## MRS. J. A. HAYNES PASSES AWAY AT HOSPITAL IN ABILENE

### To The People Of The City of Jayton

Last week thru the columns of this paper we made the suggestion of the organization of some kind of a civic organization. It did not make much difference what kind of a name it had just so it was some kind of a civic organization. You can't imagine how surprised the writer of this article was when he failed to arouse seemingly no interest whatsoever.

The writer promised to have at least 25 names on the list of those interested in such an organization. For the readers benefit we will explain that we have only five on the list. Now for a town that is satisfied to be just the same always with never a step forward, such interest in the civic affairs are expected, but we had no idea that the business men of our little city were satisfied just to sit and watch the world go by with never an attempt to join the ever progressing throng of other little towns in the west.

If the business men of Jayton are content to set idly by and watch the other fellow get the pie just by merely helping themselves, then they are to be pitied and not criticized. So if we don't get some action on the proposition this week, we are going to be a little more explicit next week with some facts in the case.

Those who see fit to have such an organization leave your name and suggestion of what kind of a club would be best suited for this town at the Chronicle office and if enough are interested, the writer of this article will endeavor to get some outside help for the purpose of organizing and getting the club chartered or affiliated with other civic organizations throughout West Texas. How about it men? Are you satisfied to stay in the same old rut wear the same old shoe? Lets do something for the benefit of the town because something doesn't benefit you directly is that any reason why you should hold back on something that would benefit the town as a whole?

Lets put Jayton on the map in a big way. If we are going to make this our home then lets improve the living conditions as much as possible by at least helping ourselves, but we should put forth more effort.

Jayton, the railroad center of the county, the highway center, the industrial center, yet with all these advantages we don't seem to want to grasp the opportunities that come our way. Will you do your part?

### CARD OF THANKS

Nothing can remove the deep heart ache and sadness entirely but our sad hearts and lonely days are so much eased by the kind words of sympathy from loved ones.

We take this opportunity to thank our friends and neighbors for their help and kindness in the recent illness and death of our loving wife and daughter and sister.

Mr. J. A. Haynes.  
Mr. and Mrs. R. B. Corder.  
Mr. and Mrs. J. T. Haynes.  
Mr. and Mrs. M. T. Meadow.  
Mr. and Mrs. Chuff Matthews.  
Mr. and Mrs. Carl Vandiver.  
Mr. and Mrs. Dee Corder.  
Mr. and Mrs. Nolan Corder.  
Bill Corder.  
Grandfather Mr. R. C. Montgomery.  
Mr. W. C. Montgomery.

Johnie Sparks of Spur was a pleasant caller at the Chronicle office Wednesday morning. He states that the rain fall around Spur was not quite as heavy as the rain received here but that they had had a nice rain.

S. R. Lee is helping the Bryant-Link stores at Paducah put on a sale this week.

Miss Carrie Bier spent the week end visiting relatives in Plainview.

Funeral services for Mrs. J. A. Haynes, who died in an Abilene hospital Sunday were conducted at the Methodist tabernacle in Jayton at 2:00 o'clock Monday afternoon, with Rev. Fred McPherson officiating.

Mrs. Haynes had been seriously ill for some time especially so since the birth of a daughter February 4th. The baby lived only eight hours.

Mrs. Haynes was the daughter of Mr. and Mrs. R. B. Corder, longtime residents of Jayton and until her marriage on Nov. 9 1933 to Mr. J. A. Haynes, also a resident of Jayton was known as Miss Pinkie Elizabeth Corder. She was born August 15, 1915 and had she lived until that date this year would have been 19 years of age.

She was converted and joined the Jayton Baptist Church in 1926 and until her death she was a member of said church. She graduated from the Jayton high school, and school was dismissed Monday afternoon at 2:30 for the purpose of allowing the students to pay their last respects to her mortal remains by attending the funeral. But due to an unfortunate misunderstanding as to the hour the services were to be conducted most of the students failed to arrive at the tabernacle in time for the last rites.

Besides her husband and parents, survivors include two sisters, Mrs. W. M. Meadow of Jayton, Mrs. C. W. Vandiyer of Lindsey Oklahoma and three brothers, W. A. Corder of Abilene, N. J. Corder of Seymour and R. D. Corder of Odessa. The Chronicle joins a host of friends in extending sympathy to the bereaved ones in this their hour of trial.

## News From Austin

Austin, Texas. (Special) Thousands of mythical names will be taken from 1936 school rolls, "padding" will be sumarily discouraged at a great saving to the state exchequer under the terms of legislation now pending in the Texas Senate.

Fashioning of a bill completely altering the present method of taking school census was prompted by such glaring anomalies as: according to findings of the Senate crime committee the state is in one Texas city paying \$16.50 per capita appropriation for 18,000 school children who in reality do not exist while in West Texas counties, approximately 2 percent more pupils are attending school than are enumerated. The biennial report of the State Auditor shows that 276 school districts in Texas have been able to run their school systems wholly on state appropriations without using money from local taxes.

Sponsors of the bill are Senators Beck, John Redditt, Will Martin, W. R. Poage and Grady Woodruff.

Swift passage of the measure was recommended this week by Senator Arthur P. Duggan, Chairman of the Committee on Educational affairs. The bill would create officers known as census trustees, appointed by the State Superintendent of Public Instruction on recommendation of county superintendents, who would take the school census in all counties between May 1 and June 1, 1936 and every tenth year thereafter. The census will be taken of all children from birth to twenty-two years of age who are residents of the school district.

Census takers will visit each home in the districts, enumerate scholastics by question and observation, require the parent or guardian to subscribe forms and take oath as to the truth of information given the census trustees.

After compilation, the census trustee's report will be submitted to the State Superintendent and will be kept up-to-date by annual reports of births, deaths of persons less than 22 years of age and by lists of families of children that have moved into the district during the year.

Insertion of names not legally entitled to be included as scholastics is made by the bill a serious offense, subjecting the "rollpadder" to a fine

### To Our Friends and Loyal Supporters

Were we daughters of some of our great orators we might in a few beautifully expressed sentences tell you how much we appreciate your wonderful help in making our Basket Ball season somewhat of a success. But since we are just mere basket ball players we will have to depend on our simple but sincere words.

First we wish to express our gratitude to Mr. Lowrey, our superintendent for permitting us to attend so many tournaments.

His never failing confidence in our ability to win inspired us to do our best at all times.

May he next year have the same opinion that we will strive at all times to keep this confidence.

To our parents; Your encouraging smile and cheery words made us determined to win as much as we could throughout the season. We want to especially thank Mr. and M. S. Sewalt, Mr. and Mrs. Gallagher, Mr. and Mrs. Ernest, Mr. and Mrs. Bill Daniels, Mr. and Mrs. Holley, Mr. and Mrs. Glenn Huls, the Wade family and the Williams family.

To Mr. Dallas Kenady for keeping our suits cleaned and helping us to win the reputation for always appearing neat on the court, we extend our hearty thanks.

Last but not least we want to thank the boosters that came to the final "round-up" at Roby and gave voice to us in the way of cheer in our efforts to win the tournament there. It was by a close margin that the Cottonwood team escaped our brand but it was not the fault of the one hundred and five boosters from Jayton that they escaped the iron. We are proud to know that the town was back of us to the last.

To all we wish to say that we are grateful.

Coach and Girls Basket Team

### Girls Win Second Place Honors At Roby

The Jayton girls basket ball team went to Roby last Friday to attend the annual West Texas Tournament for girls basket ball. After playing four games, the Jayton team came home Saturday night with another trophy, denoting that they had won second place. Some of the best teams in West Texas participated in the tourney.

The Jayton Girl's first game was with Roscoe which was played at 2 o'clock Friday afternoon with Jayton winning by the small margin of one point, the score at the end of the game being 33 to 32 in Jayton's favor. This was the closest game played during the entire tournament.

The second game for the home team was played Friday night with Busby at 9 o'clock and again the Jayton girls were victorious with a score of 19 to 28, giving them the right to play Pyron in the semi-finals. So Saturday morning at 11 the local tea mdefeated Pyron by some fat and sure playing in the last period of the game to win by a score of 19 to 27, putting Jayton in the final game with Cottonwood who had also defeated all comers.

This final game was played at 9 o'clock amid the yelling of fans from all over West Texas. But the undefeated team of Cottonwood was determined to close their season undefeated and won the game with 7 points to the good. The Cottonwood team was exceptionally good and to cap it off had three girls that were six feet tall and it was too much height for the four foot five inch guards of Jayton to reach them. But both teams played a wonderful game with Mezzelle Gallagher and Doris Holley starring for the Jayton team. Doris Holley was picked as all tournament guard out of the 74 who participated in the games.

# ROBINSONS

PROVIDES FOR FRESH LEAFY VEGETABLES

"Soon we will be having fresh leafy vegetables such as radishes, lettuce, mustard, and turnip greens, from our hot bed. It is four feet by six feet. This size winter garden will provide our family of two with leafy vegetables until time for spring gardens," says Mrs. E. D. May, farm food supply demonstrator of the Jayton Home Demonstration Club.

"I was exceedingly anxious to have a hot bed for the purpose of growing leafy vegetables since I only carried eight containers of leafy vegetables last year. This left a deficiency of 16 containers in the budget for leafy vegetables," adds Mrs. May. The hotbed is enclosed in a low frame which is covered with an inexpensive paraffin treated cloth. At night and on cold days it is covered with "gunny sacks". The fermenting manure plus the heat from sunlight furnishes the necessary warmth for growth of the vegetables.

Mrs. Iva Landown is recovering from a severe attack of diphtheria.

guests went to a lecture, leaving the governor's father in charge of the Mansion and the Allred children. The ranger who guards the mansion had been changed that night, and Grandfather Allred hadn't met the new man assigned to the job. So after he had retired, when he saw a stranger prowling the hall opposite his room, he decided to investigate. The stranger stepped outside on a porch. Mr. Allred in pajamas and overcoat, followed and overtook him. He thrust his hand into his overcoat pocket, pointed his finger at the stranger, and told him to "stick 'em up" in approved Texas fashion.

The startled ranger complied and soon identified himself. Later he told the governor about it. "And Governor, I was scared to death," he confessed. "I was afraid your father's gun might go off any minute."

"And I haven't told him yet that my Dad's gun was only his finger," laughed the governor.

This column last week reported certain current political rumors, including the one that Governor Allred might oppose Senator Morris Sheppard for renomination next year, Congressman Wright Patman, Texarkana soldier bonus advocate is now reported almost ready to announce for the same place. Lieut. Governor Walter Woodul of Houston is said to be ambitious to serve as

State Attorney general, and Bill McCraw seeks higher fields for his talents.

McCraw and his aides last week did some fine backstopping for the governor in the latter's efforts to show that the state is amply able to handle the problem of oil control without turning the oil fields over to Mr. Ickes. When two Travis co. Judges issued temporary restraining orders directing railroad commission not to molest East Texas operators in the movement of oil which the oil owners claim they had on hand prior to the date of the order requiring commission permits to move it, a flood of oil threatened. Millions of barrels could have been moved under the protection of the "temporary restraining orders" before a hearing could have been had in the district courts. McCraw and his assistants appealed to the court of appeals, showed that the "temporary restraining orders" were in effect actual injunctions granted without even giving the state a hearing. The higher court vacated the restraining orders, halted the movement of the oil, and incidentally read some law to the district judges. Able lawyers throught the state pronounced the attorney general's legal strategy sound and timely.

**GONZALES, THE LEXINGTON  
OF TEXAS**

Gonzales, Texas, February 14.—Citizens of Gonzales county, naturally, have displayed intense interest in the Texas Centennial movement from its inception and there has been no abatement as they plan for the county's participation in the series of celebrations of the anniversary of the achievement of independence in 1836. Everything possible has been done to stimulate interest in the history of the county, a noteworthy feature having been the registering of the descendants of the colonists of Empresario Green DeWitt and other pioneer Texans in this section. A strong impetus has been given the Centennial movement by organization of the Gonzales County Historical society and the revival of

the chapter of the Daughter of the Republic of Texas.

The claims of the "Lexington of Texas" to historical recognition in connection with the commemoration of the hundredth anniversary of the throwing off of the Mexican yoke have been widely publicized of recent months and the fact that those early Gonzales citizens sacrificed their town by burning it to hinder the Mexican advance previous to the battle of San Jacinto is being put forward as a basis for obtaining legislative aid in assuring a museum in which to house relics carried away by those pioneers in what has become known as the "Runaway Scrape."

The available men and boys of Gonzales, subsequent to the occurrence here of revolutionary incidents, memorials in the annals of Texas, joined Sam Houston's army to fight at San Jacinto and ante-dating that battle there was held here a rally under an oak tree, 12 miles east of Gonzales, which is today known as the Sam Houston Oak.

It should be recalled that it was Major Valentine Bennet, who patriotically put up his head right as security for food for the Texas army and lost most of his land, which Texas never redeemed as none of his descendants ever made demand for his reimbursement.

The Junior Class of the Jayton High school was entertained by the Senior Class with a party Thursday night in the home of Mrs. W. B. Hollabaugh. Most of the students of both classes were present and the Senior class sponsor was present but the sponsor of the Junior Class was not in attendance. A good time was reported by all.

We realize the counties are disturbed about the amount of relief funds they are receiving, but we are turning over every dime to them as fast as it comes to us," Mr. Johnson stated.

Counties were requested NOT to send delegations to Austin seeking more funds and approval of work relief projects wherein the state is called upon to pay material costs. "We just can't pay out any money for materials at this time," Mr. Johnson said.

H. D. Black Motor Company has secured the agency for Ford Automobiles and trucks in Kent County. He received one car and one truck Wednesday of this week. We extend congratulations to Mr. Black on securing the agency and the town on securing this new business. Ford Cars and trucks have long been favorites with many people in this part of Texas.

**MORE WORK ON HIGHWAY 18**

Thursday's state papers carried the announcement of the call for bids on two more projects on highway Eighteen. The call was for bids on 12 miles of grading and drainage structures in Stonewall county between Aspermont and the Haskell county line and for three bridges in Dickens county between Spur and the Kent county line. It begins to look as if old highway 18 is to be completed before the good year of 1936 Centennial year in Texas.

regarded as being of a purely personal nature, had not A. F. of L. President Green followed him up by saying that the Lewis statement "reflects the Federation's feelings very strongly." Mr. Green then said that he would shortly go to the White House with a union protest against delay in codification of the tobacco industry.

That brings up another important point in the widening gap between Administration and labor leaders. Cigarette manufacturers, afraid of unionization of their industry, will have nothing to do with the proposed tobacco codes. That, to labor's way of thinking, is bad enough, and it becomes infinitely worse in the light of the fact that the NRA chairman is Clay Williams, formerly president of one of the big "three" cigarette makers, the R. J. Reynolds Tobacco Company. N R A officials have said several times that Mr. Williams withdraws from board meetings when the tobacco code is being discussed, in an effort to avoid charges of prejudice, but the labor board doesn't seem to be convinced. They don't call the NRA officials liars directly but the intimate just about that.

It is noteworthy that union leaders have not yet criticized the President, al the criticism is directed toward various of his aides. However, Mr. Roosevelt makes all present government policies, and Mr. Richberg, Mr. Williams and others directly responsible to him. It is therefore possible that the labor leaders will eventually come out with direct criticisms of the President, and the potential political results of that would be tremendous. A. F and L's membership is imposing in size and it is usually considered a potent political factor. Whether that is true or not will be seen in the future, some believe that the rank and file of labor does not follow its leaders blindly, that Mr. Green and Mr. Lewis and other union heads control fewer votes than they think.

At any rate, the labor-Administration battle is likely to be one of the most important internal problems of the next year. Whether strikes will result, and on a greater scale than a year ago, cannot be safely forecast now.

The Annalist reports that sustained expansion in steel output continues to dominate the business outlook. Practicall all steel users are increasing their orders, with the automobile industry showing the greatest advance in demand for ingots.

Also encouraging is a substantial, sustained upturn in construction contracts, the building industry was hit hardest of all by depression, has been the slowest to pick up.

The Wall Street Journal reports a rise in the net profits of some leading power and light utilities, this industry, for the past few years has been selling more power, yet has earned smaller profits, due to higher costs of all kinds, and searing taxation. Electric appliance manufacturers are finding a broadening market for their products.

The general business index is at about 65 per cent of normal.
