ANSWERS TO QUESTIONS YOU MAY HAVE ASKED ABOUT CANDIDATES FOR JAYTON SCHOOL BOARD

Two weeks ago the publisher of the Chronicle prepared a questionnaire and sent it to all six of the candidates for the school board. The questionnaire simply asked them to give their views and opinions about the school. Only two of the candidates answered the questions and returned them.

The publisher of the Chronicle has no idea why the other four did not answer—guess they expect the voters to pick the board members like a person buying a pig in a poke. Listed below, first is the questionnaire, and then the answers of the two men, John Fowler and Jon Allen Kelley. Match the answers with the questions by numbers.

QUESTIONNAIRE TO CANDIDATES FOR THE SCHOOL BOARD

We will appreciate you answering these questions. Your answers will be printed in the Jayton Chronicle before the election. Thanks, A. E. Richards (if you need more space, use the back side.)

1. Do you consider the Jayton School system, in relation to other schools to be excellent, good, fair, poor or bad or awful?

2. Do you consider the Jayton School Faculty, as a whole as being excellent, good, fair, poor, bad, or awful?

3. In what ways (if any) do you consider the Jayton School system could be improved?

4. Do you think about the right amount of emphasis is placed on athletics in the Jayton School? Too much? Not enough?

5. Do you think the right amount of emphasis is placed on vocational courses in the Jayton School system? Too much? Not enough?

6. Are you in sympathy with the open meeting law pertaining to school boards? Do you think the press, and the general public are entitled to know what is going on? And are they entitled to know what the school board is doing? If elected, would reporters be welcome at board meetings by you? Also, the general public?

7. Why did you decide to be a candidate for the board of trustees, or what influenced you to file for the position?

8. Other Comments: Please return this in the enclosed self-addressed, stamped envelope. Thanks.

This statement was given to the Chronicle by John Fowler:

1. Excellent
2. Excellent - I have lived in four other towns in the past ten years and rate the Jayton school system and faculty excellent.

3. The Jayton school system can be improved by continually upgrading the personnel, equipment and facilities. Any institution which does not do these three things will soon lose its standing.

4. The proper balance between athletics, band, literary events and classroom courses has always

been a problem. I was an athlete in high school and college and feel I improved myself from this experience. However, I feel the same lessons could be learned from band or competing in UIL.

I cannot answer this question because I believe each student places his own emphasis on what he or she feels is most important. From the participation by students in the other school activities I think athletics are not overemphasized by the school system.

5. Vocational courses offered in Jayton are extremely important to a well-rounded school system. Not every student wants or can attend college. There is a big demand for skilled laborers in this country. A skilled carpenter, electrician, machinist or mechanic has the earning capacity of college graduates. Therefore, I feel students should have the opportunity to take vocational courses.

6. The way I understand the open meeting law is that all meetings and the minutes of the board meeting are open to the public, except when personnel is being discussed.

I feel the meetings should be open to anyone except when the items being discussed are of such a nature that students or personnel would be harmed by disclosure. Such items would be disciplinary cases of students or personnel and hiring or firing of personnel. These, I feel should be closed sessions.

As long as reporters print the facts and do not try to affect board decisions or sway public opinion by slanting the news, they will be welcome at board meetings. I feel the Jayton Chronicle does a good job in reporting the news but I have seen other newspapers that were not as conscientious.

7. There were several reasons. I have two children in school and another will be of school age in a few years. Therefore, I am concerned about our school system and I also feel men with children in school should serve on the board.

8. I would like to see an advanced course in building trades.

9. Yes. I am very proud of our school system, personnel, quality of education we have employed in the past. I am interested in seeing our school continue to grow and improve.

10. I would like to thank Billy Wallace, Ed Murrell, and Bill Parks for their school service to our school.

Answers from Jon A. Kelley:

1. Excellent.

2. Excellent.

3. By continuing to upgrade our present system, being aware of new concepts of education, encouraging our faculty to attend all work shops pertaining to their chosen fields.

4. Yes. About right.

5. I would like to see an advanced course in building trades.

6. Yes.

7. I am very proud of our school system, personnel, quality of education we have employed in the past. I am interested in seeing our school continue to grow and improve.

8. I would like to thank Billy Wallace, Ed Murrell, and Bill Parks for their school service to our school.

9. Yes. About right.

10. I would like to see an advanced course in building trades.

11. Yes.

12. I am very proud of our school system, personnel, quality of education we have employed in the past. I am interested in seeing our school continue to grow and improve.

13. I would like to thank Billy Wallace, Ed Murrell, and Bill Parks for their school service to our school.

14. Yes.

15. I would like to see an advanced course in building trades.

16. Yes.

17. I am very proud of our school system, personnel, quality of education we have employed in the past. I am interested in seeing our school continue to grow and improve.

18. I would like to thank Billy Wallace, Ed Murrell, and Bill Parks for their school service to our school.

19. Yes.

20. I would like to see an advanced course in building trades.

21. Yes.

22. I am very proud of our school system, personnel, quality of education we have employed in the past. I am interested in seeing our school continue to grow and improve.

23. I would like to thank Billy Wallace, Ed Murrell, and Bill Parks for their school service to our school.

24. Yes.

25. I would like to see an advanced course in building trades.

Jayton Students Pile Up the Points In District UIL Meet Here Tuesday

The Jayton UIL Literary team kept a great portion of the honors here Tuesday in the district contests. The high school group amassed 152 points to 75 for the nearest other school, with a few contests yet to be determined, said high school principal Ralph Newton. Here is the way they lined up:

Debate, first Dana Hahn and Bobette Hamilton. Second, Mark Fincher and Lucille Perkins.

Number sense, Bill Wallace, first and Tommy Parker second.

Poetry interpretation, girls Pam Kelley second, and boys Bobby Kelley, third.

Science, Bill Wallace first, Tommy Parker second, and Tom Hanke third.

Slide rule Tom Hanke first, and Terry Favor third.

High school spelling David Fincher first.

Prose reading girls, Narae Gallagher first, boys Parker Kidd third.

One Act play, second with Bobette Hamilton getting the best actress award.

Also the elementary team, went away out in the lead with 24 points. They lined up like this:

Number sense, Boys, Boyd Dees first.

Picture memory, the team I placed first, composed of Jamie Pierce,

Penny Gregory, Greg Nauer, and Tammy Panter.

Fifth and Sixth grade spelling, Lahonda Carricker first, Kellis Boyd second and Leela Hall fourth.

Seventh and eighth grade spelling, Janet Johnson first and Harold Parker third.

Oral reading fifth and sixth grade, boys, Larry Arnold first, girls, Penny Gregory first and Leela Hall second.

Seventh and eighth grade reading, Boys, Jimmie Arnold first, and girls Janet Johnson first.

Story telling, Roy Chisum second.

FEED GRAIN PROGRAM PAYMENTS UNCHANGED SET-ASIDE ACRES LOWERED

No change has been made in feed grain program payments or regulations as a result of the lowering of feed grain set-aside from an acreage equal to 25 percent of a farm's base to ten percent, reports John Barry Rudd, State Farm Program Official.

The set-aside acreage reduction is automatic, he said, and producers have no added paperwork and no required visits to the Agricultural Stabilization and Conservation Service (ASCS) County Office.

"The only change is that the set-aside plan has been reduced to ten percent," said ASCS State Committee Chairman Rudd.

"Those producers will be notified by the ASCS County Offices of the change for their farm. If they already had their set-aside land inspected and measured, it can be re-measured at their request at no additional cost.

"I want to emphasize that payments for all participants in the feed grain program are unchanged -- whether they signed under what was the 25 percent set-aside plan or under the zero set-aside plan," Rudd said.

He pointed out that payments are calculated on half the feed grain base times farm yield payment rate.

However, those feed grain producers who signed up to set aside acreage are required to set aside a percentage of their feed grain base in order to qualify for payment. On their remaining cropland acreage they are free to plant any crop they choose, except quota crops which are peanuts, rice, extra long staple cotton, and tobacco.

Those producers who signed up for the zero set-aside plan agree to accept a reduced payment in order to have all of their cropland free for planting. They also

agreed to limit their feed grain plantings to no more than their 1972 production.

"None of this is change," the ASCS Committee Chairman said, adding that producers cannot switch from the set-aside they signed up for.

He also said there is no change in the provision which allows haying and grazing on set-aside acreage, with a reduction in payment. The per-acre payment deductions for haying and grazing set-aside land and for alternate crops remain as previously announced.

"The lowering of required set-aside acreage probably was the least disruptive action that could be made in the 1973 Feed Grain Program. And action was required to free up more acreage for planting and livestock use.

"Study of the March 1 planting intentions report showed that not enough corn would be planted--and barely enough soybeans--to provide for anticipated demand and adequate carryover.

"Action was necessary in order to prevent or alleviate a shortage in the supply of agricultural commodities. Set-aside acreage was the only land which could be readily released for crops," Rudd said.

Reduction of the feed grain set-aside is expected to return from 3.8 to 6 million acres back to major crops, such as corn, grain sorghum, and soybeans. The added corn acreage is expected to total between 2-1/2 to 3-1/2 million acres. Other acres of released set-aside land may be used for livestock forage.

Crafts Workshop Planned Thursday

A representative from Tandy's in Abilene will hold a craft workshop in Jayton on Thursday, April 26, from 9:30 a. m. until sometime that afternoon. Bring a sack lunch for the noon meal. There is a

coke machine in the Community Center.

Clear Cast will be demonstrated as well as asterrariums, needlepoint, and possibly other crafts.

The public is invited to attend.

THE MOD MAIDENS HOLD MEETING

The Mod Maidens and Clover Girl 4-H Clubs held a joint meeting on Thursday, March 29, at the courthouse.

Mrs. Cave gave a talk on child care and baby sitting. The girls are in the process of completing a child care project. This was the second meeting for both clubs. Two more meeting days have been planned for April.

The girls who attended the meeting were: Judy Seaton, Beth Owen, Jackie Harrison, Debbie Summer, Johnnie Sue Alexander, Loni Arnold, Kim Smith, Grace Chavez LaDonna Stanaland, Melodie SoRelle Billie Perkins, Sally Trevino, Penny Summer, Janet Johnson, Jane Reed.

Leaders who attended were Jan Harrison and Bert Stanaland.

The old proverb about weather has surely been verified in the past month. Rain, hail, wind, sleet, all came during the month.

April came in with a beautiful spring day Sunday, but by Tuesday noon there is the prospect of cold weather. On the satellite near Muleshoe there were several inches of snow Monday night.

The president's suggested controls on meat prices has been met with mixed emotions. Personally, I think this will be a relief to the consumer. The ceiling prices of meat to be in the area.

Meat prices are not what they used to be. The ceiling prices are definitely higher than meat prices now in the area. And you can get meat at all stores and their prices at the store. If controls are put

This is what happened during phase I and phase II last fall. The price limitations and ceiling prices were up above market prices. But merchants felt they had better get on the ceiling

because if they failed to raise prices they might not be permitted.

The economy here is just what it is in areas that are used to set prices. What really have we to do about?

Below is a clipping out of another paper about the current beef situation. It is given to the Chronicle by Bill Daniels, a local beef producer:

The Springfield News & Leader, out in Greene County, Mo., came up with pointed editorial. Steers are then selling at around \$45 per hundredweight. If beef prices had increased since 1950 at the same rate as postage stamps, the editor observed, beef would have been \$179 per hundredweight.

Granted, meat prices are high today compared to past prices a few years ago, but these are the only comparisons that ought to be made. Beef does beef cost so much.

The answer lies in the inexorable increase in the supply and demand. Production has remained relatively stable, but thousands of families couldn't afford sirloin steaks in the past are now willing and eager to speak on the table.

The cumulative demand has increased the price up. Other things, of course, are in-

olved-important controls price controls on other goods, even the impact of the food stamp program. The basic factor is old-fashioned demand.

The housewives boycott may produce illusory benefits. Temporarily meat prices may be driven down; over the long haul, organized consumer resistance is bound to be self-defeating. Instead of responding to increased demand by increasing their herds, livestock men will counter by keeping production stable. The farmer has to have some incentive for increasing his investment and thus increasing his risk. The housewives, if they succeed, will take that incentive away.

If we will be patient, a satisfactory answer can be found in simply leaving the market alone. Even at today's prices, livestock producers are not getting rich. For a whole lot of hard work, they're earning a little more money. In simple justice, you can fairly object to that?

UNDERGOES SURGERY Mrs. Raldo Goodalls' father, H. F. Smith underwent surgery in Hendricks Memorial Hospital in Abilene, Tuesday.

ATTENDS FUNERAL Mrs. Hartense North attended the funeral of Mrs. B. H. Condon of Throckmorton, Saturday.

White Chocolate Cake

¼ pound white chocolate, melted over hot water
3 sticks margarine
2 cups sugar
4 egg yolks
1 cup buttermilk
1 cup pecans

1 cup angel flake coconut
1 teaspoon vanilla
2½ cups cake flour
4 egg whites, beaten
1 teaspoon baking powder
1 recipe Cream Cheese Icing

Cream margarine and sugar; beat in egg yolks. Add vanilla, and melted chocolate. Sift flour and baking powder together. Add flour-baking

powder mixture alternately with buttermilk. Fold in beaten egg whites. Add pecans and coconut. Bake in 3 (9-inch) greased and floured cake pans at 350 degrees F. for 1 hour or until cake tests done. Ice with Cream Cheese Icing.

Cream Cheese Icing

1 (8-ounce) package cream cheese
1 stick margarine
1 box powdered sugar
1 teaspoon vanilla
1 cup chopped pecans

Cream together cream cheese and margarine. Blend in powdered sugar and vanilla. Add chopped pecans.

Lasso® hates Carelessweed!

Lasso, the preemergence herbicide from Monsanto controls Carelessweed as well as other broadleaf weeds and almost a dozen annual grasses that compete with cotton. What's more, Lasso doesn't carryover to harm rotational crops. So even if your cotton gets hailed out, you can come right back in with soybeans or corn. You don't have to incorporate Lasso, either. Apply it preemergence at planting and you're through.

This year, use Lasso.
And get the
Carelessweed before it
gets your cotton.

... to see the Truth

"Heather here in Scotland is so common it grows everywhere. Why do you wish to study it?" I asked a botanist.

He then suggested taking a single flower from the cluster and looking at it through his microscope.

I was amazed at the delicate shading and breathtaking design of an individual bloom. I almost wished he hadn't shown it to me. I trample on thousands of them every day.

The beauty and blessings of life are enhanced by observing God's creation through the lens of Truth.

Consider the Church as a spiritual microscope. It helps you see the worth of single souls. It encourages you to call no man common or trample his capabilities under the foot of indifference. It helps you discover and appreciate all the wonders of God's marvelous creation.

**A NEW PROGRAM
FOR SELECTIVE SERVICE**

The reorganization of the Selective Service System announced by Colonel Melvin N. Glantz, State Director of Selective Service for Texas will have an affect on the local draft boards in West Texas. The number of local board offices in Texas will be reduced from 107 to 63 by the end of 1973. In West Texas there will be 10 offices where previously there were 16. Prior to the present reorganization the local board in Eastland was moved to Abilene and the local board in Van Horn was moved to Pecos.

Live the efficient way with Famous Frigidaire Electric Appliances WTU See them at WTU

West Texas Utilities Company An Equal Opportunity Employer

Under the present reorganization, the local boards in Anson and Coleman will also be moved to Abilene. Other local board moves in West Texas will be Jayton to Sweetwater-Lamesa to Big Spring, McCamey to Midland, and the boards in Brady and Sonora to San Angelo. Selective Service System Area Offices in West Texas will be located in El Paso, Alpine, Pecos, Del Rio, Odessa, Midland, Big Spring, San Angelo, Sweetwater and Abilene. All of the moves will be completed by the end of the year.

The local draft boards in West Texas will continue to function as they have previously with each serving the same counties. Under the standby draft situation, local boards will probably meet quarterly rather than monthly. Board meetings will continue to be conducted in the same town where the board has previously met. On occasion, the board members may be called to special meetings at the office sites.

Announcing the reorganization throughout Texas, Colonel Glantz stressed that the local boards themselves will not move, only the employees and records.

There will be a reduction in force of Selective Service employees throughout Texas from the present 342 employees to 193 full time and 27 part time employees. The reduction in force will affect the area offices in West Texas whether or not a move is part of the reorganization.

Richard Nixon, President: "Government must learn to take less from people so people can do more for themselves."
