deadly parallel worth repeating. It carries a as to what the "Welfare Staters" are doing to an awful lot of the American people.

The story: An indigent citizen found an old dilapidated deserted shack. He moved his family into it—no permission from the owner, in fact the squatter did

TRACTOR TALK

Maintenance Pays Off

Did you know that improper tractor engine maintenance is costing U. S. farmers 15c out of every dollar they spend for fuel?

If you run your tractor 600 hours a year (that's the national average), this means you are spending \$375 for gasoline, but waste \$56.25 of it by not paying closer attention to the routine maintenance chores that should be taken care of at regular intervals.

According to Champion Spark Plug Company, most of the conditions that cause a tractor to waste gas originate within the

STATE CAPITAL Highlights AND Sidelights

by Vern Sanford
TEXAS PRESS ASSOCIATION

Storm clouds of protest boiled up quickly among consumers, clerks and merchants during the first week of application of Texas' almost general sales tax.

Reaction was not so much against the cost of the new tax, but more to the principal, inconvenience and confusion. Natural resistance to any new levy always is evident. And there's certainly nothing hidden about a sales tax. Noticeable were strange new surpluses of pennies in pocket and purse. They were bothersome. Arguments also ensued over what is subject to tax and what isn't.

Although State Comptroller Robert S. Calvert issued bulletin after bulletin explaining what is covered by the tax, it was evident that much time will have to pass before everyone concerned clearly understands the new law.

No one would venture a guess as to how many telephone calls were received by the Comptroller's office during the first week. The multitude of businessmen converging on the Capitol to seek information or lodge complaint gave Comptroller Calvert not a moment's peace.

Meanwhile at the other end of the line, the direct contact point for collection of the extra pennies, clerks, especially those in supermarkets, were equally harried. There had been so little time for them to bone up on the many exemptions and intricacies of the new way of taxing Texans.

Probably the most universal scheme to beat the tax emerged in coffee shops across the state. If the coffee tab for the group came to 25 cents or more, there was no sense in one person picking it up and having to pay an extra penny.

Chicken Prices Fixed?—Texas chicken eaters who have been enjoying their favorite fare at phenomenally low prices this summer have been given something to think about by Atty. Gen. Will Wilson.

"I want to determine if there is an effort to price the Texas poultry producer out of business," he said as he launched an investigation into the matter. If our Texas broiler raisers are squeezed out of the market with below cost prices, the ultimate result will be scarcity and sky rocketing retail chicken prices.

Wilson said that since August, 1960, there has been a decline of some six cents per pound in the price paid broiler producers in Texas, to a low of 12 cents or less. He pointed out that 14 to 16 cents per pound is the usual cost of raising broilers.

The Attorney General is invoking a court of inquiry to investigate the possibility of anti-trust violations.

Drivers Slow Down—State Highway Department survey indicates a continued slow down in average speed on Texas highways. This year the study indicated an average of 55.3 miles per hour for passenger cars clocked by hidden radar at 25 locations over the state.

Q Is it possible to sharpen scissors with a portable electric bench grinder?

A Scissors can be touched up if you have a good-quality, fine-grit wheel in your bench grinder. Apply the blade so the bevel lies accurately upon the wheel with the blade crossing it at right angles. Draw the blade across the wheel from heel to point.

Do not run the blade back and forth, but start each stroke at the heel of the blade, and be sure

Start each stroke at heel of blade when sharpening scissors. To dip the blade in water frequently to cool the metal. When finished rub the blades lightly with steel wool before cleaning.

Tips from readers:

For persons who use a ladder a great deal, identify the center of balance once and for all by painting a band around each side member. When you have to carry the ladder, pick it up at one of these marks and you can walk away without having to juggle it to and fro searching for the balancing point.

You can avoid cracking plaster walls when hanging pictures if you drill the hole for the nail with an electric drill. Be sure the hole is a little smaller than the nail. For an added precaution put a small piece of masking tape over the spot before drilling.

The life of abrasive sheets used with portable power sanders, especially disk types, can be lengthened by covering the back of the abrasive sheets with masking tape. By doing this racking and tearing of the abrasive is discouraged when they are subjected to long periods of activity.

If you have any do-it-yourself tips which might interest other readers, pass them along to the Thor Research Center, 175 N. State St., Aurora, Ill.

MAKING PLANS . . . Humble Football announcers Kern Tips, left, and Alec Chesser, right, discuss radio broadcast plans with Howard Grubbs (center), executive secretary of the Southwest Conference. The Humble Company has sponsored radio broadcasts of Southwest Conference games for the last 28 years. This year's first broadcasts can be heard Saturday, September 23.

Medallion Homes in Florida Ideal for Retired Families

Gold Medallion on this house in Florida retirement community assures prospective buyers of comfort and convenience.

The ease and convenience of all-electric living make it ideal for a retirement home. That's one reason more and more new houses for active retirement in Florida are wearing the familiar mark of modern housing excellence: the Gold Medallion award.

"It's the one symbol that people from all over the country recognize," comments Charles K. Cheezem, St. Petersburg's largest builder of homes for retired families. His current development, Ridgewood Mountain Village, near the Gulf of Mexico, will comprise 1,200 one-story, single-level homes. A community recreation center and swimming pool are under construction. The homes are priced from approximately \$11,000 to \$16,000.

About 200 homes now occupied bear a Gold Medallion awarded by the Florida Power Corporation, and most of those to be built also will be Gold Medallion Homes.

"When people are looking for a home in which they can settle down comfortably for the rest of their lives, they put a very large

premium on convenience, comfort, and minimum upkeep," Cheezem explains.

"Most of our customers are from out of state and know very little about local construction. A majority of them, however, do know that the Gold Medallion speaks a house that offers the last word in modern, convenient, trouble-free electrical living."

Cheezem's Gold Medallion homes are heated and cooled electrically for maintenance-free comfort. Other features include above-average lighting and wiring, numerous electric outlets, and all-electric kitchens. The kitchens include a built-in electric oven and counter-top range, an electric refrigerator-freezer, automatic dishwasher, and garbage disposal unit. Many are equipped with a combination electric washer-dryer as well. A quick-recovery electric water heater is standard equipment in all the homes.

Mineral wool insulation in Cheezem's Gold Medallion homes assures economical heating and year-round comfort.

News From The County Agent

Do you have areas on your farm where the crops show no hunger signs but where top yields are seldom obtained?

If so, you are in need of a good soil testing program to isolate and build up such areas, suggests county agent B. T. Haws.

By following a regular program of soil testing, you can avoid low yields and low profits caused by hidden hunger, he explained.

"Before soil testing reached its present development, he said 'many farmers waited for deficiency symptoms to tell them they were running out of a plant nutrient, an inefficient, dangerous method. When plants reached this stage profits had been declining for some time.

Most farmers who soil test today are not interested in recommendations for average production, the county agent continued. The fact that they use soil tests indicates they are above average farmers, interested in producing top yields of high quality crops to match the economic framework in which they operate.

To get top yields, he emphasized, farmers should have their soil tested regularly and use sufficient amounts of fertilizer to build up and maintain a high fertility level in their soils. Such a method will help adjust fertilizer use to fit the individual situation.

County Agent B. T. Haws this week called on Texas motorists to help farmers and ranchmen save valuable grass by using care with matches and cigarettes. "The grass you see from the highway is like money in the bank for the stockman,"

This Week's Ideas — for Sportsmen

Several mail order houses sell polyethylene sheeting (like cleaners case suits in, but heavier). Carry a folded piece measuring about 6x9 feet in your hunting coat. It's very light and takes up little room. It is dry to sit on in wet weather, and a slit in it converts it into a light and seviceable poncho. It makes a good cover for your outboard motor, and a good ground cloth or dew cloth for your sleeping bag. Among other uses, it keeps equipment dry on boats during wet weather.

For an information-packed 36 page illustrated booklet full of easy recipes and time-saving ideas on outdoor cooking, just mail a postcard to "Joe Bates, Jr., Box 414, White Plains, New York". Merely say "send booklet". The booklet is free, and there's no obligation of any sort.

Here's a tasty and easily made energy bar that won't soften in your pocket when carried on hunting trips. Put some seedless raisins, chopped nuts and a quart or so of any dry cereal in a double boiler. Heat this with one or two packages of "Nestle's" Semi-Sweet Chocolate Pieces (from your grocer's). When the chocolate melts, mix the ingredients thoroughly and compress them into cakes in a muffin tin. Wrap the cakes in foil. One of these, and perhaps an apple, will keep an energetic hunter going all day. They're good, too!

Haws said. "It is his winter hay crop."

For that matter, the motorist has a big stake in the grass, too. If he enjoys hunting, the grass represents food and cover for deer, quail and other game birds and wildlife. For the fisherman, the grass means clear streams and better fishing in ponds and lakes. And for all of them, grass can mean tasty beef steaks and lamb chops.

So before you throw that lighted cigarette from the car, think of what it means to you as well as to the stockman.

With an eye to the future, Wichita County Program Building subcommittees in home economics have just completed plans for a new year, in home demonstration work. Thelma Wirges county HD agent reminds the general public that home demonstration is open to any homemaker interested in learning new and improved methods of homemaking.

After taking a look at plans for the new year, contact any of the subcommittee members or the county home demonstration agent. They will be glad to give more complete information about how you can be included in the part, most interesting to you.

Health and happiness interests all families today and the foods and nutrition subcommittee believe food is the main key to health and happiness. This committee has planned a workshop on "Food for Health and Happiness" which will include: Food for growing children, Food for Longer life, Food for alertness, Why waste Food and Dietary Fat. Mrs. E. A. Moore, chairman of the subcommittee and her committee members: Mesdames V. C. Lamb, G. A. Day, L. H. Hull, Amy Walker, J. L. Graham and Charlie Wells also have plans for home demonstration club programs, which in-

clude management, as well as foods. Management will be stressed since time, energy and money are the key resources in feeding the American family.

Mrs. Gail Lowrance and the home improvement committee have plans for a special meeting on furniture selection. All home makers enjoy selecting new home furnishings, but many do not spend the furniture dollar to the best advantage. Plans were also made for Wichita County Home Demonstration clubs to continue their landscape improvement work. Members of the home improvement committee are Mesdames Otis Scobee, T. E. Adams, W. E. Karstetter, Knox Smith and D. D. Mendenhall.

A year would not be complete without work in the field of clothing. A workshop is being planned for homemakers with limited clothing experience, where basic garments will be constructed. A grooming workshop will be held over a three month period, where interested homemakers will work on their grooming habits. Mrs. Raymond Krull, chairman of this committee has moved from the county. Committee members, Mesdames J. G. Cheney, Emil Flusche, James Allen and George Wyatt will be glad to give additional information.

Home Demonstration club work was planned by the organization committee, Mesdames J. A. Fouts, J. L. Cato, Lee Cooper, Emil Flusche who invited visitors and new members.

For more complete information about the new year of home demonstration work, which is open to any interested homemaker in Wichita County, contact Thelma Wirges, county HD agent, 305 Federal Bldg., in Wichita Falls.

will you be one of these people?

TAKE YOUR PROBLEMS TO CHURCH - - MILLIONS LEAVE THEM THERE

A REASON FOR EVERYTHING

The giraffe was given a very long neck and legs so that he could feed on the leafy part of trees. The giraffe is the only animal that can not make a sound. We do not know the reason for this. God has revealed many things to us, but not all things. Men delve deeply into theology and find many things that cannot be answered, but God has given us the answer to all things pertinent to our salvation.

Attend church, study God's word and grow in faith

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

532 1/2 W. 3rd
S-Sgt. Herman Buchanan
532 1/2 W. 3rd
Charles Harding
516 Glendale
Eugene Gilmore
208 1st St.

\$1950 Is Too Much For A Rocking Chair

Some rocking chairs are worth more than others, but one of our merchants informed us that none could be worth \$1950. In last Thursday's paper the Burk Furniture Mart's ad showed a rocker for that price. We are sorry we raise the price from \$19.50.

Mr. and Mrs. J. C. Adams had as their guests recently Dr. and Mrs. Peevey of Austin. Mrs. Adams honored Mrs. Peevey with a luncheon at Wichita Falls. Other guests were Mrs. P. A. Carpenter and Mrs. J. C. Adams, Jr.

If you are a newcomer to Burk Burnett and have not been contacted, please call Mrs. Savage, 569-2180, or the Chamber of Commerce office, 569-3393.

It is easier to build sound boys and girls than to repair adults.

Burk 4-H Club News
The Burkburnett 4-H Community Club held its monthly meeting Sept. 11 in the ball park next to the Youth Center. The meeting was called to order by vice president, Patricia Simons, and we all repeated the 4-H pledge. The minutes were read by Sue Revier. She also read a thank-you card received from Mr. and Mrs. S. L. Johnson and family who had recently moved from Burk.

New officers were elected for the coming year. The new officers are: President, Patricia Simons; Vice President, Bill Byars; Secretary, Toni Ann Savage; Historian, Karen Bentley; Council Delegate, Sonny Bentley; and Reporter, Diane Bentley.

Mrs. E. J. Simons will be our new 4-H organizational leader for our Burkburnett Community Club.

We were happy to receive three new members into our club, Marian Ruth Bentley, Edie Viavattene and Michael Hodges.

The meeting was adjourned following our 4-H song. Eleven members were present including Patricia Simons, Sue Revier, Edie Viavattene, Bill Byars, Karen Bentley, Diane Bentley, Louise Bentley, Marian Bentley, Susan Leitner, Sally Mann, Debby Meadows and Michael Hodges.

The group adult leaders that were present at the meeting were: Mrs. J. H. Bentley, Mrs. Howard Bentley and Mr. and Mrs. Gerald Savage.

Mr. and Mrs. Viavattene were visitors at our meeting. We were very glad to have them.

Anyone who is interested in joining 4-H is cordially invited to attend our October 9 meeting at 7:30 p.m. at the Youth Center.

—Diane Bentley

Humble Football Broadcasts, TV Starts Sept. 16

Next Saturday (Sept. 16th) will be the kickoff date for the Humble Company's annual comprehensive coverage of college football for Texans. And as a post season bonus, Humble will sponsor radio broadcasts of the 14 play-off AAA and AAAA Texas High school football games played in December.

Kicking off the coverage will be a live telecast of the Pittsburgh-Miami game played Saturday at Miami, Fla. This game will be the first of the 13 NCAA telecasts to be co-sponsored by Humble. Southwest Conference teams appearing in these telecasts include, Texas, Texas A and M and Arkansas.

Regular radio broadcasts of Southwest Conference games will start Sept. 23rd when Kern Tips will describe the Rice-LSU game from Houston. Tex Box will announce the Texas-California game from Berkeley, Eddie Barker will broadcast the Texas A and M-Houston game from College Station, Bob Walker will cover the SMU-Maryland game from Dallas, Eddie Hill will describe the TCU-Arkansas game from Ft. Worth and Dave Russell will broadcast the Texas Tech-Mississippi State game from Jackson.

These games will be broadcast over networks that include about 100 Texas radio stations. By the end of the season, Humble will have broadcast 49 games played by Southwest Conference teams.

Recently the oil company's play-by-play announcing staff attended a football seminar in Austin. Conducting the seminar were Kern Tips and members of the University of Texas football coaching staff. The announcers discussed types of play and formations likely to be seen in the Southwest Conference games this season, rule changes made since last season and football broadcasting practices.

This will be the 28th consecutive year that Humble has sponsored radio broadcasts of Southwest Conference football games. And fans seem to appreciate this coverage for a 1960 survey showed that on a busy football weekend, some two million fans (1.3 million men and 7 million women) in Texas see or hear one of the games.

So, when the season starts Sept. 16th, football fans in Texas will know—if they cannot get to the games—Humble will bring the games to them.

Friendly Homemakers Club News
Friendly Homemakers Demonstration Club met on Sept. 7 in the home of Jo Willis. Mrs. Cheney gave the opening exercise.

Roll call was answered by six members. The club received a letter of thanks for work accomplished at the State Hospital from Dr. Yeager. Clothing was brought to the meeting to be given to a needy family.

A nominating committee was appointed. Mrs. Gray and Mrs. Cheney helped with the Tubercular tests for the school children.

Mrs. Lanig won the door prize.

Members present were Mmes. Jo Willis, Lena Bell, Mattie Cheney, Ruby Lanig, Evelyn Gray, Myrtle Masters and one visitor, Mrs. C. J. Day.

The freependers are undaunted. They're all for sacrifices, but can't quite think of anything they can do without.

The Humble Company will keep the public informed about its 1961 radio and television broadcasts through distribution of over 18,000 publicity pieces to newspapers and radio and television stations.

Fatal Falls In The Home

Falls are the main cause of accidental deaths in the home.

Fatal home falls in a recent typical year totaled 13,400, according to Mr. Bill Donnell, Lone Star Gas Company Manager. Lone Star and The Burkburnett Star are co-sponsors of the 1961 Home Safety program in Burkburnett.

The 13,400 fatal home falls, Mr. Donnell said today, represent 47.9 percent of all home accidents.

"From year to year," Mr. Donnell said, "Only motor vehicle accidents outrank falls as an accidental killer and approximately 64 1-2 percent of all falls occur in the home."

The greatest number of fatal falls occur in the bedroom. Falls on the stairs and in the yard and kitchen follow in that order. Fatal falls in fewer numbers occur in the living room, bathroom, dining room, hall, basement, garage and on the porch.

Approximately 86 percent of the victims of fatal falls are more than 65 years old. Eight percent are in the 45-64 age group. The remaining 6 percent are spread through the 0-44 age group.

A majority of fatal falls occur while victims are walking on a level surface. However, they also occur while the victims are standing still, ascending or descending stairs, working, sitting, playing, eating, drinking, climbing and reclining. Some occur while the victims are sleeping.

Particular attention, Mr. Donnell said, "must be given to the problem of protecting the older people. Lighting, particularly on stairs, must be adequate. Do not leave loose objects in the middle of the floor. This particularly endangers an older person. His sight may not be able to detect the objects. If he trips he is less likely than a young person to recover his balance."

"Keep an orderly home. Arrange furniture so that it does not prevent free passage around the room. Don't let beds, vanity benches and other furnishings in the bedroom put into the middle of the room. Keep doors closed. Close dresser drawers when not in use. Do not leave shoes in the middle of the floor."

"When a person gets out of bed in the middle of the night and tries to make his way to the bathroom or kitchen in the dark, he is more than likely to fall over an improperly placed object. This danger can be eliminated by keeping the house in order and by having a light located within reach of the bed and at the entrance to all of the principal rooms," Mr. Donnell concluded.

The Humble Company will keep the public informed about its 1961 radio and television broadcasts through distribution of over 18,000 publicity pieces to newspapers and radio and television stations.

WCS CIRCLE II MET MONDAY, SEPT. 11

Circle 2 of the Women's Society of Christian Service met Monday, Sept. 11 at 2:30 p.m. in the home of Mrs. Homer Gilbert.

The meeting was opened by singing, Jesus Calls Me. The call to worship was given by Mrs. S. S. Reger reading Acts 2: 1-4 as a basis.

Preceding the study for the afternoon, Mrs. Geo. D. Scruggs gave an introduction to the program of study for the year.

The study for the afternoon, Conditions of a Contemporary Pentecost, was given by Mrs. Scruggs. The study was inspirational reminding us that the coming of the Holy Spirit in the Pentecost experience was to a group, a group made up of the followers of Jesus Christ.

Today, through spiritual desire, earnest prayer, constant witnessing for Christ and a sincere love for all mankind, we make in our lives an abiding place for the Holy Spirit.

After the benediction the hostesses, Mmes. Gilbert and Henson, served refreshments to the following: Mmes. Tucker, Gage, Vanderburg, Cauthorn, Copeland, Gragg, Bunstine, Patten, Reger, Bazzell, Gore, Scruggs, Taylor and Paliver.
