The Bloodmobile will be back in town at Burk Burnett Bank Community Room Wednesday, March 13, so mark your calendar. It is an important day. Wouldn't it be wonderful if everyone in town gave one pint of blood?

There will be big fun in Burk Burnett soon. The American Business Women's Association is sponsoring a Spring Fun Land Carnival from March 8-17 in the vacant lot

COMMUNITY CLINIC A BIG SUCCESS

The recent Community Clinic held in the Town Hall and the High School proved to be a big success, according to all concerned.

Nearly 600 persons participated in the venture, the first in ten years.

Among the many topics mentioned during the discussion sessions were the swimming pool, stray dogs and delapidated buildings.

Though many of the complaints were not new, some were. All of them, along with the many suggestions for improvement were very helpful. Many items will be tended immediately, while some will take more time, but it is hoped that eventually, all will receive attention.

There is nothing like a good cl' town meetin' to get a town progressing in the direction in which the citizens would like to see it go.

City Commission Meets In Regular Session Monday

The City Council, consisting of seven commissioners, met in the Council Room Monday, March 4, in regular session.

Among the business conducted was a unanimous vote to pay \$75 to any volunteer fireman, who, while attending a fireman's school, would lose working time and therefore, pay.

It was authorized that accounts payable, \$4743.00 be paid by the City Manager; and that the city buy a page of advertising in the 1968 Jaycee magazine, Boomtown, U.S.A.

The city manager presented the commissioners with a possible budget for the year which they will examine before presenting it to the public. Estimated budget totals \$476,900.

NOTICE

Candidates for the four positions as Commissioners on the City Council will meet in the Council Room Friday, March 8 at 2 p.m., to draw for places on the ballot, announced City Secretary, C. R. Chambers.

Major Edwin L. Draper returned home Feb. 28 from a tour of duty in Viet Nam and is visiting his parents, Mr. and Mrs. Haskell Draper. Following his leave here he will report for duty to Fort Eustis, Virginia.

across from Piggly Wiggly.

There will be exciting rides for everyone and gobs of goodies to eat! Take the kids and join them in the fun. Be a kid again yourself and have a ball.

In some parts of the country school boys are beating the command "Get a haircut or get out," a new way.

They get the haircut so that they may receive an education. During the day they look like the clean-cut kids they should, but at night they join the mod-scene again by covering their shorn pates with—Wigs!

Who was it said that one can't have his cake and eat it, too? Ha!

From March 15 to May 1, we will have a chance to rid ourselves of our accumulated trash, such as old magazines, newspapers, tree trimmings, shrub cuttings, and—oh, just anything you have longed to be rid of—excluding husbands or wives, of course!

That is when the City-Jaycee sponsored Clean-Up Campaign will take place.

Make it easier for the trash collectors by securing everything in small bundles. If it is difficult for you to move, then consider the man who hauls it away for you. Be considerate as you clean-up.

Did you know that Texas has 16 kinds of poisonous snakes? Nine kinds of rattlesnakes; four kinds of copperheads; two kinds of coral snakes; and the water moccasin.

Gee! I'm afraid of a grass snake!

Are you spending your dollars in Burk Burnett? It is a good idea.

If you are, then you may be the lucky person to win money the last Saturday of the month. You might even win a 1968 Mustang December 24th.

Trade with the merchants who are participating in the Trades Days program of the Chamber of Commerce and have fun doing it.

Let's make OUR town prosperous by keeping our money in it. Everyone will be a winner then.

Don't forget, for every dollar you spend you will receive one more chance of winning a brand new Mustang!

What a car! I love my two year old pony, but, oh, that '68!

Men are trying to become airline stewards, but the airlines are protesting.

Why not have both? Pretty girls to wait on the men and handsome men to serve the ladies?

Why should men have all the fun?

In Milwaukee, they no longer call men garbagemen; but by order of the Common Council at a request of the local employees' union, they are now referred to as combustible truck loaders. A more dignified title, eh what?

Laugh, It's Good For You—

This happened recently in one of the local banks—A man from Iowa Park and another from Wichita Falls were overheard discussing why they come to Burk Burnett to do their banking.

"The people on the street are so polite and friendly," declared one.

"Yeah," said the other. "They say 'Howdy' whether they know you or not."

Love, B. B.

MARCH 13—THE DAY TO GIVE BLOOD

The Red River Red Cross Bloodmobile will again be in Burk Burnett March 13, Wednesday, at the Burk Burnett Bank. If you did not give your share last December, then now is your chance to make it up. It don't hurt!

Many persons have given more than one gallon. One donor has given as much as six gallons, Ralph Whittington, and feels very good to know that he has contributed to the longer life of a fellow being.

Kenneth Houk and Francis Beaver were among the donors who reached the three gallon mark during the December drive.

Please give your first pint, or your 16th pint, March 13. Whichever pint you may be giving, you will feel ten feet tall when it is done, because you will know you have helped someone less fortunate than yourself.

APO SF 96385

Dear Sir:

I am now serving in Vietnam as a combat medic. I've been here 7 months and I'd like to say a few words for all of us over here. I came to Vietnam to serve our country, as all of us did. I've had my best buddy die in my arms and have put up with hardships that would make the best men cry. I have no use for the so-called "hippie" no use for the demonstrators, no use for the rioters. My one aim is to get back to the United States safe and sound. What will I be coming back to?

Sincerely,
Robert Harmon,

TIME TO SHORTEN THE LINE

WHERE ECONOMY SHOULD START

Civilian personnel on the federal payroll for fiscal 1969 will exceed the total population of each of 27 states in the nation. It will be greater than the combined populations of Alaska, Delaware, Nevada, Vermont and Wyoming — plus about half the total for Hawaii.

The federal government, according to the Budget message, will pay \$42.55 billion to 6,502,695 persons on the government payroll during the next fiscal year.

The major share of the payroll, \$25 billion, will go to an estimated 2.9 million civilian employees (approximately 170,000 more than last November). The 3.5 million in uniform will receive an estimated \$77.5.

Few if any government employees are losing their jobs as a result of the spending cuts ordered by Congress and the Administration. In fact, when questioned about retrenchments, an Administration spokesman said, "We are abiding by the guidelines, principally by attrition."

It seems to us that the federal government should attain a higher level of efficiency with fewer people, and at the same time free additional capital for job creation in private enterprise.

The real harm to consumers is being caused by the federal government's labor and fiscal policies, and not by business practices government is trying to regulate, according to Mr. Allan Shivers, president of the Chamber of Commerce of the United States. "It is easy to find political motives for showing great concern for the consumer," he said. "He (the consumer) is the biggest of all the voting groups. . . Now that the consumer is facing another inflationary price spiral, fault finding with business practices becomes a means of trying to divert attention from the real inflationary mischief of still more excessive wage demands and more government overspending."

Long Island Lighting Company and the Connecticut Light and Power Company have announced they will build the longest underwater electric transmission line in the United States. Work on the line is scheduled to begin immediately with operation set for mid 1970. Cost of the underwater power line including terminal facilities is expected to be \$8 million, to be shared by the two companies. The line will be able to carry up to 300,000 kilowatts of electricity. The project will consist of seven cables to be laid 1,000 feet apart, providing two 138,000-volt circuits of three cables each.

To some critics, the American woman may seem little more than a dress and a hank of hair, but to the cosmetics and toiletries industry she looks like \$3.5 billion, says The Exchange Magazine published by the New York Stock Exchange.

THREAT TO A FREE PRESS

The right of the American public to know what is going on in the world of crime is basic to the protection of good order in the nation. If Americans are denied the right to know all the facts concerning arrests, for example, they will be unable to have a true picture of criminal activity and how their communities are endangered.

Unfortunately, the House of Delegates of the American Bar Association has taken action that seriously impinges on the right of the free press to gather facts and on the right of the people to know. At its recent meeting in Chicago, the ABA adopted new rules of conduct for lawyers and new procedures for judges. If these are put into effect by state bar associations, the American people will be dangerously deprived of needed information.

Under the new ABA rules, it would be unethical for a prosecutor or a defense lawyer to tell newsmen anything about a pending case except the barest facts regarding a defendant's identity.

For example, a lawyer would be forbidden to cite a defendant's arrest record or previous convictions. He could not disclose whether a person charged with a crime had made a confession. No information could be released on the results of police tests administered. Nor could data be released on witnesses.

The ABA also recommended that police departments adopt similar restrictions. And judges are urged to employ contempt powers to enforce the restrictions of the police and lawyers. In addition, the news media would be barred from pre-trial hearings and from portions of a trial held without the presence of a jury.

There is terrible danger in these recommendations, which were approved by a vote of 176 to 68. The way would be cleared for prosecutors to hold proceedings that were virtually

secret in nature. Police officials could conceal arrest information that would be politically damaging to officials. The public would be deprived of information concerning dangers in its midst. The ABA rules represent a giant step in the direction of abolishing the historic freedom of the press which has been a powerful instrument in protecting the liberties of the people.

The House of Delegates of

the American Bar Association has a right to make whatever rules it pleases for its own members—up to a point, that is. The cut-off point, is where such rules deprive the public of necessary information and threaten the open nature of the American court system. The ABA has no writ of authority to trespass on the public's right to know through the agency of a free press. The United States Constitution, and the Constitutions of the 50 states, do not give the ABA authority to issue rules that have the force of law or that tend to cause violations of constitutional freedoms.

What the ABA rules suggest is a new form of censorship over the press. This point was made in forceful manner by one of the ABA delegates, Frank N. Bratton of Athens, Tenn.

"I do not believe," said Mr. Bratton, "that the courts should ever assume censorship over the press, because whenever the courts are allowed a censorship in any form, this would be our first step in the loss of our liberty and freedom of the press."

The proposed ABA restrictions are all he more unjustified in view of the rise of criminality in our country. The United States faces a grave crime problem, with many forms of violence threatening public order and with organized crime taking a stronger grip on our cities. In addition, there is the growth of drug-peddling on college campuses as well as in towns and cities. This crime, if it is to be eliminated, should be subjected to close scrutiny by the free press. The American people need much more information on crime and criminals, not less.

The U.S. Supreme Court has made it extremely difficult to convict law-breakers. As a result, many criminal types virtually laugh at law enforcement agencies. Now, if the ABA succeeds in depriving the public of information that only the news media can furnish,

For **COLDS** take 666

the criminal element in this nation will have won a great victory. If the press may not expose all the available facts on lawbreakers, the hoodlum element will have vastly greater opportunity to tyrannize American communities. Clearly, the House of Delegates of the ABA should weigh the implications of its decision and reconsider its stand.

SOMEBODY CARES

It is so important that someone cares about how this child grows up. Someone cares that she is clothed and fed and loved. Someone cares that she goes to school and grows in mind as well as body. Someone cares about her childhood wonder and curiosity and wants to see them satisfied. Someone cares enough to teach her to love other people and will help her in her relations with them. Someone cares about her spirit and desires for her the highest ideals and standards, and will help her to know God. Are you this someone? Let it be said of her as it was said of Him, "And Jesus increased in wisdom and stature and in favor with God and man." Luke 2:52.

TAKE SOMEONE TO CHURCH THIS WEEK

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny, the truth which alone will set him free to live as a child of God.

BEST CAMPAIGNERS

Albert Dillard, left, presents Bill Vincent with a 17 jewel Baron watch, as Alva Scott, right, presents John Strayhorn with a Sony transistor radio, for having collected the largest percentage of contributions during the Northwest Texas Council of Boy Scouts membership campaign held during the month of December. There were approximately 50 workers who participated in the drive for support of the Boy Scouts. Dillard was campaign chairman; Vincent served as a major with five captains serving under him; Strayhorn was one of the captains; and Scott is the District Scout Executive. More than \$700 was contributed during the drive.

CUB SCOUT PACK 155 HOLDS BLUE AND GOLD BANQUET

The annual Blue and Gold Banquet for Cubs and families of Pack 155 was held at Town Hall, February 26th. More than 170 persons attended and enjoyed a delicious Fried Chicken Dinner with all the trimmings. The Webelos opened the festivities with the Flag Ceremony, followed by the welcome and introduction of guests. Among the invited guests were: Mr. and Mrs. Alva Scott, Northwest Texas Council; Mr. Neil Kriedler, Chisholm Trail Dist.; Mr. and Mrs. James Pearson, President of the Burkburnett Lions, Sponsor of Pack 155; Mr. and Mrs. Thomas Dorman, Institutional Represent-

tative; Mr. and Mrs. Russell Duvall, well known resident of Burkburnett; Mr. Tom Evans, Scoutmaster of Troop 155 and Scout, John Cokendolpher and The Rev. R. E. McCrary, Vicar of St. John the Divine Episcopal Church in Burkburnett. Father McCrary gave the invocation and dinner was served.

Entertainment for the evening was provided by the Members of the Order of the Arrow, Wichita Lodge 35. The boys demonstrated various original Indian Dances and explained the costumes each dancer wore. Everyone enjoyed the lively dancing and drum beating. Dancers included: Tim Clipson, spokesman for the group, James Harrison, Steve Watson, Scott Kennedy, Greg Wiedman and Drummers, David Clipson and Joe Baugh.

Ceremonies were given for Cub's Mark Milam of Mrs. Hamilton's Den 1 and Charlton Hutchinson of Mrs. Willard's Den 3, who transferred into the Webelos Den. The boys were welcomed into the Webelos Den by Den Chief, James Mahaffey; Denner, Mike Willard and Webelos Leader, Mr. Roy Mahaffey. A graduation followed for Webelos Joe Scruggs who graduated into Boy Scout Troop 155. On hand to greet Joe were Scoutmaster Tom Evans and Patrol Leader John Cokendolpher.

Highlighting the evening was a surprise ceremony for Webelos Leader Roy Mahaffey who was "taped out" for induction into the Order of the Arrow. This is indeed one of the highest awards in Scouting and goes to individuals for their outstanding work in the scouting program.

Mr. Alva Scott awarded Cubmaster Larry DiMarzio with a Special Unit Leaders Recognition Certificate. This is a Special award for the Cubmaster, Scoutmaster or Explorer Advisor of a Unit earning the Honor Unit Streamer. The pack received their streamer this past November. Mr. Neil Kriedler then presented Mr. James Pearson with the Pack Charter to be presented to the Lions Club which sponsors Pack 155.

The lights were dimmed and the Flag spotlighted with flashlights while everyone sang "America." Father McCrary gave the Benediction and brought a most enjoyable evening to a close.

Pack 155 would like to extend its sincere thanks and appreciation to all those who helped make this Blue and Gold Banquet such a huge success, especially to the members of the Order of the Arrow Lodge 35.

The next meeting will be March 25th at 7:30 p.m. See you all there!

Local Witnesses Attend Meeting In Fort Worth

"Why does violence, crime and corruption continue to plague mankind in increasing proportions?" was a question posed to an audience of 1,406 in Fort Worth's Sycamore Park Recreation Center Sunday by L. M. Dugan, district minister and convention chairman.

This question was made during the final session of the three-day circuit convention of Jehovah's Witnesses when Mr. Dugan delivered the public discourse "Why Does God Permit Wickedness?" Mr. Dugan enlarged on this thought when he commented that reports form all over the earth point to a general moral breakdown. "Immorality and dishonesty testify that the whole world is corrupt and that Satan the Devil is to blame as verified by the Bible," he said.

Mr. Dugan pointed out that 1975 will mark 6,000 years of man's existence and Bible prophecy indicates that Jehovah God will soon bring this wickedness to an end (2 Peter 3:7).

Harold P. Bruce, city minister, said that all of the debates will return home better ministers and better equipped to render free home Bible study service. "The studies held in this North Texas and Southern Oklahoma circuit and just a small part of the almost 950,000 Bible studies that are conducted weekly through the world," he said.

Remodelers Set Sights On Bathroom

A recent study by Cornell University shows that a high proportion of American bathrooms—even in modern homes—are badly outmoded and lack essentials such as privacy, proper equipment and storage space. It's estimated that some 16.5 million bathrooms need remodeling to meet the study's basic requirements of serviceability, comfort and attractiveness.

There are a number of ways home builders are providing bathrooms with both functional and esthetic assets. Some of these methods can be adapted, economically and on a do-it-yourself basis, by homeowners.

For example —
• A second bath, or at least an extra "powder" room, is considered essential for the average home. Housing studies show that prospective homeowners now look for three-bathroom houses, and builders have begun to provide more of them.

• The demand for high-style and low maintenance in bathrooms is being met with wall, floor and ceiling materials that are attractive, can take hard daily use, and are easy to clean.

Plastic-surfaced hardboard wall panels are popular in both new and remodeled bathrooms because they are specially engineered for high resistance to moisture, humidity and staining; won't dent, mar or scuff, and can be damp-wiped clean. To provide more elegant bathroom decor, panels now come in "decorator" finishes, such as woodgrains, travertine marble, colors, textures, patterns and murals, as well as tile designs.

• Bathroom fixtures have also been updated and glamorized. They range from convenient wall-hung toilets and attractive oval lavatories to luxury items such as ceiling sun lamps, built-in scales, "jeweled" sink, tub and shower fixtures, and commodes modeled after antique chairs.

New decorative ideas for bathrooms and other home improvement projects can be obtained for ten cents from SR&A, Dept. HP, Box 3498, Grand Central Station, New York, N. Y. 10017.

SAIL AWAY, ANYDAY - IT'S A BREEZE!

New York (NAPS) — It may all be Greek aboard the cruise ship S.S. Olympia, but model Nancy Corbin doesn't mind a bit. An invited stow-away, she has been "Shanghied" by the crew to enjoy a glorious vacation in Greece. Luckily she was dressed in a classical brown and white knit dress by Westover that will be a perfect travelling companion.

In olden days, when a young lady's fancy turned to travel, it was all the fashion to pack mountains of steamer trunks and set off with 40 or 50 dresses and a chaperone as ballast. But a go-goer like Nancy would be a "goner" if custom and costumes hadn't changed. The modern girl is ready to cast-off at the drop of a hat box—she travels light, with a little tote and a lot of fashion sense!

So that her carefree, easy style wouldn't be cramped, Nancy chose a "Crimp-nit"

skimmer designed by Donna Lee that can travel from deck to dance floor without a wrinkle! Both knits by Westover are perfect travelling companions because they are crush-resistant, packable and practical. All Westover knits come

in full and half-sizes, and cost between \$16 and \$35.

Tailored to look versatile, these never-wear travellers will convert to great land-lubbers once the Olympia docks to deposit a delighted Nancy on the shores of Greece!

GI's To Help Build New School For Children In Can Tho, Vietnam

CAN THO, Vietnam (69E-10)—Men from "D" Company, 69th Engineer Battalion (Construction) have volunteered to help build a primary school in the Thoi Hoa Refugee Hamlet in Can Tho. There are 150 children of primary school age in this hamlet who will not be able to go to school at all until it is completed. The teacher and curriculum will be provided by the Ministry of Education of the Republic of South Vietnam and it will become a regular public primary school.

The people of the hamlet are actually building the school themselves. Fathers, whose children will attend the school, have taken time off their paying jobs to work on the school. Women and children have also helped. Little tykes who can't do anything else have carried sand in tin cans down the jungle trail to the school site. Since it is a place so inaccessible that no equipment can be taken in, all of the concrete work must be done by hand.

Men of the 69th Engineer Battalion (Construction) have co-ordinated the efforts of the Vietnamese and worked side by side with them. Rev. Richard Pendell, an American missionary in Can Tho, has commented that "These Vietnamese men are rice farmers. Without the men of the 69th to work with them and teach them, they'd never be able to put up this building. But they think of it as their building. And since they built it, they'll take care of it. But they also know that they never could build it without the help of the American engineers."

Sp 4 William Dickey, "D", 69th Engineer Battalion (Construction) worked side by side with Vietnamese men on the concrete work. He is a graduate of Burkburnett High School and worked as a carpenter for the J. T. Dickey Construction Company in Burkburnett before entering the Army. His wife lives at 319 West 3rd Street in Burkburnett.

What Paul's Epistles Really Mean

There are too many "spectators" and not enough "participants" among Christians today. And part of the reason, says Clarence Jordan, a blunt-speaking, fearless Baptist preacher, is that the Bible's "ideas" have been lost in a maze of irrelevant, meaningless "words."

His answer: a new translation of Paul's letters, in the earthy language of the cotton fields and city streets. Called "The Cotton Patch Version of Paul's Epistles," it brings Christianity's basic ideas back into focus. Theologians may be startled, but the field workers to whom Dr. Jordan preaches can at last understand what Christianity truly "means."

Jesus spoke to people in terms of their immediate problems, their next-door neighbors, their local politicians. But today's Christians, says Dr. Jordan, cannot identify with Jesus and Paul's contemporaries, such as that "certain man who travelled from Jerusalem to Jericho," or the hard-pressed Thessalonians who were persecuted by rulers of an ancient and extinct kingdom.

Hence, the Cotton Patch version speaks in modern terms. That "certain man" travels from Savannah to Atlanta. He worries about Washington politicians. And Paul's letters are addressed not to the Corinthians or Ephesians, whoever they may be, but to the Christians of Atlanta and of Birmingham, of whom we have certainly heard. Thus, the Scriptures are taken "out of the classroom and stained-glass sanctuary" and put "under God's skies where people are toiling and wondering."

Dr. Jordan braved violence and economic reprisals after founding the famed Koinonia Farm in Americus, Georgia, a pioneering, interracial farming community, and he fervently believes that without new understandings, Christian action is impossible. In the new translation, one letter from Paul says in part: "Don't get bogged down in the middle-headed spoutings and fancy froth parading under the name of 'higher learning.' Some people have gone for that junk and have really messed up their Christian faith."

"The Cotton Patch Version of Paul's Epistles," just published in hard cover and paperback editions by Association Press, aims to get Christians unbogged and truly involved.

A Sweet-Sour Sauce

Give an Oriental flavor to fish, pork, duck or chicken with a sweet and sour Imperial Sauce. The classic, clear look of the sauce comes from the corn starch used to thicken it.

Imperial Sauce

- 1 tablespoon corn starch
 - 1/2 cup water
 - 1 (8 1/2-ounce) can crushed pineapple
 - 2 tablespoons soy sauce
 - 1 tablespoon wine vinegar
 - 3 scallions, diagonally sliced
 - 1 medium tomato, peeled and cut into thin wedges
- Blend corn starch and water in 1-quart saucepan. Add pineapple, soy sauce and vinegar. Cook over medium heat, stirring constantly, until mixture comes to boil and boils 1 minute. Add scallions and tomato. Cook 3 to 4 minutes. Serve over fish, pork or poultry. Makes about 2 cups.

Opening exercise was given by Marie Gray.

You say people are afraid to get involved?

...not everyone.

Many telephone people have made it their business to get involved in other people's problems. They've saved hundreds of lives in the process, often risking their own safety.

Over the years, 240 Southwestern Bell employees have been awarded the Vail Medal, an award recognizing acts which exemplify the company's highest traditions of service.

Among our Vail Medal winners are employees who... pulled a mother and her son from the rushing waters of a turbulent river... carried a baby from a blazing trailer home... dragged a man and woman from a burning car.

The list goes on and on.

And we're proud of them all. They're the kind of people you can count on to get involved.

RAY MARTIN—
(Continued From Page 1)
Private and worked his way up to Captain. He has been a lifetime Democrat and has served as precinct chairman for eight years.
As Judge
Whenever a local judge is absent or disqualified in some case, the Wichita County Bar Association elects some local attorney to serve as a Special Judge on a temporary basis. The Bar Association elected Ray Martin to serve as a Special Judge in 1953, 1955, 1956, 1957, 1958, 1959, 1960, 1963 and 1967. In discussing the office he seeks, Martin said:
"The District Court is a court of general jurisdiction in Texas. A lawyer can serve Texas and more of the people, day by day, from the seat of a District Judge than from any other position. Having been a trial lawyer for 28 years, on both sides of the fence, I know how expensive it is to parties, witnesses, and jurors when there is an unnecessary delay in the trial of a case. I pledge to be a full-time working judge, to give every party a fair and speedy trial, and to maintain the office with dignity and respect. I would appreciate your vote on May 4th."
