Policy Must Be Followed

Some few do not understand the City's policy discontinuing water service to customers who are in arrears with their payments, and who have received a final notice requesting payment on or before a certain date.

Many years ago the City Council adopted this policy as the only business way to handle the matter, and at the same time be fair with customers and pay their bills regularly.

No City employee, not even the City Manager, has the authority to change this policy in any way. The City Council makes the policy. The City Manager's job is to see that the policy is adhered to by other City employees. If a City employee cuts water off, it is not any personal matter between you and him. He is only carrying out the policy and desires of the City Council.

In an operation as big as the City's business, strict rules and regulations must be set up and followed to the letter if everyone is to be treated equally throughout the City.

Your water bill comes on a white postcard. It states: "This bill due now, and delinquent after 10 days of month." If this notice is ignored, a pink notice will be mailed stating that water service will be discontinued unless satisfactory arrangements are made on or before a given date. If this alternative is also ignored, then City employees have no alternative, other than discontinuing the service. This revenue is the City's biggest source of revenue. This account must be protected and handled properly or the City would not be able to function.

City Council Has Busy 1st Session After Election

The City Council crammed a lot of business into the first meeting following the City election.

First, the ballots were canvassed and the incumbents, Mrs. Virginia Carpenter, Jack Alexander, and James E. Frye declared elected.

James E. Frye was re-elected mayor, and Harry Elliott re-elected mayor pro tem.

Clean-up, Paint-up week was set for May 4th through May 8th. The Council gave their full support to this important annual spring event.

Jess Whatley, City Manager, presented the budget for 1964-65, which was approved.

The Council reaffirmed its policy of discontinuing water service to delinquent customers, and instructed the City Manager to see that the policy was strictly adhered to.

City Trucks Will Join the Fight to Clean Up City

While City trucks are available to help with the job, let's all jump in and give the ole town a genuine cleaning. Have your place cleaned up as soon as possible. Get all the old dead limbs, trees, big articles of rubbish of all kinds which the regular sanitary service doesn't pickup, ready to load on the trucks. Let's make it one hundred percent.

Long Way Around

Last week Mrs. Opal Bookbinder called the Star-News and said she had a very important check for the paper. It was important. It was a subscription renewal from Mr. and Mrs. Paul Browning from Los Angeles, California.

It seems Mrs. Browning was at the hairdressers and decided to write an old friend, Mrs. Bookbinder. She knew her subscription was about to expire. She also wanted to take care of that item. Lo and behold, after she finished the letter to her friend, she discovered she had only one envelope and one stamp.

What to do? Just what anyone should do. Call on a friend for help. So she put the check in the letter and asked the recipient to take over from there.

Mrs. Browning, we don't stop subscriptions right on the very day they expire, but we do appreciate your great concern over the matter. Thank you and pleasant reading.

Schedule of Truck Pickup

Beginning Monday, May 4, City trucks and men will jump into the fight in an effort to make Burk Burnett spic and span again, so far as trash is concerned. The regular garbage trucks will be making their regular runs. The City trucks will pick up trash and debris not usually handled by the regular sanitary service, such as trees, limbs, cans, barrels, rocks, piles of grass and weeds—anything that makes a place unsightly.

To do the most efficient job possible, Jess H. Whatley, City Manager, has laid off the town in sections. Trucks will work one section each day through Thursday. Friday will be used to pick up trash overlooked or not ready in any given section. If you are missed in your section on the regular day, call the City Hall and a truck will be sent out some time Friday.

The City Council urges each one to cooperate fully. Do your best to have your trash ready to be hauled away on your day. This is a gigantic undertaking and since it comes but once a year, everybody should take advantage of the opportunity of extra help in cleaning up our town.

The following sections will be worked on the days designated:

DAY	AREA TO BE WORKED
MONDAY—	West of the Railroad and North of College Street
TUESDAY—	East of the Railroad and North of College Street
WEDNESDAY—	West of the Railroad and South of College Street
THURSDAY—	East of the Railroad and South of College Street
FRIDAY—	Answering Special Calls to Pick Up Areas Missed (Call the City Hall if You Were Missed)

Civil Rights Despotism

In those sections of the US where no racial problem exists, the general attitude toward the "civil rights" bill may be "so what?" But those who think "it can't affect us," forgot that the announced purpose is not the protection of blacks against whites, but of minorities against majorities—racial, religious and ethnic.

Under the provisions of this legalistic disguise for a police state, the authority of the Federal civil rights inspector would be no less arbitrary in areas where there are no Negroes than where there are many. This Federal busybody could walk into any establishment and demand the employment records to check on whether the religions represented by the workers were "in balance" with the theological complexion of the community.

Should he decide there were too many Presbyterians, or too many Jews and not enough Catholics, or too many Roman Catholics and not enough Greek Orthodox Catholics; or if there were Buddhists, Seventh Day Adventists, Jehovah's Witnesses, Holy Rollers, Mohammedans or Menonites in the community and not on the payroll, changes would have to be made. If the inspector said so, the work force would have to be adjusted proportionally—no matter how competent or faithful the workers who must walk the plank, nor how undesirable the characters who must be inducted.

Similarly, if besides native-born Americans, there were naturalized Lithuanians or Turks or Mexicans or Chinese or Rumanians or East Indians or a combination of foreign origins in the area, the Federal man could demand proportional representation among the employees; regardless of injury to established workers, abrogation of labor union contracts or violation of seniority rights.

Nor is there any provision of the Civil Rights Act requiring that the worker who is inducted in order to strike a "national origins" balance need even understand the English language in order to pre-empt the civil rights of the employee who must make room for him.

It is no answer to say that the inspector will not go to such extremes. What is important is that the bill gives him the power so to do—and gives the nation a govern-

WASHINGTON AND "SMALL BUSINESS" BY C. WILSON HARDER

The question that many people have long asked was answered quite definitely fairly recently. That question has been "to whom is the United States State Department responsible?"

There perhaps should no longer be any doubt. The U.S. State Dept. is in effect a subsidiary of the AFL-CIO. This was made graphically clear when the unions refused to load wheat for Russia until assurances were given that at least 50% would go in ships under the American flag.

When the unions first refused to load the wheat, it was thought they were joining forces with the wide segment of American sentiment that the American people should not help bail out the Kremlin.

But such optimism died a-borning when it was learned the unions had no qualms about shipping to communists, as long as at least 50% went in American ships. The Russians have refused to pay the higher freight rates involved with shipping under U.S. flag.

So the nation, and the entire world, was treated to the unedifying spectacle of a President of the United States saying to the unions, "please fellows, let's get this wheat for Russia."

loaded up, and we cross our heart and hope to die if we don't make sure that in the future at least half of it goes in American ships."

So it is perhaps of little wonder why the Prime Minister of England, the President of France, the Prime Minister of Canada, or even the Sultan of Swahili, if that is what they call the buck in charge there at the present time, pay little heed to U.S. policies presumably designed to protect and strengthen Free World.

After all, they hardly know who to deal with. Should they check in with the State Department or the CIO-AFL offices to find out what the United States is going to actually do next?

And it seems logical that such confusion should exist.

Fairly soon under the democratic procedures set up by the nation's forefathers, the major political parties will meet in convention to determine which candidates shall compete for the great honor of leading the American people. This entails untold expense as well as the subsequent costs of holding national elections.

But if the nation is to see much more repetition of the Russian wheat shipment mess, perhaps in the best interests of economy it would be well to eliminate these two conventions in favor of the annual CIO-AFL convention. After all, it is perhaps time to face facts, and recognize who is running the country.

IT'S UP TO YOU

By Howard E. Kershner, L.H.D.

TWO business firms have recently closed their doors in Illinois because they cannot compete with government-

subsidized firms operating in so-called depressed areas. The two firms that folded up will reopen in Tennessee with new plants financed by Federal funds. Thus, the Federal government becomes a pirate, stealing private capital that supplied jobs to free workers — and setting them up under government subsidy in other areas. This is a part of the steady progress that our government is making in the socialization of industry.

Another case in point is the rapid growth of the Rural Electrification Administration which now is finding many of its customers in industrial areas and is building power plants to supply them. REA borrows money from the government at 2 per cent, buys 4% government bonds, and loans it to all sorts of business enterprises at much higher rates in order that they may grow and expand and use more REA-financed electricity. Of course, the difference is met by the taxpayers who thus are compelled to bear the cost of the socialization of the electric power industry.

The expansion of the cooperatives, largely financed by REA is being pushed all over America and these relatively tax-free institutions are unfairly competing with the investor-owned public utilities. These latter are taxed to help support their socialized competition. So the process of socializing America goes merrily onward.

Welfareism, as now practiced in our country, is a device for making the less able, less worthy, less cultured and less successful segment of our population, the progenitors of a disproportionate part of next generation America. The abler and more successful members of society must limit their offspring in order to provide for the children of the less diligent, less thrifty, and more careless and irresponsible portion of our population. We wouldn't even permit that principle to rule among domestic animals. Welfareism destroys human personality, discourages self-help and has proved to be a social evil of the first magnitude. The best thing government can do for any of us is to remove the temptation of something for nothing.

Howard Kershner's Commentaries, Inc., New York 19, N. Y.

ment of men and not of laws.

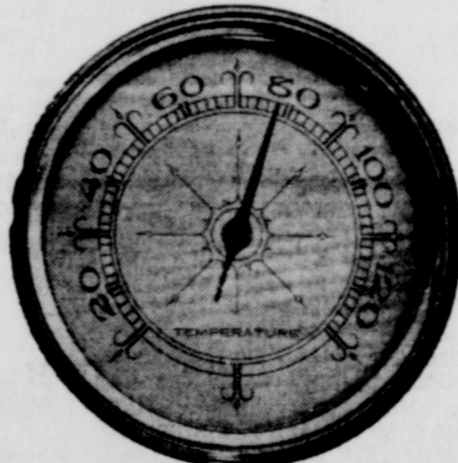

Examine this monstrous legislation from any angle and it is plain that the fate of the Constitution, of American freedoms, the progress of the US or its swift decline are the stakes in the tug-of-war now going on in senate.

Americans who care what happens to their children and their children's children had better tell their Senators to throw their weight against the impending despotism.

GRASS ROOTS OPINION

CHESTER, ILL., SUN: "The newspaper business differs from most commercial enterprises in that it is an agency through which a constitutional guarantee — Freedom of the Press or 'the people's right to know' — is exercised. It is in serving 'the people's right to know' that a newspaper and a newspaper editor get called something other than an angel, for in the exercise of 'the people's right to know' a newspaper often disturbs the 'status qua'

When you prepare hot meals

your kitchen stays degrees cooler

with flameless electric cooking

Flameless electric cooking units fit snugly against pan bottoms. They put their heat into the pans where it is needed, not into the kitchen air. The electric oven, being flameless, requires no flow of air into and out of it to support combustion. The oven is insulated all around, including the bottom, to keep heat inside where it belongs. Result: your kitchen stays degrees cooler when you are cooking hot meals. See your electric range dealer soon. Cook the cool, clean, flameless way . . . and live better electrically!

In the absence of Mr. Elmer Klinkerman, Commissioner of Agriculture, Mrs. Klinkerman announced the winners of the Austrian Winter Peas judged recently as: Claude Adams, 1st.; Raymond Schroeder, 2nd.; and James Roderick, 3rd.

Members of the Community gave several large boxes of clothing to aid the tornado victims of Wichita Falls recently.

At the next meeting, the James Rodericks will be in charge of the program and the Raymond Schroeders and Norman Roberts will be co-hosts.

Mrs. E. W. Roderick, in charge of this program, introduced Mr. Gad Garland, who, in turn, introduced Mr. Waddel and Mr. Owen who presented a most interesting lighting program. They demonstrated several kinds of lights, including how the motion in "weather in Motion" is made.

FROZEN DUCK CALL

Have you ever blown into a duck call at a crucial moment only to have a dismal duck-scaring croak come out? What happened is that moisture froze on the noise-making reed. Keep call clean with a pipe cleaner in freezing weather. If you keep the call clean and dismal croaks STILL come out, take duck calling lessons.

TACKLE BOARD

Make a tackle board. Easy to make. Keeps lures and gear cleaner, less susceptible to rust and makes an interesting decoration for your room. Cut a piece of plywood whatever size goes with your wall size best. Glue cork sheets (for sale at most hardware stores) on the board. Now empty tackle box by sticking hooks lightly in the cork. When you're headed fishing, take only the lures suited for your quarry.

PLACIDITY

"Thou wilt keep him in perfect peace, whose mind is stayed on thee. Because he trusteth in thee." Isaiah 26:3

"The peace of God, which passeth all understanding, shall keep your hearts and minds through Christ Jesus." Phillipians 4:7

God has never promised life without trouble nor progress without striving. He has, however, promised that amid the tumult and strife He would give us an inner peace if we let Him live in our hearts.

Learn about this unusual peace offered to all freely. Attend church this Sunday.

EVERYONE IN THE CHURCH
THE CHURCH IN EVERYONE

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

 NOVEL DRESSING DISH

Here's a bright idea for salads, especially the ones you serve in a ring mold. You can have the most colorful salad dressing dish in town by using a large green or sweet red pepper. Cut a thin slice from the stem end of the pepper. Clean out the inside and fill with salad dressing. Place it in the center of a molded salad or in the middle of a salad bowl.

MEMO To Our Friends and Neighbors

FROM: Grant County Friends of Jim Langdon

We are working to keep Jim C. Langdon as Railroad Commissioner, for several reasons. These reasons include:

1. Jim Langdon has the ability, training and integrity necessary in this unusually important office. He is a distinguished lawyer who was serving as Chief Justice of the El Paso Court of Civil Appeals when Governor Connally appointed him as Railroad Commissioner.
2. Jim Langdon, in a year's time, has proved himself to be a really outstanding member of the state agency that regulates oil and gas production, truck and railroad rates, and other vital industries.
3. Jim Langdon is well known to us, either personally or as the brother of Jack Langdon of Fort Worth, Associate Justice of the Second Court of Civil Appeals which serves Cooke, Denton, Montague, Clay, Parker, Tarrant, Wichita, Wise, Archer, Jack, Young and Hood Counties. Jim himself was born in Erath County and has lived in Somervell and Johnson Counties.

We urge you to join us in supporting Jim Langdon for voting for him in the Democratic Primary, May 2.

Burk Study Club Entertained With "Pioneer Tea"

The Burk Burnett Study Club entertained with a Pioneer Tea, Monday afternoon at 2:30 p. m. at the Town Hall. The tea table and registering table were covered with identical yellow net clothes decorated with purple and yellow satin garlanding and caught up on each corner with purple orchids. The appointments were white milk glass with a mixed arrangement of flowers in a white porcelain tureen. The party room featured old-fashioned mixed flower arrangements in white containers on tables covered with yellow cloths. Pictures from the boom days and those of some of the first settlers were displayed on the table. There were pictures of Mr. and Mrs. J. G. Hardin, Mr. and Mrs. O. L. Clark, Mr. and Mrs. S. P. Hawkins, Mr. and Mrs. H. Willis, Mr. and Mrs. J. W. Allen, Mr. and Mrs. T. Guy Willis, Isaac Harwell and Fred Bowden, to name a few.

The President, Mrs. George McClarty, welcomed the guests and Mrs. Philip Carpenter introduced Mrs. F. M. McMurtry, president of the Current Literature Club, which was one of the first clubs to be Federated in Burkburnett. She read a poem concerning the history of Burkburnett and then presented Mrs. Jack Smith, accompan-

ied by Mrs. B. J. Vincent, who sang a number of songs ranging from the years, 1910 through 1928, reminiscent of that period.

Mrs. Carpenter introduced Mr. James Pearson, principal of Hardin Elementary School, who showed a Travelogue of Mexico City through the courtesy of Braniff Airlines.

Mrs. T. Guy Willis received a gift for having lived in Burkburnett the longest. She came in 1907. Mrs. Roy Carnes was runner-up, having come to this city in 1909.

Refreshments were then served from the tea table and a social hour followed.

News of St. John The Divine

McCrary announced Sunday, April 26th that the church school will begin at 9:00 a. m. followed by Morning Prayer at 10:00 A. M. conducted by Messrs. Harold T. Sanders and Lemond Andrews, assistants to Rev. McCrary.

Holy Communion will be held every Sunday evening at 7:00 p. m. followed by Evening Prayer.

Boomtown ABWA Met In NOC Club For April Meeting

The Boomtown Chapter ABWA of Burkburnett met in the Ballroom of the NCO Club for their April meeting.

President, Mary Helen Littlefield, called the meeting to order. Colonel Chester R. F. Poole of Sheppard AFB hospital was the speaker for the evening. He spoke on Business Women, their Tensions and their Health. He explained that the reasons women work could lead to their tensions as well as their state of health. However, he pointed out that tensions created on the job or at home may affect their health. He pointed out that business women should consider it important to find a time to relax. His speech was helpful and enjoyable.

Mary Helen Littlefield and Cora Brown attended the District convention held in San Antonio but due to the need of the hall, a report of the convention was not given. However it was announced that the scrap book of Boomtown chapter was one of the five chosen to be entered at the National Convention to be held in Minneapolis, Minn., in October.

T-Sgt. Charles B. Stanley was present to thank the chapter for making him 1964 Boss of the Year at the Boss Night Banquet.

The report of the convention will be given at the next meeting. Mr. C. H. Smith will be the speaker for the evening and he will speak on Summer Landscaping and gardening.
