A thermometer is indispensable in the home . . . even though it can't cure a thing. Its first function is to prove that someone is sick so that diagnosis and therapy can begin. Then it keeps tabs on the patient's progress. Ultimately it can suggest, though not absolutely, that the crucial stages of illness or infection are over.

You hear people call ours a "sick" society. Is anyone taking its mperature? Yes, the media is doing a thorough job reporting the lever of the times.

A more crucial question: is anyone striving to heal society? The Church is! It has always been quick to diagnose men's spiritual ills and ready to make available the remedies God has prescribed.

Obviously, however, society isn't one person but many. Its cure will progress as we get the patients and the doctor together.

# Students Attend HSU Speech Tournament

A group of Jayton students was among more than 300 from 33 high schools that took part in the 18th annual West Texas High School Speech practice for UIL compe-tition later this spring. Tournament March 8 and 9 at Hardin Simmons University in Abilene.

Dr . Jerry Reynolds,

LEGAL NOTICE --Notice is hereby given

by the Parks and Wildlife Department that a public hearing will be held at p.m.on March 25, 1974 at the County Courthouse at Jayton for the purpose of gathering information concerning concerning proposed hunting, fishing and trapping regulations for Kent County.

As the result of action by the Texas Legislature, the Texas Parks and Wildlife Commission is responsible for the setting of seasons, bag limits, and means and methods of taking the wildlife resources in Kent County, All interested persons are urged to attend and comment upon the proposed regulations.

Mrs. George Moore of Carrollton and Mrs. W. Buckelew visited recently in Houston, Bellville, Sugar Land and Port Arthur.

Roy Short of Oklahoma visited friends in Jayton recently.

Mr. and Mrs. Elvin Lee visited the Monte Lees in Spur March 3rd which was Mr. Lee's 80th birth-

day.

unless the pond has enough natural breeding places the fish population will usually decline, and fishing will not be very productive. This can be prevented by providing artificial breeding places by placing large rocks piled in the pond to provide holes for the female to lay eggs in and raise her young. Short lengths of old pipe or empty oil the chairman of the drums can also be used speech and drama departto serve the same purment served as director pose. of the tournament, which

Fertilizing a pond will also increase fish production and is simple to do using 8-8-2 fertilizer or the nearest equivalent. The cost is minimal when the results are considered. Fertilizer should be applied throughout the growing season at about 10 day intervals, generally from March through October. Fertilizer can either be applied by broadcasting or by submerging on a platform.

LEGAL NOTICE

## Pork Referendum and Producer Board Election

Being certified by the Com-missioner of Agriculture of the State of Texas for this purpose, the Texas Pork Producers Asmust be mailed to the polling place at Sherman, Texas be-Texas 75090, proposes a ref-erendum election on May 14, 1974 under provision of Article 55c, Vernon's Civil Statutes, on the proposition of whether or the proposition of whether or not the pork producers in the State of Texas shall assess themselves a maximum amount of 10 cents per head on all slaughter animals to be col-lected at the point of first pro-cessing or sale and to elect members of a 15 member commodity producers board to ad-minister proceeds of such as-sessment to be used for resessment to be used for re-search, predator control, dis-ease and insect control, educa-tion, and promotion designed to encourage the production, marketing, and use of pork. The referendum and election will be held by mail ballot which will be provided to all eligible voters not later than 15 days prior to the election. Ballots

prior to the election. Ballots

fore midnight on the date of the election. Any person within this state engaged in the business of producing, or cauging to be produced slaughter hogs for commercial purposes is eligible to vote, including owners of

farms and their tenants and sharecroppers, if such person would be required to pay the would be required to pay the assessment proposed. Any person qualified to vote at the referendum may place his name in nomination for membership on the proposed commodity producers board by application to the above or-ganization signed by himself and at least ten other persons eligible to vote in the referen-dum. Such applications must be dum. Such applications must be filed at least 30 days prior to the election date.

Any person qualified to vote who does not receive a ballot prior to April 30, 1974 may obtain one at his local County Agent's Office.

fishing waters but chemicals are used only chemicals that those have been cleared and approved for this use by the U. S. Environmental Protection Agency should be used. On new ponds the elimination of excessive shallow water (water less than 3 feet deep) during pond con-struction will aid in preventing this vegetation. If you want to improve

your fishing waters your local Soil Conservation Service personnel will be glad to furnish you more information and technical assistance.
