## LOUSIANA COUNTRY FAIR TO HONOR JOHN E. McKELVEY

INVITATION TO  
 700 AMERICAN LEGION POSTS OF TEXAS  
 TO ATTEND  
 HOME COMING AND VETERANS MUSTER  
 WICHITA FALLS, TEXAS, SEPTEMBER 23, 1963  
 FOR JOHN E. McKELVEY  
 DEPARTMENTAL COMMANDER OF TEXAS

Louisiana Country Fair  
 Falls, September 23-25  
 and the parade is dedi-  
 cated to John E. McKelvey and  
 the American Legion of Texas.  
 We hope every post will have  
 a representative for this

quarters and regis-  
 tration will be in the Kemp  
 Hotel, Wichita Falls, Texas. Par-  
 ade at 10 p. m. All veterans  
 invited to parade. The dedi-  
 cation will be at 6:00  
 front of the grand-  
 stands of the Fabulous Country

Life Guard Awards were pre-  
 sented to Diana Day, 7, and  
 Bruce Stayton, 6, at the Burk-  
 burnett Swimming Pool on Mon-  
 day, September 2nd, the final  
 day of activities at the pool for  
 the 1963 season.

The awards were presented for  
 progress and sportsmanship  
 and the selections were made  
 by the life guards at the pool.  
 Diana is the daughter of Mr.  
 and Mrs. Clair J. Day and Bruce  
 is the son of M. Sgt. and Mrs.  
 Edward Stayton.

Mr. Reynolds brought a very  
 interesting and instructive talk  
 on various facets of the insur-  
 ance business and his talk was  
 well received and appreciated.  
 Guests for the day were Joe  
 Salter and Charles Blackmon.

Visiting Rotarians were: C. H.  
 McGann of Electra and Grady  
 Cantrell, Howard Hitt, John Mur-  
 phree, Graham Ball, Herb  
 Brown and Bart Dorbant all of  
 Wichita Falls.

Absentees were Walter Riley,  
 George McClarty and Harold  
 Wolfe.

Contract Awarded  
 For Road Work

A contract for 2.29 miles of  
 construction on U. S. 287 and  
 Spur 325 in Wichita County has  
 been awarded to a Wichita  
 Falls firm, it was announced in  
 Austin this week by the State  
 Highway Commission.

M. R. Stewart submitted the  
 low bid of \$83,350 on the pro-  
 ject. Signing at interchange and  
 intersection of U. S. 287 and  
 Spur 325 and on south bound  
 U. S. 287 between 13th Street  
 and 16th Street in Wichita  
 Falls is expected to take sixty  
 working days, according to L.  
 B. Dean, District Highway En-  
 gineer at Wichita Falls.

John Maroney, Resident En-  
 gineer at Wichita Falls will be  
 in active charge of the project  
 while it is under construction.

Burkburnett School announces that Season  
 all Tickets are now on sale at the School  
 Administration Building, 416 Glendale Street. Buy  
 tickets this year, in this way let the players  
 coaches know you are backing them all the  
 We have lots of good choice seats left if you  
 soon. Tickets are \$5.00 for the season. Those  
 have already reserved their tickets can now  
 them up.

 JANLEE:  
 As A Mission E. E. Welborn  
 As A Church Harding Dempsey  
 In The Future Rev. Travis McMinn  
 II. LET US:  
 1. Recognize People  
 2. Testify  
 III. LET US:  
 1. Hear Special Music  
 2. Accept A Challenge Dr. R. A. Springer

Our Guest Speaker:  
 Dr. R. A. Springer, Treasurer of our Baptist General  
 Convention of Texas, is our guest speaker for today. We  
 are so happy to have Dr. Springer in this service. Dr.  
 Springer has been working for Texas Baptist for many  
 years. He is a layman who has dedicated his life in full  
 time work for the Lord. He has probably handled more  
 of God's money than any other man in the State of Texas.  
 Every one of you will want to meet him today.

HISTORY OF JANLEE:  
 On August 6, 1961, the first services of Janlee, Ex-  
 tension of First Baptist Church, were held. Approximately  
 250 people attended services on this first Sunday. The  
 First Baptist Church had looked forward for many  
 months when the building would be completed and this  
 service could be held.

Janlee began to become a reality when Mr. and Mrs.  
 Gene Robertson gave the three acres of land for the pur-  
 pose of building a church in the Janlee Addition of  
 Burkburnett. The name "Janlee" was used for the names  
 of the two daughters of the Robertsons, Jan and Lee. The  
 total value of all existing property now exceeds \$100,000.

First Baptist made marvelous plans not only for  
 buildings and facilities, but also, for workers for every  
 organization in the new work. Many had questioned the  
 fact of whether or not another Baptist church was needed  
 in Burkburnett. After the first Sunday, most were con-  
 vinced that surely God was well pleased with the effort  
 that First Baptist had made.

The very first Sunday, 169 came for Sunday School  
 and 86 for Training Union. This was more than most had  
 anticipated in attendance within a year of the beginning  
 of the new work.

From the first Sunday until the present Janlee has  
 continued to grow in every department of work in her  
 organization. Many records have been set and even on  
 Sunday, September 8, 1963, we are anticipating new  
 records.

On September 9, 1962, Janlee organized into a self-  
 supporting church. This year many things have been done  
 for the Lord and His work through the efforts of Janlee  
 and her program. We are proud of our church and we  
 feel that First Baptist can be proud of making a vision  
 really come true.

Sunday, September 8, 1963, we will observe our first  
 Anniversary as an organized church. "Break-The-Record"  
 will be observed in both Sunday Schools, in Training  
 Union, and in Worship Services. Also, a barbecue lunch  
 will be served at noon at the church and our Anniversary  
 Program will be held at 2:30. Each of you is invited to  
 attend any or all of these services.

Plans have been drawn and committees are working  
 now concerning an addition to the existing educational  
 plant. It is our hope to begin this addition during the  
 year.

CARD OF THANKS  
 We desire to express to our  
 kind neighbors and thoughtful  
 friends our heartfelt thanks  
 for their many expressions of  
 sympathy and for the beauti-  
 ful floral offerings during our  
 recent sad bereavement. We  
 especially want to thank the  
 ladies of Devol for the food  
 and for the meals that were  
 served. These comforting ex-  
 pressions of sympathy and  
 thoughtfulness will always be  
 remembered.

## LEGISLATIVE NEWSLETTER

By VERNON STEWART  
 District No. 81—Wichita Falls

On August 23 many new laws  
 passed by the last Legislature  
 went into effect. Among these  
 was a stiff new hot check law.  
 The new law demands that per-  
 sons convicted on first offense  
 hot check charges for less than  
 fifty dollars (\$50.00) must go  
 to jail and pay a fine. In effect,  
 it prevents any judge or jury  
 from handing down a suspended  
 sentence in a hot check case.

While there is no provision  
 for a minimum amount of jail  
 time and fine for first off-  
 enses, the new law specifies that  
 the second offender is subject  
 to a minimum of thirty days  
 (30) in jail along with the fine.  
 For a man convicted for a third  
 time, a subject of fines is no  
 longer an issue. It then becomes  
 a felony with a penitentiary  
 sentence ranging from two to  
 ten years. Hot checks written  
 for fifty dollars (\$50.00) or over  
 are already classified as felonies  
 under the current law.

This change in the statutes  
 also places a measure of respon-  
 sibility on the merchant as well  
 as law enforcement agencies.  
 It requires that the standing  
 ten-day notice be served on the  
 check writer by certified or  
 registered mail or by telegram.  
 This means that warnings by  
 telephone and standard mail  
 are no longer valid under the  
 law. This ten-day warning pe-  
 riod gives the check writer time  
 to make his check good before  
 prosecution.

It is hoped that this new law  
 will go a long way to help the  
 merchants to collect on the  
 hot checks given to them and  
 to minimize the intentional writ-  
 ing of such checks.

REAPPORTIONMENT SUIT  
 Wichita and surrounding area  
 counties stand to lose much of  
 their representation if the Fed-  
 eral Court decides in favor of  
 the plaintiffs in the suit sched-  
 uled for trial in Harris County  
 on September 23. The suit re-  
 quests that the Legislative dis-  
 tricts be reapportioned on the  
 basis of the 1960 population  
 census. This will mean that  
 each senatorial district will re-  
 quire 309,000 people and 63-  
 867 people per representative  
 district. Under this suit, Harris  
 County will be entitled to four  
 senators and nineteen represen-  
 tatives. Dallas county will re-  
 ceive three Senators and fifteen  
 representatives.

Locally, Wichita County, with  
 a population of 123,538, will be  
 short about 4,000 to retain its  
 present two House members.  
 District 82, (Childress, Cottle,  
 Donley, Foard, Hall, Hardeman,  
 Motley, and Wilbarger Coun-  
 ties), with the present popula-  
 tion of 56,417 will need 7,250  
 additional population for a  
 State Representative, while Dis-  
 trict 83 (Baylor, Haskell, Jones,  
 Knox, and Throckmorton Coun-  
 ties) will lack 16,877 people to  
 make up a Legislative District.  
 It is very likely that the rural  
 areas will lose seven Senate  
 seats and sixteen House seats  
 to metropolitan areas.

The Court will probably give  
 the Legislature an ultimatum  
 to district the State within a  
 short time limitation or it will  
 do so accordingly. This, of  
 course, requires the Governor  
 to call a Special Session. There  
 is also the possibility that this  
 suit will be held up in the  
 courts long enough not to ef-  
 fect the approaching primaries.

Periodically I have attempted  
 to send these Newsletters to  
 the various citizens in our area  
 who I feel are vitally interest-  
 ed in what goes on in our state  
 government. I shall continue to  
 try to keep my constituents in-  
 formed by such Newsletters  
 from time to time as my lim-  
 ited funds will allow. If you find  
 these letters are informative  
 and have friends who you feel  
 will like to receive them, I will  
 appreciate your writing me in  
 care of the House of Represent-  
 atives, Austin, Texas.  
 I want to express a special  
 thank you to the many people  
 who wrote me during the last  
 session of the legislature and  
 who continue to voice an inter-  
 est in their legislaure.

## New 1964 Vehicle Inspection Stickers Available Sept. 1st

Col. Homer Garrison Jr., di-  
 rector of the Texas Department  
 of Public Safety, announced to-  
 day that the new 1964 vehicle  
 inspection sticker becomes avail-  
 able September 1 at all Offi-  
 cial Inspection Stations in Tex.  
 "During the summer months,  
 the department has conducted  
 intensive re-training schools for  
 all owners and mechanics of  
 inspection stations," Garrison  
 said. "These men are now qual-  
 ified and they are ready to  
 serve the motoring public in  
 their vehicle inspection needs."

More than five million vehi-  
 cles registered in the state are  
 required by law to be inspected  
 at one of the 5,000 official sta-  
 tions between now and April  
 16, 1964. Operators of vehicles  
 not displaying the new sticker  
 by that date will be in viola-  
 tion of the law.  
 Garrison urged motorists to  
 get their vehicles inspected at  
 the earliest possible time and  
 pointed out:  
 "Since the vehicle inspection  
 program began in Texas, ve-  
 hicle defects is causative fac-  
 tors in motor vehicle accidents  
 has been reduced from 13 per  
 cent in 1961 to five per cent  
 in 1962. We have every reason  
 to hope that with continued  
 voluntary compliance with this  
 law, accidents can be further  
 reduced."

COUNTY SINGING CONVEN-  
 TION SEPTEMBER 7th  
 The Wichita County Singing  
 Convention will be held Sep-  
 tember 7th and 8th at the Fel-  
 lowship Baptist Church, corner  
 of Avenue C and Bell Street  
 (just off Monroe Street). Satur-  
 day's session will start at 7:30  
 p. m. and Sunday Session at  
 1:00 p. m. The public is cordi-  
 ally invited for a full program  
 of special numbers and class  
 singing.  
 Avis L. Caldwell, Secretary

 who have nothing else. — Don  
 Herold.

## Assembly Of God Church Revival Sept. 8 to 13

A Revival Meeting is sched-  
 uled at the Assembly of God  
 Church, corner of College and  
 Ave. B, starting Sunday night,  
 September 8 and continuing  
 through Friday night, Septem-  
 ber 13th.  
 Rev. Jack Bybee of Oklahoma  
 City will conduct the services  
 which begins at 7:15 p. m. each  
 evening.  
 The public is cordially invit-  
 ed to attend.

## LORENE TYRA SERVICES SET

Funeral services for Mrs. Lor-  
 ene Tyra, 42, who died in Ven-  
 tura, California, Saturday, will  
 be held Sunday, September 8,  
 from the Owens & Brumley  
 Chapel here with Rev. F. C.  
 Dosier officiating.  
 The body will arrive in Burk-  
 burnett next Saturday. Burial  
 will be in the Burkburnett Cem-  
 etery.

Mrs. Tyra, born February 10,  
 1921, in Bridgetown, Texas, had  
 lived in Ventura for the past  
 ten years and was a nurse at  
 the general hospital.  
 Survivors include a sister in  
 Wichita Falls, Mrs. Velma Bo-  
 man of 2114 Roberts; one  
 daughter, Mrs. Johnny Goss of  
 Ventura; one granddaughter,  
 Johnnie Linda Goss of Ventura;  
 her mother, Mrs. Fern Tyra of  
 Ventura; three brothers, Lester  
 Tyra of Los Alamos, New Mex-  
 ico and Bob and J. C. Tyra both  
 of Bakersfield, California.

## Grace Lutheran Missionary Society Met Tuesday, Sept. 3rd For Monthly Meeting

The Grace Lutheran Mission-  
 ary Society met for its regular  
 monthly meeting on Septem-  
 ber 3, 1963. The meeting was  
 opened by singing hymn, "On-  
 ward Christian Soldiers," and  
 Mrs. Omer Liefer led the  
 group in prayer.  
 There were thirteen mem-  
 bers present with one visitor.  
 The visitor was Mrs. Ruth  
 Glass who recently moved  
 here from Delaware.

instead of the 1st.  
 The society voted to help the  
 needy family in Burkhaven.  
 The committee to be contacted  
 is Mrs. H. A. Mills and Mrs.  
 Troy Mills.  
 Mrs. Krusemark was ap-  
 pointed to take the donations  
 for Paul Leon Zwiackner who  
 recently married.  
 A gift of money was given  
 to Wanda Frieling who is en-  
 tering Lutheran College for  
 Nurses. She was wished a suc-  
 cessful year at college.

The meeting was closed with  
 a program. Mrs. Omer Liefer  
 gave the topic entitled "A  
 Living Faith for An Abundant  
 Life."  
 The meeting was adjourned  
 by praying the Lords Prayer  
 in unison.

## KNOW YOUR AGENT

Now that it's hurricane-time again, millions of Americans are giving more than passing thought to the weather and wondering whether another Carla may be in store for them.

It was two years ago September 9th that Hurricane Carla struck the Texas coast, spreading suffering and desolation along the Gulf and for 200 miles inland.

Along with the medical and rescue teams and the relief crews bringing food and shelter to the homeless, insurance adjusters from all over the nation poured in—most of them with instructions to get settlement funds into the hands of claimants speedily and without quibbling, so that possessions could be protected and reconstruction begun.

As William Hunter McLean, chairman of the State Board of Insurance described the results recently: "Ninety-nine and one half percent of the 200,000 Carla claims were settled without dispute with the policyholders—a record unequalled anywhere, anytime in the history of catastrophes in this nation."

Yet, even so, there were hundreds of policyholders who felt themselves abused, and whose complaints resulted in an investigation by the Texas legislature completed only this year. In its detailed report covering months of hearings and voluminous testimony, the House General Investigation Committee said:

"The most serious complaints, were told by those witnesses who did not have the services of an insurance agent with whom they were personally acquainted. Many were uncertain whom to contact about their loans, stating their insurance was handled by an investment company or had been bought by mail."

In its "Conclusions and Recommendations," the Committee declared: "Consistently, those policyholders who were represented by local agents received better treatment and service than those who were not."

It is reasonable to assume that the findings of this body would have been much the same, whether it had been investigating a disaster situation such as Carla or routine insurance practice—and whether its authority lay in Texas or Alaska.

Insurance, as the Committee discovered, does its job best when it is written by the man-on-the-ground, who is

**A Runaway Ball  
May Be Followed  
By A Child**

Youngsters often act before they think. They may dart into the street after a runaway ball without looking for cars.

That's why it's so important to be sure your car's brakes are in tip-top condition at all times. And, during the back-to-school days this month, safe brakes are doubly important.

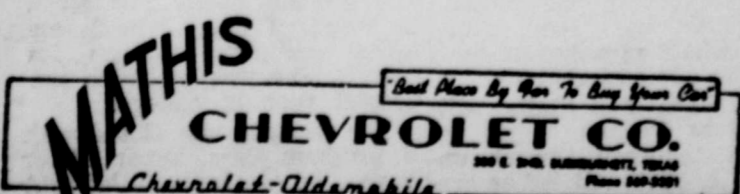

If your brakes have not had attention recently, then make it a point to stop by for an inspection by our skilled men. This way, you free your mind of worry and doubt and enjoy safe, sure stops, too.

WHY TAKE CHANCES? SEE US NOW!

## WASHINGTON AND "SMALL BUSINESS"

By C. WILSON HARDER

According to Greek mythology, the city kingdom of Troy was well nigh impregnable. The Trojan warriors were skilled and brave, the defense works well engineered.

But the Trojans, despite their bravery and engineering ingenuity, had some curious weaknesses. One was that in their highest government circles there was quite a fondness for good looking women, usually without benefit of clergy. The other weakness was a great gullibility.

Hence, when the Greeks built a great wooden horse and set it before the gates, the Trojans could not resist taking this horse in to get a better look.

There are many who feel that the location of the United Nations headquarters in New York is working out to be something of a 20th Century Trojan horse. This belief is held by many who do not necessarily condemn the principle of the U. N. but believe it should be in some place like Switzerland.

Largely due to the very vigilant work of the FBI, Russian spies are being picked up in the United States who are actually officially credited to the Russian delegation at the UN. There is also a bit of talk around that some of the more ardent members of the Russian fair sex have no qualms about accepting an invitation to "look at some etchings," as the

polite phrasing goes, if there is a chance to latch on to some security secrets.

It seems quite fruitless to rail at any questions of morality involved. This is a matter on which attention has been focused since Adam and Eve, without too great an effect. Thus, from a standpoint of realism, it is to be recognized when there are a lot of well paid bureaucrats with little to do, and lots of leisure in juxtaposition with attractive and dedicated femmes fatale, things are bound to happen.

Thus, moving U. N. out of the U. S. seems logical.

It remained recently for Congressman H. E. Gross of Iowa to really point up the silliness of the situation. The Congressman reports, due to Russian insistence, U. S. taxpayers pay major share of cost of operating a school in Moscow for Russian spies.

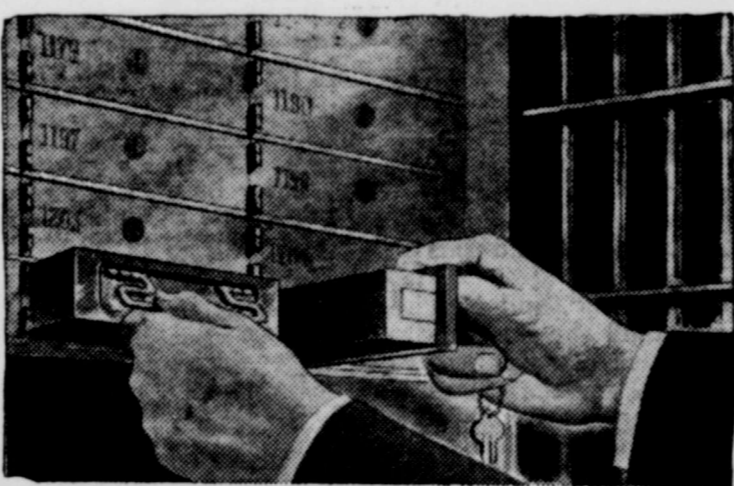

The United States pays, Congressman Gross says, 32.02% of the entire cost of operating the UN operations. Part of this cost is maintaining a school in Moscow to teach Russians the English language for jobs at U. N. in New York.

Thus, perhaps the American people are even more stupid than the long destroyed Trojans, as there is no record that the Trojans put up one drachma to help the ancient Greeks build their wooden horse. But today the American taxpayer is being forced to pay the major part of the cost to train Russian spies in methods of destroying the United States. This is somewhat akin to the condemned man being forced to pay a part of the hangmans fee.

a responsible, independent business man, an agent for several insurance companies, who knows his client and who understands his need of protection—come hell or high water.

## GRASS ROOTS OPINION

ONTARIO, ORE., ARGUS-OBSERVER: "In view of national surpluses for many basic food crops, it seems that unified withdrawal of new reclamation would be in order."

Mollie R. Elliott, Reporter

Mrs. Bruce Reid and her husband visited the week end at Possum Kingdom Lake. Mr. and Mrs. A. J. Shaw spent the week end at Possum Kingdom Lake. Mr. and Mrs. Ted Fowler accompanied by Mr. and Mrs. Wayne Fowler of Wichita Falls spent the week end at Lake Texhoma. Mr. and Mrs. E. J. Pruitt and family spent the week end at Lake Texhoma. Mrs. Lanell Swinford lost 15 gallons of gas to thieves Monday night. Her car was parked at the front of her parents home in Randlett. Mr. and Mrs. Ronnie Bowman and children of Ontario, California is visiting her parents, Mr. and Mrs. T. J. Baber. Mrs. Zaida Bryant is visiting her daughter. Mr. and Mrs. C. C. Watkins of Henrietta. Mrs. Patsy Alexander of Oklahoma City, Oklahoma, spent Friday to Monday with her parents, Mr. and Mrs. A. L. Patterson. Mrs. B. J. Bowles, Sr., was reported ill in a Wichita Falls hospital. Mr. and Mrs. Clifton Woods and children and Mrs. Woods' mother, Mrs. Johnson of Dallas visited his parents, Mr. and Mrs. J. C. Woods over the week end. Mrs. Marie Brown, Mr. and Mrs. Bob Strange and children of Lawton, Oklahoma and Mrs. Don Allen of Fort Carson, Colorado visited Mrs. O. O. Best Saturday. Mr. and Mrs. A. L. Anderson and family and Mr. Larry Wilman visited relatives in Amarillo the week end of last week. Mr. and Mrs. L. E. Ellis of Burkburnett visited her parents,

Mr. and Mrs. R. H. Rhoads. Mr. and Mrs. Lennie Keen of Lawton, Oklahoma, spent the week end with her mother, Mrs. G. M. Starks and Dickie. Mr. and Mrs. Robert Goode and daughters, Mr. and Mrs. John Martin, Jr. and children, Mr. and Mrs. F. A. Eastman and children, Mr. and Mrs. R. E. Eastman and daughters spent the week end at Lake Texhoma. Mr. and Mrs. Melvin Morrow of Fort Worth spent Sunday night with his sister, Mrs. Mollie Elliott. Mr. and Mrs. David Baggs, and children of Wichita Falls spent Monday with Mr. and Mrs. E. L. Martin, and Larry and his grandmother, Mrs. Florence Baggs. Mrs. Gertrude Tucker of San Antonio; Mrs. B. Shoemaker, sisters of Mrs. Florence Baggs and a niece, Mrs. Vida Qualls of Fort Worth spent Sunday with Mrs. Baggs and attended the Cornelius Family Reunion at Sulton Park at Walters, Oklahoma Sunday. Wedding vows were exchanged August 30th at 8:00 p. m. for Miss Nita Sue Bowles and Mr. Jack Joe Green at the Union Valley Baptist Church. Bro. Elmer Price a former pastor read the vows. Mrs. Green is the daughter of Mrs. Flora Bowles of Temple and B. J. Bowles, Jr., of Randlett. She is a 1963 graduate of Big Pasture School and will attend Cameron College at Lawton, Oklahoma this fall. Mr. Green is the son of Mr. and Mrs. O. O. Green of Randlett. He is employed with Tullis Motor Company of Burkburnett. They will reside in Randlett. Mr. and Mrs. B. E. Goss of Dallas spent Saturday and Sunday with her mother, Mr. and Mrs. J. T. Martin and her sister Mr. and Mrs. Don Eschler and Janie also attended the Cornelius Family Reunion. The Cornelius Family Reunion was held at Sulton Park of Walters, Oklahoma, Sunday September 1st. A basket lunch was enjoyed by approximately 75 relatives. Many friends came to visit in the afternoon. This will be an annual event on Sun-

day before Labor Day at the Walters, Oklahoma Park. All relatives and friends are invited to attend. Mr. and Mrs. Lonnie Boles returned home Saturday from a two weeks visit with their daughter, Mr. and Mrs. Bruce Reid and son of Tulsa, Oklahoma. Mrs. Flora Hatcher returned home Sunday from a visit with her son, Mr. and Mrs. E. W. Hatcher and family of Erie, Pennsylvania.

**HOW BIG IS TEXAS?**

Most any school child and perhaps a few adults can tell you that Texas is 801 miles from south to north and 733 miles from east to west. An even smaller number of people might know the state and area is composed of 168,648,320 acres.

Although it is a rare Texan who will admit it Alaska IS bigger in land area but, after all, that "frozen state" isn't even connected directly with the continental limits. Agriculturally speaking, there is no comparison between the two — Texas is far in the lead.

In the last year of record, Texas farmers harvested 21,735,000 acres of land yielding 59 principal crops. Total farm value amounted to \$1,575,104,000.

Through no fault of our own farmers, this value only rates second in the United States — California being in the lead. California managed to harvest a smaller acreage of 6,767,000 acres with a production value of \$1,814,752,000.

Texas' average cash farm income, including both livestock and crops, is approximately 2.4 billion dollars annually. Government payments average slightly over \$100,000,000 a year and brings the state agricultural income figure to near \$2½ billion.

Texas ranks sixth in the United States in population with 9,579,677 persons counted in the 1960 census. Population per square mile is 36.4 persons.

The state is 75% urban and 25% rural in population distribution. Some 7,186,011 persons live in urban places and

2,393,666 in rural territory. The land area of Texas is 263,5123 square miles or 168,648,320 acres but the inland water area of 3,826 miles increases overall acreage to 171,096,960 acres.

These are just a few of the figures you can quote as a "Texas Brag" the next time you visit outside the state. Somehow the "foreigners" in other states just expect you to.

North Dakota and South Dakota were admitted to the Union on the same date, November 2, 1889.

with the large surplus in the United States, still a good demand for quality wheat in the export market. Establishment of the sedimentation test in 1962 and price support premiums for quality wheat has interest in factors which affect the baking quality of

selection of varieties possess high baking quality of prime importance. which have been developed to give high sedimentation are Tascosa, Kaw, Comanche, Quanah, and second in gluten content. Second in gluten content but often satisfactory flour when grown in aridland production are varieties as Crockett, West, and Triumph, Concho and Triumph.

climatic conditions and practices influence the production value. Temperature 90 degrees F. during last 15 days of kernel development are often determinant in wheat. High temperatures above 120 degrees F. lowers maturation value of wheat. According to North Dakota cereal technologists, temperatures of from 150 degrees will lower quality by seven points.

with the Corn Belt still in the production of this region is rapidly its monopoly in the feeding business, says B. county agent. early 1930's the Corn

## Avocado Ice — California Cooler

A sherbet assembled in minutes—in a blender, if you wish—and frozen until serving-time eliminates last-minute preparation problems and guarantees a real warm-weather refresher.

A garnish of crystallized ginger gives "Avocado Ice" the exotic touch of old China while mashed California avocado provides a distinctive New World flavor. Grapefruit juice supplies tanginess that merges to perfection with mellow, velvety-smooth avocado in this versatile "cooler." Serve it as a first course, poultry or meat accompaniment or dessert.

California avocados in desserts, chilled soups, sandwich fillings, party dips and main dishes are particularly welcome on hot days because of the fruit's remarkable food energy values, vitamins and minerals. Whether summer avocados are dark-skinned or green-skinned, the light green-yellow fruit inside promises unique eating satisfaction at a surprisingly low calorie count—only 137 calories in a 4-inch, 80-gram half-shell.

### AVOCADO ICE

- 1 California avocado
  - 2 cups grapefruit juice
  - 1/2 cup sugar
  - 1/4 teaspoon salt
  - 1/2 teaspoon crystallized ginger
- Cut avocado lengthwise into halves; remove seed and skin. Mash or sieve fruit. Stir in grapefruit juice, sugar and salt. Freeze until firm. Turn into chilled bowl; beat with rotary beater until smooth and fluffy. Freeze to desired consistency. Serve with ginger garnish. Makes about 1 1/2 pints.

## IT'S UP TO YOU

By  
Howard E. Kershner, L.H.D.

WOULD you like to know, ladies and gentlemen, where the endless flow of your tax dollars terminate? How often your money goes to worthless projects? What amount of it is actually used against your interest? Congressman Gene Snyder made public some figures that will interest you.

Over \$20,000 of Dr. Kershner's tax money was spent for studies of diseases in the giant snail.

\$1,250,000 for a six-year study of the affectional relationship of an infant monkey and its mother. \$10,000 for a tour of U.S. defense plants by a Communist Polish official, brought over from Poland in 1962 under the State Department's educational and cultural exchange program.

1,000 23-inch television sets costing \$400,000 were ordered for use in community education programs in underdeveloped overseas areas where there was no electric current to operate them.

Foreign aid funds were used in Kenya, Africa, for the purchase of extra wives for government officials.

Agreement between Morocco and the United States gives Morocco the U.S. bases worth hundreds of millions of dollars by the end of 1963. One base is already occupied by Russian personnel and Russian Mig planes. In Liberia, independent since 1847, where there is a great deal of poverty and misery, a \$10,000,000 palace is being built for the President despite the fact that the present palace practically equals the U.S. White House. Liberia has received over \$40,000,000 in foreign aid and around \$250,000,000 for development loans through fiscal 1962.

Cambodia supplied with two rifles per man. Indonesia, to which the United States gave \$44,000,000 in the last half of 1960, bought \$24,900,000 of U.S. gold that year.

In Taiwan, Nationalist China, a sawmill was built in the mountains with U.S. aid; then it was learned it would not saw the type of logs growing there.

## MRS BAIRD'S BREAD Stays Fresh Longer

Belt accounted for 83 percent of all cattle on feed, but in 1963 only 7.9 million head, or 67 percent of the fed cattle were from these states. The western states now report over five times as many cattle and calves on feed as they did 30 years ago.

Texas is not the least of the competitors for a part of this cattle feeding business. The state will feed three times as many cattle and calves in 1963 as it did in 1958. This means that more than 850 thousand head should be marketed from Texas feedlots this year.

The increased production of feed grain, a stronger demand for fed beef, and good supplies of feeder calves has stimulated cattle feeding in Texas says the county agent.

In 1958 Texas ranked as the 13th most important cattle feeding state in the U. S. while in 1963 the state was the 6th most important feeding state. This increase came mainly because of the added number of large feedlots. About 88 percent of the cattle and calves on feed were in these lots, which have capacities of 1,000 head or more. In 1958 there were only 63 such lots in the state and now 203 are operating.

Haws points out that last year Texas produced 463 million pounds of fed beef and consumed 329 million pounds making the state a surplus beef producer.

Weeds steal nutrients from right under the roots of our cultivated crops. For example, one ragweed plant in a corn field uses as much moisture

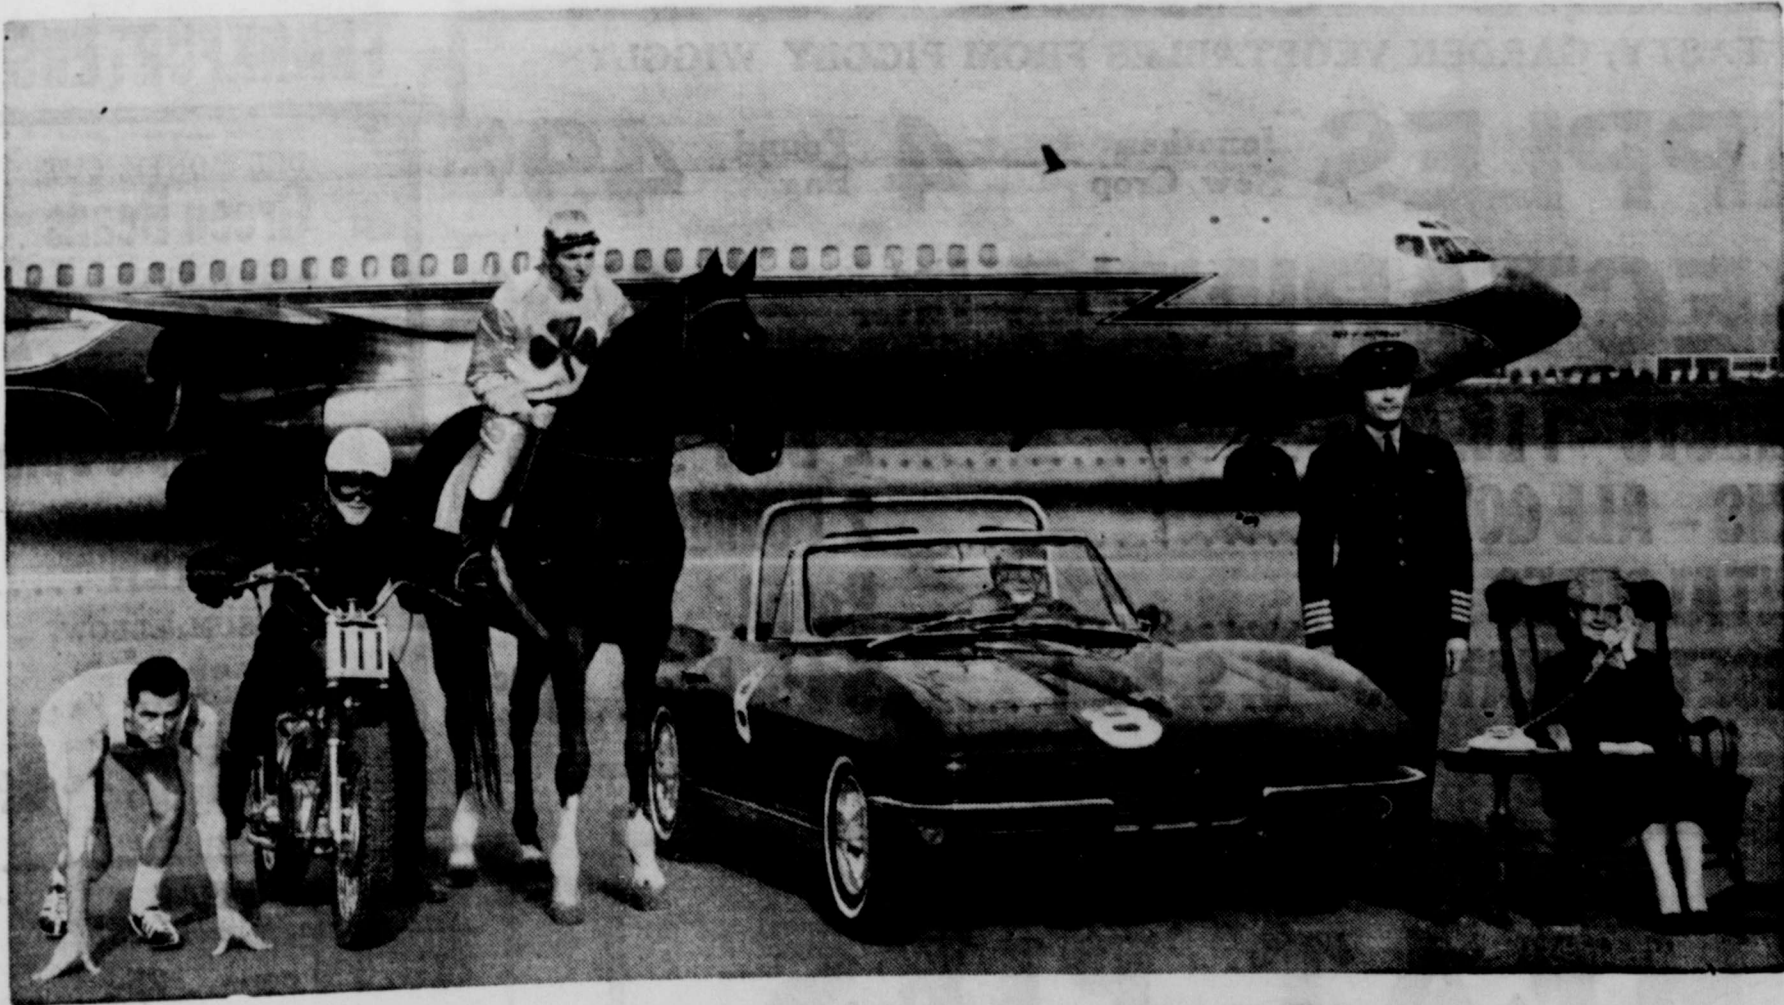

as three corn stalks, and a wild mustard weed will take as much nitrogen and phosphorus from the soil as two oat plants and as much water as four oat plants.

The number of screwworm infestations being detected in the Southwest has dropped to the lowest levels since spring, screwworm eradication officials have announced.

Texas livestock producers, who have been reporting an average of 100 infestations each week during the summer, detected only 13 cases during each of the past two weeks. New Mexico has also experienced a decrease.

At the same time that the native fly population has been declining, sterile fly production at the Mission "fly factory" is reaching new highs. More than 132 million flies were reared, sexually sterilized and distribu-

ted by airplane in the Southwest last week. Eradication officials expect to bring production up to an average of 135 million flies per week.

## SPEED MERCHANTS!

...The little lady will pass them all with her bedroom telephone...every time!

Across town or across the continent, there's no faster way to get from one place to another than by telephone. Just spin the dial and seconds later you're talking.

This almost "instant" communication is made possible by a continuous flow of service improvements.

Modern equipment automatically guides your call to its destination. If one voice pathway is busy, electronic

equipment routes your call another way — in fractions of a second.

These and many other improvements add up to greater speed, convenience and reliability. Our never-ending goal is to improve your telephone service and make it more valuable to you.

Making telephone service better to serve you better

## FAMED SCIENCE SHOW SCHEDULED AT JUNIOR HIGH SCHOOL SEPTEMBER 10th

**THE SUNMOBILE—WATCH IT GO!**—The amazing Sunmobile, a car that runs on sunshine, is shown in action in this time exposure. The button-like photovoltaic cells on the hood turn light energy into electrical energy to move the model car. A 300-watt lamp simulates the sun. The Sunmobile is one of the demonstrations in the General Motors science show Previews of Progress. The 40-minute, admission-free, stage show dramatizes the wonders of science before two million American students and adults each year.

Previews of Progress — General Motors world-famed science show — will be presented at the Burkburnett High School on Tuesday, September 10:00 at 10:00 a. m.

A non-commercial show, Previews has been seen by nearly 33-million students and adults in the United States, Canada and 22 foreign countries.

"We seek through Previews to inspire young men to make science and engineering their career and provide the trained talent America must have to keep pace with the promise of the future," John F. Gordon, president of General Motors, declares.

The latest version of the 45-minute stage presentation includes nine different sequences. Designed to show some of the many contributions of research and technology to modern living, the exciting demonstrations are narrated in non-technical language by a specially-trained two-man team.

A model car powered by sunlight, a roaring jet engine and an air bearing platform that slides across the floor on a thin layer of air, are just a few of the dramatic parts of the fast-moving show.

Seven Previews units take the program to all sections of the country. Audiences have ranged from groups of 100 to crowds of six thousand.

In the true tradition of show business, Previews has been staged under a variety of conditions. It has been presented on the platforms of stake trucks in rural areas and on the Starlight Roof of the Waldorf Astoria.

Previews of Progress has received wide acclaim from educators and civic and fraternal organizations for its success in awakening students and adults to the importance of science and engineering in America's technological progress.

### Serving Aboard USS Little Rock

David E. Hart, radioman third class, United States Navy, son of Mrs. Earl P. Hinnant of 508 West First Street, Burkburnett, is serving aboard the guided missile cruiser USS Little Rock, flagship of Commander Sixth Fleet in the Mediterranean, which recently visited the Spanish port of Barcelona.

As Spain's largest city, Barcelona has a population of 1,500,000. It is a city of narrow, winding streets in the old quarter and wide boulevards in its modern sector.

Little Rock crewmen at Barcelona had the opportunity to see a replica of Columbus' famous Santa Maria, go to bullfights and dine in European style in outdoor cafes.

Departing Barcelona early this month, the Little Rock headed for another Mediterranean port of call, Genoa, Italy.

An Atlantic Fleet unit normally operating out of Norfolk, Virginia, Little Rock is completing a regular tour of duty with the Sixth Fleet.

Mr. and Mrs. C. E. Heiserman of Decatur, Alabama, have returned home following a weeks visit here with their parents, Mr. and Mrs. Jim Turner of Burkburnett, and Mr. and Mrs. Ed Heiserman of Iowa Park.

### DEVOL NEWS

Mrs. C. O. Woodley, Reporter

Funeral services for Mrs. Rex Mullins, 22, were held Sunday afternoon at the Central Baptist Church in Burkburnett, Texas, with the pastor, Rev. Kenneth Bradshaw in charge.

Mrs. Mullins who was formerly Miss Patsy Adams, daughter of Mr. and Mrs. A. J. Adams of Devol lived here with her parents until her marriage January 10, 1958. They made their home in Burkburnett until a few months ago when they moved to Eureka Springs, Arkansas. She was returned to Wichita Falls for hospitalization quite recently and died there Friday, August 30. Survivors include her husband, two sons, Sidney Rex and Monty Ray, a daughter, Malinda Carol, her parents, Mr. and Mrs. A. J. Adams of Devol, four brothers, W. I. Adams, Randlett, and Dearl Adams, Wichita Falls; J. W. and Charles of Devol; a sister, Mrs. Retha Mullins of Checotah, Oklahoma.

Pallbearers were George Taylor, Edward Bates, Hay Hatcher, Glenn Solomon, John Magness, Harlan Mullins, C. E. Knight and Kenneth Wilkin-son.

Burial was in Burkburnett Cemetery.

Sgt. and Mrs. E. E. Stine and children left last week for Ogden, Utah following a visit here with her mother, Mrs. Avis Wood and other relatives. The Stine's returned home just recently from a three year stay in Haawii and will now be stationed in Utah for a time.

Mrs. Ethel McCasland returned home last week from a months visit with her daughter and family, Mr. and Mrs. David Mulhern and three children in New Jersey. While there Mrs. McCasland and the Mulherns spent several days in Washington, D. C. and visited many places of interest.

A baby daughter was born Saturday, August 31st to Mr. and Mrs. Charles Adams, weighing about seven pounds and named Carla June. Everyone reported doing nicely.

Mr. and Mrs. Carl Foster spent the Labor Day holiday in Lubbock, Texas, visiting her mother, Mrs. Maud Green and other relatives.

Harold Woodley of Tulsa spent the week end with his parents, Mr. and Mrs. C. O. Woodley. Gordon Woodley of Wichita Falls, was a visitor Saturday evening.

Mr. and Mrs. A. J. Mays and A. J. spent the week end boating and skiing at Lake Texhoma.

Mr. and Mrs. Wade Russey of Chandler, Arizona, visited Mr. and Mrs. O. L. Doty last Wednesday night.

Mr. and Mrs. F. G. Uthe drove to Portales, New Mexico Thursday to visit her sister and family, Mr. and Mrs. Joe Hinkle. They returned home Sunday.

Mr. and Mrs. Melvin Morrow, Mr. and Mrs. Doyal Morrow and Sammie Morrow all of Fort Worth visited Mr. and Mrs. Edd Morrow over the week end.

Terry Morrow has returned home after a weeks stay at

### Completes Music Course At Naval School of Music

Dennis L. Harsh, musician seaman, United States Navy, son of Mr. and Mrs. L. R. Harsh of 812 Chestnut Street, Burkburnett, completed August 19, the Basic Course in music at the U. S. Naval School of Music, Washington, D. C.

The nine-month course included work in harmony, ear training, sight singing, music survey, private instrumental performance and daily instruction in concert and dance band performance.

While in school, students regularly furnish music for programs, concerts, parades and dances sponsored by governmental departments and agencies in the Washington area.

Harsh is a graduate of Burkburnett High School.

Wayne Teal and son David of Houston visited his parents, Mr. and Mrs. Will Teal, here over the week end.

Cameron College where he tried out for football.

Mr. and Mrs. Jimmie Bryan and children of Wichita Falls; Mr. and Mrs. Jim Spillers of Jacksboro; Mr. and Mrs. C. L. Wells and sons, Mrs. Jeweldine Weaver and Joella of Edmond; Mr. and Mrs. Charles Moran of Holister were Monday guests of Mr. and Mrs. Guy Hutson.

### Naval Reserve Offers High School Program

Commander K. P. Snyder, USN, commanding officer of the Naval Reserve Training Center in Wichita Falls announces that applications are currently being accepted from qualified high school men 17 years of age and above for enlistment in the Naval Reserve. Applicants will be required to meet prescribed mental and physical standards for enlistment.

Men found qualified will form a high school platoon from each high school within the present Naval Reserve Surface Division 8-105 (M). This division is commanded by Commander James R. Killebrew, USNR, a local architect. Judge Temple Driver, LCDR, USNR is the exec. officer. The remainder of the division officers are from the local area. Lt. William L. Russell, USNR, pastor of St. Stephens Episcopal Church is chaplain for the Naval Reserve. These officers with the assistance of veteran Naval Reserve and active duty Petty Officers insure that the young reservists receive the best in professional, physical and moral training at the local Naval Reserve Center.

Professional training offered includes basic military, seaman, ship, radioman, mechanical and electronics. This training is conducted on a competitive basis and is evaluated frequently by invited local civilians, and members of the Wichita Falls Navy League Council.

Reservists are required to attend 48 drills a year plus two weeks summer training duty with the regular navy. High school reservists will not be ordered to training duty while they are performing satisfactorily during regular scheduled school semesters. Further, high school reservists will not be ordered to full active duty while they are performing satisfactorily in school until four months after their graduation. Provisions for deferment of the full active duty requirement for entry in college are available to applicants meeting certain criteria. Applicants deferred in this way would complete their active duty obligation at a later date.

Opportunities offered reser-

vists are continued advancement, increased pay, and special summer schools in electronics, engineering or basic military training. These schools are held in the Navy's Technical Training School commands in San Diego, California or Great Lakes (Chicago), Illinois. Reservists receive one days pay for each drill attended and full basic pay including meals and travel expenses for all training performed away from home. Uniforms are issued free upon enlistment.

Drills are conducted weekly at the Naval Reserve Training Center, 1823 Fifth Street, Wichita Falls on Tuesday evenings 7:15 p. m. to 10:15 p. m. Further information may be obtained at the Training Center or by calling 723-9494.

Mr. and Mrs. Ray Dawson and children of Fort Worth visited with Mr. and Mrs. Will Teal at their cabin on Lake Kemp last week. Mrs. Dawson is Mrs. Teal's niece.

Mr. and Mrs. Ken Williams and children of Cocoa Beach, Florida, visited in the home of Mrs. N. H. Harris over the Labor Day holidays. Mrs. Williams is Mrs. Harris' granddaughter and will be remembered as the former Kay Harris.

Miss Sandra Teal of Houston is visiting her grandparents, Mr. and Mrs. Will Teal, here this week.

As Summer Vacations draw to a close, and thoughts turn to the ways and needs for returning to school, give some thought to locating a church near your college or university.

Attend services regularly, worship the Lord in His house. Give a good accounting of your worship life, as well as your studies.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

©Coleman Adv. Ser., P. O. Box 20067, Dallas 20, Texas

THE GREATEST CONTRIBUTION YOU CAN MAKE TO YOUR COUNTRY'S FUTURE IS TO BUY U. S. SAVINGS BONDS!

Looking for ways to beat the heat?

Here are some things you can do around the house to make it more comfortable during hot summer days. Thelma Wirges, county home demonstration agent suggests:

Plant deciduous trees and shrubs along the west side of the house to shade it from the hot rays of the sun. Keep plantings slightly away from the house so they don't shut off the breeze.

Install metal or canvas awnings. They'll reduce by 70 to 75 percent the heat coming through windows. Awnings with open sides are more effective than those with closed sides; light-colored awnings are better than dark ones.

Louver or bar screens will reduce the heat 90 percent thru south windows not otherwise shaded. They are 55 to 75 percent effective for east and west

windows.

If your house is still in the planning stage, see that there's an overhang or extension on the south wall.

Select a light-colored roof. Use light-colored shades, draperies, and blinds.

You can, of course, solve the whole problem by installing a central air conditioning unit.

A slide into first base just as the ball whizzes overhead, a riotous game of lawn tag, or even a quiet picnic on the grass. These things are lots of fun for youngsters — but often not for Mom. Not if she has grass stains to remove after the fun is over.

Prompt treatment and the right method are the answer to this problem, says Thelma Wirges.

Here's what she suggests you do to remove a stain from grass, flowers, or foliage.

Work from the wrong side of the fabric, forcing the stain out instead of in.

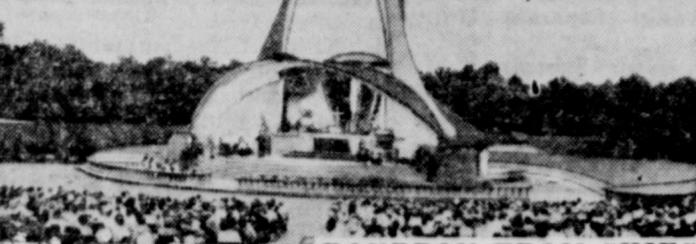

On washable fabrics, work a detergent into the stain, then rinse. If the stain is stubborn and remains after this treatment, use a chlorine or sodium perborate bleach or hydrogen peroxide. Do not use chlorine bleaches on fabrics that contain silk, wool, or spandex fibers. Read the labels on wash and wear fabrics to see if it is safe to use a chlorine bleach.

Treat grass stains on non-washable fabrics the same, but try alcohol first — if it is safe for the fabric. Use one part alcohol to two parts water for stains on an acetate fabric.

Remember these rules to avoid heat sickness. Avoid over-exertion, particularly in the early part of the heat wave; avoid too much exposure to direct sunrays or extreme indoor

## People, Spots In The News

**OUTDOOR NOVENA**—Twelfth annual outdoor novena at Belleville, Ill. attracts 4,000 at Our Lady of the Snows church.

**BOURBON FROM SKIES** came to Baltimore as mayor of Frankfort, Ky. sent casks of Old Echo Spring, marking sale of 4-millionth bottle in Maryland.

**RADIANT** Marite Ozer of Chicago beams upon being named "Miss Illinois" at Miami Beach.

**AQUA-NUTS** — One of 40 nonsense water-going vehicles in Bermuda's annual Non-Mariners Race was this dragon-fly-like critter oared by members of a "zoological expedition." Entries can't look like boats.

We have commented before on the strange impulse that prompts reasonably honest people to steal linen, silverware, ash trays, and towels from hotels and clubs. Now we are told that one large apartment hotel discontinued a small aviary in its lobby because the canaries regularly disappeared.

Poets Shelley and Keats, and the composer Chopin had tuberculosis and for a time, popular opinion viewed the disease as an accomplishment if not an origin of genius.

Q.

What makes home study easier?

A.

Plenty of good light!

Homework is hard work for young eyes. Plenty of good light is needed for reading small type, seeing details in maps and charts and performing other close visual tasks. For easier seeing at the study table, a good table lamp with at least a 150 watt bulb or equivalent is recommended. The lamp should be tall enough to spread light evenly over the work surface and properly shaded to conceal the light source from the eyes. A diffusing bowl (or a bulb with its own built-in diffuser) is recommended to soften the light and prevent glare. Check your children's study light now. Make sure they have proper light for easy seeing when they do their homework.

**NOTICE**

The family of the late W. D. Day will hold a family reunion Sunday, September 8th at the Burkburnett Town Hall, 11:00 a. m. to 4:00 p. m. Dinner will be served at the noon hour.  
 All old settlers and friends of the Day family are cordially invited to attend.

**GENERATES STRENGTH!**

As it applies to wood, "seasoning" is a drying process whose primary purpose is to stabilize the size of lumber. It also increases the wood strength. Under grading standards for Southern Pine, bonus stress ratings are recognized for lumber seasoned to moisture content of 15 per cent, or lower.

**FOR RESULTS ADVERTISE**

**ORDINANCE NO. 268**  
 An Ordinance declaring the existence of weeds, rubbish and all other objectionable, unsightly or unsanitary matter of whatever nature upon any lot or parcel of real estate in the City of Burkburnett a nuisance; providing for notice of owners of such property that if said owners refuse to abate such nuisance within ten (10) days after date of notice that the City of Burkburnett shall abate such nuisance and shall levy the reasonable cost of such work against said owners; and finally providing that said levy to become a lien on said property superior to all other except tax liens and liens for street improvements, said lien bearing interest at the rate of ten (10%) per annum.  
 BE IT ORDAINED BY THE BOARD OF COMMISSIONERS OF THE CITY OF BURKBURNETT:

**SECTION I**

**DEFINITIONS.** The words "lot or parcel of real estate," as herein used, shall be held to include, in addition to those grounds within their respective boundaries all lots or parcels of ground lying and being adjacent thereto and extending beyond the property line of any such lot or parcel of real estate to the curb line of adjacent streets where a curb line has been established and fourteen (14) feet beyond the property line where no curb line has been established and also to the center of adjacent alleys. The word "weeds," as herein

**EATING BEFORE SWIMMING**

**Q. Is it harmful to go swimming shortly after eating?**  
**A.** It probably isn't wise, although studies conducted by various interested groups show that competent swimmers experience no difficulty even when they enter the water within thirty minutes after eating. Whether this would apply to the average person isn't known. In any event, unless a person is a trained athlete, it would be wise to follow general practices in this regard.

**ENURESIS**

**Q. I have an 8-year-old grandson who wets the bed. The doctor says he is in good health. What can we do to help?**  
**A.** Having eliminated physical causes of enuresis (bed-wetting), help may come from suggestion. Try to dispel possible worry the child may have about expressing aggressive feelings. Sometimes enuresis is a sign of uncertainty in the child—that his "plumbing" is not quite right. Most cases can be helped through adult understanding and encouragement, although some cases are admittedly very difficult to correct. Enuresis which appears in a child after an operation is likely to be an especially difficult problem.

**We maintain full stocks of prescription drugs . . . have the professional skill to dispense them promptly . . . and the reputation to do so at reasonable prices.**

used, shall include all rank and uncutivated vegetable growth or matter which has grown to more than nine inches in height, or which, regardless of height, is liable to become an unwholesome or a decaying mass or breeding places for mosquitoes or vermin.

The word "brush," as herein used, shall include all trees or shrubbery under (7) feet in height which are not cultivated or cared for by persons owning or controlling the premises.

The word "rubbish" shall include all refuse, tin cans, old vessels of all sorts, useless articles, discarded clothing and textiles of all sorts, and in general all litter and other things usually included within the meaning of the term.  
 The words "any and all other objectionable, unsightly or unsanitary matter of whatever nature" shall include all uncutivated vegetable growth, objects and matter not included within the meaning of the other terms, as herein used, or any other matter or thing which is liable to produce or tend to produce an unhealthy, unwholesome or unsanitary condition.

**SECTION II**

Whenever and wherever weeds, rubbish or any other objectionable, unsightly and unsanitary matter of whatever nature shall exist, covering or partly covering the surface of any lot or parcel of real estate within the city or from any other cause shall be in such condition as to be liable to cause disease or produce, harbor or spread disease germs of any nature, or tend to render the surrounding atmosphere unhealthy, unwholesome, or objectionable, such condition is hereby declared to constitute a public nuisance, the prompt abatement of which shall be a public necessity.

**SECTION III**

Whenever the existence of any such nuisance, as herein defined, on any lot or parcel of real estate situated in the City shall come to the knowledge of the City Health Officer, or the Wichita County Health Unit, or the City Manager, it shall be his duty and he shall cause a written notice identifying such property to be issued forthwith to the person owning or having possession or control of same requiring the abatement of such nuisance by grubbing and removing such weeds, brush, rubbish or other objectionable, unsightly or unsanitary matter of whatever nature, as the case may be. Such notice shall also state that in default of abatement by him within ten (10) days from the date of said notice, the City may cause the same to be done and pay therefor and charge the cost and expense incurred in having such work done for

**SECTION VI**

The enumerations of the ordinance and the remedy for the same as set out in ordinance, shall not be effective, but cumulative.
