Valedictorian

JIM DAVEY

Jim Davey, son of Dr. and Mrs. J. A. Davey, was selected as valedictorian of the Burk Burnett High School 1962 graduating class and gave the main address at commencement exercises Thursday night, May 24th.

Jim received all of his schooling in the Burk Burnett schools. He was a member of the National Honor Society and participated in many extra-curricular activities. He recently received an appointment to West Point Military Academy but has turned it down because he plans to become a doctor. He will enter Notre Dame College at South Bend, Indiana, this fall.

Burk Swimming Pool Offers Red Cross Swimming Lessons

The Burk Burnett Swim Club announces Red Cross Swimming Lessons will be given each morning from 10:00-11:00 beginning Monday, June 4 and continuing thru Friday June 15. Classes will be offered for the Beginners, Advanced Beginners and Intermediates.

These lessons will be free, the only cost being the admission into the pool. Season pass holders may use their passes. Register NOW at the Burk Swim Pool — each class will have a limited number of pupils.

NOTICE

The Garden Clubs of Burk Burnett are planning a trip to Six Flags over Texas on June 5. They plan to leave the bus station at 7:30 a. m., returning at 7:00 p. m.

Any non-member who wishes to go may call Mrs. J. B. Riley. The round trip bus fare is \$5.30.

Mr. and Mrs. O. H. Buzbee attended the graduation of their granddaughter, Phyllis Kress, last week at Burns Flatt, Okla.

News From The HD Agent

Like fresh strawberries? Here's some information on strawberries that may interest you, says Thelma Wirges, county home demonstration agent.

It is now strawberry time! Strawberries are in good supply on many markets now. Many berries are being grown in home gardens. Mrs. R. A. Yeager, Mrs. Albert Brockreide and Mrs. C. H. Arnold are among homemakers with a green thumb for growing strawberries.

If you have a home freezer, no doubt you'll want to freeze some strawberries. In selecting berries of high quality for freezing, be sure they have a good red color and are free from blemishes and bruises.

Green berries lack flavor and color, while overripe and badly bruised berries develop off flavors, the agent said.

To prepare strawberries for freezing, sort and wash berries in cold water. Handle carefully to prevent bruising. Drain well after washing. Remove caps. However, do not delay freezing too long. Miss Wirges cautions. Freeze the strawberries whole, sliced or mashed.

Homemakers who would like to add some variety to their family meals might like to try rhubarb.

Stalks of good quality rhubarb have a fresh appearance and are firm and crisp, Thelma Wirges, reminds. Rhubarb, bot-

Sat. Night Hail Does Damage In Burk Burnett

Hail, driven by hard wind did considerable damage to property in Burk Burnett last Saturday night just after dark.

This area was in a tornado alert from 3:00 P. M. to 9:00 P. M. Clouds had been bunching up late in the afternoon, traveling in a north easterly direction. After nightfall the wind changed to the north and at times to the northwest. Rain accompanied the hail.

The worst damage occurred in the eastern part of town. Houses and car glass- es were damaged in the Roselawn area. Hail fell the size of hen eggs. The ground was completely covered at one time and many people gathered up the big ones to put in the deep freeze.

Mathis new car yard on the east side had extensive damage. A four inch steel pipe post set in concrete and guyed down, was blown over and draped across the top of a new car.

It will probably be Tuesday before the full extent of the damage is realized.

Sermon Series Continues At First Christian Church

The coming week's activities at First Christian Church, 2nd and 4th Ave., Burk Burnett, begins Sunday, June 3, 1962, with the observance of Children's Day as the "kick-off" date for a month-long special missionary offering.

Much of the work made possible by this money will benefit children and youth around the world and much of it will help their families thru the world-wide work of the Christian Church (Disciples of Christ).

The morning worship on this Sunday will include Rev. Hugh E. Caffey continuing to preach the series of sermons on the theme of Christian Love. "Christian Love is Eternal and Supreme" is the title of his subject and will be based on I Corinthians 13:8-13.

At three o'clock Sunday afternoon the official board will hold its monthly meeting on the church property.

The Sunday evening program of the church will follow its usual schedule as regularly announced.

During the week the Adult Choir will meet at 7:30 p. m. on Wednesday, June 6, for the regular rehearsal. On the next evening members of the church will gather at 6:00 p. m. for a carry-in supper preparatory to visitation in the community. And Saturday night, June 9, at 6:30 p. m. will be the monthly all-church fellowship dinner.

Burk Firemen Aid Randlett

Approximately twelve members of Burk Burnett's Volunteer Fire Department spent Sunday helping citizens of Randlett community clean up after the storm of Saturday night. They took six pickup trucks and one wench struck to help them in their work which included cleaning up debris, setting cars upright, and salvaging spilled wheat. The storm completely destroyed some homes and damaged many others. Many out-buildings were also destroyed or damaged.

Firemen made a run to Randlett Saturday afternoon to put out a fire in a trailer house. Saturday night during the storm a telephone pole caught on fire on the cemetery road.

Fire caused heavy damage to a garage apartment at 109 Linden Drive about 8:00 p. m. Sunday. The blaze apparently started from a hot water heater or an air conditioner in the garage according to John Slack. The owner, Kenneth Bailey was not at home at the time of the fire. Little damage was reported to the house.

\$50.00 Reward

For information leading to arrest and conviction of person or persons destroying property at the Little League baseball field.

Legion Notice

Friday night is regular Bingo night at the Legion Hall. The public is cordially invited to participate in these games.

Just a reminder that the Red Cross Mobile Blood Bank will be at the Legion Hall Wednesday, June 6th from 12:00 noon until 6:00 p. m.

Jan Lee Vacation Bible School To Start June 11th

The Jan Lee Baptist Extension announces Vacation Bible School, June 11-20 from 8:30 to 11:30 a. m. Children, three years of age through the seventh grade may enroll. The nursery will be open only to the babies of the teachers and workers.

Vacation Bible School provides a wonderful opportunity for children as it covers a wide field and lets the children learn by doing. There will be a period of Bible study where they will hear stories from the Bible and then draw pictures or make some kind of hand craft to impress the good teaching upon their minds.

There will be stories of famous people who have lived good lives and have the kind of character traits we want our children to have. There will be handicrafts of all kinds, songs to be sung, and games to be played. Refreshments will be served every day.

There will be a Preparation Day, June 8 from 9:00 to 10:00 a. m. To get in a good mood there will be a parade led by the firetruck. After enrollment, refreshments will be served.

Superintendents of the departments are Almeda Brewer, Nursery; Mrs. Jeanette Osborn, Beginner; Primary I, Mrs. Norena Brister; Mrs. Fredda Gill, Primary 2; Mrs. Ila Mayes, Primary 3; Mrs. Mona Givens, Junior 1; Mrs. Marie Sullivan, Junior 2.

Burk Man Dies In Auto Crash

A Burk Burnett man was killed Memorial Day when he lost control of his car and was thrown out of it as it overturned on a county road near here.

It was the only serious accident reported in the Wichita Falls area during the holiday. He was Leo Walter Wright, 65, of 912 Ave. C., who died of a broken neck, according to the Highway Patrol.

The car apparently went slightly off the roadway as Wright was travelling south. .8 of a mile south of Burk Burnett. There was a slight curve near a railroad crossing.

Observers said the car apparently turned end-over-end and came to rest on its wheels, facing north. Wright was thrown out and was found five or six feet behind the car.

Services were pending at Owens & Brumley Funeral Home here late Wednesday night.

Burk Co-op Sponsors A Certified Connie Mack Baseball Team

The Burk Burnett team, known as the Burk Burnett Gingers, consists of boys who have not reached the age of nineteen before September 1, 1962. They have as business manager Bill McLean, who has the team certified by the Texas Amateur Athletic Federation. The team will be coached by Ollie Ratliff.

This team will play in the "Connie Mack League" along with seven other teams under the direction of Emerson Hall, director of the Parks and Recreation Department in Wichita Falls. The league games will be played at Spudder Park and Sheppard Field when the league opens the first week in June.

The Burk Burnett Gingers will play at Spudder Park, Saturday, June 2nd, at 6:30 p. m. There will be two games played and the proceeds will be given to the teams who do not have all the equipment needed.

All baseball fans are requested to attend to help these young boys continue playing the game they love.

Many harvest hands will be arriving here soon and will need housing facilities during the wheat harvest. If you have furnished rooms or apartments to rent to these people, please call Jack Dickson, 569-8124.

Mr. and Mrs. A. R. Bunstine visited in Norman, Okla. last week to get acquainted with their new great grandson, Tommy Y. Rush, III.

C. L. Simmons Appointed To City Council

At a recent meeting of the Burk Burnett City Council, Mr. C. L. (Pete) Simmons, Sr., was appointed to fill the unexpired term of Councilman Winston Freeman.

Simmons retired from Mobile Oil Company in January 1960 on their 40-year early retirement plan. He was a district superintendent at the time of his retirement.

Freeman rendered his resignation several weeks ago due to pressing business matters.

Blast Injures Burk Woman

The wife of a prominent stock farmer from near Burk Burnett Tuesday night was in fair condition in Wichita General hospital, where she was being treated for burns over most of her body after a freak explosion Monday.

She is Mrs. Charles F. Begeman, 47, who was injured when she struck a match to light a lantern in a storm cellar. An explosion ensued. It is believed natural gas accumulated thru seepage in the cellar, friends said.

Hospital sources said Mrs. Begeman Tuesday night was still in great pain except when under heavy sedation. The hospital said she suffered second and third degree burns over her hands and arms, feet and legs, and back, with the hand burns the most severe.

After the accident the woman's hands were burned so badly she could not dial a telephone. She managed to drive a car to a nearby highway where a passing motorist rushed her to a doctor.

Course In Better Reading Habits Offered By Schools

There have been numerous calls made concerning Remedial Reading and analysis made of the individual reading problems and difficulties of the individual students. This type of work is strictly for students that have reading difficulties and have a desire to have help. If you desire that your child have special remedial help and a plan of attack to be followed in trying to overcome reading difficulties that he is encountering, please contact the Superintendent's Office at telephone 569-1121.

The course will be designed to help the individual child in pinpointing the causes of trouble and receiving help in establishing a plan of attack that will help in overcoming the causes of trouble. The complete analysis of each child and a plan of attack for overcoming all reading difficulties cannot be made in a short length of time. The problems facing the child must be analyzed and a clear plan of attack made if reading difficulties are to be improved. The course will last for six weeks and the tuition will be \$25.00 if there is enough interest shown.

Turman Picked Runoff Winner

The Joe Belden poll, which accurately predicted that James A. "Jimmy" Turman of Fannin County would be the leading candidate in the lieutenant governor's race in the primary, this week said a runoff poll showed Turman with a three to two lead over his opponent.

The Belden poll showed Turman with 59 per cent of the votes, and his opponent, Preston Smith, with 41 per cent. The Belden poll showed Turman with 59 per cent of the votes, and his opponent, Preston Smith, with 41 per cent.

Turman said he would spend the last few days of the campaign stressing his fight against loan sharks, unethical lobbyists and obscene movies, and his campaign for economy in government, equitable car insurance rates and equal rights for women.

"I am extremely pleased with the support that has been given my candidacy in all parts of the state by people in all walks of life," Turman said.

NOTICE

The First National Bank of Burk Burnett will be closed Monday, June 4th in observance of Jefferson Davis' birthday.

"LUXURY" TAXES MUST GO

Fourteen years ago, come June 30th, those wartime excise taxes on "luxuries" such as toiletries and women's handbags were to have expired. But, as every woman knows and most men have heard about, these taxes are still with us. In 1954, the tax on these items was reduced from 20 to 10 per cent, but if you think this has soothed the gentler sex, just ask one of 'em.

Wherever they gather—in their community groups, the PTA, the women's business and professional clubs, social clubs, the corner drug store and the grocery—one woman tells another and both of them tell their Congressmen. They are bearing down especially on the lady members—two Senators and 15 Representatives—and on the mere men who constitute the House Ways and Means Committee.

The theory is that the lady members will understand that a woman needs a handbag like a man needs pockets; that you can't get very far in business or social life with a shiny nose and that there's no luxury involved in keeping a bunch of kids clean and polished up. And the Committee is getting its come-uppance for repeated failure to clear repeal legislation. But you may be sure no member will be spared the pointed advice of his lady constituents.

The girls are also pointing out that while Congress is so disturbed over "distressed areas" it might give a thought to the "distressed homemakers, secretaries, career girls and the little girls with their school bags who are still penalized by a war that was officially over on December 31, 1946. The "luxury" taxes, they observe, were imposed to choke off sales and production in order to divert the utmost in manpower, machines and raw materials to the war effort. These outmoded levies do slash

WASHINGTON AND "SMALL BUSINESS"

By C. WILSON HARDER

Down Texas way they pride themselves on thinking in terms of bigness.

Thus, it is perhaps not surprising that veteran Congressman from those parts, Wright Patman, asked a mighty big question of the State Department. In fact, it could be called the \$100 billion dollar question as it tied in quite directly with the tossing away of U.S. tax dollars on foreign give away.

C. W. Harder

Congressman Patman heads the Joint Congressional Economic Committee which has been looking into the U.S. liberality with nations in the communist bloc.

Somewhat to their astonishment, these committee members found that the Communist dictator of Poland, Gomulka, while on one hand has been receiving some \$400 million in food and industrial equipment from U.S. he has with other hand been giving largesse to other communist nations.

Specifically, it was found by the Congressmen that he gave some \$100 million in aid for Yugoslavia, Ghana, North Vietnam.

In addition, the joint committee found that the Polish communist boss is supplying Red China, Yugoslavia and Cuba with industrial plants and heavy machine tools which appear suspiciously similar to this type of equipment that Poland got in the United States.

On questioning the State National Federation of Independent Business

Dept. members of Congress found nothing very tangible in the way of an answer. It was developed in 1957 it was decided to aid communist Poland to somehow build some friendly ties with the communists.

This seems to tie in with a trend of the past few years in official circles to divide the world's communists into two groups. One group are hostile murdering atheists, the other group merely unfriendly murdering atheists.

Now the Congressman expressed interest in just how the State Dept. has set up safeguards to make sure that what the U.S. gives the merely unfriendly murdering atheists is not trans-shipped to the hostile murdering atheists.

State Dept. had a ready answer for this one. There are no safeguards on this matter, but Communist Gomulka has given his word that nothing of this sort will be permitted.

So there the matter rests. Naturally, everyone knows there is nothing more binding than a communist's promise.

Perhaps this simple faith of the State Dept. will spread throughout government with far reaching consequences. Perhaps in time even the Internal Revenue Service will accept everyone's word without question, eliminating thousands upon thousands of man hours now spent in working out and examining tax returns.

Thus, it is wrong to be critical. Who can tell but what State Dept. working hand in hand with the merely unfriendly murdering atheist echelon of world communism is creating a world of greater sweetness and light.

demand for the products of the affected industries, retard production and lessen employment potential. To continue this repression in the face of serious employment, they think, is not very bright.

While reading his mail, the Congressman might reflect on the probability that more women than men voted in 1960, since there are three million more of them who are eligible. Nor should he think that the men, who pay the bills in most households, are disinterested. And now that the women are on the warpath, the men are going to follow.

At least, we always have.

Ralph T. Moore writes, in the Oregon Voter: "The practice of organizing useful work programs to employ applicants for relief under our national welfare system seems to be spreading. It is also beginning to pay dividends in an unexpected way. It is teaching many men how to use ordinary tools properly and so contribute to their ability to compete for employment, a most constructive circumstance and one not contemplated under the relief program. At first there was a wide-spread resentment over making these applicants work for their pay. But taxpayer pressure, plus the fact that the applicants are actually happier when doing something useful, forced the issue."

FANGS ARE SHOWING
By Robert Morris

Note: Robert Morris, president of the University of Wichita, was formerly chief counsel to the Senate's Subcommittee on Internal Security.

have recently been re-elected from our policy planning in Washington extensive evidence of optimism. Secretary of State Dean Rusk, Chairman of the Policy Planning, W. Averell Harriman, Chester Bowles, and others have been as-

sure us that things are indeed going well for the United States and the West generally around the world.

Secretary Rusk assured us that we are "moving with the winning currents of history." He is reported further to have declared that no country achieving its independence since 1945 has gone Communist. Generally the mood in Washington is optimistic.

Actually more and more evidence is accumulating that our policy of riding the tiger by helping and financing the left-leaning emergent nations is going awry. Instead of being lured over to our side of the world struggle they seem to be moving toward our enemy.

Recently Sukarno, the dictator of Indonesia, and wartime Japanese collaborator, boasted that he has removed the fear

of Communism from the Indonesian people. He has been implementing his military alliance with the Communists, both Russian and Chinese, and is now asking for guided missiles to track down democratic elements in the archipelago, with the weapons and PT boats which we supply. He almost uniformly votes with Khrushchev in the councils of the world.

Tito, the so-called "defector" from Russian Communism, is reported as having displayed late-model Soviet tanks in his May Day parade, a manifestation of "dissent" that is hard to understand. We have invested at least three billion dollars in fostering this "defection." All the evidence showing on the surface these days, indicates that he is moving closer

to Khrushchev all the time.

In Cuba, Castro is solidifying his position daily. He is, for instance, training 1,000 students a year at the University of Havana from Latin American countries, thereby building up a cadre of trained agents all over South America and Central America.

What our planners seem to be forgetting when they say that no country, achieving its independence since 1945, has gone Communist, is the grand design of Communism itself.

Stalin, writing "Nationalism and the Colonial Question" many years ago, set the grand design for the "emerging nations." The plan called for "revolutionizing the enemy's rear." It called for driving the West out of Africa, Asia and now, since they contend that Latin America is not "western,"

South and Central America.

During this phase of the conquest, no effort is to be made to seize power directly. They are working to eliminate Western influences generally and to build up their own internal organizations, i. e. the individual Communist Parties. During this phase we are conventionally financing the burgeoning and potential Communist states.

Later on, according to Stalin, when they have strengthened their position, the Communists are to turn against the national leaders and seize power. There is evidence that in some countries such as Iraq, they are delaying this move for strategic reasons.

All in all the gauge of success should not be whether the "independent" nations have actually become Soviet states. The gauge of our success should be

the behavior of our proteges.

I would submit that the Castros, the Titos, the Sukarnos, the Krishna Menons and the Nkrumahs are not going our way at all. The billions we have invested in them have been wasted and the friends we have scorned on account of them, should have been cultivated.

More and more their fangs are showing.

TAKE YOUR PROBLEMS TO CHURCH -- MILLIONS LEAVE THEM THERE

Where to...?

Did you ever look down railroad tracks and wonder where they went... or put your ear to the track, listen to the hum, and try to guess when the train would reach you? These questions we may have asked when we were children, but as adults it is time to ask... Are we headed in the right direction? Are we prepared for things in the future regardless of when they will arrive? Choose now the path you will take. Let the church help guide you.

"Oh that my ways were directed to keep thy statutes!"

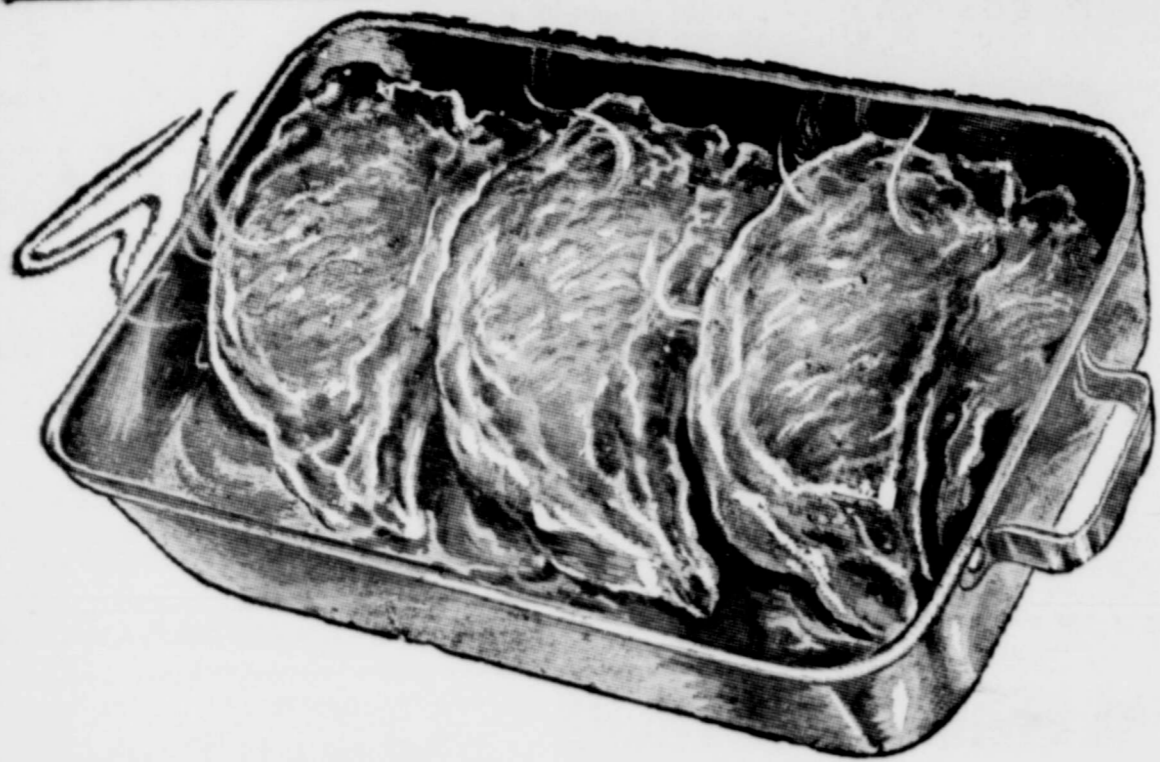

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

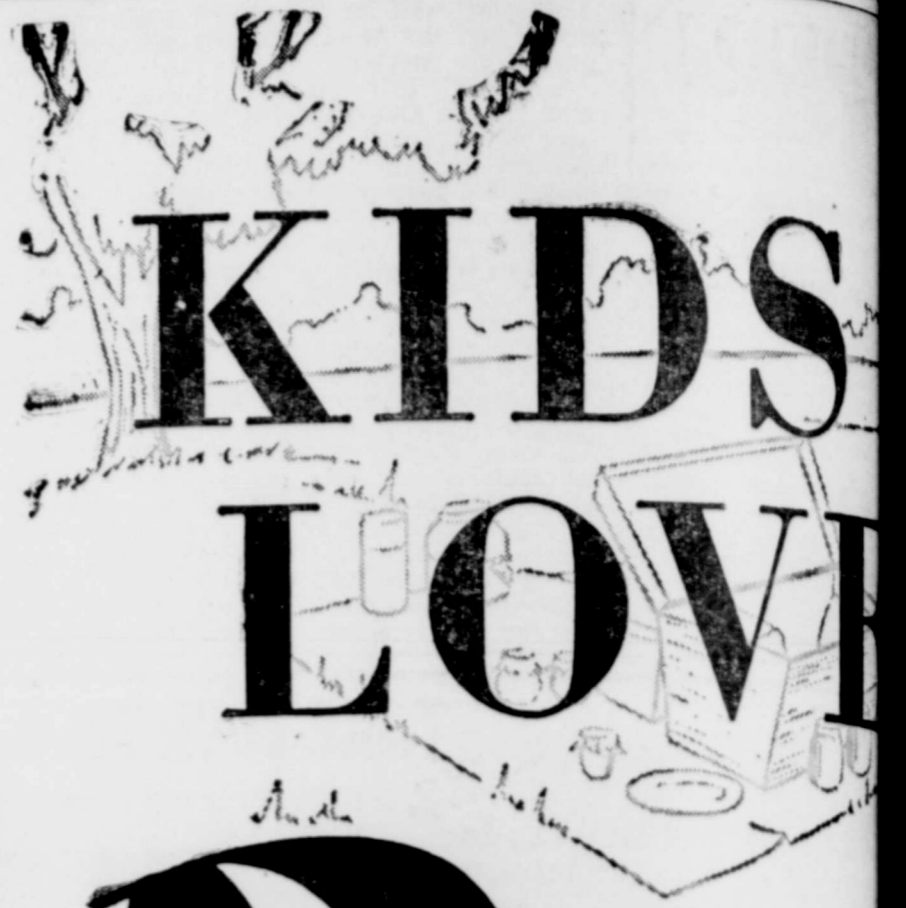

ATTEND THE CHURCH OF YOUR CHOICE THIS SUNDAY

4-H CLOTHING WORKSHOP BEGINNING JUNE 1

County-wide 4-H Clothing Workshop will be held in June at the Texas Electric Service Building beginning June 1. Any girls between the ages of 9 and 21 enrolled or interested in 4-H Club work may attend the workshop. Junior girls between the ages of 9 and 13 will meet on: the 1, 4, 11, 15 and 22 of June and senior girls ages 14 to 21, will meet the 4, 11, 13, 21 and 25 of June. Dresses, blouses skirts or sportswear may be constructed and the girls may enter their garments in the County Dress Revue July 12 and 13. Winners of the County will then be eligible to participate in the District Dress Revue. Sandra Herrell, Assistant County Home Demonstration Agent, will be in charge of the workshop and anyone interested is urged to contact that office.

Patsy Preston - Billy Melton Married May 25th In Home Ceremony

Wed in Friday evening rites in the home of the bride's mother, were Patsy Ruth Preston, daughter of Mrs. Dorothy Preston and the late Harold Preston, and Billy Dawson Melton, son of Mr. and Mrs. J. H. Melton, Burkburnett. The Reverend Hollis R. Morris, pastor of the First Baptist Church, officiated.

Given in marriage by her uncle, Brack Preston of Burkburnett, the bride was attired in a semiformal dress, and carried a bouquet of white gladiolus on a white Bible. Miss Nita Bingham served as maid of honor and Jerry Melton, attended his brother as best man. A white linen cloth covered the refreshment table for the reception which followed the wedding. Featured were a three-tiered wedding cake and a centerpiece of pink-tipped chrysanthemums. Mrs. Brack Preston presided at the punch bowl while Mrs. Charlene Mundy, sister of the bride, served the cake.

The former Miss Preston was graduated from Burkburnett High School in 1961. She has been attending Hardin-Simmons University in Abilene, Texas. The groom is a 1959 graduate of Burkburnett High School. He is at present serving with the U. S. Navy. Following a honeymoon trip the couple will establish residence in Chicago, Illinois where Melton will be attending the Great Lakes Naval Training school.

58 Masters Degrees To Be Given May 28 At Texas Tech

Texas Tech will confer fifty-eight masters' degrees and two doctorates at spring commencement exercises Monday (May 28) in the Lubbock Municipal Coliseum. Approximately 1000 students are candidates for undergraduate degrees, the largest number in Tech's history. Hugh Richard Fewin, Burkburnett will receive a Master of Science in Civil Engineering degree. The first set of boxing rules and first set of boxing gloves were made by Jack Broughton in 1743.

HARDIN P-TA

New officers for next year were installed at the final meeting of Hardin P-T.A. on Tuesday evening, May 15th, at 7:30 p. m., at the Grade School Auditorium.

The meeting was called to order and conducted by Mrs. R. W. Morine, president. Mrs. J. M. Willingham gave a devotional which was a tribute to the outgoing and incoming officers. It was reported that five members attended the District Conference in Vernon. The Hardin P-T.A. Publicity Record Book was awarded four stars at District Conference. Also certificates were awarded to the nine members who completed the First Aid Course.

Eighteen members of Hardin P-T.A. had perfect attendance for this year and were presented with perfect attendance pins by Morris Simonson. Those receiving the awards were: Mr. and Mrs. Francis Perry; Mr. and Mrs. Clifford Hagstrom; Mesdames: James Brady, Jr.; Payton Crosby; Larry DiMarizo; Irene Dunn; R. C. Gillingham; Leslie Landers; Esther Leitner; Margaret Lemm; Tom Moore; R. W. Morine; Edw. Osborne; Jewel Reed; W. T. Zimmerman and Mr. T. J. Hubbard.

Morris Simonson, principal of Hardin and Primary Grade School, thanked the Hardin P-T.A. for doing so many things to help the school this year.

Mrs. Morine expressed her appreciation and thanks for the co-operation and work of the officers, committees, teachers and all members.

Mrs. W. T. Zimmerman installed the new officers in a beautiful installation ceremony and presented each with a lovely corsage. The new officers installed were: Mrs. Leslie Landers, president; Mrs. Finis Taylor, vice president; Mrs. Geo. Smith, secretary; Mrs. Norman Roberts, treasurer; Mrs. Othello Hooker, historian and Mrs. R. W. Morine, parliamentarian. The retiring president, Mrs. Morine, presented Mrs. Landers with a president's pin; and Mrs. Landers, in turn, presented Mrs. Morine with a past president's pin. Mrs. Zimmerman presented Mrs. Morine with a Life Mem-

Burkburnett Garden Club Meets

The Burkburnett Garden Club met in the home of Mrs. Joy Sessums on Rose Avenue, Wednesday, May 23rd. The program was a large display of spring flower arrangements, each one being displayed and discussed by the members, with Mrs. Carl Morrison and Mrs. J. B. Riley leading the discussion.

Mrs. John Brookman installed the new officers for the year 1962-63. She used a most interesting theme. As each officer took her place in the installation line she placed a beautiful white stock on some greenery in a container to form an arrangement. When the installation was complete, we had a lovely arrangement, which was

presented to our retiring president, Mrs. J. C. Adams. At the close of the meeting everyone that plans to make the bus trip to "Six Flags Over Texas," were asked to pay their reservations so that we would know if we would be able to fill our bus. If any ladies who are not members of a garden club would like to make the trip, please call Mrs. J. B. Riley, Phone 569-3589. We go June 5, 7:30 a. m. Bus fare is \$5.30.

WARN SHIPS WITH FOIL

Salt water fishermen who pursue their sport near the shipping lanes should carry a good sized sheet of aluminum foil to hoist should a fog close in unexpectedly.

The metal foil enables any passing or approaching ship to detect your whereabouts on the ship's radar.

IF IT'S FOR SALE ADVERTISE

Bobby Bolinger At Ft. Chaffee, Ark.

Pvt. Bobby W. Bolinger, son of Mr. and Mrs. Warren Bolinger, 107 Hylagd Drive, Burkburnett, has been assigned to Company F, 399th Regiment, at Ft. Chaffee, Arkansas, where he will receive his basic combat

training. During the course, he will be given instruction in fundamental subjects such as first aid, mounted drill, map reading, military tactics. He will receive training with the M-1 rifle. After completion of training, he will receive advanced individual training in the thousands of specialties required in a modern Army. The 399th Regiment is a Reserve unit from Kansas. The 100th was the first unit called to active duty in current military build-up.

THE HOUSEFLY

How to Control It
The house fly is in danger of the health of man and animals because it carries germs that spread disease germs that are in the materials it feeds on, or walks on.

Flies breed in places where garbage or filth accumulates. Find and eliminate such places. Clean up. Bury or otherwise dispose of dog, cat and chicken excreta around the yard.

Make sure you have tight-fitting lids on garbage cans. Do not let garbage accumulate in the open. Do not let it stand until it ferments; insist on frequent pickups. Burn it if it cannot be disposed of in any other way.

SCREENS
Well fitting screens on windows and doors are essential for keeping flies out of homes, dairy barns, and milkrooms. See that screened doors swing outward.

CASTING CAUTION
You cast caution to the winds if you don't remember to break off the last few inches of your line every few hours when casting continuously. That last few inches receives by far the most wear. May break if you tie into Old Regurgitator.

KILL FLIES. Use space and surface sprays in and around the home. Use space sprays, surface sprays, and poisoned baits in and around farm buildings. (Electric grids and traps are effective fly-killing devices in some circumstances.)

SANITATION
Despite advances in the development of insecticides, sanitation continues to be the mainstay of housefly control in and around the home and on the farm.

SCREENS
Well fitting screens on windows and doors are essential for keeping flies out of homes, dairy barns, and milkrooms. See that screened doors swing outward.

CASTING CAUTION
You cast caution to the winds if you don't remember to break off the last few inches of your line every few hours when casting continuously. That last few inches receives by far the most wear. May break if you tie into Old Regurgitator.

PLAY YOUR FISH

Never "horse in" a fish. Chances are you'll lose it. Instead, "play your fish." So long as your line is tight and the rod bowed, the fish has little chance of throwing the hook. Don't reach for the fish until it's pooped, belly showing. Then use your landing net, if you have one. If not, grab the fish firmly over its back, just behind the gills. This partially paralyzes it. Hold firm until the fish is securely in boat.

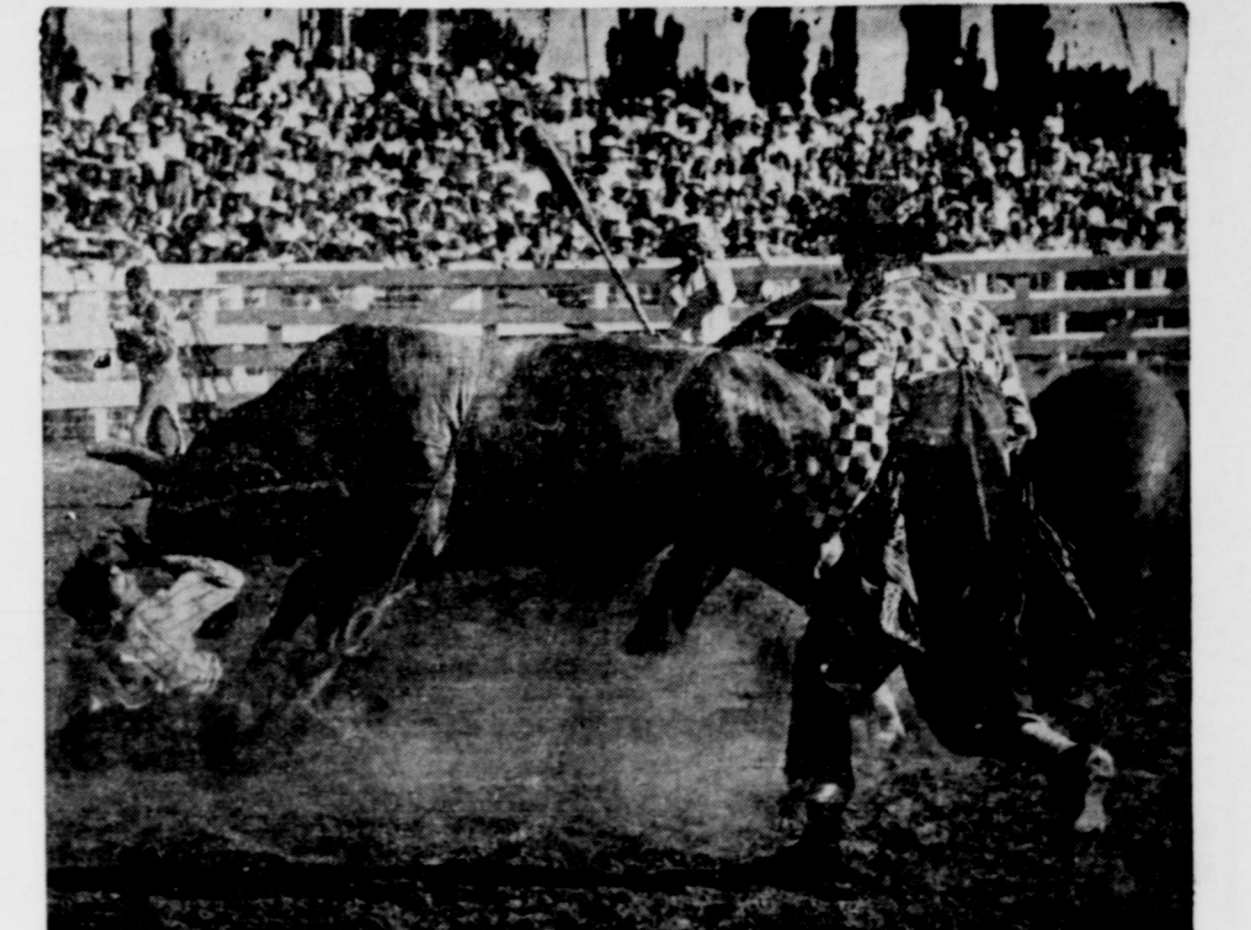

Preston Smith For Retaining "Right-to-Work" Law

Preston Smith, Democratic run-off candidate for Lieutenant Governor, has come out squarely for retaining the Texas "Right to Work" law which provides that Texans can't be forced to join a labor union in order to get or keep a job.

At the same time he defends their right to join voluntarily "any organization which has legitimate, worthwhile purposes." This would include a legitimate labor union.

Senator Smith already has called attention to the fact that his run-off opponent is the endorsed candidate of organized labor leaders and several other special interest groups. Smith has not sought any such endorsements, he pointed out.

Boomtown Rodeo Wed.-Thurs.-Fri. - June 13-14-15

Tense moment in rodeo's bull riding event as the clown race to defend a fallen cowboy, who fears the heavy, trampling hooves almost as much as the animal's horns. The baggy-panted matadors are the grounded rider's only hope in such a situation.

"To provide safe, efficient highways and farm-to-market roads.
"For vigorous water and soil conservation programs.
"To provide hunters and fishermen with an improved game and fish program, and better recreational facilities for our parks and lakes.
"For small loan regulations.
"For adequate care of the aged, the needy and the blind.
"To maintain and strengthen the Democratic Party leadership in Texas.

USE THE RIGHT LURE
Gamefish, such as bass, are predators who live by eating smaller fish. Small fish are quicker in movement than the predator bass, so the big bass hide around stumps, lily pads, etc., to surprise them.
The first five and ten cent store was founded at Utica, N. Y., in 1879.
"Base Ball" was played in the U. S. A. and England before 1839.

LIVE FISH TRAP
Like fresh fish, but can't seem to catch 'em to order? With this ingenious idea you can keep live fish in perfect shape over long periods of time. Buy at the nearest store two of the common and popular plastic laundry baskets. They come with assorted sized "mesh." In the bottom of one cut a square door, keeping one uncut side to act as a hinge. Perforate the door and the side so a string will secure it shut. Then, with the same nylon or polyethylene string, lash the two open basket ends together. The result is a large, indestructible, barrel-shaped, soft-bodied live trap. Sling it under your dock, in a well, in a stream, wherever there is fresh clear water circulating. Holds bass, pike, trout, pan fish... almost all varieties... until it's time for dinner.

A pirogue is a canoe made from a log or tree.
Benjamin Franklin was the first Postmaster of the United States.

NOTICE
The Burkburnett Riding Club will hold a practice Playday June 3rd, 1962, starting at 1:00 p. m. sharp at the Morgan Stadium. Entry fee is 25c for each event and the events are: Key-hole Race, Polebending, Barrel Racing, Ring Race, Flag Race, Potato Race, Relay Race, and Wagon Race. You must be a member of a riding club which automatically gives you membership in the Sheriff's Posse and Riding Clubs to receive a ribbon. Ribbons are given for the first three places in the following classes for the eight events: Pee-wee Girls and Boys, age 10 and under; Junior Girls and Boys, age 11 to 15; Senior Girls and Boys, age 16 and over.
The public is cordially invited to watch these fine sportsman-ship games for both young and old, and the admission is free. Cold drinks will be available. Everybody come!
Mrs. Nellie Tayloe Ross, of Wyoming, was the first woman elected governor of a state, in 1925.

RODEO JUNE 13-14-15

BURKBURNETT, TEXAS -- 8:00 P. M.

DEVOL NEWS

Mrs. C. O. Woodley, Reporter

The Devol Demonstration Club met Thursday in the Community Building with Mrs. J. B. Stevens hostess. Mrs. Betty Dahms was present and gave a demonstration on removing stain spots. The next meeting is scheduled for the 2nd Thursday in June. Refreshments were served to one guest, Mrs. Dahms and these members: Mesdames F. J. Uthe, Willie Cozby, Belle Charboneau, E. N. Miracle and the hostess.

Mrs. Roy Stacy and twin daughters, Betty and Sally of Florida have been visiting her mother, Mrs. Pearl Cates.

Mr. and Mrs. Marshall Charboneau of Wichita Falls visited his parents, Mr. and Mrs. W. C. Charboneau Sunday.

Mr. and Mrs. C. O. Woodley visited their grand daughter, Carol Ann, daughter of Mr. and Mrs. Bob Woodley of Wichita Falls, Saturday, who had undergone an emergency appendectomy Thursday in a Wichita

Falls hospital. Mr. and Mrs. Jim Eley spent the week end with relatives in Oklahoma City.

Linton McClendon, student at Stillwater, the past year, left Monday for Nashville, Tennessee, where he will be employed. Mr. and Mrs. Albert Freeland of Frederick visited her parents, Mr. and Mrs. E. N. Miracle Sunday.

Miss Bessie Woodall of Grandfield is spending a few days in the Miracle home this week.

Floyd Dornick who is a resident of this community each spring during harvest, took part of his combines and crew back to his home near Kiowa, Kansas Monday as the warm weather and high winds has ripened the grain early there this year. Mrs. Dornick and son, Mr. and Mrs. Ronnie Dornick and the rest of the crew remained in Devol to finish the cutting they had contracted for.

This community has been hit by several storms of high winds and some rain the past week, but so far, has escaped damage from hail and tornadoes.

A spokesman for Harlan Mills Elevators in Devol announced

Monday that 160,000 bushels of wheat had been received here to date, which is somewhat less than in previous years. It is estimated about two-thirds of the wheat crop has been harvested.

Mrs. Gene Jacobus, Worthy Grand Matron of the Order of the Eastern Star, made her official visit to Randlett Chapter No. 388 on Wednesday evening, May 16, with Grandfield and Temple Chapters as co-hostess.

A buffet dinner was served in the dining room of the lodge hall, during which time appropriate music was played by the Big Pasture Band.

The meeting was opened by Worthy Matron Gene Lynch of Temple Chapter. Grace McClurkin, Worthy Matron of Randlett Chapter made introductions of Grand Officers and extended a cordial welcome to all guests.

Mamie Manley, accompanied by Lorene Weaver at the piano rendered a special number honoring Grand Worthy Matron Gene Jacobus. Meeting was closed by Worthy Matron of Grandfield Chapter Margaret Hugins.

REPORT FROM CONGRESS

BY GRAHAM PURCELL, Representative, 13th District

The problem of excessive oil imports is, in my opinion, one of the most important problems facing Congress today. With that thought in mind, I went to Houston last week end to attend the 16th Annual meeting of the Texas Independent Producers and Royalty Owners Association. It was my pleasure to be among a group of Texas Congressmen who spoke to the assembled oil men there.

The other Texas Congressmen in attendance were Jim Wright of Fort Worth, Bob Casey of Houston, O. Clark Fisher of San Angelo and Henry Gonzales of San Antonio. Each of us was asked to address the group on Friday morning, May 18. Also there was Congressman Tom Steed of Oklahoma, one of the leaders in the battle to reduce oil imports. He addressed a noon luncheon of the oil men. In my talk to the group, I

pointed out that recent events in Ceylon and Saudi Arabia emphasize the necessity of changing the present United States policy on imports.

The recent ouster of the oil minister of Saudi Arabia after attention was called in this country to a statement that had been made by the oil minister, Abdullah Tariqi, is indicative of what I mean. Tariqi was quoted as saying that the ultimate goal of his country's oil policy was to "bring the West-pole World to its knees for want of oil." Also indicative of the need for a change of U. S. policy is the recent government take-over in Ceylon of the terminal and outlet facilities of two American oil companies. This flagrant example of governmental piracy makes available to the Soviet Union a refueling station for their ships in that area which was not available as long as the facilities were in the hands of American companies.

I believe that it is necessary for oil men and all Texans to make themselves aware of the problems which face the oil industry, and the Texas economy as a result. This is necessary

so that Texans can educate people in other parts of the nation to the threats that face us from a standpoint of our national security as a result of our present policy of excessive foreign oil imports.

As many of you know, I am co-sponsor of a bill with Congressman Steed which would amend the pending Trade Agreements Act. It provides that, if enacted, there would be reasonable controls on oil imported into this country. Among the more important features of the bill is the provision which would put oil imported overland from Mexico and Canada under the import quotas. It would also limit partially refined oil from the Middle East which is not now covered by the import quotas.

It is my hope that the Congress will act favorably on this bill in the interest of both our national security and the economy of our vital Texas oil industry.

Among the bills I have introduced this session of Congress is H. R. 11404, the proposed "National Debt Recognition and Reduction Act of 1962." I feel

that the provisions of this are very important to the future economic stability of the Nation.

It provides that the national debt shall be considered a budget item, and that the get shall not be considered in balance unless it is an appropriation to pay off the national debt each year. In addition to the interest payment. The only exception to this requirement would be in case of a national emergency such as war.

I believe that it is vital we try our best to pay off this huge debt, now approaching \$300 billion. It does not seem fair to me that we should burden our children and our children with this awesome responsibility.

The bill has been referred to the House Committee on Finance and Means where it is pending action at this time.

Remember please, to this newsletter to your friends and neighbors. If you know anyone who would like to receive it regularly, ask them to write to me and I will be glad to add their name to the mailing list.

Tour the Highland Lakes, Giant Stairway to Fun

The scenic Highland Lakes area, set like a gem in the heart of Texas, is a potent attraction for the weekend tripper or vacationer. The area's 150 mile stairway of man made lakes takes a giant step down from a 1,200 foot elevation at Lake Buchanan, northernmost of the lakes, to Lake Austin's 492 foot elevation.

Along the way, the sprawling necklace of lakes meanders through lush scenery that is a real eye-opener to anyone who has never explored the 25,000 acre wooded wonderland of central Texas.

With their close proximity to the state capitol, a trip to the Highland Lakes could most logically originate in Austin. From there, for instance motorists can take State 71 west, an excellent highway that closely parallels the lakes. A turn north on U. S. 281 crosses Lake Marble Falls just a short distance from the winding canyons

FIRST STEP IN THE HIGHLAND LAKES' GIANT STAIRWAY OF FUN: Lake Buchanan, photographed at massive Buchanan Dam. Backing up a lake-full of aquatic fun, the dam and its Lower Colorado River Authority power station help provide electric power for the Central Texas area. Below Buchanan, five more LCRA dams form the rest of the Highland Lakes: Inks, Granite Shoals, Marble Falls, Travis and Austin. The lakes are surrounded by numerous parks and attractions, including popular Texas Longhorn Cavern State Park and its famous underground cavern, third largest in the world. The cavern is located on Park Road 4, just a few miles from Lake Buchanan, and is open daily from 10 a. m. to 5 p. m.

that enclose lovely Lake Granite Shoals.

A few miles further north on U. S. 281 is the turn off for Texas Longhorn Cavern and its surrounding state park. And from the Cavern it is but a few miles more to Inks State Park on the shores of placid Lake Inks.

Just above Lake Inks is big

Lake Buchanan, a popular resort area longer than any other lake in Texas. And finally, from Buchanan, State Highway 29 leads over to Llano where travelers can rejoin State 71, returning to Austin past Pack-saddle Mountain.

This typical tour could be taken over a weekend. But the temptation to linger along the way will be strong, since the Highland Lakes region offers just about everything the tourist or sportsman could want.

The lakes themselves are Mecca for fishermen, thanks to regular and abundant stocking of bass, crappie, catfish, perch and bream. Sailing, water skiing and skin diving are equally popular water based sports among visitors.

The wooded, rolling hills around the lakes echo to the pounding of horses' hooves and tennis balls, as guests at the hundreds of fine resorts in the area pursue their favorite outdoor sports. For those who prefer to get away from it all, campsites are generously dotted throughout neighboring state parks.

An entirely different attraction for travelers is the immense Texas Longhorn Cavern third largest in the world and

center of Texas Longhorn Cavern State Park. Located 6 miles west of U. S. Highway 281, between Burnett and Marble Falls Longhorn Cavern is open year-round with tours conducted daily between 10 a. m. and 5 p. m.

Although the Cavern's underground complex of chambers and tunnels has never been fully explored, some two miles are now open and tastefully illuminated to bring out the many unusual stalagmite and stalactite formations.

The Cavern has been a long time star in Texas history. While the romantic tale that bandit Sam Bass hid treasure there has never been substantiated, a Confederate ammunition factory was definitely hidden there during the War between the States. And other important finds have established that Longhorn Cavern was in use by man far back into prehistoric eras.

The tendency of Texas residents to travel far afield before seeing the wonders of their own state might be curbed if more Texans would vow to "See Texas First", beginning with the Lone Star State's scenic center, the breathtaking Highland Lakes.

Boomtown Rodeo June 13-14-15

Bull riding is considered professional rodeo's most dangerous contest. Here, a cowboy displays winning form as the fifteen-hundred pound animal leaves the ground in a high-kicking effort to dislodge his rider.

News From The HD Agent

With the coming of spring comes an annual project for homemakers: spring housecleaning.

Chances are that the floors are in for a good scrubbing.

Here are some suggestions for floor care from Thelma Wirges, county home demonstration agent.

To remove old wax, follow the U. S. Department of Agriculture's Forest Service suggestion for using rags moistened with turpentine or other paint thinner.

A final rinse with soap and warm water will be necessary, but do this quickly so the water won't have time to reach the wood or to turn shellac coating white. Miss Wirges adds, Floors will last longer if they are waxed regularly. This should be done every four to six months.

If there are children in the home, there will probably be a need to touch up some spots often. Even ink stains can be removed from wood flooring, if you know how. Just bleach them with axalic acid or some other commercial wood bleach.

The rubber marks, caused by tennis shoes and hard rubber heels, may be removed with naphtha or paint thinner.

If there is grease from the car

or drippings from your vacuum cleaner motor on the floor, there's not much that can be done about it except to sand off all the stained area.

On other badly stained areas—such as places where water has stood for some time, sanding also also may be required.

After the stain has been removed, the next step is to patch the area with sealer and buff with a pad of steel wool. The patchwork will look much better than the stain, Miss Wirges says.

One of the big reasons why garbage disposers fail, is that homemakers do not run cold water through them regularly, according to Thelma Wirges.

STATE CAPITAL
Highlights
AND Sidelights
by Vern Sanford
 TEXAS PRESS ASSOCIATION

Austin, Texas — Eight tired men will sit down Saturday night—but not to relax.

Probably it will be well into Sunday before four know that they have won and four know that they have lost the Democratic runoff primary for four important statewide offices.

John Connally and Don Yarborough have battled it out for governor. James A. Turman and Preston Smith are the two tired men in the race for lieutenant governor, possibly the most important jobs in state government. Waggoner Carr and Tom Reavley competed for attorney general. Woodrow Bean and Joe Pool were the busy men seeking nomination for Congressman-at-large, a statewide seat in Congress which is likely to be abolished within two or four years.

Following Saturday, they can rest a bit before taking up their campaigns against the Republican nominees who are expected to make the strongest bids since 1874 in the general election on

November 6

But no matter how the Democratic primary and the general election turn out, Texas will have new men in the three top state offices beginning next January.

State and Symphonies Clash
 A new order from the State Comptroller's office struck a discordant note with supporters of Texas's 13 symphony orchestras when they were informed that their productions will no longer be considered exempt from the 10 per cent admission tax.

The Dallas Symphony Society was first to be taxed. They paid \$12,999 back admission taxes under protest.

Now symphony groups in Houston, San Antonio, Abilene, Amarillo, Austin, Corpus Christi, El Paso, Fort Worth, Lubbock, San Angelo, Tyler and Wichita Falls are under surveillance of the Comptroller's staff.

Actually, no one ever told the symphonies that they were ex-

empt from the ticket tax. But they so considered themselves under a clause in the law passed in 1936 exempting "charitable" and "educational" organizations. They never were informed otherwise.

With the advent of the new sales tax law, an enlarged staff in the State Comptroller's office was mandatory. Interpretations and rulings were necessary. One rule defined "charitable" and "educational" organizations in such a manner that collectors started hitting the symphonies for back admissions taxes.

Sen. George Parkhouse of Dallas said he thinks exemption of symphonies and similar organizations was "the intent of the 1936 law." He has promised to support redrafting of the state amusements tax law to exempt non-profit cultural institutions.

The Dallas Society's payment "under protest" may pave the way for a court decision. State Comptroller Robert S. Calvert said he'd welcome one. "Frankly, I don't know if symphonies should pay an admission tax," he admitted, "but I don't think they can be called a charity."

Water Program Accelerated—Speed with which federal water projects are coming into final stages is shown by the fact that the Texas Water Commission has reviewed 17 federal projects since September 1, with two more coming up for hearing June 11.

Chief Engineer John Vandertulip said that projects already reviewed by the commission have a total first cost of \$325,366,000 of which \$192,052,000 is federal.

Those projects are up for congressional authorization or financing this year, so odds are fair that work by federal agencies in Texas will be accelerating greatly in the next two or three years.

Water Commission will hold hearings on June 11 on two U. S. Corps of Engineers' projects—Plum Creek and the Sabine-Neches Waterway improvements. The latter project, which calls for deepening of existing channels to accommodate super-tankers, totals \$20,830,000 federal cost and \$1,548,000 non-federal.

Livestock Control Funds Supplemented—R. G. Garrett, executive director of the Texas Animal Health Commission, notified Gov. Price Daniel that nearly \$9,000 of a \$10,000 appropriation for livestock tuberculosis control program has been spent. Remaining funds virtually are exhausted.

So the governor approved a \$5,000 emergency grant to boost the commission's program to August 31.

Animal Health Commission now has 69 herds of cattle under quarantine due to tuberculosis. Plans call for completion of testing in 15 counties as well as additional testing in 19 more counties.

36th Commanders Promoted—Governor Daniel announced the promotion of the Texas' 36 Infantry Division's two top commanders. Amarillo Attorney Everett S. Simpson, commander of the division, was promoted to major general, and Ralph M. Kreiger an Abilene businessman, was named to the rank of brigadier general.

Simpson, one of Texas' most-decorated soldiers, participated in every major engagement that the 30th Division was involved in in World War II. In the same campaign, Krieger won the Combat Infantryman's Badge, Bronze Star and Legion of Merit.

SHORT SNORTS
 Billie R. McElroy of Austin, firearms training specialist for the Texas Department of Public Safety, won the Elihu Root medal for marksmanship for training civilian marksmen.

Texas Education Agency revealed that more than 100,000 Texans now have completed the Civil Defense "Education for Survival" course, leading the nation in adult participation in this program.

Miss Ruth LaVerne Gallman of Temple, education coordinator at Scott and White Hospital School of Nursing, was named to the State Board of Nurse examiners.

Governor Daniel appointed C. D. Acker of Jacksonville, H. T. Latham of Stephenville and Paul D. Lindsey of Dallas to the Texas Finance Commission.

SNAG A FOX OR BOB

Don't know how many sportsmen have trouble with varmints around the chicken yard . . . but if you do, here's a deadly way to put a stop to mauling foxes or cats. On a sheltered free hang a newly killed live chicken a tantalizing distance from the ground. Set a trap right in the spot where the fox or cat has to go on his hind legs to reach the chicken. You'll find him there tomorrow.

News From The HD Agent

Are you interested in a good summer pasture? If so, you might consider Sudangrass. County Agent B. T. Haws says Sudangrass is the most dependable plant for summer temporary pastures in Texas.

A good paint job on exterior woodwork improves the building's appearance and protects it from the weather. A good coat of paint can greatly increase the service life of wood used above ground.

Two or more common types of paint are the pigmented oil type and the water-base coatings. The water-base type, for use outdoors, is a fairly recent development. It is designed to have increased moisture permeability, and when applied over special oil type primer it will give good protection to wood.

A successful paint job depends on the purchase of a

good grade of paint and careful adherence to the manufacturers' instructions, points out Haws. Preparation of the paint surface, mixing, prime coat application and method of application are steps that require special attention.

When painting new wood, the best wood protection and longest paint life is obtained by applying three coats, says B. T. Haws, county agent. This would call for one prime coat and two finish coats. For previously painted surfaces which are in good condition, a single application may be sufficient.

The Forest Products Department of the Texas Forest Service recommends that you select a good quality paint of the proper type for each job and paint when the temperature is between 40 and 90 degrees. You should repaint before the old coating has worn enough to expose the wood, and you should

make sure the surface is completely clean and dry before painting.

Exterior woodwork pretreated with a good water repellent preservative, may also be effectively painted. One good preservative, penta with the water repellent additive, may actually increase the efficiency of some paints. The penta should be mixed with mineral spirits and not oil solvent, however. If pressure treating is done, the treating plant should be informed that the wood is to be paintable.

DEWORMED WORMS

Gals! Demand this of your fishing husbands. Nobody likes to bait a hook with worms that gush. But if the worms are kept for a couple of days in moist clean sand, they're as clean as a whistle . . . and they live longer on the hook.

OLD SOFTIE'S CHIPMUNK REMEDY

Are chipmunks driving you crazy around your cabin? Are they so nice you can't kill them. Good for you. This: Bury a gallon mason jar up to the rim and bait whatever they like that's in it. Lift 'em out with a heavy pair of gloves and ship 'em to distant lands. To bother one else.

STEADY SHOT

Remember the big hunter's recipe for shooting after a run in. Gulp down several times as quickly as possible. On last gulp, exhale half and calm while you sight and shoot. Multiple breaths give you a short charge of help you stay steady shot.

How Did Your Representative Vote?

THE HOUSTON CHRONICLE
 Wednesday, August 9, 1961 Section 1, Page 13

Vote Count In Passage Of HB 20
By Associated Press

Here is how legislators voted in the roll call votes which passed the \$361 million tax bill (HB 20) near midnight Tuesday night:
 House (84-62):
For—(84)—Adams of Lubbock, Adams of Mt. Pleasant, Allen, Andres, Atwell, Ballman, Banfield, Barnes, Bartram, Berry, Blaine, Buchanan, Butler, Chapman, Cole of Houston, Cole of Greenville, Connell, Cook, Cory, Cowen, Cowles, Crain, Crews, Curinath, De La Garza, Dungan, Ehrue, Fairchild, Floyd, Foreman, Garrison, Gibbens, Glusling, Green, Grover, Harding, Heatly, Huebner, Hughes of Dallas, James, Jarvis, Johnson of Dallas, Johnson of Temple, Jones

Lobbyists Jubilant Over Tax Vote; Some Solons Cheer, Others Sulk

Austin—(UPI)—Sales tax lobbyist Tom Sealy stood jubilantly in the Capitol rotunda and cried "Peace" to passers-by.

It was indeed "peace" for Sealy and his Citizens for a Sales Tax organization. The tax package would raise \$319 million with a 2 per cent sales tax on most items costing more than 24 cents.

The Capitol had the atmosphere of both a Roman carnival and a wake as lawmakers salvaged the 30-day special session with last-minute action on taxation and spending.

Lobbyists were jubilant.
 Victors cavorted in the House chamber, where the tax measure passed 83-62.

Losers charged they were denied their constitutional rights. They harangued Speaker James Turman in personal privilege speeches, and charged the Legislature with selling out the people.

Some argued, others sulked and many slumped dejectedly in their chairs. Senators handled their chores quietly. They limited debate and avoided theatrics.

Both chambers played to standing-room only crowds.

Lawmakers gave a historic performance. They approved the largest budget and largest tax bill ever passed by the Legislature.

Lobbyists were gleeful over escaping a heavy load of business and industrial taxes.

One lawmaker commented, "The T.M.A. (Texas Manufacturers' Assn.) flag is flying over the Capitol tonight."

Tempers flared after the tax bill passed. Some lawmakers were ready for violence.

Rep. Neil Caldwell of Alvin, one of the losers, calmed things with a remark to the House that "fist fights don't accomplish anything in allures and they don't accomplish anything on the floor."

The present sales tax with its inequities was passed only with the pressure of the large lobbies in Austin. We need a man in Place 2 who will work for the people, not the lobbies.

Let's have more effective, more imaginative, and more active representation in Place 2.

LET'S ELECT MAURICE DOKE FOR STATE REPRESENTATIVE, PLACE 2

GEORGE MOFFETT
Senator, 23rd District
CHILICOTHE, TEXAS
May 30, 1962
My belief is that Senator Preston Smith of Lubbock will make an outstanding Lieutenant Governor.
Preston has served many years in the Texas Legislature; first in the House of Representatives and then in the Senate. His broad, experienced, well balanced judgement and known desire to be fair to all, are ideal qualifications for the office.
I hope the people will choose Senator Smith for the important office of Lieutenant Governor on June 2nd.
Sincerely Yours,
s/GEORGE MOFFETT
PRESTON SMITH

a mile getting Mr. and Mrs. F. Postelwaite's house. Part of the south wall was left standing, scattering things there, then on to Mr. and Mrs. L. F. Menz taking their house. Then on to their son's, Mr. and Mrs. B. B. Menz, taking their house. It also got all barns and out buildings on the farm of Mr. and Mrs. C. B. Ressel, but left a house that was empty.

Then it went up to the cemetery where it torn down most of the wire and going through the cemetery turning over nearly all the tall head stones, breaking several of them on a northeast direction only.

Only one hurt was Mr. B. B. Menz, he was holding down a storm cellar door by a chain.

It cut his fingers as it ripped off the door.
Also taken was a trailer house of combine men. All were in cellars by not being late. It even got the Jones car and all farm tools including ruining 2 tractors.

is not wise to add any sugar until the stalks are tender. This will mean an economy in the sugar—and at the same time will provide sufficient sweetness. Miss Wirges said. When the stalks are tender, take the sugar off the fire and add the sugar, then bring it to the boiling point over the fire to achieve the best of flavor and sweetness.

The usual rhubarb pie can be varied by preparing it deep dish style and teamed with strawberries. The berries may be frozen or canned. Bananas can be added to a rhubarb pie to provide an interesting flavor.

Rhubarb will grow in Wichita County. Mrs. C. H. Arnold, has a nice bed of rhubarb to add variety to family meals.

Should homemakers take time to prepare food lists before going to the market? Yes, says Thelma Wirges, county home demonstration agent. The list can save you time as well as money.

Since food usually is the largest single item in the family budget, a food list can help stretch food dollars by cutting down on "splurge" buying. Items that somehow get into shopping baskets as a result of this splurge buying can throw our budgets hopelessly out of balance.

By checking food advertisements and jotting down best buys, homemakers also can realize savings. We can often build our weeks' menu around the "specials" that are featured in the ads, Miss Wirges reminds.

Mrs. James Todd and other food demonstrators are working on menu planning, market orders and food buying for their years work.

Buying by grade is wise, for then we are certain of the quality of the food purchased.

Another method for saving money is to purchase foods in season, for quality foods in good supply are economically priced. Buy sparingly of foods that your family likes, which aren't in season. Stretch these foods by putting emphasis in the meals on foods in season.

A final marketing tip: Always shop on a full stomach. A happy food buyer is usually a wise food buyer, Miss Wirges says in summing up good food buy-manship rules.

Proper food storage is a good way to prevent waste and all its dollars down the drain results. This word comes from Thelma Wirges.

She reminds homemakers that off flavor cooking and salad oils, eggs, and even peanut butter are special problems.

Storage tips for handling these items are suggested by the agent.

Eggs should always be refrigerated, preferably in the original carton or some other covered container. Uncovered eggs lose moisture and absorb flavors through their porous shells.

A good rule for cooking and salad oils, mayonnaise, even peanut butter, is to refrigerate after the container has been

CottonQuiz

WARNING

It has come to attention of authorities that some persons have been slipping into and using the swimming pool at night. Swimming pool directors state they will prosecute to the fullest any person using the pool at unauthorized hours. The board is extremely concerned with fear that some one might be drowned when there are no life guards on duty and the pool is not officially open. Parents are warned that this is a very serious matter.

The WEEKLY Handyman

THOR RESEARCH CENTER FOR BETTER FARM LIVING A board foot supposedly is a board that measures 1 inch thick, 12" wide and 12" long. But, as the old song goes, "It ain't necessarily so."

For example, 2 by 4s don't measure that at all but are 1 1/2 by 3 1/2 inches; 1 inch boards are 3/4 inch thick.

The explanation is simple: Cut originally to the exact dimensions, most lumber is dressed before it leaves the saw mill. Planned smooth, it is marked "S4S," meaning "surfaced four sides." That's why the 2 x 4 you buy is 1 1/2 by 3 1/2 inches rather than the nominal 2 by 4.

Table with 3 columns: Nominal, Actual, Actual. Lists lumber sizes like 1x2, 1x4, 1x6, 1x8, 1x10, 1x12, 2x4, 2x6, 2x8, 2x10, 2x12, 3x6, 3x8, 4x4, 4x6 and their corresponding actual dimensions.

Use right lumber size for accurate building and repairing. This problem of size looms big when you want to use new lumber in an integral part of an old house. Dry lumber that doesn't shrink or swell is especially important in such remodeling work. Uneven walls and ceilings marred with cracks and bulges could result otherwise.

You can expect the least shrinkage in cedar and redwood. Moderate shrinkage is found in cypress, Douglas fir, oak, chestnut, hemlock, pine, spruce and walnut.

The biggest shrinkage is in the softest woods—larch, poplar, white pine and yellow pine.

Many a wise home-owner has saved a lot of money by buying a poor grade lumber and dressing it up himself with a portable sander.

HOUND COLLAR

Plenty of hound collars away from putting a collar on their dogs in thick country cause the dog may snag the leather and be lost, a substitute, and a good Stencil your name in paint on rings cut out motorcycle inner tube. Use the size to grip the neck of your hounds. BUT the collar can twist his way free hangs up.

Life Span

Q. If a person could avoid accidents and disease, how long would they live? A. This is a difficult question to answer but we will make an educated guess. In the absence of strokes, cancer, severe infarct and physical injury, man can be expected to live some beyond 100 years. After the century mark, sheer muscular strength gradually declines, especially between the ages of 60 and 80 years, even continued physical training can reach a point when performance are no longer possible. But an interesting thought: One-third of our total energy utilized in overcoming gravity. Before we can accomplish useful work we must expend good part of our energy in overcoming gravitational pull. With the coming age of space and weightlessness, this energy can be put to other uses, persons may acquire a new life span.

Homogenized Milk

Q. What advantages does homogenized milk have over regular milk? A. The butter fat and vitamin in homogenized milk are evenly distributed and more easily digested, especially infants and young children. Homogenizing also improves flavor of milk.

Promptness, dependability, price fairness are the words of our prescription department.
