Burkburnett's new Direct Distance Dialing telephone system is scheduled to go in service at 8 a.m. Friday.

The occasion will be marked by a simple ceremony at Southwestern Bell Telephone Company's office here.

Mayor Al Lohoefer is scheduled to make the first customer dialed call from the city. The call will go to Lt. Governor Preston Smith, the Democratic nominee for governor.

Several civic leaders are scheduled to be guests at a breakfast preceding the ceremony at Town Hall. The guests will be invited to participate in the ceremony in the telephone company equipment room.

Prior to making the first call, Mayor Lohoefer will pull a special plug, cutting the system's first circuit into service.

The brief ceremony will climax several months of planning and work on the part of telephone people here and in other locations throughout the country. C. A. Deuschle, manager of the company, noted.

Direct Distance Dialing simply means a Burkburnett customer can dial direct across the nation almost as easily as he now calls across the street.

Burkburnett telephone users can dial direct to distant cities by first dialing the numeral "1", followed by the area code for the city, then the complete telephone number. A list of area codes for points most frequent-

ly called from here can be found in the front of the telephone directory. Customers can obtain area codes for other points by dialing "Operator".

If a customer is dialing another city with the same area code, He simply dials "1" and the seven digits of the telephone number.

"This will ring the telephone in the distant city in far less time than it takes to tell about it," Deuschle said.

Customers can dial information service in distant cities without charge, Deuschle pointed out. To reach information in a distant city, the customer simply dials "1", the area code and 555-1212. If the city is in the 817 area, he leaves out the area code and dials 1-555-1212.

If customers forget this procedure, instructions are listed near the front of the telephone directory, Deuschle said.

DDD will be used for station-to-station calls. These are calls on which the customer will talk with anyone who answers. Rates for this type call are substantially less than person-to-person service.

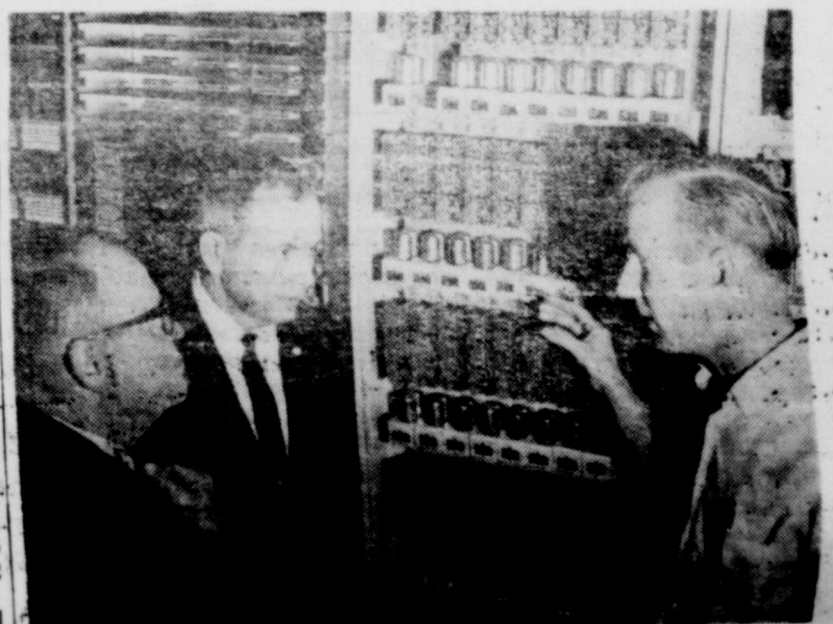

Other calls, such as collect, credit coin or pay station and other calls requiring special handling will be handled by operators as at present.

Deuschle pointed to the Burkburnett DDD project as "another evidence of our faith in the future growth of this area."

Looking Over Dialing Instructions

Dub Deuschle, manager for Southwestern Bell Telephone Company here, shows Mayor Al Lohoefer pages in the local telephone directory which give customers instructions on how to dial direct to other cities. Direct Distance Dialing goes in operation here at 8:00 a. m. Friday.

New Long Distance Equipment

Southwestern Bell Telephone Company's Burkburnett Combinationman Wayne Smith, right, shows Mayor Al Lohoefer, left, and Chamber of Commerce President Jack Aaron, center, new Direct Distance Dialing equipment in the Burkburnett telephone office. DDD goes in service here at 8:00 a. m. Friday.

HOW TO CUT FEDERAL SPENDING

One logical way to cut excessive federal spending is to reduce the number of government personnel. In April, 12,352 employees were added to the federal executive department payroll, making a grand total of 2,932,109 people. This exceeds the Korean war peak in January of 1954. It's about three and one-half times as many on the federal payroll during the peak of World War I.

Here are some random examples. If the 19,448 employees of TVA moved to one city, it would have more people than Talladega, Alabama, Fairbanks, Alaska, or Whitefish, Wisconsin.

If the Veterans Administration personnel of 172,954 was in one city, this city would replace Nashville, Tenn., as the 73rd largest city in U. S. population according to the 1960 Census.

If the Civil Service Commission with 5,362 employees had its own city it would outrank Monticello, Arkansas, Brownsburg, Indiana, Freepport, Maine, and Walnut Heights, California.

The Department of Agriculture has the equivalent of one employee for every 28 farms in the United States, with a total of 111,271 employees.

Proliferation of federal departments, bureaus, and committees expands with unrestrained federal spending, so while Mr. and Mrs. Consumer are expected to tighten up their budget to meet an increase in federal taxes, a realignment of the payroll priorities in the nation's capital is long overdue.

MASTER KEY TO ABUNDANCE

Pesticides have become as much a part of farming as have tractors and electricity. As the publication, Michigan Farmer, points out, "Pesticides hoe out the weeds, kill insects, destroy the molds and fungi. In general they make it possible for American farmers to produce more high quality food per farm than ever before achieved in the history of the world."

This is quite an accomplishment for a family of chemicals that even yet the misinformed are reluctant to accept as a necessary adjunct of modern agriculture. What they do not realize is that although pesticides may appear to be a sudden innovation, they are in fact the product of years of research and tremendous investment. On the average, it takes about 5 to 7 years and about \$5 million to develop and market a new pesticide. The final product of this intensive effort is registered and labeled in accordance with the stringent requirements laid down by the U. S. Department of Agriculture and the Federal Food and Drug Administration.

The Pacific Power and Light Company has noted that: "Electricity is your biggest household bargain!" The average unit of electricity costs less today than 10 years ago. And the typical home uses 45 per cent more electricity now than 10 years ago.

CONGRESSMAN CITES Japanese Village and Deer Park

BUENA PARK, CALIFORNIA: California Congressman Richard T. Hanna (left) is shown presenting an award to Allen Parkinson, Orange County tourist attraction manager, for his contribution to "international understanding." Award was in recognition of Japanese Village and Deer Park, a 28-acre re-creation of historic Japan. Over 800 gentle deer roam the pavilions to be petted and fed by visitors; and landscaped gardens with tea-houses, Japanese artifacts, hostesses in kimono, and bright pennants create a colorful atmosphere of serenity. Japanese civio officials have made the Park gifts of other animals, including seals, peacocks and Akita dogs, in enthusiasm over the United States' first authentic deer park.

The Village is the third Parkinson attraction, all located in Buena Park, close to Disneyland and Knott's Berry Farm. One of the others is Movieland Wax Museum, the world's largest, where over 100 stars are presented in their most memorable scenes. Lavish sets, magnificent reproductions and an air of excitement make this one of California's most popular places. The Palace of Living Art is adjacent to Movieland. It features perfect replicas of art masterpieces "brought to life" in three dimensional tableaux and displayed in a magnificent gallery atmosphere with many unique effects.

THE FORTAS-WARREN MANEUVERS

The more complex the political maneuvers become to force Senate confirmation of the nomination of Justice Abe Fortas as Chief Justice, the more clear it is that the Senate will act responsibly and in the public interest if it rejects the nomination.

On the one hand, Chief Justice Earl Warren is busily trying to pressure the Senate into confirmation. He threatens to remain on the bench if Mr. Fortas is not approved as his successor. Under the U.S. Constitution a justice of the Supreme Court has no voice in the selection of his successor. This does not deter Mr. Warren, however, who already is guilty of many usurpations of power and who has only contempt for the procedures of constitutional government.

The Senate has an unquestionable right to refuse to confirm any judicial nomination it deems improper. Indeed one-sixth of the Supreme Court nominees presented to the Senate in our country's history have been rejected. In such cases, it is the President's duty to submit the name of other nominees, more acceptable to the Senate. Certainly, the Founding Fathers never intended for a Supreme Court justice to play a part in naming a man who succeeds him on the

bench. If Mr. Warren is allowed to get away with this grossly political maneuver, resigned to elevate another "liberal" activist and fasten that philosophy on the court for the years ahead, the other justices likewise will be encouraged to take a hand in choosing their successors.

What Earl Warren is doing is an affront to the Senate and to the people. He would render meaningless the power to confirm or reject, that the Con-

stitution assigns to the Senate. As the next President will be chosen by the people, Mr. Warren is trying to silence the voice of the people. He is playing politics in a way unheard of in the history of the U.S. Supreme Court.

The whole deal involving Mr. Warren's negotiated retirement, which constitutes maneuvering to create a vacancy on the bench, is sordid in character. It smacks something worked out in a smoke-filled room at a political meeting. It is cynical as well as unconstitutional. As U.S. Senator Robert P. Griffin has said, the maneuvering "suggests a shocking lack of faith in our system and the people who make it work."

Leaving aside these aspects of the nomination, there is the question of Justice Fortas' activities to consider. It appears that Mr. Fortas, while on the bench, has displayed little respect for the principle of the separation of powers that is basic to our constitutional system. The New York Times Magazine said June 4, 1967, that Mr. Fortas is "drawn into non-judicial matters by friends who want government jobs and know he still carries weight at the White House." The Times cited Justice Fortas' role in landing a federal judgeship for one man, in advising the President on coping with steel increases and in helping to frame measures dealing with labor disputes.

United Press International said June 27, 1968, that "Fortas has been one of the President's closest advisers, in a wide range of governmental matters, even while serving as an associate justice."

This involvement is ample cause for rejecting his nomination. It is much more serious matter than mere cronism, for a judge of any court should know that he has no business taking part in the decisions of the executive, whether of a state or of the nation. A Justice who also is a political adviser and aide to a President cannot be impartial when he goes on the bench. He is a participant in the political process when he is an adviser, and this a judge has no right to be. A judge who is an agent or a political co-worker of the Chief Executive is violating the deepest traditions of the Anglo-Saxon legal system. Mr. Fortas apparently does not recognize this, or, if he does recognize it, he is contemptuous of the obligations of a judge in this respect. Whatever his rationale for working as a White House adviser, the relationship he has maintained is an improper one. If profoundly disqualified him for the high position of Chief Justice.

These facts and issues must be spelled out to the American people so that they can let their Senators know that they want the traditions of our government upheld. Mr. Fortas may be a skilled political fixer, who has rescued the Johnson administration from many tight spots. But that is not a credential for Chief Justice. The next man who holds that post should be a man who cherishes the Constitution and is respectful towards its underlying principles. Mr. Fortas doesn't fit the bill.

"Section 64. (a) The Legislature may by statute provide for consolidation of governmental offices and functions of government of any one or more political subdivisions comprising or located within El Paso or Tarrant Counties. Any such statute shall require an election to be held within the political subdivisions affected thereby with approval by a majority of the voters in each of these subdivisions, under such terms and conditions as the Legislature may require.

(b) The county government, or any political subdivision(s) comprising or located therein, may contract one with another for the performance of governmental functions required or authorized by this Constitution or the Laws of this State, under such terms and conditions as the Legislature may prescribe. No person acting under a contract made pursuant to this Subsection (b) shall be deemed to hold more than one office of honor, trust or profit or more than one civil office of emolument.

The term 'governmental functions,' as it relates to counties, includes all duties, activities and operations of statewide importance in which the county acts for the State, as well as of local importance, whether required or authorized by this Constitution or the Laws of this State."

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on the first Tuesday after the first Monday in November 1968, at which election all ballots shall have printed on them the following:

"FOR the constitutional amendment authorizing the legislature to provide for consolidating governmental offices and functions and allowing political subdivisions to contract for performance of governmental functions in El Paso and Tarrant counties."
"AGAINST the constitutional amendment authorizing the legislature to provide for consolidating governmental offices and functions and allowing political subdivisions to contract for performance of governmental function in El Paso and Tarrant counties."

Clara-Fairview Community Met Friday, July 12

The Clara Fairview Community met July 12 with Frank Kelly, president, in charge. He gave the opening prayer.

Minutes were read and approved and business was taken care of. Then Mr. C. A. Deuschle, who is with the Bell telephone company, gave the program on change over to direct dialing.

It will start in Burkburnett August 2. Everyone is looking forward to the change over.

The first telephone system was established in 1876 by Mr. Beell. His assistant was Mr. Watson.

The Telephone has come a long way and what a wonderful invention as a great help and time saver.

We will be able to call across the nation by just picking up our telephone and dialing the area code and the person's you are calling phone number. In case you dial the wrong number just hang up your receiver and call your telephone operator and she will help you.

There were 30 million pieces of equipment which went into the change over to direct dialing.

Our next meeting will be August 9 and all members are urged to be present. It will be a "Cook Out" for all members and their families.

Members present were Mr. and Mrs. E. J. Simons; Mr. and Mrs. Frank Kelly; Mr. and Mrs. Fred Druyer and children; Carl Roderick; Larry and Gary; Julia Roderick; De Anna Schroder; Norman Roberts and our guests, Mr. and Mrs. Joe McDonald and B. T. Haws from Wichita Falls.

PERSONAL

Mr. and Mrs. E. J. Tatum and niece Brenda Sue Goins returned the past week from a very enjoyable vacation.

The Bill Humphries family of Brownwood, Tex., joined them in Burkburnett and also made the trip to Minnesota. Mr. Humphries is E. J.'s brother. In Minnesota they visited their sister and family, Mr. and Mrs. O. M. Shonkwiler and Becky at their summer home on "Ten Mile Lake" at Hackensack, Minn.

The men reported catching lots of northern pike and other fish while the rest of the family enjoyed boat riding and sight seeing.

Before returning home the Tatums and Brenda enjoyed visiting International Falls, Fort Frances and points of interest in Canada.

They also followed the shore line of Lake Superior to "Two Harbors", back down to Duluth and into Wisconsin, returning home by way of the Twin Cities in Minnesota.

Mrs. Frank Hunt Honored On Her 93rd Birthday

MRS. FRANK HUNT

761st Air Force Band Will Present Concerts In Park

SHEPPARD, AFB, Tex. — The 761st Air Force Band at Sheppard Air Force Base will present a series of summer concerts at the new band shell in Bridwell Park in Wichita Falls during the month of August.

Known to most audiences of the area as the renowned Band of the Oilbelt, it will play concerts each of the four Monday nights of August — Aug. 5, 12, 19 and 26. Each concert will begin at 7:30 p.m.

The public is invited and there is to be no admission charge.

The 761st Air Force Band has been active on the local scene with annual summer concerts, appearances on radio and television stations, at the Wichita Falls State Hospital and in many high school concerts in Texas and Oklahoma.

This highly trained and versatile organization has a history dating back to World War II and was assigned to Sheppard AFB, in 1948. One of the most active musical organizations in the Air Force, the 761st averages over 400 commitments each year.

This year's summer series will feature the concert band in compositions ranging from the classics and modern jazz to contemporary music for concert and members will also be featured soloists.

As a special treat the Wichita Falls audiences will have an opportunity to hear the famed Skyliner Dance Orchestra with local artists as featured soloists in many of the late pop favorites.

The concerts are programmed to please a wide variety of

musical tastes and include both classical, popular and contemporary compositions.

Both 2nd Lt. Albert P. McLane and Chief Warrant Officer David Hale will serve as conductors of the band during the program series.

Lieutenant McLane received a bachelor of music degree from the University of Georgia in Athens, Ga., in 1965 and a State University in Muncie, Ind., master of music degree at Ball in 1967.

For his bachelor degree he majored in music theory and composition, and for his master's degree, conducting. He attended Ball State University on a graduate assistantship for the two years he worked on his graduate degree.

While at the University of Georgia he became affiliated with Ms. Alpha, an honorary music fraternity.

Mr. Hale, who entered military service in 1940, received a bachelor of music education degree on Operation Bootstrap from the Minnesota College of Music.

Though primarily a conductor, Mr. Hale has been very active as a French hornist and choir director through the years. He has performed with the Symphony in Riverside, Calif., Spokane, Wash., Springfield, Mass., Albuquerque, N.M., and Wichita Falls, Tex.

Mr. Hale has participated in the annual summer concerts given in Wichita Falls for the past several years.

To prevent pollution, each day Texas oil men put over five million barrels of oil field salt water back into the ground.

AFTERNOON KINDERGARTEN TO OPEN

A kindergarden class, to be held in the afternoons, will begin in September at Grace Lutheran Church, 3rd and Ave. E. Mrs. Lloyd Hasche will be the teacher.

To offer the advantages of kindergarden training to more children of the Burkburnett area is the purpose of the new afternoon class. Grace Lutheran already has a morning kindergarden, and enrollment for it is full for the coming school year. Mrs. Clarence Koenig will continue as the teacher for the morning class.

Mrs. Hasche, the teacher for the afternoon, is the wife of Lt. Lloyd Hasche, an instructor in data processing at S.A.F.B. Married last January, both of the Hasches are natives of Wisconsin. A college graduate, Mrs. Hasche has a degree in education and also public school teaching experience. She is a teacher for a kindergarden class in the Sunday School and served this summer as a teacher and department song leader in Vacation Bible School at Grace Lutheran.

Following the Burkburnett public school schedule, the first day of class will be Wednesday, September 4, and the hours for the afternoon kindergarden will be from 12:30 to 3:15 p.m. to 3:15 p.m.

Kindergarden training is part of the public school systems of most states but is practically non-existent in Texas' public schools. Kindergarden is not a play school but an educational agency that gives a solid and helpful start to children's learning years. In the Christian atmosphere of a church kindergarden the curriculum will include Bible stories, reading readiness, number readiness, beginning science, recess music, and emotional and character building activities.

Enrollment is open to all children who are five years of age by Sept. 1. Parents are encouraged to invest in their children's future through kindergarden. For further information and application parents may call the pastor, Rev. Phil Otten, 569-2706 or 569-3164. (Paid Adv.)

HOW TO KEEP YOUR COOL WHEN THE HEAT'S ON

Have you ever had one of those days when no matter how bright or bushy tailed you felt at breakfast, somehow as the day wore, it also wore you? Nothing goes right. Even the phone has a nagging, demanding ring.

You sigh. As you do, the intruding ring pierces your sigh. It's John. Unexpected clients in town. He's bringing them home for cocktails. What to serve to make it memorable.

Your mind races and stops with the Polish vodka ceremony John vividly described. Fortunately salmon, sliced paper thin, and thinly sliced pumpernickel are in the deep freezer; capers are in the refrigerator, as is the ice-studded Polish vodka in its container of ice.

Like a whirling dervish, you fill the grinder with fresh pepper pods, spruce up the cruet of oil and vinegar, slice a Bermuda onion, and arrange the salmon and onions on a platter to cool it as you cool yourself with a quick shower.

Now what to wear to impress John's clients. Again your mind races and stops with John filled with the unexpected, including the mink sweater he selected himself, with a little help from designer Mr. Fred of Fur and Sport, as a surprise. As you zip it up, you just hope and pray

you look cooler than you feel. Apparently you do, because as John's clients ceremoniously help themselves to bread, salmon, onion, capers, pepper, oil, and vinegar, their murmured ahs swell to bravos as you serve

the "frozen" Polish vodka — one of the most beautiful and simplest drinks to serve.

All you do is place the Polish vodka up to its neck in a container filled with water and ice cubes and place it in the deep freeze until frozen. It takes a couple of hours. Wiggle the neck to remove it from the ice, serve it straight in chilled cordial glasses, and return it to the iced container after each use to keep its cool.

WEAR RESISTANT

Southern Pine paneling is noted for its high resistance to wear, blemish or scarring. Because of this quality, it is often used in family rooms and other areas susceptible to rough treatment.

Are you a lure danger? Before you get out of the boat, detach your lure and put it in your tackle box. You are taking a chance of hanging a hook in a fishing buddy, or even yourself. Cautious anglers tie on a rubber plug used for practice casting.

Elected President Of Texas FFA

BILL SARAPALIUS

Bill Sarapalius of Clarendon, a member of Cal Farley's Boys Ranch FFA Chapter, was elected President of the Texas Future Farmers of America Association during the 40th Annual Convention in Lubbock.

The delegates named Arlene Lucas of Pasadena, the 16 year old daughter of Mr. and Mrs. Jack Lucas, the Texas FFA Sweetheart for 1968-69.

Sarapalius has completed his freshman year at Clarendon Junior College, however, due

to a heavy schedule during the coming year, he will discontinue his college work for that period of time. Boys Ranch Vocational Agriculture instructor, Guy Finsted, said that Sarapalius will soon return to the Ranch to live during his year of serving as President of the Statewide Association. The President's activities during the year will include visiting FFA Chapters, speaking at Civic Clubs and Livestock Shows and other FFA functions.

IN MOTHER'S FOOTSTEPS

What joy in life is seen in those eyes. That smile is given freely to everyone. Now look at them both. Which one am I talking about? Aren't they both the same? No, she's not an exact, carbon copy, of her mother — for when you look again, you see that there is a generation between them. She wears the bright colors in her dress with the cute designs. Her dreams are different than her mothers. She is more outgoing. Yet in the mother you can see a quiet humor and in her closeness to her daughter, a gentle protectiveness. Her mother's dreams are sometimes too ambitious, but in the "Encouragement Department" she works just fine.

There is one dream and ambition they both have, however; and that is to be like our Lord and Saviour Jesus Christ, and to be of service to the church. Their goodness is of God.

"For the eyes of the Lord are over the righteous, and his ears are open unto their prayers: but the face of the Lord is against them that do evil." 1 Peter 3:12.

EVERY ONE IN THE CHURCH
 THE CHURCH IN EVERYONE

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

STARTS AUGUST 2!

DIRECT DISTANCE DIALING

DIRECT Distance Dialing—“DDD”—will arrive in Burkburnett at 8:00 a.m. on Friday, August 2.

Starting then, you can dial your long distance calls to virtually any other city in the nation.

DDD is fast and easy. If the area code of the city you want is the same as yours—817—just dial “1,” then the telephone number. For example, to call 332-8211 in Fort Worth (area code 817), just dial:

1 . . . 332-8211
DDD Code Telephone Number

If the area code is different from 817, dial “1,” then the area code, then the

telephone number. For example, to call 227-3744 in Houston (area code 713), you would dial:

1 . . . 713 . . . 227-3744
DDD Code Houston Area Code Telephone Number

After dialing, you will hear the other telephone ring, within seconds. It's fast, easy, convenient!

See for yourself. Try it—as soon as you can. Be among the first to enjoy the speed and pleasure of new streamlined Direct Distance Dialing.

Southwestern Bell

“To obtain out-of-town telephone numbers, remember 555-1212”

With DDD, it's easy to obtain out-of-town numbers by calling “Information” in other cities direct, like this:

If the area code of the phone you want is the same as yours, 817: simply dial “1,” then “555-1212.”

If the area code is different from 817: dial “1,” then the area code, then “555-1212.”

When the Information operator answers, tell her the city, name, and address of the person you want. There is no charge for this information.
