TV, Furniture and Appliances during April Frigidaire Sales

Trade-In Sale on Appliances and Furniture and ... Who ever is crowned Miss Burkburnett Saturday night will receive a handsome \$25 gift certificate of Rawleigh cosmetics. The donor of the certificate is R. E. "Bob" Cornelius, Rawleigh representative for the Burkburnett area.

MISS BURKBURNETT PAGEANT WILL BE HELD IN SCHOOL CAFETERIUM SATURDAY, APRIL 4

Entrants in the Miss Burkburnett Pageant become more excited and busier as the big night, April 4th, draws near. One day remains in which to prepare gowns, costumes, practice talents and try to quiet tingling nerves. Starting at one o'clock Saturday, they will be interviewed by the judges in the home of Mrs. Albert Dillard, at 311 W. 1st. Some of the qualities which the judges will be appraising are personality, charm and poise. Later, dinner will be served them at the Palace Cafe, where the girls may chat and relax. During the remainder of the afternoon, rest will be their main objective, during which time, one of their number will be selected as "Miss Congeniality" by the contestants themselves. At the appropriate time, the hopefuls will go to the High School Cafeterium and begin to dress for the first part of the pageant program. Warren Silver, popular TV personality, will be Master of Ceremonies of the exciting once-a-year, contest.

Evening dress competition will be first on the program. With each beauty gliding on stage in a gown. While the entrants change for the next contest, folk singer, Gary Bean will provide entertainment with guitar and song. Then comes judging of the entrants in their bathing suits for physical beauty. Featured during intermission will be Johnny Jones, singing popular numbers. Talent competition of the pageant lovelies will be judged next as each girl does her bit to entertain. Jeanette Ellis, Miss Burkburnett 1963, will be presented to the audience and will be the one to crown the new winner. Five of the contestants will be chosen as finalists, from which three runners up will be selected. While the judges are reaching a decision on the new Miss Burkburnett and the runners up, Johnny Jones will entertain again. It will now be made known who has been selected Miss Congeniality by her co-contestants. Then Miss Burkburnett 1964

will be announced and as Mrs. Bill Vincent plays the organ. Miss Ellis, winner in 1963, will crown her successor. This will be a very entertaining and exciting evening for everyone, so come and support your choice. She may win. If she does, here are some of the prizes she will receive, as "Miss Burkburnett 1964." An all expense paid trip to the Miss Texas Pageant, a bouquet of beautiful roses, cosmetics and others. Bracelets, with charms shaped in the form of Miss America Crowns, will be presented to the first and second runners up. Miss Congeniality also will receive a bracelet. Tickets will be on sale until Saturday evening and may be purchased from any member of the Modern Study Club, sponsors of the pageant, or call 569-1508 or 569-3238. They may be purchased at the First National Bank, also. Price is \$1.25, adults and \$.50 for children under 12 who occupy seats. Please attend. Miss Burkburnett 1964 could go on to become the next Miss America.

Oil Field Worker Rites Thursday

Funeral services for A. C. Harris, 72, of 405 East Second will be held at 2:30 p. m. Thursday (today) from the First Baptist Church with the pastor, Rev. Lamoin Champ and Rev. Kenneth Bradshaw, pastor of Central Baptist Church, officiating. Burial will be in the Burkburnett Cemetery under direction of Owens & Brumley Funeral Home. Harris, born February 22nd, 1892, in Beebe, Arkansas, died Tuesday night in a Wichita Falls hospital after a prolonged illness. He was a retired oil field worker and newspaper dealer. He arrived in Burkburnett during the oil boom of 1917. Harris is survived by his daughter, Mrs. Sidney Clinton, Arlington, Texas; two sons, Ted B. Harris, Burkburnett, and James C. Harris, Sunnymeade, California; a brother, Cliff Harris, Memphis, Tennessee; and nine grandchildren. His wife, Ruby, died in August, 1963.

Tommy R. Morrow Aboard Naval Newly Commissioned Ship

Tommy Ray Morrow, son of Ray C. Morrow, pastor of Calvary Baptist Church in Burkburnett, is now stationed aboard the U. S. S. Sacramento (Aoe-1). This new ship was launched September 14, 1963 at Bremerton, Washington. She was commissioned in impressive ceremonies. This commissioning was enton. This commissioning was her initiation into the operating forces of the United States Navy. The U. S. S. Sacramento is a new type of fast combat support ship, designed to furnish simultaneous replenishment of petroleum products, ammunition, fleet freight and provisions to the fleet. She is the fastest underway replenishment ship yet built, and is expected to increase substantially the strength of the Service Force. The ship is manned by 22 officers and a crew of 487 men. Tommy was sworn into the Navy June 7, 1963, on his 17th birthday at the U. S. Naval Training Center, San Diego, California, where he went through boot camp and several preparatory schools before being stationed in Bremerton. He reports that he likes the Navy fine and is proud to be aboard the U. S. S. Sacramento. He sends his greeting to all of his friends "back home."

Mr. and Mrs. John Turner of Midland, Texas, were Easter holiday visitors in the home of her mother, Mrs. L. O. Campbell, and sister, Mr. and Mrs. James Bohner.

April Is Cancer Control Month All Over Texas

AUSTIN — The designation of April as cancer control month by Governor John Connally has officially opened the 1964 Crusade of the American Cancer Society in Texas. The educational and fund-raising drive by more than ninety thousand volunteers will aim at reaching every Texas family during the month. In his official proclamation, Governor Connally noted that one-half of the twenty-four thousand cancer patients who will be diagnosed for the first time in 1964 could be saved with present scientific knowledge and medical skill, thru earlier diagnosis. One of three are presently being saved. He also pointed out the need for the greater intensity of research which will be needed to save those for whom there is now no cure available. "Through collective efforts of volunteers of the American Cancer Society, and broad programs of research, education, and service," he said, "significant gains are being made in the fight to bring final victory over cancer. Every such gain immeasurably benefits our families, our economy and our state." More than half of the funds contributed during the current Crusade will be spent for cancer research in Texas institutions, and for public education to increase the saving of lives. Additional amounts which will be spent for professional education and for service to cancer patients will help bring the total to be spent in Texas to more than one dollar of the dollar contributed.

NOTICE

The Burkburnett Council of Garden Clubs will meet Tuesday morning April 7 at 9:30 in the Reddy Room of the Texas Electric Building. In addition to Council members all committee chairmen are asked to be present for a planning session for the forthcoming Flower Show. Family Housing: 612 Wherry units, 500 Capehart units.

Big Pasture FFA Officers Named

The Big Pasture F. F. A. Chapter elected chapter officers for the coming year last March 20th, so the president and secretary can prepare for the state convention at Stillwater. The elected officers are: President, Roy Lee Ressel; Vice President, Loran Zwickacker; Secretary, Ronnie Holt; Treasurer, Steve Laminack; Reporter, Troy Don Horton; Sentinel, Donald Baber; Parliamentarian, Larry Martin; and Photographer, Buck Pruett. These officers should do a fine job in the coming year. The chapter is going to have a chapter meeting team this year with the new officers taking charge. The chapter held its annual Slave Sale last Monday night in the grade school auditorium. There were 47 boys, advisor, and sweetheart sold to the highest bidder for eight hours hard work. The sale brought the chapter a total of \$545.00. We would like to thank these people for buying slaves: First National Bank, Burkburnett, Texas; Hobart Baber, Albert Nolan, Wes Beard, Junior Turner, Floyd Tuttle, Charles Bowles, Farmers Co-Op., Burkburnett; J. D. Taylor, Corner Drug Store, Burkburnett, Texas; Leon Underwood, Shep Baber, Lee Roy Laminack, John Gill Grocery, Chamber of Commerce, Burkburnett; Randlett Gin, Howard Powell, Clarence Vache, Harle Hooper, Bob McCullough, Jess Goode, Paul Hooper, Brya, Harrison, Manual Braden, Fordy Thompson, Corb Thompson, Leo Zwickacker, Junior Martin, Paul Williams and Ben Ressel. Last Tuesday night, March 24th the chapter saw a film on Safety on the Highways. The film was brought by Patrolman Wayne Morgan. Everyone who came enjoyed the film.

Last Rites Were March 21st For Z. Proctor

Zacharias (Curly) Proctor, 84, was buried in Burkburnett Cemetery after funeral services at 2:00 p. m. Saturday, March 21 from the Providence Baptist Church, directed by Young and Co. Funeral Home. Rev. C. R. Giddings, pastor of the Church of God in Christ, officiated. A resident of the Wichita Falls area for 45 years, Proctor, was found dead in his home Tuesday. He was an automobile mechanic. Survivors include a sister, Mrs. Mary Slaughter of San Antonio, one sister-in-law, Mrs. Elnora Proctor of Wichita Falls, and several nieces and nephews.

Burk FFA Chapter Parent-Son Banquet Held Thursday, March 26

The Burkburnett F. F. A. Chapter held its annual Parent-Son Banquet Thursday, March 26, 1964 in the Burkburnett High School Cafeterium. Bobby Busby, president of the Chapter and Master of Ceremonies recognized Sally Mitchell for playing the dinner music. Sonny Bentley gave the invocation, followed by the opening ceremonies conducted by the chapter officers. Next, Donnie Bowles presented the welcome from the chapter. Tommy Hoover, the chapter treasurer introduced the chapter guests and each F. F. A. member introduced his parents and guests. The highlight of the evenings program was the presentation of the Chapter Sweetheart, Miss Marie Farris. Busby presented the official F. F. A. jacket, a special locket, and a dozen long-stem red roses. Vice President, Alva Maag narrated a slide presentation of the chapters activities during

the past year. The slides featured each of the members project program. Ken Johnson, the chapter reporter presented the chapter awards. The Honorary Chapter Farmer Degree was presented to Bud Ramsey and Dave Brewer for their interest in the Burkburnett F. F. A. Chapter. The following boys were presented chapter awards: Donnie Bowles, livestock farming; Alva Maag, farm machinery; Tommy Hoover, farm safety; Johnny Doyle, farm electrification; Bobby Busby, dairy farming; Jimmy Monson, soil and water conservation; John Dean, poultry; and Ken Johnson, public speaking. Johnson will represent the chapter in the area public speaking contest to be held in May. Roger Johnson received the Star Greenhand Award as the outstanding student in Vocational Agriculture I. Sonny Bentley was honored as the Star Chapter Farmer for 1964.

Burk Chamber of Commerce Week

Hubert Butts Rites Monday

Funeral for Hubert Spencer Butts, 71, who died at 4:00 a. m. Sunday in a Wichita Falls hospital were held at 3:00 p. m. Monday from the First Baptist Church in Burkburnett. Officiating was the pastor, Rev. Lamoin Champ. Burial was in the Burkburnett Cemetery under the direction of Owens & Brumley Funeral Home of Burkburnett. Butts, who resided at 511 Hilltop here, was born November 25, 1892 in Murfreesboro, Tennessee. He was a retired employe of Mobil Inc. oil company. He was married to Miss Gail Bailey, of Iowa Park, in 1922.

KITES AND SAFETY

We are nearing the beginning of the Kite Flying Season. And kites can be a danger as well as fun. One of this country's major utilities, the Pacific Gas and Electric Company, of California, has issued a booklet whose purpose is to make this a safe kite season. It lays down a set of simple and wise rules. Here they are:

Don't cross streets or highways while flying kites. Don't fly a kite with metal in the frame or tail. Don't use tinsel string, wire or any twine with metal in it. Don't fly a kite near TV or radio aerials. Don't fly near electric lines. Don't pull on the string or climb a power pole to loosen a snagged kite. Don't touch fallen electric wires. Don't fly a kite in the rain.

This is quite a list of "don'ts". But it doesn't stand in the way of the pleasure in kite flying. Fun and safety after all, can run together.

More Than Just A Dam

There is a multitude of grim news these days, coming to us through the press and over the airways. It runs a wide gamut, from "little wars" in which we are engaged at a huge cost in money and human resources, to a steady if slow rise in the cost of living.

But, now and then, there is good news too. An example of it—which in its principle, goes far beyond its material significance—occurred recently, when the Federal Power Commission decided to issue a license to a group of investor-owned taxpaying electric utility companies, joined together under the name of the Pacific Northwest Power Company, to build a huge multipurpose dam on the Snake River on the Oregon-Idaho border.

This is a tremendous endeavor by any standard. The cost is estimated at more than \$257 million. Its ultimate capacity will be 2 million kilowatts. It is designed not only to provide power but to fit, as a major element, into the region's water resource development.

The FPC decision came after years of controversy, and the public should appreciate the taxes it saves. The

THE AMERICAN WAY

Man with the Facts

socialized power groups—local and federal alike—sought to have a Snake River project developed by an agency of government. Had this happened, the taxpayers would have footed much of the cost, by direct and indirect means. They would foot the annual loss of the heavy taxes that a private enterprise must pay. And they would, no doubt, foot subsidies of many kinds and dimensions.

This dam on a western river can be more than just that. It can be a precedent for future developments the nation over. A spokesman for the utilities involved in this particular case calls it "a great victory for multiple purpose resource development by private capital. Also it is a rebuff of the power socialization program for the United States."

In The Same Scales

From a lead editorial in the New York Times: "Every Vice President is a potential President and should be weighed in the same scales as the nominee for the Presidency. We hope that the Republicans in San Francisco and the Democrats in Atlantic City all will recognize that ability, character and experience should count for more than personality, religion or place of residence in filling the second place on their tickets."

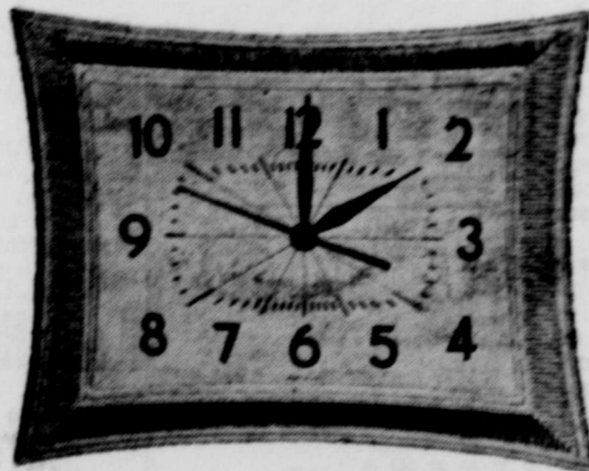

In other words, we can't afford nonentities as Vice Presidential candidates nor men whose only discernible asset is the assumption that they can attract certain groups of voters. We have been lucky in the past, when time and tragedy have brought men to the highest office in the world. It is time to remove the element of chance.

Changing Symbols of a Desert Kingdom

THESE DRUMHEADERS, or single-humped camels, rest complacently on the Saudi Arabian desert, unaware of the oil drilling rig in the background, emblem of a huge industry they helped build during the past three decades. For thousands of years this beast of burden was the chief means of transportation, as well as an important source of food, hair and hides to support a Bedouin tribal society. But today the plodding "ship of the desert" is rapidly giving way to the swifter motor vehicle, airplane and railroad, modes for which it is provided by income from the \$66-million-a-year oil industry. Oil revenues are also funding the feverish development of agriculture, manufacturing and mineral exploration that are transforming the country.

Herbert Hoover Development Fund Launched For Boys' Clubs of America

Our venerable Congressional Record, while sometimes more notable for the quantity than for the quality of its content, often provides news of interest to a great many citizens.

One such item was recently revealed with the announcement by Congressman John V. Lindsay (R. N.Y.), of the formation by the Boys' Clubs of America of the "Herbert Hoover Development Fund." In announcing the Fund's foundation, Congressman Lindsay, in whose district Mr. Hoover resides, reported that its purpose is the establishment of 1,000 Boys' Clubs, serving one million deserving boys. Explaining that Mr. Hoover has served as the very active board chairman of the Boys' Clubs of America for 26 years, the Congressman said the former President describes Boys' Clubs

as being "after the home, church and school, the greatest character-building institutions in our country today." There are now some 635 Boys' Clubs, serving close to 700,000 deserving boys, in more than 410 cities throughout the country. For many years, Mr. Hoover has maintained — and studies have proved — that these Clubs play a major role in combating juvenile delinquency. Now, through the establishment of this Fund, it is hoped that, to quote A. L. Cole, president of the Boys' Clubs of America, "all Mr. Hoover's friends and admirers will now help make his dream a reality."

News From The County Agent

With warm weather approaching, everyone thinks about air-conditioning but few of us think of the importance of "light conditioning," says Wichita County Agent B. T. Haws. "Light conditioning is important to the health and well-being of the family," he said. "And good lighting not only adds to the comfort of the home, it also enhances its beauty." Good lighting is important because the greatest cause of eye-strain is performing tasks that require eye concentration in poorly lighted areas, he said. For proper household light conditioning, Haws suggests these installations: adequate interior house wiring, properly engineered lighting fixtures, well-designed table and floor lamps, and reflective matte finishes on ceilings, walls, furniture and floors. Since all parts of a room absorb and reflect light, the county agent said that the room and all accessories are important light conditioners because all parts serve as secondary lighting sources. Texas DHIA herds, for the testing year May 1, 1962 thru April 30, 1963, posted the highest average in the history of testing program. County Agent B. T. Haws said he had received a summary of state totals and they show an average of 9,898 pounds of milk and 375 pounds of butterfat for the 19,866 cows enrolled in the Texas DHIA program. The tabulated summaries were supplied by the U. S. Department of Agriculture thru the Texas Agricultural Extension Service's dairy specialists and covered complete records for 280 herds. The 1963 average showed gains of 605 pounds of milk and 14 pounds of butterfat per cow over the figures for 1962, the agent said. Haws said an analysis of the USDA tabulations indicated a very strong relationship between average pounds of milk and income above feed cost and that the highest producing cows consistently yield the greatest profit.

News from Nat'l. Rifle Association

30-MILLION AMERICANS OWN AND USE GUNS To the 30-million Americans who own and use guns: it is almost always more enjoyable to shoot with friends than it is alone. Not only does group shooting provide mre fun but it also makes possible convenient rifle and pistol ranges, sociable gatherings and a chance to shoot in team matches. A member of a group will usually improve his or her through ability more rapidly through club shooting. These are some of the reasons National Rifle Association programs are planned around shooting clubs wherever possible. The NRA is a non-profit membership organization recognized as the governing body for shooting in the U. S.

Mr. and Mrs. Deryl Clevenger and children Ione, De Anne and Dwayne, of Kress, Texas, were week guests in the Ethel McCasland home. Easter Sunday guests included Mr. and Mrs. H. B. Ward and Warren Daniel of Wichita Falls; Mr. and Mrs. A. S. Patterson of Grandfield; Mr. and Mrs. Andy McCasland and family, Mr. and Mrs. Dan McCasland, Mr. and Mrs. C. C. Hawhee and Mr. and Mrs. David Mulherne and family.

Guests of Mr. and Mrs. Edd Morrow Easter and Sunday were Mr. and Mrs. C. G. Nunn and son, Ricky of Jal, New Mexico; Mr. and Mrs. Ralph Postelwaite of Stillwater; Mr. and Mrs. Terry Morrow of Oklahoma City, Mr. and Mrs. Walter P. Cozby and family, Mr. and Mrs. Price Cozby, Mr. and Mrs. Peyton Cozby and Mr. and Mrs.

Phillip Cozby, Mr. and Mrs. Leon Morrow, all of Burkburnett; Mrs. Willie Cozby and Mr. and Mrs. Joed Inman, Mrs. Rozella Ellis and sons.

Mr. and Mrs. F. J. Uthe have returned home from a trip to Roswell, New Mexico to visit her sisters, Mr. and Mrs. Joe Hinkle and Mr. and Mrs. Joe Brummett and to Greeley, Colorado to visit with Mr. Uthe's sister and husband, Mr. and Mrs. C. C. Wright. Guests of Mr. and Mrs. Ivan Powell over the weekend were Mr. and Mrs. Glen Powell of Hereford, Texas; George Powell of Irving, Texas; John Powell of Henrietta, Texas.

Gene Robertson Has High Producer In Dairy Herd

Midsize Beauty Shirley Skokie 4716656, a nine-year-old, owned by Gene Robertson, Burkburnett, produced 13,870 lbs. of milk and 501 lbs. of butterfat in 272 days. Texas A & M University supervised the production, weighing, and testing operations, in cooperation with the official breed improvement programs of The Holstein-Friesian Association of America. This level of production may be compared with the average U. S. dairy cow's annual output of 7,211 lbs. of milk containing 270 lbs. of butterfat.

R. R. Commissioner Jim Langdon Reports T O & G Pays 42% of States Cost of Public Education

ALBUQUERQUE, Texas — Texas crude oil currently is selling for more dollars than any year since the boom years in 1957, Railroad Commissioner Jim Langdon reports.

Langdon said this should be welcome news to the people of Texas because the Texas oil and gas dollar pays for 42 per cent of the state's cost of public education, and almost 60 per cent of the state's cost of teacher retirement, old-age assistance, blind assistance and aid to dependent children.

He stated that oil production is up three per cent over the previous year, and "at even more encouraging jump is expected for 1964."

Langdon said the fact that the Texas petroleum industry was in such a healthy state after more than half a century of intensive development could be laid to two factors: (1) There was a lot of oil to begin with, and (2) it has not been wasted promiscuously.

One of the ways the Railroad Commission has regulated the oil and gas industries designed the Commissioner's duty to guard the public interest. When they talked about allowances and production, they ignored the fact that natural gas has in recent years become an important energy source replacing to some extent oil, and that Texas was more dominant in gas production than in crude oil production.

Langdon is the newest member of the Railroad Commission, having been appointed last

spring. Now he is seeking the voter's approval to serve the remaining four years of a six-year term. He resigned as chief justice of the El Paso Court of Civil Appeals to accept the Railroad Commission post.

Before moving to El Paso, Langdon was district judge for five West Texas counties. While on the bench and as a practicing attorney in a large oil producing area, he gained vast knowledge of the oil and gas industries, as well as transportation matters, which the Commission regulates.

Hardin HD Club News

The Hardin HD Club met March 25th in the home of Mrs. Ione Howard.

The President, Carol Roderick called the meeting to order and presided over the business.

Mrs. M. K. Hewell had the opening exercise. She read a poem, "Springtime." Carol Roderick read a poem, "Cotton Pick Harvest."

Roll call was answered by "My Responsibility to Our Club President."

The secretary gave her report and was accepted. The treasurer's report was given.

Mrs. Lila Jacobs gave the program on "Legal Rights of Women."

She gave some interesting points on — 1. Homestead laws. 2. Husband and wife property, stressed each family should have a will. It's very important. Recreation was conducted by Lila Jacobs. Our visitor Mrs. Bryan Bailey won the prize.

We adjourned to meet in the home of Mrs. M. K. Hewell April 8th at 9:30 a. m.

Our Agent, Miss Wirges will be with us at this meeting. All members are urged to be present.

The hostess, Ione Howard served refreshments to: Mesdames, M. K. Hewell, Carol Roderick, Jewell Goin, Lila Jacobs, John Enderell, Nellie Atkins, Julia Roderick, one visitor, Bryan Bailey, Larry and Gary Roderick.

The pig market at Medford, Wisconsin, is the world's largest.

Randlett News

Mrs. Nellie R. Elliott, Reporter

Mrs. Jack Williams was returned to her home this week after several days in a Wichita Falls hospital where she had undergone major surgery.

Mr. and Mrs. Don Hunsicker, Mr. and Mrs. Larry Williams and baby, Mr. and Mrs. Lennie Williams and baby and Mrs. Neida Davis and children of Grandfield, Oklahoma were guests of Mr. and Mrs. Shell Adams last Sunday.

Grady Martin, who is in a Wichita Falls hospital, with injuries he received several weeks ago in a car-truck accident is slowly improving.

Gary and Elaine Ellis of Burk Burnett spent from Thursday till Monday afternoon with Betty Agat and Russell Allist Harrison.

Mrs. A. E. Nason, Mrs. John Martin, Sr., Mrs. Scott Johnston and Mrs. A. L. Patterson visited Mrs. T. L. Williams in a Duncan, Oklahoma hospital, where she is reported to be improving from injuries she sustained in a car wreck on March 17th.

Mrs. E. H. Rhoads and Mrs. Bill Harrison and children visited Mr. and Mrs. Bill McGarry of Grandfield, Oklahoma, Friday afternoon.

Mr. Jim Day was taken to a Wichita Falls hospital Monday where it was reported he is suffering a heart attack.

Mrs. Shell Adams visited Mrs. D. A. Cornstubble and Grady Martin in a Wichita Falls hospital Monday afternoon.

Guests in the home of Mr. and Mrs. E. H. Rhoads Saturday night were: Captain and Mrs. Eugene Rhoads and daughters of Richards-Gessour Air Force Base, Missouri; Mr. and Mrs. Clifford Rhoads and daughter of Frederick, Oklahoma; Mr. and Mrs. Frank Bostar and baby of Wichita Falls; Mr. and Mrs. C. C. Watkins of Henrietta, Texas; Mr. and Mrs. L. E. Ellis and children of Burk Burnett; Mr. and Mrs. Bill Harrison and children and Mrs. Zaida Bryant.

Mr. and Mrs. John Williams visited Mrs. T. L. Williams in a Duncan, Oklahoma hospital Sunday afternoon.

James Adams, son of Mr. and Mrs. Shell Adams left Wednesday for Little Rock, Arkansas where he will be employed.

Mrs. Patsy Alexander of Oklahoma City, Oklahoma spent the weekend with her parents.

Mr. and Mrs. A. L. Patterson, accompanied by Mrs. Patsy Alexander of Oklahoma City, Oklahoma, visited Mr. and Mrs. Gene Owens, of Iowa Park, Saturday.

Mr. and Mrs. Tommie Estes and children of Midland, Texas and Mrs. Lucille Julius and Julie of Oklahoma City, Oklahoma spent the weekend with Mrs. G. L. Pfeiffer.

Mr. and Mrs. Louis Due and family of Duncan, Oklahoma and Mr. and Mrs. Wayne Boles and daughter Wynn of Wichita Falls visited Mr. and Mrs. A. S. Nason, Sunday.

Mr. and Mrs. J. E. Britton and family and Mr. and Mrs. Edwin Anderson and children and Mr. and Mrs. Doyle Anderson and children of Wichita Falls visited Mr. and Mrs. A. L. Anderson, Sunday.

Mr. and Mrs. David Elliott of Durant, Oklahoma spent the weekend visiting her parents, Mr. and Mrs. Ted Clark and other relatives.

Travis Anderson of Southwestern College, Weatherford, Oklahoma, visited his parents, Mr. and Mrs. A. L. Anderson during the Easter holidays.

Guests of Mrs. Robbie Best Sunday were: Mr. and Mrs. H. L. Judd and family of Denver, Colorado; Sgt. and Mrs. Don Allen of Colorado Springs, Colorado; Mrs. Pearl Best, Miss Wanda Best and Mrs. Thelma

and Miss Cindy Silvey of Comanche, Oklahoma, Sunday. Mr. and Mrs. Don Fowler of Wichita Falls visited his parents, Mr. and Mrs. Ted Fowler Sunday afternoon.

Saturday night dinner guests in the home of Mr. and Mrs. T. E. Spangnagel were: Alden Spangnagel of Anchorage, Alaska, who is attending school in Oklahoma City, Oklahoma; Mr. and Mrs. Ed Spangnagel and son of San Antonio; Mr. and Mrs. John Smith, Robert and Charles Galaway of Memphis, Texas and Mr. and Mrs. Manuel Erbeles and children.

Mr. and Mrs. H. L. Judd and family of Denver, Colorado spent the weekend with his mother, Mrs. Ella Penwell.

Mr. and Mrs. Johnnie Robinson and daughter of Lawton, Oklahoma and Mr. and Mrs. Bob Lucas of Wichita Falls spent Sunday with their mother, Mrs. Jimmie Robinson and Robert Paul.

Miss Barbara Manley of O. S. U., Stillwater, Oklahoma spent the Easter holidays here with her parents, Mr. and Mrs. Walter Manley and sons.

Mr. and Mrs. Herman Biggers of Lubbock, visited her parents, Mr. and Mrs. Raymond Underwood from Tuesday till Saturday.

Mr. and Mrs. Eddie Eastman and Mark of Arlington visited his grandparents, Mr. and Mrs. F. E. Eastman Friday.

Mr. and Mrs. Tommie Estes and children of Midland, Texas and Mrs. Lucille Julius and Julie of Oklahoma City, Oklahoma spent the weekend with Mrs. G. L. Pfeiffer.

Mr. and Mrs. Louis Due and family of Duncan, Oklahoma and Mr. and Mrs. Wayne Boles and daughter Wynn of Wichita Falls visited Mr. and Mrs. A. S. Nason, Sunday.

Mr. and Mrs. J. E. Britton and family and Mr. and Mrs. Edwin Anderson and children and Mr. and Mrs. Doyle Anderson and children of Wichita Falls visited Mr. and Mrs. A. L. Anderson, Sunday.

Mr. and Mrs. David Elliott of Durant, Oklahoma spent the weekend visiting her parents, Mr. and Mrs. Ted Clark and other relatives.

Travis Anderson of Southwestern College, Weatherford, Oklahoma, visited his parents, Mr. and Mrs. A. L. Anderson during the Easter holidays.

Guests of Mrs. Robbie Best Sunday were: Mr. and Mrs. H. L. Judd and family of Denver, Colorado; Sgt. and Mrs. Don Allen of Colorado Springs, Colorado; Mrs. Pearl Best, Miss Wanda Best and Mrs. Thelma

and Mrs. Bob Strange and children and Mrs. Marie Brown of Lawton; Mr. and Mrs. Guy Davis and Mrs. Ella Penwell.

Mr. and Mrs. Elmer Klinkerman and children of Burk Burnett visited her mother, Mrs. Rose Griffith Sunday.

Mrs. Walter Barnes of Berger, Texas, was honored with a birthday dinner at six o'clock Saturday in the home of her sister, Mr. and Mrs. C. L. Watson. Other guests present were: Mr. and Mrs. Joe Martin and son of Dallas; Mr. and Mrs. Cecil Hawkins of Lawton, Oklahoma; Walter Barnes of Berger; Mr. and Mrs. Johnnie Hunt of Hurst, Texas; Mr. and Mrs. Arlan Kinnaird and sons of Burk Burnett; Mr. and Mrs. Leon Lindsey; Mr. and Mrs. Lonnie Boles and Mr. and Mrs. Jodie Boles and children.

Mr. and Mrs. Dwain Cornstubble of Burk Burnett visited Mr. and Mrs. D. A. Cornstubble and sons Saturday night.

Mr. and Mrs. Dewey Austin and Mr. and Mrs. Joe Bryant Sr. of Burk Burnett and Mrs. Joe Bryant Jr. of Euless, Texas, visited Miss Ola Austin Sunday.

Visiting Mr. and Mrs. R. H. Rhoads, Sunday were: Mrs. Bill McGarry, Grandfield, Oklahoma; Mrs. A. L. Ferguson and daughter Louella of Hollister, Oklahoma; Mr. and Mrs. C. A. Gentry and daughter, Karen Sue and Miss Pam Shay of Amarillo, Texas; Mr. and Mrs. Warren Morrow of Iowa Park; Mr. and Mrs. Johnnie Bryant and children and Mr. and Mrs. L. E. Ellis and children of Burk Burnett.

Mrs. D. A. Cornstubble returned home Wednesday several days in a Wichita Falls hospital.

Mr. and Mrs. Oliver of Lawton, Oklahoma and Mrs. Onel of children of Wichita Falls visited Mr. and Mrs. C. E. son, Sunday.

Tom Shafford and Mrs. David Orley and several other relatives Hope, Arkansas for Mr. Parker, the mother of her son, Standed.

Terry Fisher and Mr. and Mrs. Ode Fisher at his home this week.

IT'S UP TO YOU
 By **Howard E. Kershner, L.H.D.**

THERE are nearly half a million low rent public dwelling units in our country. This enormous amount of property is subject to the federal, not the local government. It does not pay taxes to the local community but the taxpayers of these communities must provide police and fire protection, sewage services, schools, parks, transportation and all municipal services. This is done at the expense of private housing which, in addition, pays its own share of local taxes.

The outcome of this matter will be that more and more citizens overburdened by this type of taxation will require subsidy in the form of public housing. Private property will deteriorate farther and farther and we shall eventually discover that we have socialized the whole housing industry. Moreover, these housing projects are not self-supporting and their operating expenses must be paid for in part by the same local taxpayers. Every self-supporting man living in a house which he owns or rents, is also paying a substantial part of the costs of maintaining these subsidized housing projects.

In the past few weeks discussions have been taking place between the United States and Czechoslovakia with reference to the sale of surplus farm commodities to the latter country in return for an \$11 million settlement to American citizens, whose property to the extent of \$113 million was confiscated after World War II. The proposed settlement is less than 1¢ on the dollar and the so-called sale of surplus farm commodities is in reality a gift. Payment is to be made in Czech currency, only a small part of which can be spent for maintenance of our American embassy. The balance is worthless so far as American taxpayers are concerned and usually remains unspent or is devoted to some local charity in the country to which the sale is made.

For this tiny \$11 million settlement the American taxpayers will have to pay many times that sum in surplus farm commodities which have been accumulated at the expense of the same long-suffering U.S. taxpayers.

Howard Kershner's Committee, Inc., New York 19, N. Y.

CHEVY II by Chevrolet
 How to get away from it all including the high cost of travel!

A Chevy II Station Wagon is the way to get the whole family there and back on a small vacation budget. You get 76 cu. ft. of cargo space for less than you'd pay for most sedans. You get money-saving, easy-care features, too. And you'll go so far between gas stops you'll think we built in a spare tank. And now that it's Trade 'N' Travel Time at your Chevrolet dealer's, you'll never find a better time to buy a Chevy II. There's a wide range of engines and transmissions to choose from. And whatever you pick, you can be sure you'll always get a good run for your money.

COMING CLASSIC. With emphasis on less shoe dominating the spring footwear news, the open-back pump promises to be the classic shape of the trend. These are a soft bone shade of "Pattina" olefinic, the glossy shoe material that sheds dust and dirt with a wipe of a damp cloth. By Pedi-Joy.

DRESS-UP, DRESS-DOWN styling of this model is an excellent early spring choice. In glossy black "Pattina" olefinic shoe material, it has criss-cross and topline in beige. Wiping with a damp cloth removes normal soiling from shoes of this material. By Trim Tred.

Modern Study Club Met Mon., March 23

The Modern Study Club met Monday, March 23rd in the home of Mrs. Gary Bean. The meeting was opened with the Club Collect. Mrs. Martin Wright, president then conducted a business meeting at which time, final reports were given on the "Miss Burkburnett Pageant to be held April 4th in the High School Cafetorium. The entrants committee reported thirteen entries and practice sessions have been held on Saturday afternoons, with night rehearsals beginning March 30th.

Ticket committee announced that tickets were going on sale Tuesday, March 24th. There will be no reserved seats. Adult tickets will be \$1.25 and children under 12 will be 50c. Decorations committee reported that everything is in the final stages.

A report was given on the Santa Rosa District Convention held in Wichita Falls on Monday. Three members of our club attended.

Our program was a cleverly given book review by Mrs. Fred Hunt. The title of the book was "Does It Make A Bed" and it was thoroughly enjoyed by all. Delicious refreshments were served to the following mem-

bers: Mesdames, Cleo Askins, Albert Dillard, Lonnie Dolan, Charles Griffith, Jerry McClure, Darrell Nichols, Jerry Thomas, Martin Wright and our guest, Mrs. Fred Hunt. With regrets we accepted the resignation of Mrs. Robert Case who is moving to Austin.

Janice Welborn- Jimmy Fisher To Marry Apr. 4th

Mr. and Mrs. Elvie Welborn wish to announce the approaching marriage of their daughter, Janice Kay to Jimmy Lee Fisher of Columbia, Louisiana and Wichita Falls.

The wedding will be solemnized in the Janlee Baptist Church on April 4th with Rev. Lamoin Champ, pastor of First Baptist Church officiating.

The bride-elect is a graduate of Burkburnett High School and attended Draughan Business College. She is now employed at Industrial Supply Co. in Wichita Falls.

The prospective groom is a graduate of Columbia High School and attended Northeast Louisiana State College and is now employed in Wichita Falls.

Birmingham, Alabama, is known as the "Pittsburgh of the South."

Jr. Forum Study Club Met March 24th

The Junior Forum Study Club met Tuesday evening, March 24th, in the home of Mrs. Wayne Smith, with Mrs. James Roderick, president, presiding. Nine members answered roll call by giving names of famous books written about Texas.

The devotional was given by Mrs. Wayne Smith, hostess.

President of Affiliate 23, Wichita Falls Hairdressers and Cosmetologists Association, Mrs. Martha Berry, showed an entertaining movie on hair styles and

dress fashions, which was filmed at the World's Fair in color and sound. It presented exciting new hair styles and colors designed to match the seasons new look in rich, silk fashions.

Following the movie, the members discussed the recent District Federation Club convention held in Wichita Falls, during which the club was awarded First Place in Education, in the Scholarship Division, First Place in Texas Heritage and Four Second Place awards in various other divisions.

Mrs. C. L. Pruett suggested the club plan a social night in the future, to entertain hub-

bands of the members. The Texas Electric Roddy Room was suggested as the place in which to hold such an affair.

Members present were Mesdames, J. Roderick, C. L. Pruett, R. Schroeder, John Gill, Monty Knox, Bill Wood, David Booher, Robert Williams and Wayne Smith, hostess.

A door prize was won by Mrs. Monty Knox. The home of Mrs. Raymond Schroeder will be the place of the next meeting on April 14th.

Alaska, with an area of 599,466 square miles, is nearly twice the size of Texas.

TECHNICAL SCHOOL

Sheppard's 175th Technical School gives instruction and training in numerous specialties within six career fields. The Technical School is responsible for all Air Force training in the computer and transportation fields and fixed wire communications. It also conducts training in aircraft maintenance, civil engineering and missiles. It is the Air Force prime center of training for the Atlas and Titan intercontinental ballistic missiles, and is assuming a key role in the military space vehicle programs. Training in computer science is offered by the two branches of the Department of Computer Training, The Accounting and Finance Branch trains officers, civilians and foreign nationals in accounting and finance and budget administration. The Management and Statistical Branch is responsible for training in statistical and data processing and management analysis.

The latest in transportation procedures and methods are taught by the Department of Transportation Training. The Advanced Officer courses are in transportation management and transportation safety. Airman receive training that qualifies them as air passenger and air freight specialists and aircraft loadmasters.

The Department of Communications Training produces airman specialists to operate and maintain Air Force telephone and teletype communications equipment in the outdoor environment. The Telephone Branch trains personnel to install and maintain aerial and underground lines, field wire communications and key telephone systems. The inside classroom facilities include training for installation and maintenance of manual, dial and automatic central office equipment and communications systems to support missile launching sites. The Teletype Branch includes maintenance instruction for teletypewriter, teleautograph, cryptographic and automatic message switching equipment.

The Department of Aircraft Maintenance Training is the largest of Sheppard's training endeavors. It provides mechanic specialists for the maintenance of transport aircraft, helicopters and the engines that propel them, both of the reciprocating and jet varieties.

The Department of Civil Engineering offers instruction in utilities, construction, missile site and airfield facilities maintenance. Here students become specialists in electrical power production and distribution, refrigeration, building maintenance, water supply and sanitation.

Hardin P.-T.A. Fun Night Friday, April 3rd

The Hardin P.T.A. is sponsoring a FUN NIGHT at Hardin Grade School Friday night, April 3rd, beginning at 6:00 p. m. Each room will sponsor an event such as Duke Bottle Ring Toss, fishing, washing well, cake walk and etc. There will be no admission charge at the door. At 8:00 p. m. a special music program, Songtime in the U. S. A. will be held in the auditorium. Admission for the program will be 50¢ for students and 25¢ for adults. The public is cordially invited to attend the Fun Night and musical program. There will be fun and entertainment for all ages.

CARD OF THANKS

I wish to express my sincere appreciation to all my friends and neighbors for the prayers, calls, cards, flowers and other kindnesses extended to me during my stay in the hospital. Your thoughtfulness will always be remembered. May God bless each of you.

MARY McBRIDE

Organizational Units: twenty-one squadrons under the Technical Training Center of which thirteen are student squadrons. There are eight squadrons in 494th Bombardment Wing, (H).

The majority of the courses taught are in support of the Titan II missile weapon system facilities.

The Department of Missile and Space Training conducts courses for officers and airman who maintain the mechanical aspects of the Atlas D, E, and F and the Titan I and II weapon systems. Fundamental training for Maintenance launch officers is also accomplished.

In all training areas, students are equipment trained. Wherever practicable, training is conducted utilizing equipment identical to that in the weapon systems in operational units throughout the Air Force.

Staffing the training departments with qualified instructors has imposed the requirement for an Instructor Training Branch. Selection of future instructors is made from the best qualified specialists now serving at Air Force bases throughout the world.

During 1963, the Sheppard Technical School instructor staff imparted their specialized knowledge and experience to 25,928 students graduating from the six departments of training.

BURKBURNETT, WICHITA COUNTY, TEXAS, THURSDAY, APRIL 2, 1964

NUMBER 30

Sheppard AF Base Is Area's Greatest Asset

DRY OF SHEPPARD U. S. AIR FORCE BASE

Dedication of Sheppard Technical Training Center was held in October, 1963. The arrival of the first class of aviation students and men in June, 1963, and the first class of aviation entered in October, 1963.

The training installation was dedicated for Senator Morris Udall, an advocate of aviation preparedness. As chairman of the Senate Military Affairs Committee, he held the fight for aviation preparedness preparation. The 300-acre site was dedicated to the government for one year by S. Bridwell, Wichita, Kansas.

World War II, Sheppard conducted basic training for glider mechanics and pilot training, liaison training for ground crew members, training aids for B-29 engineers, C-82 mechanics and helicopter mechanics. The base reached its peak strength of 46,304 personnel in September through 1945.

The base was deactivated in 1946, and declared surplus to the War Department in 1947. The Air Force Base was reactivated on August 31, 1948 as a training base to relieve conditions at the training center at Lackland Air Force Base, Texas.

The installation in 1950, the training program continued in June, 1949; re-established from May, 1952. Since World War II, Sheppard has been conducted

airplane and engine mechanics was transferred from Keesler Air Force Base. As the base's mission progressed, this school was transferred to the Department of Maintenance Training, one of the two largest within the Technical School, United States Air Force.

The large training department in the school is the Department of Missile and Space. While the early phases of this department began in this department before 1955, the first class was entered in October, 1959. An "outpost training center" for the Titan, intercontinental ballistic missiles, was established in February, 1958.

The Comptroller and Transportation training were transferred in 1954 from Lowry Air Force Base; the Communications training from Francis E. Warren Air Force Base in 1959; and Utilities training activities in 1958.

Sheppard assumed a training responsibility in 1954 and gained a part of the Mobile Training Center, previously conducted by the 3499th Field Squadron at Chanute Air Force Base. The wing's responsibility was divided between Sheppard and Amarillo Air Force Base. Earlier in 1954, Sheppard was redesignated as Sheppard Technical Training Center.

In the decade of the 60's, the mission of Sheppard Base is TECHNICAL training and support of the SAC Wing. No further expansion is necessary. No explanation is acceptable. Military and technical training courses develop the necessary human skills required to support Air Force weapons and equipment. The Center prepares extension Air Reserve Center training courses, OJT materials and services.

The Sheppard Mission

The primary mission of Sheppard Technical Training Center is TECHNICAL TRAINING and SUPPORT of the tenant SAC Wing.

The six major career fields in which training is given at Sheppard — Aircraft Maintenance, Missiles, Transportation, Civil Engineering, Comptroller, and Communications — develop the necessary human skills required to support advanced Air Force weapons systems and equipment.

Base Exchange: Main Store, Airmen's Store, Ice House, Main Cafeteria, 16 snack bars and mobile food service units, two auto service stations, 28 concession activities and a guest house at Sheppard plus an annex at Lake Texoma.

Derived from the Strategic Air Command's "Dispersal Concept" which strengthens SAC's deterrent power by complicating the enemy's attack plan.

The Air Training Command personnel and facilities of Sheppard in all base activities are available to support the combat ready mission of the 494th SAC Wing.

This mission was expanded early in 1963 with the addition of the 900th In-flight Refueling Squadron equipped with KC-135 Stratotankers.

Sheppard Air Force Base also is the home of the 2054th Communications Squadron of the Air Force Communications Service; and Detachment 12, of the 24th Weather Squadron of Military Air Transport Service.

MAJ. HARRY R. HARP, Resident Auditor

TENANT Organizations

The 494th Bombardment Wing (H) SAC, activated at Sheppard Air Force Base in January 1959, is a vital part of the Strategic Air Command's deterrent force. The first of the Wing's assigned B-52 Stratofortresses, "The City of Wichita Falls," arrived in January 1960. The 494th achieved maximum strength early in January 1963 with arrival of the KC-135 jet stratotankers of the 900th Air Refueling Squadron. The first tanker to arrive was christened "The Wichitan."

The existence of the Wing at Sheppard stems from the Strategic Air Command's "Dispersal Concept" which strengthens SAC's deterrent power by complicating the enemy's attack plan. The Wing's B-52 combat crews flew a total of 916 "sorties" in 9994 flying hours during 1963. The KC-135 jet tanker crews flew 776 "sorties" in 4298 flying hours, off-loading some 5,000,000 gallons of jet fuel to B-52 bomber aircraft by in-flight refueling operations. Total gallons of fuel used by both the B-52 and K-135 aircraft during 1963 amounted to approximately 42,366,000 gallons. SAC's primary peacetime mission is one of deterrence. The mission of the base in support of the Wing is to provide the vital logistic supply and facilities necessary for the successful completion of the SAC mission.

Additional tenant units at Sheppard include the 2054th Communications Squadron (AFCS), Detachment 12, 24th Weather Squadron (MATS), and the Resident Auditor.

Self support Clubs: Officers Open Mess, 1000 members; Noncommissioned Officers Open Mess, 2750 members; Airmen's Club, 4500 members.

Traffic Safety

The speed limit for vehicles is 20 miles per hour on base and in the housing areas unless posted otherwise. When passing a marching formation, vehicle speed will not exceed 10 mph.

Marching formations of troops en route to and from the technical school area are frequent and will occur during the hours of daylight and darkness. Use extreme caution when approaching these formations and observe the traffic signals given by the formation guides.

Hitchhiking is prohibited by Air Force regulation, however transportation is provided as listed under that heading.

Two bowling alleys. One has ten lanes, the other, sixteen.

761st Band: Forty Air Force musicians are assigned to Sheppard. They support seven other area bases with band music for parades and official functions.

Commanders

MAJ. GEN. R. M. STILLMAN, Center Commander

1ST. LT. L. A. SIEPIELSKI, JR., HEDRONSEC, STTC

Post Office

The Base Post Office in Building 541 provides complete postal facilities including domestic money orders and parcel post handling.

MAIL DELIVERIES

Mail delivery is made six days a week in the Capehart and Wherry housing areas. Student and permanent party personnel residing in the barracks or dormitories receive mail at the Consolidated Mail Rooms, No. 1, Building 392, or No. 2, Building 541. Zip Code 76311.

Thrift Shop

Sponsored by the Officers' Wives' Club, the Thrift Shop offers purchasing and selling of all types of merchandise at substantial savings to the base military and civilian personnel. Located in Building 174, the hours of operation are from 1000 to 1500 each Tuesday and Thursday. Phone extension 2366.

Message From The Commander

MAJOR GENERAL ROBERT M. STILLMAN

The reading material for this section of the paper was taken from Sheppard Technical Training Center Annual Report, 1963. Also from a beautiful booklet published by Madge Francis and given to all newcomers to Sheppard Air Force Base. Thanks to both sources.

The Air Training Command mission is the recruiting and training of personnel for the United States Air Force. Vital to the attainment of this goal is the training carried on here at Sheppard Technical Training Center.

In this world of conflicting ideologies, the price of freedom continues to be constant vigilance and the maintenance of a deterrent force of trained men. Our motto—"Prepare the Man"—exemplifies our mission in supporting this deterrent force.

From 1960 to 1963 more than 102,000 men and women, an average of 25,000 a year, graduated from Sheppard's Technical School. Our forty-nine Field and Mobile Training Detachments, located throughout the world, trained an additional 176,000 students during this same four-year period.

Also in training at Sheppard are an average of 100 foreign students, representing some 22 allied nations. They help to emphasize the importance of Sheppard's role in developing air power among the nations of the free world.

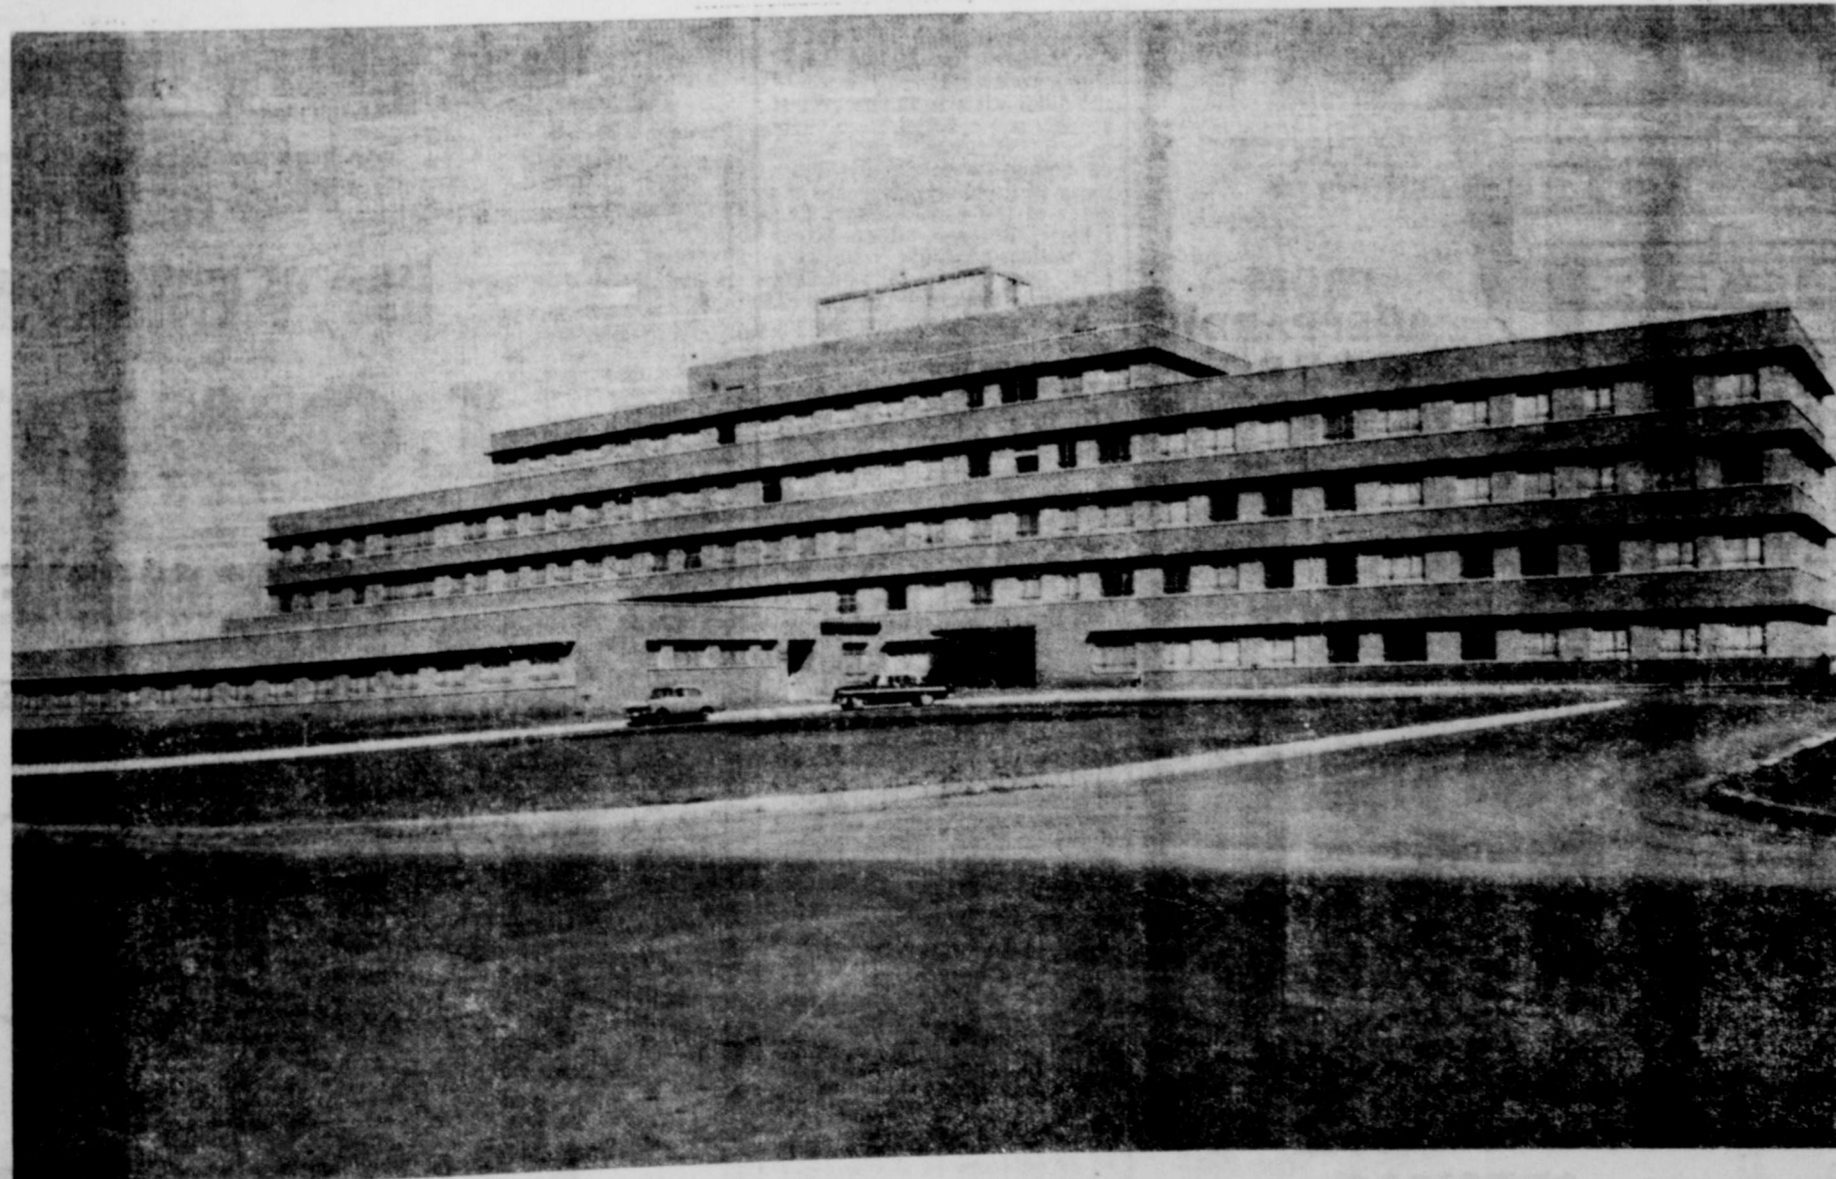

The Strategic Air Command's 494th Bombardment Wing (H) was activated at Sheppard in January 1959. The Wing achieved maximum strength in January 1963 with the addition of the 900 Air Refueling Squadron's KC-135 jet tankers. The assignment of this wing to Sheppard has made a 1,500 increase in the military strength of the base, but has meant a much greater proportional increase in the deterrent strength of our nation.

The contribution that Sheppard makes to the Wichita Falls community is possibly best indicated by the size of the population of the base and the payroll. But we realize the futility of attempting to gain support for our presence in this area solely on the basis of statistics, and in 1963 we have sought to strengthen the strong ties of friendship that already existed between the civilian and military communities by increasing our participation in civic enterprises. We believe that our greater support of the 1963 United Fund Drive is indicative of our sincerity. The Squadron Adoption Program has continued as the barometer of our mutual understanding and co-operation.

Sheppard is proud to be a part of the growing Wichita Falls area. We enter the new year confident of a continued fine relationship.

ROBERT M. STILLMAN, Major General, USAF

BEAUTIFUL NEW USAF HOSPITAL RECENTLY OPENED AT SHEPPARD AF BASE

The new Hospital at Sheppard, fifth largest in the Air Force, is one of 13 regional medical centers in the Continental United States. This \$5 million structure was built to give medical care to Air Force members, their dependents and other authorized personnel from North Texas, Oklahoma and New Mexico. Specialized treatment is also administered to patients who are transferred

from bases all over the world. An indication of the hospital's work-load is derived from the Air Force Clinics Division. An average of 20,000 patients visit each month, or 150 persons per hour. The average number of residents patients (or inpatients) in the hospital each day is 243; their average stay is two weeks. The new facility is equipped with 300 beds — 120 neuro-

psychiatric and 180 medical-surgical beds — and 40 bassinets. It also has an additional capacity of 100 beds for emergency expansion.

Sheppard's hospital is staffed by 56 medical officers, 29 dental officers, a veterinarian, 22 administrative officers, 79 nurses, 10 medical specialty officers, 400 airmen and noncommissioned officers and approximately 140 civilian workers.

Every type of medical service, with the exception of open heart, plastic and neurosurgery, is available. The Neuropsychiatric Department is the largest in the Air Force; the Dental Clinic is one of the largest in the Air Force.

Proof of the excellence of service provided by the Sheppard hospital is recognized by seal of approval from Joint Commission of Accreditation of Hospitals.

By **Edward E. Kerwin, L.R.D.**

GOVERNMENT intervention in the economic activities of the people becomes a race between political parties to see which can offer the most. For an unscrupulous party bids for the agricultural vote by trying to offer more than the other party. Likewise each party bids for the votes of teachers and professors by ...

... the other party in the support of schools and colleges. Each party uses fiscal security as a means of trying to outbid the other party in its efforts to secure the votes of the pensioners of that system. Because all recipients of welfare-handouts vote, each party tries to outbid the other in its efforts to garner these votes. It is the same in public housing. Since all householders vote, each party strives to gain these votes by offering more than the other party.

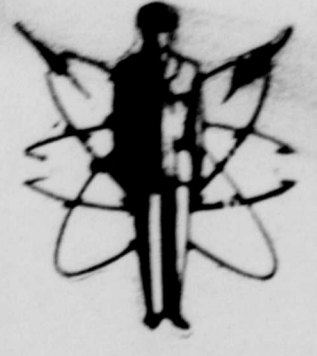

Whether it be urban renewal, wage increases for government employees or any other phase of our social and economic life, where government intervention is tolerated at all, the irresistible tendency is to keep expanding it by the use of more funds to garner more votes. The end of that system cannot be other than complete government-managed economy which is slavery.

In order to build a reservoir at Fort Thompson, South Dakota, the government bought land from the Indians for \$1,397,000. Merchandise credits of \$500 were issued to each of the 1,397 Sioux Indians. These credits were adopted because it was feared that if the Indians were paid in money, they might use it to pay debts or buy food or clothing and this might upset state welfare payments. Of course, the Indians wasted the money for television sets, liquor, furniture, and other things they did not need. Electrical appliances were ordered for homes without electricity. One Indian bought furniture his house would not hold and stacked it outdoors in the weather. Another bought a rug too large for his small house. Relief for uneducated people is mostly wasted. Who can tell how much of the 50-odd billions of dollars spent annually in our country for relief and subsidies goes down the drain with little benefit to those who receive it while contributing enormously to their loss of self reliance and increasing dependence.

HANDLER AND DOG TRAIN AT LACKLAND

(Official U. S. Air Force Photo)

Handlers are assigned sentry dog duty on a voluntary basis and report to Lackland AFB for eight weeks of intensive training with the dogs they have been assigned. These dogs whose duty it is to guard restricted areas of the 494th Bombardment Wing (Heavy), Strategic Air Command, are as rigidly trained and dedicated as the Strategic Air Command airmen. It takes just a few weeks to change them from man-killers.

SHEPPARD SENTRY DOG

Claire Adolphus-Raymond White Married March 21st

Claire Adolphus and Raymond White were united in marriage March 21st in Chapel 3 at Sheppard Air Force Base.

The bride is the daughter of Mr. and Mrs. James C. Adolphus of 1119 Clover Drive, Burkburnett and the bridegroom is the son of Mr. and Mrs. White of Wichita Falls, Texas.

Chaplain Johnson officiated at the ceremony.

Maid of honor was Miss Ann Adolphus, sister of the bride. Best man was Mr. L. D. Cheatam, a cousin of the bridegroom. The bride wore an aqua suit and a white carnation corsage.

Afterwards, a reception was held in the home of the bride's parents.

Others who attended the wedding and reception were Mr. and Mrs. Denton Cheatam, Mr. and Mrs. Roper, and Miss Barbara Adolphus, the bride's younger sister.

Mrs. Haskell Draper Hostess To Friendly Homemakers Club

The Friendly Homemakers Club met Wednesday, March 29th at 9:30 a. m. in the home of Mrs. Haskell Draper.

Mrs. Oscar McBride, president, called the meeting to order. Mrs. Monroe Gray, gave the opening exercise.

A report on the clothing workshop was given by Mrs. J. G. Cheney.

Mrs. Oscar McBride's dress of brown checks with shoes covered to match was displayed.

Some of the features of the dress were matched plaid, bound button holes and cording.

Those making dresses in the workshop were Mesdames Dan Stephenson, Oscar McBride and E. E. Bangs.

After the business meeting 4-H Club girls gave a demonstration of versatile vegetables.

Refrigerator rolls made with potatoes were served to the members with refreshments.

Recipe is as follows: Mix together 1 1/2 cups luke warm potato water, 2/3 cup sugar, 1 1/2 tsp. salt, 1 yeast cake or 1 pkg. yeast, 2 eggs, 2/3 cup shortening, 1 cup luke warm potatoes, 7 to 7 1/2 cups flour, knead until smooth, place in refrigerator. About 2 hours before making, shape dough into rolls, cover and let rise about 2 hours. Bake in 400 degree oven about 15 minutes. Makes 4 dozen rolls.

The 4-H girls were, Marian Bentley and Louise Bentley. Mrs. J. H. Bentley is 4-H Leader.

This reporter wishes to compliment Mrs. Bentley on her dedication to 4-H work.

Those present for the meeting and demonstration were Mesdames John Welter, Jan Stephenson, Allen McCollar, Dru McBride, Earnest Masters, Oscar McBride, Monroe Gray, J. G. Cheney, Carl Sutherland, hostess Haskell Draper and Mrs. J. H. Bentley. 4-H Leader Marian and Louise Bentley, 4-H members.

The next meeting will be with Mrs. O. M. Givens, 1003 Beverly Drive, April 8th.

Contemporary Study Club Held Regular Meeting March 24th

A regular meeting of the Contemporary Study Club was held in the home of Mrs. Oran Wilson, March 24, 1964. The President, Mrs. Joe Crowley in the chair.

Mrs. Oran Wilson reported on the Santa Rosa District Texas Federated Women's Club convention held in Wichita Falls on March 23rd. Our club President, Mrs. Joe Crowley won first on her oral president report.

The Project Chairman, Mrs. Cliff Wampler, reported we gave five cakes, cookies, coffee, and a floral arrangement to the State Hospital for their Easter party.

The chairman for the curtains for the Youth Center, Mrs. H.

S. Thaxton, reported, we bought fourteen pair of lined drapes, washed windows, repaired travel rods, and hung the drapes. The door prize was won by Mrs. Cliff Wampler.

A delicious refreshment plate was served to twelve members.

SAFETY LOCK

A common lock can make a gun safe. Get one whose U shank is the right size to prevent trigger having enough room to be pulled back and fired. Then lock in place.

ROUGH CHUM

Best chum is prepared stuff, catfood, or minnows. But all rough fish and muscles, clams snails and such can go in the grinder and will attract most species.

ARTIST'S IMPRESSION OF THE SEPARATION OF THE TITAN II

(Official U. S. Air Force Photo)

receive calls when he is away from the office through a small machine which he can carry in his pocket. Many other developments are on the drawing boards and in the laboratories. This leads me to believe that women who are buying telephone stock may be showing more sense than the investment advisors who claim they have too much. As long as the Federal government does not take over such companies, their efficiency and earnings should continue to improve.

More About Computers
The telephone industry will gradually profit from the use of computers. When I am asked what will be the next big industry, I suggest that the computer industry should lead the list. Among companies now in the forefront of this field are International Business Machines, Minneapolis-Honeywell, R. C. A., Sperry-Rand, and Control Data Corporation. Do not write me asking which of the five is the best bet. Nobody knows. You might put an equal amount of money into each of these five.

I am told that one of the newer models now being offered works 30 percent faster than the one presently in use. The computer manufacturers claim that in one second their new machines can do 357,000 additions and subtractions, 178,500 multiplications, or 102,000 divisions.

What About Lasers.
One of my M. I. T. friends, Professor Charles Townes, is a pioneer in this field. Laser technology endeavors to harness light and sound waves and concentrate these into "coherent" beams. The greatest immediate probable application lies in communications. A laser beam can be the carrier of millions of telephone messages all at once. It can transmit simultaneously many different TV programs. Instead of requiring a single carrier for each program, Laser technology may become very valuable for space communications and distance measuring. These powerful beams can also be used for cutting, such as in surgery, industrial cutting, welding, etc. Laser technology is definitely forging ahead.

Information Revolution
Let me close by summarizing a recent talk in Tampa, Florida, by Dr. George L. Haller, vice president of General Electric. The primary human need for

the next twenty years will be for machines to help us organize and handle great quantities of information without being swamped by it. We will need machines and systems to help us think, to solve problems, to store information in small space.

Dr. Haller also added that the machines will help retrieve any particular information. "Home computers" would keep track of everything — grocery lists, appointments, anniversaries, etc. They would take care of your finances, bank balances even pay household bills!

POTATO WATER SHINE
Tarnished and dull spoons can be polished by soaking overnight in water your wife boils potatoes in. Next morning they gleam.

Roger W. Babson Weekly Report

ROGER W. BABSON

BABSON DISCUSSES THE INFORMATION REVOLUTION
BABSON PARK, Mass. Many investment advisors complain because the portfolios of investors, especially women, have so much telephone stock. At the present time there are only two large telephone companies — American Telephone and Telegraph Company with its manufacturing subsidiary Western Electric, and General Telephone and Electronics Corporation with its progressive electronics manufacturing subsidiary Sylvania Electric. But readers must not think these two control the entire telephone industry of the United States. There are seventeen different telephone companies in Florida alone, and several thousand "independents" in the entire United States.

Many Telephone Developments
Many things are being devel-

oped for ease and convenience in using the telephone. For instance, there is the newly introduced Rapidialer. This works somewhat as follows: The Rapidialer enables a telephone user to record on a revolving magnetic tape over two hundred and fifty phone numbers (including long-distance numbers frequently called). I understand this represents the different stations the average person calls. Telephone numbers can be added or erased in a matter of seconds. This is a time saver making reference to the directory less necessary.

I have already referred to my friend "Jay" Frekt-Hayes of Babson Park, Florida — father of the telephone answering service. This device enables a doctor, lawyer, salesman, etc., to

News From The County Agent

With the threats of rabies to farm livestock always present, County Agent B. T. Haws advises farmers and ranchmen to be on the alert for the disease.

Wild animals, he adds, seem to be the chief carriers of the disease to domestic animals by biting them. Skunks, foxes, raccoons and bats are among the carriers.

Last year in Texas 464 cases of rabies in animals were diagnosed by the State Health Department Laboratory, the highest number in the nation for a state.

The county agent cautions against any attempt by an untrained person to examine an animal behaving in a peculiar manner, or acting as if an object was lodged in its mouth or throat. Such animals, if rabid, can transmit the disease to humans by biting them.

Rabies in its early stages resemble several other livestock diseases, the county agent explains. He suggests that a veterinarian be called immediately if an animal with symptoms of the disease is noted.

The widespread vaccination of pets and greater public alertness to the disease will help keep the number of cases among humans and domestic animals on the decline, the county agent said.

All across the state cattlemen are needing pastures to feed cattle instead of gophers. However, reports from many sections show that the gophers are getting the upper hand. In addition to killing the grass in pastures, gopher runs and mounds make pastures unsightly and rough. The mounds make combine harvesting of clover and

other seed almost impossible. Dirt is dug from the run and pushed to the surface in the form of a horseshoe mound. The gophers (salamanders) can be killed only in their runs which are about six inches deep. The tunnel from the mound to main run is usually plugged with dirt.

Gophers may be killed by either of two methods, probe or machine. When using the probe method, push a stick the size of a hoe handle into the ground over the run. Do not let stick hit bottom of the run. Place one teaspoon of poisoned grain in the run and cover hole with a chip or piece of sod and pour dirt over it to keep light out of run.

The U. S. Fish and Wildlife Service has developed a Burrow-Builder which simulates gopher runs and deposits poisoned grain in them. Plans for the machine can be obtained from your county agent or by writing the Agricultural Information Department, College Station, Texas.

When using the poison grain, special care should be taken to prevent accidental poisoning. Be sure to read the label on packages and accept only packages with printed labels, advises Haws.

FISH BOARD

Best fish scaler you'll ever have can be made of a board the appropriate size of the fish you are catching. Nail pop bottle caps in neat grid lines all over the board. Sharp edges hold fish securely for scaling and filet work.

Family Services

The married airman or officer arriving with his family will want to go first to Family Services, Building 375, hours 0900-1600. Family Services offers assistance to Air Force personnel and their families by helping them to get acquainted and settled. Your first day here, you may want temporary quarters, a cup of coffee and a chance to chat with someone about the locality in general.

The affable Volunteers are on duty to help you Monday thru Friday. They can provide you with a map of the city, a current listing of available off-base housing in furnished and unfurnished rental apartments. Rental prices vary widely as do the types of units that are available, but rent is considered to be consistent with the rental standards throughout the Midwest. Furnished units do not usually provide dishes, silverware, cooking utensils or linens. There is an unlimited number of houses for sale in Wichita Falls and area towns.

Sometimes household goods are delayed in shipment. A supply of essential cooking and eating utensils is kept on hand by Family Services for short

term loan in such emergencies. Other items that may be borrowed are irons, ironing boards, cribs, highchairs, and a few electrical appliances. Linens are not available and personnel should bring these items with them.

Family Services Volunteers also help in times of emergencies such as illness, death or absence of the husband, etc.

The Family Services sponsored Family Orientation Course is held periodically. For the Air Force wife who has never attended such an orientation, she may learn what services are available to her and her family thru the Hospital, Chapel, Legal Office, Transportation Office, Personal Affairs, Air Force Aid Society, Social Security, Veterans Administration and other agencies.

PERSONAL AFFAIRS

The Personal Affairs Office is ready to assist local airmen and their dependents with information and counseling on many matters which affect their personal welfare. These include inquiries concerning government or commercial insurance, veterans benefits, state bonuses, bonds, absentee voting, passports and visas, and numerous related topics.

In addition, Personal Affairs provides casualty assistance to the next-of-kin of deceased Air Force personnel, counseling on death benefits, or retirement benefits and separation from the service. Their casualty assistance also extends to retired Air Force personnel and their dependents.

Another service of Personal Affairs is the counseling and briefing on overseas movements.

PHOENIX, Ariz. teeners try to raise \$16,000 for enclosure for old mangy Leo.

MARY COSTA moved from non-singing auto commercials on TV to singing La Traviata at the Met!

AMERICAN WATCHMAKERS voice alarm at Swiss efforts to "eliminate the 15 per cent of U.S. market left to us" by tariff battle. Left to right are Henry Margolis of Elgin, Howard Sinkler of Hamilton, Gen. Omar Bradley of Bulova, preparing facts for Tariff Commission hearing in May.

Affairs Office, this official emergency assistance organization for the United States Air Force supplements the relief work of the Red Cross and other agencies. Financial assistance is provided in the form of non-interest loans, or grants in case of severe hardship. Subsidiary to this organization is the "Hap" Arnold Educational Fund which awards loans or grants toward college scholarship assistance to dependents of Air Force personnel.

AMERICAN RED CROSS

The base Red Cross Field Director's Office and Staff are located in Building 646. Military personnel and their dependents can avail themselves to the services of this agency which include emergency financial relief in case of death, illness, non-receipt of pay or family allowances, emergency leaves, etc. The United States Air Force Hospital Red Cross, located in Building 1200, serves hospital duty personnel, registered patients and their dependents.

LEGAL ASSISTANCE

Legal assistance is provided to military personnel and their dependents during normal duty

hours Monday through Fridays. These services include but are not limited to preparation of wills, powers of attorney, bills of sale and other documents. Counseling is also provided in regard to immigration and naturalization, insurance, taxation, adoption and other legal matters. Notary Public service is provided without charge. The Office of the Staff Judge Advocate is located in Building 316, Extension Numbers 2813 (claims), 2319, 2358, 2241 and 2276.

PAY AND FINANCES

The Accounting and Finance Division is located in Building 247. All special pay actions for ATC personnel not initiated during in-processing are performed by the Consolidated Unit Personnel System (CUPS). Located in Building 340, CUPS handles pay matters, including allotments, for ATC officers and airmen.

The volume of business thru the Accounting and Finance Division is so great that we must ask you to contact your CUPS clerk first about any pay questions. If this brings no satisfaction, the clerk will then make an appointment for you at the Accounting and Finance Division.

After processing in, all SAC personnel should contact their Wing Personnel Office, Building 296, for additional pay information.

What's Your Hobby?

Now is the time to get your boating and camping equipment ready for the first good weekend. Lots of people complain they don't have enough storage space for the odds and ends they want to take along. Try the small metal shelf units usually seen hanging on doors and walls at home. They have guard rails to keep things from falling off and the shelves are adjustable.

The 1940 Ford Pick-up is to truck customizers what the 1932 Ford "Deuce" is to car restylers. Monogram Models, Inc. is catering to the "truckers" with a new customizing model kit in the ever-popular half-inch scale. The kit has loads of extra parts so you can build a stock pick-up or one of several customized versions. Working parts include windows that raise and lower and operating tailgate and hood.

If you like to start plants indoors from seed, you need "flats." Cut-down milk cartons, muffin tins and the aluminum foil pans that come with frozen foods are three good candidates. They don't take up much space and are easy to handle.

The Ford Motor Company reportedly spent \$30 million getting the 1958 Thunderbird on the market. And that car is still considered the most glamorous of all the T-birds. Monogram's half-inch-scale model kit reproduces this modern classic in all its sleek beauty. You can build the car stock or custom, including a bubble-top style. And there are operating parts such as opening doors, hood and bubble.

Tortoise shell combs are made from the shell of a tropical marine turtle.

SEA GULLS SHY

Lt. Carl Atchley and family have been transferred from Sheppard Air Force Base to Holland. They left on the first part of their trip, Wednesday, March 25th. The Atchleys lived at 1010 Sycamore while stationed at Sheppard Air Force Base.

Welcome to the James M. Johnsons, an Air Force family just moved into 1006 Jan Street. The Johnsons arrived from Mt. Horne Air Force Base, Idaho, and are now stationed at Sheppard Air Force Base.

A/3C and Mrs. Billy R. Read of 314 Burkhaven, are the proud parents of a son, James Stephen, born on the 26th of March, at Sheppard Air Base.

Mr. and Mrs. Ronald L. Dion and son, Ronald Jr. two months old, are now making their home with his mother, Mrs. Earl James Boyd of 1307 Sheppard Road. They arrived from Massachusetts, March 26th, via bus.

Mr. and Mrs. Harold Landes of 1401 Sheppard Road visited their daughter, the former Glenna Landers, last week, in Ft. Worth. Glenna, now Mrs. Swayne Benson, gave birth to a son, Ken on the 13th of March. It is their first child.

Mr. and Mrs. Harold Van Loh of 311 E. 6th, visited their son, Ken who is a freshman at the New Mexico Military Institute, in Roswell, New Mexico. Ken's grandmother, Mrs. J. H. Brumley, also made the trip.

Visiting Mr. and Mrs. Harry Elliott of Wichita Highway, are Mrs. Herbert Lawson, the former Mur Anne Elliott, and her daughter, Debra Lynn. Mrs. Lawson, who just returned from Kitzingen, Germany, March 15th expects her husband, 1st Lt. Lawson, to join her on April 4.

The Sidewalk Auction, held last Thursday evening in the business area of the town, received fair crowds for a first night. The weather was a bit cool and may have kept some people at home.

The ones who came and brought items for sale and the buyers of those articles, found some fine bargains. Merchants sold some choice merchandise at the auction, some of it going for a real choice price.

The auction will be on again, this Thursday and one again, everyone is invited to bring articles for sale or to come and buy at real bargain prices. (Please, no livestock of any kind.)

If you have something you no longer need or want, bring it. It may be just what another person is looking for! One item per family.

Remember! The stores will remain open for your convenience, until the auction is over. The sale will occur each Thursday evening, beginning at 6:30 p. m. It is fun and profitable. See you there!

The deadline for acquiring 1964 license tags was Wednesday, April 1st and this led to long lines outside and inside the Chamber of Commerce last Monday and Tuesday. It was certainly a busy beginning of a new week for the staff of the Chamber. Now it is over for another year. Whew!

Visiting the Lonnie Wilkersons of 1305 Sheppard Road, over the weekend were Mr. and Mrs. Jimmy Meeks and their little son Jimmy Arnold. Mrs. Meeks is sister to Mrs. Wilkerson. Arriving on Sunday for a short visit were her parents, Mr. and Mrs. Murl Sturgess with another sister, Loretta. All are from Tipton, Oklahoma.

Entrants of the Miss Burk Burnett Pageant were treated to a

Charles Hofacket Will Attend Humble Manager's Meeting

Charles Hofacket, service station manager for Humble Oil and Refining Company in Burk Burnett will attend the 10th annual Humble Manager's Convention in Dallas April 6 and 7.

He will join approximately 800 other Humble service station managers, sales representatives, and their wives from North and East Texas and Southern Oklahoma at the two-day meeting to be held in the Statler-Hilton Hotel. Keynote speaker will be Dr. M. E. Sadler, Chancellor at Texas Christian University.

During the convention, presentation will be made on Humble's 1964 advertising, sales promotion, and merchandising plans; new product developments; and customer service techniques. Clinics will be held on motor oil and gasoline; service; tires, batteries, and accessories; and managing and merchandising.

The purpose of these yearly meetings is to provide product and marketing information which will help Humble service station managers give better service to their customers.

Boyle-McCutcheon Engagement Is Announced

Mr. and Mrs. Nelson E. Boyle of 700 Meadow Drive, Burk Burnett, announce the engagement and approaching marriage of their daughter, Shirley Anita to Second Lieutenant Philip Leo McCutcheon, son of Mr. and Mrs. Leo McCutcheon of 2313 Grant Street, Wichita Falls. The wedding will be June 5th at the First Methodist Church in Burk Burnett.

Miss Boyle is a graduate of Wichita General Hospital School of Nursing and is a registered nurse. At the present time she is attending North Texas State University and working part-time at Memorial Hospital in Denton, Texas.

The prospective bridegroom is a graduate of Wichita Falls High School and of Midwestern University where he majored in Social Science and Secondary Education.

He is in the combat engineer branch of the Army and is at the present time stationed in Fort Belvoir, Virginia. His next duty station will be in Germany.

weiner roast on the 28th, at the home of Mr. and Mrs. Albert Dillard of 311 W. 1st. Assisting the Dillards as hosts and hostesses were Mr. and Mrs. Darrell Nichols and Mr. and Mrs. Charles Griffith.

Mr. J. W. Simpson of 10 Grace, a Federal Service employee at Sheppard Air Force Base for 15 years, retired last week.

His 21 years in Civil Service began in Lubbock in 1943. He has served at Carswell Air Force Base, in Fort Worth, Pyote Air Force Base, in Pyote and was transferred to Sheppard in 1948.

Mr. Simpson was raised in Chillicothe. He and his wife, Florene, have two sons, Wesley and Waylon.

The Simpsons plan to make Burk Burnett their permanent home.

Rusty Todd, son of Mr. and Mrs. Chester Todd of 519 Bluebonnet, ham radio operator, was in contact with several towns in Alaska in reference to the recent earthquake.

Rusty was a winner in the Midwestern Science Fair with a device which detected radio interference.

Mr. David Johnson and family, of Pasadena, spent the week end with his parents, Mr. and Mrs. P. H. Johnson of 511 Buckner.

Mr. and Mrs. P. H. Johnson visited their son, Preston Jr., at the Veteran's Hospital in Dallas, Wednesday. The ex-serviceman went to surgery April 1st, in the morning.

"HI DADDY"

"Hi Daddy! When are you coming home?"
How happy it would make our Heavenly Father if we responded to His voice in the same joyous manner that this little child has responded to his Daddy's voice.
Enthusiasm for God's Way would turn a greater number of people toward God and His love.
"I was glad when they said unto me, Let us go into the house of the Lord" (Psalms 122:1) would be a joyous response to God's command, "Forsake not the assembling of yourselves together." (Hebrews 10:25)

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny, the truth which alone will set him free to live as a child of God.

**Mrs. Lonnie Taylor
Hostess For
Forum Study Club**

The Forum Study Club met in the home of Mrs. Lonnie Taylor for a regular business meeting. Mrs. Juanita McDonnell presided. The project committee reported that the club's main project for this year had been carried out, that of buying chairs for the Youth Center. Plans were discussed for members to attend the District Convention in Wichita Falls. The club is sending Mrs. McDonnell as a delegate from our club, and several of the members will attend.

Mrs. J. C. Adams, Jr., president-elect, appointed the committee and department chairmen to serve with her for the coming year.

Mrs. Don Mills presented a program on "The Threat of Communism in America Today." She played a recording made by a former member of the communist party. He told of the infiltration of communism into our schools, colleges, churches, industry and government. He reminds us that our greatest threat of communism is among our youth.

The club members enjoyed a White Elephant Sale after the program.

Refreshments were served to Mesdames J. C. Adams, Jr., Tom Burnett, Ed Green, Wallace Landrum, T. M. Cornelius, Don Mills, Joe Wolfe, James Brockhaus, Gene Bankhead, Jack May, Lloyd Bloodworth, James Wickersham, Juanita McDonnell, one new member, Mrs. Nadine Holland, and the hostess, Mrs. Lonnie Taylor.

**Mrs. Bill Cauthorn
Hostess March 25
Burk Garden Club**

Burkburnett Garden Club met March 25th in the home of Mrs. Bill Cauthorn.

Mrs. J. B. Riley, president, presided. The roll call was answered by "Timely Garden Tips." After a short business meeting, the blue ribbon award, which was won on the Yearbook at the District II Convention in Vernon, was displayed. It was announced that a white elephant sale would be held at the April meeting in the home of Mrs. A. H. Lohoefer.

Mrs. D. C. Dodson introduced the most outstanding speaker, a national judge and a member and judge of the National Rose Society, Mrs. L. B. Slaughter of Wichita Falls. Her lecture was on Rose Varieties and Culture for Wichita County. She stated "always buy patented roses from good reliable dealers and select a good space that has about six or eight hours a day of good sunlight and good drainage and away from large trees."

Be sure your plant has four or five good roots and trim off those not in perfect condition. Dig large hole, mound the dirt in a cone shape in the center, then press roots down firmly and fill with water.

Be sure you have grafted roses, and loosen their labels after planting. Trim the branches about six to eight inches. Feed roses after first bloom and give excess feeding later. Nitrogen feed for green in the leaves and color, five or six weeks before show time. Phosphorous is needed for root growth and disease resistance. Potash slows down too rapid growth. Water well, five gallons per week per rose bush. Never pinch back buds for saving bush growth.

A lovely salad plate was served to seventeen members and one visitor, Mrs. L. B. Slaughter, and the gracious hostess, Mrs. Bill Cauthorn.

'SUNDOWNERS'

Where were all you dancers last Saturday?

Our regular dance was held Saturday, March 28th at the Legion Hall.

A very nice time was had by all who attended.

We were honored with one guest caller and his wife: Glen and Lou Crow of Electra. Several guests from Wichita Falls and two visitors from Midwest City, Oklahoma.

Several of the dancers who just graduated were on hand and we hope they had fun. Five of the new dancers have joined our Sundowner's Club.

Installation of new officers will be on the agenda for the next dance April 11 at the Legion Hall.

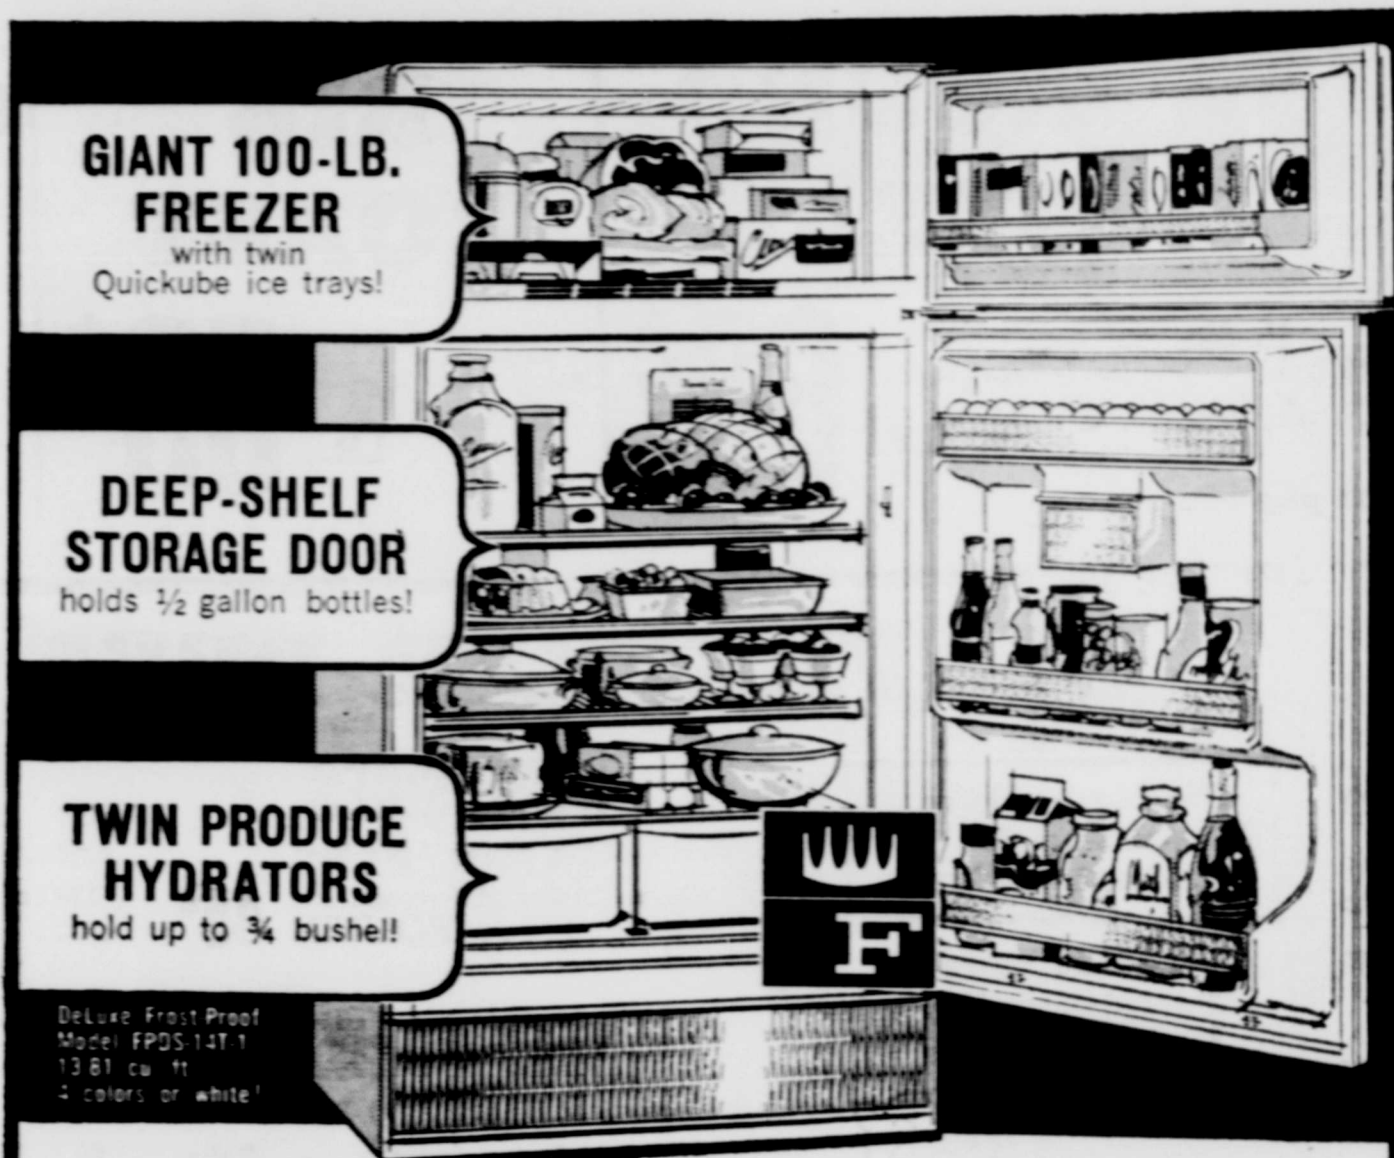

See ya there!!

Springtime In Texas' Home of Jr. Forum Club Show

"Springtime In Texas" was a fitting title for the Junior Forum Club's second annual style show, presented March 20th in the Junior School Auditorium.

Beverly Riley described the show as organ music, Mrs. Janice Vincent, on the air while the models made their entrances through a beautiful, light covered archway.

Stage decorations were by the Fedway De-Store. White's Auto and N Variety Store, Texas Electric Service, Brook Floral Central Seed and

A flower must bud before it can bloom. So must children be born before adult life. So it was the Children's Forum Show which was first to be held in the Springtime building out in fresh air. The models were, Judy Klink, Phillip Day, Carla Nell, Silkworm, Janet Ronda Austin, Patricia Bloodworth, Sonnie Austin, Monica Hubbard, Emma Williams, pre-entertainment with renditions on guitar, of "Mockingbird" and "Wheels". The buds have first the flowers are stur-

dy and strong, suggesting the next fashions to emerge on stage, Sportswear.

Models in that category were Barbara Wolfe, Barry Davey, Judy Stanley, Stephanie Slusher, Rita Jones, Gary Owens, Shelia Davey, Donna Sue Thompson, and Henry Bauch.

While models were rushing around backstage preparing for Street wear, Gary Bean was on stage, singing and playing his guitar, to the delight of the audience.

Streetware was capably demonstrated and shown by Barbara Bean, Barbara Wolfe, Barbara Parrack, Zell Schmidt, Tona Nix, Jan Robertson, Jean Page, Jan Bolinger, Jackie Cornelius, Dixie Van Reenan, Johnny Koller, Virginia Eaton, Cynthia Freeman, Adrienne Davey, Joy Roberts, Judith Bowles, Brenda Spillers, Johnette Martin, and Mesdames Fred Hunt, Raymond Van Loh, T. M. Cornelius, Bill Reasoner, Doyle Brantly, Brack Preston, Theo Austin, W. D. Holt, John Martin and Lloyd Bloodworth.

Linda Wood, a very skillful and exciting twirler, fascinated everyone during this period, and was followed by fashions in Sleepwear.

Night falls even in Springtime and models wearing latest styles in sleepwear appeared on the stage. They were Mitzi Mills, Patty Gill, and Mrs. Charles Palmer.

Max Crowley closed the fine show with his talented offering of "Mona Lisa", accompanied by Ruby Renfro at the piano. He then performed an instrumental version of "Stompin' At The Savory."

A drawing for a door prize was won by Mrs. Mary Sorenson.

Supplying the lovely fashions were Clement's Fashions of Parker Plaza, the Elite Dress Shop, The Famous Department Store, The Manhattan Department Store, and Opal's Dress Shop.

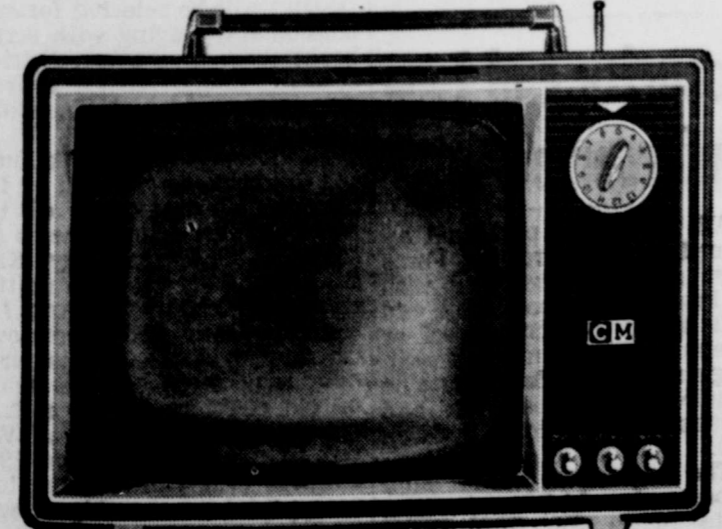

The largest chunk of quartz (70 tons) was found in Russia.

Mrs. J. M. Pogue Hostess March 18 University Club

The University Study Club met for a regular meeting on Wednesday, March 18th in the home of Mrs. James Pogue. Mrs. Young, president, was in the chair and we had a very long business session. We discussed the club convention to be held in Wichita Falls on March 23rd and Mrs. Burns, vice president, was elected delegate. Then it was decided to send a carload because the convention was so close to home.

Mrs. Young introduced Mrs. Cauthorn, the incoming president, and she announced the Year Book Committee, Mesdames Houser, Pogue and Burns.

Then Mrs. Young turned the meeting over to Mrs. Burns who announced the program for the afternoon. She gave the quotation, "Knowledge gained, knowledge retained and knowledge applied," then introduced Mrs. Majors. Mrs. Majors in her own clever way, brought Mrs. Melton's paper on Education, Our American Heritage.

Mrs. Shrum brought a very interesting paper on the Navajo Trail.

Mrs. Rigby brought an interesting report on Federation. Mrs. Rigby is the Federation Counselor for our club.

Mrs. Pogue served a delicious refreshment plate to the following members: Mesdames, Shrum, Rigby, Bunstine, Majors, Matthews, Gilbert, Bazell, Young, Calthorn, Rigby, Melton, Williams, Sessums, and Fuqua.

'SUNDOWNERS'

The Sundowners were hosts for a graduation dance last Thursday evening at the Youth Center.

The graduation class was presented their graduation certificates by their square dance teacher, Cecil Curtis.

The class was then invited to join the Sundowners by Rosy Roark, president of the club.

Several visiting dancers from the area were on hand to help welcome the new dancers into the wonderful world of square dancing.

"Se ya in a Square"
ROSY and INA ROARK,
Sundowner's Publicity

First use of jewels as bearings in watches dates back to 1700.

Girl Scout Troops To Sell Cookies

HI... IT'S GIRL SCOUT COOKIE TIME!

Local Girl Scout Troops will join their sister troops from all over the country, April 1-19, selling their famous cookies.

For the Junior, Cadette and Senior Scouts, it is the biggest drive of the year to earn money. A dream of a camping area of their own is one purpose of the sale.

Three varieties of cookies from which to choose are being offered this year. Cream filled, half chocolate, half vanilla sandwich cookies, crisp butter cookies and chocolate-mint combination flavored cookies. Delicious.

Part of the cookie proceeds will go to each troop to aid in purchasing camping equipment and other necessities.

Everyone likes cookies, so please help the local troops earn their campsite. Your cookie purchase, for so little, can do so much.

Mrs. Carolyn Greer is Neighborhood Chairman assisted by Troop Chairman, Mrs. Betty Gibson, Troop 50; Mrs. Edward Osborn, Troop 94; Mrs. Harold MacIntire, Troop 48; Mrs. Strickland, Troop 115 and Mrs. Barbara Johnson, Troop 45.

Any of the chairman will be happy to see that you receive cookies, should the scouts miss your home during the sale.

for women only...
BY LINDA SCOTT

Try this if your hands become messy when greasing cake pans, cookie sheets or casseroles. Slip your hand into a waxed bag "mittens", pinch off a piece of butter or margarine and grease. It's easy to get into all the corners. When you are through just toss your disposable mitten away.

Even when you wear an apron when washing dishes, dresses can get wet. Protect your dress from the unscheduled bath by pinning a piece of plastic to the underside of your cotton apron.

To make shorter work of doing dishes, put the dishes in the hottest water you have, add soap or detergent and let stand until you can put your hands in the water. The dishes will come sparkling clean with a rinse, reports The Lindsay Company, particularly if you have soft water, which is superior in dissolving and washing action.

If you're yearning for contour bed sheets and aren't ready to replace your current supply here is a simple method to convert them to contour type. Tie a knot in each corner of your sheet and tuck the knots under the mattress. This does a fine job of keeping the bottom sheet taut.

Zippers aren't apt to be so troublesome if you make sure they are zipped shut when you put clothes into the washer.

Have a tip? Send it to Linda Scott, For Women Only, 75 E. Wacker Drive, Chicago, Illinois.

DRY BOOTS

All manner of ways to dry boots at home — hair dryer, newspaper stuffing, caged light bulb — but how about in camp? Dry 'em like this. Cut two sticks and jam into earth close enough to camp fire to soak up a small amount of heat. When you take boots off, store them upside down over sticks.

Capt. Ronald Amundsen located the magnetic north pole in 1906.

Security and Law Enforcement

All vehicles of personnel assigned to Sheppard Air Force Base must be registered with the Law Enforcement Office and will display the base decal or a temporary registration permit. Registration and decals may be acquired from the Pass and Registration Section. Building 180.

The owner must present valid papers of vehicle ownership, state registration, driver's license and insurance in the minimum amount of \$5,000-\$10,000 public liability and \$5,000 property damage.

A safety inspection sticker honored by any state is required for permanent party personnel. TDY personnel not having a safety inspection sticker must have a valid registration decal from their home base.

If the vehicle you wish to register is owned by a person related to you, you must also present a notarized statement from the owner giving you permission to operate the vehicle.

If the vehicle is owned by another person not your relative, in addition to the notarized statement of permission from the owner you must make a written request to the Chief of Security and Law Enforcement stating your reasons for wanting to register the vehicle on base.

UPHOLSTERING
Is our business, not a part-time sideline. You can trust us to do the sort of expert job that only a skilled and experienced upholsterer with the proper tools and equipment can do.

LIONS CLUB

The Lions Club had a very good program last Tuesday night. Lion Jess Whatley had the program and he asked Lion Roy Magers to introduce, Lion Jerry McClure, the speaker.

Lion N. A. Moore, first vice president of the City National Bank of Wichita Falls gave a very interesting talk on how everyone should take advantage of all opportunities coming their way and try to do the best they can at all times.

Lion C. J. Lippard, had as his guest, Billy Hill and Lion Frank Kelly's guests were George McMackin and Jim Robertson from Wichita Falls.

Nominations for new officers for 1964-65 are as follows: President, Tom Burnett and Jimmy Foyce; 1st Vice President, Jerry Thomas and Revis Wooten; 2nd Vice President, Arnold Oliver and Bill Boardman; 3rd Vice President, Morris Simonson and Jerry McKelvey; Secretary and Treasurer, Dick Chambers; Tail Twister, Carl Dixon and Lonny Taylor; Lion Tamer, Joe Alcorn and Eugene McNish; Directors, Elect 3: Eugene Wall, Arthur Houser, Harry Elliott, Howard Tullis, J. B. Riley, Jr., and Jess Whatley.

Program chairman for next week is Lion Ralph White.

A black Kaywoody pipe was found at the Town Hall, the one who has lost this pipe contact the Lion's club president.

Medical Mirror

STOMACH ISN'T NERVOUS IT'S YOU

Q. I have a nervous stomach. What can I do about this?

A. Your stomach isn't nervous but you may be. "Nervousness" shows up in many ways. Some tension-wrought people have headaches, some have hives, some sweat, and some may even have "heart trouble." The list could go on and on. Such symptoms, of course, should be dismissed without investigation. Even though your stomach is organically sound, there may be exaggeration or suppression of function which give rise to symptoms. Treatment may be limited to conversation with your doctor, and medication, and diet.

LEUKEMIA

Q. Is it safe to say that leukemia is "cancer of the blood?"

A. It would be better to say that leukemia is cancer of the blood-forming organs. Even though it is not technically correct unless the term "leukemia" is used as a description of body cell cancer. As with other forms of cancer, the trouble in leukemia lies within the body cells.

Questions submitted by readers are appreciated and answers to those of general interest will be incorporated in these columns when possible.

ABWA District Scrapbook Judge

Mrs. Mary Helen Littlefield (Webster A.), President of the Boomtown Chapter of the American Business Womens Association in Burkburnett, has been selected as one of three judges for the Scrapbook Judging Committee at the Southwestern District ABWA Convention to be held at Granada Hotel in San Antonio, Texas on April 17, 18, and 19.

The Southwestern District, of ABWA includes Texas, New Mexico and Arizona and comprises 94 chapters, all of which will be eligible to submit scrapbooks for judging. Five scrapbooks from the Southwestern District will be selected for submission for judging with scrapbooks from four other districts at the national ABWA convention to be held in Minneapolis, Minnesota in October.

The District Scrapbook Judging Committee is selected by the National Headquarters of the American Business Women's Association in Kansas City, Kansas. Selection to this committee is a high honor for Mrs. Littlefield since the Boomtown Chapter has been chartered only nine months while many of the chapters in the district are several years old. ABWA was founded nationally in 1949 and has grown to 496 chapters with a total membership of over 27,500 business women.

Tenent Organizations: 494th Bombardment Wing (Heavy) Strategic Air Command; 2054th Communications Squadron, Air Force Communications Service; Detachment 12, of 24th Weather Squadron, Military Air Transport Service; Resident Auditor.

One hundred and forty thousand dollar communications building was opened June 28, 1963 to offer extended telephone service.
