BURKBURNETT, WICHITA COUNTY, TEXAS, THURSDAY, DECEMBER 2, 1965

NUMBER 12

## Appreciation Day Dinner To Be Held Wed., December 8 For Congressman G. Purcell

WICHITA FALLS — Secretary of Agriculture Orville Anderson will be the featured attraction at an "Appreciation Day" banquet scheduled here for Wednesday, December 8, at the Town Hall.

The banquet and an earlier luncheon are being sponsored by the Texas Association of Wheat Growers.

Announcement of the dinner to honor Congressman G. Purcell, a member of the Agriculture Committee, chairman of its wheat subcommittee, was made by Leo Kosowski, president of the Wheat Growers from Wichita Falls.

Kosowski met in Wichita during November with members of the Rolling Plains Wheat Growers Association, Oklahoma Wheat Growers Association, to work out plans for "Appreciation Day."

Robert Kerr of Altus, Oklahoma, president of the Wheat Growers organization and Hamilton of Olney, regional Rolling Plains group.

Kosowski says Purcell is honored for working with farmers and wheat organizations in designing a bill that should be successful in obtaining for growers a price for their wheat that is in line with their cost of production.

He was referring to the passage of the 1965 omnibus farm bill recently passed by both houses of Congress and signed into law by the President.

The banquet is scheduled to start at 7:30 P.M. in the Wichita Falls Woman's Forum. It will be preceded by a 6:00 P.M. reception for the Secretary of Agriculture Purcell at the location.

Robert Brown of Hartley, secretary of the Texas Wheat Growers, in charge of sales to the reception and banquet.

Ticket prices for the Appreciation Day program might be set at first, but Brown expects that a single ticket to the banquet will cost \$25, but a family may attend the banquet for \$30 ticket. However, to attend both the banquet and the luncheon will take two \$25 tickets and the purchase of at least \$10 worth of tickets.

He would eliminate from the program the single \$25 ticket and the couple purchase of the \$30 dinner ticket.

Chairman of the wheat subcommittee in the House Agriculture Committee, Congressman Purcell guided the studies of the various types of wheat presented during the past session of Congress. He was instrumental in obtaining a 100 percent parity price support for the domestic share of a farmer's wheat crop, according to Kosowski.

Although the domestic share, which consumed in the U.S., is up only about 45 percent of the total wheat harvest, it was the first successful attempt to get prices back on a parity with production and living standards.

Purcell was born and reared in Archer County, which adjoins Wichita County. He graduated from Texas A&M College with a degree in animal husbandry and served for a number of years as a district judge in Wichita Falls.

In 1961 he ran successfully for the 13th U.S. Congressional District of Texas and was appointed to the Agriculture Committee.

President of the National Wheat Growers Association, Anselm Larned, Kansas, is on hand for the program with a number of wheat farm leaders and congressmen.

Mr. (Bob) Poage of Waco, chairman of the House Agriculture Committee, has consented to his intention to attend the appreciation day activities.

Secretary of Agriculture Orville Anderson is scheduled to arrive in Dallas on the morning of December 8 (Wednesday) and fly by private plane to Quanah, Texas for a

## Women's Cage Game Is Set

The First National Bank of Burkburnett Women's Basketball team will play the three-time State Champion Dallas Crestettes at the Burkburnett High Gym, Saturday, December 4th at 7 p.m.

The Bankers played the current State Champs at the State Tourney last March and were handed their only Tournament loss.

The contest promises to be a real treat for area basketball fans as the local team is much improved over last year's FNB team.

Go out and see a good game and give them your support.

## Film Is Shown At Lions Club

"Pathways to Happiness," a film depicting life at the Lions Club Crippled Children's Camp in Kerrville, Texas was shown to Lions Club members Tuesday night.

Lion Roy P. Martin of Vernon, who is on the board of directors of the camp attended the meeting and answered questions the members asked concerning the future of the camp.

On November 3rd the Lions brought their ladies to a dinner meeting. Entertainment was by "The Hungry Five," a group of local high school students. David Mooney led this "German Band" and took full responsibility for the jokes.

Next Tuesday's program will feature 32 members of the Junior High Choral group. This should be a very good program and Roy Magers urges every Lion to attend.

## Among Other Matters

LA WANDA HENRY

A most rewarding experience — an afternoon chatting with Artist Dan Wallace and his wonderful family in Archer City.

People in Burkburnett are familiar with the work the Duvall's do each year to make Christmas a happy time for ALL the children in Burkburnett. Please . . . if you have any toys to donate, Mr. Duvall needs them by the 15th of December. He reports a serious shortage of toys this year.

Nice people nomination this week! It's a pair . . . Mr. and Mrs. Joe Salter.

This is the time of year when we discover that all the boxes we saved last Christmas are the wrong size.

Smiles are warmer this time of year and it's wonderful! Once in a while you see a smug smile though and you know THAT person has finished his Christmas shopping. Maybe we should say "her" shopping. Off hand we can't remember ever knowing a man who shopped before December 24th.

field day demonstration of the Southwest Mesquite and Brush Eradication Association.

The program there, including demonstrations of every presently known method of eradicating or controlling mesquite, is scheduled between 10:00 a.m. and 2:00 p.m.

Following the brush control activities, Freeman, accompanied by Purcell, will return by plane to Wichita Falls.

Harvard University, founded in 1636, is the oldest college in the United States.

## Christmas Ideas And Flower Show Held Nov. 29th Was A Success

The Burkburnett Council of Garden Clubs was pleased with the response given to the Christmas Idea Show which was held in conjunction with the annual fall flower show on Monday, Nov. 29 at the Town Hall. Comments from the crowd showed interest and enthusiasm for the many Christmas gift ideas which ranged from a decorated whisk broom to Mosaic craft pictures inlaid with colored glass. The Christmas gifts were not judged, but Mrs. C. M. Archer received a special award on her candle display.

The High School Gardeners had an outstanding display of Christmas arrangements. In class 15, Candy Logan won first place, Carla Sutherland won 2nd, Judy Pace 3rd and Karen Bentley received honorable mention. In class 16, Donna Greer won 1st place. In class 17, Karen Bentley won 1st place, Donna Greer 2nd, Carla Sutherland 3rd, and honorable mention went to both Judy Pace and Candy Logan.

The Council of Garden Clubs had 16 entries in the horticulture division. Blue ribbons were awarded to Mrs. E. L. Neal for her Chinese Evergreen, to Mrs. J. B. Riley for her Devil's Ivy, to Mrs. Carl Morrison on both

her Lettuce Leaf Begonia and Fern. An award of merit was also given to Mrs. Morrison on her Fern. Blue ribbons were given to Mesdames Walter Riley and J. M. Pogue successively for specimen of berrying Yupon and Nandina.

Forty-seven entries were made in artistic arrangements. In this division, blue ribbons went to Mrs. Roy Magers for "Miracle of Christmas," to Mrs. T. A. Banning for the "Light of Christmas," to Mrs. B. T. Mabzen for "Christmas Wonderland," to Mrs. Geo. Bellamy for her door decoration, and to Mesdames Jesse Roebuck and Melba Brady for "White Christmas." Mrs. J. T. Brady won the blue ribbon on her party table which was called "Holiday Open House."

The judges for the flower show were Mesdames Geo. Mainard, Geo. Beavers and Mark Neal from Vernon and Mesdames Henry Grace, Bill Duncan, and E. S. Carter of Wichita Falls. The proceeds from the show will be used for projects at the Hardin Park.

The council appreciated channel 3 TV for sending over a photographer to take pictures of the exhibit.

## Archer City Artist, Dan Wallace, Holds One-Man Art Show Here

The world of artist Dan Wallace is unlimited. Though confined to a wheel chair and a hospital-type bed, the beauty he sees, and puts on canvas, is boundless.

Stricken in 1936 with a disease which he realized would eventually cause his body to become rigid, Mr. Wallace says he formed his body into the best possible position. Bent just enough to allow him to sit in his wheel chair or ride in a car, and straight enough to lie in his bed. It is from this hospital-type bed in his home in Archer City that Mr. Wallace paints his beautiful landscapes.

A stone mason before his illness, Mr. Wallace never studied art. It was his children's crayolas that started him on his very active career as an artist. He now teaches three art classes a week.

A prolific painter, he produces about 150 pictures a year. He has entered many art shows and has always won something with each entry. At the recent Annual Art Show at Henrietta, Texas he was Sweepstakes winner.

In the Highland Park Art Exhibit in Dallas, he was awarded for his entry, a plaque for "Most Usable Art." This was one of only six awards made at the show in which 200 paintings were exhibited.

The showing of Mr. Wallace's work at Underwood's Cafeteria in Burkburnett is his first one-man show.

The artist is a serene man, happy in his work. He has an infectious smile and a quick sense of humor. Asked when he sold his first painting, Dan Wallace smiled and said, "1944, for 35c."

## PAINTS FROM A HOSPITAL BED

Dan Wallace shows how he paints his landscapes from a hospital type bed with the canvas above him. His left hand supports his right hand as he works.

## PAINTINGS SHOWN BY ARTIST

Artist, Dan Wallace of Archer City, Texas, is shown in his home with some of his paintings.

## Senior Citizens Christmas Party Thurs., Dec. 16th

Remember the Christmas Party the Chamber of Commerce held for you last year? Well, there's going to be another one this year.

The time is drawing near, December 16th is the day, 6:30 p.m. at the Town Hall. So come you Golden Agers. We will really have a ball.

## Library Board Has Recent Meet

The Burkburnett Library Board of Trustees voted Tuesday night in a called meeting to accept memorials into the library fund for the purpose of purchasing books for the new library. After receiving several inquiries, it was decided to accept funds for this purpose. Anyone wishing to give money in this manner may contact any of the board members or the City Office. Proper acknowledgment will be given to the donor and to the recipient.

Further business was to purchase used furniture from the Kemp Library. This furniture will be refinished to suit the decor of the new library building. Furniture to be purchased is all standard library furniture and will mean a great savings for Burkburnett.

Members of the Burkburnett Library Board are: Claude Adams, chairman, H. R. Hayes, Mrs. Joe Salter, Glen Bear, Mrs. Harold Van Loh, E. D. Potter, Mrs. Marjorie Kauer and ex-officio members, Jess Whitley and Clark Gresham.

## CARD OF THANKS

I wish to thank all of our customers for their patronage during the 32 years we were in business here in Burkburnett, also for being so nice to me since Mr. Coles' death. Your thoughtfulness is sincerely appreciated.

Mrs. A. W. Coles

## Chamber of Commerce Sponsoring Home Christmas Lighting Contest With Help of Community Council

## Jr. High Council Goes To Graham To District Meet

On Saturday, November 20, the Burkburnett Junior High Student Council went to Graham for the Greenbelt District Student Council meeting. At 10 there was a general assembly with Bill Whitley, President of the Greenbelt District presiding. Entertainment was by the Starlights and Luncheon.

The main address, "Catch A Falling Star", was given by Mrs. Joyce Brown, who is the Associate Executive-Secretary of Texas Association of Student Councils. After her fine speech, the students divided into five different workshops to discuss Student Council and the way it could help schools.

We recessed for lunch and after lunch had a business meeting. All three amendments were passed.

Those attending from Burkburnett were Teddy Cantwell, Ellen Newton, Marian Bentley, Charles Landrum, Bruce Wolbrett, Phil Musick, Joan Walker, Becky Kennedy, Beverly Endres, Karen Landrum, Betty Schuman Paula Swan, Pat Busch, Debbie Vincent, Laura Allison, Mike Howard, Gary England, Terry Young, Kathy Milstead, Chriss Swaim, Monty Patton and Maryann May.

The atmosphere weighs as much as a layer of water 34 feet deep.

## Second Annual Mesquite Bowl Set Here For Saturday Night

## Swine Meeting In Wichita Falls Mon., Dec. 6th

TO ALL FARMERS: Are you interested in swine production? If so, you will want to attend a swine meeting to be held in the County Court room, first floor, County Courthouse in Wichita Falls on Monday, December 6 beginning at 7:30 p.m.

Donald J. Osborn, Swine Specialist, A&M University, will discuss equipment, feeding of hogs, breeds, etc.

Frank A. Orts, Meat Specialist, A&M University, will discuss market trends in hogs, what a meat hog looks like, and carcass value.

This is an excellent program and one, if you are interested in hogs, you will not want to miss. These men are tops in the swine field.

## Art Students Of Dixie Dillard To Hold Exhibit Dec. 3, 4, 5

Dixie Dillard's School of Art will hold an art exhibit December 3, 4, and 5. Art work of the students will be displayed in the windows of the Famous Department Store on the above dates.

Among those displaying work will be: Kenneth and James Mahaffey, Donna, Doug, and Denise Wilson, Sharon Wooten, Judy Bills, Robert Price, Raynette Hudson, Margaret and Betty Martin, Marlin Dixon, Donald Krc, Lavelda Norris, Kenda Riley, Kurt and Tracy Marten, Lee Ann and Cathy Thomas, Tracy Janeke, Lynn Kelly and Gay Robin Wampler.

Ponce de Leon, discoverer of Florida, was a veteran of one Columbus voyage.

The Burk Kings start making preparation for their Second consecutive Bowl Game after disposing of the Oklahoma College All-Stars by a score of 25 to 6.

The All-Stars were hampered by the loss of Stars Jim Gresham, Billy Pricer and John Flynn who reportedly were detained by car failure between Oklahoma City and Burkburnett.

In beating the All-Stars, the Kings beat a team that held no less than five small college All-Americans, plus one Junior College All-American. Also were Tom Pearson and Rufus Jones. Included was the redoubtable Larry Shields, formerly of the Wichita Falls Coyote fame and of Oklahoma University.

In beating the Sooner All-Stars the Kings scored in every way possible on the gridiron. Via the run, pass, safety and the field goal. This being a testament to the versatility of the King offense.

Saturday night, December 4, 1965 the Kings host the only team able to beat them all year, The Corpus Christi Volunteers.

The Volunteers took the measure of the Kings at Corpus Christi to the tune of 12 to 0, thus making the only team in the four-year history of the Kings to shut them out completely.

The Volunteers are led by smooth quarterback Mike Hinojosa.

Hinojosa is 23 years old, twice all-district in high school at Hebbbronville, Texas and played most of his football in college at Henderson County Jr. College. There he was first string quarterback for two years. While at Henderson Jr. College he was chosen league back of the week six times, and chosen second team all-Texas quarterback while at HCCJ.

Smooth and lightning fast and versatile as a passer or runner, he can be considered the heart of the Volunteer offense.

Brothers Mike and Rodger Carson supplement the backfield at flankerback and fullback respectively. The other member of the Vols backfield is David Duke, a boy who plays both ways at halfback on offense and defense. Duke was the lad who intercepted two passes at Corpus Christi Nov. 5, that led to the defeat of the Kings. One for a 35 yard TD and the other leading to the final touchdown in the final second of the game.

The line is led by Hugh Calvin Scott, 6'7", 298 tackle who has since been auditioned by the Houston Oilers.

The Volunteers have lost 2 of 10 games played this year. The first loss being to the San Antonio Panthers by a score of 23 to 26. The other, a loss to the Dallas Rockets by 36 to 6.

The Volunteers have posted the best record in the won-lost column on the Gulf Coast and have won the right to meet the Kings in the Mesquite Bowl to be held in Burkburnett Dec. 4. The site of the Bowl game is determined by the team comprising the best annual record of the year. In the event of ties a coin flip is necessary.

To those who have not seen the Kings in action this year, a hearty welcome is extended to attend the game to be played this coming Saturday night. Ticket prices are \$1.25 advance for adults and \$1.50 at the gate. Student prices are 75c advance and \$1.00 at the gate.

The Kings hope to again attain the title of Texas State Champions of Semi-Pro football in Texas.

## CARD OF THANKS

We wish to extend our heartfelt thanks to friends and relatives for the many kindnesses shown us during Jobie's stay in the hospital. A special thanks is expressed to Bro. Kenneth Bradshaw and Bro. Lamoin Champ for their visits; to doctors and nurses; to relatives for taking care of Junior; to neighbors for helping with the cattle and chores; and also for the many cards, flowers, visits, phone calls and special prayers. Your thoughtfulness will always be remembered.

Jobie and Inez Dunn

American Road Builders' Association

guilt of treason. Bobby Kennedy has said he would be glad to give his blood to our North Vietnamese enemy. If we are at war, and President Johnson has proclaimed unofficially that we are, then is Bobby Kennedy guilty of treason? A student group in the United States, calling its the May Second Movement, has been shipping supplies to our Viet Cong enemy. Is a person who helps the enemy less guilty because he is a United States Senator instead of a student anarchist or Communist? The May Second group is also training volunteers to fight against our Country in Vietnam. We should cooperate with them by flying them over Hanoi and dropping them on the city — without parachutes. That would be the nearest thing to a bomb we have ever dropped on a strategic target in North Vietnam. So, let us have a December Second Movement and call it Bums for Hanoi! Objective sighted! On target: Bums away!

**NOTICE**

**LARGE BUILDING FOR SALE**

The Library Board and the City Commissioners will accept sealed bids on the two story apartment building at 213 East Fourth Street.

A certified check for ten per cent of the bid to accompany each bid, to be returned to bidder. Bids to be opened on Monday, December 6, 1965 at 7:30 p.m. in the City Hall. The City reserves the right to reject any or all bids. Purchaser to furnish a performance bond of \$1,000.00 to City.

The building, foundation, and all other material except chain link fence to be removed in 30 days from purchase.

Purchase price to be paid in advance of the removal of the building.

Inquire at City office for other information. Thurs. 10-CZ

## EVENTS OF YESTERY

From The Burk Burnett Star 20 Years

Jim Alexander and Buster Morgan have returned from a deer hunt in New Mexico. They report hunting very poor and only got one.

Cpl. Chris Morris arrived in the States this week.

J. R. Story and Norman Maney of the Merchant Marine reported back to Houston this week after spending several weeks here.

First Lt. Weldon Wright of the Marine Corps received his discharge at Norman, Okla., Nov. 17th after spending 12 months in the South Pacific. Weldon was an instructor at Norman just prior to his discharge.

Mrs. Lewis Shores left Monday night for Hutchinson, Kans. for a few days visit with friends.

Mrs. Katherine Breeding returned to her home last week after visiting her parents, Mr. and Mrs. Leo Dudley. Mrs. Breeding's husband has just returned from overseas and they are making their home in Houston. Mrs. Dudley accompanied her daughter as far as Dallas.

Miss Mary Ruth Tuesday for Abilene to visit her brother George, a student at Abilene College.

Miss Betsy June at Texas Tech in Lubbock the weekend with Mr. and Mrs. Frank city.

Mr. and Mrs. B. of Wichita Falls visited in Burk Sunday.

**FOREIGN INVESTMENTS NEEDED**

The role of large investments abroad by major American companies, the vast majority of which are fully cooperating with the President's desire to reduce dollar losses, and their effects on the U. S. Balance of Payments is frequently misunderstood.

While many seem to think investments result in a loss of dollars which worsen the gold outflow, the reverse may be true. The fact is that properly financed, new overseas investments actually can be made to produce more exports and dividends and result in a greater inflow of dollars both in the short and long run.

Richard C. Fenton, president Pfizer, International, addressing a National Association of Manufacturers committee meeting, pointed out the true contribution which direct investments are already making in the balance of payments, fully consistent with the President's voluntary program.

Among the examples he cited was the expansion of a plant in Italy at a cost of over \$1 million. The investment was financed by their subsidiary company with Italian currency and no use of dollars. On the other hand, the company ordered from other U. S. companies and shipped to the plant a quarter of a million dollars worth of equipment for the expansion and will send additional bulk chemicals at the rate of \$2 million per year.

This type of operation by U. S. industry in fact resulted in a net flow of \$2.7 billion in 1963 alone. One of the logical ways to help solve the balance of payments problems is for more companies to venture abroad, not restrict such investments, Mr. Fenton believes.

**THE WAGE SPIRAL**

The Bureau of National Affairs, Inc., reports that negotiated wage increases over the first three quarters of 1965 climbed at their fastest pace in five years. The median increase during that period was 8.4 cents an hour—the highest for the first three quarters of any year since 1960, when the figure was 9.4 cents.

Labor is entitled to its gains, which have been vast indeed in recent times. But some questions rear their heads. If each dollar buys less and less, more dollars in the pay envelope produce few if any advantages. And wage increases which outrun productivity—as they commonly do—and public debt increases are a source of further cheapened dollars.

In 1965, the price indexes have risen again. The monthly increases are small but, over a comparatively brief span of time, they reach ominous totals.

It is estimated that recreational vehicles—which include travel trailers, pick-up coaches, and canvas trailers—will account for the consumption of more than 1.1 billion gallons of gasoline in 1965, an increase of more than 250 million gallons over the 1964 figure.

**straight talk**

By TOM ANDERSON  
Editor  
Farm and Ranch Magazine  
Nashville, Tenn

**BUMS AWAY!**

The State Department, caught redhanded, has now confessed that it rejected a year ago an offer to enter into peace talks with the North Vietnamese. Thus the Johnson administration has been caught rejecting the peace talks it claims it wants. And some people are terribly upset. So what's new? The Kennedy administration made "news management" a fine art and the Johnson administration took up where the Whiz Kids left off. Why not lie to the People? As Senator Fulbright had opined, the people are incapable of understanding foreign affairs anyhow.

Secretary of Defense McNamara, the Disarmament genius, has told the Country that there was no connection between the administration decision to sell its stockpile of aluminum on the one hand, and the aluminum industry's prior "decision" to raise aluminum prices on the other. For that statement McNamara ought to have his mouth washed out with soap.

How is the war going in Vietnam? We must depend on the same lying politicians, news-media and networks who told us that Castro was not a Communist, that was the George Washington of Cuba. Pretty much the same aggregation of liars told us that Chiang Kai Shek was a wicked old war lord. General George Marshall bragged, with Dean Rusk by his side, that he had "disarmed Chiang Kai Shek with the stroke of his pen", paving the way for the "good guy" and "agrarian reformer Mao Tse Tung to take over China. Rusk, then under-secretary of State, declared that Mao Tse Tung was definitely not a Communist; that all we had to do was to "sit back and watch the dust settle". Ok, you say, anybody's entitled to a small mistake or two. This same group of "patriots", friends, recently sent an American officer into the Dominican Republic to bring out at gun-point, the most effective anti-communist there, General Wessin Y Wessin. Wessin was brought to Miami by force, having been forbidden permission to say goodbye to his family, thus paving the way for the deposed Juan Bosch, friend of Castro, to return to the Dominican Republic.

What happened to President Johnson's original determination to prevent another Communist take-over on our doorstep? What is behind the program of opposing Communism 10,000 miles away and promoting it in our backyard?

If we can't win a ground war in Vietnam, where CAN we win one. In Cuba, maybe? In Panama? Or Mississippi? Is ATOMIC war the only kind of war we CAN now win? And if so, why? Since we will never drop the first atomic bomb but will absorb the first atomic blow does this mean that if Secretary McNamara is allowed to proceed with his disarmament program, that we can't win ANY war?

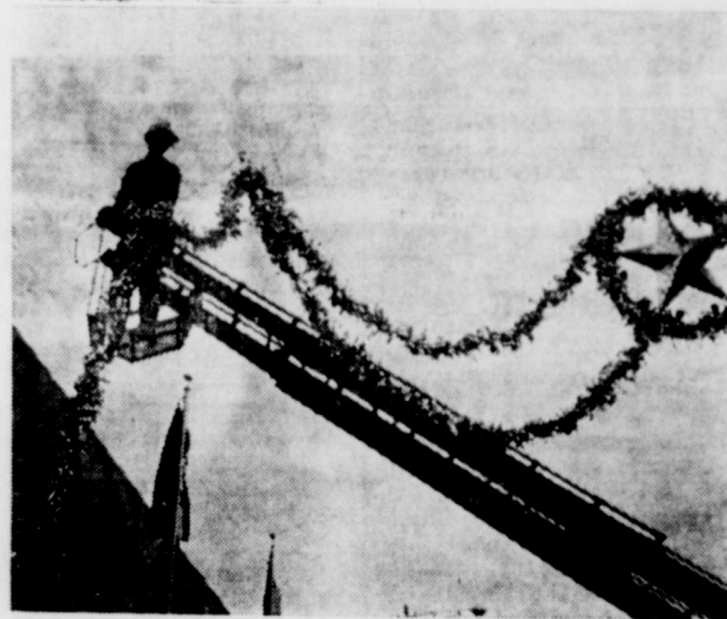

Are we, or are we not at war in Vietnam? If we ARE at war,

why don't we DECLARE it? In wartime, anyone who gives aid and comfort to the enemy is

**Winter Auto Safety**

Winter weather poses several safety problems for you and your family in your automobile. Before winter sets in, Sentry Insurance advises every car owner to:

- Have a qualified auto mechanic completely check your entire exhaust system. If there are any leaks in tailpipes or mufflers, the faulty equipment should immediately be replaced. Carbon monoxide fumes are deadly killers in an auto with all the windows tightly closed.
- Check your car's tires carefully—including the spare. A badly worn or slick spot on a tire is especially dangerous when driving on ice or snow.
- Have your headlights realigned. A headlight that tilts upward just a fraction of an inch too much can reduce your windshield visibility to zero in a snowstorm.
- Make very sure your car's brakes are in top condition. Remember that braking distances are greatly increased on ice and snow and the need for good brakes is doubly important.
- Check all the "little" things. New windshield wipers that don't smear or streak are vital in a heavy snowstorm. Properly working blinker signals are a necessity on a dark road on a stormy night. A malfunctioning defroster unit will be of little use in clearing your windshield on those cold days.

Isn't your personal safety worth the little bit of time and expense that these safety checks will require?

**Women IN THE KNOW**

By Jean Kinkead, Women's Consultant, The Travelers Insurance Companies  
**Happy Husbands**

One of the chief objectives of women in the know is to keep their husbands happy. Granted this is a big order, but here are a few ideas to help us create the happy climate we all want.

Welcome him home at night. Resolve that there'll be no more half-hearted greeting while you go right on stirring something on the stove or putting the baby to bed. Tell him how glad you are he's home and he'll never get tired of hearing it.

Plan a little while just to be together before the demands of family living engulf you. And, be a good listener. Often, just telling us how they feel helps men let off steam.

Encourage him to change into comfortable clothes. Putting on a sports shirt and slacks and a pair of loafers is almost like putting on a holiday mood for most men.

Keep meal-times as peaceful as possible. You can eliminate a lot of irritation by serving food that your whole family likes, even if this means repeating some dishes. Let your children know what a special man their father is. Their respect and affection (like your own) will nourish him.

When you bring up family finances, watch your timing. Try to learn something yourself about savings plans and insurance, so that you can be helpful when it comes to planning the family budget.

Don't fret over your husband, but cherish him. You'll find him cherishing you right back for many, many bonus years.

**Operation Clothes Close**  
EVER SEE A MOTH BAWL?

You probably haven't if your closets contain clothing you no longer consider stylish or your children have outgrown. You can do yourself a favor and at the same time help the needy by gathering up those garments and donating them to the Catholic Bishops' annual Thanksgiving Clothing Campaign. Bring your serviceable used apparel, shoes, blankets and bed linen to the nearest Catholic church in November. All articles received will be distributed in more than 70 countries to the ill-clad, homeless and destitute, regardless of race, religion or color.

Mr. and Mrs. W. H. Stevens were Thursday guests of Mr. and Mrs. L. E. Jeffries in Burkburnett.

Mr. and Mrs. I. H. Crawford and daughter Brenda of Bryan, Texas were holiday visitors of Mr. and Mrs. R. A. Odom. Sunday afternoon guests were Mrs. Sallie Howell and Mrs. Ava Burk of Burkburnett.

Mr. and Mrs. L. O. Brooks and son of Pueblo, Colo. spent several days last week with her parents. Mr. and Mrs. K. L. Smith, Mr. and Mrs. Bill Smith of Oklahoma City were weekend guests of the K. L. Smiths.

wrong with the idea that you gain is his loss. For he VOLUNTARILY provides that paycheck.

Let's turn it around. He receives from you each week a certain number of hours of your time. He values your efforts and talent MORE than the paycheck he has to give up.

Since he gains from your efforts, are you losing? Obviously not. If you were, you'd quit. But you VOLUNTARILY continue to work. Why?

#### Mutually-Profitable

Because you value the paycheck more than the effort you must expend. At the same time, he values your effort more than the paycheck.

Both of you profit from the situation. But how could this be?

It is because each of you has a different set of standards, a different situation, a different profit motive.

Happiness is a relative concept. What makes one man happy does not necessarily make another one happy. And because of this difference in values, tastes and standards, two people can make an exchange and BOTH PROFIT.

Only through stealing is one

man's gain another man's loss. When things are done voluntarily, everyone gains—BECAUSE INDIVIDUALS WILL ONLY PARTICIPATE WHEN THEY EXPECT TO GAIN.

#### Differences in Programs

Now let's understand a vital fact of life: When you gain through a political program (urban renewal, "Medicare" subsidies, etc.), it is INEVI-

TABLY someone else's loss — because the government can only give what it takes BY FORCE for someone else.

On the other hand, what you gain through exchange in the marketplace (at your job, in the store, etc.), inevitably benefits someone else at the same time it benefits you. In politics, no one pays unless forced to do so by the government.

### News From The County Agent

Weather conditions in Wichita County have been favorable for early and abundant growth of small grains. As a result, the length of the grazing period has been extended and greater amounts of forage will be removed.

County Agent B. T. Haws reminds producers that this has and will result in the removal of larger amounts of available plant nutrients from the soil than in more normal years. The county agent encourages small grain producers to consider the need for additional nitrogen to assure good grain yields. Such applications should be made in February and March.

Applications of 30 to 40 pounds of nitrogen in early spring should result in substantial increase in grain yield. With adequate moisture this increase could be 10 or more bushels per acre. Such increases would represent a 300 to 400 percent return on the investment for additional nitrogen, Haws says.

A Sudan type hay study at Texas A&M University has shown that frequent cutting is not the way to boost yields. The study found that more frequent cuttings reduced yields by at least 2 tons of hay per acre.

Yields also were lowered by leaving a taller stubble. With the taller stubble, they learned that regrowth came primarily from nodes above ground level, while short stubble regrowth came from below-ground nodes.

There was some indication of soluble carbohydrate restoration in the stubble with the more frequent cuttings. Total soluble carbohydrate levels in the lower stems tended to increase to a maximum at or near the booting stage and then to decrease with advancing maturity.

A light frost on sorghum or sorghum stubble regrowth may cause it to be a dangerous pasture for cattle. Sorghum plants under stress may have a tendency to build up prussic acid in the plant. Cattle can be killed by consuming only a small amount of this prussic acid, advises County Agent B. T. Haws.

Sorghum plants or sorghum regrowth can be safely pastured within a week after the plant has been killed and there is no possibility of any regrowth from the crown of the plant. Most of the danger, says the county agent, comes from fields that have been partially killed, but on warm days make some regrowth.

Under normal conditions Sudan grass can be safely pastured.

### Past Grand Club Of Rebekah Lodge 67 Has Tuesday Meet

The Past Grand Club of Burkburnett Lodge No. 67, met on Tuesday night, Nov. 23 in the home of Elizabeth Gragg. This was our annual Thanksgiving Supper. Each member brought a covered dish, with Elizabeth Gragg furnishing the chicken, dressing and giblet gravy. And, too, some brought pies, pumpkin. But, since Sister Gragg was unable to get around too good, Eva Bingham and Bessie Stubblefield went early to prepare tables and do the last minute chores. After the supper, came the business session. The meeting opened with a prayer led by Bessie Stubblefield. Minutes of the last meeting were read and the roll call of officers. Sick members were reported on.

Eva Bingham's daughter made a chrysanthemum corsage for each member, which was greatly appreciated by each member. And, they were beautiful.

After a short study of the club's business, the meeting was dismissed. The Christmas party is to be in the home of Cora Lee Harmon, the date to be set later.

Those in attendance were: Eva Bingham, Jessie Eaves, Cora Lee Harmon, Elizabeth Gragg, Bessie Stubblefield, Pauline Bellamy, Edna Peed.

At the Christmas party the members bring two gifts: one for their secret pal and one as an exchange gift for the Christmas tree.

Dad can't smoke it. Mom can't cook with it. Sis can't wear it, little brother can't wind it up and Grandma can't crochet with it, but it's still the Christmas gift everyone likes to get—a United States Savings Bond. Savings Bonds help to keep the spirit of Christmas alive by helping to keep America free. Put a Savings Bond in everyone's Christmas stocking this year.

ed. During the fall when the plant is stunted by light frost, there is a slight possibility of a build-up of prussic acid in the plant. This seldom happens, but when it does, cattle that pasture on Sudangrass can be lost.

Alfalfa should be completely dormant before pasturing in the fall. There are two reasons for this: (1) The fall growth should be left on as long as the plant is growing to store nutrients in the roots for the next season's growth, (2) As long as there is green succulent growth at the crown of the plant, there is more danger of bloat in cattle pasturing the alfalfa. After the plant is dormant there is much less likelihood of bloat.

### CLOTHING CARE IDEAS SEAM TO BE SEW, SEW

Look what's new! This season fashion has gone all out. Designers have been taking their inspiration from everything from British butcher boy garb to the space race.

As with every new trend in clothes, unless you've got the figure to go with it—forget it. Fashion experts suggest you look around before deciding which of the new fashions are right for you.

Sensible shopping is only half the story for looking your best. If you're like most people, you want to take the best possible care of what you have, as well as the new wardrobe. Clothing care tips suggested here can add years to the life of your garments.

**NOTHING DETERIORATES FABRICS** like dust and dirt. Brush outer garments regularly. They'll live longer. (You may, too—brushing can be good exercise.)

**YOU MAY JUST LOVE** that yellow dress—but give it a rest. Garments should not be worn continuously—in order to avoid too frequent pressing. If a garment is hung up properly for a minimum of 24 hours between wearings, it often will regain its shape—sans ironing.

**SOME PEOPLE THINK** pockets are to put things into but to clothes-conscious individuals, it's strictly taboo. Bulky pockets destroy the line

of a garment. More important—they add wear and tear. Invariably, the pockets also end up out of shape.

**DON'T PUT OFF** minor alterations. When a button pops off, sew it back on as soon as possible to keep the garment in shape. Rips, tears and the like only get worse without rapid mending.

**STORE SEASONABLE CLOTHING** when not in use. Clean all garments first and then put them in clothing bags with a handful of Solvay para crystals, as directed. Available in local supermarkets and drugstores, para (called para-dichlorobenzene by industry) is a powerful chemical agent whose vapor kills moths, larvae and eggs. It also prevents mildew.

**DON'T STARCH** washable garments before storing. They may turn yellow. When hanging clothes, be sure that shoulders, sleeves and trouser legs are straight; collars and lapels in place, and hems turned down. Modern science still hasn't matched running hot water in a closed bathroom for removing wrinkles rapidly from woolen fabrics and restoring velvet or velveteen finishes. One word of caution: Too much steam can cause a garment to shrink. Allow it to dry completely before wearing.

### Hawk And Phillips Engagemnt is Told

Mr. and Mrs. Phillip Hawk announce the approaching marriage of their daughter, Betty Jo Hawk to James Paul Phillips.

James is the son of Mr. and Mrs. James Howard Phillips of 820 Jacumba St., San Diego, California. He is an Air Force medical service specialist, presently assigned to the Regional Hospital at Sheppard AFB.

The wedding will be held at the Central Baptist Church, Saturday, December 18th at 6:30 p.m. All friends and relatives are invited to attend.

### Notice

Russell Duvall urgently requests more toys for Santa Claus' annual visit to local needy children. Mr. Duvall is very hort of toys this year. Anyone who wishes to donate toys, please bring them to Mr. Duvall before December 15. The address is 612 1/2 East 2nd, Burkburnett.

Are you looking for a Christmas gift that is backed and guaranteed by the full faith and credit of the United States? ... yet will fit right into the smallest Christmas stocking? It's a United States Savings Bond, of course, the gift that keeps on giving all year 'round.

### Delectable Dishes From Spain

The art of Spanish cookery is surprisingly simple contrary to popular notion, the food is never spicy-hot. But everything from crackling succulent roasts to silky sauces and crisp, flavorful salads are prepared with the fragrant, golden Spanish olive oil which is one of the country's proudest products.

The Spanish cuisine is full of unorthodox cooking tricks that are worth knowing about. Parsley is used by the fistful in nearly all stews and salads; oranges turn up in meat, chicken, fish sauces and salad dressings. Tomatoes used sparingly are more for rich color than flavor.

A new recipe booklet, "38 Delectable Dishes From Spain" is being offered to the enterprising homemaker who would like her family to start eating

with a Spanish accent and uncomplicated dishes for hors d'oeuvres, soups, meat and poultry, vegetables and salads are included. Luscious (rice) recipes and interesting sauces will intrigue the home cook with culinary ingenuity. The booklet was prepared by Betty Watson, noted author on Spanish cooking and of "The Art of Spanish Cooking," for the Spanish Institute. For your copy 25 cents in coin to cover cost of mailing and handling. Olive Oil, Dept. NM, P.O. 420, Syosset, Long Island.

### ATTENTION DOG OWNERS

City Ordinance No. 250 states in part, as follows:

#### Section 2—

It shall hereafter be unlawful for any persons to keep or cause to be kept within the territorial limits of the City of Burkburnett, Texas dog or cat after the 1st day of July of any year without first having dog or cat vaccinated for within the period of 60 days immediately preceding the date of July 1, of each year, presenting a certificate of said vaccination to the City Inspector of the City of Burkburnett and obtain license for keeping said dog or cat in said city the ensuing or current year; provided, however, dog or cat that has been vaccinated within the period of 90 days immediately prior to the beginning of the 12 month period for which license to dog or cat within said city must be obtained, the provisions herein, may be licensed for said dog or cat upon presentation of a certificate of vaccination. All dogs and/or cats are to be vaccinated on becoming 3 months old.

#### Section 5—

The owner shall keep his dog or cat restrained at all times and shall not permit such dog or cat to be at large off the premises or property of the owner, unless on leash or under the control of a competent person.

Many complaints have been registered with city government about stray dogs and dogs running at large, and the Board of Commissioners of the city have instructed the proper authorities to begin immediately to clear up the complaints, impound all dogs found running at large, also ask the owners cooperation by keeping dogs under restraint.

Any dead dog, cat, or small animal was picked up by reporting same to Mr. O. W. at 569-1122, giving address and location.

### Hardin P-TA Holds Monthly Meeting

Hardin P-TA had their monthly meeting November 23rd at 7:30 p.m.

Mrs. J. S. Brown called the meeting to order. Boy Scout Troop 154 had their flag ceremony. Mrs. Raymond Schroder brought the devotional.

A report of the State Convention was given by Mrs. J. S. Brown. Mrs. Ronald Mullens discussed a new math course to be started in January. Any interested person is to call either Mr. Mullens or Mrs. Brown.

Mrs. Faye Watson won attendance award in the Hardin Building. Mrs. Bouldin, Mrs. Hooker and Mrs. West tied in the Primary Building.

Mrs. Betty Bennett brought an interesting talk about working with youths of our community.

Coffee and cookies were served to about 100 parents and teachers.

569-2191 For Quality Printing

### Local Youth Enrolled In Texas University Engineering College

Austin (Spl.) — The University of Texas College of Engineering has had 76 Engineering Fellows and 40 Freshman Honors Group members for the 1965 Fall Semester.

Engineering Fellows comprise the top 3 per cent of the 2,400 students in the college. They are given more freedom in selecting courses of study and are encouraged to take advanced standing examinations.

The freshman honors program recognizes potentially-outstanding students who were graduated in the top 5 per cent of their high school classes.

Dr. J. J. McKetta, Jr., engineering dean, announced the honorees who include: Carol Jay Forrest, 801 Mimosa, Burkburnett.

**Were YOU Saved By "The Obedience Of Faith?"**

We have access to God's saving grace through our faith in Christ, Rom. 5:1,2; Heb. 11:6. Mere human, moral works cannot save us. Even works of Moses' law cannot save us TODAY, Rom. 3:20, 28; Gal. 2:16. WHEN MOSES' LAW WAS IN FORCE, those—who by faith obeyed it—were saved. No Jew, whose faith refused to obey the law, was saved. Jews, who by faith kept the law, were saved; keeping the law did not base their salvation on mere works, but rather on "the obedience of faith."

TODAY, when we obey Christ's law, we are NOT doing mere human, moral works; nor works of Moses' law. Likewise, obedience does NOT base our salvation on mere works, but rather on "the obedience of faith!" NO ONE IS SAVED, WHOSE FAITH REFUSES TO OBEY CHRIST'S LAW.

When one obeys the commands of Christ (including baptism for remission of sins, Acts 2:38), one is NOT being saved by human, nor Mosiacal, works; one IS being saved by faith, through "the obedience of faith." Rom. 16:26.

# Planting Tips For Trees And Shrubs Offered

College Station — December, January, and February is the ideal time for planting bare root trees and shrubs. Planting at this time assures good root development before the top growth commences.

Here are suggestions from Everett Janne, Texas A and M University Extension landscape horticulturist on how to do the planting job.

Dig the tree pit large enough to receive the roots without bending or breaking; do not cut the roots to fit the hole. Separate the good top soil from the poorer subsoil as the hole is dug. Unless the top soil is extremely poor, it can be mixed with peat moss or well rotted compost and used as backfill. Use two parts of soil to one part of peat moss in preparing the backfill.

It is desirable, he says, to prune back the top growth to compensate for the roots lost in digging and transplanting. Do this by removing about one-half of each branch, making the cut to an outside bud. It may be necessary to thin out some of the lateral branches to develop good scaffold branches. By no means should all

the most important of birthdays.

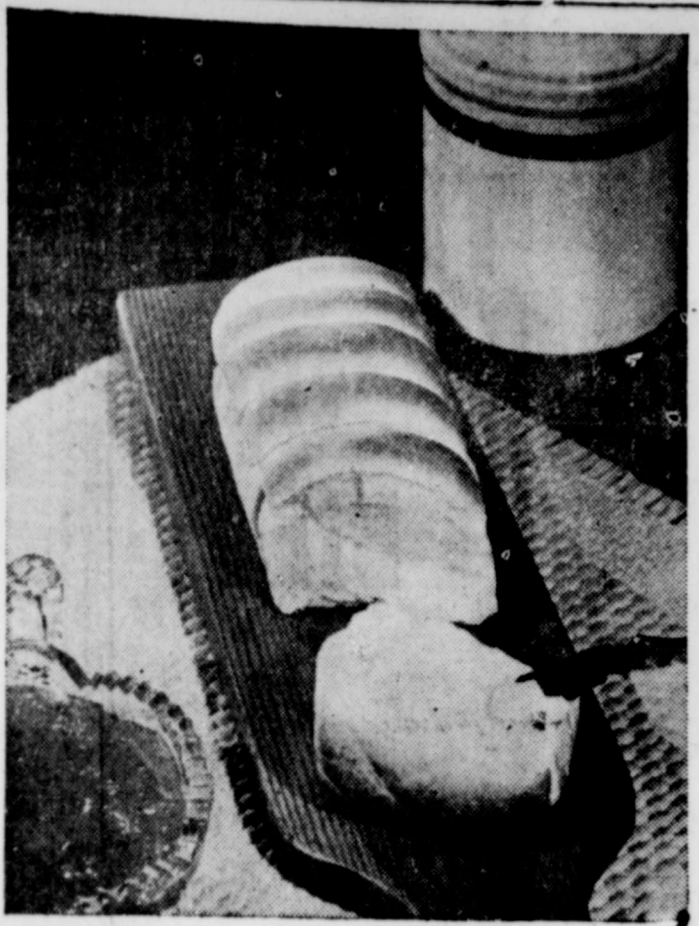

Youngsters in your family will enjoy a Christmas tree of their own to decorate and play with before the holidays, says Thelma Wirges, county home demonstration agent. It will save "wear and tear" on the family Christmas tree and keep them busy and happy for hours.

The agent suggests a small tree, set in a bucket of damp sand with lots of safe decorations for trimming. Let the children make the decorations of metal foil, pine cones, berries, nuts, and other unbreakable materials which are safe and easy to work with. Chains made of colored paper loops, popcorn, or cranberries will add a festive touch to the children's own Christmas tree.

Organizations enjoy Christmas traditions and customs just as families. Wichita County Home Demonstration Club members will hold their annual Christmas party Tuesday, December 15 in the Wichita Falls Texas Electric Auditorium. Mrs. Ross Allen is chairman for the annual event.

Toys are a must on most Christmas lists. They are more than just playthings, they teach too. They contribute to a child's development and should be selected to fit that development at any stage.

For example, push-and-pull toys, wheel toys, balls, sports and gym equipment are typical playthings which aid physical development. Blocks, construction toys, drawing and painting equipment and hobby kits are aids to creative play. Dolls, housekeeping equipment, train systems, and dress-up costumes are typical of the kind of equipment which stimulates initiative and dramatic play. How much you spend is not important. It is important to consider the child's play interests and his stage of development.

**HOT HOME BAKED BREAD**, is delighting more families these days thanks to Mrs. Baird's Pul-A-Part Bread. This new product is not frozen, but comes ready to bake.

## Community Club Has Skating Party At Orbit Skating Rink

The Burk Burnett Community Club had a skating party at the Orbit Skating Rink Tuesday night. We had 31 children to attend.

All boys and girls in 4-H Club may attend the meeting Nov. 29th at the airport. Let's all try and attend the meeting. Judy Klinkerman, Reporter

lower limbs be removed reducing the main stem to a whip. If a high limbed tree is desired, low limbs can be removed later after the plant is well established. Do not remove more than two lower limbs per year.

Place a mound of the enriched top soil in the bottom of the hole to support the roots of the plant so that when placed in the hole the plant will be at the same level with the soil surface as it was in the nursery. As you fill the hole, work the soil in around the roots so that there are no air pockets. After hole is 2/3 full, fill with water and allow it to drain away. Then fill the hole with the enriched soil until level with surrounding soil. Using additional soil, build a berm or dam around the outer edge of the hole to aid in watering the first season. This should be removed or spread out after the plant is well established.

Trees over four feet high should be staked the first year to keep them straight. This can be done by driving a wooden stake or iron pipe into the ground about 6 to 8 inches from the trunk in the direction of the prevailing wind. The tree can be tied to the stake with a soft rope or a wire which has been run through an old piece of hose to protect the bark.

Never mix fertilizer with the soil used in the backfill. Wait until the plant is well established before applying fertilizer, advises the horticulturist.

## Jr. University Study Club Has Meeting

The Junior University Study Club had a called meeting Tuesday morning, November 30 in the Community Room of the Burk Burnett Bank. Mrs. J. B. Riley, Jr., president conducted the business session. It was noted to send cash contributions to the Library Fund. The Cerebral Palsy Center, and the State Hospital. It was also decided to place a book in the library in memory of Mrs. Walter Koller's mother. Instead of drawing names for exchanging Christmas gifts, members voted to each bring money to the Christmas party to be placed on a money tree and presented to the Library Board to be used for purchasing new books. Plans were made for preparing a basket of food to be given to a family at Christmas time and also toys for children. The following members were served coffee and doughnuts: Mesdames Marilyn Robertson, Bette Stanaland, Margaret Alexander, Marianna Strayhorn, Frances Clement, Nita Lax, Beverly Riley, Rebt McLean, Frances Sprague, Jeanell Aaron, Annette Preston, Patti Pearson and Adnic Vincent. Next regular meeting will be December 9 at the home of Mrs. Russell Kelley.

Mrs. Jennings Has 20 Home Thanksgiving

Mrs. M. A. Jennings had all her children and most of her grandchildren home for Thanksgiving. There were 20 home for the dinner and the day. From Burk Burnett were: Mr. and Mrs. Billy Arrington and Debra; Mr. and Mrs. Wayne Stubblefield; Mr. and Mrs. Jerry Beck; Mrs. Lucille Hurst; Mr. and Mrs. Cecil Jennings and children, Rocky, Treva and Tena; O. E. Jennings. Out-of-town children were Mr. and Mrs. Howard Jennings of Vernon; Mr. and Mrs. Bob Donnell and son Bobby of Woodson, Texas.

## Burk Juniors To Present Play "The Gazebo"

## Health and Safety Tips From AMA

## WEIGHT REDUCTION

The junior class of Burk Burnett High School have chosen "The Gazebo" for their annual fall production. The Gazebo is a mystery-comedy which was both a Broadway production and a movie. It will make its debut at BHS on December 17 and have a two-night run, including the night of December 18.

The cast, as posted on the bulletin board, are: Elliott Nash, Mike Stever; Harlow Edson, Mike Clark; Matilda, Candy Logan, Nell Nash, Margaret Jancke; Mrs. Chandler Kathy Sykes; Mr. Thorpe, Davir Mahaffey; The Doak, Floyd Bailey; Louie, Gregg Babb; Jenkins, John Welter; Dr. Wyner, Alan Klem; Druker, Larry Johnson; A Cop, Jimmy Caddell; and Assistant Directors, Sylvia McDonald and Charles Reagan.

The mystery comedy plot is based around the main character's plot to murder someone. Nash is a TV mystery writer and his wife is an actress in soap operas on TV. When Elliott finds out someone is trying to blackmail his wife, he decides the only way to get rid of the blackmailer is to murder him. He sees what he believed to be a perfect situation when his wife purchases a Gazebo (a small summer house). He will bury the body under the foundation. The plot thickens when he runs into all sorts of zany problems with the murder including murdering the wrong man. To see if he gets away with it or not, "... you will have to come to the play," said Mrs. Davis, director.

This play was a big hit on Broadway where Jayne Meadows and Walter Slazak starred in it. In the movie version, Debbie Reynolds and Glenn Ford starred.

Are last year's clothes easier to forget than to zip? Is your belt getting tighter? If so, you may be on the "weigh" to more pounds than you need.

Instead of wishing for a slimmer you, try reducing. The best diet plan takes more backbone than wishbones, but the formula is simple: eat less, exercise more, says a new leaflet from the American Medical Association.

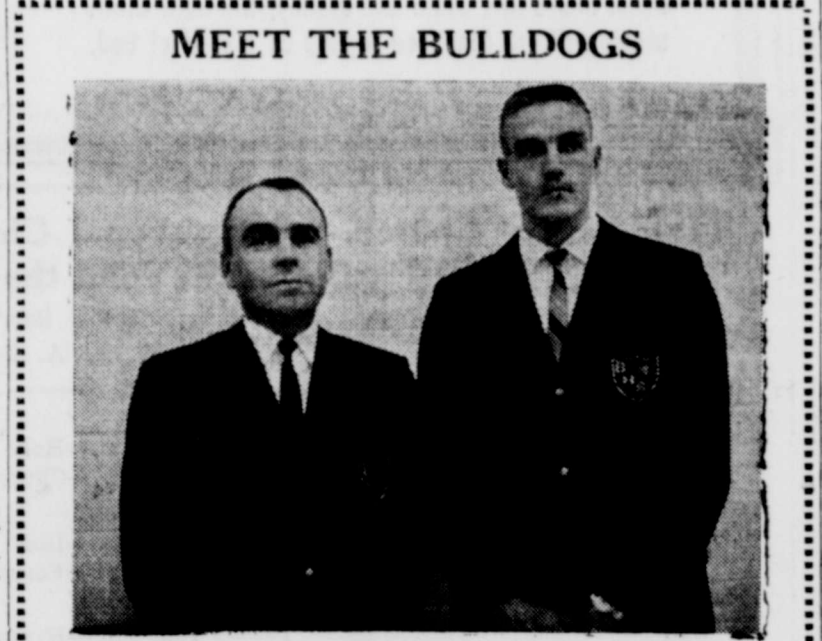

Plan to lose no more than one or two pounds each week. Rapid weight loss may leave you tired, irritable and vulnerable to disease. What's more, pounds that are shed in a hurry often return just as quickly. If you are more than ten pounds overweight, consult your physician before beginning to diet.

Calories are units of energy found in all foods. If the foods you eat contain more calories than your body uses in daily activity, the excess is stored as fat. To reduce, you'll have to cut your caloric intake or exercise more.

People who lead moderately active lives need about 15 calories per pound to maintain their weight. To estimate your daily needs for a slimmed figure, multiply your ideal weight by 15, or by a slightly lower figure if you are not very active. Keep your calorie intake at that level.

When you're subtracting calories, don't subtract all the nutrients you need. Your body still needs the proteins, carbohydrates, fats, vitamins and minerals that are contained in the basic

food groups—milk; meat or substitutes; fruit and vegetables; breads and cereals. Cut down on our portions, but balance your diet. If your stomach cries for a larger amount of food, fill in the spaces with low-calorie foods such as celery, radishes and consomes.

Americans waste \$100 million annually on phony reducing products. Forget this nonsense and stick to will power.

Exercise will help in your campaign. Remember: Weight control is a matter of balancing food intake with activity output.

# The TIE that binds

A true love for our Lord and Saviour binds our hearts in Christian love.

This love encourages us to put our energies and efforts together to serve our Lord at home, at work, and at Church.

A truly wonderful fellowship exists for those who believe and worship together. Attend Church and worship with kindred minds.

*"That I may come unto you with joy by the will of God, and may with you be refreshed."*

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

**The Sam Rayburn Library At Bonham**

Miles B. Hays, of Burkburnett, Texas, visited The Sam Rayburn Library in Bonham recently.

He saw the books, papers and historical mementoes collected by the late Speaker Sam Rayburn during his more than fifty years of service to his country.

The Library also contains a replica of the office Mr. Rayburn occupied in the Capitol during the time he served more than twice as long as any other man as speaker of the House of Representatives.

There is no admission charge to the Library. It is open to the public Monday through Friday from 10:00 a.m. until 4:00 p.m.; on Saturday from 1:00 p.m. to 5:00 p.m., and on Sunday from 2:00 p.m. until 5:00 p.m.

**Modern Appliances Fit In Old-Fashioned Room**

Kitchens of the 1830's were generally spacious, warm and busy places. They had atmosphere, but not convenience.

Typical of kitchens of that time is one in Shaker Village, Hancock, Mass., with wide stone arches, flagstone floors, high windows and wood cabinets. But this is an old-time kitchen with a difference — modern electric appliances.

The Village is a 170-year-old community rife with memorabilia of the Shaker religious sect known for its farming and furniture-crafts. Now restored by Shaker Community, Inc., it is open to the public as a museum.

Provision of food services for visitors and use of the Village's main brick dwelling for church suppers created a need for modern kitchen facilities in these Early American surroundings.

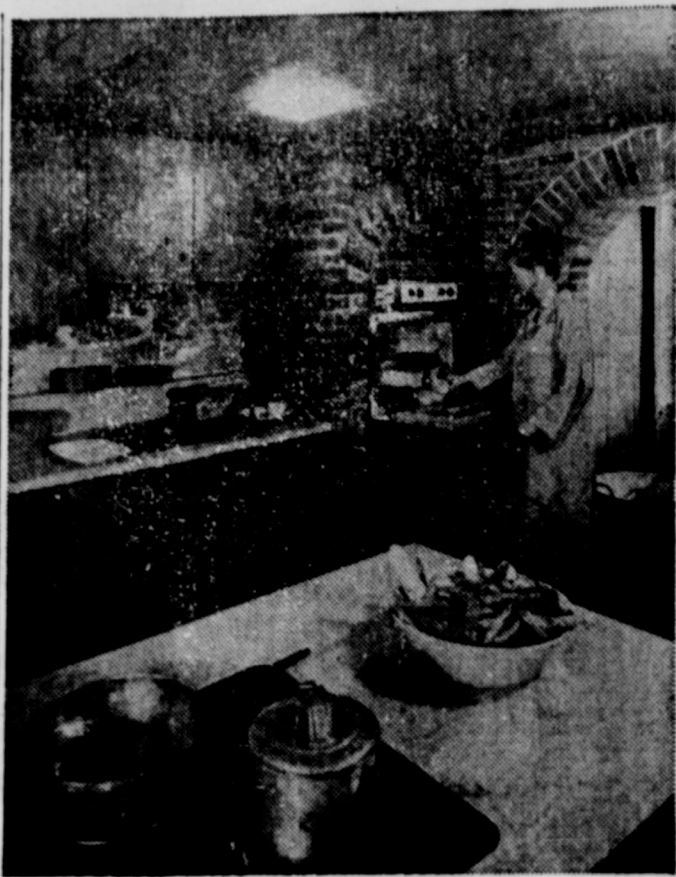

A storage room adjoining the old communal "cook room" is the new Shaker kitchen. The original sand-washed brick walls and stone floor remain. Strikingly new are a double electric wall oven, two modern countertop electric ranges, an under-counter automatic dishwasher, and a refrigerator-freezer that resembles a Shaker hutch in design.

To maintain authenticity, the wall ovens were set in brick as was the original bake oven where Shaker women prepared herb breads and "Shaker Loaves" for the community. The new ovens are the latest in modern design and convenience, with automatic controls and precise heating elements that make it possible for today's Village personnel to cater large suppers with ease.

The clean, uncluttered lines of Shaker design are also reflected in the two countertop electric ranges — one set on an island with an overhead hood. Ranges and dishwasher feature stained redwood for a traditional look, and the laminated plastic countertops simulate the scrubbed wood appearance of birch chopping blocks that were popular in Shaker days.

Earthenware jugs, wooden buckets, and original cooking utensils and tableware make appropriate decorations for the new kitchen. Electric appliances, like the refrigerator-freezer hutch, were specially selected to match the functional simplicity of typical Shaker kitchens.

In this kitchen, the old and the new merge successfully to achieve a fundamental of all-time good kitchen design: atmosphere combined with the best in cooking convenience.

Stone walls, brick arches and wood plank ceiling set 1830 mood of all-electric kitchen at Shaker Village in Hancock, Mass. Modern appliances like double electric wall oven and countertop electric ranges were selected because they emphasized clean, functional lines of traditional Shaker decor while providing latest in cooking convenience. New kitchen facilities were necessitated by influx of visitors to Village since it was restored and opened to public.

BOOTHS AND A DINING ROOM WILL COMFORTABLY SEAT 75 PEOPLE IN THIS NEW UNDERWOOD'S CAFETERIA

8 feet high and 3 to 5 feet square.

Dump leaves, lawn clippings and garden trash into the bin in layers 6 to 12 inches thick. To each layer add some commercial fertilizer (whatever you use on your lawn) and one-half layer of soil.

Moisten the leaves as they are needed and added. Keep building up the pile as you accumulate material. Top with 1 to 2 inches of garden soil.

Remember to keep the compost pile damp. If the pile is kept reasonably moist and has a top of garden soil, it should have no odor. And, by May or June, last year's leftovers will be ready to perform springtime magic in your yard and garden.

Mrs. J. A. Fouts, Mrs. Pete Wyatt, Mrs. Ralph Swinford, Mrs. E. J. Simons, and Mrs. George Wyatt and other demonstrators have greatly improved their soil. These home demonstrators have used compost on home gardens as well as the home landscape.

Chrysanthemums, in Wichita County, have never been lovelier. If you desire to give yours the proper care, you will be interested in a new bulletin in the county home demonstration office.

The bulletin is on Cascade Chrysanthemums. Cascade Chrysanthemums can fill that "dead spot" in your home with a splash of color. They are favorites for interior decoration in homes and public buildings.

If interested in general information on Chrysanthemums or

### Manager Named At Underwood's

Barry Featheringill has been named manager of the recently opened Underwood's Cafeteria in Burkburnett. Barry is familiar with all phases of the Underwood operation, and has been a manager trainee for the past seven months. "A one man art show is being held in connection with our opening," Barry stated in an interview this week. "So come on out to Parker Plaza and enjoy a delicious Bar-B-Q meal and view the work of artist Dan Wallace of Archer City."

Cascade Chrysanthemums, contact Thelma Wirges, county home demonstration agent.

The Wichita County Home Demonstration Council will hold their annual Christmas party Wednesday, December 15 at 1:30 p.m. in the Wichita Falls Texas Electric Auditorium.

Home Demonstration Clubs from all sections of the county participate in the annual party.

Mrs. Ross Allen is chairman of the party committee. 1966 officers will be installed. They are: Mrs. Bee Bryant, chairman; Mrs. E. J. Simons, vice-chairman; Mrs. Ross Allen, secretary; and Mrs. J. A. Fouts, treasurer.

Presidents of home demonstration clubs for 1966 will also be recognized: New presidents are: Mrs. Ray Strawn, Mrs. T. C. Butler, Mrs. Jim Roberts, Mrs. Charles Nordstrum, Mrs. W. R. Stimpson, Mrs. Gwen Brickhouse, Mrs. Clarence Payton, Mrs. Ernest Masters, Mrs. H. G. Stratton, Mrs. E. W. Roderick, Mrs. G. W. Davis, Mrs. W. E. Karstetter, Mrs. T. A. Rogers, Mrs. E. E. Williams, Mrs. A. L. Holbrook, Mrs. Bobbie Gilbreath, Mrs. Dwight Mastin.

"Christmas Time at Home" bulletins are available in the local County Home Demonstration Office.

The gobbler season of the year is here. More turkeys are bought during this time than

any other season of the year, says Thelma Wirges, county home demonstration agent.

When buying your Christmas turkey through retail stores, consider a number of things when making the purchase. First of these is the size of the bird and this will depend on the number of people to be served and how well the family will eat the leftovers. Generally, 3/4 pound of ready-to-cook turkey per person should be allowed for generous portions.

The next factor to consider is the quality of the turkey according to Miss Wirges. The best quality birds are Grade A and will have an even and nice covering of fat over the entire body. Grade A turkeys are broad breasted and have bulging thighs and large drumsticks and give the best meat to bone ratio for your turkey dollar. The homemaker should select a bird without blemishes such as torn skin or bruises, the agent says.

The grade and inspection identification is important and should be noted when buying.

These are metal or cardboard tags and are on the bird for the buyer's benefit. A tag saying "Inspected for wholesomeness by U.S. Department of Agriculture" shows that it was processed in a plant under the supervision of the USDA inspection program. The tag reading "U.S. Department of Agriculture, Grade A," means that the turkey has been given an official grade of A by the USDA grader in the plant.

Miss Wirges also recommends that the homemaker cook the turkey according to its weight. Allow 15 to 20 minutes per pound of ready-to-cook turkey and cook in a 325 to 350 degree F. oven.

United States Savings Bonds make an ideal Christmas gift for children and grownups alike. They don't break, they don't have to be watered or fed. They just grow in value from year to year. Make sure to put some Savings Bonds under your tree this year—you can buy them where you bank.

### PERSONAL ITEMS From FRIBERG-COOPER

Mr. and Mrs. J. D. Kennedy have returned to their home in the Friberg-Cooper Community after spending Thanksgiving with Mr. and Mrs. C. D. Hayes and family in Sapulpa, Oklahoma.

Word has been received of the death of Mrs. Robert Dunn, the former Miss Maurine Minnick daughter of Mr. and Mrs. H. O. Minick of Clovis, New Mexico; and granddaughter of the late Mr. and Mrs. J. D. Cooper of the Friberg-Cooper community. Mrs. Dunn passed away in Portales, New Mexico on Tuesday, November 23.

Australia and New Zealand first were joined by submarine telegraph in 1876.
