NUMBER 24

Gash to Lead Nazarene Revival

WAYNE T. GASH

Wayne T. Gash, pastor of the First Church of the Nazarene in Abilene, Texas, will be the evangelist in revival services to be conducted in the church of the Nazarene beginning on Tuesday night, Feb. 23, 1964. Rev. Mr. Gash will be assisted here by his wife who will assist with the music singing. Gash is a successful pastor having had a very successful ministry in Abilene the past several years with substantial growth in attendance and membership in the church. Services will be conducted at each evening continuing on Sunday, February 23rd, with special singing a feature of each service. The public is cordially invited to attend. The Rev. I. Bohannon is pastor of the local church.

CARE

Long lasting wear of fine men knives, wash, rinse, and them immediately after use. Soak knives, advises Ekco Products Company, as this will the cutting edges.

Deadline For City Commission Is Friday, March 6th

It was announced this week that Mrs. Philip A. Carpenter, Mrs. Frye and Jack Alexander have filed for re-election in the positions they now hold in the Burk Burnett City Commission. Their terms expire on March 7, 1964. The City Election has been scheduled for Tuesday, April 14, 1964. Deadline for filing for nomination on the City Commission is Friday, March 6, 1964.

Political Announcements

Political announcements, in advance, will be accepted to run in this column at the following rates: Office \$10.00 City Office \$15.00 District and State \$20.00 This charge also covers short informal announcements, and the formal announcement, not to exceed one column, at any date the advertiser desires.

Judge 78th Dist. Court: EMPLER SHELL

State Senate: JACK HIGHTOWER

Assessor and Collector Taxes, Wichita County: BILL CARNES

County Attorney: LYNN PURTLE

Congress, 13th District: GRAHAM PURCELL

Sheriff Wichita Co.: ELDON BAILEY

Carl Barnhill New Agent For Co. Farm Bureau

Wichita County Farm Bureau will be working with Carl Barnhill as Service Agent in the future.

Barnhill is a native of Coryell County. He was an outstanding FFA member and was awarded a scholarship to A&M College. Upon his graduation from A&M he was hired as assistant county agent for Young County. After one and one-half years in that capacity he became a special agent for Young County Farm Bureau.

His wife, Jonnie, is a graduate of T.W.U. and is a home economics major. They attend the Church of Christ.

Free Voter Registration Continues

Registration of voters who want to qualify for free votes in federal elections will continue through March 7. County tax collectors are issuing the free receipts which may be obtained by direct personal or mail application.

Holders of the free registrations cannot vote in state or local races, in constitutional amendment or bond elections only for president, vice president, U. S. senator, U. S. representative and congressman-at-large.

State attorneys emphasize, however, that the free registration receipts are good for primary elections, the November general election and any special election involving federal offices during the coming year. In other words, those who have them can vote in their party primary for senator, congressman and congress-at-large or in any special election for those offices, as well as the general election.

Governor John Connally proclaims February 15-22 FFA Week in Texas. Shown are Governor John Connally, Benny Mays, State FFA President from Sulphur Springs, Texas and Clemon Montgomery, Executive Secretary, Texas Association, FFA.

Cub Scouts Of Pack 156 Held Annual Blue And Gold Banquet

Pictured above is Mr. Bill Davis, District Scout Executive of the Chisholm Trail District, presenting Mr. Robert Darland, Cubmaster of Pack 156 with a Banner for going above the quota and requirements.

The Cub Scouts of Pack 156 held their Annual Blue and Gold Banquet at the new High School Cafeteria at 7:00 p. m. Friday night.

Cub Scouts everywhere are celebrating their 54th anniversary.

The tables were decorated with a blue and gold cake with a candle on it, which was lighted after singing "Happy Birthday to them."

John Mark Strayhorn and Jimmie Creel entertained the group with several songs. Then a game of Bingo was played by signatories secured instead of numbers. Then, the group sang several songs with the Cubs.

Guests of honor at the banquet were, Mr. and Mrs. Bill Davis, District Scout Executive of the Chisholm Trail District; Mr. Frederick Cronner, Scoutmaster of Pack 155; Mr. Tom Evans, Committeeman of Troop 155; Mr. Reavis Wooten, Assistant District Commissioner of Chisholm Trail Pack.

Mr. Davis presented Pack 156, with a banner, for acquiring achievements and requirements above our quotas.

Mr. Wallace Payne presented awards to the following scouts, Mike Robertson, Bear Badge, 1 Gold Arrow, 2 Silver Arrows.

Robert Darland, Jr., Bear Badge.

Leslie Hill, Lion Badge, 2 Gold Arrows, 1 Silver Arrow, 1 Year Pin.

George Lindsey, Lion Badge. Steve Sutherland, Lion Badge, Silver Arrow.

Griff Klinkerman, Wolf Badge. Dan Polly, Wolf Badge. Bill Poole, 1 Gold Arrow. Gary Dillbeck, Bobcat Badge. Vern Smith, 1 Gold Arrow, 1 Silver Arrow. Jerry Williams, Bobcat Badge.

1 Gold Arrow, 1 Silver Arrow. Mitch Maddox, 1 Year Pin, 1 Silver Arrow.

Gordon McCluskey, Denner Strip. Royce Avery, Denner Stripe.

Dan Vitalie, Assistant Denner Stripe. Eddy Green, Assistant Denner Stripe.

Mrs. Carl Sutherland, 1 Year Pin. Den 4 won the "Cubby" a wooden Cub Scout for having the highest percentage of parents present.

Mr. Don Holtz represented Wolfe Ford Company, sponsors of Pack 156.

Mr. Robert Darland is Cub Master of Pack 156.

We wish to thank everyone who had a part in making the banquet the success it was.

SCOUT ROUND TABLE TO BE HELD IN HENRIETTA

A Scout Round Table will be held March 10 at the American Legion Hall, Henrietta, Texas, at 7:00 p. m. All Scouts and parents are invited to attend this Round Table.

Sharon Ann Boyle Projects Chairman MU Phi Epsilon

Sharon Ann Boyle of Burk Burnett has been elected projects chairman of Mu Phi Epsilon, national professional music sorority at North Texas State University at Denton, Texas.

The daughter of Mr. and Mrs. Nelson E. Boyle, 700 Meadow Drive, Miss Boyle is a senior music education major at NTSU and is a 1961 graduate of Burk Burnett High School.

LIONS CLUB

The Lions Club last Tuesday night was called to order by President Roy L. Silkwood after a very delicious meal. Lion Ira Schroeder presented his program, "Wichita Falls Police Pistol Expert Team."

Police officers Derrell Wills and Doug Powell are members of the Wichita Falls Police Department's Pistol Expert Team. They are, as the title indicates, experts in the use of firearms. They perform in sharpshooting exhibitions wherever they are invited.

This is only one phase of a program being conducted by the Wichita Falls Police Department's Community Relations Committee in an effort to strengthen the bonds of friendship and trust between police and community.

The sharpshooting exhibition consists of shooting which demonstrates the various positions in which a police officer can shoot his service revolver if the need should arise. Special equipment makes it possible to shoot indoors. The targets to be shot at are placed in front of a "Bullet Trap." The trap is shaped like a funnel and constructed of reinforced steel. It catches the bullets after they hit the targets. The bullet trap has been thoroughly tested for strength and found to be completely safe.

The guns used by Powell and Wills include a .22 caliber automatic and a .38 caliber police special revolver. In the demonstration they shoot the .22 automatic seven times. Three shots are fired in the conventional manner, two shots laying the pistol on its side, and two shots holding the gun upside down. The .38 revolver is fired eight times. Target includes two pieces of chalk, two burning candles, two suckers which are shot from over the shoulder while looking in a mirror, splitting a regulation playing card edgewise, and hitting a swinging target and a still target simultaneously.

When questioned about how they got to be such good shots, officers Powell and Wills explained that not everyone can become expert marksmen because of the requirements of good eyesight, a steady hand, and the necessity of putting in long, deafening hours of practice.

The program was well received by all present. Lion President Hamilton from Vernon and four other Lions from the Vernon Friday Noon Club made their enter club visit also.

The program chairman for next week is Lion Lonnie Taylor.

FLOOR BEAUTY TIP

Schedule beauty treatments for your hardwood floors as conscientiously as you do for your complexion. Clean them with cleaning wax three or four times a year, advises the Home Care Laboratories of the E. L. Bruce Company, leading maker of hardwood floors. In between treatments, dry dust the floor with a mop. For a quick beauty "touch-up," re wax traffic areas, like hallways and doorways.

Ringling Of Doorbells Monday Night, February 24 To Start Burk Burnett Heart Fund Drive

BY BETTY BOYD
Star-News Feature Writer

Purcell Explains His Stand On Civil Rights Bill

WASHINGTON, D. C. — The Omnibus Civil Rights Bill was passed by the House of Representatives Monday by a vote of 290-130. The vote ended nine days of House debate on the controversial bill.

Congressman Graham Purcell of Wichita Falls voted against the bill. In a statement following the vote, Purcell said, "The bill dealt with many areas in which action is needed. However, there were provisions of the bill which I felt went entirely too far to be acceptable. Therefore, I voted against the bill. It is my hope that Americans will act voluntarily to eliminate the inequities that exist. A fine example is the action of businessmen in Wichita Falls who integrated their businesses on their own. I hope others will follow their example."

Purcell continued, "I am very glad that the House adopted my amendment to the Civil Rights Bill before it was passed. I think it is important that church related schools be allowed to consider the religion of prospective employees if they so desire." Purcell's amendment to the bill was adopted late Saturday by a voice vote following over two hours debate.

NOTICE

There will be a meeting of the Band Parents' Club on Monday, February 24th at 7:30 p. m. at the Junior High Band Hall. All parents who are interested in their band students should attend this meeting.

Monday night, February 24, ringing doorbells will signal the start of the 1964 Heart Fund Drive of Burk Burnett. It is hoped that \$1,500 will be donated at that time toward the \$2,000.00 goal set for this year. The money is used for research for new methods of combating all conditions and diseases of the heart.

Mr. Albert Dillard of First Savings and Loan Association, chairman of the Heart Committee and Mrs. Lonnie Dolan, co-chairman hope that all residents will open wide their doors and hearts.

"IT CAN'T HAPPEN TO ME"

"Mrs. Dolan, be grateful this is 1963 instead of 1953," are the words Mr. and Mrs. Lonnie Dolan of 1002 Shady Lane will never forget. They were spoken by a doctor at the Children's Medical Center in Dallas last year when Connie Marie Dolan, seven, was there for examination of a heart condition.

Connie's mother had promised her swimming lessons, but upon discovery of the heart problem, the promise could not be kept at that time.

The little girl underwent surgery June 17, 1963 to correct a defective heart vessel. Six weeks later, Connie went swimming and is now able to join in all children's activities without worry of over-exertion.

Heart Fund contributions made it possible for Connie to receive the most up-to-date medical care.

"IT CAN HAPPEN TO YOU"

TROOP 155 TO HOLD COURT OF HONOR

Attention all scouts of Troop 155. There will be a Court of Honor February 27 in the Fellowship Hall of the Methodist Church. All scouts and their parents are urged to attend. Refreshments will be served.

CITY DUMP GROUNDS WILL BE CLOSED ON SUNDAYS

Grade A Milk Sold In Burk Burnett By Following Firms

Grade A Milk produced by the following firms may be purchased in Burk Burnett:

- PRESTON
- CARNATION
- DAIRYLAND
- FAIRMONT
- BORDENS
- OAK FARM

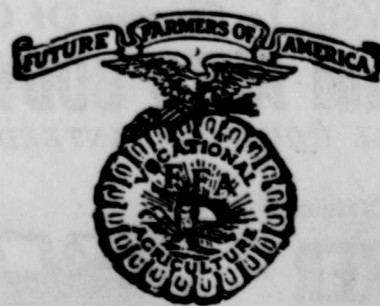

According to Virgil Aaron, local garbage contractor, the dump grounds east of the city will only be open Monday thru Saturday from 8:00 a. m. to 5:30 p. m., effective immediately.

Many citizens dump their trash any place on the grounds on Sunday when an attendant isn't on duty, thereby causing increased expenses to the contractor.

Your co-operation in observing the new ruling at the dump grounds will be appreciated.

Deserved Recognition

Future Farmers of America will be honored during the week of February 15 to 22nd, and so it should be. Preparing young people for a lifetime career in modern agriculture is a matter of top importance. On their shoulders will rest much of the

responsibility of bringing forth the miracles of production that the future will require from America's farmland.

Throughout the United States, farm boys between the ages of 14 and 21 belonging to FFA benefit from a coordinated program of high school instruction in vocational agriculture combined with guided activities which give practical business and farming experience. FFA organizations have become focal points working for improved agriculture, betterment of local communities, more satisfying farm home life, and more efficient farmer citizens. They deserve our heartiest congratulations for a job well done.

It's "OUR TOWN", TOO

The familiar description of our National Capital as "the city that belongs to every state" measures up in more aspects than the strictly legalistic.

Washington is the city with the payroll we all have to meet, the city that everyone (most everyone, anyway) visits—either to soak up history and tradition or to give out with information and advice. Hence, in a very large sense, Washington traffic is everybody's traffic. And most recent visitors will agree with Miles L. Colean, distinguished economist and Chairman of the Joint Committee on Transportation for Metropolitan Washington, that its traffic congestion is already "intolerable."

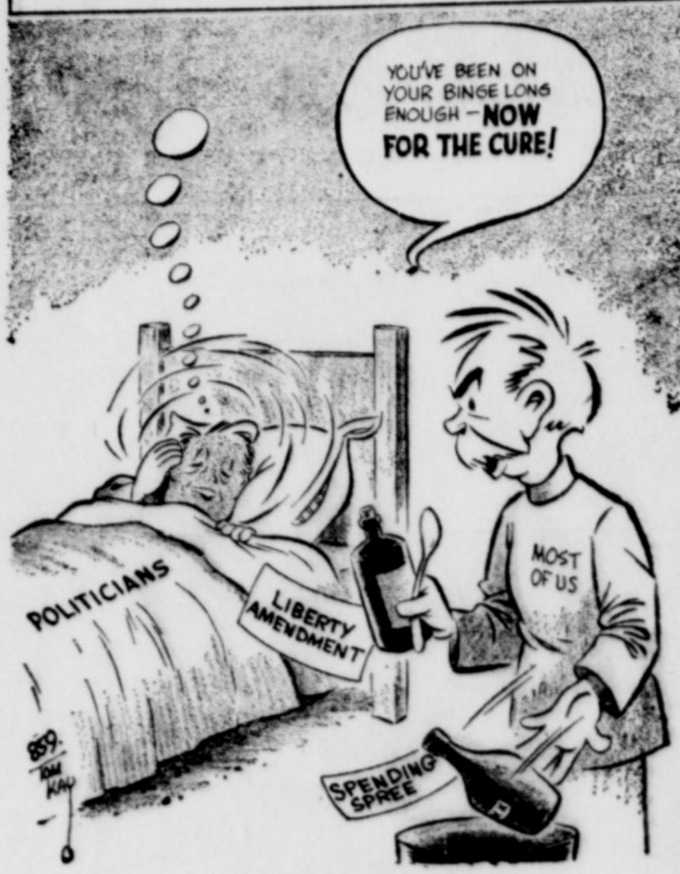

Looking ahead, Mr. Colean sees a population of 3,450,000 for the metropolitan area by 1980, when the 750,000 automobiles driven by the present population of less than 2.2 million will have expanded to 1,725,000 motor vehicles. And that does not include the thousands more brought in daily by visitors.

The year 1980 may seem a comfortable distance off. But, in view of what must be done, if only to keep Federal Government functional, it looms like tomorrow. The painful need for balanced transportation requires no less than a combination of freeways and rapid rail transit with feeder bus service.

Congress, which by law controls the destiny of the National Capital, will respond, says Mr. Colean, if the entire community gives its support to the integrated plan of his Joint Committee which represents the Capital's major civic institutions: the Metropolitan Washington Board of Trade, the Federal City Council, the Washington Board of Realtors and National Capital Downtown Committee.

But, in view of the obvious interest of all of us in a Federal City in which our public servants may get to work on time and return home with something like reasonable wear and tear on their nervous systems and pocketbooks, we earnestly hope our own Congressmen and Senators will help Mr. Colean straighten out this particular "mess" in Washington.

IT'S UP TO YOU

By Howard E. Kershner, L.H.D.

OUR American freedom has been so successful that to avoid being swamped we have to exercise some control over those coming to our shores.

Conversely, communism has been so successful that walls, dogs, machineguns, no man's lands and barbed wire have to be used to prevent mass exit from slave land. In view of this sharp contrast, it is the more astonishing that so many people in our Federal government seem determined to erase the differences between the East and the West and to bring the economies and ideologies of these two vastly different segments of mankind down to a common denominator level.

To us it is unthinkable that we should strive to be more like Russia rather than to accentuate and increase the difference. People want to come here and they want to get away from Russia. That is the way it should be, only more so. If the socializers and equalizers have their way this will be changed and the attraction of America will cease to intrigue the people of the world.

For our part, we will have none of it and shall do our best to preserve the attractiveness of our country.

Our government has become quite adept in over-throwing governments that are friendly to us. Nearly fifteen years ago we threw out the Christian government of Chiang Kai-shek in China in favor of his Communist rivals. Later we threw our good friends, the Dutch, out of Indonesia and West New Guinea in order that the pro-Communist, Sukarno, might succeed them. We helped deliver our friend, Mihailovic of Yugoslavia to the assassin, Tito, in order that our Communist enemies might possess that country. We threw out our friend Batista to make way for our enemy, Communist Castro. We forced the pro-Western regime in Laos to take Communists into the government paving the way for the Communization of that country. We sided with Khrushchev's buddy, Lumumba and the Communist faction of the Congo against our Christian friend, Moise Tschombe of Katanga and fought two bloody wars to destroy Tschombe and enthrone the left-wing government in the Congo. There seems every reason to believe that we were in on the plotting which destroyed the Christian Diem regime in South Viet Nam.

Howard Kershner's Commentaries, Inc., New York 19, N. Y.

"Most folks who slap you on the back expect you to cough up something."

TAKE YOUR PROBLEMS TO CHURCH -- MILLIONS LEAVE THEM THERE

HIS TROUBLES WON'T GET HIM DOWN

Forgetting his incapacitation, he is happily determined to plan ahead. His spirit is not easily crushed. Life is always full of hope and excitement. The Lord and this young man's Christian friends have taught him to have such an outlook on life.

"But the fruit of the spirit is love, joy, peace, long-suffering, gentleness, goodness, faith." Galatians 5:22.

We invite you to attend the church of your choice regularly to worship, to be uplifted, encouraged, and blessed.

WISHBONE FLOWERS

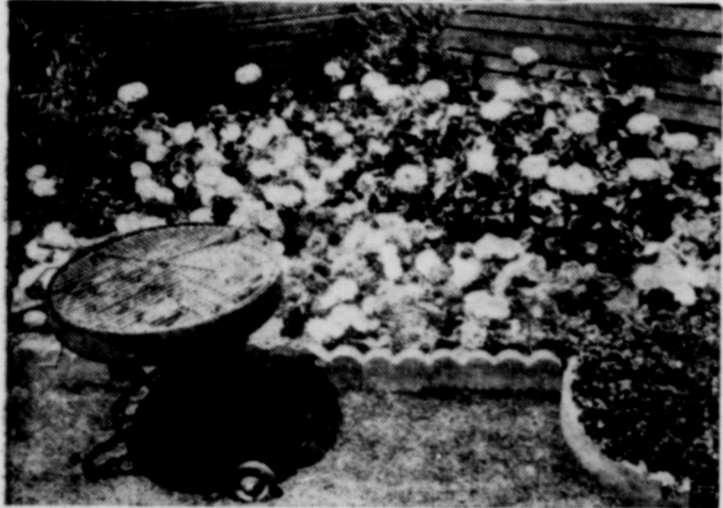

The little-known wishbone flower or torenia is a lovely little plant, extremely useful in semi-shade. The bronze-green leaves on the foot-high, bushy plants are pretty in themselves. But the blue flowers are the real attraction.

Actually the upper petals are sky blue while the lower ones, often called the "lips", are violet blue. These two shades contrast with the flower throats which are yellow.

Unless torenias are grown in pots from seeds and the plants later slipped out of the pots without disturbing the roots, it is best to sow seeds where plants are to grow. Seeds will sprout as soon as the soil is really warm.

Summer care includes ample watering, spraying the surrounding air when it is dry, fertilizing occasionally and picking off dead or dying flowers. Do not try to cut sprays of torenia as it does not last well in water and the plants look badly after parts have been cut off.

GOOD APPETITE

In the same way that a well arranged, attractive plate of food results in better appetite, so an attractive garden setting should result in more appreciative diners in summer.

Home economists claim that the appearance of food on a dinner plate has a great deal to do with how much a person eats of it and how good it tastes. A more attractive plate, with vegetables of contrasting color neatly arranged, results in a better appetite and a more satisfied diner.

The same principle should apply to the appearance of the immediate surroundings when a meal is served outdoors. In prettier and more colorful surroundings, a better appetite, and more satisfaction should result.

A little corner in a small backyard near the grill and the picnic table will not call for a great many flowers to make it bright and gay. Just a few packets of seeds ordered now and planted when planting time arrives in your area, will reward you with the proper setting for many a good meal, even though there's nothing fancy about the food that is served.

Army's Mobil Van To Exhibit at M U March 11-14

The U. S. Army's BLUEPRINTS FOR THE FUTURE exhibit, a mobile van displaying nothing older than today and as new as tomorrow, is scheduled to appear at Midwestern University, Wichita Falls, March 11-14, as a featured attraction of the Science Youth Fair.

BLUEPRINTS makes use of sound, light and technination to dramatically portray the importance of the Army's Research and Development Program — a program geared to the individual soldiers and to keeping him the best clothed, armed and equipped in the world.

A colorful graphic flow chart at the entrance of the van will outline the stages of research and development for visitors, tracing the "idea to item" process from a need on the battlefield to realization of the item which fills that need.

A live demonstration of a revolutionary new Army development in the control and application of light — the LASER (Light Amplification by Stimulated Emission of Radiation) — forms one highlight of the

display. During the demonstration, the LASER will emit a coherent visible beam of light piercing a sheet of metal.

Another section of the exhibit features a "build your own division" panel on the ROAD (Reorganization Objective Army Divisions) concept. By pushing selected "combat need" buttons on the panel, viewers can tailor fighting units to meet specific tactical requirements based on the enemy's capability, the weather and terrain.

Models, photographs, animations, technimated drawings, a diorama of new communications equipment, and a movie on air mobility cover other areas of the Army's vast research and development program. These range from the search for and development of super-strength paper uniforms and radar systems that can "see" the sound of a man walking almost a mile away, to missile-firing tanks and jet aircraft that takeoff like helicopters and fly like conventional planes.

The exhibit, featuring equipment, weapons systems and air-ground mobility vehicles just off the drawing boards—with some still in "idea" form — was produced by the Department of the Army's Office, Chief of Information, with technical assistance by the office, Chief of Research and Development, Department of the Army.

Following its appearance in Wichita Falls, March 11-14,

BLUEPRINTS FOR THE FUTURE will continue on a tour of cities and towns throughout the United States.

FORMS W-2

A special tax problem may face the taxpayer whose former employer has gone out of business. In some cases, the employer failed to give the employee a Form W-2 showing the wages paid and the tax withheld.

If this is your situation, Ellis Campbell, Jr., District Director of Internal Revenue, suggests the following:

First, try to get a W-2 from the employer. If you do not succeed, notify the Internal Revenue office. Finally, if the April 15th deadline is close, you should prepare your income tax return from the best information available and file it before the deadline. You should also attach a note explaining why the Form W-2 is not attached to the return.

If a taxpayer terminates his employment at any job during the year, the law requires that the employer furnish a Form W-2 within 30 days after the last payment of wages. Thus, if a person leaves a job permanently for any reason and does not receive a Form W-2 when he receives his last payment of wages, he should request the employer to furnish one.

WHAT IS FUTURE FARMERS OF AMERICA?

The Future Farmers of America is an organization of farm boys who are students of vocational agricultural in rural high schools throughout the nation. As a part of their course of study, vocational agriculture students are required to have a farming program under the supervision of their teacher.

Through study of vocational agriculture in high school, and participation in activities of the Future Farmers of America Organization, many farm boys are preparing themselves for promising careers in farming and rural leadership.

The future of our country depends on a constant flow of farm products that can be maintained only by educated, industrious farmers who use accepted scientific practices in the management of their agriculture business.

The Future Farmers of America will be better able to serve their county in the future by: "LEARNING TO DO, DOING TO LEARN, EARNING TO LIVE, LIVING TO SERVE."

February 16th through the

22nd is National Future Farmers of America Week. Ken Johnson, Reporter

ADD NEW DIMENSION

You can add a new dimension in home grace, speciousness design with aluminum glass doors. According to Architectural Aluminum Manufacturers Association, can be used in the dining room, bedrooms, bathroom — most any room opens onto a porch, patio or terrace. Aluminum glass doors offer all the stages of glamour to indoor door living in any climate.

POPULATION EXPLOSION

With thousands of people from the provinces added to the crowded city of Paris each year, more Parisians are making do with less living space and are adapting to the change through wallpaper. The Wallpaper Company reports that French paper manufacturers are featuring designs intended to give cramped interiors an illusion of depth, space and outdoor living.

Largest dinosaur known to fossil remains was a 130-foot brachiosaurus whose leg was recently found in Colorado.

AREA EDUCATORS TOUR AF ACADEMY FEBRUARY 8 and 9

Fifteen educators from the Wichita Falls area toured the Air Force Academy in Colorado Springs, Colorado. The tour which began Saturday and ended Sunday, was hosted by Major General Robert M. Stillman, commander of Sheppard Air Force Base.

Upon arrival at the academy, Brigadier General Robert W. Strong Jr., commandant of cadets, briefed the educators on cadet administration procedures and academy's curricula. Another briefing on military training, academic and athletic programs received by each cadet during his four years at the academy followed. This briefing was given by Lt. Colonel Floyd C. Ethridge, director, candidate advisory service.

The complete and comprehensive itinerary of the educators included practically every phase of cadet life, and walk-throughs of almost all facilities, Fairchild Hall, the academic building with its equipped classrooms, laboratories and main lecture halls, was of special interest to the visitors.

The educators witnessed the academy's noon meal formation in Mitchell Hall, and then joined the cadet commander for dinner. An inspection of the half-mile long cadet dormitory followed dinner.

The group then took in activities at the gymnasium where several athletic events were being held. They were the gymnastic competition between Air Force cadets and athletes of Brigham Young University and New Mexico Military Institute; wrestling pitting the cadet and Northeastern Junior College of Colorado Springs and a rifle and pistol meet between the air force cadets and West Pointers. The air force won the pistol event and the army, the rifle shoot.

Another interesting point of the tour was a visit to the planetarium where the group was given a demonstration of its functions and facilities. Saturday ended with a social

hour, a basketball game that the Air Force beat Regis College of Colorado Springs by one point in the last seven seconds.

The group consisted of Dr. Travis A. White, president of Midwestern University; C. Alan Siebenthal, student counselor, Wichita Falls High School; Dr. N. W. Quick, dean of instruction at Midwestern; G. H. Kirby, assistant superintendent, Wichita Falls public schools; Keith Swim, superintendent of schools, Iowa Park; Perry Goolsby, principal of Rider High School; A. D. Neal, principal of Hirschi High School and E. E. Cleaver of Wichita Falls.

Others included Roy L. Silkwood, principal, Burkburnett High School; M. C. Groenwold, counselor, Burkburnett High School; Faris Nowell, principal of W. F. George High School, Iowa Park; Ronald B. Services, guidance counselor, Rider High School; C. O. Beavers, counselor, Hirschi High School and I. C. Evans, superintendent of Burkburnett Schools.

Escorts included Lt. Colonel Raymond L. Seidel, Sheppard Air Force Base information officer.

Later on the group had brunch with the cadets before touring Falcon Stadium, the hospital, housing area for the academy faculty, the prep school for young hopeful airmen preparing for future enrollment in the academy.

Besides learning about the academy, the group enjoyed some reminiscences — Capt. Richard F. Able, formerly aide to General Stillman, took the educators on some tours; and the Texans visited with Donny Culpepper, third classman from Burkburnett and Robert Pastusek, fourth classman from Iowa Park.

Plagues of locusts periodically bring one-eighth of the world's population to the edge of starvation.

Mrs. Lucille Morrow was hostess Thursday, when the Devol Demonstration Club met in the home of Mrs. Willie Cozby for the regular meeting. Club opened at 2:00 p. m. with the hostess reading the devotional from Matt. 6:28-34. Roll call was answered with "My Favorite Scripture Verse or Expression."

were Sunday dinner guests of Mr. and Mrs. Junior Turner. Mr. and Mrs. Jim Eley were Fort Worth visitors over the week end. Mr. and Mrs. K. L. Smith visited her stepmother, Mrs. Jo Parton in Duncan, Tuesday night. Mrs. A. J. Adams received word Sunday evening of the death of her niece, Myrto Schroeder who was killed in a car-train wreck Sunday at Elgin. Mrs. Lavada Turner has returned home after a visit with her sister in Walters. Mr. and Mrs. Glen Waldrop and Mr. and Mrs. Fred Waldrop of Frederick visited their sister and brother-in-law, Mr. and Mrs. J. B. Stevens Sunday. Mr. and Mrs. Roy Gardner of Grandfield visited Mr. and Mrs. R. A. Odom Sunday.

After committee reports, a social hour was enjoyed when refreshments of cake, fruit salad and coffee with valentines and valentine candy as favors was served to Mesdames Ethel McCasland, Belle Charboneau, Verta Stevens, Grace Uthe, Dolly Hardin, Minnie Smith, Pearl Coker, Edna Wilkinson, Clara M. Woodley, Willie Cozby and the hostess. The next meeting will be February 27th with Dollie Hardin.

Marriage vows were recited in The Faith Village Church of Christ in Wichita Falls Friday evening for Kenneth Wilkinson and Miss Kathy Wood of Wichita Falls. The bride is the daughter of Mr. and Mrs. Hugh Wood of Bryson, Texas and the groom is the son of Mr. and Mrs. Virgil Wilkinson and received his education here in Devol schools. Mr. and Mrs. Wilkinson and Mrs. Gene Wilkinson of Walters attended the wedding. The young couple are both employed in Wichita Falls and are at home at 1501 Travis Street.

Those attending the Santa Rosa Telephone Company meeting in Vernon, Texas, Tuesday evening were Mr. and Mrs. Joe Champion, M. T. Crocker, Junior Coker, Mrs. Pearl Coker, Mrs. Dollie Hardin and Mrs. Ethel McCasland. Mrs. Pearl Cates visited her grandson, Mr. and Mrs. Jess Ward Tanner in Lawton last week to see her new great-grandson who was born to the Tanners' recently.

Lumber Production
According to unofficial industry estimates, the total 1963 production of Southern Pine lumber was nearly 6 billion board feet — an increase of about 2 percent over the previous year. The output included a large portion of "engineering" lumber — pre-shrunk and stress-rated for precision uses.

News from Nat'l. Rifle Association

MOST HUNTING ACCIDENTS CAN BE AVOIDED
The Hunter Casualty Report, prepared and distributed by the National Rifle Association in cooperation with forty states and seven Canadian provinces, is the only authoritative source of information on the causes and circumstances of hunting casualties. The records show that hunting accidents with firearms are due primarily to carelessness or ignorance of proper gun handling. It was on the basis of this finding that the NRA Hunter Safety Course was established in 1948 as a public service. To date, nearly two-million hunters have taken this course, and the total number of field accidents has declined, even though the number of hunters has greatly increased. The NRA is a non-profit membership organization recognized as the governing body for shooting in the U. S.

By Vern Sanford

I'll bet you didn't know that: Fish, like humans, get seasick if left to the mercy of the waves for an extended period.

The mullet is the only fish rich enough to fry in its own fat.

Frequently the words "frog" and "toad" are incorrectly used. In general, frogs have smooth skins and toads warty skins.

The mountain lion, largest cat in North America, is the only one that has a long tail and is unspotted when fully grown.

Gopher turtles of the South and West are exclusively terrestrial and never go near water.

Honey bees carry water as well as honey. Special carriers bring it to the hive, dole it out, seal it in cells, or even act as storage tanks themselves until the water is needed.

Just before the molting period, ducks and geese fly to bodies of water where they will be safe from land enemies. Reason is they molt their primary feathers all at once, and for a short period can not fly.

The House Sparrow, formerly known as English Sparrow, was introduced into New York City from England in 1852.

Some snakes have been known to live for one or two

By DICK WOLFF

It happened back in 1931. Sam Kelson kicked off his shoes on the beach at Bimini. Bimini is a little island near where Columbus landed and about 50 miles east of Miami's pastel palaces. Sam came to Bimini to rest, not fish. Fishing was something done from a boat in a lake and after bass. Sam had hoped to find fresh water on Bimini to try his luck. Despairing of this, he took his two-piece bamboo from its cloth case, attached a nickel silver-plated brass reel, tied on an embossed spinner trailing a feathered treble hook, and flung the lure out into the heaving brine.

Expecting nothing, Sam never even saw it happen. It must have shown on the surface as a large swirl. Anyway, Sam's line suddenly went taut, like when you hook into solid rock. This disturbed Sam — it being the first cast — and he gave a real solid tug. Well, it (Sam still is not sure what fish it was) leaped clear of the surf, cast one dirty look at Sam, and took off carrying with it 150 feet of the best braided casting line then sold.

At first, Sam looked around for someone to tell, and seeing no one, pushed his way slowly through the water to the beach. He sat down not realizing he was among the first to appreciate the world's hottest fishing spot.

Bimini is but one of the 700-odd islands of the Bahamas — the sportsmen's own 70,000-square-mile fish pond. There you can hook into 825 different varieties along the reefs and some 260 more in the open waters. Of 49 species listed by the International Game Fish Association, the Bahamas has produced 50 record holders in the various tackle sizes. Among them are barracuda, bonefish, bonito, blue marlin, and bluefin tuna.

A year-round pastime, fishing for one or two varieties is always good. Light tackle favorites like amberjack, grouper, snapper, and yellowtail are plentiful in the reefs embracing every Bahamas cay. The bays, passes, inlets, creeks, and beaches also offer consistent action to anglers.

About tackle for the Bahamas, deep sea gear is provided aboard charter boats. Bring at least one or two lighter outfits. A seven-foot, medium-action spinning rod like the Garcia Conolon 2032 is ideal. This two-piece tubular fiberglass rod works well with the new Mitchell 490 fast-retrieving spinning reel. Six- and eight-pound test Flatyl monofilament lines balance perfectly with this combination. For somewhat heavier, deeper water angling, take a bait-casting outfit. The Ambassador 8000 reel, with its uncanny automatic transmission and capacity of 200 yards of 30-pound monofilament line, will handle even big sailfish and tarpon.

To these outfits, add a handful of yellow-colored streamers, small spoons, and plugs.

The islands are 150 minutes from New York by air. From Miami there are regular ferries and air taxis. Accommodations are plentiful and reasonable. Life ashore is elegant and dignified; on the water it's tackle-straining and record-busting.

through their bodies.

The ant has two stomachs. One he uses for himself. In the other, he stores food which is to be shared with other ants in the nest.

Bears are near-sighted. But their keen senses of hearing and smell make up for this deficiency.

The purple finch is not at all purple. The male is of an old rose color while the female has the general sparrow-like appearance.

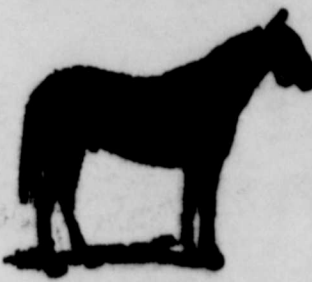

City Election Tues., April 7th In Town Hall

A City Election has been called by Mayor James E. Frye on Tuesday, April 7th, 1964 in the Town Hall to elect three Commissioners with Francis T. Felty, Judge and Mrs. Evelyn Felty and Mrs. Sylvia Lohoefer as Clerks. Absentee ballots can be cast in the City Tax Office with C. R. Chambers, City Secretary. Last filing date is March 6th, 1964.

The junior executive had been complaining of aches and pains to his wife. Neither one could account for his trouble. Arriving home from work one night, he informed her, "I finally discovered why I've been feeling so miserable. We got some ultra-modern office furniture two weeks ago and I just learned today that I've been sitting in the wastebasket."

Some tourists look at the scenery, others see it.

Burkburnett Horse Sale

February 21st

There will be a horse sale at the Burk Sale Barn Friday night, February 21. The sale starts at 7:00 P. M.

Bill White and his son Wilford are very enthusiastic about the sales held since the first of the year. Many horses have gone thru the ring and the crowds

have been big.

If you want to buy or sell a horse, Friday night might be the time to do it. Go by and see what is being offered.

The shortest place-names in the world are the French village of Y (population 143), so named since 1241 and A, a Norwegian village.

I like myself — how about you?

years without food by absorbing the fat of their own bodies.

Members of the pigeon family drink by suction. Other birds take the water into their mouths and throw their heads back in order to swallow.

By pushing their trunks up above the surface of the water and breathing through them, elephants can walk along the bottom of a river.

The leopard, once supposed to be a cross between the lion and the panther, takes its name from two words — leo, meaning lion, and pardus, meaning panther.

The armadillo gets its name from the Spanish word meaning "clad in armour."

Electric sparks stirred up from a cat's body, when the fur is under friction, are caused by the peculiar dryness of the hair, which is free from the oily substances common to the coats of most animals.

Gophers are called "salamanders" in some southern states.

In parts of the West they are referred to as "dogs."

Copperhead snakes have fangs and venom at birth.

The earthworm gets traction for movement by being covered with small bristles. These bristles press against the walls of the tunnel and allow the worm to gain a so-called foothold.

Jackrabbits have been clocked at 40 miles per hour. In a foot race among North American animals, they concede only to the antelope.

All bumble bees except the queen bee die in the winter. She alone survives to produce another generation.

Insects have no lungs. They breathe from tubes running

Washington's Birthday Sale Feb. 20-21-22

Bargains Galore to Celebrate The Event
 by Burkburnett mer-

chants are shooting the works in a George Washington Birthday Sale to start Thursday and lasting thru Saturday, the 22nd. Some of the ridiculously low bargains are limited to one day only. Read the ads in today's News, and more will appear in the Thursday Star.
 Two years ago Washington's Birthday Sale in Burkburnett was a howling success. At that time the merchants committee of the

Chamber of Commerce decided to make it an annual affair. It is growing each year in bargains and popularity.
 Don't fail to get in on these bargains. They were prepared especially for you.

Tax Man Sam Sez:
 The worst mistakes that taxpayers make in filing their tax returns are (1) failing to attach forms W-2; (2) failing to put their Social Security number on the tax return; (3) not writing plainly; and (4) mistakes

in arithmetic.
 Look your tax return over and correct the errors before you send it to Internal Revenue, instead of after Internal Revenue writes you about it.
 Usually the fellows who give their wives plenty of freedom don't give them any money.

"Sealers"
 According to the Southern Pine Association, "penetrating sealers" are designed to seal the pores of wood against moisture absorption. They greatly increase the retention of finish on wood paneling.

TAKE YOUR PROBLEMS TO CHURCH -- MILLIONS LEAVE THEM THERE

HIS TROUBLES WON'T GET HIM DOWN

Forgetting his incapacitation, he is happily determined to plan ahead. His spirit is not easily crushed. Life is always full of hope and excitement. The Lord and this young man's Christian friends have taught him to have such an outlook on life.

"But the fruit of the spirit is love, joy, peace, long-suffering, gentleness, goodness, faith." Galatians 5:22.

We invite you to attend the church of your choice regularly to worship, to be uplifted, encouraged, and blessed.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

©Coleman Adv. Ser., P. O. Box 20067, Dallas 20, Texas

Friendly Homemakers HD Club Met February 12th

The Friendly Homemakers HD Club met Wednesday, February 12th at 9:30 a. m. in the home of Mrs. Carl Sutherland. Mrs. Monroe Gray, opened the meeting. Prayer by Mrs. J. F. Parrish, Sr. Mrs. Oscar McBride, president, called for committee reports. Recommendations for 1964 were read and approved. The treasurer reported that a school lunch for a child had been paid for. Mrs. Darlene Mathews demonstrated shoe covering. Material for covering shoes, may be knitted Jersey, cotton satin,

heavy lace lines or any firmly woven material. 2-18 inch squares are required. 24 push pins, 1 tube of 20 century glue and old case knife, razor blade, tissue paper to stuff the toe, scissors, screw driver, straight pins, wet sponge or cloth. Cut material on bias.

With screw driver loosen the sole of shoes. Cover, pin and glue material to shoes. Cover and glue to heel. Shoes covered to match costume is very attractive. If help is needed contact members of Friendly Homemakers Club.

Mrs. Mathews was very attractive in a plaid dress with shoes covered with matching material. Mrs. Shirley Winters wore red and black checked corduroy with matching shoes. They are members of Homemakers HD Club in Wichita Falls.

A gift was presented Mrs. Mathews in appreciation for the demonstration.

Those present were visitors, Mrs. Lloyd Gray, Mrs. Shirley Winters, Mrs. Darlene Mathews, Mrs. Betty Barnes; new members were Mrs. J. F. Parrish, Sr., Mrs. Hellen Stephenson and Mrs. Norma McCollier.

Members present were Mesdames Oscar McBride, J. G. Cheney, Monroe Gray, Tommy Reese, Haskel Draper, E. E. Bangs and hostess Carl Sutherland.

The next meeting will be at Mrs. E. E. Bangs, 609 Regan, February 26th at 9:30 a. m.

Program will be given by Miss Thelma Wirges, county home demonstration agent. Subject: Cleaning Agents.

First Export

The first recorded export from this country was a boatload of Southern Pine masts dispatched to England in 1609.

The masts were described in records of the old Virginia Company as being so large that it was difficult to find shipping capacity to transport them. However, they are dwarfed in comparison with today's glued laminated arches and columns of Southern Pine whose dimensions often exceed that of the tallest tree ever grown.

A dog gets all the best of it, if you can believe the televised ads of the packers of dog food.

Fresh Idea
from
MRS BAIRD'S BREAD
CRISP PARSLEY

Parsley adds a lot to many dishes, both as a garnish and when it's chopped and used for flavor. But nobody wants to use parsley that's wilted and limp. Place any parsley that isn't used right away in a fruit jar, close the lid and store in your refrigerator. Then, when you want parsley that's fresh and crisp, just open the jar.

**Roger W. Babson
Weekly Report**

ROGER W. BABSON

**BASON DISCUSSES
INSURANCE**

BABSON PARK, Mass. Some years ago, I was National Moderator of the Congregational-Christian Churches. At a large meeting, I was asked, "What would Jesus, as a young man, do if He were living today?" I assumed He would not be a carpenter, but suggested that He probably would be a life insurance agent. This was quoted throughout the country, and even today I receive letters about it.

Selling Insurance Today
If insurance agents would take their work seriously enough, they would make their

sales part of their religion and carry them on in a prayerful manner. In fact, I believe that any readers who wish to buy life insurance should deal only with active, praying salesmen. I have always felt that life insurance is a good example of applied Christianity. It is for this reason that I advise dealing with truly religious insurance salesmen — "whether Christian or Jewish." Let us not forget that Jesus was a Jew.

Next to purchasing insurance from religious-minded agents, we should be sure that our children are being brought up by religious parents. In order words, be sure of what you believe, and love your children enough to bring them up properly. Above all, teach them to pray. I might add that a praying parent is the best insurance we can provide for our children.

What About Land?

After one buys a reasonable amount of life insurance, he should buy some land and build thereon a little house on a bus line on the "right side" of his town. This method of selecting a home site is described in detail in a previous weekly column of this paper; therefore I will not repeat it at this time. Whatever may happen to stocks and bonds in future years, children and a little fertile land may be the best investment you can have. I now believe there will be no nuclear World War. However, to prevent such a nuclear war, we must all teach our children the great danger in communism. I doubt if any reader of this column will ever see World War III as a nuclear war.

The Kremlin may have no religious principles, but the Russian people do have brains. They know that a World War III based on nuclear attack would be a devastating loss to them as well as to us. Many young Americans talk in favor of coexistence." They appear to believe that we of the United States will gradually become more socialistic, while Russia will become more capitalistic.

WORLD'S FAIR WONDERS

New York City was the site of the first international exposition in the U. S. — in 1853. The thirty-first state had only recently been admitted and the total population — predominantly rural — totaled less than 26 million.

Electric lighting was lavishly used for the first time at the 1893 Chicago Exposition. Two out of every three Americans still lived on farms. There were 44 states with the total population of 67 million.

At the 1964-65 New York World's Fair, everyone will know the exact U. S. population. The Demograph of The Equitable Life Assurance Society will flash births and deaths as they occur in the 50 states. Overhead a mammoth counter will keep a running tally of the population as it increases by one every 11 seconds. Today seven out of ten of us live in metropolitan areas.

This may be true, but to attempt to conduct such an experiment would be like trying to mix oil and water. Such a mixture depends upon constant agitation; this would mean continual small wars such as are now being carried on in Vietnam and other Southeast Asian nations. We have tried this "coexistence" in Korea for many years, but with no success.

What About Cuba?

Russia's method of obtaining control of countries by infiltration is clearly shown by what she is now doing in Cuba. No shots have been fired, yet Russia today is in control of Cuba. Cuba is only 90 miles from Florida where I dictated this weekly column. The next step is for Russia to try to jump

over to Central and South America. The great country of Brazil is nearly ready to turn communistic.

Communism would make useless all of our present insurance. In other words, communism would wipe out the value of whatever insurance we are depending upon, as well as the value of the land which we are also depending upon. Therefore, I cannot close this column on insurance without issuing a special warning against the infiltration of communism, which is creeping into this country and gaining control by indirect methods rather than through warfare. The value of insurance has an intimate — but opposite — relation to communistic ideas, which must be nipped in the bud and not allowed to develop as they have in Cuba and which are now extending further into Latin America. So, to return to my subject on the value of insurance, I must close with a strong reminder that any insurance that we might now have would be worthless if we should become too "soft" to communism and thereby let it become too common and widespread here in the United States.

There are a lot of good ways to become a failure, but never taking a chance is the most successful.

Acquire a reputation for dependability first, and add the decorations afterward.

Valentine Sweetheart Given By Jr. Study Club

Junior University Study Club members entertained guests with a Valentine buffet supper in the dining room of the Texas Electric Company building last evening, February 19.

After a delicious dinner, games of bridge and 42 were enjoyed. Those attending were Messrs and Mesdames Bill Vincent, Finis Taylor, Bill McLean, Gene Robertson, Howard Clement, B. H. Preston, Jr., Zac Henderson, J. B. Riley, Jr., Ellis McCullough, James Pearson, Walter Koller, J. R. Sprague, Floyd Martin, Mrs. Russell Kelley and Mrs. Buddy Byars.

Tables were beautifully decorated by a committee consisting of Mrs. Ellis McCullough, Mrs. Henderson, and Mrs. Byars. A lovely arrangement of roses in varying shades of red and pink, as well as comic books on white table covers, carried out the theme. Streamers decorated hearts and flowers cast from white tapers. White napkins were accented by red napkin rings with a small pink rose.

DECA SPOTLIGHT

This week the DECA Spotlight shines on Daryl Waddell, son of Mr. and Mrs. Otis Waddell, 406 East 5th Street. Daryl has lived here all his life and his hobbies are coin collecting, hunting and fishing.

He is a first year student and works at Gill's Grocery and Market under John B. Gill. His duties on the job are stocking shelves, checking invoices, operating the cash register and clerking.

His future ambitions are to go to college and become an accountant and, I quote, "To be rich (a millionaire by the age of thirty.)"

Beth Wooton, Reporter

"A road hog is a man who meets you more than half way."

IN THIS WORLD

Literature Club Hears Book Review

Americanism Day was observed Thursday by the Current Literature Club in the Reddy Room of the Texas Electric with a tea and book review.

Mrs. F. M. McMurtry welcomed the guests and introduced Mrs. Grover C. Johnson, president of the Santa Rosa District, who reviewed "We Seven" the Astronauts summary of their experiences. In her very capable charming manner, she stressed the courage, stamina and spiritual needs of the Astronauts and what it should mean to each of us to be true and patriotic American citizens; and the grave risks they endured that science and progress might make ours a more peaceful and beautiful world in which to live.

Guests included the Federated Clubs of the city, invited guests and Mesdames Guy Rogers and H. F. Graham of Wichita Falls who accompanied Mrs.

Home Builders Class

Met February 12th
With Mrs. Henry

The Home Builders Class of First Methodist Church met February 12th in the home of Mrs. R. H. Henry.

The Class President, Mrs. Coy Jones, presided and opened the meeting by group singing, "What a Friend We Have in Jesus" and prayer by Mrs. Revier.

Minutes were read by the Secretary, Mrs. Lowery. Mrs. Revier gave the treasurer's report. Mrs. Jessie Jones gave a devotional from Isaiah 61-3, entitled to give them "Beauty For Ashes."

Plans were made to serve a

breakfast for the Youth coming Wednesday morning. Also for serving lunch for visiting ministers on Friday during the meeting.

After class benediction, Mrs. Gilbert read a true story on "What God Has Wrought."

Mrs. Gragg read about Lincoln's Life.

Lovely refreshments were served the following members Mesdames Gilbert, Lowery, Revier, Henson, Jones, Jessie Jones, Moreman, Taylor, Bruce, Gragg, Hodges, Grace and Kelley.

Next meeting will with Mrs. Lowery, March the 11th.

Delegates Named To State Leadership Conference

Four delegates to the State-wide Distributive Education Youth Leadership Conference in San Antonio, February 28-29, were named today by the Burkburnett Distributive Education Chapter. Mr. Lloyd Bloodworth, Teacher Co-ordinator, announced.

They are Gerald Butcher, Marion Patrick, Verlon Parker, and Virginia Stamps. Mr. Bloodworth will accompany the group.

Some 1,200 students will enter competition for approximately \$25,000 in scholarships, twenty trophies and over one hundred medals. Three group and six individual contests will be held, all directly related to improving the students' skills and knowledge of the field of distribution. The evening's program includes a banquet at which scholarship and contest awards will be made; climaxed by coronation of the newly elected State Sweetheart.

During the conference delegates will be chosen to attend the National Youth Leadership Conference which will be held in Chicago in May.

Verlon Parker is the only Junior going and will attend the Junior Workshop and be able to be one of our leaders next year in Distributive education.

Beth Wooton, Reporter

Over 50 tons of a certain tranquilizer pill are manufactured and used each month in the U. S.

Triangles

According to the Southern Pine Association, triangular shaped windows conform well with the line of A-Frame construction. The blend can be further enhanced by the diagonal application of wood siding on both sides of the window triangles.

ACID-ALKALINE BALANCE

Q. What, if anything, can be done to correct an alkaline condition of body secretions?

A. Fortunately, the body is fairly well protected against radical changes in the balanced acid-alkaline mechanism. The body is slightly alkaline. Make it acid and you will survive to tell about it. The stomach is acid but the bile and the intestinal juices are alkaline. And so it goes. Under certain conditions, conditions of alkalosis or acidosis develop, but they are situations which must be dealt with by a physician. Don't try to correct the acidity or alkalinity of your body — might get into serious trouble.

"CLINIC" DEFINED

Q. This may not be a proper question. I'll send it in anyway. What is a "clinic"?

A. In some parts of the country the word "clinic" refers to free dispensaries. Most often, however, the word "clinic" is applied to the efforts and practice as a group. According to the American Medical Association, the principles actuating and governing a group clinic are exactly the same as those applied to the individual physician.

The true measure of the worth of prescribed medicine lies not in dollars and cents, but in the faster relief from pain and speedier recovery it provides.
