AHS Freshmen Chalk Up 6th Grid Victory

(By Mike Skipper)

The Abernathy Freshman football team coasted to its sixth straight win last Thursday night as they defeated the Kress "B" team by a score of 26-8. This game was unusual for the Freshmen in that the usual scoring duo of Andy Oliver and Dale Allenberg was replaced by another duo. Burl Fuller and Darrell Selke scored all the points for the Fish in the contest.

The first score of the game came with 5:38 left in the first quarter. Quarterback Fuller passed to Selke for a 30-yard touchdown play. Selke, usually a substitute, was playing in the place of Dale Allenberg, who was injured in a game at Friendship two weeks ago. The extra point try was successful as Burl ran it over.

Fuller scored the next TD from 20 yards out and Selke tried for the extra points, but he was stopped short of the goal. It was Selke's turn to score next, so in the second quarter, he put it over from 20 yards out. At the half, the score was 20-0. Fuller was not to be outdone, so he carried the ball over for the last TD from the 10-yard line of Kress.

Highlighting the game was the defensive play of the Fish. The Kress offense was big and fast, once they got started. To combat this, Andy Oliver, playing defensive guard, was in their backfield before the Kress backs could get started. On Kress's touchdown play, a 35-yard run, the big fullback finally got his speed up and nobody could catch him. Kress then ran over the extras.

B Team Wins 36-0

The Antelope varsity "B" team traveled to Lubbock last Thursday night to meet the varsity of Christ the King school in a game. The "B" team had no trouble in defeating Christ the King as the second string played most of the game. Two Abernathy touchdowns were called back on penalties or the score would have been worse.

Both the Freshmen and the "B" team will play here on Thursday, October 29. The Fish will take on the Dimmitt Freshman at 5:00 and the "B" team contests the Olton "B" team at 7:00 p. m.

Mrs. Livi Pettit has returned from a visit in the home of her son, Billy, and family in Beaumont.

3 Are Fatally Injured In A Two-Car Crash

Double funeral rites were held Tuesday afternoon at Petersburg First Baptist Church for Mrs. C. P. Loyd, 39, and her daughter, Sherry Paulette, 13, of Lakeview. They died Sunday night following a head-on collision of their car with one driven by a Plainview Negro man, William Cofer, 50, who also was fatally injured.

The accident happened at 7:15 p. m. Sunday on Farm Highway 789 about a mile north of Petersburg. Mrs. Loyd was dead on arrival at West Texas Hospital, Lubbock, and Paulette died about 20 minutes after she was admitted to the hospital. Cofer was taken to a Plainview hospital, where he died at 11:30 p. m. Sunday.

Officiating at the rites for Mrs. Loyd and Paulette was the Rev. Lyman P. Wood, pastor of Wesley Methodist Church, Borger. He was assisted by the Rev. Elmer Stahley, pastor of the Petersburg Church of the Nazarene, of which the mother and daughter were members. Burial was in Abernathy Cemetery under direction of Franklin-Bartley Funeral Home, Lubbock.

Mrs. Loyd's survivors are her husband; three sons, Gary, Texas Tech student, Mike and Danny, both of the home; her parents, Mr. and Mrs. O. D. Rhodes, 3502 41st St., Lubbock; four brothers, Harold D. and Don Rhodes, both of Petersburg; the Rev. W. E. (Skeet) Rhodes, Fort Worth, and Wayne Rhodes, Bethany, Okla., and a sister, Margie Nell Rhodes, 3502 41st St., Lubbock.

Paulette's survivors include her father, brothers, grandfathers, uncles and aunt.

Mrs. Loyd, the former Orene Rhodes, was born Feb. 18, 1925, when her parents lived on the Rhodes homestead section northwest of Abernathy. Her parents later moved to Lakeview, and she resided in that community until her death. She was a graduate of Abernathy High School.

Paulette was born in a Lubbock hospital August 28, 1951. She was an eighth grade student in the Petersburg school. She was a cheerleader and a member of the junior high band.

Benn Is Named V-P Of Hale Farm Bureau

The Hale County Farm Bureau elected officers for 1965 and community directors at its annual convention in the Farm Bureau Cotton Boll Room in Plainview.

Elected were W. E. Thurman of Plainview, president; Owen Benn of Abernathy, vice president; and Paul Robertson of Cotton Center, secretary-treasurer.

New community directors elected to serve three year terms were R. J. Burnett of Cotton Center; Glenn Curtis of Abernathy; and Don McCulloch of Liberty Community.

Directors now in office are Oliver Harmel of Halfway; Bruce Rigger of Prairieview; Eugene Heath of Hale Center; Billy Sylvester of East Mound; Wayne Painter of Edmondson; Hartley Meek of Bellview; Riley D. True of Snyder and Gayland Patterson of Happy Union.

New resolutions were adopted at the meeting on the county level to be presented at the Farm Bureau convention in Houston Nov. 8-11.

The bureau adopted a resolution supporting closer supervision on welfare payments, stating physically able people should work before payments are made.

The group also favored the labelling of imported meat tax, and was in support of a two per cent uniform tax for the state government. It favored the Bracero Program to continue under the Immigration Service.

Resolved also was support of a farm program somewhat more flexible with exports to continue increasing to 25 per cent. The convention also favored more rural routes instead of Star routes where population warrants, and for better and faster mail service.

The bureau commended the Cotton Boll Weevil Program

Antelopes Lose To Olton; Will Go To Friona

(By Mike Skipper)

The Olton Mustangs remained undefeated in district play last Friday night as they defeated the Abernathy Antelopes by a score of 39-12. The loss now gives the Antelopes a 0-2 district record and a 2-5 record for the season. Next week the Antelopes will face another undefeated team in district play as they go to Friona to play the Chiefs.

The Antelopes put the first points on the scoreboard last Friday night and it looked as if the Abernathy team had upset on their minds. The TD was set up by a 50-yard pass-run play from Lane Wade to Pat Hale. That set the ball up on the Mustang 20 and four plays later, the Antelopes tallied. Quarterback Wade passed 15 yards to Wingback Terry Turner for the TD and Mike Tannhill's kick for extra point was blocked. The score came with 4:35 left in the first quarter, but Olton came back just before the quarter ended and the score was tied at 6-6.

Olton's first score was on a 46-yard run by Richard Hall. The extra point kick was blocked. Olton then came back in the second quarter to score another TD from the 2-yard line. Once again it was Hall scoring and the Mustangs got two extra points on a pass from Joe Priest to Jack Burkhalter.

Abernathy came back after the half to score six more points and come within two points of the Mustangs. This touchdown came on a 13-yard pass from Pat Hale to split end Boyce Paxton. A running try for two points failed and Olton was ahead 14-12.

It looked as if the Antelopes were going to be able to hold their own in the last half but the next play broke their backs. On the kickoff, Richard Hall carried the ball for 92 yards and an Olton TD. Priest kicked the extra and Olton was off and running. In the same quarter, Hall scored again from the 4-yard line for his fourth TD. The kick failed.

In the last quarter, Olton got two more touchdowns to put the game out of reach. Ronnie Bigby scored the first one from 3 yards out and Dale DeBerry got away on a 40-yard run for the second one. The attempts for extra points on both failed.

Score by Quarters

Olton	6	8	13	12-39
Abernathy	6	0	6	0-12

Travel to Friona

The Antelopes will be on the road to Friona next week to take on the impressive Chiefs of that city. The Chiefs have a 6-1 season record and are currently in a three-way tie with Olton and Floydada for the district title. All three teams have won two district tilts. The Chiefs, led by Doug Dodd, second highest scorer in Class AA, defeated Lockney last week by a score of 28-14 and took Dimmitt 28-6 the week before.

The Abernathy-Friona game will be a very important game in District 3-AA. We are virtually out of the race, but Friona must win to stay on top. The Review urges everyone to go to Friona this week and support your team.

Qualified Hale County Voters To Ballot Nov. 3 On Mosquito Control District, Tax Boost

Hale County voters will journey to the polls on Tuesday, November 3, to decide the fate of a proposed Mosquito Control District in this county.

Voting in this election will be at Abernathy city hall and at Lakeview Methodist Church for qualified voters in South Hale County. Polls will open at 8 a. m. and close at 7 p. m.

The election was called by the County Commissioners in regular session on September 28. Strong positive reaction throughout the area prompted this action.

The decision at the polls is expected to ride with public opinion on a 20 percent increase in county tax evaluations necessary to raise more than \$80,000 first-year funds to organize

the district. However, according to Dr. Joseph T. Marshall, director or the Plainview-Hale County Health Department, after conferring with other state health department officials, this initial cost and tax levy can be cut approximately \$20,000 after the first year.

A majority of this \$20,000 amount comes from the purchase of equipment, including two combination sprayer-duster units, three half-ton pickups, two one-ton trucks, a duster unit, a power spray unit, and various smaller equipment.

"Although this 20 percent increase sounds quite large, it doesn't amount to too much," County Auditor Larry Peckham

has said.

"According to a hypothetical situation," he continued, "these taxes would be raised from \$1.28 per \$100 evaluation to \$1.46 per \$100 evaluation. Most persons in the county pay taxes right at \$1.28, a year; with the increase, their taxes would be raised to \$1.46 annually."

This marks a monetary increase of \$18 a year, \$1.50 a month for the purpose of organizing a year-around county-wide control of the mosquito infestation.

And to quote County Judge C. L. Abernethy, "You can't weigh money in one hand against human lives in the other."

71 Cases

Dr. Marshall has reported that Hale County has cracked the 1963 epidemic mark of 71 cases of unsuspected encephalitis. In 1963, there were 70 cases. This is the third major epidemic of sleeping sickness in Hale County since 1956.

Presently, there are five Mosquito Control Districts in Texas located along the Gulf Coast region. Until 1960, when an amendment was ramrodded through the congress by Hale County representative H. G. Wells, only coastal counties were allowed by law to organize Mosquito Districts.

But the amendment legalized districts for all counties in the state and set the constitutional tax limit at 25 cents per \$100 evaluation.

Hale County is the first inland county ever to consider establishing a Mosquito District.

"Other districts have been set up for primarily selfish interests," Dr. Marshall said. "On the Gulf, districts are protecting stock. Mosquito attacks worry the cattle and irritate them so badly they can't eat and they lose weight. It hits the pocketbook. It's an economic matter."

"On Cape Cod or other resort areas, mosquitos give an unhealthy impression," he continued. "It slows down tourist trade. It's an economic matter."

Lives At Stake

"But in Hale County we need a control district to protect the health of the people from encephalitis virus infections and to eliminate a nuisance."

Much opposition has been aroused as to the effectiveness of a district established with this \$80,000.

According to Judge Abernethy, mosquitos here can never be eradicated, but they can be controlled. He said that it would take approximately five years before large actual results could be seen, with a large decrease in mosquitos.

However, a reduction in encephalitis is expected immediately.

According to House Bill 127, the Commissioner's Court has been designated as the governing body of a district. If approved, the court will authorize an advisory commis-

County Agent In Warning Against Cattle Poisoning

With the coming of the first frost of the season, there is reason for concern over the possibility of prussic acid poisoning of cattle grazing sudangrass or sorghum stubble, says county agent, Ollie Liner. All sorghums contain amounts of hydrocyanic or prussic acid forming substance and under certain conditions the content may be high enough to be fatal to grazing cattle.

Liner points out that there is no positive way to tell if a field is dangerous but there are

some established facts that may be helpful. Grain sorghums are generally higher in the acid than sudan grass. Young immature plants or plants that have been stunted by climatic conditions are higher in prussic acid than rapidly growing normal plants. New growth following harvest or cutting is generally more dangerous. As plants mature the acid content decreases. Sorghums that have been affected by drought or trampling and brushing are higher in the acid.

Frosted or frozen plants should not be grazed until the plants have thawed and the killed leaves have dried which generally will be within ten days to two weeks. Freezing causes rapid release of the toxic acid thus making the forage dangerous during the time it is frozen and while thawing. Sorghum silage is usually safe because a part of the prussic acid is lost in the ensiling process.

Field drying and curing reduces the acid content of sorghum and it should be safe for feeding.

Heavy applications of nitrogen increase the acid content of sorghums while high phosphorus levels tend to decrease the acid level.

Irrigated grain sorghum or sudangrass making normal growth that is not grazed while very immature is generally safe.

An open letter to Barry Goldwater From State Senator Walter Richter, Gonzales, Texas

Dear Mr. Goldwater:

The other day when you suggested that you would be willing to use some phrase other than that shop-worn cliché of "soft on communism" in referring to our President, someone in the audience suggested the word "treason" and you replied "That's it!"

I guess that's when the deep resentment I have been feeling about the calculated campaign of vilification against our President turned into pure nausea. I stayed awake until 2 a. m. feeling sick, and thinking about what you were doing.

You must have finally felt a touch of nausea yourself, when, on the next day, you cancelled the "smut" film your campaign crew had prepared for nationwide showing. I guess I am pleased to learn that you do have a limit.

In your heart, Mr. Goldwater, you know that neither President Johnson nor his administration is in any way guilty of treason, and that this, even for campaign tactics, is something of a record "low."

This brings me to the point of this letter, "morality", an issue which you, sir, have chosen to inject into this campaign. It is an issue which only one of tremendous personal integrity can effectively pursue; and although you have tried mightily to project a posture of piety, I want to point out that you have not been very convincing.

You have cried out against government spending and waste, and then you have rattled the saber, even saying that nuclear war is inevitable, an attitude which has to call for a tremendously expensive military force.

Even more remarkably, you have spoken glibly of ending the draft.

Is this your idea of integrity, Mr. Goldwater? You have cried out against massive Federal projects only to support them when they will be located in and benefit your home state.

Integrity, Mr. Goldwater? You have cried out in support of the exercise of local responsibilities as opposed to Federal "interference," and then you suggest that it is the Federal responsibility to maintain law and order in our local communities.

Integrity, Mr. Goldwater? You have had much to say about crime and lawlessness in many United States cities, notably Washington, D. C., and yet your own hometown in your own state turns up the fourth most crime-ridden city in the whole country.

Integrity, Mr. Goldwater? You've cried out bitterly against immorality in high places, and yet you have not uttered one word in condemnation of your running mate, who, as a Congressman, fought for legislation to benefit an organization which had been paying him \$7,500 annually for many years.

Integrity, Mr. Goldwater? In three speeches in January, you came out in favor of voluntary Social Security, something which makes one wonder about your wisdom, because this can only lead to bankruptcy of the system. Significant, however, is that in February in New Hampshire, you had the audacity to say, "I don't know where this

voluntary business crept in."

Integrity, Mr. Goldwater?

When asked on a TV program in 1963 if, as President, you would favor getting out of the United Nations, you answered, "I would. At this point, having seen what the United Nations cannot do, I would have to suggest it." In June of this year, you said, "I've never advocated withdrawing from the United Nations." Your first remarks are recorded on tape.

Integrity, Mr. Goldwater?

First you said, "I don't want to hit the moon—I want to lob one into the men's room in the Kremlin and make sure I hit it." Later you said, "It's absolutely essential that we get a man on the moon for military reasons if for no other."

Integrity, Mr. Goldwater?

You once said that one Eisenhower in a generation was all the nation could survive. Had you erased that feeling from your heart when you were seeking Ike's support? How about that interview with the General which you had taped for campaign purposes, and then edited out several Eisenhower statements because they did not suit your position?

Integrity, Mr. Goldwater?

As you know in your heart, Mr. Goldwater, these are only a few of your inconsistencies, and you must know that they are very unbecoming to a man who wants to move into the White House by smearing its present occupant on the issue of morality.

What about Lyndon Johnson?

He's not perfect and has never claimed to be so. On the other hand, and you must know this in your heart, he is a great leader, and was selected by a majority of the most exclusive club in the world, the United States Senate—your club—as their leader.

I have read the "hate" stuff

I have yet to find a serious charge that is supported by evidence which would stand up in court. It is 98.9% pure smut—based on rumors, half-truths, innuendoes and pure lies.

Bobby Baker and Walter Jenkins?

Can a man be held responsible for the actions of all the individuals whom he has associated with in 32 years of government service? Let us not forget that even President Eisenhower could not escape this sort of experience. Neither, for that matter, could Jesus Christ.

So please, Mr. Goldwater, out of common decency and so that your campaign memories won't

some back to haunt you in the years ahead, stick to your more noble campaign issues. Like taking the government out of agriculture, education, automation, transportation, pollution of streams, the waste of national resources. Like repudiating the foreign policies of Truman, Eisenhower, Kennedy and Johnson, and leading the nation on a massive crusade to destroy Communism all over the world, even though it takes us to the brink time and again.

One closing thought—offered

by my wife: Might it not encourage lawlessness in our land when one of the leading presidential candidates constantly belittles and demands our Judiciary and our Executive branches of government—even to the extent of charging treason?

Oh yes, thank you for providing the voters of our nation with a choice. You have made it an awfully, awfully easy one.

Sincerely,

Walter Richter
State Senator
District 19

Since 1947 CROP (Christian Rural Overseas Program) has been a community channel of the churches for a person-to-person program of continuing aid and disaster relief.

CROP's primary purpose is to provide assistance—high protein foods, emergency supplies, agricultural tools, seeds—not otherwise available in overseas disaster areas.

Since 1948, Halloween has become for many church youth a time for going from house to house seeking contributions for overseas relief and rehabilitation. In 1963 the young people in Texas, in community-wide, inter-church projects, collected over \$57,000 for CROP and helped to provide 98,267,600 pounds of government donated food and other CROP shipments for the overseas ministry.

Fifty cents will provide a bowl of cereal to 50 children each day for a month. One dollar will provide approximately 300 pounds of food. Four dollars will provide rice to feed one child a meal a day for a year in the Child Feeding Program of Church World Service in Hong Kong.

The Abernathy Junior High Methodist Youth Fellowship will call on every home on Saturday night, Oct. 31, between 8 and 9 a. m. They may be identified by the yellow-orange arm band bearing the symbol of Freedom from Hunger. They will have literature explaining some of the CROP program. Your courtesy and contributions to the youth will be appreciated.

HIGH SCHOOL HONOR ROLL

Principal Curtis Davenport announced the following first six weeks honor roll for Abernathy High School:

Freshman Class: Dale Allenberg and Kerby Spruiell;

Sophomore Class: Andre Anderson, Steve Guerrant, Jerry Rice, Sondra Slough, and Jane Valdez;

Junior Class: Terry Barton, Carolyn Bryant, Judy Cade, Larry Crowder, Geraldine Evans, Pat Hale, Carl Johnson, Jo Ann Lovelace, Carolyn McNeill, Barbara Patterson, Rondall Preston, Donna Skeen, Mike Skipper, Beverly Spruiell, Mike Tannehill, Marilyn Teaff, Jane Thomson, Treva Totty and Jan Wilson;

Senior Class: Denise Barker, Frederick Benn, Yvonne Bundick, Sandy Downs, Mona Drace, Evan Evans, Bill Forbes, Cristie Givens, J. Frank Jackson, Joanne Klafka, Linda Miller, Vivian Patterson, Barry Selke, Truett Skipper and Donna Webb.

Abernathy High School has changed its honor roll system this year. Instead of having two honor rolls, AHS just has one honor roll. In order to get on the honor roll, students have to have a 90 average in an overall average of their subjects. Last year, four 90's made the first honor roll and three 90's were enough to make the second honor roll as long as no other subject was failed.

Sincerely,
Ralph Wayne

(Paid for by Hale County Supporters and Friends of Ralph Wayne.)

'65 Comet completes 16,200-mile durability run from Cape Horn to Fairbanks, Alaska, in 40 days

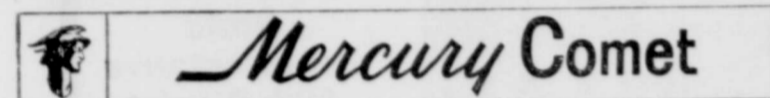

Shades of Daytona! Comet is famous for durability. Last year, specially equipped Comets ran 100,000 miles at Daytona in 40 days.

Regular production-model Comets used, just like showroom Comets. Want to see the car that made it from Cape Horn to Fairbanks? Visit your Mercury dealer's. Check a 1965 Comet Caliente, with smooth Multi-Drive Merc-O-Matic. The only difference: the run cars had an extra gas tank, because service stations are frequently so far apart in South America.

Comets are ready for immediate delivery. No waiting, if you order yours now.

FAIRBANKS, Oct. 22 — Three Mercury Comets today finished a run no car has ever attempted in so short a time—the rugged 16,200-mile grind from Cape Horn to Fairbanks.

En route, day and night, the cars had no major repairs, just routine maintenance. That's ample proof that 1965 Comets are powerful and tough, not just lively and beautiful.

"Care Enough To Vote," Carr Tells Club In Speech

(Editor's Note: The Nation will go to the Polls next Tuesday, Nov. 3, to vote on a wide range of offices, from the Presidency of the United States to county precinct posts. Believing that it is important for every qualified voter to mark ballots that day, The Review obtained the permission of the 1954 Women's Club and G. M. Carr to print the following. It is the text of a speech which Mr. Carr delivered at a meeting of the club in the city hall clubroom Oct. 21.)

Ladies of the 1954 Women's Club, I appreciate your invitation to speak to you this afternoon on the subject: "Care Enough To Vote."

We have the best way of life and the best government in the world. Yet it is appalling to realize that in the 1960 presidential election, only about 65% of the eligible voters exercised their right to participate in our government. For it is an axiom of life that every privilege we enjoy carries with it a responsibility. And so it is not only our privilege but also our duty to go to the polls on election day and cast our ballots.

I urge you, girls, as I've urged everybody since I first began to

vote: take part in your government, beginning at the precinct level.

When Jesus was confronted by the lawyers seeking to trap him, he said, "Render unto Caesar the things that are Caesar's, and unto God the things that are God's. Is not this a recognition of one's civil, as well as one's religious obligations?"

There is too often a spirit of apathy among our citizens, a let-the-other-fellow-do-it attitude.

I once heard a story which I never forgot. A man who believed that there was life on Mars asked everyone on earth to scream as loudly as possible at noon on a certain date, because he thought the roar would reach to Mars.

When the time came, it was the quietest moment this earth had ever known. Everyone was listening to hear how loud the noise would be.

My point is this: everyone thought that a single voice did not count. But it does—especially at election time. Don't let the other fellow elect your government officials.

One sentence from the President's report on Registration and Voting Participation read: "Voter participation among women is approximately 10 per cent lower than among men. Since women are a significant-

ly larger element in our adult population than men, their lower participation tends to reduce the national average."

Don't talk about how proud you are to be an American, and do nothing more about it. Don't just stay at home on election day: Go out and vote.

One further aspect of your responsibility: your voting is one really graphic method of educating your children toward responsible citizenship. If they never see you go to the polls, they will consider it an unimportant matter, and undeserving of their own attention when they reach their own majority.

In his inaugural address President Kennedy said, "And now, my fellow Americans, ask not what your country can do for you. Ask what you can do for your country."

Certainly voting is one way to do something, and it is available to you and to me. I expect to come out and stand to be counted for my country and I believe you do, too.

Because some of the major candidates' wives are going on speaking tours, someone has dubbed this the Petticoat Politics Campaign. I think that's reason for rejoicing. Do your part to merit that idiom, for that is what it was meant to be. To me, it is rather a badge of honor.

I would advise those who would belittle such efforts: Never underestimate the power of a woman. In fact, the feminine influence makes a terrific impact wherever it is found! I am reminded of the Catholic priest who had two male parakeets. All day long, day after day, these two little birds spent all their time in their devotionals. One kept his little head under his wing and meditated, while the other kept counting the beads in his rosary, moving each one along with his beak.

Another priest who was a friend of the first man, had a female parakeet whose former owner was a sailor, and, as a consequence, her rowdy language was often a source of embarrassment to her new owner. So he decided to put her in the cage with his friend's parakeets, so that she might learn their gentler ways.

This he did. The little bird that kept his head under his wing was disturbed by the commotion, looked around, blinked his eyes two or three times, and shrilled joyfully, "Hey, bub! Throw away those beads! Our prayers have been answered!"

Are we ready for political activity?

Let's take an inventory. First of all, do you and I have the right attitude toward politics?

Are we among those who regard it as being an inferior or dirty business not quite worthy of our attentions?

Or, do we regard it as the part-time profession of every citizen?

Politics is the art of self-government and in the words of a noted author, "The principle ground of reproach against any American citizen should not be that he is a politician." And it should be added that "if politics needs ennobling, the only way it can be done is by raising the caliber of those who practice it."

Those who sneer and seek to tear down are doing their country a disservice. It is only as we try to do something constructive that we help.

Secondly, how and to what extent should you and I become personally involved? This of course varies with individual circumstances, interests, and talents.

There are two basic facts to be considered:

- 1. Politics is organized.
- 2. Politics is local.

So we ask ourselves, "Can we really be effective without becoming active participants in the party of our choice? I think not."

Why? Simply because that is where the decisions are being made affecting your fortune and mine.

The alternative is between helping make these decisions, or having them made for us. Someone will make them. It should be you and me.

There is much truth in the cliché that: "The penalty for non-involvement in political affairs is to be ruled by our inferiors." Bad people are put in office by good people who don't work and don't vote.

Remember, political parties are composed of millions of workers. There is a place for you and me, if we want it.

So let us take courage from the words of Nathan Hale: "I am only one, but I am one."

I can't do everything, but I can do something.

What I can do, I ought to do, And what I ought to do, by the grace of God, I shall do."

WE should be politicians!

See you at the polls November 3!

Protect Your Freedom—Be an informed Voter

Ralph Nafzger
Republican Candidate for State Representative of the 89th District, Hale, Floyd, Briscoe, and Swisher.

Ralph Nafzger believes in:

1. Constitutional government and the free enterprise system. Federal government should refrain from competing with private enterprise. Government should be the servant of the people and not their master. It should protect its citizens from all enemies from within as well as without.
2. Opposing federal aid of any kind except where absolutely necessary as in a disaster. The federal government has no money to give but yours, the taxpayers' money. To give so called "Federal" money is like giving yourself a transfusion by taking blood from one arm and injecting it into your other arm spilling half on the way. Then, with controls, you lose your freedom.
3. The right to work law. It is immoral to have to pay to work. The needy should be helped, on the local and state levels, but only after strict investigation, then help only those who really need help and those who, if they are able to work, do not refuse to work.
4. States Rights. The people in the great state of Texas can run their business better than those who would rule from Washington. There should be no federal aid to education. Local people can best see and take care of their own needs—besides, federal aid brings federal control.
5. A balanced budget. Ralph Nafzger believes in progress on a sound basis and in economizing where possible on expenditures. Ralph Nafzger believes in spending state money as he would his own.
6. Stricter law enforcement. Law enforcement officers should have more authority, and they should be paid an adequate salary so that we could continue to demand officers of high moral character.
7. Opposing parimutuel betting and the sale of liquor by the drink. If the citizens of this district show that they want these issues to become law, then he will vote for a referendum to let the people of Texas speak.
8. Good education. Much money must be spent for education, but this is a local and state responsibility, not a federal responsibility. Remember with federal aid comes federal control.

Ralph Nafzger is a Goldwater Republican, a conservative, who believes our constitution is not outmoded and believes in the constitution principles which, under the blessings of God, made this nation of ours the most prosperous and strongest in the world.

In the statements above I have told you the principles I believe in and what I stand for. Now for you to be well-informed I ask you, what principles does my opponent believe in and which candidates does he support? You know all about "Box 13", the Billy Sol Estes, Bobby Baker, and Walter Jenkins cases, the wheat program, beef and oil imports, and the far-left extremists ADA group.

Ralph Nafzger says "Mother and Dad, vote on November 3 so that on November 4 you can look at yourself in the mirror and at your bright-eyed youngsters across your table and say, 'I voted for you and for a free America.'"
