## PROPOSED BOUNDARIES OF CITY LIMITS LISTED

### CITY HALL News and Notes

By Clovis D. Mann City Manager

are the proposed boundaries of the city limits they will appear in the municipal election on Tuesday, April 3rd.

at the northeast corner of the present City of Burkburnett.

89 degrees—30' to a point in the east line of Block 101 of the Red River

along the east line of Block 101 to a point 400' N. of the U. S. 277—281;

northeasterly parallel to the center line of the West

southeasterly along the center line of the West

Southwesterly parallel to the center line of the West

Northerly parallel to the center line of the West

South along the center line of the West

South along the center line of the West

South along the center line of the West

Left to Right: Mrs. Jack Mossman, Girl Scout Leader, presenting pins to Carla Sutherland, Dorothy Mossman, Kathy Bujak, Jeanette Holtzen. Carla and Kathy are being invested as members of the Girl Scout Troop in the Investiture ceremony.

The Girl Scouts study many different topics. One of the fields of study for Scout Troop No. 50 is Dramatics. Left to Right in a dramatic scene are Patti Kormos, Pat Zimmerman, Becky Kennedy, Lori Sue Landrum, Janet DeMarzio and Claudia Von Voight. The Leader of this group is Mrs. Wayne Landrum and her assistant is Mrs. Rudolph Kormos.

Ready for their cookie sales, the Girl Scouts will cover Burkburnett "like a North Texas Sand Storm" for the next week selling cookies. Left to Right are Jeanne Vigil, Lu Ann Bolton, Clara Cole, Lois Hatcher, Janice Girvens, Holly Adams, Denise Duncan, Dee Ellen Adams, Julie Brewer, Cathi Oelschager, Carolyn Farris, Mrs. Cole and Mrs. Bolton, Leaders.

## Girl Scouting In Burkburnett

At present there are three Girl Scout Troops in Burkburnett; two Brownie and one Intermediate. Mrs. Wayne Landrum is one of the Brownie leaders, assisted by Mrs. Rudolph Kermos. Mrs. Dorothy Cole and Mrs. Harold Bolton are co-leaders of the other troop. The Intermediate troop was organized in 1959 and Leaders have included Mrs. Roy Brown, Mary Ellis, Marilyn Farrell, Joy Olsen. All troops meet at the First Christian Church.

## Congratulations To Girl Scouts

The "girls in green," almost 3-1/2 million Girl Scouts, was fifty years old on March 12th. Most people at 50 are "old enough to know better" than to camp out of doors on the ground when they could be enjoying a soft mattress, "old enough to know better" than to cook over a wood fire instead of using an electric stove. One would expect that people "over 50" would prefer easier pastimes than painting furniture for the children's room in a hospital.

As the Girl Scouts reach their 50th Anniversary they are as enthusiastic as ever about roughing it in the out-of-doors, and busy as ever learning new skills and helping others. They carry on the Scouting tradition of service to their families, their community, their country and the world.

Their founder, Juliette Low, was in her fifties when she brought Scouting to the girls of the United States. Instead of enjoying a life of leisure in her Savannah home, she worked tirelessly to organize a program which has provided almost 18-1/2 million Girl Scouts with years of purposeful, happy activity, new-found interest and friends.

## CITY LIMITS NOT TO BE EXTENDED FOR TAX PURPOSES

### Youth Colony Formal Opening Friday and Sat.

Mr. Mitchell Aboussie, owner of the Youth Colony of Burkburnett, announces the formal opening of the new business this coming Friday and Saturday.

The store offers a complete line of clothing for children, sub-teens and juniors. Name brands, such as Cinderella, Linda Lou, Catalina, White Stag and dozens of others as fully well known, are featured.

## Quarterback Club Is Sponsoring Hypnotic Show

What do you think you would do in a hypnotic trance? Merlin, the Hypnotist, who is appearing at the High School Auditorium at 8:00 P. M. on March 26th and 27th, will call a number of willing volunteers from the audience. While under hypnosis, they will shiver with cold, see a motion picture and other uncanny demonstrations, which Merlin achieves through the power of suggestion.

A feature of the show is to make a volunteer stiff as a board, then stretch him between two chairs—his head on the edge of one chair and his heels on the edge of the other. Then Merlin stands on the person's stomach. After it's all over the volunteer remembers the demonstration as though it had taken place in a dream. To demonstrate the power of post suggestion, Merlin tells the volunteers that their right foot will be fastened to the floor when they try to leave the stage. They find it impossible to leave the stage until Merlin breaks the spell.

Merlin is one of the few magicians who has mastered mass hypnosis, which is generally considered to be the most difficult of all the magicians' accomplishments. Admission for the Quarterback Club sponsored show is \$1.00 for adults and 50c for students.

## Jan Lee Heights Revival Set For April 29-May 6

The membership of Jan Lee Heights is making plans for a coming Revival and are looking forward with great anticipation to these series of services. Rev. Carlos McLeod, pastor of First Baptist Church, Silverton, Texas, will be the evangelist; and Mr. C. D. Rogers, Music Director of First Baptist Church, Iowa Park, will be the singer. Services will be held daily at 9:30 a. m. and 7:30 p. m.

Waiting for the mail, a tardy guest, service in a restaurant, departure of a plane, or a drink in a disorganized household—these are life's major tribulations.

If voters decide April 3rd to extend the city limits, the affected area will be brought into the city limits primarily for planning and development purposes, rather than for tax purposes.

The state law requires that such property be placed on the tax rolls. The assessment for undeveloped, outlying areas, however, may be at such a minimum rate that the small amount of city taxes paid may be off-set by benefits received such as fire and police protection. Reduction in the insurance rates should occur as a result of being entitled to fire protection. City Councils have always made a considerable difference in tax assessment of undeveloped property and the tax assessment of developed property where all city services are being extended.

These announcements were made by the City Commissioners, in explaining why they thought the citizens should be given a chance to vote on the city limits extension. It was pointed out that neither the Planning Commission, or the Board of Commissioners has the right to take area into the city limits. This right belongs only to the voters. The Board of Commissioners has given the voters the right to decide by having the matter placed on the April 3rd ballot.

In explaining that the extension was not for tax purposes, the Commissioners stated that they had no desire to tax the outlying areas (except at a token rate to comply with the law) without being able to furnish or make available all city services. As areas are developed, such property will then be taxed at the same rate as other developed areas.

The Commissioners suggested that voters consider the following:

1. Burkburnett can extend the limits only by a vote of the citizens, whereas other cities in the area can extend their limits merely by Ordinance.
2. Burkburnett is growing rapidly, with areas outside the city limits already under development.
3. The potential growth of Burkburnett, in connection with its Master Plan, has been carefully studied and the city is definitely developing to the south.
4. Completion of the new expressway will certainly cause rapid development, industrial as well as residential, not only south from Burkburnett, but also north of Wichita Falls and East of Iowa Park.
5. Extension of the city limits is as much for the protection and benefit of the property owners concerned, as it is for Burkburnett's future development. In all probability the limits of other area cities will be extended in this direction, even before the expressway is completed. Once an area is taken into another city's limits, it is forever lost to Burkburnett.
6. The new area will immediately be entitled to police and fire protection. The Fire Department makes many calls outside the present city limits, although they cannot rightfully do so. Expenses for this service, amounting to a considerable amount each year, has been borne by present tax payers. No charge has ever been made for this service to the inhabitants outside the city limits.

The boundary descriptions, as they will appear on the ballot, are shown elsewhere in this paper. A map, showing the present and proposed limits will be printed in next week's paper. Those eligible to vote on the city limit extension are citizens living within the present limits that have a current poll tax receipt and those inhabitants (living) in the area under consideration, that also have a current poll tax receipt. Those outside the present limits cannot vote on the city officers, which will be on a separate ballot.

Mike Matherly, Walter Pursch and Roger Hornbaker, students in Abilene Christian College, spent the week end with Mike's family, Mrs. Ray Matherly, Dana and Valaree.

The City will end its fiscal year with the annual expenditures within the annual income, thanks to our budget system. There is no "deficit financing" when this happens. Your Board of Commissioners and the City Manager has been very careful to see that the annual expenditure did not exceed the annual income. We haven't been able to accomplish some work that needs to be done, such as street repairs, more work on the parks, and other functions, but the City is living within its income.

We cannot plan on any increase in income if the voters extend the city limits. Such extension is for planning purposes only. It has always been the city's policy not to tax outlying undeveloped areas any more than that absolutely necessary to enter the property on the tax rolls to comply with the requirements. This, however, is as it should be. Taxing should be commensurate with city services rendered.

City services would have to be furnished within a reasonable time if they were taxed on the same basis as those receiving services. Even though we cannot expect any additional income from the action, we still hope the voters approve the extension, not only for the protection of the area involved, but also for the protection and interest of Burkburnett's future planning.

It has been brought to our attention that the City's "old septic tank" creates a dangerous hazard. This is something that all of us have overlooked. This tank will be filled in and made safe immediately.

City election day, April 3rd, is just around the corner. We Continued on Back Page

## Grass Roots Opinion

**SANTA PAULA, CALIF., CHRONICLE:** "President Kennedy, in voicing his disapproval of the provisions for a 25-hour work week written into a contract by an eastern electrical union, echoed the feelings of all who have the nation's future at heart. As he indicated, anything that tends to lessen our productivity cannot serve the best interest of the country."

**SPRING VALLEY, N. Y., LEADER:** "The common law of business balance prohibits paying a little and getting a lot—it can't be done. Passage of the proposed Federal Aid to Education will provide a law that does not prohibit paying a lot and getting a little."

**CORSICA, S. D., GLOBE:** "Because the federal government collects and spends more tax money than other subdivisions of government, some people are losing interest in local government. This is unfortunate, but also part of the 'Marxist' planning. In good government where there is some freedom of thought and expression, local subdivision where the people are in authority must play the dominant part. Thus township, school district, and county must receive adequate attention if we are to maintain a semblance of freedom."

**EL DORADO, KANSAS, TIMES:** "Senator Barry Goldwater of Arizona . . . told the Republican national committee that the GOP will have to offer voters 'something different' if it hopes to beat the Democrats. The senator is right. The answer to 'something different' is right under the party's nose if it would only take a deep breath. A platform base don solid government solutions to present day problems that don't create a chaotic bank-

"NOW LET'S TRY MY WAY"

ruptcy, a cleansing of waste from all departments and a return to sensible management ceasing to throw good money after bad, is the something different for which the senator yearns."

**WEST POINT, MISS., TIMES LEADER:** "It's quite obvious that the American people are becoming more and more concerned over federal expenditure trends. And this concern is indeed encouraging. To be sure, something must be done. Straight-shooting U. S. News and World Report magazine says: 'Kennedy is urging on Congress around 70 ideas for new ways to spend money, or for ways that spending plans already approved can be increased.' Read that sentence again."

**JUNCTION CITY, ORE., TIMES:** ". . . Secretary of State Rusk is making an all-out effort to swing the Latin American nations into line in an effort to halt the spread of Communism in the western hemisphere. . . . While this is a most commendable objective, one of the serious deterrents towards Communism is being pushed more and more into the discard. This is the time-honored dynamic policy of a nation operating on a basis of freedom of enterprise and private ownership of property."

## Have Car Safety Inspected for '62 By April 15th

Less than thirty per cent of the registered vehicles in this area have been safety inspected for 1962, according to Patrolman Harlan Eades, Motor Vehicle Inspection Service of the Texas Department of Public Safety.

With the April 15 deadline, for having the vehicles checked, rapidly approaching, this means there are approximately 37,900 vehicles in Wichita County remaining to be inspected by the 53 approved inspection stations available.

Many motorists are going to find long lines awaiting them as the deadline draws nearer, due to the inspection stations not being able to cope with this large number.

The patrolman urged drivers to have their vehicles inspected as soon as possible to avoid this last minute rush. In addition, he reminded drivers that this time of the year is noted for adverse weather conditions which prevent the inspection stations from checking the vehicles.

"Passenger cars are inspected for brakes, lights, reflectors, horn and windshield wipers; while commercial vehicles are inspected for the above plus additional items required by law," Patrolman Eades said. "All motorists not displaying a valid 1962 inspection sticker by April 15 will be in violation of state law."

# Baptist Churches Vote to Make City-wide Survey

Three Southern Baptist churches of Burkburnett begin a city-wide survey Sunday, March 25. These churches are First Baptist, Jan Lee Extension, and Central. Below is a copy of the family religious survey card. It would be appreciated if you would fill out the card and place it on your door Sunday afternoon 5:30. This will be a great help to our workers and would keep you from being disturbed if you are planning to leave town. It will be appreciated if you would leave the card on the screen door, the column marked "M" which indicates male and please circle one. In some cases there are two lines marked out—"A" and "B." The denomination of the church is a member. If you are a member of a church write "None." Please indicate your membership is in this or another city. Complete your response to survey workers, as they will take the time to each worker the information that is needed.

## PRESTON SMITH for LIEUTENANT GOVERNOR of Texas

- Working for Texas
- To simplify the general sales tax.
- To correct the auto insurance merit plan.
- To help Texas grow and prosper.
- A proven legislative veteran of six years in the house and six years in the senate.

### PRESTON SMITH HAS PLANS FOR BETTERMENT OF TEXAS

A "man with a plan" for Texas is how friends of Senator Preston Smith describe the Lubbock businessman.

Senator Smith has been working for Texas for many years as a public servant.

The veteran legislator has served six years in the Texas House of Representatives and is in his sixth year as a State Senator.

He now seeks his highest goal that of Lieutenant Governor of Texas, his native state.

The veteran West Texas lawmaker campaigned for the office of lieutenant governor in 1950. He placed third in a field of 12 candidates and led the ticket in 68 counties.

This "man with a plan" has drafted a program of progress as the platform for his campaign for Texas' second highest

### DEVOL NEWS

Mrs. Harry Tarpley was honored with a Pink and Blue Shower recently in the Club Rooms of the Community Building with Mrs. Joe Stevens hostess, assisted by Mrs. Robert Hopkins and Mrs. L. E. Jeffrey assisting with hostess duties.

After a short program directed by Mrs. Melba Wyatt, the honoree was presented a lovely array of gifts, in which she was assisted in opening by her mother, Mrs. Avis Wood. After the gifts had been viewed, cake and punch was served to thirty-five guests. Many who were unable to be present, sent gifts.

Rev. and Mrs. Joe Stevens honored their sons, Mike and Randy with a birthday party Sunday afternoon, when their anniversaries, Randy seven and Mike four, occurred in the past week. Guests present were Bryna Jean, Steven and Cindy Harrison, Gillis McClendon, Rosemary, Gayle and Robbie Hopkins, Tandy McCasland, Julia and Jay Adams, Sharon and Buddy Holland, Vickie and Valeria Wheeler, Joe, Darla, Patsy, Johnnie and Bobbie Galson.

The birthday cake was decorated in Western style and punch was served.

A/IC Roy Baumhardt left Sunday for Camp Travis in California.

**THOR RESEARCH CENTER FOR BETTER FARM LIVING**

An old problem in most homes is to find store space for hunting and fishing equipment, outdoor clothing, golf clubs, horse shoe and croquet sets, and so on.

An easy solution is to build a "sportsrobe" designed with shelf, drawer, and hanging space for a variety of equipment. We suggest this plan adaptable to storage of outdoor clothing, even hip boots and hi-cuts; fishing poles and tackle boxes; guns — well, you just build into the "sportsrobe" the features which fit your family.

"Sportsrobe" provides storage. This "sportsrobe" is roughly 4 feet wide, 7 1/2 feet high, and 2 feet deep. Features are back and linings of perforated hardboard, which give perfect ventilation plus unlimited choice of arrangements for things you want to hang. Construction is primarily of hardboard with white pine framework. Materials can be easily worked with your portable electric circular and jig saws. Sander and drills make all cuts, grooves, and fittings quickly.

Final flourishes to the "sportsrobe" are a hunter and flying bird, fisherman and leaping fish, or some other combination traces on hardboard, cut out with electric jig saw, and glued to doors before finishing the cabinet.

The plans for this "sportsrobe" may be obtained, free of charge, by writing to the Thor Research Center, Aurora, Ill., asking for Project No. AT-240J

### FIFTY YEARS OF GIRL SCOUTING

On March 12, 1962, approximately 3 1/2 million girl and adult members of Girl Scouts of the U. S. A. celebrated the 50th Anniversary of the organization.

Juliette Low established the first troop of 12 girls on March 12, 1912, in Savannah, Georgia. She brought from England the principles of scouting as set forth by Lord Baden-Powell, founder of the Scouting movement, and adapted them to the needs of girls in the United States.

Since 1912, almost 18 1/2 million girls, women and men have belonged to the Girl Scouts. They carry on their program in every state of the Union, in its possessions and in 49 other countries where American families live. The program itself, according to Mrs. Charles U. Culmer of Libertyville, Illinois, Girl Scout National President, has expanded and changed to keep pace with our changing times. "It is to inspire girls with the highest ideals of character, conduct, patriotism, and service that they may become happy and resourceful citizens."

Girl Scouting is part of an international movement. In many other countries, Girl Scouts are called Girl Guides. The Girl Scouts and Girl Guides are linked through membership in the 51-Nation World Association of Girl Guides and Girl Scouts.

Girl Scouts of the U. S. A. carries on an extensive exchange with other member countries of the World Association. Girl Guides visit Girl Scout Councils in the United States and attend events such as Senior Roundups; in turn, Girl Scouts from this country visit guides and participate in international meetings and encampments abroad.

During the last six years, Girl Scouts of the U. S. A. has served as hostess to almost 700 international Guides and Girl Scouts and has sent close to 1,000 Girl Scouts abroad in exchanges involving 51 countries. These exchanges are largely financed by the Juliette Low World Friendship Fund which is supported by voluntary contributions from Girl Scouts all over the United States.

Girl Scouting is open to all girls seven through 17 years of age, regardless of race, creed

or nationality. They are united by the Girl Scout Promise in which each girl pledges: "On my honor, I will try: To do my duty to God and my country, To help other people at all times, To obey the Girl Scouts Laws."

The Girl Scout Laws require members to be trustworthy, loyal, useful, friendly, courteous, kind to animals, obedient, cheerful, thrifty and clean in thought, word, and deed. The Girl Scouts' motto is "Be Prepared."

There is a single overall program of activities graded according to three age levels: Brownies, seven through nine years; Intermediate Scouts, 10 through 13 years; Senior Scouts, 14 through 17 years. Each age group has its own uniform.

The Girl Scout Program includes activities in 11 fields: arts and crafts, literature and dramatics, music and dancing, community life, international friendship, nature, out-of-doors, sports and games, agriculture, health and safety, and home-making.

Brownies explore the world of nature, make bird feeding stations, learn to care for pets and collect pebbles, shells, leaves and other natural treasures. Like old Scouts, they serve others, especially at home where they perform simple household tasks and learn to care for younger children.

Intermediate Girl Scouts earn badges for proficiency in the activities of their choice. These activities range from running a puppet show to studying modern radio and television operations to bee keeping. In addition to earning badges, the girls carry out service projects in the community, such as assisting at the polls as aides to voters. They enjoy the out-of-doors in day camps, established camps and troop camping excursions.

Senior Girl Scouts enjoy camping of a more advanced nature. Like all Girl Scouts, they give much of their time to serving others. They choose to serve as aides in hospitals, libraries, museums and other community agencies. Through these aide programs, they have the opportunity of exploring vocational possibilities. They

**THANK YOU**

This is just a short note to commend those who were inter- ested enough in their fellow men to donate a pint of blood last Wednesday. Those who gave have the satisfaction of having given some thing that is essential to some one else and in a real sense they may have saved a life. Blood in this day and age is essential in many types of surgery, its use in the case of severe accidents is almost universal and many medical emergencies cannot be adequately treated without blood fractions. So thanks again to the donors and to all who helped the Red Cross in drawing the blood.

**TAKE YOUR PROBLEMS TO CHURCH -- MILLIONS LEAVE THEM THERE**

*Blossoming Forth*

Around almost any home you will find flowers that someone planted, watered, and with tender care, helped bring forth into a thing of beauty. People are very much like flowers, and it is wonderful to see a child walking in the path of the Lord, being trained and taught the ways of the Lord. Then one day you realize the fruits of your labor as they blossom forth and show their appreciation and love for God. Bring your children to church where others can help you in this labor of love.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

**GO TO CHURCH SUNDAY**

**KILL THIS DEATH SENTENCE**

(Editor's Note: Guest columnist Raymond C. Baker is a former newspaper man who knows what skyrocketing costs are doing to America's free press.)

Many attempts has been made

in many forms over the years to gag American's free press—without notable success to date.

But now the House of Representatives has passed a bill that can effectively silence important segments of the press forever. This is the postal rate bill sponsored by Rep. Tom Murray (D-Tenn.), which ostensibly has nothing to do with censorship.

If it becomes law however it can bring about a deep and abiding silence in many areas of the nation's communications system—currently the finest in the world — through a death

sentence for publications which cannot absorb excessive postal hikes.

That the Congressmen knew the danger inherent in this bill is attested to by the fact that they agreed there would not be a roll call vote. Every Congressman feared that if he had to stand up and be counted he would arouse the ire of many of his constituents and particularly of those he might be legislating out of business.

Rep. Ralph F. Beermann (R-Nebr.) made no bones about what he termed "this sudden get tough policy of the Adminis-

tration . . . that again is toughest on American private enterprise."

"In this postal bill," Rep. Beermann continued, "we are jeopardizing a very important segment of American business—the free press. I notice from advertisements in newspapers during the past week that both businessmen and their employees are worried about whether or not magazines and small newspapers can survive another set of postal increases. We all should know that they are paying twice what they did for postage 10 years ago."

The bill calls for one-cent increase in first class mail, which would cost the average home about \$1.80 a year. Business would take the largest share of this increase, since it accounts for about 75 per cent of first class mail.

Individual and business mail users generally recognize that the post office was created primarily for this class of mail. It can be dropped into any one of thousands of mail boxes; it gets special, rapid, secret handling and the post office must make every effort to deliver it no matter how many times a person has moved, or return it to the sender.

Second and third class mail get none of these preferences. Newspapers and magazines must precancel their postage, sort them by state, municipality and even zone and then bundle and sack them. They must be delivered to the post office in their own trucks and by their own employees. Some publications must be delivered to the post office of destination; others to mail cars on the railroad siding.

When newspaper, magazine, and business mail reaches the post office of destination, it is sorted by mail clerks during off-peak periods. It is delivered by the postman on days when first class mail is light.

Second and third class mailers help take up the post office slack and thus contribute measurably to the wages of postal employees. It is for this reason that Congress has seen fit since the days when Benjamin Franklin was America's first Postmaster General to give certain classifications lower rates than first class mailers who have every right to expect the very best service the post office can provide.

In spite of the fact that publishers feel they already are paying their own way, particularly since absorbing three rate increases in three years, the House has voted to add one cent per copy to newspaper and magazine rates. For many newspapers and magazines this increase can mean the difference between profit and loss, between life and death.

The irony of the situation is that Communist propaganda—literally hundreds of millions of pieces—moves through the mails free of charge. The only restriction the Murray Bill would place on continued movement of Red material is to bar it from the mails if the Attorney General finds it to be "political propaganda." But who is to say what is "political" if it serves to warp the minds of the nation's young?

Unquestionably, the Senate will not railroad the House Bill through without careful consideration. Senators know that more than 80 national publications and scores of small newspapers were forced out of business during the past ten years, due to skyrocketing costs, of which postal rates were an important factor. They know, too, that literally thousands of employees were thrown out of work when these publications failed. Everyone who believes in a free, unfettered press should tell their Senators:

## Friendship Class Met In The Home Of Mrs. Frank Simmons

The Friendship Class of the First Baptist Church met in the home of Mrs. Frank Simmons Thursday, March 15, with members of Group 4 as co-hostess.

Mrs. W. B. Short, president, presided over the business session.

The class sang, "Have Thine Own Way, Lord," with Mrs. Earl Van Deren leading and Mrs. B. F. Hewell at the piano. This was followed by a prayer by Mrs. J. B. Ady.

Mrs. Short, in a paper "Thought for Today," called attention to the number of times the word "others" is mentioned in the Bible. "What we do for ourselves dies with us. What we do for others lives on," she said.

Mrs. Hewell, program chairman, enumerated some interesting facts about the Bible. She then presented a group of women, each of whom took a word or group of words found in the Scriptures and developed them into an inspirational devotional.

Mrs. Sam Weaver, using the word "Want" as found in Psalm 23, showed that those who lean on God find no "Want" not supplied by Him.

Mrs. Short, who took the word "Shepherd" from the

same Scripture said, "The Good Shepherd knows what pastures are best for His sheep and they must not question, nor doubt, but trustingly follow Him."

Mrs. J. G. Cheney selected Psalm 46:10, "Be Still and Know That I Am God." She elaborated on this Scripture and further developed the thought from other Scriptural readings.

Mrs. Hubert Butts read a paper on the "Eyes of God." She quoted Scriptures to show that God's eyes are all seeing, thoughtful, remembering, judging, and providing.

Mrs. Van Deren's paper on the word "Greatest" brought home many worth while thoughts; such as, "One's greatest aim should be to glorify God. One's greatest privilege is to become a child of God."

Mrs. Thaxton read a poem by Edgar A. Guest, "Sermon We See."

Mrs. Thaxton dismissed the meeting with a prayer.

A delicious refreshment plate was served to the following members: Mmes. R. P. Thaxton, J. B. Ady, E. R. Burns, Hubert Butts, B. F. Hewell, Bob Hinkle, W. V. Combs, J. D. Kennedy, R. W. Kent, W. B. Short, V. C. Skipwith, H. D. Smith, Sam Weaver, Frank Simmons, Clara Palmer, Earl Van Deren, Lee Garner, Miss Ella Billingslea; one service member, Mrs. J. G. Cheney, and three visitors, Mmes. Joe Bailey Bryant, G. D. Kirk, and Donald McCullough, Sr.

## CITY GARBAGE REGULATIONS

The city-wide garbage pickup service and the elimination of wholesale trash burning has cut down our fire runs by 95%. This undoubtedly will eventually reflect itself in our key rate and effect a substantial savings in the insurance rates.

In considering the garbage pickup service, your city council is certainly interested in your getting good service. We have discovered, however, that in many cases the ordinance is not being followed. As you know, the garbage service is contracted on the basis of the ordinance requirements. When there are those who don't comply with the ordinance, such as improper containers, or keeping the garbage where it is almost inaccessible to the garbage crews; such things make it difficult for the crews to stay on schedule and give the service that they could otherwise give.

You are asked to cooperate by following the ordinance in having the garbage in proper containers and easily accessible to the crews.

If the men have to walk more than 20 feet to pickup the garbage, the monthly service

charge is \$2.50. If the containers are within 20 feet of the truck route, and otherwise easily accessible, the rate is \$1.50 per month.

Spot checking has revealed that in many cases residents have claimed the \$1.50 rate when it should have been \$2.50. A system has now been provided where there will be a constant check of rates by the contractor. Any rate changes will be made by the contractor, and not by the water office. Service charge to mercantile establishments depends upon the time required to pick up the trash, and the charge is based on \$6.00 per hour.

There will be times when, with the best of efforts, the men will miss or skip a pickup. When such things happens, a call to the contractor, Virgil Aaron, 569-2522, will bring special pickup services to you. In bad weather, when trucks have difficulty in making the alleys, they naturally will be thrown off schedule. When such happens, we can certainly understand and have patience, realizing they are doing the best they can.

## Bluebonnet Garden Club Met In Home Of Mrs. Velma Bohner

The Bluebonnet Garden Club met in the home of Mrs. Velma Bohner, March 13 at 2:30 p. m. for the regular monthly meeting, with Mrs. Maude Bohner as co-hostess. Mrs. Hattie Burns as program chairman, presented Mr. Jim Harwell, manager of the Chamber of Commerce who gave a very interesting talk on our New Hardin Park, showing a colored map in sections that may be sponsored and planted by our numerous clubs as a project. Since we have many civic minded clubs and organizations, this park should be fully planted soon. Mr. Harwell is a very enthusiastic worker in all projects of our fair city. All projects should show much improvement.

The Spring "Home Placement Show" to be held April 24th in the home of Mrs. Lena Houser, was discussed with plans made to include the Young Sprouts Junior Garden Club, as well as plans to support their project of Park planting, with a cake sale, date to be announced, with members providing the cakes. It was also voted to subscribe \$10.00 or more, toward the Rodeo con-

cessions. Mrs. Winnie Short presented the Scrap Book of the Year, which was very beautifully compiled. Arrangements voted first, Mrs. Velma Bohner, Second, Mrs. Maude Bohner. Refreshments were served to the following members. Mesdames, Oma Banning, Lou Ethel Boyd, Elizabeth Brady, Hattie Burns, Gail Butts, Mary Cecil, Earlyne Chambers, Hettie Gilbert, Elizabeth Gragg, Icie Howard, Edith Holman, Bertha Johnson, Maude Mathis, Joyce Morgan, Lilly Neal, Jessie Preston, Win-

nie Short, Wilma Thamm, Ma Witherspoon, Mae En, and Zella Miller, speaker, Mr. Harwell, hostesses.

### A "Golden Age" Luncheon Held In Home of Mrs. White

A "Golden Age" Luncheon was held Thursday, March 15th in the home of Mrs. Ralph White with Mrs. John Brookman, co-hostess, in honor of the Builders Sunday School Class of the First Baptist Church and their teacher, Mrs. F. M. McMurry.

Mrs. R. E. Carnes gave the invocation.

A delicious turkey lunch was served buffet style.

Mrs. A. H. Lohoefer brought the devotional on "Inasmuch," paying tribute to the faithful members of this class that have meant so much to the church and to so many others throughout the years.

There are 24 members enrolled and their attendance is from 15 to 20 each Sunday, regardless of weather. Seven of their members have passed away in the last year.

Mrs. Brookman read a beautiful and fitting poem "Friendship" in dedication to Mrs. McMurry. Mrs. White and Mrs. McMurry made short talks. Mrs. C. M. Moore concluded the program by reading a very timely composed prayer.

The "Golden Age" is recognized with special programs each year by many Federated Clubs throughout the land. The program was presented by four members of the Current Literature Club of this city — Mesdames Ralph White, John Brookman, F. M. McMurry and A. H. Lohoefer.

A special guest at the luncheon was, Mrs. P. A. Carpenter, attending in the absence of her mother, who is a member of the Builders S. S. Class, and who is at present visiting in Oklahoma City. Mrs. Carpenter is president of the Santa Rosa District of Federated Clubs.

The class members attending were—Mesdames F. M. McMurry, R. E. Carnes, E. E. Hicks, C. O. Walling, L. E. Bundy, C. M. Moore, Flora Bentley, Nola Thorpe, J. H. Ferguson, T. Guy Willis, Stella Chapman, W. J. Wright and Bessie Floyd. Other guests—Mesdames J. B. Grace, P. A. Carpenter, Lee Garner and A. H. Lohoefer.

William Henry Harrison, died at the end of his first month as president, serving the shortest term on record.

### Let's Go Fishin'

BY BOB BREWSTER  
Outdoor Editor, Mercury Outboards

A fly rod is a limber wand of fiberglass or bamboo, somewhere between seven and nine feet long. It can generate enough fun to satisfy almost any pleasure-seeker. Of all the tools of a fisherman, it is one of the most diversified in scope. With a fly rod he can drop dainty trout flies on the surface of a likely-looking pool, and hope to add a trophy rainbow to his creel; he can flip bass bugs into bass-filled weed beds, and with luck entice a lunker largemouth to do battle with him. Or he can go after smaller fish with somewhat less tiger blood in their veins, like crappie, or perch, or bluegills, and still find his rod will give him a world of enjoyment. Once in a while you will see a fiberglass fly rod being used in trolling. It looks unusual, however, to see a character chugging along with a little Fishin' Merc 110 or Merc 60, trolling a 9-foot fly rod out the side of the boat. The motors look so tiny alongside that giant fishing rod that it makes you wonder if your eyes are failing.

was just too fast for the bass to handle. They simply refused to touch a plastic worm that was moving at anything but a fast crawl. And worms crawl slowly.

**SENSITIVE**  
But drop a lure down to the bottom, let it settle until the line went slack, then let the drift of the boat bounce it slightly on the bottom and WHAM!—it meant a bass on the line. The fly rods worked well because of the sensitive control of the lure possible with them, and were a picnic because of the whip and bend when a bass hit. That buggy whip fishing has got me hooked. Be warned to take it up cautiously; you may end up throwing away all your other rods to concentrate on it!

### A Dish to Delight

HAM ROLLS FILLED with quick-frozen whole green beans—those aristocrats of frozen vegetables... make a delicious and easy-to-fix luncheon or dinner dish. Cheese sauce gives added protein and slivered almonds a crisp touch of elegance.

**HAM AND GREEN BEAN ROLL-UPS**

1 package (9 ounces) quick-frozen whole green beans, cooked and drained	2 tablespoons butter
6 thin slices pre-cooked ham	2 tablespoons flour
2 tablespoons (about) prepared mustard	1/2 teaspoon salt
	1/2 teaspoon pepper
	1 1/2 cups milk
	1/2 cup grated Cheddar cheese
	Slivered almonds (optional)

Divide whole green beans into 6 portions. Spread each slice of ham lightly with mustard; roll up a portion of the beans in each ham slice. Arrange rolls in a shallow 6x10-inch baking dish. Meanwhile, melt butter in a saucepan. Add flour and seasonings and blend. Add milk; cook over low heat until thickened and smooth, stirring constantly. Add grated cheese, stirring until blended. Pour over ham rolls and sprinkle with almonds, if desired. Bake in a moderate oven (375° F.) until hot and bubbly. If desired, brown lightly under broiler. Makes 3 servings.

### REPUBLIC OF TEXAS MONEY IS "BE" FOR BAKER CLUB CREDENTIAL

Facsimile \$5 Republic of Texas banknotes, printed on parchment so crinkly and genuine looking that Sam Houston would have accepted it at face value without a second glance, made their appearance throughout the state this week as part of Senator Robert Baker's race for Lieutenant Governor. On the reverse side of the bank-notes is printed, in appropriate formal language, the bearer's certificate of membership in the "Be for Baker Club," declaring that this is "the currency of good and progressive government in the State of Texas."

An announcement from Baker's Dallas headquarters said 100,000 of the unique banknotes will be distributed during the next six weeks, being offered to Baker supporters through county campaign headquarters and chairmen throughout Texas. Baker confidently predicted that he would be in the run-off election with "the candidate who has already committed himself to a state-wide special interest group," and that he would win the run-off because he has made no commitments to any group or organization and will be free to serve the voters to the best of his ability and his ten-years' experience in the Legislature.

## Texas Day Program Presented In Home Of Mrs. D. H. Smith

A Texas Day Program was presented at the March meeting of the Federated Burk Burnett Study Club in the home of Mrs. D. H. Smith with Mrs. Pat White co-hostess.

Mrs. James Bohner, leader, introduced Mrs. F. A. Jamieson, whose topic was "Tourist Attractions in Texas." She told of a new tourist attraction; a replica of the Alamo built for the John Wayne movie "The Alamo" at a cost of one million dollars. It is located 150 miles west of San Antonio and is open to visitors. Another attraction Mrs. Jamieson mentioned was the salt water conversion plant at Freeport, opened on May, 1961. It was the first large scale conversion plant in the nation.

"Noted Texas Artists" was presented by Mrs. George McClarty. She gave a resume of E. M. Schwietz's pencil sketches and water colors. His mission sketches are: The Alamo; San Francisco de la Espada; Concepcion; San Juan De Capistrano and San Antonio. Bonnie McCarty, artist and sculptor who is in San Antonio, was the next subject covered by Mrs. McClarty. She stated the artist was the first Texan to have a painting purchased by The Metropolitan Museum of Art in New York. The painting was "Aspiration." She does statues of little children and her best piece is "Ouch." Bonnie McCarty studied in Paris two years and is a member of Allied

Roll call was answered with Treasurers of Texas and an original booklet on Texas, prepared by a student, was displayed. The president, Mrs. Harold Van Loh, presided at the meeting. The members signed a petition which was presented by the Modern Study Club, protesting the showing of horror movies on Saturday afternoons. Cotton cloths developed by the Texas Cotton Research Laboratory at Lubbock were sent to the club by George Moffett, who was instrumental in getting the laboratory started.

A letter from Mrs. Ozbirn was read endorsing the Peace Corps and telling of the good works the Corps is doing. Another letter from a member of the Peace Corps in Columbia told of teams of two being in 29 villages there. The teams are starting schools and the village people are completely co-operative in their various other projects. They distribute sport kits, building and first aid kits.

The Club voted to help with the Bloodmobile unit while in Burk Burnett; assist with the Senior Citizens Group; sell rodeo tickets as a community project and support Mrs. Philip Carpenter, candidate for City Commission. The president appointed Mrs. F. A. Jamieson, Mrs. Howard Henderson and Mrs. Francis Felty to the Year Book Committee; Mrs. D. H. Smith, Mrs. Jack Robertson and Mrs. Pat White on the May Dinner decorating committee.

Mrs. W. H. Preston, incoming president, appointed new department chairmen as follows: Natural Resources, Mrs. D. H. Smith; Education, Mrs. Harold Van Loh; Fine Arts, Mrs. James Bohner; Home Life, Mrs. Jim Fry; International Affairs, Mrs. Howard Henderson; Public Affairs, Mrs. Francis Felty; Council of International Clubs, Mrs. Philip Carpenter; Texas Heritage, Mrs. F. A. Jamieson.

"St. Patrick's Day" decorations set the mood for the meeting. The refreshment table was covered with a white cloth and

## centered with an arrangement of white and green flowers flanked by tall white tapers in green holders. Four leaf clover sandwiches and assorted tidbits carried out the same color scheme. The hostesses were attired in green costumes to complete the setting. Seventeen members were in attendance.

"Conservation" is to be featured at the next meeting which will be held in the Howard Henderson home, April 9, with Mrs. Glen Bear co-hostess.

## Mrs. Mozel Hicks Hostes March 14th To Mission Circle

The Mission Circle met in the home of Mrs. Mozel Hicks March 14th.

Mrs. Bearnice Johnson, president, presided. A wonderful lesson was brought by Mrs. Albert Reeds. Subject: "To Be Christians is to Be Christ like Luke 7:11-16."

The next meeting will be in the home of Mrs. Rosie Ayres, March 21st.

A lovely refreshment was served to the following members: Mesdames, Bearnice Johnson, Juanita Broadnax, Jackie Malvern, Myrtle Steins, Ruthy Ayers, Betty Freeman, Alberta Reeds, Mary Hamilton, Florence H. Ayers, Lula Lawrence, Edith Ayers, Annie B. Harris, Charline Lewis, Vivian Hicks, Mozel Hicks, Carrie Hicks, Lavern Graham. The door prize was won by Mrs. Vivian Hicks.

Oklahoma is the only state whose capital, Oklahoma City, bears the state name.

## Dorcas Class Met In The Home Of Mrs. Wiley Browning

The Dorcas Class of the First Baptist Church met in the home of Mrs. Wiley Browning, March 12. Assisting the hostess were all of the Service Group from the class.

The house was glowing beautifully in green. St. Patrick's motive. All present wore something with green.

Mrs. Ray Mills, president presided over the short business session.

Prayer by Mrs. McMurry. Devotional was given by Mrs. John Brookman, found in Romans 8. Her theme was, "We are the children of God. We suffer and live with Him, we are saved by Hope and Faith. The Spirit makes intercession for us, and all good things work for God that are in good Faith. Can he count on you? Meet the day with Faith. Trust in God. Be ready to meet him in a twinkling of an eye."

Mrs. Horr, had worked on her birthday calendar. Having the birth date of each one present. Her calendar turned into a telling of fortunes. As she told each fortune the proceeds were to go into a pot called "Mission Pot." Some fortunes were more valuable than others, so more went into the pot.

## Mrs. Browning, had a very helpful Bible quiz. She awarded the brilliant ones. Then finished with a Shamrock quiz of twenty questions.

Mrs. Mills finished the evening with an Irish story told by each. Much laughter.

A rather unusual menu was served by the group. The "Dorcas Menu," consisted of ten different foods. You chose by a toothpick and water. But later a lovely tray of Irish sandwiches, cookies and green punch was passed.

The group adjourned with class benediction. "Lord Watch Between Thee and Me, While We Are Absent One From Another."

The hostess group were Mrs. Mary Horr, Mrs. John Brookman, Mrs. Mabel Johnson, Mrs. F. M. Mutry, Mrs. W. A. Minick, Mrs. Bob McPhail and one visitor, Mrs. W. B. Short and eighteen members.

## Dishwasher Location Roughed-in and Ready

An automatic dishwasher is often one of the major electric appliances included in a new Bronze or Gold Medallion Home. However, when it's necessary to postpone getting an electric dishwasher, many families plan ahead for later installation.

They earmark a location next to the sink and cut costs by having basic plumbing and wiring roughed in there while the house is under construction. A Medallion Home is wired to carry a full quota of modern electric appliances.

Mrs. Mame Fairfield and Leona Law of Houston are here visiting Mrs. Fairfield's mother, Mrs. Lillie Wellington, and sister, Mrs. Myrtle Hennis, this week.

The fox trot was named after a New York dancing instructor.

## CHEVROLET CARS FOR EVERY FAMILY, EVERY BUDGET, EVERY TASTE

**Chevrolet** Want to pull out all the stops—except the one marked price? The Jet-smooth Chevrolet serves up all the room, refinement and riding comfort you could reasonably want. Spacious, gracious interiors. Body by Fisher craftsmanship. Jet-smooth ride. New V8 vinegar or 6 savings. Here's where you feel expensive—at a Chevrolet price. On the car ferry: an Impala Sport Sedan.

**Chevy II** Hungering for a car that's lovely, lively, easy to park and pay for? Here it is—the Chevy II that ran off with *Car Life* magazine's award for Engineering Excellence and earned these kudos from the editors: "Maximum transportation at minimum cost" ... "sound and solid" ... "delightful car to drive." That's the Nova 400 4-Door Station Wagon parallel to the shore.

**Corvaire** If you spark to the sporty things in life, this one ought to fire you up but good. With that engine-transmission weight astern, the steering responds like a bicycle's. The rear-engine traction keeps Corvaire clamped to the road with a vengeance. The cornering's darned near flat. And, for all its sportiness, Corvaire's as practical as a pie pan. That model at the ramp is the Monza Club Coupe.
