There was something really scary...and sad...about Halloween this year. For the first time ever it was entirely too quiet!

The constant reports and warnings of poisoning, sharp objects, and various other things found in trick or treat candy cut down on the number of youngsters whose parents allowed them to go door to door and justifiably so.

People having a usual 100 spooks and goblins on Halloween night report only 20 or 30 of the little creatures came begging.

For those of us in small communities one of the most treasured parts of our lives has always been the feeling of safety and confidence that children were free from fears such as found in larger metropolitan areas...now it seems that we are no longer immune.

Block parties and church or organization sponsored carnivals and "spook" houses are part of the answer, but it still seems a shame for youngsters to not feel free to go from house to house.

Perhaps the answer might also be found partly in the kinds of treats houses hand out.

Although it is impossible to completely protect children, handing out pencils, small change, erasers, inexpensive coloring books, or other trinkets that aren't edible might help minimize parents and children's fears. The cost would not be any higher, and it might save a few cavities too!

The sight of children asking fearfully "are you sure this candy doesn't have something in it" is disturbing.

The insecurity they feel shouldn't become a part of their lives.

Hopefully communities can work together to provide safe Halloween eyes for their most precious resource...children...and not have to see the pleasant fall festival become a dying tradition.

Next year let's all work a little harder...and try to alleviate dangers so that kids can still have fun without fear!

Girls, Boys, Run Their Way To Championship

Prairiland Captures Cross Country Titles

Take a damp, muggy day, a group of boys who have never run cross-country track until this year, and group of girls who have run cross-country track for only a year longer than the boys, and what do you get out of a district meet? Cross-country District Champs! That was the result when Prairiland's boys and girls cross country teams competed last Saturday against the other teams in District 13-AAA.

Coach Rita Salter explains that one reason the girls do so well is because they "all come in together, as a group, and usually well to the front of the pack".

The boys, four of whom

girls running at 10 a.m. and the boys at 10:30.

Coaches Rita Salter and Ronnie Baker will accompany the teams. Training for cross country, according to the coaches, is mostly up to the runners themselves. They are, almost literally, taken out in the country "kicked out" and must pace themselves to run in order to get in top physical condition for the gruelling 2 or 3 mile run.

DISTRICT WINNERS- The girls and boys cross country track teams captured the District 13-AAA championship last Saturday, and are on their way to regional this

Saturday. From left, back row are: Paul Lyles, Phil Graves, Chuck Ray, Jon King, David Edwards, Coach Ronnie Baker. Middle row: Coach Rita Salter, Ronya Burdine.

White Upsets Clements

Few Local Offices Contested, Voter Turnout Up Slightly

After a fairly heavy voter turnout on a state and local level several expected, and some unexpected election results are in.

Mark White, the Democratic underdog in the governor's race, defeated incumbent Republican Bill Clements in a neck-and-neck contest that finally gave White an approximate 55.85 percent over 43.32 percent win.

Neither Lamar nor Red River County had a judge, clerk nor commissioners race that wasn't decided last May during the Democratic primaries. Write-in votes were few.

Lamar reported a voter turnout voting heavily in favor of Mark White. In Deport, Clements racked up 44 votes to White's 168; Rep. Sam B. Hall 190 to Traylor's 0. Senator Lloyd Bentsen 171 to Jim Collin's 41.

The South Blossom Box registers 60 votes for incumbent governor Clements, 136 for White; Sam B. Hall 158 to 1 for Traylor, and 133 for Bentsen as opposed to 60 for Collings.

North Blossom reflected a close governor's race with Clements receiving 104 to 158 for White. Bentsen 254, Collins 105; and Rep. Hall 282 against Traylor's 2.

The Total for Lamar County was, Collins 269-Bentsen 7136; Ford 18-Loret 7, leaving a decisive lead for Senator Bentsen.

The Governors race: Clements 2994, White 6946. Representative Sam B. Hall 7771, Traylor 81.

On a state-wide basis U.S. Senator Jim Collins received 39.18 percent of the vote; incumbent Democrat Lloyd Bentsen 60 percent.

In the Lieutenant Governor race, George Strake, R. received 37.95 percent of the vote while William Hobby, D. received 61.07 percent.

Clardy Woman Killed In Accident

Gertrude Kennedy, Rt. 1, Pattonville, was killed Sunday night when she was struck by an automobile while attempting to cross the road, according to Sgt. John

Hanna of the Texas Department of Public Safety.

Mrs. Kennedy, who lived across the road from the Bethel Baptist Church, was

leaving services at the church when she was struck by a 1982 Pontiac driven by James Harvey McCluer of Bogata. McCluer was rounding a curve and did not see Mrs. Kennedy in time to keep from hitting her. There were several witnesses to the accident.

Neither McCluer, nor a passenger in the car were injured, but McCluer had to be taken to St. Joseph's Hospital for treatment of shock after the accident.

Mrs. Kennedy was pronounced dead at St. Joseph's Hospital.

An investigation into the accident is continuing.

Funeral services for Mrs. Kennedy were held Tuesday at Bright-Holland Funeral Home Chapel with Rev. L.C. Stout officiating. Burial followed in Meadowbrook Cemetery.

She was born Aug. 18, 1913, in Lamar County, a daughter of Walter Anderson and Sue Reagan. She married J.M. Kennedy on December 27, 1939 and he preceded her in death on Aug. 1, 1973.

She was a member of the Bethel Baptist Church.

Survivors include one son, James Kennedy of Clardy; one brother, W.V.T. Anderson of Clardy; three sisters, Mrs. Lillie Morgan, Mrs. Daisy White, Mrs. Rose Allen, all of Paris; three grandchildren, Lorie, Lisa and Charles Kennedy, all of Clardy.

Prairiland Patriots Cage Tigers In 26-0 Shutout

By Thomas Nichols
The taste of revenge is sweet, and the Prairiland Patriots enjoyed every moment of it as they defeated the Mt. Vernon Tigers last Friday night 26-0.

Still high from last week's win, head Coach Chet James says that even facing tough Pittsburg on the Pirate's home field this coming Friday night won't bring the boys down.

James says that "It still feels good. We did a great job offensively, especially running the ball. We got the ball off quick, and didn't have to worry about letting down in the second half." When the Red Pride took on the Tigers a few weeks ago they had them down 14-0 at the end of the half, but a let-down on the part of the Patriots led to a Mt. Vernon victory.

James quickly pointed out that at this time in the season "We're only 8 points away from playing for District Championship." He feels that the summer weight lifting program gave added strength to the team that they are reaping the benefits of now. "Last year several teams just literally ran over us...that hasn't happened this year."

To beat Pittsburg James admits that the Patriots would have to play errorless football, but that practices are going great this week.

The first quarter of last Friday's ball game gave the Tigers a chance with the ball first. Donnie Cline returned the Pat kickoff to the Mt. Vernon 34 where he was met by Jon King who took him down. Running up the middle didn't work for the Tigers as Prairiland's Barry Johnston and Dennie Bedford stopped them cold. On a 3rd and four situation QB Jimmy Loughton passed to tight end Donnie Cline for a good gain. Then Loughton ran a keeper up the middle for a 1st and 10 on the Patriots goal line. Prairiland's Nelson Hevron denied the threatening drive by recovering a fumble on

the 13 yard line, and the Tigers were never seriously in the ball game again!

The Patriots moved the ball on the ground to their 34, but were forced to punt. Brian Franks put the ball back on the Mt. Vernon 23 and the Tigers attempted to move the ball but almost immediately found themselves faced with a 4th and 12. A Prairiland penalty gave the Tigers a 1st and 10 break, but another Mt. Vernon fumble recovered by Vern Barker dashed their hopes. Then a little later Prairiland gave over the ball to Mt. Vernon. The first quarter ended with the give and take continuing, and no score for either side.

The second quarter looked much the same except for an occasional long gain from one side or the other. It seemed a defensive battle with a flash from the offenses now and then.

Mt. Vernon attempted a fruitless bid for a score and

Blocking Makes A Difference

BARRY JOHNSTON 72 and William Newman provided some awesome blocking for the ball

carrier (down on the ground) before a Mt. Vernon Tiger managed to take him out. The

the Tiger offense began to show that it was rattled.

A series of good runs from Dennis Rhodes, Todd Davis and Ronald Nichols, and a pass completion from Davis to Vern Barker brought them to the 6 yard line, and it seemed that the Tigers might be really lucky, as Prairiland gave the ball up on downs at that location. But the two teams ground out the 3rd quarter without another score.

In the final quarter of the game it seemed that Mt. Vernon had caught fumbled and penalty flu.

The Prairiland offense really fired up, and two good runs and a personal foul on a Tiger gave them a 1st and 10 on Mt. Vernon's 49.

Field leader Davis rifled a pass to Rhodes for a move to the 31. A holding call moved Prairiland back to the 45 for 2nd and 23. Again Davis

cranked up and found Nichols on the 31. Another personal foul call against Mt. Vernon gave the Pats 1st and 10 on the 19. The next play Ronald Nichols blasted through for 6 more points, then carried over the 2 point conversion, strolling across the goal line for a 14-0 lead with only 4 minutes and 33 seconds left in the game.

The smell of victory was strong and the Patriot defense seemed to have decided that they would make the evening a shut out. Nelson Hevron and Vern Barker took the Mt. Vernon bunch for a large real estate loss on the first two downs of play. Then Todd Davis intercepted a pass from QB Loughton and returned it to the Mt. Vernon 33.

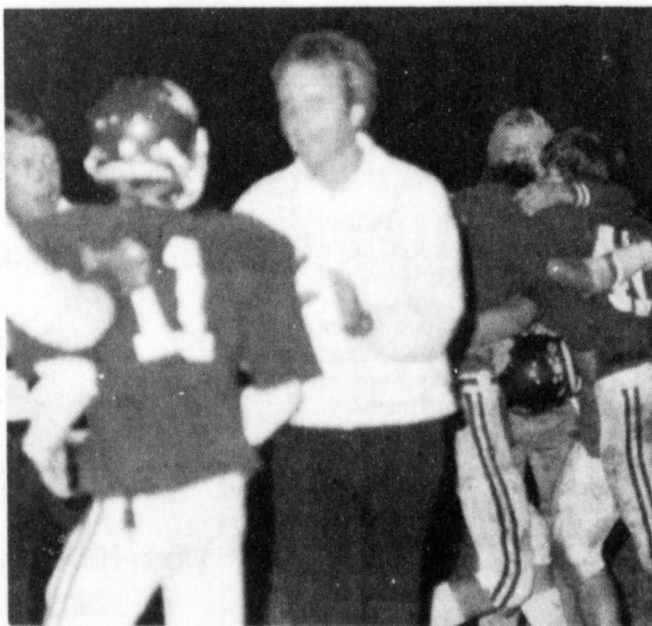

With 3 minutes and 34 seconds ticking away, Craig Gibson ate up four yards, then Dennis Rhodes made a

great dash that hit paydirt completely untouched by any Tiger defender. The extra point attempt failed, but it didn't matter much, as the Red Pride knew they had a district victory under their belts.

With 2 minutes 39 on the clock the Tigers took possession of the ball but couldn't find anywhere to go against a red hot Red Pride.

Two more personal foul penalties on an upset Mt. Vernon team didn't help much, and Prairiland took over on downs at the Mt. Vernon 12. David Edwards was quarterbacking for the Patriots by then, and after three attempts raced in for another Patriot TD that took Prairiland fans almost as much by surprise as it did the Mt. Vernon players.

The closing stanza of 26-0 felt good to the entire Prairiland bunch.

Winning Feels Soooo Right

ALL RIGHT - hugging, laughing, cheering, were the order of the evening after the Prairiland Patriots destroyed Mt. Vernon 26-0 last Friday. Head coach Chet James,

Scudder, left congratulate Brian Franks (11) while two players in the background dance and accept congratulations. (Staff Photo)

"3" Is Lucky Number

Bell, Barker, McGee Claim Football Loot

This week's football contest had some of the best guessers so far. David Bell of Bogata and Troyal Barker of Blossom each had only 3 bobbles apiece, when the average number of misses has been from five to 8. Bell, however, was awarded the first place prize money of \$12.50 as he picked Rivercrest to win over James Bowie 18-12. Barker claimed the second prize \$7 picking Rivercrest over James Bowie 13-12. No one seemed prepared for the

staggering 40-15 victory the Rebels handed out. Not far behind the first two winners was Anthony McGee of Talco, who missed 4 games and figured Rivercrest to win 22-6. Paul Lyles of Paris missed 4 games also, but had figured Rivercrest to take James Bowie at 7-0. Winners of the games were Grand Saline, Clarksville, New Diana, Paris, Ore City, Prairiland, Wolfe City, Cooper, Yale, Texas, Stanford, in a big upset,

Oklahoma, SMU, Penn State, Pittsburg, LSU, Nebraska, Southwest Texas, Paul Hewitt, Daingerfield, Alabama, Arizona, Duke, Arkansas, Tulane and Hughes Springs. Another set of games are set up for football fans to test their skills on this week, and entries can be turned in at the Bogata News Office on Main Street in Bogata, or the Deport Times office on Main in Deport. Mailed in entries must be in the Saturday morning mail, or entries hand delivered no later than Friday afternoon. There's only one more week of the exciting contest, so enter now!

Nixon Receives Pioneer Award

Pioneer Hi-Bred International, Inc., has recognized Gary Nixon of Deport, Texas, as the outstanding dealer for Pioneer brand seeds in the Central Texas Blacklands during 1981-82. To signify the honor, Nixon was presented a "D" Award from Pioneer.

"Earning a 'D' Award is not an easy task," Clarence Kerns, general sales manager for the Southwestern Division of Pioneer said. "It represents achievement way beyond the normal day-to-day routine."

"The winner of the 'D' Award is determined on a tough point system that not only includes sales achievement, but also takes into account the dealer's participation in the entire Pioneer sales program."

Because the "D" Award does include outstanding sales achievement, Nixon was also awarded a 1982 Silver Dollar Award for his sales of Pioneer seed during 1981-82. A dealer must earn a Silver Dollar Award before he is eligible to receive the "D" Award.

Nixon is one of 10 Pioneer dealers recognized this year as "D" Award winners in the Southwestern Division, which includes a network of over 600 dealers in Texas, Oklahoma and New Mexico. These dealers sell hybrid corn, hybrid sorghum, soybean, cotton, wheat and alfalfa seed.

To commemorate the "D" Award, Nixon will have his name permanently inscribed in the Sales Hall of Fame at the Southwestern Division headquarters at Plainview, Texas.

In addition to receiving the "D" Award, Nixon was also honored for five years service to farmers in his area as a Pioneer dealer. The Service Award was presented to Nixon by Benny Green, district sales manager for Pioneer in the Central Texas Blacklands.

Planning Underway For Deport Christmas Parade

The Deport Christmas Parade is getting an early start this year in the hopes of getting more and more participation and providing the best parade yet.

The event is scheduled for December 17 at 1:30 p.m., and organizers are contacting organizations at Prairiland High School, churches, grade schools, riding clubs and other places to see if they wish to enter a float, decorated car or bicycle.

First, second and third prizes will be awarded in each category and several new ideas are in the making for this year's parade.

For further information interested people or groups are urged to contact Faye LaRue at 652-2715 or Betty Rodgers at 652-6051.

PATRIOT Volley Ball Scoreboard

By Penny Edwards

Perhaps one of the "best action filled" volleyball games of the season took place Thursday Oct. 29, as the Prairiland Patriots hosted the North Lamar Panthers to an exhausting three game competition. Last Thursday could very well mark the date the best game of volleyball played this season, and perhaps the past two.

The North Lamar Panthers plowed spikes into Patriot territory, but the Patriots had their own secret weapon, Paula Jackson. With Patriots fens Marla McDowra and Lettie Watson setting abilities, provided ample opportunities for Jackson to meet the Panthers with her own version of the spike. Jackson along with team mates Vickie Bridges, Leissa Jaynes, Lettie Watson, and Kathy Withers fired serves into Panther territory, but the Panthers with their defensive and returning

ability, let very few go by untouched.

The Panthers won the first game (15-7), but the Patriots came back with a win over the Panthers (15-3) in the second game.

The third game left little to the imagination. Both teams traded point for point. Neither team could dominate the other.

With the score of the third game tied at (13-13), Shiela Daughtery, coach of the Panthers, called for a time out. When action resumed, Daughtery had substituted a fresh server from the bench. Soon the battle came to an end. The final score 15-13. Panthers were victorious. In the Patriot locker room tears were shed. One player was heard to say, "It was too close...way too close."

Coach Rita Salter commented "The girls played a good game! We've had a good season, and we're looking forwards to next year."

Footprints From The Past

By John W. Hood

With winter coming on it takes me back to the times we had when I was small and growing up out in the country.

Wood was the only thing we had between us and that cold north wind that started to blow about this season each year.

Before I was old enough to help my Dad he and one of the neighbors would spend every spare minute in the summer cutting wood and MMY Mon and sister would be busy putting up all the fruits, vegetables and jellies and jams they could. It wasn't just for good eating back then...it was a necessity.

All of those canned goods sure tasted mighty fine when winter came and there weren't any fresh vegetables to be had like there is now

We used to spend cold winter nights with the family

gathered around the fire, playing "old maids" cards or some other games to pass the time until bedtime.

Of course there was no television, and very few were affluent enough to afford a radio, so we all invented our own entertainment.

Mom or Sis one would either pop popcorn to eat while we played our games or by brother and I would nibble on it while we studied our lessons. We always hurried through the lessons as fast as we could so we could have fun instead.

Those times were times I'll never forget. Sometimes we would just sit and talk about what we had done or were going to do someday...with a good crackling fire and loved ones surrounding you...that was something special. No matter how hard that old wind blew, or how cold the rain or sleet might be, it felt good inside.

A special treat might be popcorn balls to eat, and if times were good we would have homemade candy.

Another thing that felt real good was when mom and dad included the kids in the conversation, making us feel all grown up and proud.

The safety, warmth and family bonds back then were strengthened by the lifestyle of the times...and it was a good thing that I hope youngsters today aren't missing!

In all the years lots of great things have happened to me, but I don't think anything will ever make me forget those nights listening to the folks talking, popping corn, and just plain feeling safe and dry and at Home.

Honolulu News Provides Different View Pearl Harbor Reports In Old Paper

By Nanalee Nichols
The words cause a chill to crawl up the spine as they leap out from the

yellowed page. The headline is huge, and it has only one thing to say...WAR.

Underneath is a slightly smaller headline that reads "Oahu Bombed By Japanese Planes".

The time, December 7, 1941, the newspaper, the Honolulu Star-Bulletin, the event, obviously, was the entry of the U.S. into war with Japan.

It is an event with which almost everyone is familiar...the bombing of Pearl Harbor is in every history book, and in the minds of all who can remember those days.

But the newspapers brought in by Murl Roach, in incredibly good condition, provide a look at the bombing that is personal, from a different standpoint than the history books or papers on the mainland.

Under the opening headlines it is reported that Transpacific telegraph has said that "President Roosevelt announced this morning that Japanese planes had attacked Manila and Pearl Harbor". Most Americans didn't have any idea where Pearl Harbor was, but the people of

Honolulu knew all too well.

The fear and uncertainty came through the papers, no matter how hard the journalists tried to be calm and professional.

The list of the island's dead and injured was a long way from complete, but already the column was lengthy.

Over 400 were said dead on Oahu. Blackouts were announced, and what was moveable of the U.S. Fleet was moving out to sea.

Attacks on Manila and Guam were printed.

Warnings to boil water because of contamination were run, and mainland papers carried no accounts of terrified civilians hiding from a fiery rain. There were no first hand accounts of damage to the governor's mansion, or unexploded bombs in the U.S. papers, but in the Honolulu paper there were.

The second edition ran a huge headline too... "SABOTEURS LAND HERE". Beneath that... "Britain, Australia Declare War!"

An entire page of photographs showed the devastation of naval vessels, base buildings and business areas.

Reports of Japanese submarines off the West Coast of America added to fears that a full-scale attack on the U.S. was underway.

It is an oddly eerie paper, from long ago, loaded with history that was not history then. Then it was worry, insecurity and no one knew what the outcome would be.

There was no assurance that the war would be won by the U.S., no promise of victory, only reports of what was happening...day by day, week by week while it sometimes seemed that the world was going up in smoke.

The old paper provides a fresh look at history now. For those who cannot remember that far back it is a view from outside the school books. For those who can remember it is a revival of old memories...of where...of when...but very few can ever really understand why.

Eye To Eye With The Bull....

GET BACK THERE! Casey Jeffery...he's the one with the hat...makes

his living as a rodeo clown. He has recently been selected as one of

the clowns who will work the CSRA rodeo finals in Tulsa this month. His

mom, Pat Jeffery, says...she'd just as soon he did something else!

Casey Jeffery Loves Being A Clown

By Diana Eudy

Part of Casey Jeffery's dream came true recently. The dream...being a cowboy...was fulfilled when he was selected as a clown for the CSRA Rodeo Finals.

It's considered an honor, if playing with huge, mean bulls is your thing...and the clowns are selected by the top 20 bull riders in the association who vote on ten clown nominees. The top 15 bull riders pick the top 2 clowns.

Casey, the son of Kenneth and Pat Jeffery of Bogata, will be fliriting with the big bulls and protecting the lives of bull riders at the finals in Tulsa, Oklahoma on Nov. 3, 4, 5, 6, and 7.

He says he is excited about being one of the clowns there. There will be a bull fight-off contest that pays four places. The top 6 clowns will draw a bull and have 3 minutes to "fight" it. A lot will depend on which bull a clown draws. The bulls will all be good though, as each stock producer selects his 5 best bulls for the finals.

How did Casey wind up in such a dangerous and fascinating profession?

When he was 12 he and some friends, among them Brett Davenport, Brian Harville and Monte Randolph, would go to the Bogata rodeo arena on Sunday afternoons to watch the "buck outs". When no one was looking the youngsters would slip onto an animal themselves.

Pretty soon, Casey says, rodeoing got into his blood.

He started to work for Jerald Smith of Wing Ranch Rodeo Co. He rode bulls in high school junior rodeos along with Eddie Belcher of Cuthand. Eddie has continued riding bulls...Casey found something he liked better....Dressing up and standing eye to eye with them!

He started out dressing up as a clown and passing out rodeo tickets to school children. Then Jerald started letting him fill in at junior rodeos when someone was sick.

Lone Star Specialist Pete Evans uses two balloons to explain an important home-heating message. The message is that a new high-efficiency* gas furnace can help you stretch your energy dollars.

A high-efficiency gas furnace makes a difference you can see.

The larger balloon could hold 104,000 cubic feet of natural gas; enough to heat an average home for more than a year. The smaller balloon can also hold enough natural gas to heat the same home for the same amount of time. Why the difference in size? The larger balloon represents the gas capacity you'd need to operate a gas furnace built 10 or more years ago. The smaller balloon represents the gas capacity you'd need with a new high-efficiency gas furnace.

Yes, it's quite a difference. Especially when you add up annual savings over the lifetime of the new furnace. Gas has always been your most efficient fuel. A high-efficiency furnace makes gas go even further. Call your local dealer. Tell him you'd like to stretch your energy dollars with a high-efficiency gas furnace.

*Efficiency ratings based on results of test procedures established by the Department of Energy.

Frost Can Endanger

By Paul D. Payne
FROST POSES DANGER: Cattlemen should be cautious when allowing cattle to graze Johnson Grass, Sudan or regrowth Grain Sorghum that was hit by frost this past weekend. One mouthful of this type grass can result in death to the animal.

Prussic Acid Poisoning is the name given to the malady. Symptoms include a brief period of stimulation followed by depression and paralysis. Difficult breathing and frequent convulsions result from the action of the poison on the brain centers controlling breathing.

Most cattlemen are first aware of the problem when a dead animal is found. It is not necessary for an animal to eat a belly-full of the frost damaged grass. One mouth full is all that it takes. More often than not, cattle will break out and graze the

grass along the road right-of-ways. So, the danger is present, and producers need to be alert to its presence. There is not a lot that one can do to determine if certain plants are affected. Plants can be tested but tests are not always conclusive. It tells you that the particular plants tested do or do not contain the Hydrocyanic acid (causative agent).

The best advice is to keep cattle off of pastures, fields and meadows containing one of the plants until after the hard killing frost occurs. Once the plant is killed by a frost and it cures, there should be no danger of Prussic Acid poisoning. This is about as specific as one can get.
