### Customs And Legends Attached To Our Easter Season

few weeks ago, every-  
 looked dead. Now the  
 green, the trees are  
 flowers are popping  
 most unlikely places.  
 is definitely in the air.  
 is the perfect season  
 As winter yields to  
 it reminds Christians  
 and over that even death  
 to Christ. On this  
 joyous church bells ring  
 in Christian churches  
 and million people sing  
 the Lord is Risen."  
 customs and symbols  
 come attached to the  
 Bermuda lily, the East-  
 er, is a symbol of fairly  
 origin. It was first used  
 to decorate church  
 Easter morning serv-  
 ing the Civil War.

Legend had it that  
 the beautiful pagan god-  
 Spring, was especially  
 children. And knowing  
 rabbit was an animal  
 did not fear, the deity  
 changed her pet bird  
 Easter bunny.

Modern Easter parade  
 has been traced to the

 springtime ceremonies,  
 American Indians donned

 Christians Easter signifies

### "Daddy-Daughter" Banquet Held April 2nd, Legion Hall

The Girl Scouts of Burk-  
 burnett had a "Daddy and Daugh-  
 ter" banquet April 2 at the  
 American Legion Hall. The hall  
 rang with happy voices as 143  
 girls and fathers enjoyed a fried  
 chicken dinner.

The main point of interest in  
 the banquet room was a lovely  
 floral arrangement of Iris. The  
 tables were covered with white  
 cloths and decorated with color-  
 ful candy Easter eggs nestled  
 on green Easter grass. After  
 the banquet the girls were given  
 the candy eggs to eat or  
 take home.

After the meal the girls en-  
 tertained their fathers by sing-  
 ing some of the songs they have  
 learned in troop meetings.

Each troop was presented with  
 an achievement awards certifi-  
 cate for their fine work in the  
 recent cookie sale. This achieve-  
 ment award was presented to  
 the troops who sold an average  
 of 12 boxes of cookies per girl.  
 The Burk Burnett Neighborhood  
 was the only neighborhood in  
 the NorCentex Girl Scout  
 Council to earn this award.

The Camper's Fee award went  
 to the girl in each troop who sold  
 the most cookies for her troop.  
 The girls who earned this award  
 are Lois Hatcher, Debbie Lam-  
 er, and Janelle Nash. These  
 girls will have their fee paid  
 for one week at Tanglewood  
 Camp.

Each girl who sold thirty or  
 more boxes of cookies was  
 awarded a certificate.

### Green Easter Eggs Laid by Black Hen McAllen Offering

Green Easter eggs are being laid daily by a black hen in the lower Rio Grande Valley.

Mrs. Joe Clonner of Elsa, a prosperous farming town twenty-three miles north-east of McAllen, says her bantam hen receives no special food. She thinks the green eggs may be the result of pre-natal influence as the Valley is as green as grass, or the proverbial gourd.

### Providence Baptist Church Has Dedication Service on Educational Wing, Sun., April 7

Sunday afternoon, April 7, the Providence Baptist Church, located at the corner of Floyd and 6th Streets, held dedication services on their new Educational Wing.

In the Fall of 1962, some of the men of JanLee Baptist Church had a vision of helping Providence Baptists complete their Educational wing. For many months prior to this time, the members and friends of Providence Church had tried to complete this much needed building. B. O. Willis, who has worked with them for a long time, was convinced that JanLee Baptist Church could finance the completion of this building.

After much prayer and discussion Willis and Travis McMinn, pastor of JanLee presented to the Brotherhood a plan to finance the completion of the building. The Brotherhood adopted the plan unanimously. The men pledged the needed money and have been paying their pledges each month.

JanLee Baptist Church elected a Missions Committee to direct the work at Providence Baptist Church. This committee consists of: B. O. Willis, chairman; Jim Brown, James Metz, Glen Smith, and Neil Morris.

The two churches met Sunday afternoon for dinner on the grounds and the dedication service. A musical program was presented by the Providence Senior Chorus 1 and 2, the Youth Choir, and JanLee Choir. Rev. T. L. Longmiles, pastor, conducted the Dedication Ceremonies. Rev. Travis McMinn, pastor of JanLee, gave the Dedication Message. Others taking part in the service were the Providence Deacons, Florence Avers, Glen Smith, Dorothy Prince, Rosie Avers, James Metz, and B. O. Willis.

### CARD OF THANKS

I wish to express my thanks to friends and neighbors for the many kindnesses shown me during my recent stay in the hospital and since my return home. Your prayers, flowers, visits, gifts and phone calls were sincerely appreciated. May God bless each of you.

## Speaking Of Tax Reform

What's the difference between a luxury and a necessity? The simplest and most obvious answer is that a luxury is something you don't need—something you wouldn't miss very much if you didn't have it. So a woman's handbag is a luxury. And so is her lipstick. That's what the law says—that wartime "luxury" tax law that today, sixteen years after it should have expired, requires a woman to pay ten percent more than the normal price when she buys a handbag or toiletries.

The purpose of this tax was not to raise revenue, but to reduce demand. It was more important to make bullets than handbags, and gunpowder was more essential than face powder at the time. And ludicrously enough, this tax still serves the same purpose in a day when unemployment is one of our major worries and Congress is asked to cut billions in income taxes to forestall a recession.

Congressman Syd Herlong, Jr., of Florida, the original sponsor of repeal of these harmful and obnoxious relics of wartime taxation, now has such a bill in the House Ways and Means Committee. Senator Gordon Allott, of Colorado, has a tax repealer on luggage and handbags in the Senate Judiciary Committee. And it is generally conceded that if the committee would report these measures out, the Congress would pass them.

Thus, the 91 million women (more or less) who have been fussing for 16 years over the rank injustice of taxing these strictly feminine necessities as luxuries, now have their work cut out for them. It's time to quit fuming and start writing to their Congressman and their Senators. They might even write a thank-you note to Mr. Herlong for the battling he has done in their behalf over the years. And they should by all means, write to Chairman Wilbur D. Mills of the House Ways and Means Committee and to Chairman James O. Eastland of the Senate Judiciary Committee, who are not only chivalrous gentlemen, but dedicated to advancement of the nation's economy.

And, as all politicians know, the powder-puff is mightier than the sandbag.

## WASHINGTON AND "SMALL BUSINESS"

By C. WILSON HARDER

There is bound to be a major battle in this session of Congress over continuation of the foreign give aways which have cost the American taxpayer some \$100 billion, or roughly 1/2 of the present national debt.

For some inexplicable reason, the granting of foreign aid has degenerated into a form of international blackmail. A foreign government, in effect, tells C. W. Harder the U.S. unless this nation shells out heavily their country will probably go communist.

This line of reasoning is wearing quite in Congress. If there is to be resistance to communism, it has to come from the spirit of a people who want to be free. If money is the only motivating force it would have been impossible for Washington to have held together an army during winter of Valley Forge.

Thus it is interesting to note what a former president of Costa Rica came up with. Jose Figueres, considered to be somewhat on the left, came up with a brand new idea. And it is interesting because of the twist of mind involved.

His idea is that the best way to fight communism in Latin America is for the American housewife to be required to pay from 10 to 15 cents per pound more for coffee.

According to him, Castro is nowhere the threat to Western Hemisphere tranquility as the

present price of coffee. But perhaps more than anything else, the viewpoint of the ex-president of Costa Rica reveals the utter ineptness of the U.S. State Dept. to sell the American concept of free enterprise to even what amounts to a backdoor neighbor.

It has apparently never occurred to ex-President Figueres that in a democracy, the government does not tell housewife what she must pay.

Neither did it apparently occur to him that price fixing is a monopoly tactic.

Thus, perhaps in Latin America the problem is not so much the importation of ideologies from the land of the Centaurs, but rather the importation of the principles on which Krupp, other monopolies have flourished.

It is quite useless to spend billions to help people, when their own governments are not adherents of free enterprise.

As it is now, a large share of the billions spent in foreign give aways have not been to meet the long range needs of the people, but merely used to bolster and further build monopolies. Thus, in the final analysis, as far as the man in the street is concerned, there is perhaps little difference if the economy of his country is controlled by a homegrown monopoly or by the monopoly of communist control. In either situation, he has little chance to better his condition. Thus today, Foreign aid spending is somewhat akin to the situation that would have resulted had Abraham Lincoln financed the slave owners to buy more slaves.

## Vehicles Must Be Inspected By Apr. 15

Many motorists in Texas are going to be faced with long lines and waiting periods in order to have their cars inspected prior to the April 15 deadline. Only 39 per cent of the 586,270 registered vehicles in Region 5 of the Texas Department of Public Safety have visited safety inspection stations and obtained their 1963 safety inspection sticker, according to Captain Alen Johnson, Motor Vehicle Inspection Service of the DPS.

"All registered vehicles in Texas must be inspected by April 15 and have a 1963 inspection sticker on the windshield," Captain Johnson said. He stated that there would be no extension of the April 15 deadline and advised motorists who have not had their cars inspected to do so now, before the long lines start forming. "In the past, many people wait until the last few days of the inspection period to have their vehicle inspected and have had to wait for a long period of time at the inspection station," Captain Johnson stated.

According to the records of the Motor Vehicle Inspection Service of the DPS there are 51,426 vehicles registered in Wichita County and only 21,660 or 42 per cent of the vehicles have been inspected to date. Due to this low number the Captain suggested that all motorists check their vehicles and see if they have a current 1963 inspection sticker on the windshield and if not to have their vehicle inspected today in order to avoid the last minute rush.

**For The Spring "Shift"**  
**Six New Fashions From One Pattern**

From Paris, the fashion news for spring and into summer is the "shift." Now, there is a wonderful new "inches off" pattern for the 40 million American women who like to sew — one basic pattern for six high-fashion garments. Created by the Ladies Home Journal, it gives you a glamorous hostess gown (left), a smart street-length shift, a lovely belted town dress, a gray beach skimmer, a casual tunic and the chic overblouse (right). For the trim figure to wear the shift, you can take inches off with a new 10-ounce liquid diet food which includes such new soda-fountain flavors as chocolate malt, banana and orange and luscious cream of tomato and chicken soups. The Sego "inches off" pattern and diet tips are available through local food stores.

**The Clara-Fairview Community Meets For Regular Meeting**

The Clara-Fairview Community held its regular monthly meeting March 15 at the Community Center. Vice President, James Roderick was in charge of the business meeting in absence of President Elmer Klinkerman. Mrs. E. J. Simons led the group in the devotional. Plans were made to have Bob Crocker from the A. S. C. S. office in Iowa Park to speak at our next meeting which will be April 19. He will speak to us on the 1963 Wheat Program. Make your plans now to attend. We had as our guest Elvy Sargent who presented a very interesting and worthwhile program on Pasture Improvement. It was enjoyed by all. The meeting then adjourned and refreshments were served to the following: Mr. and Mrs. James Roderick, Raymond Schroeder, E. W. Roderick, Newt Crane, E. J. Sim-

ons, Arnold Kiesling, Mrs. Bobbie Klinkerman, Mr. Bryan Faris, Elvy Sargent, Kenny, David, Mark and Kathy Schroeder. The door prize was won by E. W. Roderick. You are invited to attend the community meeting and become a part of it. A group working together can accomplish many things.

### Boys' Clubs Provide Life-Long Benefits

by J. Edgar Hoover, FBI Director

The tragic stories of vicious juvenile crimes which daily fill America's newspapers furnish ample evidence of the sinister course many helping hands are extended to these young offenders, and the Boys' Clubs of America is always at the forefront in its efforts to furnish assistance.

Since it was founded in 1906, this splendid organization has guided thousands of boys away from the disastrous path of crime and toward responsible, mature manhood. Its tireless enthusiasm and interest have often succeeded in reaching boys who have been unresponsive to other groups.

The Boys' Clubs of America includes youngsters of every nationality and religion working and playing together under proper supervision and in healthful surroundings. The wholesome outlets provided for their youthful energies promote desirable attitudes and behavior which will benefit them throughout their lives.

My years of association with the Boys' Clubs of America have afforded me great personal satisfaction. I most earnestly commend it to your support.

### Tough Roofs Take Today's Rough Wear

It takes a tougher roof today to resist "sunburn" than it did in days gone by. That's why wise home owners specify asphalt shingles that wear the Underwriters' Laboratories label on every package.

A sunburned roof can be as bad for a house as sunburned skin is for you. It looks bad and doesn't do a good job of protecting what's underneath.

Overexposure to the sun, which causes pain and peeling in a person and premature wear in asphalt shingles, is more of a problem than it ever was. One reason is that the low slope of today's roofs results in a more direct assault on the roof from the ultra-violet rays of the sun. High winds, beating rain, and hail also do more damage to low-slope roofs.

Roofs today also suffer more from cold in winter and heat in summer because houses are better insulated than in former years. Insulation in attic floors or ceilings keeps summer heat right under the roof, and in winter the roof remains cold because the insulation prevents house heat from rising.

These extremes of temperature call for higher-quality roofing. Asphalt shingles bearing the UL label meet Underwriters' Laboratories requirements for fire resistance and quality. Shingles that do not have the UL label may look the same but have not been subject to this rigorous UL testing and inspection.

**TOTAL PERFORMANCE:**

**YOU'LL KNOW WHY FORD SWEEPED THE FIRST FIVE PLACES AT DAYTONA... WHEN YOUR '63 FORD IS STILL GOING STRONG YEAR AFTER YEAR**

Daytona's big, banked oval puts unbelievable stresses and strains on engines, steering gears and frames. The Fords that won at Daytona took all the punishment this famous track could dish out over 500 miles of grueling competition without missing a beat.

In this toughest of all stock car events, mechanical failures claimed over fifty per cent of the starting field. But of twelve Fords entered, nine went the distance. Ford took six of the first ten places.

Five-hundred-mile events like Daytona are a public demonstration of toughness, reliability and sheer engineering excellence that are part of the new generation of Fords. A test like this can't be duplicated on anybody's testing grounds—it's run right out in the open. Any car can enter. But only the car that has the best total combination of strength, balance, precision control and road-clinging suspension can win... that's what we mean by total performance.

Visit your Ford Dealer before you buy any other new car. Here's what you'll find: a new kind of total-car durability, a new kind of handling ability, a suspension that is startlingly smooth yet sticks to the road like tar. If you haven't driven one lately, you can't really know what a new Ford is like. Remember, if it's built by Ford, it's built for performance... total performance!

**Women's Society and Wesleyan Guild Of Methodist Church Met Thursday Night**

Last Thursday night was a highlight in the Methodist Church, when about forty members of the Women's Society and Wesleyan Guild met to observe "The Last Supper" a sacrificial meal and devotional service.

Mrs. Bill Vincent and Anne Paul Ragan had charge of the music. Special hymns were presented that the entire group sang. Except after each narration, when Anne Paul Ragan sang a verse of "Tis Midnight On Mt. Olivet Brow."

The meal was served in candlelight at a long table arranged to form a cross. The simple meal consisted of the type of food served at the Last Supper. It included grape juice, rice, olives, nuts, cheese and bread. The meal was placed on the table before the guests were in the fellowship hall.

We gathered in the church parlor as the pianist played and spoke a Psalm 95th — 1-6, had a silent prayer and the Lord's Prayer.

A short talk was made concerning the Meal by Mrs. Melton and the significances of it. Then we had a silent procession to the dining room. We sang together. When I survey the Wondrous Cross, and the narrations were given. Mrs. Copeland gave the narration of the "Last Supper." Mrs. Pirtle, Spiritual Life Leader of the Wesleyan Service Guild gave "In the Garden of Gethsamme."

Mrs. Galloupe, president of the W.S.C.S. gave the second part of the scene in the garden. Mrs. Veach continued and then Mrs. Merwin Turner finished the narration.

After that the crucifixion came — the last words of Jesus and the group filed out silently.

We had two men present and appreciated their attendance.

I believe every person there felt that they had indeed been at the "Last Supper" of Jesus and his disciples.

**Big Pasture F. F. A. Chapter News**

The Big Pasture F. F. A. Chapter sponsored a Donkey Basketball game between our chapter and the Grandfield chapter last March 21 at Randedt, Oklahoma. The chapter took in a total of \$100 and a lot of fun was had by everyone who attended.

On March 18 the chapter held its annual "Slave Sale," where every boy in the chapter is sold for eight hours hard work. The boys brought a total of \$483.00. We would like to express our thanks to everyone who bought a slave.

Kenneth Freiling represented the Cotton County Soil Conservation District in speech contest at Altus. He placed fourth out of nine contestants. On March 29th he represented the chapter at Waurika in a speech contest. Kenneth also came out fourth there. We at Big Pasture are very proud of Kenneth.

Monday night, April 1, the chapter elected chapter officers for the next year, these are: President, Lonnie Nolan; Vice President, Kenneth Freiling; Secretary, Don Williams; Treasurer, Roy Lee Ressel; Reporter, Ronnie Holt; Sentinel, Donald Baber; Parliamentarian, George Warren; Photographer, Junior Gellener; Assistant Photographer, Buck Pruett. **Grandmother's Brown Sugar Beans**

You hardly need a recipe for making Brown Sugar Beans. Like your grandmother, you'll cook up a good-sized batch of Idaho's famous dried Great Northern (large white) beans to the almost-tender stage. Then it's one layer of beans about an inch deep in a shallow baking pan or casserole, a liberal sprinkling of brown sugar—the dark variety for deeper flavor, a pinch or three of dry mustard; a good dash of salt and a miss over the top, pepper, quartered bacon slices laid flat and a 350 degree F. (moderate) oven about an hour. For extra goodness, just before serving sprinkle the bacon with brown sugar and toast gently under the broiler until the sugar is bubbly and the bacon lightly browned. M-m-m, good!

This is a treat that goes well with any meat, especially those from the barbecue grill. With a more generous use of bacon atop, it can serve as a hearty and economical main course dish in itself. Perfect partners are coleslaw or sliced tomatoes, corn sticks or hot brown bread slices, with fresh fruit or chilled cup custards and cookies for dessert. These beans are good warmed over and may even be frozen for future use. But then, you had better not count on leftovers!

If you haven't tried the "large white" Idaho-grown Great Northern variety of beans, you have a taste-treat in store. Full of fine flavor, these beans may be used in every recipe calling for their "small white" cousins. Versatile too, they turn into many tempting dishes—dips, soups, salads, casseroles, croquettes.

**Cub Scout Pack No. 156 Meeting**

Cub Scout Pack 156 met at the Town Hall Monday night. Awards were presented to 14 Cubbers. The Lion award was presented to Richard Mallory; Wolf to Leslie Hill and Jerry Williams. Gold Arrow Points were awarded Phil Taylor and Steve Sutherland under Bear, and Alan Pyne and Jerry Williams under Wolf. Silver Arrow Points went to Bill McBride and Bob McBride under Lion, Joel Rupard, Tommy Krause and Dewayne Askins under Wolf, and Phil Taylor and Steve Sutherland under Bear. A one year pin was presented to Tommy Krause and Recruiter Badges went to Mitch Maddox, Danny Ward and Mike Robertson.

The Pinewood Derby was run with 28 entries and with no less enthusiasm than the running of the Indianapolis 500. Amid cheers of owner-builders and spectators alike and a few heartbreaks, Bob McBride's sleek racer fought its way to a hard earned first place. Steve Sutherland took a well deserved second place as did Donald Vitale and Alan Pyne for third and fourth places. All contestants worked hard whittling and getting their racers ready for the event and a few Dads sported blisters from pocket knives also. The project was a big success from the educational standpoint as well as the entertainment and competitive facet. Pack 156 will take on Pack 155 in an interpack Pinewood Derby during the summer.

Den 1 walked off with the coveted "Cubbie" with 100% parent attendance. A cake was raffled to help raise money to buy uniforms for the Den Mothers.

**Burk Church Of God Takes District Youth Banner**

By D. W. Underwood  
Turning out in force the Burk Burnett Church of God walked away with the Iowa Park District Youth Banner at the monthly rally, held in Vernon, Monday night.

Of the record 228 attendance, 78 were from Burk Burnett. As points were awarded on the basis of attendance and miles traveled, Burk Burnett rolled up a grand total of 4,000 points. Trailing by a sizeable margin was runner-up, Iowa Park, with 1,020 points. Electra and Vernon finished in that order.

All four district churches and their pastors were there, including: Burk Burnett, Rev. J. W. Jackson; Iowa Park, Rev. C. E. Prince; Electra, Rev. A. J. Fox; and Vernon, Rev. Bob Bohannon.

District Youth Director, Jimmy Sheets opened the service, followed by congregational singing. Youth choirs from Iowa Park, Electra, and Burk Burnett sang, along with quartets from Electra and Iowa Park. Several individual special songs were presented also.

Rev. Jackson spoke briefly in acceptance of the banner. He praised the district officials and youth workers, saying at one point, "I believe that we have one of the best districts in the state." He also expressed sincere appreciation to all those who made the long drive from Burk Burnett.

Rev. Bob Bohannon of Vernon expressed regret at losing the banner, having had it since September, but in his words, "No one deserves it more than Burk Burnett."

The next district youth rally will be held June 10, in Iowa Park.

**DOUBLE AREA**

By converting the attic into sleeping or recreation quarters, the living area of your home may be doubled.

Some families are creating attic "dormitories" for school age children. Simple shelf dividers make a separate sleeping and study area for each child.

According to the Southern Pine Association, much of the necessary remodeling can be accomplished by applying wood paneling to existing walls and rafters.

**Less Work, Better Health Give Mother More Bounce**

"It's revolutionized our whole lives," says Mrs. William L. Weymer of Huntington Station, N.Y.

Mrs. Weymer, young mother of three small children, is speaking about her electric dishwasher.

"I would never have bought one because it always seemed like a luxury, but when we bought our home, a built-in dishwasher came with it," she explains. "Now I wouldn't be without one for anything. I don't feel as though I'm washing dishes all day long the way I used to. The kitchen is neat five minutes after each meal instead of a half hour later."

"I only turn on the dishwasher once a day—after supper, except when we have company on holidays. Then I use it twice a day and it's marvelous. We put fine china in it and the china doesn't fade," she adds.

Mrs. Weymer says that she never sterilized her younger son's baby bottles, but instead soaked them for a while, then put them in the dishwasher along with the family tableware. "The dishwasher sanitizes all the dishes and has cut down on colds." She points out that the dishwasher uses extremely hot water and she buys one of the special dishwasher detergents recommended by the dishwasher manufacturer.

When asked how much time the dishwasher saves each day, Mrs. Weymer exclaimed, "Oh, hours! I had to clean down cabinets and tidy up the kitchen all the time if I had to wash dishes by hand three

With her portable electric dishwasher, this mother can wash dishes with one hand while baby watches. Once it's loaded and turned on, she can turn to other chores instead of hand-washing and drying the dishes.

times a day, plus cleaning up after snacks."

Now her four-year-old daughter and six-year-old son put their own dishes in the dishwasher—another time-saver for Mother.

The Weymers have lived in their present home four years. "We've never had a service call on the electric dishwasher in all that time," says Mrs. Weymer. "If we ever move to a new home that has a dishwasher, I'm going to make sure my husband buys one for me. I've found out it's a necessity for a family like ours."

**Clara-Fairview HD Club Held Regular Meeting April 2nd**

The Clara-Fairview Home Demonstration Club held a regular meeting April 2, 1963, in the home of Mrs. R. C. Gilbow.

The meeting was called to order at 2:00 p. m. by Mrs. E. J. Simons, president, who led the members in prayer and in singing "Let the Rest of the World Go By."

Ten members answered the roll call with "A Wise Buy I Made for My Home."

The minutes of the March 19th meeting were read and corrected, adding the name of Mrs. R. C. Gilbow as a volunteer worker with the Red Cross Blood Bank recently.

The treasurer gave her report. Two visitors, Mrs. Ann Vogel and Mrs. Bill Dorland, were welcomed.

Mrs. N. L. Crane gave Council report and Mrs. E. Klunkerman and Mrs. J. H. Bley gave the 4-H report.

Mrs. W. R. Stimpson motioned to have a Bake Sale at the Corner Drug Store beginning at 9:00 a. m. April 12. Motion seconded and carried.

Miss Thelma Wirges, demonstration agent, gave demonstration "5's for Home Decoration." Good taste and sign are essential for well decorated homes. Buy slowly; buy good quality; buy what you like.

Mrs. N. L. Crane gave a ring on fourteen steps to perfect washing.

Mrs. James M. Ludwick the door prize.

Members present other than those above were: Mrs. Claude H. Adams, Mary or and Joe M. Slama.

The next meeting will be in the home of Mrs. W. Stimpson.

**For The Spring "Shift"**  
**Six New Fashions From One Pattern**

From Paris, the fashion news for spring and into summer is the "shift." Now, there is a wonderful new "inches off" pattern for the 40 million American women who like to sew — one basic pattern for six high-fashion garments. Created by the Ladies Home Journal, it gives you a glamorous hostess gown (left), a smart street-length shift, a lovely belted town dress, a gay beach skimmer, a casual tunic and the chic overblouse (right). For the trim figure to wear the shift, you can take inches off with a new 10-ounce liquid diet food which includes such new soda-fountain flavors as chocolate malt, banana and orange and luscious cream of tomato and chicken soups. The Segs "inches off" pattern and diet tips are available through local food stores.

### Boys' Clubs Provide Life-Long Benefits

by J. Edgar Hoover, FBI Director

The tragic stories of vicious juvenile crimes which daily fill America's newspapers furnish ample evidence of the sinister course which a great number of our young people are pursuing today. Many helping hands are extended to these young offenders, and the Boys' Clubs of America is always at the forefront in its efforts to furnish assistance.

Since it was founded in 1906, this splendid organization has guided thousands of boys away from the disastrous path of crime and toward responsible, mature manhood. Its tireless enthusiasm and interest have often succeeded in reaching boys who have been unresponsive to other groups.

The Boys' Clubs of America includes youngsters of every nationality and religion working and playing together under proper supervision and in healthful surroundings. The wholesome outlets provided for their youthful energies promote desirable attitudes and behavior which will benefit them throughout their lives.

My years of association with the Boys' Clubs of America have afforded me great personal satisfaction. I most earnestly commend it to your support.

### Tough Roofs Take Today's Rough Wear

It takes a tougher roof today to resist "sunburn" than it did in days gone by. That's why wise home owners specify asphalt shingles that wear the Underwriters' Laboratories label on every package.

A sunburned roof can be as bad for a house as sunburned skin is for you. It looks bad and doesn't do a good job of protecting what's underneath.

Overexposure to the sun, which causes pain and peeling in a person and premature wear in asphalt shingles, is more of a problem than it ever was. One reason is that the low slope of today's roofs results in a more direct assault on the roof from the ultra-violet rays of the sun. High winds, beating rain, and hail also do more damage to low-slope roofs.

Roofs today also suffer more from cold in winter and heat in summer because houses are better insulated than in former years. Insulation in attic floors or ceilings keeps summer heat right under the roof, and in winter the roof remains cold because the insulation prevents house heat from rising.

These extremes of temperature call for higher-quality roofing. Asphalt shingles bearing the UL label meet Underwriters' Laboratories requirements for fire resistance and quality. Shingles that do not have the UL label may look the same but have not been subject to this rigorous UL testing and inspection.

FORD GALAXIE 500/XL SPORTS HARDTOP

**YOU'LL KNOW WHY FORD SWEEP THE FIRST FIVE PLACES AT DAYTONA...WHEN YOUR '63 FORD IS STILL GOING STRONG YEAR AFTER YEAR**

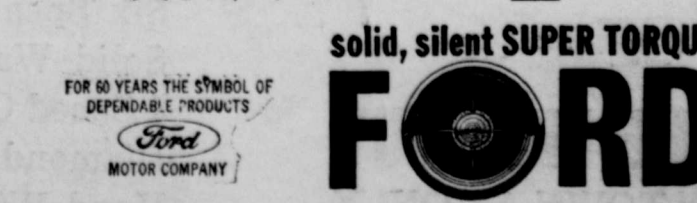

Daytona's big, banked oval puts unbelievable stresses and strains on engines, steering gears and frames. The Fords that won at Daytona took all the punishment this famous track could dish out over 500 miles of grueling competition without missing a beat.

In this toughest of all stock car events, mechanical failures claimed over fifty per cent of the starting field. But of twelve Fords entered, nine went the distance. Ford took six of the first ten places.

Five-hundred-mile events like Daytona are a public demonstration of toughness, reliability and sheer engineering excellence that are part of the new generation of Fords. A test like this can't be duplicated on anybody's testing grounds—it's run right out in the open. Any car can enter. But only the car that has the best total combination of strength, balance, precision

control and road-clinging suspension can win... that's what we mean by total performance.

Visit your Ford Dealer before you buy any other new car. Here's what you'll find: a new kind of total-car durability, a new kind of handling ability, a suspension that is startlingly smooth yet sticks to the road like tar. If you haven't driven one lately, you can't really know what a new Ford is like. Remember, it's built by Ford, it's built for performance... total performance!

Women's Society and Wesleyan Guild Of Methodist Church Met Thursday Night

Last Thursday night was a highlight in the Methodist Church, when about forty members of the Women's Society and Wesleyan Guild met to observe "The Last Supper" a sacrificial meal and devotional service.

Mrs. Bill Vincent and Anne Paul Ragan had charge of the music. Special hymns were presented that the entire group sang. Except after each narration, when Anne Paul Ragan sang a verse of "Tis Midnight On Mt. Olives Brow."

The meal was served in candlelight at a long table arranged to form a cross. The simple meal consisted of the type of food served at the Last Supper. It included grape juice, rice, olives, nuts, cheese and bread. The meal was placed on the table before the guests were in the fellowship hall.

We gathered in the church parlor as the pianist played and spoke a Psalm 95th — 1-6, had a silent prayer and the Lord's Prayer.

A short talk was made concerning the Meal by Mrs. Melton and the significance of it. Then we had a silent procession to the dining room. We sang together. When I survey the Wondrous Cross, and the narrations were given. Mrs. Copeland gave the narration of the "Last Supper." Mrs. Pirtle, Spiritual Life Leader of the Wesleyan Service Guild gave "In the Garden of Gethsamme."

Mrs. Galloup, president of the W.S.C.S. gave the second part of the scene in the garden. Mrs. Veach continued and then Mrs. Merwin Turner finished the narration.

After that the crucifixion came — the last words of Jesus and the group filed out silently. We had two men present and appreciated their attendance. I believe every person there felt that they had indeed been at the "Last Supper" of Jesus and his disciples.

Big Pasture F. F. A. Chapter News

The Big Pasture F. F. A. Chapter sponsored a Donkey Basketball game between our chapter and the Grandfield chapter last March 21 at Randedt, Oklahoma. The chapter took in a total of \$100 and a lot of fun was had by everyone who attended.

On March 18 the chapter held its annual "Slave Sale," where every boy in the chapter is sold for eight hours hard work. The boys brought a total of \$483.00. We would like to express our thanks to everyone who bought a slave.

Kenneth Freiling represented the Cotton County Soil Conservation District in speech contest at Altus. He placed fourth out of nine contestants. On March 29th he represented the chapter at Waurika in a speech contest. Kenneth also came out fourth there. We at Big Pasture are very proud of Kenneth.

Monday night, April 1, the chapter elected chapter officers for the next year, these are: President, Lonnie Nolan; Vice President, Kenneth Freiling; Secretary, Don Williams; Treasurer, Roy Lee Ressel; Reporter, Ronnie Holt; Sentinel, Donald Baber; Parliamentarian, George Warren; Photographer, Junior Gellener; Assistant Photographer, Buck Pruett. Our delegates to the State F. F. A. convention are Lonnie Nolan and Don Williams. We have scheduled our F. F. A. banquet for April 19. We are going on our annual fishing trip to Lake Texhoma on May the 10th.

We sent four teams to the judging contest at Cameron College, Saturday, April 6th. The Farm Shop team placed 4th and Garland Hooper was 3rd high individual. The Dairy team placed seventh and Troy Don Horton was 7th high individual. The Livestock team placed 4th and Loran Zweischer placed 6th high individual, and the Land Judging team placed 13th. We are proud of all our teams that participated.

Smart Noodle: Al: "I saved up some money and bought a farm ten miles long and one inch wide." Sal: "What are you going to raise on it?" Al: "Spaghetti."

Casually Done: A son at college wrote his father: "Dear Dad — You haven't sent me a check in two weeks. What sort of kindness is that?" His father replied, "Dear Son — That is unremitting kindness."

Grandmother's Brown Sugar Beans

You hardly need a recipe for making Brown Sugar Beans. Like your grandmother, you'll cook up a good-sized batch of Idaho's famous dried Great Northern (large white) beans to the almost-tender stage. Then it's one layer of beans about an inch deep in a shallow baking pan or casserole, a liberal sprinkling of brown sugar—the dark variety for deeper flavor, a pinch or three of dry mustard; a good dash of salt and of coarse-ground black pepper, quartered bacon slices laid hit and miss over the top, the bean liquid added. The whole to bake in a 350 degree F. (moderate) oven about an hour. For extra goodness, just before serving sprinkle the bacon with brown sugar and toast gently under the broiler until the sugar is bubbly and the bacon lightly browned. M-m-m, good!

This is a treat that goes well with any meat, especially those from the barbecue grill. With a more generous use of bacon atop, it can serve as a hearty and economical main course dish in itself. Perfect partners are coleslaw or sliced tomatoes, corn sticks or hot brown bread slices, with fresh fruit or chilled cup custards and cookies for dessert. These beans are good warmed over and may even be frozen for future use. But then, you had better not count on leftovers!

If you haven't tried the "large white" Idaho-grown Great Northern variety of beans, you have a taste-treat in store. Full of fine flavor, these beans may be used in every recipe calling for their "small white" cousins. Versatile too, they turn into many tempting dishes—dips, soups, salads, casseroles, croquettes.

Cub Scout Pack No. 156 Meeting: Cub Scout Pack 156 met at the Town Hall Monday night. Awards were presented to 14 Cubbers. The Lion award was presented to Richard Mallory; Wolf to Leslie Hill and Jerry Williams. Gold Arrow Points were awarded Phil Taylor and Steve Sutherland under Bear, and Alan Pyne and Jerry Williams under Wolf. Silver Arrow Points went to Bill McBride and Bob McBride under Lion, Joel Rupard, Tommy Krause and Dewayne Askins under Wolf, and Phil Taylor and Steve Sutherland under Bear. A one year pin was presented to Tommy Krause and Recruiter Badges went to Mitch Maddox, Danny Ward and Mike Robertson. The Pinewood Derby was run with 28 entries and with no less enthusiasm than the running of the Indianapolis 500.

Burk Church Of God Takes District Youth Banner

By D. W. Underwood: Turning out in force the Burk Burnett Church of God walked away with the Iowa Park District Youth Banner at the monthly rally, held in Vernon, Monday night.

Of the record 228 attendance, 78 were from Burk Burnett. As points were awarded on the basis of attendance and miles traveled, Burk Burnett rolled up a grand total of 4,000 points. Trailing by a sizeable margin was runner-up, Iowa Park, with 1,020 points. Electra and Vernon finished in that order.

All four district churches and their pastors were there, including: Burk Burnett, Rev. J. W. Jackson; Iowa Park, Rev. C. E. Prince; Electra, Rev. A. J. Fox; and Vernon, Rev. Bob Bohannon.

District Youth Director, Jimmy Sheets opened the service, followed by congregational singing. Youth choirs from Iowa Park, Electra, and Burk Burnett sang, along with quartets from Electra and Iowa Park. Several individual special songs were presented also.

Rev. Jackson spoke briefly in acceptance of the banner. He praised the district officials and youth workers, saying at one point, "I believe that we have one of the best districts in the state." He also expressed sincere appreciation to all those who made the long drive from Burk Burnett.

Rev. Bob Bohannon of Vernon expressed regret at losing the banner, having had it since September, but in his words, "No one deserves it more than Burk Burnett."

The next district youth rally will be held June 10, in Iowa Park.

DOUBLE AREA

By converting the attic into sleeping or recreation quarters, the living area of your home may be doubled.

Some families are creating attic "dormitories" for school age children. Simple shelf dividers make a separate sleeping and study area for each child.

According to the Southern Pine Association, much of the necessary remodeling can be accomplished by applying wood paneling to existing walls and rafters.

Less Work, Better Health Give Mother More Bounce

"It's revolutionized our whole lives," says Mrs. William L. Weymer of Huntington Station, N.Y. Mrs. Weymer, young mother of three small children, is speaking about her electric dishwasher.

"I would never have bought one because it always seemed like a luxury, but when we bought our home, a built-in dishwasher came with it," she explains. "Now I wouldn't be without one for anything. I don't feel as though I'm washing dishes all day long the way I used to. The kitchen is neat five minutes after each meal instead of a half hour later."

"I only turn on the dishwasher once a day—after supper, except when we have company on holidays. Then I use it twice a day and it's marvelous. We put fine china in it and the china doesn't fade," she adds.

Mrs. Weymer says that she never sterilized her younger son's baby bottles, but instead soaked them for a while, then put them in the dishwasher along with the family tableware. "The dishwasher sanitizes all the dishes and has cut down on colds," she points out that the dishwasher uses extremely hot water and she buys one of the special dishwasher detergents recommended by the dishwasher manufacturer.

When asked how much time the dishwasher saves each day, Mrs. Weymer exclaimed, "Oh, hours! I'd be cleaning down cabinets and tidying up the kitchen all the time if I had to wash dishes by hand three times a day, plus cleaning up after snacks."

Now her four-year-old daughter and six-year-old son put their own dishes in the dishwasher—another time-saver for Mother.

The Weymers have lived in their present house four years. "We've never had a service call on the electric dishwasher in all that time," says Mrs. Weymer. "If we ever move to a new home that has a dishwasher, I'm going to make sure my husband buys one for me. I've found out it's a necessity for a family like ours."

Clara-Fairview HD Club Held Regular Meeting April 2nd

The Clara-Fairview Home Demonstration Club held a regular meeting April 2, 1963, in the home of Mrs. R. C. Gilbow.

The meeting was called to order at 2:00 p. m. by Mrs. E. J. Simons, president, who led the members in prayer and in singing "Let the Rest of the World Go By."

Ten members answered the roll call with "A Wise Buy I Made for My Home." The minutes of the March 19th meeting were read and corrected, adding the name of Mrs. R. C. Gilbow as a volunteer worker with the Red Cross Blood Bank recently. The treasurer gave her report. Two visitors, Mrs. Ann Vogel and Mrs. Bill Dorland, were welcomed.

**Senior Holy Week Services**

Special week-night service will be held at Grace Lutheran Church this week which is Holy Week among

many Christians. It is called Holy Week because it is the anniversary of the last week of the life of Jesus Christ before He was crucified on the cross and also because of the great acts which He performed during this week for the salvation of the world. The week extends from Palm Sunday, last Sunday, to Easter Sunday, next Sunday.

On the first Palm Sunday Jesus rode into Jerusalem as a King. On Thursday He instituted the Lord's Supper through which He nourishes His followers through the eating and drinking of His body and blood. On Friday He suffered the painful death of crucifixion to take away the sins of the world. Then on the first Easter Sunday

He became alive again to show Himself King over life and death. To all people who believe these events and trust in Jesus as their Savior, He says, "Because I live, you shall live also."

All are invited to attend these special services at Grace Lutheran: the Maundy Thursday Service on Thursday, 7:30 p. m.;

the Good Friday Service on Friday, 7:30 p. m.; and the Easter Service on Sunday, 10:30 a. m.

**Observing Easter**

"Jesus said, I am the resurrection and the life: he that believeth in me, though he were dead, yet shall he live: and whosoever liveth and believeth in me shall never die." John 11:25.

Easter, the day on which we celebrate the resurrection of our Lord, should find us worshipping Him in His Church. He is alive! His presence fills the sanctuary! All things are made new. It is the time of beginning again. Attend church and join your neighbors in singing praises to God for His Glory and Power and Love; and some of this Resurrection Joy and Power will come to you.

**EVERYONE IN THE CHURCH**  
**THE CHURCH IN EVERYONE**

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

## Revival 21-28 At The Janlee Baptist Church

DR. R. EARL ALLEN

A Revival is scheduled April 21-28 at Janlee Baptist Church. Dr. Earl Allen, pastor of Rosen Heights Baptist Church in Fort Worth will be the evangelist. C. D. Rogers of First Church in Iowa Park will direct the music for the evening services. Services will be held each evening at 7:30. There will be morning worship services Tuesday through Friday beginning at 10:00. Plan now to attend these worship services and share in the blessings.

Dr. R. Earl Allen, a studious pulpiteer with paramount ability, holds many positions of distinction as a young pastor in a metropolitan city. Sound foundations were laid for his ministry when he was licensed to preach at the age of twelve years. Ordained at eighteen years. This young beginning led Dr. Allen to begin and build one of the largest personal libraries, in the field of theology, known today. Dr. Allen was the youngest pastor ever to receive a Doctor of Divinity degree from Howard Payne College in Brownwood, Texas. He is a past trustee of Howard Payne College, Wayland Baptist College, and Valley Baptist Academy. Member of the Sunday School Board of the Southern Baptist Convention. . . . a member of the Executive Board of the Texas Baptist Convention. . . . a member of the Christian Education Commission of Texas. . . . Vice Chairman of the Executive Board of the Tarrant Baptist Association in Fort Worth. . . . a past director of his local Rotary Club. Many other activities and positions capture the driving talents of this pastor.

Dr. Allen was born in Fort Worth and attended public school in that city. His higher education was received at Howard Payne College, Midwestern University, and at Southwestern Baptist Theological Seminary. He received the first degree granted by Midwestern University at Wichita Falls.

## Janlee Offers 2 Sunday Schools

It is true. We are the only Southern Baptist Church between Dallas and Amarillo, Fort Worth and Lubbock that has 2 Sunday Schools on Sunday morning.

Now if you like to get up early on Sunday morning or if you like to be out of church early, just come to Sunday School at 8:30. Worship at 9:45, and be home by 11:00.

But if you like to sleep late on Sunday morning, just do so but get up in time to come to our Worship service at 9:45 and at 10:45 go to Sunday School. You will be home by 12:00 noon.

We are proud that we can give you this choice. We hope you will become a part of us at Janlee Baptist Church.

A special invitation to you for this Easter Sunday. Come and worship with us, and we will do thee good.

We would also invite you to our evening services each Sunday. Training Union begins at 6:00 p. m. and worship at 7:15. We have a wonderful spirit of friendship, and fellowship each Sunday night through testimonies, singing, praying and preaching.

politan church, the Rosen Heights Baptist Church in Fort Worth. This church has more than 4,000 members and is one of the thirty larger churches of more than 30,000 churches comprising the Southern Baptist Convention. This is Dr. Allen's boyhood church and is located across the street from the grade school where he began school. He also attended the local Junior and Senior High Schools of his community.

Dr. Allen was formerly pastor at the First Baptist Church of Archer City, Seagraves, and Floydada, Texas. He is in much demand as an evangelist and has been holding revivals since high school days. At the age of twelve, he was one of the first youth-revival speakers.

Traveling in this county as well as England, France, Italy, Lebanon, Damascus, Jerusalem, Israel, Greece, Switzerland, Mexico, and Cuba has enlarged the ministry and vision of Dr. Allen. From the vast background of "life" and study, Dr. Allen is an engaging and convincing Bible Preacher.

Dr. Allen is married to the former Joyce Lovelace of Santa Anna, Texas. They have two children, James Todd and Joy Earline.

"Take Time For God," has been selected as the theme for this revival. We ask YOU to take time for God, and attend every service. Janlee Church is located across the street from the Junior High School. Rev. Travis McMinn is the pastor.

## Student Council To Participate In Bundle Days

The High School Student Council has pledged endorsement and support to the students of Burkburnett who are participating in Save the Children Federation's 21st Annual Bundle Days Clothing Collection school program to be held April 8-12.

Responding to a Federation report that "Devastating Spring floods in the Southern Appalachian Mountain region resulting from the hardest winter in 75 years have nearly depleted our clothing supply," President Barney Fudge has named a committee to cooperate with students and teachers on the project.

"We hope that everyone in the community will cooperate in sending to the High School good, wearable used clothing, including shoes, for children and their parents. The clothing should include items for summer and winter wear," Fudge said.

Over six million boys and girls across America are participants in the program which will bring clothing to boys and girls and their parents in America's Southern Mountains, Mexico and other areas. In many places this will mean warmth against winter winds and increased attendance in the schools. Not only students, but whole communities will benefit.

Save the Children Federation, the 30-year-old, non-sectarian international welfare organization, is registered with the U. S. State Department Advisory Committee on Voluntary Foreign Aid. Children are aided by the Federation through sponsorships, family, school and community self-help projects and the annual collection of used clothing. The Federation helps American Indian children, children in the Southern Appalachian Mountains and in many countries overseas.

Any individual or group interested in helping children through the Federation should write to Save the Children Federation, Norwalk, Connecticut.

## Boys' Clubs Incubate Great Talent Breed Countless "Better Citizens"

**BOYS' CLUBS ALUMNI** such as Joe Di Maggio, Danny Thomas and Vince "Ben Casey" Edwards are among famous in all walks of life who got their start in one of more than 625 Boys' Clubs of America.

Down through the centuries, talent has remained one of mankind's most precious possessions. Fortified with this great gift, man has made much of the world brighter, more beautiful, healthier and happier.

Yet, talent observes no physical limitations. It breeds in poverty, is spawned in adversity, flourishes equally among the rich and poor and accepts no restrictions imposed by geography, race or creed.

One of the more fertile—and typical—fields for this God-given quality is the Boys' Clubs of America. For over a century, this national youth-guidance organization has produced talent in large quantities and in a wide variety of packages.

For the world of entertainment, Boys' Clubs have produced an almost legendary group of artists. Tracing back 50 years to the start of greats such as Eddie Cantor, George Gershwin, Irving Berlin, Joe E. Brown and George Burns, through current favorites like Danny Thomas, Eli Wallach and Vince "Ben Casey" Edwards,

Boys' Clubs list scores of show business notables among their alumni.

In the world of sports, Boys' Clubs also list a great many famous names among their "graduates." Big league baseball players, managers and executives such as Joe Di Maggio, Mickey Vernon, Joe Cronin and Danny Murtaugh got their start at Boys' Clubs. So did all-time football greats such as Sid Luckman, the late Albie Booth, Chuck Bednarik and dozens more.

Despite the reflected glory of these names, however, Boys' Clubs are equally proud of the thousands of doctors, lawyers, scientists, clergymen and millions of respected citizens who learned their early lessons at one of the more than 625 Boys' Clubs of America.

As one Boys' Clubs official explains it, "every day, at some Boys' Club somewhere we like to think we're helping some deserving boy discover the things that count. If talent is one of them—fine. If not, we just help give him a good start."

## Family FINANCIAL PROTECTION

Policyholder Questions Answered by the Institute of Life Insurance

Q. How much life insurance should a man own?

A. Some experts in family financial planning believe that a man cannot consider his family adequately protected until his life insurance amounts to at least four to five times his yearly income. But there is really no rule of thumb as to the amount of life insurance that a man needs. In some cases, five times a man's income would not be enough protection to enable a family to carry on without hardship.

This is especially true of younger men, who may be just getting started on their careers and whose incomes can be expected to increase substantially in the years

ahead. This is also the stage of life at which a man may have little savings or other financial resources for his family to fall back on if he should die prematurely. And his family responsibilities are often heaviest during these early years when his children are growing up.

Men with higher incomes and larger financial resources may also need more life insurance to protect their families, to meet estate taxes or to help achieve important goals later on during their own lifetimes.

There are also some special cases in which a man may have few if any family responsibilities to be protected, with no chance that he will be taking on such responsibilities in the future. Although he undoubtedly needs some life insurance protection, five times his yearly income might be more than he needs.

Regardless of a man's financial needs and resources, his life insurance agent can give him expert advice on how to tailor his life insurance to his individual situation.

Q. What is life insurance "programming"?

A. "Programming" means to plan and set up a man's life insurance protection so as to best meet his financial needs, responsibilities and estate problems at a cost that he can afford. "Programming" requires the help of a life insurance agent who has studied his client's entire financial situation.

## VETERANS Questions & Answers

Q—My husband, a veteran of World War II, died recently. Am I, or are my children, eligible for a GI home loan?

A—If your husband died of a service-connected disability and you have not remarried you are eligible, but children of

deceased veterans are NOT eligible for GI loans.

Q—What is the oldest group of veterans now that Civil War veterans are all gone?

A—There are 26 surviving veterans of the Indian Wars and most are in their nineties.

Q—I have a chronic skin disease. As a veteran am I entitled to treatment as a Veterans Administrative outpatient clinic?

A—To be eligible for VA outpatient care a veteran must have a service-connected disability or must be receiving vocational rehabilitation training and needs treatment to avoid interrupting his training, or be a veteran of the Spanish-American War. Also, veterans applying for compensation or pension benefits or for insurance may have a medical examination at a VA outpatient clinic as many

veterans who are seeking to determine the need for care.

## Religious Services Episcopal Church

Episcopal Church of St. John the Divine is holding special services this week to recall the Crucifixion. The time of solemn preparation for his triumph over his sufferings, death and resurrection. Communion Service will be held at 10:00 p. m. Maundy Thursday at the Episcopal Church of St. John the Divine. The word Maundy comes from the Latin, "Mandatum," meaning "to command." It refers to the two commandments given to the disciples on the first Maundy Thursday, "Do this in remembrance of me," and "Love one another as I have loved you." Thursday commemorates the Last Supper of Our Lord and His Disciples, when He

instituted the Holy Communion. At 10:00 p. m. Maundy Thursday begins an unbroken vigil before the altar at St. John the Divine by its members, ending at 6 a. m. with the Good Friday service.

The Maundy Thursday vigil has been perpetuated year by year thru the centuries within the fuller understanding and living of Christian discipleship. As those people who follow in the footsteps of Christians in the time of Apostles, those who participate in the Maundy Thursday vigil provide an extension to the unfulfilled response to our Lord's request, "My soul is exceedingly sorrowful even unto death; tarry ye here and watch with me."

On Holy Saturday there will be a 4:30 p. m. service at the church. Easter Sunday will be celebrated with the Holy Easter Liturgy used, since the time of the Apostles during the travels of St. Paul, thru the centuries when the church flourished in the great ancient early Christian centers of Alexandria, Jerusalem, Antioch and Rome; when Constantine the Great moved the mighty Roman Imperial Capitol to Constantinople; that service with which the coronation of kings and the glory of the saints were celebrated in

the middle-aged; the same service which expressed the bedrocks of faith and the hope of glory in Christinity during the Reformation; providing substance and eternal spirit even until today, this is the Easter rite in its fullest yet most simple expression, to be shared at the Episcopal Church of St. John the Divine, 1000 South Berry Street, Burkburnett, Texas at 1:00 p. m. Easter Day, 1963. Visitors are very welcomed.

**DRUGS AND DRIVING**  
Q. Do drugs, especially tranquilizers, affect driving ability?  
A. Various drugs which act on the nervous system can affect the performance everyday acts such as driving a car or using a power tool. This would include tranquilizers, sedatives, energizers, etc. Most tranquilizers do not seriously impair performance. However, the amount of drug taken must also be considered, with larger doses producing more pronounced effects. In addition, little is known about the build-up of such drugs in people who take medication day after day. Although there have been no known instances of a build-up, a point might be reached where the effects on driving ability would be noticed.

**TOO TALL**

Q. I am 14 and have developed about most girls my age. However, I am taller than my friends and this has worried me. Is there anything I can do to stop growing?  
A. Doctors have ways of retarding growth some cases but you are probably over-completed. After the menarche (onset of menstruation) most girls (about 80 per cent) grow less than 4 inches in height. Doctors don't know the other 20 per cent fail to respond to braking of growth in a similar fashion. In case, you have much more than an even chance of not growing much taller.
