

School Verdict Is Saturday

Voters in the Prairiland School District go to the polls Saturday in a special election, to decide the fate of a proposed \$750,000 bond issue which, if approved, is designed to establish a junior high school on the Prairiland High School campus and provide improvements to school facilities at Depart and Blossom.

Pattonville, Prairiland High School, Mrs. Carmine Eudy serving as election judge.

Depart, old high school building, library, Mrs. Frank Griffin election judge.

Blossom, one polling place for the bond election, that being the Blossom Elementary school, Mrs. W.O. Bonner presiding as the judge.

At Cunningham there will be one

voting location on the bond issue, the Cunningham Community Center with Mrs. Ira Taylor serving as the election judge.

The polls will be open from 7 a.m. until 7 p.m. Saturday.

The issue, if passed, would raise taxes from their current rate of 53 cents per \$100 valuation to a 80.7 cent rate if the bonds were sold at a 10 per cent rate of interest.

Prairiland Superintendent Leslie Taylor urges voters to go to the polls saying "please, get out and vote. The voters of this district have an obligation to vote and express their opinions on this matter, no matter which way they feel about the issue."

Nine absentee votes on the bond issue have been registered and the deadline for absentee voting is now past.

By NANALEE NICHOLS

This weekend we took a trip into northeastern Oklahoma to visit my grandmother. During the discussion, we mentioned going to visit David and Gwen Harbison's new baby, and how we had to find time to do that, as they are our neighbors.

Grandmother looked a little puzzled, at the word "up" since she knows it's about twenty-five good steps to the Harbison house from ours. It wasn't strange to us, since their house lies due north of ours.

That set me to thinking about not just Texas expressions, but local ones. Perhaps they vary from family to family, maybe from town to town...but here are a few.

Notice that folks go "up to Paris" run "over to Texarkana".

In Depart folks go down to Bogata or down or over to Mt. Pleasant.

Blossom folks run up to Paris too. They, and Depart people, go over to either Blossom or Depart.

Most of us go over to Dallas, but definitely down to Houston or San Antonio.

Going up north really includes most anywhere past Oklahoma and Missouri.

Going to Amarillo or Lubbock means you have to "go out" to them.

Folks also go out to California, but Washington or Oregon, or even Colorado means going up.

Oh, yes, most Cunningham residents go up to Depart or Pattonville or Paris.

The geographical expressions make a lot of sense if one applies thought to it, the curvature of the land the directions that we take are so ingrained that it is instinctive for us to use these expressions. It's that we just don't pop up and give them serious thought too often. The statements of going up, or down, or over to, are ancient, as I said "ingrained" and of fun too!

Cotton Tour Is Today

Three area farms will be visited today (Thursday) in a tour of cotton fields coordinated by the Lamar County extension service office.

The tour begins at 8:30 a.m. at the Pete McKnight farm in Cunningham, where a seven variety demonstration, on the west edge of Cunningham, will be inspected.

The second stop, according to Lamar County Agent Paul Payne, will be at the Buddy and Leslie Taylor farm for a look at the Texas Agricultural Experiment Station variety trials.

The third and final stop will be at the Lawrence Wood farm, about two miles east of Depart on the south side of Hwy. 271.

Participating in the cotton tour will be Dr. James Robinson and Dr. Mike Schuster, both of Texas A&M University, and Billy Coker, cotton demonstration aide.

All interested cotton farmers and other interested persons are invited to join the tour, Payne says.

Patriots' Rugged Wall Of Defense

RIVERCREST Halfback Randy Galloway appears about to be swamped by a deluge of Prairiland tacklers as he tries to locate running space against the wall of Patriots in

this first half action in the Friday night football opener. Among the Patriots are William Newman (70), Garry Johnston (72) and Nelson Hevron (41), who is closing in on

Galloway. The staunch Patriot defense was at its best in the second period when it stopped Rivercrest after the Rebels had first and goal on the Patriot 3.

Matheidas, Kelsey Also Win...

Van Deaver Is First Grid Contest Winner

Entries were few, misses were many, but James Van Deaver of Depart came up with the fewest misses and \$12 first place money in the opening round of The News-Times weekly football guessing contest.

Two Bogata contestants, Brad Matheidas and Joe T. Kelsey, claimed the \$7 and \$5 second and third place money respectively, although Kelsey was first involved in a three-way tie for third money.

Van Deaver was all by his lonesome with the fewest mistakes, missing the winner on nine of the 26 contest games. There were supposed to be 28 games, but the Boston College-Clemson and North Carolina-Vanderbilt games were listed in error and did not count in the contest.

Matheidas was just one step behind Van Deaver as he finished with 10 wrongs, to win the \$7 second money prize.

Kelsey joined Tim Wood of Bogata and R.W. Baird, Route 1, Bogata, in a three-way deadlock for third place, each with 11 mistakes.

The tie was quickly broken in going to the contest tie-breaker game, the Rivercrest-Prairiland game which was won by Rivercrest 14-8. Kelsey was the only one of the trio to figure Rivercrest would win; so, he takes

down the \$5 third place loot.

The prize winners can pick-up their money, starting Thursday, with Van Deaver's award being at the Depart Times office and the prize for Matheidas and Kelsey being available at the Bogata News office.

The entry deadline is 5 p.m. this Friday, unless mailed, with the entries to be deposited at either The Bogata News office or the Depart Times office. Both offices will be open until the Friday deadline.

If mailed, the entries must be mailed in time to arrive with the Saturday morning mail. Mail entries can be sent to either The Depart Times, Box 98, Depart, Tx. 75435; or The Bogata News, Box 306, Bogata, Tex. 75417.

Contestants are reminded to read the rules on the contest page and to be sure to mark their choice of victor of the game in each of the ads on the contest; or to mark a "T" across it if they think the game will end in a tie. Three contestants failed to mark all of the games on their page last week, resulting in a "wrong" mark.

As stated in the rules, contestants are not to guess the score on any of the

Aim To Halt 12-Game Skid....

Patriots In Homecoming

The Prairiland Patriots will take on the Wolfe City Wolves Friday night with hopes high for a homecoming victory.

Coach Chet James says "Homecoming should help a lot. We've looked at the films of Wolfe City, and of ourselves against Rivercrest. We know what we have to do to win, now we have to do it."

The Harris rating system has the Patriots with a three point favorite over the 16-AA Wolves. Wolfe City won last year's match 18-13.

The Pats have now dropped 12 straight games, but look much stronger and better than they have in several years.

The Wolves have lost only 9 games in the past 4 years, but are still picked as fifth best in their 8-team district.

James says of the Wolves "it's kind of like looking at ourselves. They have basically the same offensive and defensive type of moves, a lot of returning starters, and good speed."

Concerning last week's game against Rivercrest the Pat's coach says "We haven't dropped the ball like that for three weeks. I really think we were a little too tense, and we're going to be more aggressive from now on. We feel that we can move the ball against the Wolfe City boys, and eliminate the mistakes of last week". The Patriots dropped the game against Rivercrest 14-8.

James rates the Wolves about the same as Rivercrest's Rebs in talent, and says that the Prairiland football team had a great Monday workout and are looking good.

New Cable Owners Plan New Services

New owners of Arena Cablevision of Blossom say addition TV cable services and channels will become available to cable customers in the Depart, Bogata, Detroit, Blossom and Reno areas within the "very near

future".

"We are already finalizing plans to add some new satellite services and expect to let contracts for installation of the necessary earth station receivers within a few days," says Roy Faubion, vice president of the Tyler-based Chaney Communications.

Announcement of the sale of Arena to the Chaney firm was confirmed last week by Faubion and Ted Taylor, vice president of Daniels & Associates, Inc., of Denver, Colo. Daniels is reported to be the leading investment banking company serving the cable communications industry, and represented Arena in the sale.

The present 12-channel Arena Cablevision system serves 1,650 basic subscribers in the five communities.

Faubion told The News-Times that (CABLE, Page 8)

Jail Bond Election Saturday

Citizens of the Prairiland School District, who are registered as voters, will have a double opportunity to exercise their right and privilege of voting this Saturday.

In addition to the school bond issue for the Prairiland district, a special countywide election is also on the Saturday agenda, this one for a proposed \$1.8-million bond issue which, if approved, would provide funds for a new Lamar County jail.

Voting boxes on the jail bond issue, with the local school district, are for the most part in the same location and with some of the same election judges as the school election. Blossom, however, will have two ballot (See JAIL, Page 8)

Band Drive Is Underway

The Beginning Band Drive for the Prairiland Band will be held Sept. 11 at 10:00 a.m. in the Prairiland cafeteria.

It is very important that parents and children interested in their child performing in the band being formed now attend.

Dave Clark, newly acquired band director, has given the 6th, 7th, and 8th grade students a music guidance survey to measure each child's natural ability. Out of the 286 children that took the survey, 120 expressed the desire to learn an instrument.

During the meeting Saturday Clark will perform a short selection on each instrument and will give pertinent information regarding physical requirements necessary for the successful venture of learning a musical instrument.

Two music instrument dealers will be at the meeting to show their brands and explain the terms of their rental-purchase plans.

Questions and answers will be available at this meeting, and anyone that cannot attend the meeting may call Clark at the Prairiland High School for information.

The Tale Of The O-R-T

By NANALEE NICHOLS
The notes and articles that I have on the old O-R-T and it's later replacement, the Paris and Mt. Pleasant, are pretty faded.

When they were written the Paris and Mt. Pleasant was still in operation, and one of the facts brought to light was that the motor-powered passenger car left Mt. Pleasant in the morning and arrived at Paris before noon, then returned to Mt. Pleasant again that afternoon.

The car stopped and picked up mail from all the post offices along the line, Talco, Bogata, Depart, Pattonville, all the small communities' mail service was helped along by the P & MP.

Passengers without autos could go to the "big city" (Paris) for shopping, or perhaps they just wanted to visit relatives somewhere along the line. The fares weren't specified, but they were low.

I can barely remember when the railroad was in operation myself. It ran right in front of the house, and was as common a part of living as breathing.

Several times I can recall being hauled along to the little depot at

Depart, which was not very fancy, to pick up packages ordered. At that time all passenger service had been discontinued.

The whistle at night made an impression on my childhood. Apparently almost anyone who ever heard the sound of a train mournfully passing through the night remembers it.

Old-timers say that steam train whistles sounded twice as mournful and sad at night as they moved across the countryside.

Well, the last whistle on the O-R-T sounded some seventy years ago, and it's been almost thirty since the last blast from the longer-lived, better run Paris and Mt. Pleasant. But no matter how long it's been, there seem to be plenty of folks that recall it all!

Thanks to each and every one who contributed information about the O-R-T or P&MP.

The train stories are done now, the tales are all told, and the only thing left of even the P&MP is a slight rise in ground here and there, or a red streak where the gravel roadbed has been incorporated into black soil of some field near Hwy. 271.

In Football Season Opener....

Rebels Nip Late Patriot Rally; Win 14-8

By BERT WEST

A costly nonsense penalty, followed by Bradley Moore's pass theft with 1:53 seconds left in the game, killed off a surging Prairiland rally and helped the Rivercrest Rebels salt away a 14-8 win over the visiting Patriots in the football opener for both teams Friday night.

It was the first opening night win for Rivercrest since 1974 while the Patriots went down to their 12th consecutive defeat. It was also the District 17-AA Rebel' fourth straight win over the 13-AAA Patriots.

The game was played in three exciting chapters. The first half was a scoreless stand-off between the Rebels' sputtering offense and Prairiland's staunch defense. Three times in the first half, the Patriots turned back the Rebs after the latter had struck within 12 yards or closer of TD land, including one tremendous goal line stand after Rivercrest had first down on the 3.

The Rebels got things perking offensively and defensively in the third period to erupt for a 14-0 lead, only to have the scrappy Patriots come up with a final quarter rally that had everything going their way until the costly penalty then Moore's interception.

In the climatic second half, the Rebs took the pighide the first time they had possession and powered by the running of Randy Galloway stormed 68 yards in 8 plays (actually it was 83 yards since the Rebs had a 15-yard violation fine) to take a 6-0 lead.

Galloway, 145-pound junior half-back, carried the ball five times for 70 of those 83 yards, including a 32-yard blast that carried him to the 4 before he was hauled down by Prairiland's William Newman. On the next play Galloway slashed through his left side and fell across the goal.

Steve Stephenson's kick for the extra point was blocked by Chris Spann, but the Rebs had a 6-0 jump with 4:32 left in the third.

About three minutes later, Rivercrest was back with the eventual winning score--this time with 130-pound junior linebacker Bobby Wisinger shooting through to pick off a Todd Davis pass and zipped 22 yards for the TD. John Hines romped around his left side for the 2-point dessert and the Rebs appeared to have route the Patriots with a 14-0 lead and 1:25 left in the third.

The Patriots, however, were making a determined effort at shaking loose from their losing ways and refused to toss in the towel. After an exchange of punts, the Pats switched from their unsuccessful air show to turning Ronald Nichols and Dennis Rhodes loose on the ground.

Behind some hole-clearing blocks for the 160-pound Nichols and the 170-pound sophomore Rhodes, the Patriots suddenly took over the game's momentum as they marched 75 yards in 21 plays to score. A fourth down pass interference call against Rivercrest was a big help for Prairiland then Nichols completed the drive when he dove over from less than 2 yards out.

Quarterback Davis circled his right side unimpeded for the 2 extra points and the Patriots had closed to within 14-8 with 2:22 left.

The momentum stayed with the rallying Patriots on the ensuing on-side kickoff as the Rebs fumbled the bounding pighide and Jeff Ballard pounced on it for Prairiland at the Rebel 43.

That was Prairiland's last good deed of the night. On the first play, Nichols slammed for four yards, but a personal foul by an emotionally too-high Patriot, completely away from the play, cost the Pats back to their 46. On the next play, Moore had his pass interception and 53-yard runback to Prairiland's 17, securing the Rebel victory.

The game had started as though the smaller but speedier Rebels were going to blow Prairiland out of the pasture. The first time Rivercrest had the ball, Galloway, Larry Davis and Greg Russell alternated at carrying the ball 45 yards in 5 plays to the Patriot 12. The Rebs did make it to the 9, but on fourth down Spann pulled Galloway down from behind at the 11 to halt that bid.

Rivercrest had its second op-

portunity early in the the second period when Hines broke loose for 29 yards to a first down on the Patriot 12. This bid ended three plays later when junior quarterback Kelly Jeffery, who went all the way for the Rebs, tried his first aerial of the season and it was promptly intercepted in the endzone by the Patriot's Darrin Gifford.

Minutes later the Rebs were back to try again. On the third play after Gifford's interception, Ballard fumbled the ball when he was clobbered after catching a 14-yard pass from Davis and Wisinger claimed possession for Rivercrest on the Patriot 32.

From the 32, Galloway and Davis led the Rebels to a first down on the Patriot 3 in five plays--but this was where 145-pound linebacker Nelson Hevron and 220-pound Dennis Bedford charged up the Patriot defense.

On the first Reb play from 3, Hevron dropped Davis back on the 5. Next, Bedford crushed Hines to the turf back on the 6; and then it was Hevron again coming through to dump Hines at the 7. After that, Jeffrey's fourth pass went astray and Prairiland fans were cheering the defensive unit.

The Pats took over on their 7 with 2:28 left and Davis finally got on target with his passing and completed three straight, but time ran out as the Patriots crossed the midfield stripe.

For the game, Davis managed to complete only 7 of 26 passes and had three interceptions. He missed on his final 9 aeriels of the game, with two of them intercepted. However, on two occasions, the Patriot receiver fumbled the ball to Rivercrest after catching a Davis pass.

The Rebels gained all 242 yards on the ground, in 50 carries. Galloway led the way with 134 yards in 21 carries for a 6.4 average. Davis netted 56 yards in 11 carried, while Hines had 48 in 8; Russell, 13 in 4 and Richard Winkler 2 for 2. Jeffery was nailed for a loss of 8 on 3 keepers and James lost 3 in his one carry.

The Patriots, who had only 8 running plays in the first half for 26 yards, finished with 115 yards in 33 scrimmage runs. Nichols was the top Patriot gainer with 68 yards in 17 carries, while Rhodes had 20 for 6; Davis, 19 for 6 and Hevron carried 4 ytimes for 8 yards.

In pass catching, Ballard snagged 4 of Davis' aeriels for 45 yards. Nichols caught a pair but had a plus of only one yard, while Chuck Ray caught one for 22 yards.

Wisinger, Moore and Hines each a pass interception for Rivercrest with Wisinger and an unidentified teammate also grabbing Patriot fumbles.

GENEALOGY BEGINS WITH U

Presistence Key To Genealogy Search

By Michael Cunningham

Successful genealogical research begins with you. Over the past 12 weeks we have discussed some of the general principles of genealogy. This lesson we will discuss the last and greatest of all the principles of genealogical research "Persistence."

The difference between the successful and unsuccessful genealogist is their persistency. Everyone of your families will start and progress differently.

If you will apply all the principles we discuss, (organization, writing letters, census records, church records, letters to newspapers, research pre 1750, location and maps, library research and overseas research) you should be successful.

Your persistency in applying these principles along with your knowledge that you have obtained will determine how successful you will be.

All future articles will be directed describing each and every one of your questions. If you want to know anything about genealogy or if you have a particular problem on your research and you would like some help, please write.

ANCESTOR LINE
1. The Wood-Woods Family Magazine is dedicated to the publication of genealogical material on the family in America and the British Isles. Not just one branch, but data on all families by the name is included.

Publications began in January, 1973. Such records as Revolutionary War Pension Applications, Index to the War of 1812 Pensioners, etc. in past issues.

Other records include census, deed abstracts, wills, estate settlements, family records, biographical sketches from old newspapers and histories and other misc. data. A section on inquiries is included in each issue.

I strongly recommend this publication to everyone interested in these families (Wood-Woods). To obtain more information, contact: Wood Family Magazine, Mrs. Charles C. Alexander, 903 Myers Ave., Columbia, Tenn. 38401.

2. Are you interested in researching the Rainey family? If so, you must contact Rachel Rainey, Box 7, Walnut Ridge, Ark. 72476. She is the editor of the Rainey Times, a quarterly publication that devotes its entire 40 pages to information on the Rainey surname. It is an excellent source of information on this family.

3. If you have any questions about a family in your own genealogy research effort, write to Michael Cunningham, care of either The Deport Times, Box 98, Deport Tex. 75435; or The Bogata News, Box 306, Bogata, Tex. 75417. If your question involves a family name from another town or state, we can have the inquiry included in one of our columns published in a newspaper in that area.

Energy Management . . . A Houseful Of Savings!

Save energy all around your home with wise energy management tips like these:

In Your Laundry Room: Wash only full loads, using cold water whenever possible. Dry full loads, but avoid overloading, overdrying.

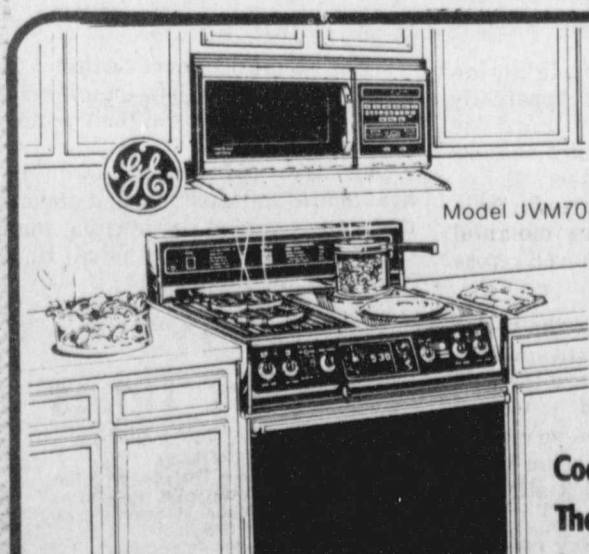

In Your Living Room: Keep light-color, thermal drapes closed to reflect sunlight and heat. Set thermostat at 78° in summer, 68° in winter.

In Your Kitchen: Keep your refrigerator/freezer defrosted, make sure door seals are tight. Run dishwasher when full, let dishes air dry.

VOTE AGAINST THE PRAIRILAND SCHOOL BOND ISSUE SEPT. 11

There ARE more economical and better ways to provide good schools for our children!

(1.) The proposed bond election, if passed, would result in a minimum tax increase of 50.9 percent or a maximum of 56.6 percent. With current economic conditions, can the public afford an increase of from 53 cents per \$100 valuation to a MINIMUM of 80.7 cents per \$100 valuation?

(2.) The bond election, if passed, would result in two communities, Blossom and Deport, losing two school grades each, which would be moved to the Prairiland campus at Pattonville. Do the citizens of these towns REALLY want to see this?

(3.) There ARE alternate ways of

upgrading the older buildings at Blossom and Deport, which would result in good education facilities. These are: If this bond issue fails there are limited funds available with which to begin renovation on the Deport and Blossom schools IMMEDIATELY.

The school has stated that it has from \$60,000 to \$70,000 already committed to add to the \$750,000 bond issue.

The district does have funds in reserve, which could possibly be used if necessary.

WE DO want to see our children provided with good, comfortable educational facilities...but NOT at the

price of a HUGE TAX INCREASE, when there are cheaper methods available which would not take two grades of youngsters from the Blossom and Deport campuses.

We do not feel that this would be the end to this situation...the possibility of moving more grades to Prairiland will still exist...it has been stated that future school boards could move whatever grades they saw fit to whatever location they pleased.

The majority of voters believe that the original agreement at consolidation was that only the high school would be located at Pattonville and that the Deport and Blossom campuses would contain grades Kindergarten through 8th.

Consider these facts and vote AGAINST the Prairiland Bond Issue of Saturday!

Survivors include a brother, Jim "Boots" Roberts of Bogata; a sister, Mrs. Willie Rector of Paris; and a half-brother, Paul Ed Pyles of Bogata.

Pallbearers were Drue Pirtle, Willie Lee, Edwin Lee, Harvey Jean, Donald Jean and Timmie Daniels.

AMA Journal finds no evidence of toxicity from polyurethane foam insulation in homes

An article in the respected and influential *Journal of the American Medical Association* reported no evidence of toxicity problems in homes insulated with fully-cured polyurethane, and disclosed additional evidence for toxic reactions among occupants of homes insulated with urea formaldehyde foam.

Writing in the January 16, 1981, edition of the *Journal*, Drs. John C. Harris, Barry H. Rumack, and Franklin D. Aldrich, of the University of Colorado Health Sciences Center School of Medicine acknowledged that publicity over the possible toxicity of urea formaldehyde has created confusion among physicians, their patients, and others about the health effects of polyurethane foam. According to the authors, the Rocky Mountain Poison Center, Denver, received "numerous calls regarding polyurethane foam"

following publicity about evidence for toxic effects from urea formaldehyde.

Following a discussion of the uses of polyurethane foam and a reference to its high R value making the material increasingly popular, the authors emphasized the complete lack of toxic problems associated with polyurethane.

"A fully-cured polyurethane foam contains no residual isocyanate or polyon, and, in contrast to the urea formaldehyde foams, presents no problems of bleed-off toxic products," they wrote. "There is no evidence of toxicity in occupants of homes insulated with fully-cured polyurethane."

The research which led to the article was based on a survey of health problems experienced by occupants of urea formaldehyde-insulated homes who lodged complaints with the Rocky Mountain Poison Control Center.

Among the symptoms most frequently reported were breathing difficulty, persistent headaches, nasal inflammation, eye irritation, persistent coughing, and frequent "colds."

The authors also discussed toxicity of the materials during combustion. They cited a Canadian study that determined "rigid polyurethane foam created about the same degree of toxic fire hazard as white pine," one of the most common building materials. The combustion products of urea formaldehyde foam, on the other hand, were rated "approximately three times more toxic than those of (white pine or polyurethane)."

Long-term consequences of domestic formaldehyde exposure are still uncertain, according to the authors. They noted that in-depth studies in this area are urgently needed.

MR. & MRS. CURTIS MANTOOTH, JR.

Watkins-Mantooth Exchange Vows

Miss Theda Watkins became the bride of Curtis Mantooth, Jr. in a Double-Ring ceremony on Aug. 27 at the House of Prayer in Deport.

Rev. Sudy Mae Nichols officiated. The bride is the daughter of Mr. and Mrs. Johnny Watkins of Deport and the bridegroom's parents are Mr. and Mrs. Curtis Mantooth of Deport.

Pat Evers played the wedding march and played as Kay Peek sang "You Light Up My Life".

The bride was escorted to the altar and by her father and given in marriage by her parents. She carried a bouquet of white carnations with blue ribbons.

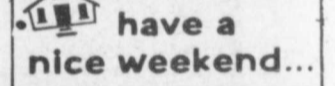

Carol Watkins, sister of the bride, was Maid of Honor and Benita Mantooth, sister

of the groom served as bridesmaid. Fay Watkins, sister of the bride and Kristi Mantooth, sister of the groom were flower girls. Morris Weddle was best man.

The groom's parents were hosts for a reception at their home following the ceremony.

The bride is attending school at Prairieland High School and the groom is employed at Flex-O-Lite in Paris.

The couple are making their home in Deport.

PUBLIC NOTICE
BRIEF EXPLANATORY STATEMENTS OF PROPOSED
CONSTITUTIONAL AMENDMENTS
GENERAL ELECTION
NOVEMBER 2, 1982

PROPOSITION NO. 1 ON THE BALLOT

House Joint Resolution 1 proposes a constitutional amendment that prohibits any state ad valorem tax. Receipts from previously authorized state ad valorem taxes that are collected after the effective date of the proposed amendment shall be deposited to the credit of the general fund of the county collecting the taxes and may be expended for county purposes. Taxes collected before that date shall be distributed by the legislature among educational institutions eligible to receive those funds under prior law. The proposed amendment also repeals a section of the Constitution levying an ad valorem tax for a construction fund for 17 state colleges and universities.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment repealing the state property tax."

PROPOSITION NO. 2 ON THE BALLOT

House Joint Resolution 62 as amended by Senate Joint Resolution 10 proposes a constitutional amendment that would eliminate the \$80,000,000 ceiling on state welfare aid during any fiscal year.

The amendment would set the state welfare spending limit at \$160,000,000 for the 1982-1983 biennium.

The amendment further provides that, for each subsequent biennium, the maximum amount spent for state welfare shall not exceed one percent of the state budget.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to provide assistance through the appropriations process to needy persons and to place a ceiling on payments for needy dependent children at one percent of the state budget."

PROPOSITION NO. 3 ON THE BALLOT

Senate Joint Resolution 8 proposes a constitutional amendment that would exempt machinery and equipment used in the production of farm and ranch products from taxation. No dollar limits would be imposed and the exemption would apply to corporations and partnerships as well as to families and individuals.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment exempting implements of husbandry (agricultural machinery and equipment) from ad valorem taxation."

PROPOSITION NO. 4 ON THE BALLOT

House Joint Resolution 77 proposes a constitutional amendment that would authorize the Legislature to set a four year maximum term of office for board members of certain water districts and conservation and reclamation districts.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing the Legislature to provide terms not to exceed four years for members of governing boards of certain water districts and conservation and reclamation districts."

PROPOSITION NO. 5 ON THE BALLOT

House Joint Resolution 119 proposes a constitutional amendment that would authorize Tarrant and Bee counties to hold county-wide elections to abolish the county treasurer's office by majority vote.

Should the county treasurer's office be abolished, the duties, powers, and functions of that office would be transferred to the county auditor or the successor to the auditor's functions.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to abolish the office of county treasurer in Tarrant and Bee counties."

PROPOSITION NO. 6 ON THE BALLOT

Senate Joint Resolution 6 proposes a constitutional amendment that would raise the constitutional interest rate limit on state general obligation bonds from 6% to 12%. The new 12% ceiling does not, however, apply to bonds issued by the Veterans' Land Board.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment increasing the maximum interest rate allowed on state general obligation bonds to a weighted average annual interest rate of 12%."

Homecoming Nominees Involved In School Activities

The Prairiland Homecoming Queen for 1982-83 will be crowned at half-time Friday night when the Prairiland Patriots play the Wolfe City Wolves. The new queen will be crowned by last year's queen, Kristi Parsons.

Nominees for this year are: Kristi Pomroy, daughter of

Mr. and Mrs. Bobby Pomroy of Clardy. Kristi has been a Junior Varsity Cheerleader her freshman year, treasurer of her class both freshman and sophomore year, class favorite sophomore and junior year, student council representative member of FHA for four years, member

of the Beta Club for four years, member of the math and science club for 2 years and is a member of the Bethel Baptist Church in Clardy.

Linda Musgrove is the daughter of Mr. and Mrs. Virgel Duncan of Blossom and the wife of Stacy Musgrove. The couple live in

Cunningham. She has been 4th vice president of FHA for three years, a member of the choral club for 4 years, secretary of the junior class, member of FHA for 3 years, class favorite of the junior class, member of the Life Tabernacle Church of Cunningham, on the FFA Talent Team for 2 years and

a member of FFA for 2 years.

Gina Malone, daughter of Mr. and Mrs. Frank Malone of Taylortown, has been council delegate of 4-H for 2 years, County 4-H Council Chairman, District 4-H Council Secretary, Prairiland 4-H vice president, junior class treasurer, Junior class favorite, in the Beta Club for 3 years, in FFA for 2 years and FHA for 4, a member of the Math and Science Club for 4 years, Lamar County Junior Livestock Show Queen in the 10th grade, FFA Sweetheart her junior year, Student Council Secretary and attended Texas Girl's State.

Laura McIntire was a Junior varsity cheerleader, and varsity cheerleader her sophomore, junior and senior year, president of the freshman class, class favorite freshmen, sophomore and junior years, on the student council as a sophomore, FHA 1 year, a Beta Club member for 4 years, vice president of her junior class, member of the Math and Science Club, valentine sweetheart freshman and junior years, Choral club reporter, and annual staff editor. Laura is a member of the Ramseur Baptist Church in Paris and the daughter of Wylie and Norma McIntire.

Meet 2 Patriots

AMONG THE Prairiland Patriots with top drawer performances against Rivercrest last Friday were linebacker Nelson Hevron and halfback Ronald Nichols. Hevron, a 5-9, 150-pound senior, was a defensive sparkle for the Patriots and on three occasions dropped the Rebel ball carrier behind the line of scrimmage. He is the son

of Mr. and Mrs. Don Hevron, Route 3, Paris. Nichols, a 5-10 1/2-160 pound senior, was the Patriots' leading ball carrier with 68 yards in 17 carries and scored Prairiland's first TD of the season. He is the son of Mr. and Mrs. Paul Nichols of Deport.

The Way We Were

By NANALEE NICHOLS
The Deport Times
74 YEARS AGO
Sept. 4, 1914

The meeting to decide on whether or not to build a cotton warehouse in Deport had a turn-out of over 200 men. It was definitely decided to build the warehouse on the railroad tracks in Deport, and subscriptions of \$1,300 were pledged. The tin warehouse was to store 1000 bales of cotton.

30 YEARS AGO

Sept. 4, 1952
The city officials of Deport had warned "hotrodders" that they must tone down their operations in Deport. It was announced that the reckless driving on Main Street and the business loop would be stopped as "Deport is not a speedway".

Peggy and Fredia Sparks of Pattonville had been top winners at the 4-H textile division at the Lamar District Fair.

20 YEARS AGO

Sept. 6, 1962
Deport school enrollment was up to 208 students, 8 more than the previous year. Fifty-five had signed up for high school with 153 in elementary school.

Over six inches of rain had relieved parched gardens and pastures, but had slowed the cotton harvest down for awhile.

A new type of car inspection sticker, which had its own adhesive and used no water, was going to be tried out in the state.

A coke party hosted by Marilyn, Betsy and David Glover at their home in Deport (The D.E. Glovers) had honored 3 visitors from out of town. Triss Evans, Mary Ann Ball and Ellen Talley were grandchildren of Deport residents.

R.E. Nobles Grocery had potatoes for 35 cents for ten pounds, FAB detergent for 59 cents, cream meal for 5 lbs. for 39 cents and Instant Coffee 10 ozs. for \$1.29.

Ramblin Round

By BERT WEST

There seems to have been some incorrect information in Lamar County about the requirement of persons "to file their intentions" as to whether they are going to spend money for or against either the county jail bond issue or the Prairiland school bond issue, or both.

The two issues come up for a voter verdict this Saturday and both have developed into somewhat heated discussion points among proponents and opponents.

Lamar County Clerk Margaret Coplin was quoted as saying the statewide Campaign Reporting and Disclosure Act required the filing of intentions by both individuals and groups, as to whether they were going to spend money to campaign for or against an election issue, and that the filing had to be done before any money was spent.

This struck us as being highly unconstitutional—to tell someone he couldn't speak out against or for something, without first (or later for that matter) registering his intention on some governmental piece of paper. So, we contacted the Texas Press Association, which had obtained a ruling earlier on the Disclosure Act from the Secretary of State's office, the ruling body on election laws and procedures in Texas.

Filing of intentions by individuals or a couple, such as Mr. and Mrs. John Doe, is not required, the TPA says.

Filing of intentions is required only by political action groups or committees, such as those that may sign their ads with such titles as "Friends of—", "Citizens for—", etc.

Apparently, there are not too many so-called football armchair quarterbacks, men or women, in the area who are willing to go public with their predictions on football games.

In the more than 20 years of running weekly football contests identical to one being published in the News-Times papers and including one in a community much smaller than the area served by these newspapers, last week's contest came up with the fewest entries in any of our contests.

The absence of adult contestants was the most glaring. Even with cash money on the prize line.

We always figured any Aggie, Baylor or SMU fan and-or graduate was most vocal in being an authority on football games, along with Cowboy and UT devotees, and enjoyed proving it in guessing contests.

We can understand why the Aggies are silent, but perhaps some of the others will come forth with their calculated predictions this week, along with more of the women folk.

an outline of the planned additional services will be given cable subscribers within the next week.

"We believe our customers will be pleased with the expanded services that we'll make available," he said, but declined to elaborate on what the services will be.

Faubion says Wayland and Sandra Ayers will continue to work for the system with the new owners. The Ayers were managers of the system under the previous owner.

Deadline Nears For Insurance On Wheat

Sept. 15 is the last date on which applications will be accepted for All-Risk insurance policies on 1983-crop wheat.

amount of insurance in force will be a record high. "One major reason," Crouch notes, "is the continuing increase in crop production costs.

All-Risk Crop Insurance Field Operations Director F.W. "Ted" Crouch, Jr. says that a list of local agents who offer the insurance can be obtained by contacting the county ASCS office.

"Another reason," the insurance official contends, "is the reduced cost of purchasing insurance." The federal government, in an effort to encourage participation in the program, pays up to 30 per cent of the cost of the protection.

Crouch says that the number of applications received to date and the interest expressed by wheat growers suggests that the
