THERESA HERRING CHOSEN AS GIRLS' QUEEN REGENT

Miss Theresa Herring passed her requirements and became a Queen Regent in her Intermediate Girls Auxiliary in the Central Baptist Church.

GA's aim is "To be awake to conditions about us even to the end of the world, to be alert to guard our minds against evil, to keep our bodies as Temples

of God to cast selfishness out of our hearts, to make Jesus Christ known."

Some of the points completed in this step were; she read the New Testament through, made a cross stitch map of the world with GA emblems in the corners and world map in the center. This can be used for a tablecloth or bedspread. She did much work in looking for three games from five foreign mission countries we study, then directed the games for Sunbeams in the church.

She made authentic costumes of four foreign countries and dressed the dolls. Many other things were done before completing this step, and appearing before a board selected by the WMO before this step is passed.

Her sister, Mrs. Bill Bigford, is a GA director in Arcadia, Texas, and she was invited to be a part of the coronation service. Her mother, Mrs. J. L. Herring of 721 Maple placed the beautiful cape on her.

Before reaching the age of 16, she plans to finish Queen-Regent in Service.

Theresa started in Sunbeams, Junior GA's, then Intermediate GA's. She was on the honor roll last year in Burkburnett High School, in the band for five years, and won many trophies in bowling.

She has one brother, John, serving in the U.S. Navy near Tokyo, Japan.

She has been in Girl Scouts since the second grade, and is now a senior Girl Scout.

Financial Firms Close Saturdays

The Board of Directors of the Financial Institutions subject to approval by the Banking Department voted to close the lobby of each financial institution on Saturdays; beginning October 5, 1968; the major consideration for this change was to enable compliance with the Wage and Hour Law.

There will be no change in customers drive-in service, as these windows will continue to remain open from 9:00 a.m. to 12:00. In the future we will observe only the major holidays.

Bulldogs To Meet Breck Here Friday

Burkburnett's Bulldogs will be seeking their first victory of the 1968 football season when they are host to the Breckenridge Buckaroos Friday night.

The Bulldogs, still smarting from the 27-0 whipping administered by the powerful Duncan Demons last week, will take to the turf at Bulldog Stadium almost at full strength.

Missing from the lineup, of course, will be Wendell Hobbs, who will be sidelined for the rest of the season due to an injury suffered in the season opener with Iowa Park.

Mike Nivens re-injured his knee before last week's contest, and is not expected to see action against the Bucks.

Bulldog Coach Bill Froman, after receiving scouting reports and viewing films of the visitors, reported that Breck will be fielding a typical Breckenridge team.

"They're not big, but they will scrap you all over the field," Froman reported.

Typical of their defensive play was against Vernon, the films showed. Although Vernon moved the ball well in midfield,

the Buck defense tightened up near the goal line, and never allowed Vernon to penetrate past the 20. The Bucks stopped Vernon, 6-0, Friday.

Breckenridge, incidentally, is unbeaten in two starts. Not only have they won both games by a total of 29 points, but they have held their opponents scoreless.

Breckenridge, also a member of 4-AAA, leads the south zone, tied with Stephenville. Friday's game with Burk will not count in the district standings, however.

Duncan almost completely bottled the Burk attack Friday, holding the Bulldogs to a mere 35 yards on the ground, and allowing only 40 through the air.

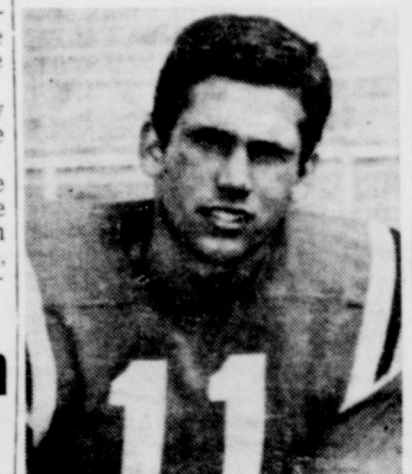

At the same time, the De-

mons were racking up an amazing 218 for themselves on the ground, and passing for another 84.

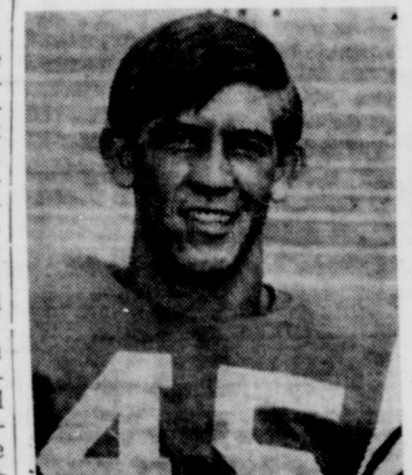

Burk held the home team to a single TD in the first quarter, but weakened, and had given up 21 points by halftime.

The Demons' final tally came late in the game, on a 33-yard pass play.

After heavy rains earlier in the week, fair weather and good footing is forecast for the Breckenridge tilt.

HEADED FOR BREAKDOWN

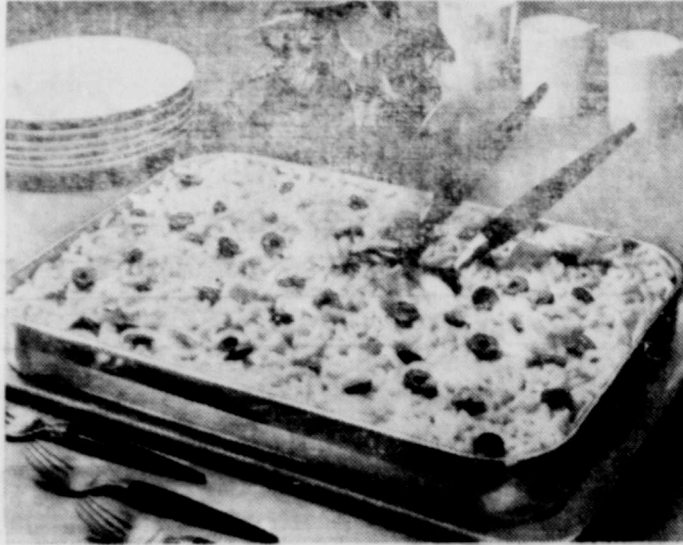

While essential government services are falling apart, more and more of the federal taxpayer's money is being spent on evermore numerous, costly, unneeded programs providing support in one form or another to U.S. citizens. example is to be found in the plight of the Post Office Department.

If reports are correct, the post office is unbelievably far behind in applying modern technology to the handling of the mails. Curbs are being imposed on postal service to help alleviate the postal deficit, yet billions of dollars under hundreds of programs are handed out each year in the name of federal-assistance to the American people. At latest count there were 1,000 federal-assistance programs. They range from graduate scholarships to low-cost housing subsidies. Total cost of these programs, it is estimated, is in excess of \$20 billion yearly.

The American people would be better served if government would spend their tax money and its energy on needed government services. Law enforcement, postal service, and airway facilities might be a good place to start. We need this more than a federal wet-nurse that we can't afford to carry us from the cradle to the grave.

The Portland, Oregon, Traffic Safety Commission stated that emotional upsets have a direct effect on safe driving ability. You are driving under a definite handicap when you are upset, depressed, angry or even overjoyed. The defensive driver's way of coping with this problem is to wait until he calms down before taking the wheel.

Macaroni...The People's Choice

You don't have to put it to a vote to know that macaroni and cheese are a winning combination. Serve this prize-winning Macaroni and Cheese with Olives during National Macaroni Week—October 17-26. Or prepare it for a group of friends to enjoy at an informal supper on election night. This recipe, developed by the National Macaroni Institute, is an economical one, and easy to prepare. It can be served buffet style, which makes it a suitable choice when you'll be eating while grouped around the television set.

Plan Tasty Nutritious Lunches

When the children arrive home for lunch, be sure that the meal you've planned is not only tasty but also nutritious. A well-balanced menu, centered around the four food groups, is important for proper growth and development.

The wise homemaker serves cream soups often for she knows that they make a valuable contribution to daily nutrient requirements. All the protein, vitamins and minerals provided by milk as a beverage are also provided by milk used as an ingredient in recipes. Recipes for cream soups, custards, puddings, and cream sauces for vegetables use liberal amounts of milk and should be served frequently.

This lunch menu includes creamy onion soup, vegetable and cottage cheese salad, crackers or bread sticks, an apple for dessert, and milk as a beverage.

Creamy Onion Soup

- | | |
|----------------------------|---|
| 4 cups thinly sliced onion | 2 egg yolks, beaten |
| 1/4 cup butter | 1 teaspoon Worcestershire sauce |
| 2 tablespoon flour | |
| 2 teaspoons salt | 1/2 cup shredded Parmesan or Cheddar cheese |
| 1/8 teaspoon pepper | |
| 1 quart milk | |

Sauté onion in butter until tender and golden. Blend in flour, salt and pepper. Add milk and cook, stirring constantly, until sauce is thickened. Add a small amount of hot mixture to egg yolks, beating constantly. Return yolk mixture to hot mixture and add Worcestershire sauce. Heat thoroughly. Serve in hot soup bowls. Sprinkle with Parmesan or Cheddar cheese. Makes 5-1/2 cups soup, enough for 6 to 8 servings.

SHEPPARD AFB, TEX. — SUGGESTION PAYS OFF — Maj. Russell C. Swansburg, special assistant to the Chief of the Department of Nursing at the Medical Service School at Sheppard Air Force Base, is presented a check for \$695 by Col. Geoffrey P. Wiedeman, MSS commander, for a suggestion he made to print and distribute a program "Team Nursing: A Programmed Learning Experience" for use in hospitals and medical facilities throughout the entire Air Force. The award was based on a tangible savings of \$17,800 for the first year in use in the Cost Reduction Program. He wrote the four-volume program in his off-duty time and subsequently sold it for commercial publications. He then obtained permission to present this program to the Air Force for its use and he rewrote it to correlate completely with Air Force medicine. Approximately 5,000 copies have been distributed for use in Air Force medical facilities throughout the world. The major leaves the last of September for air evacuation duty in Vietnam.

CRUISE IN THE OFF-SEASON

Although most people prefer to take their cruise during the peak of the season for all the glamour, excitement, and crowds it offers, others enjoy the quiet and restfulness of the off season cruise. Tourists are not present in such great numbers; interesting places can be visited more leisurely and at greater length.

Some people prefer to pray only when they are in church or at some great public gathering where the prayers are led for them. But our Lord said to pray in the "off-season," He

said, "But thou, when thou prayest, enter into thy closet, and when thou hast shut thy door, pray to thy Father which is in secret; and thy Father which seeth in secret shall reward thee openly." The real joys of prayer are truly found when you are praying alone with God. The scripture says to be instant in season and out of season.

The church would encourage you to pray both in church and at home. Prayer can uphold, support, and strengthen our churches, ourselves, and our country.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

QUESTION OF THE WEEK

WHAT FOREIGN CITY WOULD YOU LIKE TO VISIT?

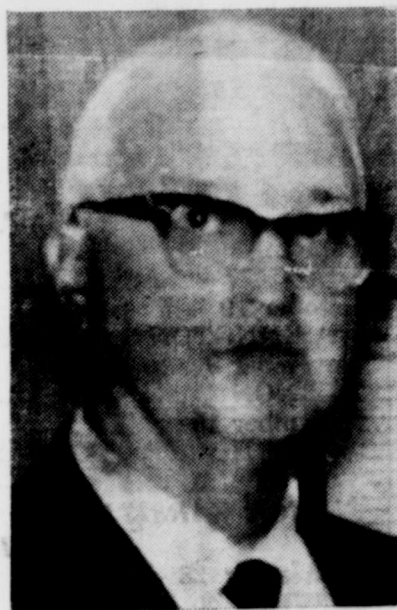

BURKBURNETT STAR QUESTION OF THE WEEK

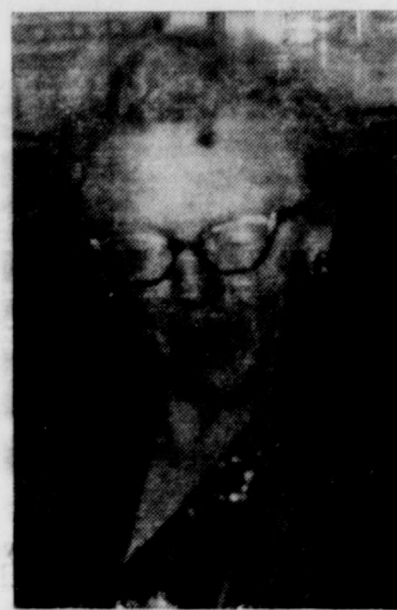

BOB CARTER—I never had given it much thought, but right now Mexico City and the Olympics would seem to be my choice.

PAULINE TIDWELL—Well, Honolulu is not exactly foreign any more, but I always have wanted to visit there.

W. T. ZIMMERMAN—None of them. The United States is big enough for me, and as for cities, Burkburnett, Texas is still my favorite.

MRS. BESSIE KIRSCH—Tokyo! It has always seemed so romantic and interesting.

BILL BRYANT — Randlett, Oklahoma. I never did like to travel very much.

Take Inside Look at Patio View

A patio is doing only half its job if you can't enjoy it from inside the house.

While a patio's prime purpose is to lure folks out-of-doors—whether for a breath of air, a lazy day's relaxing, or a fresco entertaining — there's no reason why it can't be fun even when it's not in use.

To do a full-time job, the patio should be a house extension. It should open a room—or a whole side of the house—to the outdoors. In terms of interior design, an attractive patio view can be the focal point of a room. If you're busy with indoor chores, or the weather is inclement, an outdoor view can be the pause that refreshes.

Whether a patio offers all these assets depends on the proper selection of windows and doors. As entries, stock patio doors of ponderosa pine are a popular choice. Their expan-

sive glass area gives a wide, uninterrupted view, they slide open for convenient access, and they're attractive. The wood sash is a decorating bonus, since it can be painted different colors inside and out to blend with interior and exterior decors.

Visibility should be a deciding factor in choosing patio windows. A series of casements or sliders, or awnings or hoppers stacked from floor to ceiling, give the widest possible view. These windows also offer maximum ventilation and easy operation.

Insulating glass is recommended for patio windows and doors. It's obtainable with all stock units of ponderosa pine, and offers the best safeguard against heat loss and condensation. Tempered insulating glass is also available as an added safety factor in patio doors.

Patio beauty should never be hidden. Here, stock ponderosa pine patio doors which slide open for easy access and have a wide glass area, were used to open the house interior to a rustic outdoor view. The doors are readily available at local lumber dealers.

Buy Bonds where you work.

They do.

Why do our servicemen buy U.S. Savings Bonds? Their reasons are the same as yours and mine: saving for the future, supporting freedom. And because they're fighting for freedom, too, maybe servicemen see the need more clearly than many of us. Buy Bonds. In more than one way, it makes you feel good.

NOW—Higher Rates!
Savings Bonds now pay 4.25% when held to maturity—and Freedom Shares (sold

in combination with B Bonds) pay a full 5%. The extra interest will be added as a bonus at maturity.

And now you can buy the Bond/Freedom Share combination *any time*—no monthly commitment necessary. Get the full story where you work or bank.

Chevrolet introduces 1969.

Caprice. Match this, you other 69's!

There is no joy in the land of our competitors today. But let us ask you this. Should we have made Caprice shorter instead of the longest Chevrolet ever built? Or adorned it with flashy nicknacks to make it look less expensive? Just because competition doesn't, should we not have offered you washers to clean your headlights,

new variable-ratio power steering, liquid tire chain you can apply to your rear wheels at the touch of a button?

Should we have given you less power, instead of the largest standard V8 in its field?

Some people think so. Our competitors.

'69 Camaro SS Sport Coupe, plus RS equipment

Standard V8 is 210 hp. SS engines available up to 325 hp. For added SS appeal: sport striping; power disc brakes; wide oval, road-hugging tires.

Your Chevrolet dealer offers this advice: Go on, you other sportsters. Gnash your gears and look tough. Maybe it will help. **Putting you first, keeps us first.**

Section 5. That election judges and clerks are directed to comply with Article 6.06, Election Code of the State of Texas as amended (Section 2 of House Bill 181, Acts 1967, 60th Legislature, Regular Session, Chapter 452, Pages 1026-1028), which provides, that a square shall be placed beside each proposition in which the voter is instructed to place an "X" or other clear mark to indicate the way he wishes to vote; but which also provides that failure of a voter to mark his ballot in strict conformity with the directions on the ballot shall not invalidate the ballot, and the ballot shall be counted if the intention of the voter is clearly ascertainable, except where the law expressly prohibits the counting of the ballot. It is specifically provided that the election officers shall not refuse to count a ballot because of the voter's having marked his ballot by scratching out the statement of proposition for which he does not wish to vote.

Section 6. That notice of the election hereby ordered and called shall be given: (a) by publication on the same day of two successive weeks in a newspaper of general circulation published within said City of Burkburnett, the date of the first publication to be at least twenty-one (21) days prior to the date set herein for such election; and (b) by posting of such notice at the polling place in each of the election precincts of the City not less than twenty (20) days prior to the date set herein for such election. It is hereby found and determined that the Burkburnett Star is a newspaper published within the City of Burkburnett, Texas, and is a newspaper of general circulation within said City.

Section 7. EMERGENCY CLAUSE: The fact that this Ordinance is necessary to provide needed funds for the immediate preservation of the public business, property, health and safety of the City of Burkburnett, and its citizens creates an emergency and it is hereby found and declared that this Ordinance is an emergency measure as defined in the Charter of said City. It is therefore ordained that the Charter Rule prohibiting passage of an ordinance on the date it is introduced is hereby suspended and this Ordinance shall take effect and be in force from and upon the date herein mentioned.

PASSED AND APPROVED, this 24 day of September, 1968. A. H. LOHOEFFNER MAYOR

Attest—C. R. Chambers, Secretary

By Jean Kingsley, Women's Consultant, The Travelers Insurance Companies Highway Driving

Last year 52,200 persons were killed and 4,200,000 were injured in automobile accidents. Although these figures represent a decrease in total deaths and injuries from previous years, these tragedies could have been prevented.

Many accidents occurred in stop-and-start traffic, but more than 39 percent of last year's automobile deaths happened because drivers exceeded the speed limit.

How should women in the know drive to help upgrade the safety of our highways? First, by driving defensively. Watch out for the next driver as well as yourself—the other fellow may be the one who stops short suddenly when you aren't paying attention. Second, don't exceed the speed limit. The higher the speed, the greater the severity of the collision. Third, if you've been driving for many years, a driver refresher course is a good idea. A quick brushup may remind you of simple driving courtesies you're neglecting.

Another necessity for safe driving is proper maintenance of your car. Faulty lights and brakes led the list of causes for rejection of nearly a half million cars in a 1967 nationwide check. Any mechanical defects should be given prompt attention. You should also check with your Travelers man to be sure the family has adequate auto coverage.

But, even after you've taken all these precautions yourself, there are still steps your community should perform. On a main highway serving a major U. S. city, a recent survey showed an average delay of 45 minutes between a collision and the arrival of medical help.

Work in your community to establish better emergency medical services and drive carefully—so that our highways may become safe ways.

HEALTH & SAFETY

Mainly for Mothers

by Carol Hart

Keep Tabs on What's Missing

The little thing that isn't there can cause an accidental fall, burn, poisoning or other injury in the home. The Council on Family Health, a non-profit organization sponsored as a public service by members of the drug industry to promote home safety and family health, suggests you check your own home for missing items that might jeopardize your family. Here are some real life situations that developed as a result of something missing.

For want of a tack, an aged woman fell and broke her hip. The woman lived with her daughter and both told the doctor they had meant to tack down the curled up edge of the rug. They meant to put the tack there... until the very day of the accident.

For want of a bulb in the bedside lamp, a mother broke several bones in her foot. She had noticed the bulb needed replacing and did nothing. When a child called to her during the night, she tried to find her way in the dark and banged her foot into the end of the bed.

For want of a railing alongside the basement stairs, a father slipped and fractured his skull. He had meant to have the railing installed and put it off just one time too many.

For want of a clean label, a mother accidentally gave her small child the wrong medicine. She had remarked several times that the label was so damaged she could no longer read the name or directions for the medication. Relying on judgment alone, she picked the wrong bottle.

For want of a simple box of baking soda near the stove, a housewife received hand and face burns from grease which caught fire. She could have smothered the flames by dusting on the soda — or even salt if no baking soda were handy — but she tried to put out the fire with water, and that only spread the flames.

For want of a pair of tongs in the kitchen, a mother burned her fingers pulling baked potatoes from the oven.

What's the little things missing from your home... and family safety?

28 Accidents On Rural Roads In County Told

The Texas Highway Patrol investigated 28 accidents on rural highways in Wichita County during the month of August, according to Sergeant D. S. Lawson, Highway Patrol Supervisor of this area.

These crashes resulted in no persons killed, 17 persons injured, and an estimated property damage of \$49,220.

The rural traffic accident summary for this county during the first eight months of 1968 shows a total of 175 accidents resulting in five persons killed, 116 persons injured, and an estimated property damage of \$136,281.

September first marked the beginning of the 1969 Motor Vehicle Inspection period. Motorists are urged to have their vehicles inspected during routine visits to garages and thereby eliminate the necessity of having to wait in line at a later date for an inspection sticker.

Remember, beginning on October 5, the Burkburnett Bank will remain closed on Saturdays. And remember also that there will be no change in drive-in window service, which will remain to be from 9 a.m. to 12 noon.

Congratulations to Miss Clarita Holt, new Sweetheart of the Big Pasture Future Farmers of America Chapter.

You football fans, while eagerly awaiting the regular Friday night football games of the Bulldogs, should remember the many other games that are played throughout the week.

For instance, tonight, the Junior Varsity will be host to Bowie.

And also tonight, the freshman team will meet Lawton Eisenhower at Lawton at 5 p.m.

Tuesday, the eighth graders will meet Grandfield at Grandfield in a 7 p.m. tilt, and then travel to Vernon on Oct. 8 for a 5:30 p.m. contest.

The seventh graders are taking off next week, but will play Vernon at Vernon on Oct. 8 at 4 p.m.

The youngsters may not play with the finesse of the pros or even their big brothers, but you can expect plenty of excitement at any of these games.
