ABERNATHY WEEKLY REVIEW

THE PALM OF THE PLAINS" VOLUME 62, NO. 51 THURSDAY, NOVEMBER 3, 1983

[SERVING HALE, LUBBOCK COUNTIES] U.S.P.S. NO. 003-340

Where To Vote

November 8, this coming Tuesday, is Election Day and Abernathians will be voting on 11 constitutional amendments being proposed. Local registered voters will be casting their votes at two locations within the city.

Those persons living in the Hale County portion of Abernathy, or voting precinct 9, will vote at the small City Hall meeting room from 7 a.m. to 7 p.m. Those living in the Lubbock

County portion of Abernathy, or voting precinct 45, will cast their vote at Joe Thompson Implement from 7 a.m. to 7

Absentee voting will end November 4, this Friday. Those wishing to cast an absentee ballot should do so today or Friday at City Hall from 8 a.m. to 5

Y.F. Snodgrass is the election judge.

Due To Dwindling Enrollment, Abernathy Moved To 2-A

Due to dwindling enrollment at Abernathy High School the past three years, the school has been moved down a notch from 3-A status to 2-A. Area 3-A, 2-A and 1-A leagues underwent massive changes in the University Interscholastic League's realignment plan for the next two school years, which was announced this past Saturday.

ON THE COUNTY LINE

BY KEITH TOOLEY

TUESDAY IS ELECTION DAY and we hope Abernathians will make going to the polls a priority. Voting is a privilege Americans take for granted from time to time as we don't realize that we determine who leads our country and what constitutional amendments are passed.

Voting only takes a few minutes, but reading up on each amendment is going to take longer. It is an effort well worth the time if you sincerely care where this country is headed. So we have included a brief summary of each proposed constitutional amend-

ment on this page. Please read these 11 proposed amendments, think about them, and then take 5 minutes to vote Tuesday.

We have reviewed all 11 amendments, but only feel strongly about four of them. Amendment 1, if passed, will reduce government, thus reducing taxes, surely a step in the right direction. Amendment 3 is designed to create more farm and city jobs and it could work. Amendment 5 would lower school bonds and interest rates and help school districts afford badly needed improvements and Amendment 6 would improve the collection of court-ordered child support, probably the best amendment on the ballot this

We strongly support these 4 proposed amendments. We will probably vote for all but 1 of the remaining 7 amendments.

SORRY FOLKS ... We did remind everyone that daylight savings time was coming up last Sunday, but the notice said to run your clock up one hour. It should have been back one hour.

We have heard of the Spring forward, Fall back rule, but did not apply it as we rushed to put the notice in at the last moment. Hope we did not get anyone up two hours too early before church.

CHILDREN LEARN WHAT THEY

LIVE

If a child lives with criticism, He learns to condemn. If a child lives with hostility, He

learns to fight. If a child lives with ridicule, He learns to be shy. If a child lives with shame, He

learns to feel guilty. If a child lives with tolerance, He

learns to be patient. If a child lives with encouragement,

He learns confidence. If a child lives with praise, He

learns to appreciate. If a child lives with fairness, He

learns justice. If a child lives with security, He

learns to have faith. If a child lives with approval, He

learns to like himself. If a child lives with acceptance and friendship, He learns to find love in

the world.

Unknown

A SMALL TOWN IS WHERE: You don't need to use your turnsignal... everybody knows where you're going,

NEEDED RIGHT AWAY are baby clothes of any shapes, styles, sizes or material to be given to the needy.

We received a call from Imogene Suttle and she said that they need baby clothes immediately and those who have some to donate should drop them by the First United Methodist Church or call her at 298-2240 or

Imogene stressed the importance of getting these clothes immediately, so go home, see what you can round up, and get them to her. There are those who can get the good out of these clothes now.

For the next two years, Abernathy will be in the same district with Hart, Bovina, Hale Center, Olton and Springlake-Earth. This is a big change for Abernathy, moving from a district where AHS was the smallest school into a situation where Abernathy is the largest school in the district. Hale Center and Olton could be considered the next two biggest schools in the newly organized district.

In pre-season next year, Abernathy will start off with Petersburg as usual, then Roosevelt, Shallowater, Tahoka and Lockney. Then the district games with Hart, Bovina, Hale Center, Olton and Springlake-Earth will follow.

Some Abernathy locals were disappointed that Abernathy is being moved to 2-A. Varsity boys basketball coach Carl Irlbeck stated that he was a little disappointed because Abernathy has always been able to compete at the

Other coaches were very pleased with the move. "We're tickled to death," Abernathy AD Larry Aldridge said Jaturday of his school's reclassification from 3A to 2A. "Our enrollment is so much behind that of other schools in our district. We're 100 students smaller in size than some of the schools. We expected to drop, we're pleased we dropped and we

think we can be competitive in 2A." The UIL classifications are based on an average of enrollment figures from two school years. The UIL said 5A schools have enrollments of 1,305 or more, 4A 650 to 1,304, 3A 275 to 649,

2A 135 to 274 and 1A 134 and less. A high school with less than 90 students may enter six-man football.

The 5A, 2A and 1A figures are all down five students from two years ago while the 4A, 3A and six-man figures are all up five students.

Abernathy is one of eight South Plains' schools moved into a smaller class, joining Brownfield, Lockney, Tahoka, Farwell, Kress, O'Donnell and Spur. No area teams were moved

Abernathy, Lockney and Tahoka all dropped to 2A while Brownfield moved into a vastly different 3A scene.

Abernathy dropped from 2-3A, Lockney dropped out of 3-3A and Childress was moved from 3-3A to 1-3A. Floydada and Idalou moved from 3-3A to 2-3A, joining Dimmitt, Friona, Littlefield, Muleshoe and Tulia.

Districts 3-3A and 4-3A were consolidated into a new, eight-team 3-3A composed of Brownfield, Denver City, Cooper, Roosevelt, Post, Seminole, Slaton and Frenship.

Farwell, Kress, O'Donnell and Spur dropped from 2A to 1A.

The Farwell and Kress positions in 5-2A were filled by Hale Center, which moved from 3-2A, and Abernathy, and the district, which includes Bovina, Springlake-Earth, Hart and Olton, was relabeled 3-2A.

Crosbyton, Lorenzo, Petersburg and Ralls, in 3-2A this season, were joined by Paducah from 4-2A and Lockney in a new 4-2A.

District 6-2A was renamed 5-2A with many of the same teams. Tahoka. replaces O'Donnell and joins Plains, Seagraves, Shallowater, Morton and

4-5 going into Friday nights game. Thus far, Dimmitt was defeated by Floydada in their first game 13-20, then they defeated Plains 55-0, River Road 16-0 Olton 35-0, Boys Ranch 21-0, lost to Littlefield 0-28, Muleshoe 0-30, Friona 10-23 then Tulia last week

The Bobcats are coming off of four district losses in the past four weeks.

Their biggest threat to Abernathy will be David Barton, a 161 pound senior tailback, and sophomore quarterback Woody Glass. The Bobcats do not have much size or speed. Their offensive and defensive front lines only average 175 to 180 pounds. They use a pro-l offensive formation and a

split 4 defense. Abernathy fans and supporters are urged to be at this final football game and cheer the Lopes on to victory and

AMENDMENT 1

CONSTITUTIONAL AMENDMENT AUTHORIZING FEWER JUSTICE OF THE PEACE AND CONSTABLE PRECINCTS IN COUNTIES WITH A POPULATION OF LESS THAN 30,000 AND PROVIDING FOR CONTINUOUS SERVICE BY JUSTICES OF THE PEACE, CONSTABLES, AND COUNTY COMMISSIONERS WHEN PRECINCT BOUNDARIES ARE CHANGED.

EXPLANATION

This proposition would amend the constitution to permit counties with a population of less than 30,000 but more than 18,000 could have from two to five precincts. Counties with a population of 18,000 or under, could have from one to four such precincts. Each precinct would have one JP and one constable unless the precinct contained a city of 18,000 or more in which case two JPs would have to be elected. Texas has 254 - 146 with less than 18,000 inhabitants and 39 with more than 18,000 but less than 30,000.

AMENDMENT 2

THE CONSTITUTIONAL AMENDMENT REPLAC-ING THE LIMITATION OF THE VALUE OF AN URBAN HOMESTEAD WITH A LIMITATION BASED ON SIZE.

EXPLANATION

The Texas Constitution exempts a person's homestead from forced sale to pay off creditors except under specific circumstances. Homestead protection is available for either rural or urban property. Rural homesteads may not exceed 200 acres and an urban homestead lot or lots may not exceed \$10,000 when first designated a homestead. In both cases homestead protection applies to the improvements on the property.

The proposed amendment makes no change in rural homesteads but would replace the \$10,000 urban homestead limit with a one-acre limit, together with any improvements on the land. The new definition would apply retroactively to all urban homesteads in Texas.

AMENDMENT 3

THE CONSTITUTIONAL AMENDMENT PRO-VIDING FOR THE ADVANCEMENT OF FOOD AND FIBER PRODUCTION AND MARKETING IN THIS STATE THROUGH RESEARCH, EDUCATION, AND PROMOTION FINANCED BY THE PRODUCERS OF AGRICULTURAL PRODUCTS.

EXPLANATION

Legislation passed in 1967 allows Texas producers of a specific crop to create and elect Producers Boards that promote sales of the crop and support research programs for such purposes as control of disease and predators. Seven boards now operate in all or part of the state for the following commodities: corn, grain sorghum, mohair, peanuts, pork, soybeans, and wheat. (Rice, flax, and cattle producers are specifically excluded by the statute authorizing the commodity boards.)

At present, activities of the Producers Boards are financed by fees that are collected when the commodities are processed or sold. The maximum amount of the fee is set when the Board is created. Payment of the fee is voluntary. A farmer or rancher who does not wish to pay the fee may file a request for an exemption, or may apply for a refund within two months after payment.

AMENDMENT 4

CONSTITUTIONAL AMENDMENT **AUTHORIZING STATUTORY PROVISIONS FOR** SUCCESSION OF PUBLIC OFFICE DURING DISAS-TERS CAUSED BY ENEMY ATTACK, AND AUTHORIZING THE SUSPENSION OF CERTAIN CONSTITUTIONAL RULES RELATING TO LEGIS-LATIVE PROCEDURE DURING THOSE DISASTERS OR DURING IMMEDIATE THREAT OF ENEMY ATTACK.

EXPLANATION

The proposed amendment would require the legislature to provide for emergency interim successors to replace legislators who become "unavailable" due to enemy attack and would allow the House and Senate to suspend constitutional rules governing actions of the legislature for up to two years by concurring with a proclamation by the governor to that effect. The suspension may be renewed with another proclamation and concurrence. It would also permit the governor to keep the time and place of the meeting of the legislature secret.

AMENDMENT 5

THE CONSTITUTIONAL AMENDMENT AUTHORIZING USE OF THE PERMANENT SCHOOL FUND TO GUARANTEE BONDS ISSUED BY SCHOOL DISTRICTS.

EXPLANATION

The Permanent School Fund (PSF) is a perpetual trust fund made up of income from public lands that are constitutionally set aside for the support of the state's public schools.

This proposition authorizes the legislature to enact laws providing for the use of the PSF and income from the PSF to guarantee bonds issued by school districts. It also would permit the legislature to appropriate money from the ASF to administer the PSF or any bond guarantee program established by

AMENDMENT 6

THE CONSTITUTIONAL AMENDMENT AL-LOWING THE LEGISLATURE TO PROVIDE FOR ADDITIONAL REMEDIES TO ENFORCE COURT-

ORDERED CHILD SUPPORT PAYMENTS.

EXPLANATION

Since 1876 the Texas Constitution has prohibited the garnishment of wages--that is, seizure of a person's current pay to satisfy the claims of creditors. This constitutional prohibition has been interpreted as a bar to any Texas law permitting involuntary withholding of wages to satisfy court-ordered child support obligations--a mechanism used in 47 other states to enforce child support orders.

This amendment would permit the legislature to provide for the garnishment of wages to enforce court-ordered child support payments. The garnishment would not be available for other purposes.

AMENDMENT 7

THE CONSTITUTIONAL AMENDMENT PRO-VIDING FOR FINANCIAL ASSISTANCE TO VET-ERANS AND TO AUTHORIZE THE ISSUANCE OF \$800 MILLION IN BONDS OF STATE TO FINANCE THE VETERANS' LAND PROGRAM AND THE VETERANS' HOUSING ASSISTANCE PROGRAM.

EXPLANATION

This amendment authorizes \$300 million in additional bonds for the Veterans' Land Fund and \$500 million to create a Veterans' Housing Assistance Fund. The new Housing Assistance Fund would be managed by the Veterans' Land Board, a three-member board chaired by the State Land Commissioner which now manages the Veterans' Land Fund. These bonds would be general obligation bonds, backed by the credit of the state.

The amendment also authorizes the Veterans' Land Board to use future income of the Funds (over and above amounts needed to retire outstanding bonds) to finance additional loans from either Fund.

AMENDMENT 8

THE CONSTITUTIONAL AMENDMENT TO AUTHORIZE TAXING UNITS TO EXEMPT FROM TAXATION PROPERTY OF CERTAIN VETERANS' AND FRATERNAL ORGANIZATIONS.

EXPLANATION

This proposition authorizes, but does not mandate, political subdivisions to exempt veterans' organizations from ad valorem taxation on their property if certain stated requirements are met. It also provides that political subdivisions may exempt fraternal organizations from ad valorem taxation if they are primarily engaged in charitable or benevolent functions. The legislature is authorized to establish eligibility requirements and set property limitations for fraternal organizations to benefit from the

AMENDMENT 9

THE CONSTITUTIONAL AMENDMENT PRO-VIDING FOR ASSIGNMENT OF JUDGES OF STATUTORY PROBATE COURTS TO OTHER STATUTORY COUNTY COURTS WITH PROBATE JURISDICTION AND TO COUNTY COURTS.

EXPLANATION

Under this proposal statutory probate-court judges would be allowed to substitute in any county in the state for another judge of a statutory county court with probate jurisdiction or for the judge of the constitutional county court. Implementing legislation provides that the probate judges would elect one of their number to serve as statewide presiding judge for four years. That judge would be empowered to assign probate judges to substitute in any county in the state where needed. Both active and retired probate judges would be eligible for such assignments.

AMENDMENT 10

THE CONSTITUTIONAL AMENDMENT TO PERMIT A CITY OR TOWN TO EXPEND PUBLIC FUNDS AND LEVY ASSESSMENTS FOR THE RELOCATION OR REPLACEMENT OF SANITATION SEWER LATERALS ON PRIVATE PROPERTY.

EXPLANATION

When it is necessary for a city to relocate a sewer main, sewer laterals belonging to private property owners must also be relocated. Some property owners are not able to pay the cost of this construction. The amendment would allow the city, with the consent of the property owner, to contract for the relocation of the sewer lateral, with repayment to be made within a five-year period at an interest rate set by statute.

AMENDMENT 11

THE CONSTITUTIONAL AMENDMENT TO CHANGE THE BOARD OF PARDONS AND PAROLES FROM A CONSTITUTIONAL AGENCY AND TO GIVE THE BOARD THE POWER TO REVOKE PAROLES.

EXPLANATION

This amendment removes the Boards of Pardons and Paroles from the constitution and requires the legislature to establish it by law and to enact laws governing parole. This amendment also gives the board exclusive power to revoke paroles, thus eliminating the governor's power to veto (revoke) parole decisions made by the present board. The governor would retain the power to grant reprieves, commutations of punishment and pardons.

The present limit of three members of the Board of Pardons and Paroles and their method of appointment would also be removed from the constitution. The implementing legislation would enlarge the board to six members and would give the governor power to appoint all members.

Quilt To Be Raffled At Abernathy Arts And Crafts Festival

Quilting has been practiced for thousands of years. The Dutch and English colonists brought quilts to America to protect them from the severe cold winters. Interesting and beautiful designs were made and passed on from generation to generation.

Although many new 'store bought' items have replaced the quilt for its warmth in our modern day homes, there is nothing to compare to the true artistic beauty and coziness that a handmade quilt adds to a room. Most quilts today are considered prize possessions because of the many hours spent in their completion.

The 4th annual Arts and Crafts Festival will be sponsoring a quilt raffle. The hand sewn quilt is a variation of the "Dresden Plate" pattern. This beautiful quilt may be used as a

God's Power

"But we have this treasure in earthen vessels, that the surpassing greatness of the power may be of God and not from ourselves; we are afflicted in every way, but not crushed; perplexed, but not despairing; persecuted, but not forsaken; struck down, but not destroyed.'

II Corinthians 4:7-9. Some of the above phrases may sound strangely familiar to you just now.

66 Butane

Phrases such as "afflicted in every way," "perplex-'persecuted,'' "struck down" seem to hit home with a lot of people. But notice after the warning of each of these tragedies, there is a promise; "afflicted . . . but not crushed," "struck down, but not destroyed."

You see, God warns us of trials coming upon us, but he also puts a promise with the warning; we can still go on even after trials. Where does this kind of power come from? It is stated already for us: " . . . that the surpassing greatness of the power may be of God and not from ourselves." Only when we rely on

9th Lopes Finish Second In District

second in district with an almost perfect record 5-1-1, losing only to a tough Littlefield 9th grade team this past Thursday by the slim margin of 6-12.

Littlefield scored first in this defensive struggle and carried their 6-0 lead into halftime. Littlefield scored their second touchdown at the end of the third quarter to up their lead to 12-0.

The 9th Lopes bounced back to score on a 32 yard touchdown run by Rowdy Powell. The extra point

attempt failed and the Todd Elkins-3 for 37 yards, Lopes came closer 6-12, but time ran out on them and Littlefield prevailed 12-6.

Ouarterback Chuck Thompson had a successful night in the air completing 9 of 15 passes for 94 yards. Making the receptions were

Jack Waters-4 for 45 yards. Darrin Stephens-1 for 15 yards and Rowdy Powell-1 for 7 yards.

The freshman coach mentioned several defensive standouts against Littlefield. They were: Gary Grisham.

Houston, Travis Morgan, Terry York, Todd Elkins and Chuck Thompson.

Littlefield For Real...Blast Lopes 49-0

The Littlefield Wildcats are for real and proved to the Abernathy Antelopes why they are the number one ranked 3-A team in the state last Friday night at Littlefield as they defeated the Lopes 49-0.

Abernathy was overshadowed by a huge Littlefield crowd which filled the Littlefield stands to capacity. Many loyal Abernathy fans attended the game to partially cover the stands.

The fan support was important, but the game was decided on the field where Littlefield took charge

Littlefield was impressive, rushing for 231 yards and passing for another 140 for 371 total yards offense, but the Lopes also gave a much better performance than the score would indicate. They held Littlefield to only 371 yards offensive, a task few teams have been able to accomplish this year, while racking up 70 yards rushing and 122 passing for a total of 192 yards offensively. The 192 yards offensively against Littlefield was also incredible considering Littlefield has the number one defense in the state and has hardly yielded any yardage to a team this year.

The Lopes garnered 9 first downs to Littlefield's The Lopes made some

mistakes, such as being intercepted 3 times, but held their own the entire second half. Littlefield scored 42 points in the first half, but only 1 touchdown in the entire second half.

The biggest shock of the evening came in the first quarter when explosive Littlefield running back Steve Greene was taken from the field on a stretcher and hauled off in an ambulance with a neck injury suffered from a collision with 2 Abernathy players.

But Littlefield had too many other weapons to use on the Lopes such as quarterback Chris Avala. who connected with Ferrante Lewis on 3 scoring passes of 10, 18 and 21

For Abernathy, Randy Houston, who made both touchdowns for the Lopes last week against Tulia,

rushed 4 times for 31 yards. Houston also caught 2 passes for 38 yards. Danny McDaniel was the second leading rusher carrying the ball 5 times for 24 yards. Darrell Young caught 3 passes for 40 yards and Sammy Galloway caught 2 passes for 43 yards.

Randy Houston was awesome on defense making 16 assisted and unassisted tackles. Rene Vecchio and Danny McDaniel were each in on 12 tackles. Also giving fine performance was Ross Bradley who was in on 10 tackles, 6 of which were unassisted.

One of the biggest surprises of the evening was the punting ability displayed by sophomore Bill DuBose. He kept Littlefield deep in their own territory with several long punts during

With the loss, Abernathy falls to 4-5 on the season and 1-3 in district. Littlefield remains undefeated at 9-0 and 4-0 in district. If the Lopes defeat Dimmitt Friday, night they could tie for third place in district.

RANDY HOUSTON dives for some extra yards against Littlefield Friday night. (Review Photo)

Error May Cost Hale County \$57,000

An error may cause Hale County to lose \$57,000 in capital revenue

At an emergency meeting of the board of directors of the Hale County Appraisal District Friday, Bill Goad, a representative for Thomas Y. Pickett Co. of Dallas. said, "My purpose in being here today is to take full responsibility for the Lubbock County property being

included in Hale County. The mistake will mean that Hale County must dip

into reserve funds to meet its 1984 budget and make up the difference next year with an increase in taxes or cut county services in the 1984 budget.

Appraisals for the minerals of an AMOCO oilfield in Lubbock County were accidentally put on the Hale County tax roll. The appraisals amount to about \$1,190,000 in property valuation and about \$57,000 in taxes that Hale County may

The appraisal district discovered the error last week when a representative for AMOCO complained about the taxes being levied in both Lubbock and Hale

"I want to express my sincerest apologies to Miss Linda Janes (chief appraiser), her office staff, the board of directors of the Hale County Appraisal District and to Christine Vinson (Hale County Tax assessorcollector), her office and the commissioners court of Hale County for the inconveniences of this situation. For the personal agony and embarrassment of any parties involved, I am truly sorry,' said Goad. The offices of the apprais-

al district and the tax assessor-collector were shuffling the blame for who should have caught the error last week.

Goad said Lubbock County property, which is in the Abernathy Independent

inadvertently included on the Hale County tax roll."

Goad said Miss Janes preceded to correct the situation according to the format in which the information had originally been appraised.

He also furnished Mrs. Vinson a list of the property involved in a different

"It was with this cross reference that we discovered the information to the Hale County Appraisal District was in error," said or less than the \$57,000 originally reported.

A total of \$57,000 in errors has already been found in the Anton-Irish Unit which extends into Lubbock and Hale counties. Goad said tax dollars

The representative said

there may be other errors

and that the amount of tax

money lost could be greater

from royalty owners will increase or decrease the amount of lost tax dollars. From the Avalanche Jour-

This increased cost actually lowers the price the American farmer receives for his cotton because it has become less competitive in the marketplace. Barr point-

"The strong dollar hits us

Feed Grains Council Behind Proposition Three

U.S. Feed Grains Council is a non-profit organization working to develop overseas markets for U.S. corn, sorghum and barley. It has 15 overseas offices directing work to promote feed grains demand in more than 50 countries by helping to develop the countries' grain utilization process. The work of the Council is substantially funded through feed grains checkoff programs in most of the leading grain producing "Art is man added to nature."

Proposition Three on the November 8 ballot proposes to remove constitutional restrictions which have prevented Texas producers from effectively supporting this and other market development activities. Passage of Proposition Three will allow uniform collection of refundable assessments in areas where two-thirds of the producers favor it in a producer referendum.

Ag Energy Outlook Good

At a time when even the slightest hint of good news for agriculture has a major impact, farmers should be

me in '83.

energy supplies at lower costs in 1984. And this in itself should brighten agricultural prospects for next vear, says an economist with the Texas Agricultural Extension Service, Texas

A&M University System. Dr. Forrest Stegelin sees gasoline prices drifting as much as 4 percent below the 1983 average and diesel fuel dipping as much as 6 percent under this year's average. LP gas, meanwhile, is not expected to decline but should increase no more than 5 percent.

The economist expects electricity prices to remain steady for the most part. with a possible decrease of about 2 percent. Any price increases that

occur for gasoline, diesel, LP gas or electricity will be less than the 1984 rate of inflation, which is projected at 4.4 percent. notes Stegelin.

However, natural gas prices will likely increase between 6 and 9 percent in 1984. This is due to the on-going partial control of wellhead natural gas prices mandated by the Natural Gas Policy Act of 1978.

Stegelin points outs that these energy projections are based on overrall improvement in the U.S. economy through the rest of 1983 and

VALUE OF DOLLAR HURTS FARM EXPORTS: The dollar's record value in relation to other currencies is creating a serious barrier to export sales of U.S. farm commodities, a National Cotton Council producer leader recently told the House Agriculture Committee in Washington, D.C.

John S. (Duke) Barr, III, Oak Ridge, La., said the dollar's value has forced Japan, one of U.S. cotton's biggest customers, to pay the equivalent of 9 to 12 cents more a pound for the cotton it imports.

with a double-whammy," he added. "Our competitors benefit by receiving more for their cotton, and manmade fibers produced in the consuming country have an extra price advantage, too."

As a possible remedy to the situation. Barr suggested the lending of foreign currencies rather than dol-

duction in Egypt is an example of the kind of activity that will help increase U.S. exports of feed grains 50 percent by 1990-which will mean new jobs for Texans and other Americans, according to Darwin Stolte, president of the U.S.

According to Stolte, the technical assistance the Council is giving to the Egyptians to develop the water buffalo as a source of red meat will increase U.S. feed grains exports to Egypt by 25.8 million bushels. Programs such as these will enable feed grains producers in Texas and elsewhere to increase total feed grains exports to 3.3 billion bushels by 1990--a 50 percent increase over present levels. Stolte says. That 50 percent increase could generate more than 150,000 new

jobs, he adds. However, gains in exports cannot come about without support from producers and consumers alike, Stolte

"Like any other business person, feed grains producers recognize the need to

increase water buffalo pro- successfully market their non-farmers alike," Stolte products. That is why, in many states, producers have initiated checkoff programs." Stolte says.

Texas, as a significant producer and exporter of agricultural products, stands to benefit directly from activities such as the Council's buffalo project. The additional feed grains exports that would be generated from this project would return close to \$82 million to the economy in related industries such as transportation, warehousing and financing. Stolte says.

"Clearly, support for export market expansion is an investment in a healthy economic future for every-

Where To Vote On Election Day in New Deal

Election Day is Tuesday. November 8 and New Deal residents will vote on 11 proposed constitutional amendments at one of two locations.

Those persons living in voting precinct 44, will vote at New Deal High School. Those living in voting precinct 43 will vote at the New Deal Clubhouse.

Voting will take place all day from 7 a.m. to 7 p.m.

JV Lions Defeat Plains 22-6

The Lion's Junior Varsity team stopped Plains handily last week 22-6 to improve their season record of 2-6. Plains scored first in the

opening quarter and led 6-0. New Deal came back to score 6 points in the second quarter and tie the game at 6-6 at halftime.

The JV Lions added 8 points in the third quarter and 8 in the fourth to win

Outstanding players on offense were Charlie Villegas, Steven Boyd, David Gascamp, Mike Peters and Robert Herron. Defensive standouts were David Gascamp, Fabian Ortiz, Danny Olguin, Henry Barrera, Curtis Harkey and Danny Can-

Steven Boyd suffered a broken arm during the

Plains Too Much For 7th Lions

Plains was too much for the 7th Lions defeating them 14-0 last week. The 7th Lions now have a record of 1-5-2 for the year.

Plains scored in the first and fourth quarters while not allowing the 7th Lions to score at all.

Lion offensive standouts were Barry Howell, Mark Ranjell and Neil Hogan. Defensive standouts were

mie Pitts and Sterling Tay-

Public Notice

ORDINANCE NO. 287

An ordinance of the City of Abernathy amending the section 14-56 of the Abernathy City Code 1974; providing for repeal of conflicting ordinances; providing a separability clause; and providing an effective date of this ordinance

Be it ordained by the City Council of the City of Abernathy.

Section one: That section 14-56 of Article 3, Chapter 14 of the Abernathy City Code 1974 be, and the same hereby is. amended to read as follows:

The following schedule of monthly rates or charges for services furnished by the City's waterworks system shall be and such is hereby adopted and established as follows.

Inside The City

\$7.75 for the first 3,000 gallons (minimum) \$1.25 per thousand all over 3,000 gallons.

Outside The City \$11.50 for the first 3,000 gallons (minimum) \$1.50 per thousand all over 3,000 gallons.

Section two: All ordinances or parts of ordinances in conflict herein are hereby repealed and declared of no further force or effect.

Section three: If any section, sub-section, sentence, clause. phrase or portion of this ordinance shall be held unconstitutional or invalid by a court of competent jurisdiction, such section, sub-section, sentence, clause, phrase or portion shall be deemed a separate, distinct and independent provision and such invalidity shall not affect the validity of the remaining portions.

Section four: This ordinance shall take effect from and after October 17, 1983.

Passed and adopted this 17th day of October, 1983.

nominations and sponsor candidates.

On November 22, we mark the 20th anniversary of the assassination of President John F. Kennedy. More than 400,000 Americans have been killed in gunfire since his death.

Ironically, on this anniversary, Congress is considering legislation which would weaken, not strengthen, America's feeble gun laws.

In 1968, when Congress passed the Gun Control Act. our legislators specifically prohibited mail-order gun sales because President Kennedy's assassin, Lee Harvey Oswald, used a cheap rifle purchased from a Chicago mail-order house. The weapon was fitted with a telescopic gunsight, also acquired through the mail. Less than an hour after killing the President, Oswald killed police officer J.D. Tippit with a .38 caliber handgun acquired from yet another mail-order

house. Now, the National Rifle Association wants to gut the 1968 Act through passage of the McClure-Volkmer Gun Decontrol Bill (S. 914 and H.R. 2420). This bill would lift the prohibition on mailorder sales and again allow easy access to firearms by criminals and would-be as-

GREETINGS:

Many of our citizens are becoming aware of the increasing need for the proper care of the spine and the resulting problems encountered without this care.

The Texas Chiropractic Association desires to help solve these problems and its members are willing to serve the citizens of Texas by offering each person a complimentary screening for problem conditions of the spine during the month of November, 1983.

Therefore, I, as Governor of Texas, do hereby designate the period of November 1-30, 1983, as Spinal Health Month in Texas, and urge all citizens to become conscious of any such problem by having a spinal check up. In official recognition whereof, I hereby affix my signature this 29th day of Aug., 1983.

> Mark White Governor of Texas

Imogene Von Struve

Imogene Von Struve, wife of Henry Clay Von Struve III, of Littleton, Colorado entered into eternal rest October 24.

She was born near Lamesa, Texas October 16, 1928. She was the daughter of the late Mr. and Mrs. W.A. Boles. Imogene was the youngest in the family of six daughters and three

Imogene attended Texas Tech when they lived here. Services were held at First Presbyterian Church at 11 a.m. Oct. 27 in Littleton. Colorado. Twenty-five relatives attended from Texas including Mrs. H.C. Von Struve of Abernathy and Pauline Cunningham of Hale Center.

Survivors are: her husband, H.C. Von Struve III: one daughter, Carol McClelland and one son, Roger Von Struve both of Denver; one granddaughter, Carra Lee McClelland of Denver: and five sisters and three brothers.

A memorial fund has been set up at First Presbyterian Church in Littleton, Colorado at 1609 W. Littleton Blvd., 80120 in memory of Imogene Von

Bobby Don Martin

Services for Bobby Don Martin, 37, of Route 4, Lubbock, were at 10 a.m. Friday in the Sanders Cha-

Burial followed in the Floydada Cemetery under the direction of Sanders Funeral Home.

He died Tuesday afternoon at Presbyterian Hospital in Dallas where he was attending a school for Southwestern Bell Telephone employees.

A native of Floydada, he moved to Lubbock in 1974. He married Marsha Roberts on May 8, 1958, in Plainview. He was a veteran of the Vietnam War and had worked for Southwestern Bell Telephone Company for

15 years. Survivors include his wife, a son, Bobby Don, Jr.; two daughters, Angelic Gale and Tristica Brook; his parents, Mr. and Mrs. Will Martin of Floydada; a brother, Jesse Marion of New Deal; and a sister, Carolyn Ann Sue of Lockney.

Pallbearers were Chris Sue, Jesse Martin, Ricky Martin, Phillip Martin, Brian Martin and Ed Jones.

Lela Louise Jones

Lela Louise Jones, 62, of Odessa died at 7 a.m. Monday, October 24, in Odessa Medical Center after a lengthy illness.

Services were set for 3 p.m. in Westside Church of Christ, Lockney, with Frank Duckworth, minister, officiatiing and Boyce Mosley assisting. Burial was in Plainview Memorial Park directed by Moore-Rose Funeral Home of Lockney.

Mrs. Jones was born in Abernathy Oct. 3, 1921 and married Ed N. Jones July 16, 1938 in Plainview. He died in 1974.

Mrs. Jones moved to Floyd County in 1937 from Abernathy. She worked in Heritage Home in Plainview two years and was a member of the Church of Christ. She was known for her hobby of making porcelain dolls.

Surviving are two sons, Nolan Jones of Odessa and Edward Jones of Lubbock; four daughters, Lela Turner, Letha Hooper and Edna Lyle, all of Odessa, and Gayle Titus of Plainview; three brothers, Elton Wylie of Lockney, Price Wylie of Plainview and Oscar Wylie of Dimmitt; four sisters, Annie Pinner of Lockney, Clydie Robertson of Dumas, Helen Bynum of Kingston, Okla. and Bessie Young of Plainveiw; and nine grandchildren.

Mario Ramos

Rosary for Mario Ramos. 47, of 2139 71st St., were recited at 8:30 p.m. in

Wesley United Methodist Church once again wishes to extend an invitation to all area artists to attend its 3rd annual "Fall Festival of Arts and Crafts".

Only a limited number of booths are available and applications will be screened. Only handmade items can be accepted. The date is Saturday Nov. 12 at the Hereford Community Center, from 9 a.m. until 6 p.m.

The booth fee is still only \$15 and applications may be obtained by contacting Mrs. Phil Coxer, 1101 Union, Hereford 79045, or call 806-364-3200. The show is unique in the fact that live entertainment is provided all day and is designed to draw in large crowds.
