Master's Degree Conferred By Burk Lodge On Airman

Members and visitors of Burkburnett Lodge 1027 A.F.&A.M. were given an unusual treat on Monday night, June 11th when the Masters Degree was conferred on Joseph Carson Moseley, Jr., by a degree team from Sheppard Air Force Base composed of Air Force personnel in uniform.

Riding Club Wins Trophy At Lawton

The Burkburnett Riding Club won a beautiful trophy at the Lawton, Oklahoma Rodeo Parade. They were given a second place award for the best dressed club participating in their opening day festivities on Wednesday, June 6.

Chemical Finish

In some vacation homes, exposed to severe weather conditions and wind driven spray, exterior walls have been sided with lumber that's pressure treated with chemical preservatives. Such lumber, the Southern Pine Association says, will eventually weather to a pleasing driftwood gray.

Four Connie Mack Teams To Play June 20th

On Wednesday night June 20th two conference Connie Mack games will be played here. The two games are make up games that were rained out on the regular schedule.

Kiddy Day Parade

Hey! all you young gun totting cow pokes and cow girls. take notice of the big parade, Friday, June 15 at 2:00 p. m. Dig out the blue jeans, red bandanas, six guns, spurs, and all the wild joy of the old West.

David Littlefield and Pat White Nuclear Science Symposium

Burkburnett High School science student David Littlefield, right, points out to his instructor, Pat White, one of the charts displayed at the second Texas Nuclear Science Symposium held this week at the University of Texas. They attended the symposium at Austin as guests of Texas Electric Service Company.

C. J. Lippard to Ride Ol' Speck?

Old Speck, No. 161, the meanest bull in the Beutler string, has never been ridden by a bull. So, it is rumored C. J. may take on the old critter to see who is the toughest. However, if C. J. turns the proposition down, some one else will try the old rascal on for size during the rodeo here. He will probably come out of the chutes tonight, Thursday.

Burkburnett Resident Dies

Mrs. R. B. (Mittie) Faulkner, Burkburnett resident since 1917, died early Thursday morning in a Wichita Falls hospital following a lengthy illness. Mrs. Faulkner was born at Stoneburg August 26, 1881. She was a member of First Baptist Church in Burkburnett. Her husband died in 1926.

Landrum Family Holds Reunion

A reunion of the Landrum family was held at Platt National Park, Sunday, June 10. Six of the ten living children of Aubrey and Maggie Landrum were at the reunion. They are Wayne and Wallace Landrum of Burkburnett; Levis Landrum of Stroud, Oklahoma; Cleo Landrum of Jacksonville, Florida; Aubrey Landrum, Jr., of Houston, Texas; and Stella Black of Sulphur, Oklahoma. A brother, William, was killed a year ago in an automobile accident. Mr. Landrum passed away in 1948. Mrs. Landrum is in a hospital in Oklahoma.

Card of Thanks

We would like to take this means of thanking our friends in Burkburnett for the many acts of kindness shown us during our misfortune of losing our home in the recent tornado. Your thoughtfulness and kind consideration have meant much to us and will long be remembered. May God bless all of you. Mr. and Mrs. B. B. Menz Mr. and Mrs. L. F. SUBSCRIPTION RATES PER YEAR
 In Wichita and Cotton Counties \$2.50
 Outside These Counties \$3.00

The Meat Industry Helps Itself

The nation's beef producers don't have and don't want government subsidies or price supports. Beef is produced for consumption—not for storage.

This year's cattle marketings are expected to total 39,700,000 head—eight per cent above the all-time high established in 1953. Demand for beef, obviously, must be maintained at very high levels if so huge a supply is to be moved in an orderly manner into the hands of consumers. The nation's housewives must be made to realize that plentiful beef supplies are available for their market-baskets—and, in addition, that beef is a good buy.

The meat industry is now embarked on a wide-scale campaign to achieve those goals. Participants include the packers, the U. S. Department of Agriculture, producer groups and retail food organizations. All mediums of communication will be used to tell the beef story—newspapers, magazines, television and radio. Retailers will feature attractive color-posters promoting beef, with the emphasis on such succulent cuts as pot roast, stew and round steak.

The Secretary of Agriculture will be an active participant in launching the campaign. It is expected that he will point up the advantages of the industry helping itself instead of running to government for subsidies or other assistance. In these days, when so many groups seem to expect government handouts as a matter of course, it's mighty good to see a basic enterprise working to solve its problems solely through its own efforts.

WASHINGTON AND "SMALL BUSINESS"

By C. WILSON HARDER

Readers often ask if there is any way of bringing the federal budget into balance other than Congress wielding an axe to cut sharply all non-defense expenditures.

To answer this it is perhaps best to look at the record. Congressman Harold Ostertag points out that federal spending this fiscal year will reach \$11 billion, a \$12 billion jump over last year. Of this total \$25.5 billion will be paid out in social security, unemployment insurance, highway building, and civil service pensions. The remainder, \$89 billion, will be spent for a host of items.

He estimates tax collections at around the \$102.5 billion mark. Of this total, the largest take is on individual income taxes, some \$45 billion. Corporation incomes taxes should bring in \$21.3 billion, the balance from excise taxes on autos, gasoline, jewelry, et al, plus social security tax collections, which incidentally, will be almost \$1.5 billion less than expenditures.

There has been some question of raising income taxes, rather than cutting non-essential government expenses.

But Congressman Richard Roudebush feels this is impossible insofar as individuals are concerned. He takes the example of the typical \$5,000 per year family.

This family, he finds, is paying \$300 in federal income taxes, \$305 in excises taxes and

\$215 in social security taxes, for a total federal tax of \$820. State taxes take \$50 in income taxes, sales and state excise taxes take another \$150, property taxes \$205 and social taxes \$45 for a state total of \$470. The combined total is \$1290 for food, clothing, insurance, housing, heating, car expense, and all other living costs.

What about increasing corporation taxes. In the long run, this could add to the burden of the family shown above.

For example, assume the family cited above buys a breakfast cereal. On each box, the manufacturer, to stay in business must make a penny profit. But before the manufacturer can get a penny profit, on a 52¢ corporation tax, he has to make 1.2 cents profit. The wholesaler needs to make a cent profit, but he too, in order to realize a penny profit, must first make a 1.2 cent profit to pay taxes, and the retailer must figure his mark-up on the same way. Thus, in order for the processor, the wholesaler and the retailer to meet their taxes, the consumer pays a pyramid tax that on a box of cereal probably adds 5 cents.

Thus, it is a fallacy to believe increased corporation taxes will help the consumer. Because every tax added into the production, distribution and sales of goods is reflected in the sales price.

This then seems quite self-evident.

It is high time that government start slashing expenditures right and left. The American nation can no longer afford the luxury of an expanded welfare state, foreign give aways, and other dollar consuming schemes.

Grass Roots Opinion

FORT PIERCE, FLA., NEWS-TRIBUNE: "There's no doubt about it, when governmental agencies—whether they be federal, state or local, go behind closed doors to conduct business, the people's interests are likely to suffer. So-called 'executive' sessions should be a danger signal to freedom-loving Americans. Many of our scandals, our international failures and troubles, our graft and abuses have their source in governmental secrecy. The people's business, whatever and wherever it be, should be conducted out in the open, aboveboard and without fear of consequences."

TIFTON, GA., DAILY GAZETTE: "The U. S. Army it seems, has found itself much overstocked on an item it calls 'staff study.' To quote a recent news dispatch, the Army 'makes so many staff studies it cannot keep track of them all. Sometimes two or more staffs are making the same study at the same time . . . This would be very hilarious, except for one little point. It is costing the folks who pay taxes some \$5,000,000 a year. This is how much could be saved, it is said, by installing a new central filing system."

CHILDRESS, TEXAS, REPORTER: "The railroads . . . own their property, their rails, their facilities, motive power and rolling stock, pay taxes in every county they traverse, and are still regulated by the government . . . Their operation is expensive. Yet the railroads are paying all this expense without the help of anyone or anything except the revenue they take in from service rendered. That's what we call private enterprise and free enterprise."

Established

A man who retired and settled in a small city in Florida told Thomas Collins, the columnist, that the newcomer in any area should open a checking and savings account, and also rent a safe deposit box, even though he had no stocks or bonds. The box would give him status. Then he should open a second account in another bank for deposit of his dividend checks, if any. The point is to keep the local gossipers from knowing too much about the state of his financial health.

Why does GAS give you the only "family-duty" REFRIGERATOR?

Gas refrigerators are built to work better, last longer — and for less! You know they can take it — and here's why:

LONGEST WARRANTY ON THE MARKET — Family-planned 10-year warranty on the sealed GAS system is twice as long as any other — backed by reliable Lone Star Gas Service.

MONEY-SAVING OPERATION — Refrigeration costs less because it's GAS! Fewer moving parts to wear in the Gas system mean lower repair costs and less worry than with compressor types.

ICE DISPENSER MODELS, NEVER ANY FROST in frost-free models. Ice is always fingertip-handly in the server basket. No frost forms in continuous-cold GAS refrigerator-freezers. Big zero-degree freezer is a separate compartment. GAS refrigerator prices are the lowest ever.

First Christian Church Program Begins Sun., June 17

First Christian Church, 2nd and D. Burk Burnett, has announced the features of its program for the week beginning Sunday, June 17, 1962.

During the 11:00 a. m. service of public worship, the Rev. Hugh E. Caffey will preach concerning the topic "Love Your Neighbor As Yourself." He has selected Luke 10:25-37 as the scripture lesson for the morning.

Immediately following the morning worship on this Sunday, June 17, 1962, the congregation will hold its annual business meeting. At this time the members will vote for the new members of the general board to take office on July 1, 1962. Also, they will be voting concerning some proposed constitutional amendments.

The Christian Men's Fellowship of the church will hold its monthly meeting at the church on Monday, June 18, 1962, at 7:30 p. m. An important item of business for the

group will be the election of officers for the year beginning July 1. In the absence of Willis Clayton, president, James Kincaid, vice president, will preside.

MRS. CHARLES BEGEMAN TRANSFERRED TO GALVESTON HOSPITAL

Mrs. Charles Begeman was flown by an Air Force ambulance plane to the John Sealy Hospital in Galveston last Friday where she will undergo further treatment for the serious burns she received in an accident at her home south of town recently. She had been a patient in the Wichita General Hospital since the accident. She is reported in satisfactory condition at this time.

Always I try to be cheerful, but sometimes I am momentarily depressed when the sun goes behind a cloud at midday, or when a woman tells me I have forgotten that this is the anniversary of something I'd like to forget.

What you don't tell, your best friends surmise with a degree of accuracy that is discouraging.

DEVOL NEWS

Mrs. C. O. Woodley, Reporter

Miss Mary Linda Monson and Mr. Alvin Combs were united in marriage Tuesday evening, June 5th in the Baptist Church in Devol, with the Rev. Roy Clayton of Randlett reading the wedding ceremony. Music was furnished by Karen Hertzler at the piano and Pauline Shaw soloist. The bride, who was given in marriage by her father, wore a street length dress of white cotton and carried a floral arrangement of white. Gayle Monson was maid of honor for her sister, and Linda Miller served as bridesmaid. Candelighters were Nelda Clark and Oleta Moore.

Mrs. Combs is the daughter of Mr. and Mrs. Tom Monson and the groom is the son of Mr. and Mrs. A. Combs of Sentinel. The young couple will make their home near Sentinel where Mr. Combs is engaged in farming.

The Devol Demonstrators will meet in the Community Building Thursday at 2:00 p. m. with Mrs. J. W. Hale as hostess. Each one is requested to bring material for a quilt block.

Mr. and Mrs. Frank McClenon and daughter Gillis visited Mr. and Mrs. Claud Lemond in Erick Saturday.

Guests of Mr. and Mrs. Don McCasland Sunday were Mr. and Mrs. C. C. Hawhee, Mr. and Mrs. Andy McCasland and children and Mrs. Ethel McCasland.

Mrs. Pierce and daughter, Mrs. Jimmie Krummel of Wichita Falls visited Mrs. J. W. Hale Sunday.

W. C. Davis returned home Sunday from Calera where he visited his brother, Joe Davis and family and other relatives.

Mrs. Earnest Weaver and nephew, Mervin Simpson of Wichita Falls visited Mr. and Mrs. W. C. Charboneau Sunday.

Mrs. Willie Cozby had all of her children at home Sunday, except one daughter. Those present included Mr. and Mrs. Monk Nunn and Ricky of Jal, New Mexico; Mr. and Mrs. Peyton Cozby and children, Mr. and Mrs. Price Cozby and children, Mr. and Mrs. Philip Cozby and children and Mr. and Mrs. Walter Paul Cozby and children all of Burkburnett, also Mr. and Mrs. Ralph Postelwaite, Mr. and Mrs. Ed Morrow and a grand daughter, Mrs.

Rozella Ellis and sons of Wichita Falls.

Mr. and Mrs. Arnold Nalls of Dallas, Texas visited his parents, Mr. and Mrs. O. D. Nalls Saturday and Sunday.

Mr. and Mrs. Ronnie Mahaffey of Littlefield, Texas, Mrs. O. D. Yeager of Seminole, Texas, Mrs. Pauline Johnson of Lubbock and their sister the former Nellie Mahaffey of Andrews, Texas were Devol visitors Friday afternoon enroute to their homes in West Texas, after a visit to Ohio where they visited with relatives of the Mahaffey family.

Mr. and Mrs. Billie Mullins and two sons of Checotah, Mr. and Mrs. Rex Mullins and children of Burkburnett, Mr. and Mrs. J. W. Adams and children. Mr. and Mrs. Irvin Adams and family of Randlett, Mr. and Mrs. Pearl Adams of Wichita Falls visited Mr. and Mrs. A. J. Adams and Charles Sunday.

Sergeant and Mrs. Dan Weaver of El Paso, Texas, visited his parents, Mr. and Mrs. O. G. Weaver Friday. The Dan Weavers were called here by the illness of Mrs. Weaver's mother, Mrs. Nola Burns of Burkburnett, who is reported improved

at this time. The sergeant Mrs. Weaver returned Paso Sunday.

Tandy McCasland left day for a two weeks' Leland, Mississippi.

CARD OF THANKS

We would like to extend thanks to all our neighbors and friends who helped us after the tornado hit our home. God bless each and everyone.

Boomtown Rodeo Wed.-Thurs.-Fri. — June 13-14-15

Teamwork between man and horse, in professional rodeo's calf roping, is a must to reach the paywindow. Here, the horse is playing his part perfectly, keeping the lariarope taut as the cowboy sprints toward the calf for the tie.

neat, well kept lawn will to the value of a home. Lawns properly managed provide a cool, restful cover for the homestead even during the summer months. Thelma Wirger, county home demonstration agent, says that by recognizing the basic conditions necessary for lawn care the home enthusiast may have a lawn that will provide pleasant shading and prevent soil from eroding and washing.

grass should be selected is suitable for the particular locality. Some of the best suited to Wichita County are Bermuda, St. Augustine and Buffalo grass. Others

not so popular are Centipede and various strains of Zoysia grass. Bermuda grass is probably the most popular and best suited for all around purposes. However, St. Augustine grass is the best for shaded areas. Miss Wirger points out that the grass selected should be adapted to your locality and one that suits you.

Mrs. J. L. Graham, from Electra has a lush mixture of Ber-

muda and St. Augustine. Mrs. Graham gives her lawn excellent care, along with the rest of her landscape. Mrs. Graham has served as a landscape demonstrator.

She fertilizes in the spring and fall with a complete fertilizer, such as 16-20-0. During the summer it is not necessary to add a complete fertilizer, but nitrogen should be added every 30-40 days, for grasses are heavy nitrogen feeders. Ammonium nitrate or ammonium sulfate may be added at the rate of three pounds of ammonium nitrate and five pounds of ammonium sulfate per 1000 square feet of lawn. (Reminder: length times width of your lawn equals the square footage.)

Controlled watering is one of the most important considerations in the care and management of lawns, Miss Wirger says. The prevailing tendency is to overwater rather than under-water. Excessive water, as well as too frequent applications, cause plants to develop shallow root systems.

Water should be applied to mature turf only when the plants begin to wilt. At this time the lawn should be soaked to a depth of four to six inches. When the water starts running off the surface, it should be cut off. If the soil is not soaked to the required depth, wait until the moisture has percolated downward and apply additional water.

Lawn turf should be mowed at about 1 to 1½ inches. Miss Wirger points out that only about ¼ to ½ inch of leaf surface should be removed at any clipping. Serious injury to the plant may result if a greater amount of leaf surface is removed at one time. A sharp, properly adjusted lawn mower is essential if the lawn is to be kept neat and trim.

Prune early flowering shrubs now if you have not done so. When and how much to prune early flowering shrubs is important for best results in the home landscape.

The shrubs which come in the early blooming class include the flowering peach, spirea, red-bud, azalea, dogwood, English dogwood and mockorange, and flowering quince often called Japonica.

The amount of pruning depends on how crowded the shrubs are and how closely planted to the house. You can give them room to grow by pruning out excess growth. You can improve the shape of the shrub by pruning the long shoots.

Burk Students Graduate From Midwestern Univ.

Among the graduates receiving degrees from Midwestern University are John Lindley Bucklieu, Bachelor of Business Administration; Robert Eugene Jernigan, Bachelor of Business Administration; Eddie Bernice Bryant, Bachelor of Science in Education; Barbara Jeanne Dodson, Bachelor of Arts, and Jon R. Evans, Bachelor of Science in Education. Mr. Evans was also named to the President's Honor Roll.

Be sure, Miss Wirger reminds to cut with GOOD SHEARS, near a BUD so new growth will come out at that point.

Mrs. R. A. Yeager is serving as a landscape demonstrator. She has done an excellent job pruning the home landscape. She pruned early and has lovely new growth to cover all cut marks. Nandinas, in particular are low and full in place of being tall and thin, as they have been for years.

PRETTY—This flower-printed black dress makes a wonderful addition to a summer wardrobe. Made in Sanforized-Plus cotton pique, it needs only brief ironing after washing. Side inverted pleats provide action room in the slim skirt.

ESA Social

A "coke and beef" party, June 4, in the home of Helen Eaton was enjoyed by Theta Epsilon Sorority members.

The patio was a perfect setting for a "beef peirod," under the direction of the social committee.

Presentation of the years scrapbook by Evelyn Farris, to Lea Glisson, past president, was made.

A twist contest proved most entertaining. Refreshments of potato chips, fritos, dips, pickles, and Cokes were served to Helen Cornelius, Pasty Adams, Betty Carter, Ruby Van Loh, Lea Glisson, Kathleen Brammer, LaDonna Sheperd, Evelyn Farris and Helen Eaton.

ATHLETE'S FOOT HOW TO TREAT IT—

How much longer will your water heater last?

Replace it now with a modern flameless **ELECTRIC WATER HEATER**

If your present water heater is operating on "borrowed time", why risk the inconvenience and possible added expense of a "breakdown"? Install a modern, quick recovery, electric water heater now and enjoy all these advantages that only flameless electric water heating can give you:

FAST. New quick recovery electric water heaters with immersed heating elements give you hotter water faster and it stays hot longer. All the heat goes into the water—none is wasted up a flue. And the tank is completely insulated—even on the bottom—to keep heat inside where it belongs.

SAFE. No flames to blow out accidentally. No fuel to leak. No pilot light or flue to worry about. An electric water heater gives you peace of mind.

CLEAN. No by-products of combustion to soil walls or ceiling. No unpleasant fumes. No flue to accumulate soot.

LONG LIFE. The tank bottom is not subjected to the corrosive action of flames. There are no valves to stick, no burner to adjust.

INSTALLS ANYWHERE. Because an electric water heater needs no flue, it can be installed anywhere in the house, close to the point of greatest use. This saves long heat-wasting pipe runs.

SAVE NOW GET THIS... \$50 INSTALLATION CERTIFICATE

Good for \$50 on the retail purchase and installation of a new electric 40-gallon (or larger) glass-lined quick recovery water heater in any home served by Texas Electric Service Company. Available now and for a limited time only from your appliance dealer, plumber or electrical contractor. Ask about it soon.

NEW LOW RATE FOR ELECTRIC WATER HEATING
Only 1½¢ per kilowatt-hour for all electricity normally used for water heating by the average family. Call our office for full information.

GOOD MINNOW HOLDERS

When wade fishing you can make good use of your wife's old nylon stockings. They make great minnow holders.
Fasten the sox to your waders and cut a hole near the top of the stocking so you can reach in after the bait.
First, however, be sure to singe lightly around the opening so the fibers won't run.
Oklahoma cowboys have earned sixty world championships in professional rodeo since 1929 first season of accurate record in the sport.

Second Oral Polio Dose Given at Big Pasture School

Second dose of oral vaccine for polio will be given at the BIG PASTURE SCHOOL at Randedt, June 16, 1962 beginning at 2:00 p. m. and closing at 7:00 p. m. in the school cafeteria. A registered nurse will be on hand to give the vaccine. This second dose will be Type 111 vaccine. It will not be a makeup for the first dose, so every one who took the first dose and take the second dose for after school begins in September the third dose will be given then. I'm urging everyone to participate in this program. The charge will be 25 cents per dose, however, if there are those that do not

have the money to pay come and take he vaccine anyway. If there are those that do not have ways to get their children here, if you will call the school, we will arrange to get them here.
Earl Hull, Superintendent
Big Pasture School.

Make your life have the right . . .

Impact

on others

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

The carpenter knows that there is a proper way to hold the hammer, and that the nail must be hit from the right direction or the nail will bend.
As children of God we need to make the right impact on others. When we attend church we learn how to treat others, and at the same time are setting an example for others. If we remain straight as a well hit nail, then others are less likely to bend.
"For I have given you an example, that ye should do as I have done to you."

© Coleman Adv. Serv., P. O. Box 4887, Dallas, Texas

Garden Club Members and Guests Tour "Six Flags Over Texas"

Tuesday, June 5th a chartered bus left Burkburnett at 7:30 a. m. on an adventurous and fun loving trip for Dallas to tour the "Six Flags Over Texas."

Arriving at 10:30 a. m. all were in a holiday spirit, to view the new entertainment center. Some of the beautiful scenes and rides long to be remembered was the "Star Mall and Dancing Waters," "The Fiesta Train of Mexico," "The Indian Village," "The Butterfield Overland Stage Coach Ride," an exotic trip by "River Boat" in the French section.

The "Austrolift" ride over head. A journey down "Palo Duro Canyon" on a pack mule train. "The Crazy Horse Saloon." The Six Flags Marching

Band, and many other interesting rides and scenes.

Most enjoyable was the mouth watering "Southern Fried Chicken" on the patio of "Naler's Plantation Restaurant."

Enjoying the wonderful trip was the following Garden Club members. Mesdames: J. B. Riley, J. C. Adams, Chloe Wiggins, John Brookman, Virgil Mills, Johnnie Herring and daughter Tresa of Burkburnett Garden Club.

Mesdames, Elmer Burns, Tom Holman, Ray Mills, Jimmy Johnson, Maude Bohner, E. L. Neal of Blue Bonnet Club.

Mesdames, Ralph White, W. W. Chambers and grandson Wayne from Austin, Texas, and Fred Thompson of Mimosa Garden Club.

Mesdames, Annie Powell, Leonard Gillum of Electra, Texas, from Garden Study Club and the following guests, Mesdames, Bill Bean and son Bob, Bill McLean and son Mark, Bernard Buck, M. R. Hewell, Bill Palmer, Marjorie Kauer and daughter Judy, Grace Markum, Bill Schroeder, G. W. Varner all of Burkburnett and Myrtle Tanda of Wichita Falls.

Circle 2 of Women's Society Met In Home Of Mrs. W. C. Gage

Circle No. 2 of the Women's Society of Christian Service met in the home of Mrs. W. C. Gage to organize for the new year with Mrs. Homer Gilbert as the new Circle Leader and Mrs. Geo. Scruggs as assistant.

Mrs. Tucker led the group in singing, "I Am Thine O Lord." Mrs. Melton gave the opening prayer.

The Circle Leader appointed the following women to assist her: Mrs. Melton, Recording Secretary and Reporter; Mrs. Seeley Galloup, Connectional Treasurer and Mrs. Gage, Local Treasurer.

Mrs. Tucker brought us a most inspiring devotional from the book "Experiencing the Presence of God," by Howard M. Stimmel. Quoting her — "It is not hard to know God, but so many do not know and understand Jesus Christ, and yet we must know him, if we know God—for he and the Father are one."

The Pledge Cards were passed around and the program and the places they will meet during the year and the leaders were made out.

Mrs. Gage served a delicious refreshment course to Mesdames W. B. Kirby of Sherman, D. Bruce, Jones, Willis, Scruggs, Grace, Revier, Tucker, Melton, Galloup, Gilbert and the hostess, Mrs. Gage.

The Circle will meet with Mrs. Gilbert in July with Mrs. Revier as program leader.

Rebekah Lodge

By Cora Lee Harmon

The Past Noble Grand Club met with Elizabeth Gragg the last Thursday in May. The following officers were present: Jean McPhail, president; Cora Lee Harmon, vice president; Bessie McKnight, reporter and Edna Peed, secretary-treasurer. Also, present was Eva Bingham. After roll call of officers, dues were collected. The group discussed plans for a bazaar for the lodge later in the year. The next meeting is to be held with Edna Peed the Fourth Thursday of June.

The Rebekahs and Odd Fellows held a joint session at the Youth Center. A good sized crowd turned out for this occasion. Barbecued ribs, chicken, baked ham with all the trimmings constituted the meal which was enjoyed by all.

The Burkburnett Rebekah Lodge met on the first Monday night of June with the following officers in charge: Eva Bingham, Noble Grand; Cora Lee Harmon, Musician; Bessie McKnight, Chaplain; Elizabeth Gragg, Vice Grand, pro-tem; Ethel Wofford, Secretary. Minutes of the last session were read and approved. Plans were discussed by the Noble Grand on a Memorial Service to be held last Sunday of June, 24th. Report of the social was given. Meeting closed in usual form.

Last Sunday, June 3rd, Grace Tatum and Cora Less Harmon went to Graham sightseeing around the Possum Kingdom area.

Last Sunday Cora Lee Harmon attended the second Sunday singing in Walters, Oklahoma.

LONE STAR COMPANY REPORTS INCREASE

Mr. Bill Donnell, manager of the Lone Star Gas Company here, announces an increase of 371 gas meters in the past two years. On June 1, 1960, a total of 2,399 meters were in use and on June 1, 1962 there was a total of 2,770.

According to these figures it would indicate that Burkburnett has had an increase of 1200 population in the past two years. The 1960 census listed Burkburnett's population as 7,641.

Burkburnett's First Christian Church Slates Busy Week

First Christian Church, 2nd and D, has announced the highlights of its program for the week of June 17-23, 1962. On Sunday, June 17, following morning worship, the local congregation will hold its annual business meeting; Vacation Church School will begin at 9:00 a. m. Monday the 18th; the Christian Men's Fellowship will hold its monthly meeting with election of officers for the coming year at the church at 7:30 p. m. on Monday the 18th; and the weekly visitation program will meet at the church on Thursday evening with a new schedule.

During the 11:00 a. m. worship on Sunday the 17th, the Rev. Hugh E. Caffey, pastor, will preach concerning "Love Your Neighbor As Yourself," basing his message on Luke 10:25-37. At the congregational meeting immediately following the service, the members will elect several church officers and vote on proposed constitutional changes.

The Vacation Church School will follow the theme "The Bible and I." Meeting from 9:00 to 11:30 a. m. each morning, the school will cover two weeks, June 18-22 and 25-29, 1962. A picnic lunch will close the last day of classes and commencement exercises will be held in the sanctuary at 7:30 p. m. on Sunday, July 1. All children of the city as well as of church families are welcome. The school will include classes for three-year-olds through those who have completed the sixth grade.

Mrs. James Kincaid is serving as director of the school.

On Monday evening at seven-thirty o'clock the Christian Men's Fellowship will meet at the church for its monthly program. Under the presiding of James Kincaid, vice president, the highlight of the evening will be the election of a new slate of officers to guide the group through the year 1962-63 beginning July 1.

The visitation program of the church will resume working on Thursday, June 21, after a week's inactivity because of the "Boomtown" Rodeo. Members are alerted to the fact that until further notice, these Thursday meetings will begin at the new time of 7:00 p. m. and will no longer include the eating of snack suppers. Callers will eat at home before coming to the meeting.

First Methodist Church To Conduct Vac. Church School

The First Methodist Church will conduct its annual Vacation Church School next week, June 17-24. Sunday hours will be the regular Sunday School hour, 9:45-10:40. Monday through Friday, the hours will be 9:00 a. m.—11:30 a. m.

The age limits are 4-12. The church urges you to cooperate with the volunteers who stand ready to give their time and talent to further your child's Christian education? If you are Methodist, or if your child is not now attending another Church school won't you bring him every day next week to our Methodist Church School, and let him participate in 2½ hours of work, study, handicraft and

music? Mrs. George Yarbrough, Superintendent of this school. For added information you may call Mrs. Yarbrough at church office.

TELEPHONE TALK

by C. A. Deuschle, Manager

REPAIR SERVICE

The next time you get a bill to cover repairs on some appliance in your home or for replacing parts in your auto, take a long, appreciative look at your telephone.

Considering the amount of usage it gets, the telephone is an amazingly trouble-free mechanism. The majority of our customers seldom need to have their phone repaired. Should trouble develop from normal usage, however, repairs are made quickly and without additional charge.

Good, fast repair service comes about because telephone people genuinely feel their job is important. This "Spirit of Service" is found all along the line. Kind of old fashioned, but it's there.

This is just another reason why you can count on your telephone when you need it most.

TELEPHONE TEAMWORK

Frequently, in this column, you have heard me mention that telephone service provided by the Bell System is "nationwide" in scope.

It is nationwide. There are Bell companies in every state. But all telephone companies are not Bell companies by any means. As a matter of fact, one sixth of the telephones in the United States are operated by some 3,200 neighbor companies.

Here in Texas there are 166 telephone companies besides Southwestern Bell.

We do not compete with these companies. We connect with them. Their lines are joined to ours to carry Long Distance messages. Thus, those served by companies not a part of the Bell System can still be connected with practically any telephone in the United States.

Day by Day teamwork between telephone companies enables practically anyone, anywhere in the country to pick up a telephone and talk to anyone, anywhere else, clearly and quickly. This is a fact of great importance in furnishing our nation the finest communication system in the world.

SUMMER PLANNING

By now most of us have begun thinking about our summer-time plans. Many of us plan to travel. A few more will stay home and get things done. Others will go away to some camp or resort.

But whatever your plans, it's just good sense to use Long Distance to make your summer more pleasant. For vacation planning as an example, it's smart to call ahead for arrangements and reservations.

For arranging visits with friends, too, a call ahead of time will make your welcome warmer when you stop by. For keeping in touch with home or office while you're on vacation, or with members of your family while they're away, Long Distance is fast, easy, economical.

And the nicest, most personal way to say "thank you" to friends you've visited is a personal telephone call after you've returned home.

So whether you're going places or staying home to get things done, remember that Long Distance telephoning is the convenient way to make this summer pleasant and satisfying.

Call by number. It's twice as fast.

SOUTHWESTERN BELL TELEPHONE COMPANY

More than "scrapings" for her future?

W. Babson Weekly Report

Discusses Unnecessary Airplane Accidents Affecting Atlanta Citizens

Bull riding is considered professional rodeo's most dangerous contest. Here, a cowboy displays winning form as the fifteen-hundred pound animal leaves the ground in a high-kicking effort to dislodge his rider.

The Babson Institute now has the second largest Newton Gravity Library in the world. Gravity Research Foundation When the Gravity Research Foundation was established and endowed at New Boston, New Hampshire, I was glad to help. My first interest was aroused by Harry Vissering of Babson Park, Florida, who flew the

first giant dirigible from Berlin to New York. I was then even taught that it was impossible to make heavier-than-air machines fly and not fall to the earth.

I further found that Clarence Birdseye, the discover of quick freezing, and Igor Sikorsky, the father of the helicopter, and Dr. Howard Stearns of Simmons College were members of the Board of Trustees. I gladly promised them my help. Up to that time no serious accidents had happened on commercial airlines, then the original idea of the Foundation was to "harness gravity." The present purpose is to make an airplane temporarily float in case of trouble and drop slowly to the ground so the passengers can safely get off.

Different Methods of Accomplishing This Feat

Most of the studies have thus far been along developing a semi-insulator of gravity which could cover commercial airplanes. This would require the development of some new metal, with the molecules arranged differently than exists in any present metal. I understand that the Gravity Research Foundation will send details of this proposed new metal to anyone who writes them at New Boston, New Hampshire.

A young inventor named Norman Dean, of Washington, D. C., has invented a machine to be put into an automobile which will raise the automobile when the machine is operating. This idea has been discarded under the theory that it is "pulling oneself up by one's bootstraps." Hence the idea has not been adopted by helicopters or individual airplanes. However, there is no objection to this for an emergency purpose. If "Lord Howe's" friends invention has been such that the engines of the fatal French airplane could have suddenly been used to prevent this anti-gravity fall, it might have saved the lives of these Atlanta people.

Other Work of the Gravity Research Foundation

The Foundation makes no experiments and has no laboratories of its own; but it is endeavoring to interest scientific departments of colleges in the

problem. Up to the present time four colleges have erected monuments near their science buildings with these words thereon: "This monument has been erected to remind students of the blessings forthcoming when a scientific breakthrough discovers what Gravity is, how it works, and how it may be controlled to prevent airplane accidents."

Another hopeful feature is the offering of Annual Awards of \$1,000 for essays on the subject of gravity. Last week awards were made to the following five persons:

- Dr. G. M. Clemence of the U. S. Naval Observatory in Washington, D. C.;
- R. L. Forward of Hughes Laboratory, Malibu, California;
- D. W. Sciamia, Department of Applied Mathematics and Theoretical Physics, Cambridge, England;
- F. J. Dyson, The Institute for Advanced Study, Princeton, New Jersey;
- C. Y. Wang, Harvard University, Cambridge, Mass.

I advise those who travel much in commercial planes to take an interest in this non-profit Foundation about which I am writing this week.

TWO FAST ONES

Retiring a worn out winter jacket? Save the sheepskin for hatbands or cap brimbands. No better trout lure holder ever made. AND empty adhesive tape cases make excellent spoils for storing old lines.

TICK TOCK, BETTER TROT

Now and then an idea comes by that seems nuts . . . but has that tingle that says "I wonder!" Like his: Wrap an alarm clock tightly in plastic cloth and . . . sink it on your trot line! Supposed to attract the fish. Before you sniff, think of the smashing success of sonic lures and think again.

SMARTY PANTS!

Father—(to Jimmie, coming home in a bedraggled condition) —"Great Scot! How you look!" Jimmie—"Yes, pa, I fell in a mudhole." Father—"What! And with your new pants on?" Jimmie—"Yes. I didn't have time to take them off."

The only ones you should try to get even with are the ones who have helped you.

At my abode the women work faithfully, trying to keep themselves thin and trying to fatten me.

Mrs. Billy Melton Honored With Bridal Shower

Mrs. Billy Melton, nee Pasty Preston, was honored with a bridal shower Tuesday evening in the Mary-Martha room at the First Baptist Church. Hostesses for the affair were Mmes. George Abdouch, James Bohner, Virgie Ferguson, Charles Begeman, J. C. Hinkle, Floyd Marten, J. B. Riley, Lonnie Hoffman, Gene Bingham and Russell Lewis.

The guest table was covered with a white linen cloth and featured crystal candelabra holding lighted pink candles. Miss Karen Abdouch presided at the guest book.

The refreshment table was covered with a pink linen cloth. Appointments were a crystal punch bowl and cups, and the centerpiece was an arrangement of pink and white gladioli.

The bride's chosen colors of pink and white were used throughout the room with arrangements of rose buds and dogwood.

Mrs. J. C. Hinkle introduced Sally Mitchell who played appropriate music. Miss Carolyn Clements sang "Why Do I Love You" and "Something Wonderful." Mrs. Lonnie Hoffman presented the gifts to the bride.

About thirty-seven guests were present. Special guests were Mrs. Harold Preston, mother of the bride, and Mrs. J. H. Melton, mother of the groom.

Miss Nita Jean Bingham Becomes Bride of Benny Frank Fleming

Miss Nita Jean Bingham became the bride of Benny Frank Fleming in rites read Sunday, June 3 at 3:00 p. m. in the Jan Lee Baptist Church in Burkburnett. The bride is the daughter of Mr. and Mrs. Eugene Bingham and parents of the groom are Mrs. Helen Fleming and the late Floyd Fleming.

The Rev. Travis McMinn, pastor, officiated before a white arch covered with greenery and pink daisies spotted with white bows, flanked by baskets of white satin roping. A white kneeling bench was placed in front of the arch. Pews were marked with greenery and white bows.

Mrs. Vernon Duke, organist, and Roy Harris, vocal soloist, presented traditional wedding music for the nuptials.

Given in marriage by her father, Eugene Bingham, the bride was attired in a formal gown of silk organza over taffeta. The bodice was a fitted basque, delicately embroidered with a silk soutache braid. The long tapered sleeves extended over the wrists. The bouffant skirt had side panels embroidered with braid, and the back cascaded into a chapel train. Back interest was emphasized by a butterfly bow at the waist. Her waist length veil was attached to seeded pearl pillbox, and she carried a White Cattleya orchid surrounded by white shattered mums spotted with pink carnations atop a white Bible. An added accent was long white streamers. The orchid was later worn as a going away corsage.

Mrs. William Melton of Burkburnett served as matron of honor, and Mrs. Doyce Walker of Dallas, and Miss Karen Abdouch were bridesmaids.

Serving as junior bridesmaid was Miss Janice Kay Jones of Oklahoma City. Their identical frocks were of pink pima, and were styled with cap sleeves and scooped necklines. They wore picture hats of pink organza and carried bouquets of white and pink shattered mums.

Flower girls were Miss Paula Sue Jones and Miss Edgewenna Jones, both of Oklahoma City. Ringbearer was Jimmy Dale Rowland, of Oklahoma City.

Attending the bridegroom were Mike Lacy, best man; Doyce Walker of Dallas, and Jerry Bingham, brother of the bride, ishers; Bobby Lewis and William Melton, groomsmen; and Stephen Rowland of Oklahoma City, junior groomsmen.

A reception was held at the church immediately following the wedding. The refreshment table was covered with a white satin cloth with white net overlay decorated with pink bows at each end and in the center. Featured were a center piece of pink carnations and daisies

and a three-tiered white wedding cake. Reception assistants were Mrs. Roy Goode at the guest book and Mrs. Charles Rowland, Mrs. Eddie Jones, and Mrs. Bill Jones at the refreshment table.

After a wedding trip to Fort Worth and Six Flags the couple will be at home in Burkburnett. The bride, a graduate of Burkburnett, was a member of National Honor Society. She is now a member of American Institute of Banking Schools and is employed at the First National Bank of Burkburnett.

The bridegroom was graduated from Burkburnett High School in 1959. He is now attending Midwestern University and is employed by Dr. Joe Wells, D.D.S. of Wichita Falls, Texas.

Jehovah's Witnesses To Hold Circuit Assembly, June 15-17

The 17-congregation circuit of Jehovah's Witnesses, from Hobbs to Wichita Falls and from Lamesa to Plainview, is cancelling all local meetings for their semi-annual circuit assembly in Hobbs, June 15-17.

The presiding minister of the Wichita Falls congregation, Mr. Harold P. Bruce, said, "The purpose of the assembly is well expressed in the adopted theme, 'Faithfully Increasing Our Praise to Jehovah.'" He said "Since we never graduate from the ministry, therefore, the Watchtower Society, directive agency, arranges a continuous expansion program individually and organizationally for Jehovah's Witnesses."

Bruce said, "Jehovah's Witnesses' faith is expressed by assembling together often; besides two circuit assemblies a year, we either have a district, national, or international assembly each year, and then there are five meetings a week in our local kingdom halls where Bible instructions are given and problems of the ministry are discussed."

W. R. Thomas, district supervisor of part of Oklahoma, Texas and New Mexico, and M. C. Harbeck, supervisor of Texas Circuit No. 9, are the principal speakers for the event that will open Friday, 6:45 p. m., in the Hobbs High School Auditorium. The highlight of the assembly will come Sunday, 3 p. m., when Thomas speaks on the subject, "Who Will Rule the World?"

254,000 WORKERS

According to the Southern Pine Association, lumber mills in the South have 254,000 persons on their payrolls.

Miracles Happen

Q. Has anyone ever been cured from incurable cancer?
A. Now and then doctors counter patients who have some miraculous cure. This story. Shortly after he practiced the doctor was by a man in his 60s. The operation performed. The was revealed — extensive cancer. The patient had news in stride. The 1929. In 1961, 32 year original diagnosis, the now 92, was struck by the mobile and passed an autopsy was performed. The single remnant of cancer be found! Incredible true, nevertheless.
