## Christmas Shopping Awards Begin Saturday High School Homecoming Scheduled Friday

### Burkburnett Bulldogs To Host Mineral Wells In Homecoming

By D. W. Underwood

The battle scarred Burkburnett Bulldogs see action on the field again this Friday when they meet the once again Mineral Wells Mountaineers in Morgan Stadium at 7 p. m. A victory would indeed be sweet, for it is the Bulldogs' Homecoming and a crowd is expected.

A thorn in the Bulldogs' side all season, could be a major part in the outcome of this game. The backfield is suffering greatly from injuries. Top fullback, Henry Herring, is still favoring a bad ankle and defensive linebacker, Jack Cornelius, suffered an ankle injury Friday night, as did sophomore fullback, Tony Bolivar. Several of the offensive linemen have been suffering from leg trouble. Offensive tackle, Eldon Wulbrecht, is bothered with that trouble again.

The Weatherford Kangaroos, who just outran and outplayed the Bulldogs. The crisp defense could not generate a spark, and the defense was again lacking something in this particular night.

The Mountaineers, or Rams, are often called, have a better in field general, John Waldrup. His handwork is the bright spot of their offense, along with fast back Tony Bolivar. Their victory comes over Breckinridge, but they have turned some sound performances this season.

Or, all of the Bulldogs' might, or might not, Friday, depending upon condition. However, one can be assured of seeing some exciting football, a trade-off of the Bulldogs, even in their efforts.

Homecoming should spark interest in the boys, and determination will carry them. I'll be Burk — by one point.

### Open House At Telephone Co. Nov. 18th-19th

Everyone is invited to visit the telephone building at 317 E. 4th Street for a behind-the-scenes view of Burkburnett's telephone system, C. A. Deuschle, manager for Southwestern Bell Telephone Company, announced today.

The two-day open house will begin Monday, November 18th, and will continue through Tuesday, November 19th. Visiting hours both days will be from 1:00 to 4:00 p. m. and from 6:00 to 8:30 p. m.

One of the principal attractions will be the new dial switching equipment.

Special exhibits to be brought to Burkburnett for the open house include a "hear your voice" display, which enables visitors to hear exactly how they sound over the telephone; a dial demonstration board; a special transistor exhibit; and a model of Telstar, the communication satellite that brought live television from Europe.

Because of its educational and entertainment value, the entire family will enjoy the open house.

The open house is in celebration of the new addition to the telephone building here.

Local telephone men and women will serve as guides, hostesses, and narrators.

"Burkburnett telephone people are planning to welcome large numbers of their fellow townsmen," Deuschle said, "and provisions are being made to accommodate everyone who comes."

### Boy Scout Fund Drive Set For November 18th

The Annual Boy Scout Finance Campaign for the year of 1963-1964 will begin November 18 with an EARLY BIRD BREAKFAST for all workers. Jerry Thomas of the First National Bank is General Chairman for the drive.

The first training meeting was held in the board room of the First National Bank Monday night. Thomas stated that the duties of the majors for the drive would be to get five captains who would recruit five workers and follow-up with their team of captains and workers.

The majors are: L. J. Byars, C. J. Lippard, Neal Tullis, Lloyd Bloodworth, James Spinks, Merwin Turner, Bryan Farris, Cliff Wampler, Mrs. Paula Smith, Mrs. Laclata Story, and Ken Blankenship.

A meeting has been set for Tuesday, November 12 for the majors and captains. "At this meeting the workers names should be turned into the general chairman," Thomas said.

The scouting program is serving some 230 boys in three Boy Scout Troops and two Cub Packs at the present time.

Said the chairman of a certain society at its annual meeting: "In most kindred associations half the committee does all the work, whilst the other half does nothing. I am pleased to place on record that in the society over which I have the honor to preside it is just the reverse."

## VOTE

### SPECIAL ELECTION SATURDAY, NOVEMBER 9th

#### FOUR AMENDMENTS TO THE STATE CONSTITUTION

Voters in Burkburnett are urged to vote on 4 amendments to the State Constitution Saturday, November 9th. The amendment drawing the most interest is Number One on the ballot, as follows:

FOR the amendment of the Constitution of the State of Texas so as to repeal the provision making payment of the poll tax a requirement for voting and so as to authorize the Legislature to provide for the registration of all voters.

AGAINST the amendment of the Constitution of the State of Texas so as to repeal the provision making payment of the poll tax a requirement for voting and so as to authorize the Legislature to provide for the registration of all voters.

**County Democratic Chairman Favors Repeal**

In a telephone conversation with W. T. "Dub" Zimmerman Tuesday, Mr. Zimmerman stated he was in favor of the repeal of the poll tax requirement. Texas is one of the few states which requires the purchase of a poll tax to qualify for voting.

### WHAT'S THE GOOD WORD? SEE YOU AT HOMECOMING

Final preparations are being completed for the 1963 Burkburnett High School Homecoming to be held this Friday and Saturday, November 8 and 9.

F. T. Felty, Jr., President of the Ex-Student Association announces that a large number of reservations have been returned and an expected crowd of several hundred are anticipated to be in Burkburnett this week end to take part in the many Homecoming Activities.

The 1963 Homecoming will officially get underway at 2:30 p. m. Friday, November 8 with a Parade in downtown Burkburnett. Bands, class and organizational floats, and queen candidates from the high school will highlight the parade.

Registration for all Ex-Students will begin Friday in the High School Cafetorium from 5:00-7:30 p. m.

Game time is scheduled for 8:00 p. m. in Morgan Stadium when the Burkburnett "Bulldogs" will play host to the Mineral Wells "Mountaineers." Halftime ceremonies will see the 1963 Homecoming Queen crowned and presentation of the class floats. The candidates for this year's honor are Nancy Sandburg, Senior; Jerry Lanig, Junior; Ginette Hines, Sophomore; and Jan Robertson, Freshman.

Following the game, the Student Council of Burkburnett High School will sponsor a reception for all ex-students in the new Cafetorium. Alumni may register, pickup tickets, and view the new high school. Also view a Homecoming Dance for the public, sponsored by the Senior Center from 10:30-1:00 a. m. The dance will feature "Rick and the Keens." Admission will be \$7.50 a couple or \$1.00 stag.

Saturday afternoon activities will provide Ex-Students with Class Reunions from 2:00 to 5:00 p. m. in the various homes as listed below:

1—Classes Prior to 1929 — Mrs. H. C. Preston, Sr., Charlotte Road.

2—1929-1934 — Mrs. Harold Van Loh, 311 East Sixth Street.

3—1938-1939-1940 — Mrs. Al-

### Chief of Veterinarians at S.A.F.B. Featured Speaker at C-C Luncheon

Main speaker at the Monday noon Chamber of Commerce luncheon was Major James H. McNamara, Chief of Veterinarians at Sheppard Air Force Base.

President Bill Donnell was in charge of the meeting. He introduced Buddy Byars, new manager of the Chamber of Commerce, who expressed his delight at being back in Burkburnett. He also listed some work plans for the Chamber of Commerce and pledged his best efforts to cooperating with all phases of the work.

Major McNamara was introduced by Col. W. M. Hendrix, Director of Personnel at Sheppard AFB.

Many were surprised to learn that only 3 per cent of the veterinarians in the United States are actively engaged in doctoring animals, as people usually think of veterinarian. The other 97 per cent are food inspectors, or working in research laboratories seeking better ways to control and eradicate animal diseases which are transmissible to humans. The talk was enlightening and appreciated by all who attended the meeting.

Between six and seven million pounds of food must be inspected at Sheppard AFB each month. That is the job of the veterinarians.

### 26 Attend Royal Ambassador Rally From Cen. Baptist

DALLAS — Twenty-six boys and their sponsors from Central Baptist Church, Burkburnett attended the Regional Texas Baptist Royal Ambassador Rally at Hardin-Simmons University on November 2nd, at Abilene.

After touring the University campus, the boys heard a message on "Reaching Out In Missions" by James Short, missionary to Mexico.

Another program feature was a "Swap Shop" where the boys swapped such items as stamps, rocks, butterfly collections, model airplanes, and horned toads. The program also included a Royal Ambassador Fair where the boys viewed at several stations demonstrations, exhibits, etc. on Royal Ambassador work.

During the evening, the group attended the football game between Hardin-Simmons University and McMurray College.

The meeting is one of six rallies which are expected to attract around 8,000 persons throughout the state, said Robert Chapman, State RA Director.

"The whole idea is to get Royal Ambassadors to attend a Rally in which they will become enthusiastic about their program, learn about missions and the RA program of work," Chapman said.

The Royal Ambassador program enlists more than 34,000 Royal Ambassadors in Texas. They participate in programs of study, fellowship and recreation designed to help mold Christian character.

### Elected Treasurer At NTS University

Karon Kaye Burton of Burkburnett has been elected treasurer of the Independent Student's Organization at North Texas State University at Denton.

Daughter of Mr. and Mrs. E. Bruce Burton, 115 Smith, Miss Burton is a member of Alpha Lambda Delta, national honor society for women, and the Junior Mary Arden Club, women's literary organization. She is a 1962 graduate of Burkburnett High School.

### Burk Students Share Halloween Candy

Students in the Burkburnett schools gave 650 pounds of candy to the State Hospital. Shown with Mrs. Beulah Ann Johnson of the State Hospital are Bobby Busby, Charles Fletcher, and Richard Schroeder of the Future Farmers of America. The FFA members helped collect and deliver the many boxes of candy.

Mrs. Melvin Peters and Mrs. Floyd Marten, with the help of the school principals and teachers, organized and carried out the project.

Miss Johnson expressed appreciation on behalf of the patients to each student who shared his Halloween candy with them.

### LIONS CLUB

The regular Tuesday evening meeting of the Burkburnett Lions Club, President Silk introduced the Deputy Governor of Lions in this area, Tommy of Electra. Mr. Clark of the Burkburnett Club being one of the finest in the district.

Don Jerry McClure, who was in charge of the night's program, presented a very entertaining and informative film concerning trick rifle shooting. A superb sharpshooter picture in the film was Herb who exhibited his everything from shoot to upside-down shoot. The theme of the movie "Teach your boy to hunt, you won't have to hunt your boy."

## Cut It Out - Not Down

The most searing indictment of our foreign aid program—"after going through ten different administrators, five major reorganizations and more than 100 billion tax dollars"—comes, logically enough, from the man who probably knows it best.

In his article, "Let's Stop Sending US Dollars to Aid Our Enemies," in the August Reader's Digest, Author Charles Stevenson quotes the summing-up of Chairman Otto E. Passman of the House Appropriations Committee after 1,000 hours of official hearings:

"The trouble is," says Rep. Passman, "that too much of our foreign aid has deteriorated into a subsidy of Communist takeover. And the spenders are so power-hungry, they so withhold the truth from the public, they are so beyond the normal controls of Congress, that there seems no way to confine assistance to helping people help themselves unless we kill the entire operation and start over."

But, as Mr. Stevenson says, in spite of the mountains of evidence that our "aid" largesse has done us more harm than good, President Kennedy is insisting that Congress provide \$4.5 billion more for another year, and Secretary of State Rusk charges that anyone who tries to cut down this request is playing the Communist game.

And yet the record, as revealed by Chairman Harry F. Byrd of the Senate Finance Committee, shows the administrators have not been able, since 1958, to spend the aid money they have been given, and had, in fact amassed the staggering sum of \$21,273,000,000 as of last June in unexpended balance. This, the Senator pointed out, would keep the aid spenders busy for years without another cent from Congress.

## Appalling

The director of Economic Research for the Chamber of Commerce of the United States finds Congress' method of considering taxes and spending "appalling." Taxes are considered without any regard to spending, he says, and spending without regard to taxes.

## WASHINGTON AND "SMALL BUSINESS"

By C. WILSON HARDER

Not too many years ago there was set up in government a new department with full cabinet rank known as "Department of Health, Education & Welfare." In a comparatively short space of time, this department has become a "catch-all" for a large share of the "weirdies" and fantastic ideas.

Before the advent of this department, when ever some bureaucrat, or employee of a bureau got too far out into left field in his thinking, there was always considered the possibility of transferring him over to the National Labor Relations Board. Now, the Department of Health, Education & Welfare is able to absorb many.

The big trouble is not that can be done without money.

Rep. H. R. Gross of Iowa the other day made a statement which indicates how costly these things can become to the taxpayer. The Public Health Service, which as an independent agency performed valuable public service, was put under control of this department.

The Congressman pointed out that in 1946 the Public Health Service received less than 1 million dollars for research. Now, reports Rep. Gross, the \$1 million has grown to \$400 million. Department of Health, Education and Welfare press agents trumpet this money is spent "only for research of highest merit."

© National Federation of Independent Business

For example, a professor in the exclusive girls "daisy chain league" college of Bryn Mawr has been given \$48,702 for research on "learning in fish."

Undoubtedly, word got to somebody that fish are found in schools, so immediately there developed an insatiable desire to find out what fish learn in their schools, what curriculum is followed, and study prepares the level of for entrance to Bryn Mawr, and perhaps the boy fish for Harvard. Perhaps it will be found fish schools are segregated.

Then some university professor in Peru tapped the till for \$359,672 for a study on the process of aging at sea level and at high altitudes. Presumably after this more than a third of a million dollars of American taxpayer's money is spent, startling results will be announced. They will probably find many women, either in a svelte swim suit on the beach, or wearing stretch pants on mountain ski slopes, strive to look at least ten years younger than their actual age.

Then there is the case of the \$1,448 given to a University of Arizona professor for an "investigation of information contained in echoes!"

Possibly something good could come of this project. Perhaps the professor will be able to explain why the continual message sent to Washington "the people want government to spend less," always seems to echo back from Washington saying "the people want government to spend more."

affairs in this fashion would find itself in the bankruptcy courts in short order. Government—because, in effect, it possesses a lien on all our earnings and assets—can just keep the process going longer.

This authority recommended that Senate and House each set up a committee to coordinate tax and spending bills. He also recommends consolidation of appropriations bills with the President having the power of the item veto—the President could then turn thumbs down on specific items in a bill without killing the whole measure. As matters stand now, a President must sign a bill, even though it contains spending provisions he is convinced are wrong, because if he doesn't, essential appropriations will be blocked.

If "tax reform" is still on the agenda, there could be no better place to start.

## GRASS ROOTS OPINION

DULUTH, MINN., PUBLICITY: 'If the Government listens to the Chamber of Commerce of Kingfisher, Okla., it can save \$110,000. That body voted to ask Uncle Sam not to build a half-block long post office in their town, and to use the money saved to whittle down the national debt a bit.'

### New Old-Fashioned Baked Beans

Out of Idaho's bean bags and your scrap bag comes Beanie the Clown with a partner or three. Fun to make while dinner's Pot-o-Beans slow-bakes unattended, sending its tantalizing fragrance all over the house. These Baked Beans have something which cannot be bought—the flavor of Home!

The bean "recipe" is traditional except for the use of Idaho-grown large white Great Northern variety of dried beans. Sometime, break with tradition and use instead Idaho's dappled Pinto beans, a flavor treat indeed.

#### Old-Time Pot-O-Beans

2 pounds (4 and 2/3 cups) Idaho Great Northern Beans, washed and soaked  
 2 medium onions, chopped (1 cup)  
 2 teaspoons dry mustard  
 2/4 pound salt pork  
 2 teaspoons salt  
 1/2 cup brown sugar  
 1 cup molasses

Wash beans; add 3 quarts water. Bring to boiling point rapidly. Boil 2 minutes only. Add 1/2 teaspoon soda. Cover; let stand 1 hour. Or soak overnight in measured amount of cold water and the soda. Either method—bring to boiling point in the soaking water. Add 2 tablespoons salad oil or butter to cut down foam. Reduce heat, cover and simmer until beans are tender but firm, about 1 hour. Using a slotted spoon, place beans in cooking pot in alternate layers with chopped onions and the salt pork cut in 1/2-inch slices. Pour over the beans, adding enough boiling water so that beans are covered. Put on the tight-fitting lid or foil and lid. Bake in a 250 degree F. (slow) oven for 8 hours, adding some boiling water if beans are not quite covered. Just before serving, remove lid; raise oven heat to brown surface. Makes 12 hearty servings.

Yours for the asking: If you would like a pattern for the Clown Bean Bag, send a post card to Idaho Bean Commission, 212 Continental Life Building, Boise, Idaho.

#### HOW TO WASH A WOODEN BOWL

Never soak a wooden salad bowl. Just rinse it—first, in warm, sudsy water, then in clear water. Wipe it dry with clean paper towels. Keep it in a cool, dry place. This will protect the finish and keep the wood from cracking or warping.

### Can your range keep meals serving-hot for 4 hours without over-cooking?

With the new gas Cook 'n' Keep oven control you can go shopping and still be a guest at your own party without a last minute rush. Just set the time and temperature oven controls as your recipe requires. Dinner will cook automatically to perfection. When it's done the way you want it, Cook 'n' Keep oven turns itself down to exactly the right temperature for serving. An hour later — or two, three or four — food's still moist, tender and serving hot! No over-cooking. No drying out. Because of this new automatic oven control and the many other gas cooking conveniences, you'll want to trade in your old range. Now's the time — the new ones are on sale at Gas Appliance Dealers and Lone Star Gas.

**THE HARVEST**

"While the earth remaineth, seedtime and harvest, and cold and heat, and summer and winter, and day and night shall not cease."  
Genesis 8:22

The harvest each year should remind us of God's great promise to man. This promise was made right after the great flood, from which only Noah and his Ark survived. Just prior to the flood, all men lived so evilly that it grieved the Lord that he had made man of the earth.

Today the churches stand as a bulwark against evil. Attend church regularly so that never again would man grieve the Lord as before

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

**W. Babson Weekly Report**

W. BABSON

Discusses Our... money — that is, the money they have confidence in — and tend to pass on the bad money. The term "bad money" refers to money which is less valuable than the so-called "good" money.

**"Clipping" The Coin**  
The remarkable validity of this law is demonstrated in the extremely interesting example of what happened to England's money in the period from 1663 to 1700. Prior to that time, English coins were of the hammered variety, without milled edges. This made it easy for the edges of these coins to be often ground off. Thus, in time, most of the coins became less valuable.

Around 1663 new full-weight coins were minted, with milled or inscribed edges. These coins began disappearing into hoards. By 1690 this had reached a critical point. Then a group, including Sir Isaac Newton (who was then warden of the mint) convinced the government that it should call in the defaced coins. They were melted down, and reminted at full weight with milled edges and outline inscriptions. Then the "good" money came out of hiding!

**The American Experience**  
Here in the United States, we too experienced the painful workings of Gresham's Law during the Revolutionary War period, in 1797, 1818, and from 1837 to 1842. At the time of the discovery of gold in California the workings of Gresham's Law was also evident when the increase of gold was so rapid that its value declined to the point where silver

was driven out of circulation and hoarded. Then came the experience with the Civil War greenbacks in March of 1862. These products of the printing press were not backed by either gold or silver reserves. Hence, people took to hoarding gold and silver coins.

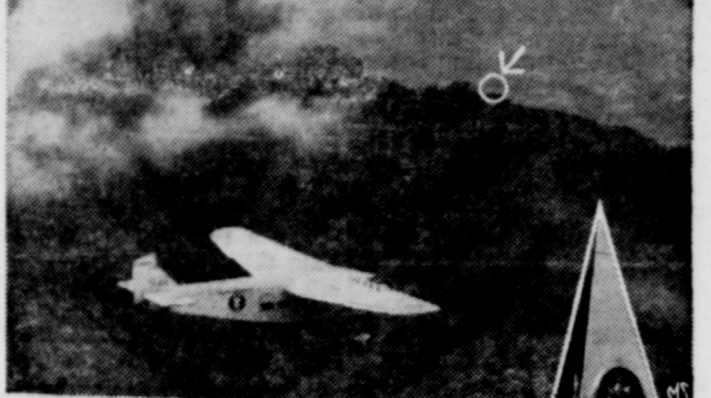

**Other Crises**  
In 1890, the Silver Purchase Act caused gold to flow out of this country. This precipitated a rush to hoard money, culminating in a crisis in the New York money market in 1892 when the cashing of checks to obtain gold for export reached serious proportions. Due to this reduction of gold in the federal treasury, the nation's gold reserve fell too low and we had a depression which lasted for about five years.

Another example was the great crash of the 1929-33 period, when people distrusted bank deposits and began hoarding cash, and later shifted to hoarding gold. This so depleted the gold reserves of our banking system that the ensuing bank crisis resulted in the moratorium, when nearly every bank in the United States closed for about two weeks.

**Gresham's Law A Threat Again Today?**  
Gresham's Law has been neither repealed nor nullified in view of our much-publicized loss of gold, the growing shortage of coins, and the impending replacement of the Silver Certificates (the remaining currency bearing a full reserve of the metal), there is again the

real danger of "bad" money driving out the "good" money. If we do suffer any adverse effects from Gresham's Law this time, the trouble is likely to stem from overextension of CREDIT. This huge structure of debt which we have built is becoming harder and harder to handle. Unless managed properly, it could cause untold hardship to the economy. The

**AIRLINE SALUTES PIONEER PILOTS**

A Ford Tri-Motor in the colors of American Airways, for which it flew nearly 35 years ago, pays a flying tribute to the memorial in honor of pioneer airmen of U. S. commercial aviation. The memorial (at right) is located at Guadalupe Pass, near El Paso, Tex.

EL PASO, Tex.—Most famous of the nation's pioneer airliners, a 35-year old Ford Tri-Motor, paid a flying tribute recently past a memorial to pioneer pilots located near here. The memorial was placed five years ago atop Guadalupe Peak, highest point in Texas, by American Airlines. Guadalupe and companion peaks, notably El Capitan, represented a formidable challenge to the early airmen who flew the mails in the late 20s and early 30s for American's predecessor companies. The salute by the Ford came exactly five years to the day after the six ft. pyramidal monument was dedicated (September 29). The Ford used for the salute appropriately was one which actually flew for American's immediate predecessor, American Airways. It was restored by the company for eventual presentation to the Smithsonian Institution's new National Air Museum. Meanwhile, it has been making a number of airport visits and was purposely routed through El Paso to pay the tribute.

The Tri-Motor then went on to Renton, Wash., where it took part in the rollout from the Boeing Company plant of American's first 727 Astrojet. The 727 is the first three-engined airliner built in the U. S. since the 30s.

**Shopping Scene**

By Dorothy Owens Wright  
Some interesting USDA figures have been called to our attention by the Tas-T-Nut Company of Baltimore. They show that nuts of all varieties, plus dried beans and peas, are the most economical sources of iron, protein and niacin. They also rank high as dollar-conscious supplies of thiamine, calcium and riboflavin.

Here's a tip that may save you some money on that seasonal favorite the turkey. Few people realize that recent breeding techniques have made toms equal in tenderness to hens. The price differential was valid at one time but there's no reason for it today, other than the law of supply and demand.

Onions may soon lose their reputation as tear-makers. They're starting to follow the path blazed by potatoes toward increased sales in processed forms — fresh frozen, especially. One of the pioneers in this field, Southland Frozen Foods of New York, reports being exceptionally pleased with sales of polyethylene-bagged diced onions.

What can you make for Christmas-season bazaar items? The National Cotton Council (Box 12286, Memphis, Tennessee) offers a free booklet of sewing ideas to groups or individuals, entitled "Cotton Bag Sewing Ideas" featuring inexpensive toy and apparel items.

And while we're talking about Christmas ideas, we recently received from one of the manufacturers a box of metal-coated saran icicles. Out of curiosity we dug out the old kind we used last year and were amazed at how much brighter the icicles in this new box are. And the makers claim they won't tarnish with age.

CATHYE ROSS-LUCKEY WRIGHT MARRIED SATURDAY, OCT. 12

The First Baptist Church of Burkburnett was the scene of a candle lighted wedding Saturday night uniting Miss Cathye E. Ross and Luckey Wright. Rev. Lamoin Champ, pastor of First Baptist Church, officiated at the double-ring ceremony before an archway entwined with greenery enhanced by white gladioli and wedding bells.

Tall candelabras with white lighted tapers stood on each side of the altar.

The bride is the daughter of Mr. and Mrs. Doyle Ross of this city. The bridegroom is the son of Mr. and Mrs. Lewis Wright of Kamay, Texas.

Mrs. Delmar England, organist, furnished the traditional wedding music and accompanied Mrs. Kyle Bearden, vocalist.

Given in marriage by her father, the bride wore a traditional gown of white lace over satin with a figurine bodice, scalloped neckline and long tapered sleeves which fell into petal points at the wrists. The semi-bell skirt swept into a wide chapel train. A princess crown of seed pearls held her bouffant veil. For something borrowed, the bride carried a white lace covered Bible belonging to her cousin, Mrs. Lafayette Darter, who also carried it at her wedding. It was topped with white mums and an orchid with streamers tied in lovers knots.

Her Maid of Honor, Miss Paula Roberts, wore a waltz length gown of pale yellow organza. Doyla Ross, sister of the bride, was flower girl and was dressed identical to that

of the maid of honor. Steve Carrick was best man. Luke Groves was the ring bearer.

The candle lighters were Cliff McDonnell and Mark Groves. Ushers were Billy Johnson and Larry McDonnell.

The mother of the bride chose a two-piece silk windsor blue dress with white accessories. Mrs. Wright, mother of the groom wore a brown linen sheath dress with harmonizing accessories.

A reception following the ceremony was held in the Fellowship Hall of the church. The reception table was covered with a white lace cloth over yellow satin. The three tiered wedding cake was the focal point.

Those assisting with the serving were Misses Judy Caver of Fort Worth, Dianne Ross, Mesdames Lois Johnson, C. E. McDonnell and Ann Groves.

Mrs. Juanita McDonnell presided at the guest book.

Other members of the house party were: Mrs. Gene Kindred, Dennis, Tereas and Debbie of Duncan, Oklahoma; Mr. and Mrs. Morris Johnson, Ladonna, and Billie of Walters, Oklahoma; Mrs. Gene Groves, Luke, Jon, Mark, Marsha and Jeanie of Gainesville, Texas; Mr. and Mrs. C. E. McDonnell of Wichita Falls; Mrs. Conway Caver and Judy of Fort Worth, Texas and Mrs. E. C. Martin of this city.

After a short wedding trip the couple will make their home in Wichita Falls, Texas.

Lutheran Women Met, November 5th

The Grace Lutheran Missionary Society met for the monthly meeting in the Parish Hall, November 5th. After the opening hymn, a Thanksgiving Poem was read by President Mrs. D. M. Roark. Fourteen members answered roll call.

Mrs. Omer Liefer, Christian Growth Chairman gave an interesting talk on the past Spiritual Life Mission Services.

Officers for 1964 are President, Mrs. D. M. Roark; Vice President, Mrs. Leon Dickey; Secretary, Mrs. Oscar Freiling, and Treasurer, Mrs. M. A. Mills.

Pastor Otten gave the program, "Always Abounding In the Work of the Lord Through Synod."

Mrs. Philip Otten, hostess, served refreshments to Mesdames, Melden Adamson, Charles Brown, J. H. Enderli, Oscar Freiling, Omer Liefer, H. A. Mills, M. A. Mills, Troy Mills, Virgil Mills, D. M. Roark, George Unger and Leo Zweigacker.

The meeting closed with the Lord's Prayer in unison. Our December hostess will be Mrs. H. A. Mills.

### WHO'S TOO OLD?

My sister and I are 54 and 56, never married. I would like to study bookkeeping and be an accountant. She has been associated with motels, etc. and would like to learn the profession of this actual operation and business management. One question — are we too old?

Spinsters, Omaha, Neb.  
Nobody's ever too old to go into special interests! Saturday, a week ago I hugely enjoyed talking with a sprightly lady who always loved music, wanted to compose operettas never got beyond humming melodies in her mind. She now studies piano and harmony, practices vigorously every day. Her hours of pleasure and satisfaction are supreme! Consequently she's exciting and thrilling to be with. She started this music learning five years ago. This week she will celebrate her

I am manager of a retirement

hotel. One guest is a former surgeon. He's paralyzed from the waist down. But his hands are mobile, strong and beautiful. How can I motivate him into doing something, except rust away with depression and despair? I am so concerned. I am a retired minister. Our hotel is non-denominational. You probably know us. Please do not use any real names. Can you help?

Clergyman, New York State  
So sorry we did not meet the day I visited your hotel! Within 25 miles of you a new geriatrics center has opened. In an immediate letter today I am sending you the name and address. Your guest is in reality a patient in need of professional ministering — to benefit by physiotherapy and all the vivid rehabilitation techniques. Please get him there!

## Coconut Pie! Smoothly Superb!

Discovered South of the border! This richly thick, deliciously spicy, coconut pie was brought back across the border in recipe form . . . and now everyone can enjoy it. It's excellent fare served with whipped cream, your favorite whipped topping, or a scoop of vanilla ice cream.

This is a pie to serve often—as a delectable, fairly hearty dessert after a soup and salad meal . . . as a "different" accompaniment for steaming cups of hot coffee . . . or as an exciting substitute for a birthday cake.

- |                                   |   |
|-----------------------------------|---|
| 1-1/3 cups (about) flaked coconut | 1 teaspoon ground cinnamon                                    |
| 1 unbaked 9-inch pie shell        | 1 teaspoon ground nutmeg                                      |
| 3 tablespoons butter              | 1 teaspoon vanilla  |
| 1/2 cup granulated sugar          | 1 teaspoon rum extract  |
| 3 eggs, beaten                    | Whipped cream, prepared dessert topping, or vanilla ice cream |
| 1 cup dark corn syrup             | Flaked coconut (optional)                                     |
| 1/8 teaspoon salt                 |   |

Sprinkle coconut in bottom of unbaked pie shell. Cream together butter and sugar. Add eggs and beat well. Add remaining ingredients and blend well; then pour over coconut in pie shell. Bake in moderate oven (350°F.) 45 minutes. Serve with "crescents" of whipped cream, sprinkled with additional flaked coconut. Makes 6 to 8 servings.

### A Bass Jigging Trick

When bumping the bottom for winter bass, there is no better bait than the popular plastic worm and jig, especially if the worm is blue. However, if you wrap a tin-foil strip about an inch wide

around the worm, nearest the hook, your luck probably will double. Flashing of the foil attracts the reluctant lunger lurking nearby.

### SQUEAK!

"So you and your neighbor are not on speaking terms?"  
"No. My neighbor sent me a can of oil to use on my lawn mower when I started to cut the grass at six in the morning."

"And what did you do?"  
"I sent it back and told him to use it on his wife when she started singing at eleven at night."

A guide showing an old lady through the Zoo, took her to a cage occupied by a kangaroo. "Here, madam," he said, "we have a native of Australia."  
"Good gracious," she replied, "and to think my sister married one of them."

# NEW CHEVELLE!

BY CHEVROLET

The kind of handling ease you'd expect in a smaller car. Come on down and drive it.

The kind of comfort you'd expect in a large interior. Come on down and sit in it.

Only a car that looks as good as this could come between Chevrolet and Chevy II. Come on down and stare at it.

New Chevelle Malibu Sport Coupe

## Now—Chevy spirit in a new kind of car!

We built this one to do more than just stand around looking beautiful. Held its weight down in the 3,000-pound range. Then built four lusty engines—two sixes and two V8's—with output all the way up to 220 horses\*! And if that makes you think this is one frisky car, you've got the right idea.

You've also got a roomy car here. Yet its 115-inch wheelbase keeps it highly maneuverable in traffic and very easy to park.

With its Full Coil suspension, it's got a ride that reminds you of the Jet-smooth kind the

way it muffles noise and cushions bumps. And the fine hand of Body by Fisher craftsmen shows up beneath this one's suave good looks, too.

Sound good? There's more. Like the fact that Chevelle comes in three series with eleven models—convertibles, sport coupes, sedans, wagons, even Super Sport models with front bucket seats. Like the fact that (and see if this isn't one of the nicest surprises of all) the new Chevelle comes at an easy-to-take price!

Like to hear more? The listening's wonderful at your Chevrolet dealer's—and so's the driving.

\*Optional at extra cost

### WALKING AND BLOOD PRESSURE

**Q. I have high blood pressure. I walk to get from work. Is walking bad for the blood pressure?**  
**A.** Walking brings into play many adjusting mechanisms, especially with regard to the blood vessels. The effect of walking at a moderate pace on existing high blood pressure was probably be slight. However, strenuous exercise might override the adjustment mechanism and cause harm. It is well to keep in mind that mild exercise is generally a stimulant to circulation and basic body functions.

### PICTURE-TAKING IN NURSERIES

**Q. Some hospitals allow pictures to be taken of very young babies. Wouldn't the light from the flash bulb harm the infant's eyes?**  
**A.** It is unlikely that the eyes of an infant can be harmed by the intensity of light from an ordinary flash bulb. The effect of light on eyes is the product of intensity multiplied time. Thus, the eye can be injured by exposure to intense light such as that of atomic explosion, or by longer exposure to intense light such as might be encountered viewing an eclipse thru "smoked" glass. Neither of these conditions are met with in flash photography.

### Den 2—Pack 156

On October 19, 1963, we had a special Den Meeting in City Park. Our meeting was part of Scout Open House held all afternoon.  
Gordon McCluskey opened the Den Meeting with the flag ceremony and Pledge of Allegiance. We made neckerchief slides out of leather that were shaped like arrowheads. We got a little wet when a sudden shower came up during our Den Meeting, but we had fun anyway. For our closing, we had the Living Circle and the Cub Scout Promise followed by our den yell.  
A candy treat was furnished by Gordon McCluskey and served to Roy Boswell, Donald Vitale, Ronnie Gann, Den Chief Eddie Gann and our Den Mother, Mrs. Florence Gann.  
After the Den Meeting, we raced our cars in the Pinewood Derby. Ronnie Gann was the fourth place winner in the Derby.
