NUMBER 31

Burkburnett In Top Ten

Residents Hear Speaker At Town Meeting Monday

George Jordan, Director of Tourist Development of the West Texas Chamber of Commerce at the monthly Chamber of Commerce luncheon.

The noon speaking engagement was one of four in Burkburnett on Monday for Mr. Jordan. He conducted two workshops for employees and employers and a general meeting at Town Hall in the evening.

Recreation is the third largest industry in the United States, according to Jordan, but not in Texas. A bill was introduced in the 1961 Legislature to provide tax money to advertise Texas, but failed. One supporting legislator was credited with saying, "It's just as well. Looking around, I think it might be a good idea to fix up the joint a little before we invite people in for dinner."

Was this statement true? Mr. Jordan traveled 25,000 miles as a "Texas Tourist" to find out. One startling discovery made by Jordan was the almost complete lack of interest or knowledge on the part of "Servile Industry People," to learn and know the product to be sold to tourists. Even though there exists a tourist gold mine in every backyard in West Texas!

The clinics conducted by Mr. Jordan on "Selling and Servicing the Tourists" were developed to reach the primary contact—people engaged in the three basic service industries who serve the traveling public—the service station industry, the food industry and the hotel/motel industry.

Those attending the clinics Monday were asked by Jordan, "What is happening in (or near) Burkburnett that might be of interest to visitors?" Replies were at first slow until those present began to think of Burkburnett, their town, as a place where visitors might stop with time and tourist dollars to spend.

As suggestions were given, Jordan listed them on a blackboard. Surprise was expressed at the length of the list—the collective, cooperative thoughts of those attending.

A visit to Burkburnett's unusual gun shop, watching RCA cowboys work out, viewing oil wells and cattle, water skiing, boating, fishing, skating, bowling, club make-up meetings and attending church were some suggestions listed.

"One of the biggest mistakes we make," said Jordan, "is not inviting visitors to attend the church of their choice while in our community."

"Tourists are home folks

Among Other Matters

LaWANDA HENRY

If you are a kid — and go to the local movie Saturday matinee—will get a free ice cream bar we hear.

Boss has been SLOWLY planting his garden. Said the plants were coming up at the other end before he finished planting the row. Someone suggested he wasn't slow, just using fast seed.

Rubnoff is coming to Burkburnett.

No regular playday for Burkburnett Riding Club because of Easter Holidays.

If you didn't attend any of the meetings conducted by George Jordan . . . you missed a lot of fun . . . informative fun. Everyone who attended either of the workshops or the Chamber of Commerce luncheon or the Town Hall meeting will certainly be looking at Burkburnett with wider eyes.

What do you think of Burkburnett placing first in Texas in Community Improvement and being one of the ten under consideration for nationwide acclaim? Pretty wonderful, isn't it?

Oriental Women's Club Is Organized In Burkburnett

The Japan National Tourist Organization hosted a buffet supper for the newly organized Oriental Women's Club and their guests, Saturday, April 2nd, at Town Hall.

Mr. Suzuki, for the Southwest Division Office, Dallas, presented the program. A full length movie was shown with English subtitles and a short travel film.

Seventy-three persons attended the dinner. They were from Lawton, Vernon, Bowie, Dallas, Wichita Falls and Burkburnett.

The aim of the Japan National Tourist Organization is to promote tourism to Japan. Mr. Suzuki has been employed by the organization for 20 years, living in eight countries during that time. He has been the Assistant Suzuki were Mr. Kazuno and Mr. Morzumki of Japanese Airlines.

Mrs. Neil Kriedler, President of Oriental Woman's Club expressed appreciation to Suzuki and his associates for the enjoyable evening.

away from home." This was perhaps the most significant conclusion reached by those participating.

Brownies Delivery Easter Baskets

Brownies Present Gifts To Patients

A gift of an Easter basket made by a Girl Scout Brownie of Troop 40 was presented to each of 27 patients at Harrelson Nursing Home on April 4th.

The girls made the baskets, using empty bleach bottles, decorated with flowers made of Kleenex, lined with grass and filled with Easter candy.

After the presentation, the twenty Brownies entertained the patients with a song and skit.

Accompanying the troop were leaders Mrs. Fred Morgan and Mrs. W. H. Miles.

Self-Help Has Virtues To Highly Commend It

Reprinted from *The Mobile, Alabama, Register*, Wednesday, March 16, 1966.

In these days of so much eager-beaver handoutism from the federal treasury and so much eager-beaver competition to ride high on the receiving end of the totem pole, enthusiasm over the country for the self-help example of a town in President Lyndon Johnson's home state of Texas unfortunately will be limited.

Nevertheless, U.S. Sen. John G. Tower of Texas thinks so much of it that he commends it as a "model for other similar towns whose people are interested enough and industrious enough to solve their own urban problems."

Burkburnett is the town. Founded in 1907 on the edge of the Texas-Oklahoma border, it has a population of several thousand. Senator Tower says of its do-it-yourself efforts:

"Under a community improvement program sponsored by the General Federation of Women's Clubs and the Sears, Roebuck Foundation, the people . . . have proved how resourceful a town can be in solving its local problems by its own actions."

A library became the first project, a site for which already has been donated. With a committee organized to push for construction of the library, "other projects were begun," the senator relates:

"A campaign to clean up litter in the town brought out the men's clubs, schoolchildren, the high school student council, the Community Service Council, and the Boy Scouts. This campaign continues. Members of the ministry in the town mounted tractors and cleared vacant lots of rubble and litter. "Other ambitious projects are under way, I am proud to say that none of them lack volunteers, nor enthusiasm, nor interest."

There is no doubt in anyone's mind, says Mr. Tower, that Burkburnett is a "better place in which to live." In addition to the beneficial things either accomplished or under way, the program is a source of civic pride and satisfaction among citizens because they have "acted in their own behalf," the senator suggests.

This, of course, is not the first or only town that has earned applause for self-help.

Other examples can be found in various parts of the nation. But it is regrettable that these examples are not more numerous, and that enthusiasm for them is not greater and more extensive.

Obviously and unquestionably, both room and need exist for federal assistance in some public service fields. To the extent that this is true, it is proper not only to welcome this assistance but to solicit it.

But when federal handouts reaches the excess of discouraging local initiative, encouraging too much dependence on "something for nothing," and opening the floodgates for increasing dictation from Washington, D.C., in affairs which Thomas Jefferson called "home concerns," it is time to stop, look and take heed.

The more done at the local level within the capacity of citizens to help themselves, the less will be the temptation to go to Washington, D.C., for assistance which ultimately might be recognized as a mistake.

It is easy to say, "Let Washington do it," but unnecessary turning to Washington for assistance gives unwise acceleration to federal handoutism.

By MARJORIE KAUER

Burkburnett has placed in the top ten towns in the United States in the Community Improvement Program sponsored by the Sears-Roebuck Foundation and the General Federation of Women's Clubs.

This announcement brought a thrill of excitement and gratitude to many people in Burkburnett Monday, for behind these few words lie months of intensive work by an uncounted number of citizens of both sexes and all ages.

Although initiated by the eight federated study clubs that compose the Burkburnett Council, the CIP entry was based solidly on the participation of more than 40 organizations in the community in the two main parts of the program.

The Community Improvement Program began with a library and a museum as its goal. After months of study and planning by a committee of more than 30 individuals, after donations ranging from a few pennies to the gift of a house and lot, the library is in the final stages of architectural planning. As soon as Part Three of the application for state aid has been approved, bid specifications will be drawn up and construction will soon follow.

The second part, and the part to which club leaders credit Burkburnett's high rating, is the Community Service Council. This Council developed as a natural and indispensable coordinating center for the more than 50 organizations in the community.

Its effectiveness was demonstrated in the fall clean-up campaign, in which every school child and every adult had his part. Youth participation as equal partners in civic enterprises was again evidenced in the Christmas lighting contests, as Scout and other youth organizations helped publicize these events. The Service Council is slated to play a big part in the forthcoming Operation Sparkle for it is through its departments that the voluntary efforts of its memberships is harnessed.

How do local leaders feel about their program being rated among the Top Ten in the nation? Here are some of their comments:

"The spirit of co-operation among our citizens is the biggest prize we could have won," Mrs. Hazel McMurtrey, chairman, Council of Federated Study Clubs.

"The Jaycees are certainly proud of the award that came to Burkburnett this week and congratulate all the people that made it possible. We are proud to be a member of the Community Service Council and we feel that the whole Burkburnett community benefited not only in beautifying the city but in stimulating civic pride in its citizens," Clyde Conway, president, Burkburnett Jaycees.

"I know that all garden club

members are pleased with this community award and are happy to have had a part in this wonderful community undertaking," Mrs. D. C. Dodson, Chairman, Council of Garden Clubs.

"It is with pleasure that the Burkburnett Independent Schools offer our congratulations to the citizens of Burkburnett. May each of us re-double our efforts in making Burkburnett a place of beauty and friendly atmosphere. The young citizens of school age are very proud of being a part in this accomplishment." I. C. Evans, Superintendent of schools.

"The best publicity any town can receive is that the people are pulling together. The receiving of this award is proof of the co-operation of the people of Burkburnett," Joe Salter, President, Chamber of Commerce.

"Speaking for the youth of Burkburnett, I would like to say that we are proud not only of our civic and social leaders but we are proud to be working members of this fine community project." George Provence, President, High School Student Council.

"Boomtownt chapter of the American Business Women's Association is proud of our part in furthering the welfare of our community through our participation in the Community Council," Mrs. Nita McNish, president, ABMA.

"We are happy and proud to have had a part in this program," Mrs. Lyle Eaton, Theta Epsilon Sorority.

How do they feel about it, the men's service clubs, the American Legion, the Home Demonstration Clubs, the PTA, the hundreds of individuals who shared in the work and must share in the success.

The Rev. Lamoin Champ of the Ministerial Alliance spoke for everyone when he quoted "For we are labourers together with God." (I Cor. 3:9)

There are 1,400,000 Americans, alive today, cured of cancer. The American Cancer Society says an annual health checkup is your best protection against death from cancer.

About 190,000 men, women and children will be saved from cancer this year. Most of them, according to the American Cancer Society, because they saw their doctors in time for prompt treatment.

Council Election Winners Named

From a slate of eight candidates, Gene Allen and J. L. Caffee were named to the City Council in Tuesday's voting with Jack Alexander being re-elected. Total voter turn-out was 569.

G. T. England Has Visitors

G. T. England, a patient at Harrelson Nursing Home, had several visitors last Monday. Two Girl Scout Brownies from Troop 40 stopped in to present Mr. England with a Gift Easter Basket. They were Lynda Seyfang, left, daughter of Mr. and Mrs. Donald Seyfang and Mary Smith right, daughter of Mr. and Mrs. Stanley Smith. Mrs. V. V. Stephens, Mr. England's daughter in shown behind him.

Tourist Development Speaker

George Jordan, Director of Tourist Development of West Texas Chamber of Commerce and Arnold Oliver, Chairman of Burkburnett Chamber of Commerce Community Development Committee are shown at Town Hall Community meeting April 4th.

THE POOR ARE THE VICTIMS

Supposed social and economic reforms, imposed by the government, may be well meant. But in case after case, they create more problems than they solve and these problems are felt most severely by those least able to bear them.

For example, Professor Yale Brozen of the University of Chicago, writing in the New Individualist Review, says: "The net result of our urban renewal program has been increased cost of housing for the poor and the destruction of the livelihoods of hundreds of small businessmen . . . As the minimum wage rate has been raised, more and more people have been laid off who were not worth the higher wage rate. . . ."

There is abundant evidence to support these pessimistic declarations. All over the country, where urban renewal has been practiced great number of people, mostly in the low income brackets, have been forced from their homes. In many instances, they have had no alternative save to accept poorer lodgings at increased rents. And this, let it be stressed, is happening at a time when a war on poverty is an official national goal.

The steady increases in the federal minimum wage — and a campaign is underway to up it at this session of Congress — has produced similar troubles for large numbers of people. The fault lies in the fact that the minimum is entirely arbitrary and takes no account of a worker's productively value. The inevitable result is that various industries, retailing being an outstanding example which have room for unskilled and marginal workers are forced to reduce this kind of employment to the limit. The workers simply cannot produce enough to justify the legal wage. And so these workers are denied the opportunity to gain experience and skills that would qualify them for better jobs.

Too often, the poor are the victims of ill-conceived social betterment programs.

TWO EVENTS

Two recent events concerning the oil industry are of wide public interest. That they will have to achieve large increases in reserves if oil is to meet the expected growth in demand between now and 1980. Specifically, he forecast that 83 billion barrels of proved reserves must be found by that year if the industry is to maintain its historic role of reserves-to-production. He qualified this by observing that his remarks were 'a hypothesis, not a forecast.' However, there can be no doubt that a heavy increase in reserves will be needed in the years ahead.

The other event, though an entirely separate matter, has a very direct bearing on what the Secretary had to say. The Senate Finance Committee defeated two tax bill amendments which would have reduced the percentage depletion rate on oil and gas production.

Further efforts will be made to reduce percentage depletion — which is a credit against the federal income tax for producers. But the Committee's actions is totally in keeping with the heavy increases in demand for oil and gas, along with compensating increases in proved reserves, which will be needed. The cost of finding these new sources rises steadily — one reason being the general increase in labor and materials costs of all kinds, and another being that exploratory wells must be sunk deeper and deeper. At the same time, the long and unavoidable risks that are a part of exploration remain — only one wildcat well in nine finds any oil at all, and a much smaller proportion find it in worthwhile amounts.

Without adequate percentage depletion, which recognizes the risks of exploration and the fact that the best of wells eventually wear out, an essential incentive would be destroyed. Then the chances of maintaining our reserves at a safe level in the coming years of growing demand would be poor indeed.

According to the National Industrial Conference Board, less than one family in ten had an income in excess of \$10,000, measured in today's dollars. Now more than two out of every ten families are in that bracket, and it is estimated that by 1970 over a third of the nation's families will reach or exceed it.

A railroad spokesman told a House Committee that his industry paid \$775 million in excess taxes on their property in twenty states surveyed in 1964 — more than doubling their property tax bill — because of discriminatory assessments.

IT'S A FACT!

ABOUT 30,000 INTER-CITY BUSES ARE IN USE IN THE U.S. TODAY—WITH A TOTAL OF MORE THAN ONE MILLION BUSES OF ALL TYPES IN USE THROUGHOUT THE WORLD.

Roger W. Babson Weekly Report

MEDICARE AND NO CARE

Babson Park, Mass., April 7 — Just a short while ago, Look Magazine published a very revealing article on the type of care which Americans can expect from hospitals generally throughout the land. It was frightening, to say the least. Inefficiency, ineptness, and downright carelessness on the part of both nurses and doctors were featured. Many have since rushed to the defense of the profession. But what we should all be worrying about is the added coming impact of medicare.

Almost Upon Us
If the quality and the quantity of medical care are open to criticism now . . . what will be the situation when the avalanche of elderly patients needing treatment starts hitting the wards and nursing homes July 1? This is less than three short months away. Studies of statistical data suggest that conditions may become chaotic in some areas.

The first wave of our senior citizens who will seek "free" hospitalization under medicare will be a big one. Naturally those who can postpone a visit until Uncle Sam will pay the bill are going to wait for July 1. But doctors look for an even bigger flood tide of the elderly to knock on hospital doors at the first cold blast of autumn. That is the season when aches, pains and respiratory diseases really kick up.

Sobering Facts
Hospital beds in non-federal-government institutions are estimated to be about 790,000. Right now about 76% of these are occupied. But that figure is an "average." Like other "averages," it is misleading; for in many areas shortages of hospital facilities are already critical. Furthermore, there is no guarantee that big demands will not be made in precisely the spots where beds are scarcest.

inevitable that the supply will be far short of needs.

How Big the Rush?

So much for the availability—or lack of it—of doctors and nurses. An even bigger question mark is the probable size of the rush of senior citizens for 'free' care. Some government officials' pool-pool the seriousness of the overcrowding threat. But the Surgeon General feels that the surge will be large. What is definitely known is that patients over age 65 now take up about one-quarter of all hospital beds. What if this figure jumps to 35%, or even to 40%?

Our only close guidepost to what may be expected is the history of socialized medicine in Saskatchewan, Canada. There, reports say, demand doubled when government medicine came in . . . and in some areas applicants for care trebled. The feeling is beginning to grow here that any such rush in the U. S. could create a condition bordering on chaos. If this should happen, it would of course affect not only those over 65, but also everyone else—from babies on up . . . everyone in need of hospitalization.

Short-Changed?
One thing is certain. It will take cool heads at all medical and administrative levels to prevent a jam-up that could harm the image of the medical profession and bring down anger on the heads of politicians who voted so hurriedly for the "leap forward" . . . without first looking to see if the machine could carry the new load.

It is none too early to set up screening boards. These would attempt to keep the flow of senior citizens toward hospitals from becoming an engulfing flood. Unless this or similar advance moves are taken at the local level, we may find that medicare has become no care!

VETERANS

Questions - Answers

Q—Since I purchased my home on a GI loan, I have been transferred to a job in another city. What can I do?

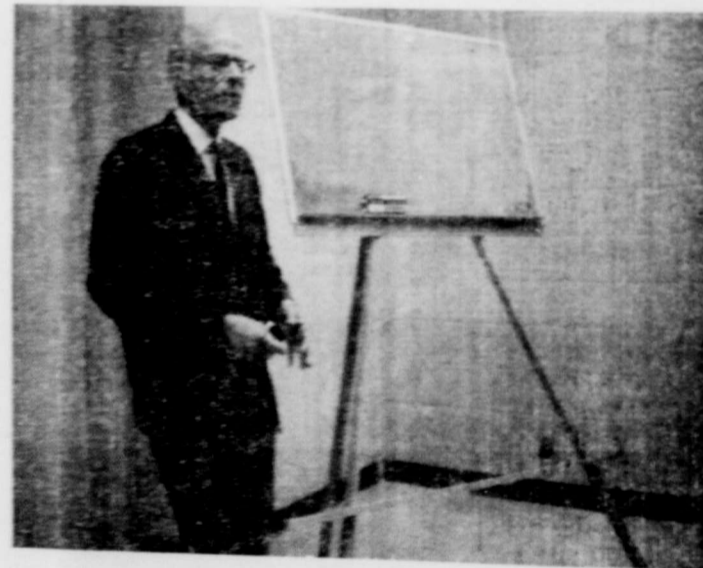

A—On all VA home loans, the veteran remains liable on the note until the loan is paid in full or he is released from liability by the VA. When you receive orders to transfer, you should immediately attempt to arrange a sale of your property and when a purchaser is found, obtain a release from liability from the VA.

Q—A dear friend of mine, a veteran of World War Two,

DEVOL NEWS

Mrs. C. O. Woodley

Mr. and Mrs. Alan Combs and sons, Curtis and Cody of Sentinel and Mr. and Mrs. Roges Bates of Lawton were Sunday guests of their parents, Mr. and Mrs. Tom Monson.

Mrs. Lillian Hutson returned some Friday from Hollister where she has been visiting her daughter, Mr. and Mrs. Charles Moran.

Mrs. Gertrude Farmer spent several days last week with her daughter, Mrs. Marguerite Glendening in Wichita Falls.

Mrs. C. O. Woodley spent last weekend with her son and family, Mr. and Mrs. Bob Woodley in Wichita Falls and was at the Bethania Hospital in Wichita Falls Monday where her niece, Mrs. Bob Sturgeon of Provo, Utah underwent major surgery. Mrs. Sturgeon is the daughter of Mr. and Mrs. Dick McLain of Grandfield.

Recent visitors of Mr. and Mrs. U. S. Hill were Mrs. Carl Day of Odessa, Texas; Mr. and Mrs. Leo Zweicker of Burkburnett and Mr. and Mrs. Schweer Velma Schweer and Richard Schweer of Grandfield, and Mrs. Loyd Clemmer and children of Burkburnett.

Mrs. Nevada Turner returned home Friday evening from Oklahoma City where she has been visiting her daughter and family, Mr. and Mrs. Hubert Duce. She was accompanied home by the Duce's who spent the weekend here. Other visitors Saturday and Sunday included a daughter, Mrs. John Karstetter and son of Burkburnett and her son, Mr. and Mrs. Junior Turner and daughters, Linda and Becky and Ronnie Holt of Cameron College.

Mr. and Mrs. Tom Monson attended a rodeo at Ardmore recently.

Mrs. R. L. Wyatt and Mrs. Mahala Wyatt of Grandfield were Lawton visitors Wednesday.

Mr. and Mrs. R. L. Wyatt and son Mike and Mrs. Mahala Wyatt will leave Thursday for Las Cruces, New Mexico to spend Easter with Robert and Ronnie Wyatt and families.

Mrs. M. T. Crocker has returned home from a Wichita Falls hospital where she underwent minor surgery last week. She is reported doing nicely at this time.

Mrs. Pearl Cates has returned home from Tampa, Fla., where she visited her daughter, Mrs. Robert Mastenbrook and sister, Mrs. Minnie Cook.

News From The County Agent

Farmers in Wichita County are urged to check their small grain close for greenbugs and spray when necessary. There is lots of rht in grain in the county. A good general rain is needed on small grain in the county. The rain was spotted over the county.

Weeds can reduce pasture yields by as much as 50 percent, says County Agent B. T. Haws. They reduce pasture and hay yields by competing with the desirable plants for nutrients, moisture and light. They lower hay quality, harbor insects and diseases and increase labor and equipment costs.

Unpalatable weeds, such as sandbur and bullnettle, are low-quality forage and unpalatable; they prevent proper utilization of pasture and hay by animals.

Weed control by chemical or mechanical methods can up forage quality and yields. But weed control is no substitute for proper fertilization and management of adapted plants.

There are some cases where weed control is not profitable.

When desirable grasses or legumes will not replace weeds killed, the soil fertility level is too low to support a good stand and growth of desirable grasses or legumes, the plants are kept grazed or cut so close they are not vigorous enough to resist weed invasion or when removal of the weed canopy results in damage to the grass and soil from severe sun baking.

Plant the right amount of seed at the proper time, management is important, keep fences and roadsides clean, clean combines thoroughly to prevent bringing in weed seed, do not buy feed containing live weed seed, rotate crops and mow, spray or cultivate to kill any weeds that get started; most weeds are killed easily when they are young and have small root systems.

Weed control is a good investment—it can pay off with better pastures and forage, concludes Haws.

Two new guar varieties—Mills and Hall—are now available to farmers for planting this year. Developed cooperatively by the Texas Agricultural Experiment Station, the U.S. Department of Agriculture and the Oklahoma Agricultural Experiment Station, the varieties feature disease resistance and a wide range in maturity.

Story Of Burkburnett Rotary Club

The story of Rotary Club was presented to Burkburnett Rotarians Tuesday by George McClarty. He told of the founding of Rotary by a young lawyer, Paul Harris, in 1905, of Harris' ideals and of the tremendous growth of Rotary in its 61 years of existence. There is an average of one new club a day being founded. There are Rotary Clubs in 131 countries.

Texas A&M University begins another litter testing program for hogs on April 1, reminds the county agent.

The program allows hog producers to enter two littermates and see how they stack up with hogs from other swine producers. The hogs will be compared on rate of gain, feed efficiency and carcass desirability. These traits play a major role in determining selling price, says Mr. Haws.

Pigs should be entered that have been farrowed from January 15-March 15 and should be delivered to the testing station at A&M when they weigh 40-70 pounds. They should be from 7 to 9 weeks old.

The only charge for the test is the pig must be donated to pay the cost of feeding, weighing, and collecting data. Either crossbred or purebred hogs may be entered. The hogs will be fed on concrete feeding floor from an initial weight of about 60 pounds to a slaughter weight of 210 pounds.

Mrs. Lucille Duvall returned home Tuesday from a visit with her sister in Beaumont and son and family in Alexandria, La.

Rangers--Burk's Independent Ball Team Is Formed

For the first time in quite a while, Burkburnett has a men's baseball team. Known as the Burkburnett Rangers, and at present playing an independent schedule, the team was organized and is managed by Dee Underwood. Regular season play will not begin until June, but several practice games are pending during the next two months.

In a practice game April 3rd at Spudder Park, the Rangers dropped a narrow 3-2 decision to the Wichita Falls Pirates, in ten innings. Playing on short notice, with hardly any workouts behind them, the Rangers did a very creditable job against the more experienced Pirates of the Southern Oklahoma League. In fact they outbit their hosts, ten to six, but just couldn't get enough runs across.

The Rangers used three pitchers, as manager Underwood wanted to get a look at his staff. Larry Jackson started the game, gave up one run, three hits, and struck out five in four innings. Mike Musick pitched two innings, yielding one hit, no runs, and struck out four.

Leonard Young gave up two hits, two runs, and struck out four in four innings, suffering the loss.

The Rangers scored a run in the first inning, when Young opened the game with a triple to right field. He came home when third baseman Dave Brewer, was safe on an error. The Pirates came back with a run, when catcher Garcia, scored on a passed ball.

The Rangers picked up their second run in the third with two outs. With the bases loaded shortstop Granville Chandler stole home to make it 2-1. Pitcher Larry Jackson was then walked to load the bases again, but leftfielder Red McClard popped out to the pitcher to end the inning. The Rangers threatened again in the fifth, getting centerfielder Jerry Allen, as far as third before catcher Wendell Allen was thrown out trying to steal second.

The Pirates picked up a run in the bottom of the seventh to tie the game, then pushed across the winning run in the tenth.

Shortstop Chandler, paced all hitters with three hits in three trips to the plate, followed by Young, three for five, and Jerry Allen, two for five. Chandler also had two stolen bases.

Plans are being made for a practice game the Sunday following Easter. However, arrangements are still pending at this time. The Burk Star will carry an announcement of this later on.

Mr. Alec Hooks, Operator

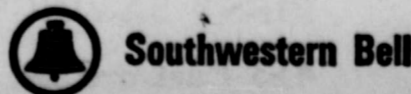

Why hasn't Mrs. Reba Hays missed a day's work since May 10, 1951?

Mrs. Hays is an operator for Southwestern Bell in Fort Worth. She hasn't missed a day's work since May 10, 1951. You have to have some pretty good reasons to work 15 years without being absent one day. You have to have what we at Southwestern Bell call the "spirit of service." Mrs. Hays has this spirit.

"I've been very lucky to keep in good health," says

Mrs. Hays. "And something else that helps is liking my job. It's the company's responsibility to give the customer good service. As an operator, that's my responsibility, too."

Mrs. Hays and 50,000 other Southwestern Bell people have one thing in common. They're making your telephone service—already the world's best—even better.

With summer just around the corner, vacations will soon take top billing. As your family begins this preparation, plan the clothing to go. Don't wait until the last minute.

Take no more clothing than is absolutely essential, suggests Thelma Wirges, county home demonstration agent. Traveling with light luggage is lots easier these days with all the new fabrics and finishes which make clothing so much easier to care for.

Make a plan and build your wardrobe around a basic color scheme. Well chosen separates and such small accessories as scarfs, flowers and jewelry help vary your costume.

Take the type of clothes you know you like to wear. As useful as separates are to most women, if you don't like to wear them at home you won't like them away from home. The same thing applies to knitted suits and dresses. They're ideal for packing but remember you want clothes ideal for wearing too.

Be practical but not drab. When in doubt, don't take that extra dress. However, dress so that you feel WELL DRESSED, even though you may not see anyone you know.

Another item to consider when planning a family trip is to put aside the road maps and travel folders long enough to place valuable household papers in order.

Use of a valuable paper from their carelessness could spoil your vacation. A safety deposit box at your bank is one of the best places for wills, stocks and bonds, insurance policies, family record of birth, marriage, citizenship, military service, deeds, leases, promissory notes, and other documents.

A household inventory is another valuable record. Before leaving on your trip, make duplicate copies or bring existing ones up-to-date. One copy can be placed in the bank box and the other kept at home. You'll be glad you did if you have to settle a theft or fire claim.

Take with you a list giving the name of your automobile insurance and hospitalization insurance companies. Include the number of each policy and the names and addresses of the agents.

If you carry travelers' checks, don't forget to make one or more lists of check numbers to be carried separately in case you should lose the checks.

THE FIZZLE FAMILY

By H. T. ELMO

Christian Church To Hold Assembly In Wichita Falls

Wichita Falls — About 100 ministers and lay leaders in Christian churches and civic officials here have worked diligently for months preparing for some 2,000 persons expected to attend the 79th assembly of the Texas Association of Christian Churches (Disciples of Christ) April 27-30 in Municipal Auditorium.

Madge Francis as local arrangements general chairman. Mrs. Francis heads an executive committee of nine ministers and lay leaders who have met monthly to clear details of 15 committees having a total of 87 workers.

Wichita Falls is the hub of the 14-county District 19 of the Texas Association. Overall the church unit has 21 districts in Texas and relates to 498 churches with a total membership of 103,616. Institutional memberships in the TAOC include Texas Christian University, Fort Worth, Juliette Fowler Homes, Dallas, and Jarvis Christian College, a TCU-related school for Negroes at Hawkins, Texas.

In the Wichita Falls area the Disciples have 25 churches with a total of 4,686 members. Three

of these churches are in Wichita Falls with a membership of 1,841 — First Christian with Dr. Wright as pastor, 1016 members, Highland Heights Christian with the Reverend McKenzie as pastor, 453 members, and Park Place Christian with the Reverend Rose as pastor, 380 members.

Registration chairman Kolbe, First Christian associate minister estimates that District 19 churches will register about 1,900 for the assembly. He reports that First Christian, Thackmorton, has registered 50 per cent of its membership and that by March 23 Wichita Falls First had registered the largest number, 300. On March 30, Kolbe estimated that 2,000 registrations had been processed.

Kolbe stresses that persons registering for the assembly return reservations directly to the hotel/motel desired and not to Box 1317, the TAOC Assembly address. TAOC headquarters offices are in Fort Worth.

Oh, for a Dog's Life

THE FIRST DOMESTICATED DOGS LED A HARD LIFE. THEIR FOOD CONSISTED OF BONES AND MORE BONES, PLUS WHAT THEY COULD FORAGE ON THEIR OWN.

EVERY BY THE 19TH CENTURY THE LOT OF THE DOG HADN'T ADVANCED TOO MUCH. MOST DOGS DEPENDED ON LEFTOVERS FROM THE TABLE FOR THEIR FOOD.

TODAY, DOGS GET THE BEST OF NUTRITIONAL FOODS, SCIENTIFICALLY MIXED AND COOKED IN CANS. THE AMERICAN CAN COMPANY SAYS THAT CANNED PET FOOD HAS MEANT HEALTHIER AND LONGER LIVES FOR BOTH DOGS AND CATS.

Table with 2 columns: Cattle type and Price. Includes Stocker Steers, Feeder Steers, Stocker Heifers, Feeder Heifers, Canner and Cutter Cows, Fat Cows, Pairs, Baby Calves, Bulls, and Slaughter Calves.

COMMERCIAL EGG PRODUCERS TO MEET

Topics ranging from cage densities to egg pasteurization will be discussed at the 11th annual Commercial Egg Clinic, March 30, at Texas A&M University. Ben Wormeli, Extension poultry specialist, says the topics and speakers for the 1-day session were chosen on the basis of current interest and concern to those engaged in the state's commercial egg industry.

Jesus' order: "lay up for yourselves treasures in heaven." (Matt. 6:19,20) rather than on earth, is, to many, a big order. Many of us love the treasures of this world more than the hope and assurance of future glory.

The way to "lay up . . . treasures in heaven" is "to observe all things whatsoever I (Jesus) commanded you . . ." Matt. 28:20. Helping others toward happiness, prosperity, knowledge and spiritual development is the key to our own happiness and the best assurance of our treasures.

Visit with us Sunday at 9:45 and 10:45 and 6:00 p. m.

CHURCH OF CHRIST FIRST AND AVENUE C

Special Worship Service Is Slated

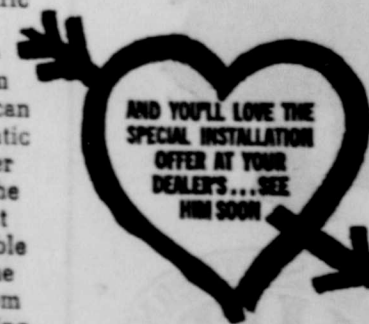

The Burkburnett Ministerial Alliance is sponsoring a community worship service to be at the Janlee Baptist Church across from Burkburnett High School at 7:30 p. m., Friday, April 8.

The service will follow the Good Friday theme of "The Seven Last Words." This is one of two annual community services to which all worshippers are invited.

Lady, you'll just love flameless electric cooking

You'll love flameless electric cooking when you try it—that's the best way to discover just how modern and convenient cooking can be. You'll love the automatic controls that cook dinner while you're away . . . the accurately measured heat settings that make possible the same fine results, time after time . . . the freedom from extra kitchen cleaning.

Because electric heat is so clean as electric light, you'll love electric cooking most in summer, when electric surface units heat the utensils, not the kitchen air. Whisper to your neighbor that you'd just bought a new, flameless electric range. And remind him that he will, too, when he discovers how economical electric cooking really is.

LOOKING HER BEST FOR

Easter

Easter is a day of conquest... a day of new life... a day of beginnings... This is the day that our Saviour arose in a mighty triumph over the grave. This is a day of joy... a day to remember... a day to attend services in the church that our Lord loved so much, but even though we all want to dress up and look our best for this special day it is not the most important part, for God does not look on outward appearances, but looks on the heart.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Mrs. Horsley Has Training Trip

Mrs. Charles Horsley recently returned from a temporary duty tour of nine days to Otis Air Force Base on Cape Cod, Mass., and to Hanscom Field near Boston, Mass.

worked four days in the computer room of Data Systems, gathering information for use in her own career field of data processing. Traveling by car from Otis AFB to Hanscom Field, near the city of Bedford, northeast of Boston, Mrs. Horsley enjoyed the evergreen-bordered highways. A friend at Hanscom took her from Lexington to Concord and on the Old North Bridge, explaining the points of interest of Paul Revere's ride, and also

to the spot where "fired the shot heard round the world" of the Revolutionary War. In Boston, Mrs. Horsley was entertained over the weekend by two friends with whom she had worked a number of years ago at Sheppard. Mrs. Mary Catherine McDonough, who was a Civilian Instructor, and Paul MacDonald, who has a Military Instructor. Paul and his family spent Saturday showing her the high spots of Boston, including the Charles River, the harbour

and the SS Constitution (known as "Old Ironsides"), the Sky-walker observation room at the top of the new 46 story Prudential building Harvard University, the Christian Science Mother Church, MIT, lovely Catholic Cathedrals and Bunker Hill. The return trip from Boston was by jet to Dallas. Enjoyable as the trip was, both during and after duty hours, Mrs. Horsley said it was so good to get back to Burkburnett, Texas!!!

Troop 155 Activities

Boy Scout Troop 155 went on a campout March 18-19-20 to the Wichita Mountains. Boys working on the Hiking Merit badge completed a 10-mile hike, cooking requirements were also completed by the boys that needed it. The following 28 boys participated: Bob McBride, Alan McCollor, Gordon Klein, Bill McBride, Leslie Hill, Gordon McCluskey, Tom Bloodworth, Dennis Cotton, Kenneth Mchaffey, James Mahaffey, Jerry Elbert, Eddie Gann, Billy Hawks, Alan Farris, Wayne Daub, Brad Bellacicco

ND Club Recent Meet

Hardin Demonstration held its regular meeting at the home of Mrs. E. W. Roderick. President meeting to or call was answered as we do together as

a family." Opening exercises were the salute to the flag given as a group and the group singing of "America." Treasurer Johnny Hageman gave the financial report. A small amount of old and new business was taken care of before the program was given. Mr. Allen from the Wichita Falls Heart Association gave a film regarding facts and fantasies of heart care. He was assisted by Hal Mabre from our

local school system. Following this film, our clothing leader, Mrs. Lila Jacobs gave an interesting lesson on making alterations on ready-made clothing. She gave pointers on misfits that can or can not be remedied to give a better fit. If a garment has a problem that is almost impossible to correct or requires a great deal of time, the garment will not be a bargain even if the original price is low.

Our next meeting will be April 3, 1:30 p.m. at the home of Mrs. Johnnie Hageman, 509 E. 4th. Delicious refreshments of punch and doughnuts were served by Jewell Goins to one guest. Beulah Magill and the following members: Nellie Askins, Alice Enderli, Johnnie Hageman, Sallie Hewell, Icie Howard, Lila Jacobs, Mildred Maffey, Carol and Julia Roderick. Meeting was adjourned.

CORRECTION

In a recent item concerning five generations of the Kemp family, it was erroneously reported that Mrs. Peggy Strickland was the mother of Mrs. Sharon Miller. Mrs. Strickland is Mrs. Miller's aunt. Mrs. Miller's mother, Mrs. Louise Childs, was unable to be present when the picture was made.

CARD OF THANKS

I want to express my appreciation for the beautiful flowers, gifts, cards, telephone calls and visits while I was in the hospital. I will always be grateful for such wonderful friends and neighbors. It was thoughtful and kind of you to remember me. May God bless each of you.

Mrs. D. F. Baber

Letter From An Old Church

Dear Readers:

During the past weeks we have talked about the Episcopal Church and its historic background, and that in all reality it is a true part of the Church of Jesus Christ, we have talked about how Jesus intervened into human history to make salvation known to all men and about the Holy Scriptures; we have talked about the Holy Ghost coming to the Apostles and in effect its being the Birthday of the Church or its beginnings. And we have talked about the Ministry of the Church and the great importance of the Ministry.

Today I would like to talk with you about the two great Sacraments of the Church which were instituted by Christ Himself. First the Sacrament of Holy Baptism: The Sacrament of Baptism is very important to all Christians. Too many of our Churches today make a mockery of Baptism, in that they count it as an act of membership to a particular Church. However it does not mean that you are a full member. Confirmation by the Bishop completes the act.

Second let us look at Holy Communion: What does it mean? Well, first of all it means that we are receiving the real spiritual Body and Blood of Jesus Christ, as He said we would, if we had the proper ministry, and the proper form of words which can be found in the Scriptures, (I Corinthians 11:23-27.) Our Lord you see did not say, gather together and listen to the preacher preach a sermon alone, or gather together and read Morning Prayer or Evening Prayer. Our Lord Jesus Christ said, "This do in remembrance of Me." This means that when ever we go to Church we should receive the Sacrament of Holy

Communion. The On True Church of Christ did not and does not to this day consider this a memorial. It is a re-enactment of what our Lord suffered on His Cross on Calvary. It is a true Sacrifice of Christ for the receiving of this Sacrament of Christ's Body and Blood in a Spiritual manner, we offer our sins to Him and God, and in return we receive His forgiveness, and are enabled to live our lives in a more Holy estate with God, and God and Christ become a part of our personal lives.

Have you received Christ's Body and Blood of late? We invite you to come to our Mid-Week Service and Forums held each Wednesday Evening at 7 p.m., to learn more about the Holy Catholic Church of Jesus Christ.

God Bless You
The Scribe

Grace Lutheran Plans Holy Week Special Services

Special Holy Week Services will be held at Grace Lutheran Church on Thursday and Friday of this week in memory of Christ Jesus and in observance of Holy Week.

On Thursday Holy Communion will be served to the members of Grace Lutheran in memory of Christ's institution of the Lord's Supper the night before His death.

On Friday, Good Friday services will be held to remember especially the death of Christ and to meditate on its meaning in the lives of people.

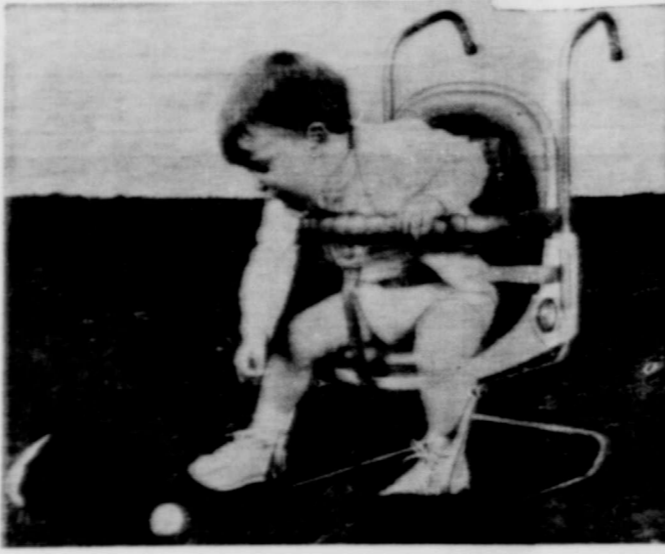

Both services, the Maundy Thursday Service and the Good Friday Service, will be held at 7:30 p.m.

Easter Services on Sunday will lead the worshippers in praise and thanksgiving to God for the resurrection of Christ from the grave. The Easter Day Service will be at 10:30 a.m. To all services at Grace Lutheran the public is cordially invited.

Letter Received From Former Resident

Burkburnett Star
Burkburnett, Texas
Have not forgotten you good people of Burkburnett, have just been quite busy getting established in our new home, putting in curbing around the house, also building walks, putting out fruit and nut trees besides starting the garden, in fact the potatoes, peas and corn are doing nicely. Do hope that this will find Harry back on the job and doing well after his bout with sickness. Regards to all.
Henry Prinzing

Not Eggsactly

Billy knows the Easter Bunny doesn't really lay eggs—even though evidence to the contrary lies right before his eyes. One thing he is sure of—his deluxe car seat is a snug perch from which to study the problem. Billy's car seat is made by Union Carbide. There's some doubt about the egg's origin.

We have a problem with our Catalina we just can't fix. It looks expensive.

Safety items like front and rear seat belts are standard on every '66 Pontiac.

It looks so expensive that a lot of people don't realize it's priced right down there within reach of most low price buyers. Which sort of makes you wonder why you should buy a low-priced car when you can buy a high-priced car for the same money. A Pontiac Catalina.

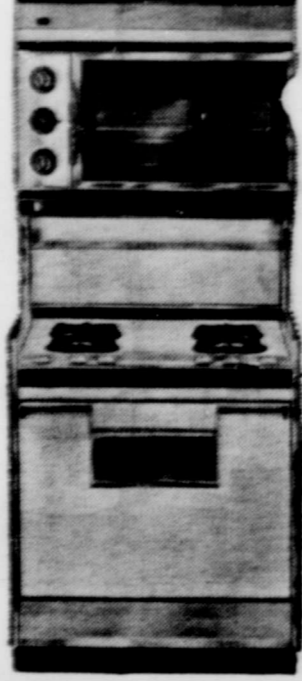

Wide-Track Pontiac Catalina
(A big, powerful Pontiac for less than \$3000*)

*Manufacturer's suggested retail prices for 2- and 4-door sedans and 2- and 4-door hardtops are all less than \$3000. These prices include dealer fee and suggested dealer delivery and handling charge. Transportation charges, state and local taxes, accessories and optional equipment additional.
SEE YOUR AUTHORIZED PONTIAC DEALER

Gas cooks cooler

There's no hangover heat with gas cooking. Turn a gas burner off and it's off — instantly. Cooking stops. Broiling is cooler, too, and smokeless. With gas you can broil with the door closed. Gas makes the big difference

because it's cool, clean, fast, safe, efficient, dependable and more economical than you-know-what. Now's the ideal time to get that modern, automatic gas range that you've always wanted—at gas appliance dealers or Lone Star Gas.

Artist's rendering of 115-acre Six Flags Over Texas located midway between Dallas and Fort Worth. The \$14,000,000 historical theme amusement park, now the most popular single tourist attraction in the State of Texas, features more than 75 rides, attractions and shows. An estimated 1.8 million people from all over the United States will visit Six Flags during the 1966 season.

Six Flags Opening Due Soon

The scene at Six Flags Over Texas, two weeks away from its 1966 season opening on April 15, is a sight to behold.

The 115-acre historical theme park, located midway between Dallas and Fort Worth, is emerging from its winter and fall cocoon. Some 170 engineers, electricians, mechanics, painters, construction crews and landscape gardeners are engaged in a beehive of activity getting the big tourist attraction ready for an estimated 1.8 million visitors this year.

Thousands of college and high school students from Texas and the Southwest have been making their annual pilgrimage to the Six Flags personnel office since January in hopes of landing one of the 1,500 openings for the coveted host and hostess positions.

Indoctrination programs and rehearsals for the show department and narrators on the various rides and attractions will begin later this week.

Six Flags will be open during the spring season (from April 15 through May 27) on Fridays from 5 to 11 p.m., Saturdays and Sundays only from 10 a.m. to 10 p.m. During the summer months the Park is open seven days a week.

Cemetery Beautification Organized Feb. 65

A Cemetery Beautification Association was organized in February, 1965. Plans for the landscaping of the new cemetery had been drawn, and approved by the Burkburnett City Council. Immediately after organization, funds for the suggested planting commenced coming in from individuals, club groups and memorial gifts. Some trees and shrubs were planted in March, 1965, but further planting was postponed, until the roads in the cemetery had been worked.

The month of March, 1966 has seen much activity in the new cemetery, with the completion of the planting, according to the approved plan. The Association wishes to thank especially City Manager Jess Whatley, Park Superintendent, Claude Reed, and city employees Clyde Farrarm, Alvie Burgess, Perry Drake, Eugene Robinson, Claude Champion, and Brady Rushing for all the work that has been done in planting and watering the trees and shrubs. Haskell Draper, Superintendent of the Water Department and his employees have laid water lines in the cemetery, so it will be much easier to take care of the new plantings.

In addition to the plantings

in the new cemetery, 11 crepe myrtles and several cherry laurels have been planted in the old cemetery. Appreciation to all who had a part in the planting, and to those who contributed to the purchase of the trees and shrubbery is being extended by the cemetery association.

The officers are: Mrs. Ralph White, president; Mrs. Carl Morrison, vice president; Buddy Byars, secretary; Mrs. P. A. Carpenter, treasurer and committee composed of Mrs. Troy Miller, R. C. Gilbow, C. W. Ramsey and Joe Salter. Any further contributions will be used for the beautification of the rectangular interest spot, inside the oval, in the new cemetery.

Eleven Women Attend ABWA Meeting In Ft. Worth

Eleven members of the Boomtown Chapter of the American Business Women's Association will attend the two-day Southwest District Meeting in Fort Worth, April 16-17. They are Mrs. M. E. McNish, Sandy Sanders, Buren King, Audre Muller, Alfred Sams, Elwanda Cotton, J. M. Willingham, W. J. Lacy, John Larson, H. J. Powell and Robert Keene.

EVENTS OF YESTERYEAR

From The Burkburnett Star 10 Years Ago

Mr. and Mrs. Truett Majors are the proud parents of a baby girl, Sandra Lee, born Saturday at the Wichita General Hospital.

Mr. and Mrs. Ben L. McDonald are visiting friends and relatives in Lott, Texas this week.

Mrs. Artie Whitesides had as her guests over the weekend, Mr. and Mrs. C. L. Griffen of Slaton, Texas.

Mrs. A. H. Lohofener left Wednesday for Fort Worth to meet her son Don, who is enroute to Pennsylvania on assignment.

Murry Evans of Abilene has been visiting Mr. and Mrs. Bob Dalton of this city the past few days.

Word has been received from Stanley Grimes in Champaign, Ill. stating that he had enrolled at the University of Illinois and will play football there next Fall. He played football with the Bulldogs here under Coach Hill several years ago.

Lt. Kent Reger, son of Mr. and Mrs. S. S. Reger has recently been transferred from Georgia to S.A.F.B.

Dorothy Ann Preston of T.S. C.W. spent the weekend visiting

her parents, Mr. and Mrs. Hugh Preston.

Joe Dodson is in the Wichita Falls General Hospital where he underwent surgery Friday night. He is reported doing nicely at the present time.

Mr. Paul Browning is visiting in Fort Worth, Texas this week.

Mrs. Velfa Lee Mazza of Fort Worth visited Virginia McConnell over the weekend.

Edward Bankhead, BM 2/C recently received his discharge from the Navy at Dallas.

J. M. Bryan left today for Houston to be with his father who is seriously ill.

Don Brookman, Jerry Jack Miller and Joe Gibson attended the track meet in Electra Wednesday.

Duck Rules

Know the three rules of duck shooting? Lead them. Lead them still farther. Lead 'em farther still. Another such rule goes: Make decoy lines big. Make them even bigger. Third, Double last size. (Big lines don't tangle and are easy to handle when frozen.)

QUICK TIPS for Smooth Trips

By Paula Johnson
Women's Representative
American Oil Company

Besides being stylish and sturdy, most of today's fashion luggage is unbelievably easy to clean. Artificial finishes usually require only a few swipes with a soft cloth soaked in detergent water. Leather can be freshened with leather wax or a commercial cleaner specially recommended for the job. Use a good spot remover on interior fabrics.

Sudden emergencies can be annoying—and embarrassing—an automobile trip. One of the most embarrassing is a stalled stuck horn. If it's ever your problem, you can solve it the moment it starts. First push or tap the horn ring sharply. If nothing happens, open the hood and operate on the horn itself. You find it by sound and conspicuous location (usually between the radiator and the grill). Disconnect the wire entering the horn, then... glorious silence. Next stop: the service station.

Chapped lips aren't just a winter affliction. Brisk winds and warm dry weather can produce the same painful effect. You're particularly susceptible when you're driving and traveling in the spring and summer. Be prepared with lipstick and other cosmetics that contain extra moisturizers. For the men in the family there are many chap-preventing lip pomades that are clear, non-greasy and also quite effective.

When you're traveling, finding restaurants and meals to please the whole family can be a problem. The new restaurant-service-station combinations springing up on Interstate highways and other major routes are a popular solution. At Harvard locations, for example, you can get coffee, a snack, or a full meal while your car is being serviced nextdoor. Many restaurants in this have special children's menus, bottle-warming service, commissaries where the youngsters can choose new games and books for the next leg of the trip.

One of the handiest traveling companions is a purse-size toothbrush kit—sold at most drug stores and notions counters. Many versions have a collapsible or two-piece brush that extends to the size of a miniature tube of toothpaste, and a small vial of mouthwash. Refills of paste and mouthwash are available. For further information, write Women's Representative, American Oil Company, 910 S. Michigan Ave., Chicago, Illinois 60680.

Jack Hightower Announces His Candidacy For Re-Election

Senator Jack Hightower today formally announced his candidacy in the Primary for re-election to the 30th district.

will be made to the next legislature.

Senator Hightower's distinguished service earned his appointment by Governor Connally as a delegate to the Southern Regional Education Board Conference on Higher Education. His effectiveness has been fully demonstrated in his support of important legislative measures concerning water and soil conservation, education, law enforcement, water and air pollution, health, etc.

Senator Hightower has an impressive record of public service. He served two years in the Texas House of Representatives and seven years as District Attorney. In 1957 he was appointed by the Governor to the Texas Law Enforcement Study Commission, and at the time of his election to the Texas Senate, was vice-chairman of the Board of Regents of Midwestern University.

A native of Memphis, Texas, where his mother, Mrs. Walter Hightower, still resides, Sen. Hightower moved to Vernon in 1951 to begin the practice of law upon his graduation from Baylor University. He served in the U.S. Navy during World War II.

He is a leader in civic, religious and fraternal affairs on the local and state level. His wife, the former Colleen Ward, is a native of Tulsa, Texas, and is the daughter of Mr. and Mrs. W. H. Ward of that city. They have three daughters, Ann, 13, Amy, 9 and Alison, 6.

The recent Supreme Court decision concerning redistricting caused major rearrangement of Senatorial Districts in West Texas. The new 30th district now contains 90 thousand voters, approximately 60% of whom live in that part of the new district heretofore represented by Senator Hightower and approximately 40% live in that part of the district heretofore represented by another

Senator. "In order to properly represent the people a Senator should know them, their problems and their needs. I have been privileged to know many people all over the wide area that is now the 30th District. I hope to become better acquainted with many hundreds more during this campaign. My promise is to serve you sincerely," Senator Hightower said.

Satellite Skate Club

The Satellite Skate Club of the Orbit Skating Rink had a picnic at the park across the street from the Youth Center, on Sunday, April 3. We played baseball, and played on the playground equipment. Many pictures were taken and will be put on the bulletin board at the Orbit Skating Rink. Everyone had a good time. All new members are welcome.

Reporter Susan Hall

BIBLES FOR HOME

One of the recently completed projects of Burk Burnett's Ministerial Alliance was the giving of eight copies of the New Testament and Psalms in large print to the Harrelson Nursing Home. Shown presenting the Bibles to M. T. Harrelson, owner-operator of the home is Lamoin Champ, president of the Alliance. The Bibles will be placed in the various areas of the home for use by the residents.

Mrs. Thaxton Hosts Florence Pinkston Circle

The Florence Pinkston Circle of the First Baptist Church met in the home of Mrs. R. P. Thaxton Monday Evening at 7:30 for the Royal Service program.

The "Call to Prayer" was offered by Miss Sandra Maxwell. She prayed for all Baptist Missionaries having birthdays on April 4, and for all of our men in military service in Viet Nam.

After a short business session conducted by Mrs. Thaxton, Mrs. Evans presented Mesdames Quattlebaum, Gee and Miller on her program of "New Foreign Mission Fields." Mrs. Thaxton dismissed the meeting in prayer.

Refreshments were served by the hostess to Mesdames Buren King, I. C. Evans, C. D. Gee, R. L. Quattlebaum, Earl Van Deren, Herman Miller and Miss Sandra Maxwell.

The next meeting is scheduled for April 25 at the home of Mrs. John Brookman.

Rummage Sale

A Rummage Sale will be held Saturday, April 9, at 406 E. 2nd St. behind the First Christian Church. A few of the items to be sold include: TV antenna, table tennis set, croquet set, Hollywood bed and springs; Windows, 31x40 — would make good green or hot house; 20 pieces of glass 13x36; 2 good single sinks—one with built-in drain board, floor and table lamps; men's and women's clothing, including shoes, suits, overcoats and swim suits, snow cone machine; refrigerator; good cook stove; baby bed mattress. These items may be seen anytime by calling 569-3474. Also have two pair of men's cat-ract glasses to be given free to anyone who can wear them.

Notice

The Burk Burnett Study Club will meet at 8 p.m., April 11th in the home of Mrs. James Frye, 822 Easy Street.

Jack Hightower
Appointed
Study Comm

Lieutenant Governor Smith announced the appointment of Senator Hightower of Vernon to the Committee to Study the Profession.

The Committee was headed by S. R. 162, member of the 59th Legislature and sponsorship of Senator and Cole. The committee of the nursing profession included various categories interested, tuberculosis and vocational nursing included within the study. The committee also considered the future needs and of nurses in each category.

Hightower is serving on the term in the House of Representatives. He was elected to the 1964 and is now serving following standing as Chairman of Labor and Management Relations; Agriculture; Livestock; Contingents; Counties, Cities and Insurance; Legislative and Judicial; Military and Veterans; Oil and Gas; State Affairs and Conservation.

In making the appointment, Hightower said: "Texas states, is experiencing a shortage of personnel of the profession, and in some instances, the shortage has become acute. Senator Hightower is a family man and respected Member of the Senate, and I am confident he will make a worthy contribution to the profession of the committee."

Farmers own more than 90 per cent of the Texas land. Mrs. Rudy visited the land in East Texas.
