

# Seat Belt Law Effective September 1

Effective September 1, 1985 the Seat Belt Law will go into effect. Whether one likes it, or whether one doesn't, will no longer be a matter of concern, for the fact is, seat belts will be required on the following:

Passenger cars include light trucks with manufacturer's rated carrying

capacity of no more than 1,500 pounds.

Persons commit an offense if the person: is at least 15 years old; is riding in front seat of passenger car while it is operated on a road, street or highway of this state; or occupying a seat that is equipped with a seat

belt; is not secured by a seat belt.

A person commits an offense if the person: operates on a road, street or highway in this state a passenger car that is equipped with safety belts; and, allows a child at least four years but less than 15 years old to ride in the front seat of the vehicle to be secured

by a seat belt.

A passenger car is deemed to be equipped with seat belts. If vehicle came from factory with seat belt anchors or belt holds it must have safety belts.  
Penalty: Punishment by fine of \$25.00 and not more than \$50.00.

Exemptions: The law does not apply to persons who possess a written statement from a licensed physician stating that for medical reasons the person is unable to wear a seat belt. It is a defense if person presents a doctor's statement not later than the 10th day after the offense.

The law does not apply to U.S. postal workers while performing duties requiring the operator to service postal boxes from their vehicle, which requires frequent entry into or exit from their vehicle.  
This Senate Bill No. 500 becomes law on September 1 but enforcement does not begin until December 1.

By: Nanalee Nichols

The leaves are coming a secret. They know that fall is near and summer is putting up its last big fight before the long, slow slide down to autumn!

If we look closely, the leaves and various other signs will reveal the fact that even though the temperature hovers at about 100 degrees, a good rain would be welcome.

Sitting and watching a tree isn't terrible exciting, but can be informative. Within seconds a leaf is bound to drift slowly down. It's usually yellow or brown, usually has an insect bite or sting on it, but knows that its time has come. Look a little closer at the tree and hundreds of the leaves, pale and tremulous, are decked out throughout its surface.

It isn't drought that does it, there has been no drought. It isn't heat, for these trees have survived hundreds of years through much hotter summers than this. It is, simply, that the trees are some of the first things to recognize the approach of the fall season.

Geese are getting restless. They honk and pace and wander further afield than usual. That ancient drive to migrate is taking over. The purple martins, who have hung around all summer, have vanished as completely as if they had never been. There aren't too many robins left, either.

It may be imagination, but kids seem to be a little "antsy" too. As school approaches they become restless, wanting to begin school and not wanting to. Perhaps some ancient instinct that winter is coming triggers their emotions too?

Whatever it is, the slightly cooler temperatures and northern breeze has brought home those feelings. Time is running out, fall will slowly advance and summer has slots its battle yet again.

Enjoy the end of summer, anticipate fall, it's all part of that slow, enjoyable chain of seasons that affects us all, indoor or outdoor people that we may be.

## People and Things

The Class of 1945 Deport High School will meet October 12 at 6 p.m. at the Chisum Restaurant on Loop 286 in Paris. All former classmates and spouses are urged to make reservations by September 15 to Betty Guest Denison, Gen. BUCKLE UP-Seat belts will become mandatory on September 1 for all drivers and passengers

in the front seats of vehicles. The new Texas state law, which has supporters both for and against,

will make buckling up more common, and hopefully save lives. (Staff Photo)

## Labor Day Message Sent

On Labor Day, America pays tribute to its working men and women. On this, my first Labor Day as Secretary of Labor, I am proud to join in that tribute. America workers and their unions have played all important roles in our Nation's history. America skills have been vital to our achievements in peace and war. And workers and their unions have been at the forefront over the years in our struggle for greater social and economic justice, and for more and better public education and for other reforms that have made our country the moral, as well as the political and economic leader in world affairs.

To all American working people, then, I say: We are proud of what you have done. Your sweat and sacrifice, and your ingenuity and creativity, have been crucial to the building of our nation in every sense. The dignity of work that you represent and the pride that you take in doing your jobs will have been symbols of America over the years.

Today, in a rapidly changing world, we must not lose sight of these American traditions of integrity and

dedication to superior achievement. As we face the dual challenges of technological change and increasing competition from other countries, labor, management and government must work together in a new spirit of cooperation to improve American productivity and quality. We are now enjoying a resurgence in our economy, to which America workers have made major contributions, and whose results in terms of more jobs and higher purchasing power are being enjoyed by most American workers and their families.

Our task now must be to help more Americans join in this prosperity, and we must work together to keep the gains we have made. We must, among other things, provide training for those who lack skills compatible with today's technologies, and we must take steps to create more opportunities for our young workers who are trying to gain their first foothold in the world of work.

I pledge to work with labor and management to try to meet these challenges, so that more and more American working men and women can live better and richer lives.

## Prairiland Classes Start On September 3

The first day of classes at Prairiland schools will be Tuesday, September 3. All buses will run and there will be a full day of classes.

All students who are new to the Prairiland School District should go to the campus that they will be attending and pre-register. This can be done between 9 a.m. and 3 p.m. and

must be completed before September 3.

Kindergarten and all new first grade students will need a state certified birth certificate and a copy of their immunization records.

Teachers will begin regular inservice at 9 a.m. Monday, August 26.

## Labor Day Accident Projections Released

The Department of Public Safety estimates that as many as 45 persons may lose their lives in traffic accidents in Texas during the 78-hour Labor Day holiday period.

In 1984, 41 persons were killed in collisions during the holiday period with five others dying later of injuries suffered on the Labor Day weekend.

In an effort to hold down the number of deaths, the DPS again this year will conduct Operation Motorcade, in which the deaths during the period beginning at 6 p.m. Friday, August 30 and ending at midnight Monday, September 2 will be counted with periodic reports being made to the news media.

REMODELING-Lowered ceilings, freshly plastered walls, new cork bulletin boards and carpet are part

of the complete make-over of the Deport Kindergarten complex. (Staff Photo)

YOUNG ENTREPRENEURS-Lucas Roddy and Eric Roddy are surrounded by the watermelons

that they gathered from their melon crop. The boys have earned money with the sale of the

melons, but report lack of rainfall cut much of the production. (Staff Photo by Liz Irwin)

## School Time Brings Memories

It's over once again. School begins, for most area children, on September 3.

For most youngsters, the arrival of yet another year of school comes as a shock. How could all that unending parade of days have ended?

How can three months have ended so quickly?

There are still frogs to be caught, turtles to be chased and swimmers to be done. They simply haven't accomplished all the myriad projects that they wee going to achieve throughout the summer.

What happened? Where has freedom gone!

But like it or not, to school they must go. And within a week, with the absolute adaptability of youth, they cannot imagine how they filled those empty days when school was out.

How did they manage without sports, without association with their friends every day. How sweet those weekends are after being confined during the week!

Remember that to those days, if you will. There was anticipation of seeing friends. And fear...fear of new teachers, whose reputations had grown in the telling. Fear of not being able to handle the first grade. Each year, fourth graders told

third graders how hard their work was, sixth graders told fifth graders, each grade trying to impress the grade below!

There was the pleasure of a newly painted classroom, and the musty, almost alien smell of the school building after a summer of being shut up. The sound of heels pounding down the hall absolutely invited one to stomp harder!

But it took a few days to quit talking in class...and learn to write notes again instead!

To a child, education is not the primary reason for going to school. Education is a secondary by-product of attending school...something that interferes with visiting between classes, playing hard, and learning to relate to one another.

For the children, school is a magic place, but one they frequently complain about!

They are getting ready to re-enter the world of education once again. And watching them, it's not difficult to hark back into the past, when it was ourselves who were returning.

## Clardy News

By Mrs. Virgie Ballard

Mrs. Lena Miller of Reno visited Mrs. Ruby Hudson of Jennings last Monday and they enjoyed eating in Paris. Then Mrs. Ruby spent Monday night with Mrs. Miller.

They have put the rock on the new road from Biardstown to join the 905 road at the crossroads above Clardy. It's really nice, but the heavy trucks hauling the rock have almost ruined the 905 farm to market road from here to Paris. We all regret this very much.

Mr. and Mrs. Roy Muier of Paris, Mrs. Harvey Merritt of Pattonville and Mrs. Virgie Ballard of Clardy spent Thursday with Mr. Muier's brother in Arlington and Mrs. Vicie McDowra of Dallas. Edith Bryan and Ruth and Robert Little, also of Dallas, brought lunch and visited in Mrs. Vicie's home. They are all cousins of Mrs. Virgie and everyone had a wonderful day. Mrs. Vicie has been suffering with a bad case of vertigo recently. We hope she'll be better soon.

Mrs. Ruby Hudson of Jennings and Mrs. Virgie Ballard of Clardy were Deport business visitors last Wednesday.

Mr. and Mrs. Michael Ballard and Ryan of Gladewater spent Friday night and Saturday with his mother, Mrs. Alvin Ballard.

Several around enjoyed the revival

meeting at First Baptist Church in Paris last week.

Mrs. Kay Emmons was in Dallas Thursday to seek employment there.

Several from Clardy were in Blossom Monday night for the shower for Patti Williams and Jeff Ballard, who are to be married soon.

Mrs. Mary Jane Lowry of Blossom visited Mrs. Virgie Ballard Saturday morning.

Rodney Eatherly, son of Mr. and Mrs. Harold Eatherly, was honored Sunday night after church at Bethel Church at Clardy with an ice cream, cake, cookies and pie. He will leave soon to serve time with the armed services. We wish him well.

Everyone here extends heartfelt sympathy to the Bray family of Paris and the Wilson family of Blossom by the loosing of their sons last week in a car wreck.

Seven young girls and their sponsor enjoyed a youth rally in Gilmer one night last week.

Madge and Clayton Skidmore are grandparents of a new granddaughter. She is the infant of David Skidmore. She has been named Rainie Nicole.

Bill Dennis of Gilmer made a talk at Bethel Baptist Church Sunday. He is a Gideon layman and everyone enjoyed his talk.

Walt and Donnie Crafton of Paris spent Saturday with Louise and Lewis

Clement.

Rodney Harrell of Jennings was hurt in a motorcycle accident Saturday. We hope he will be better soon.

Mrs. Virgie Ballard visited Mrs. Willie Ross of Marvin Friday evening.

Delbert, Mary and Chrystal Ballard of Quitman visited his mother, Mrs. Alvin Ballard Sunday.

Tammy Stout of Tulsa, OK spent the weekend with her parents, Mr. and Mrs. Johnny Stout.

Mr. and Mrs. Curtis Skidmore and baby spent Sunday with his parents, Mr. and Mrs. Clayton Skidmore.

Bill Malone, age 54, of Paris passed away suddenly Thursday afternoon. He was a nephew of Mr. and Mrs. Alvin Harris and the family is extended sympathy.

Mrs. Mary Stone visited her son, J.C. Pomroy and Paula in Paris Saturday.

Mr. and Mrs. Hershel Stone visited Mr. and Mrs. Rex Allen Thursday in Blossom.

Mr. and Mrs. Hershel Stone visited Mrs. Hallie Williams Sunday afternoon.

## Local Students Graduate From PJC Nursing School

Twenty-five students completed the 1984-85 Vocational Nursing Program at Paris Junior College, according to Sandra Chadwick, director. The program was completed on Friday, August 16 and a family night celebration was held Thursday, August 15 to honor the graduates.

Those who completed the 12-month program are Sandra Campbell and Patrice Mitchell of Deport; Henryetta

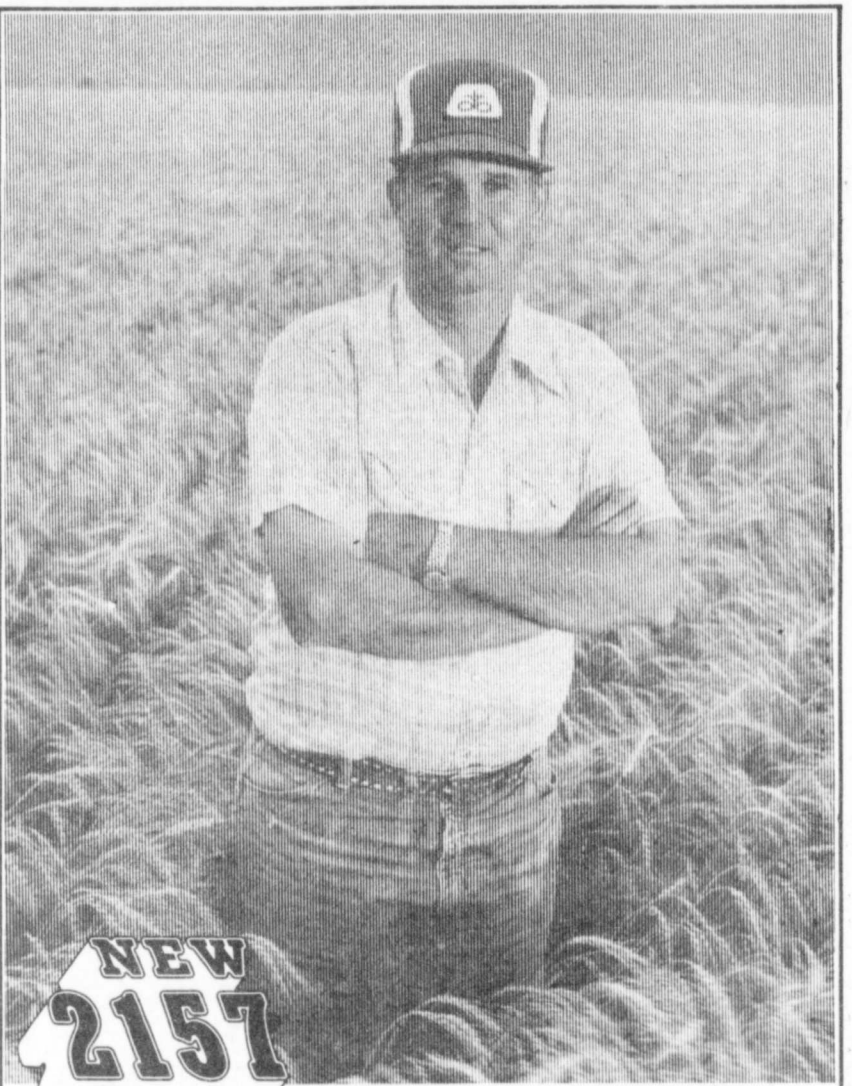

**LABOR DAY** MONDAY  
SEPT. 2nd

## High School Rodeo Set

The Agriculture Improvement Association will sponsor a high school rodeo to be held in Clarksville, September 6 and 7. Young men and women from Texas, Louisiana, Arkansas and Oklahoma will be competing for cash prizes and awards.

The rodeo begins both nights at 8

p.m. at the Bruce Emery ARENA. Admission will be \$3.00 for adults and \$1.00 for children 12 and under. Andrews Rodeo Company will be providing the stock for the rodeo. Competition should be kept among these young people in every event. So plan to attend. Local entries should call 427-3255 for more information.

**NEW 2157 2165** Superior grain yields with a good grazing bonus. Excellent straw strength, too!

**PIONEER BRAND SEEDS**

Our researchers were impressed by the tremendous pasture production and grain yields from these new varieties during testing. And now that the varieties have stood the test of actual production on many farms under many conditions, the proof is in!

They grow off well and show strong resistance to SBMV, leaf rusts, fungal leaf blights, and the Hessian fly.

- **New 2157** gives you good, early grazing, then stays with you through the winter. And the grain yields are right up there with anything you care to compare it against. Choose 2157 for dryland or limited water production.
- **New 2165** works with your irrigation program to make the most of all you put into the crop. Pasture comes on strong in the fall and grain yields are among the best you'll find, bar none.

See your Pioneer dealer right away. He'll show you yield results and interesting new facts about the advantages of pure seed.

**Keeping Healthy**  
Hot Weather Hard  
on the Elderly  
Older people have an increased risk of heat-related illness and the National Institute of Aging of the National Institutes of Health warns against heat exhaustion, heat cramps and heat stroke.  
The Institute suggests several ways to cool off during a hot spell: taking lukewarm or cool baths or showers, allowing the body to air dry; placing an ice bag or wet towels on the body; staying out of direct sunlight and avoiding strenuous activity; wearing lightweight, light-colored, loose-fitting clothing; wearing a hat outdoors. Whenever possible, remaining indoors in a cool place is advisable.  
Another suggestion from the Institute is to drink plenty of water or fruit juices to replace fluids lost through perspiration but to avoid alcoholic beverages.  
Elderly relatives or neighbors should be checked on routinely, and especially those who live alone. Danger signs such as nausea, dizziness, fatigue or fever require prompt medical attention.

### EASY NO-BAKE COOKIE DESSERTS

Everyone loves desserts—but no one likes spending long hours in a hot kitchen preparing them.

The casual moods of fall especially invite us to forego elaborate dinners and instead serve light, seasonal meals requiring a minimum of effort. Still, the question of what to do for that final meal-capping course leaves many cooks in a quandary.

When the occasion calls for something special, consider a cookie dessert. The following recipes all feature chocolate chip cookies. The delicious flavors and crispy, chewy texture of Duncan Hines ready-to-serve cookies add a true homemade taste to these easy-to-make desserts. With a little imagination, and even less work, you can create mouth-watering cookie confections without going near the oven.

#### SHERBET-MINT DELIGHT

1 package Duncan Hines Mint Chocolate Chip Cookies

1 quart sherbet (lemon, lime or orange) fresh lemon, lime or orange.

shaved chocolate or miniature chocolate mint chips, optional

Place 3 or 4 Duncan Hines Mint Chocolate Chip Cookies in dessert bowl. Top with one scoop sherbet. Garnish with fresh fruit slice. Sprinkle with chocolate, if desired.

#### COFFEE ICE CREAM PIE

1 package Duncan Hines Almond Fudge Chocolate Chip Cookies

2 tablespoons almond extract

1/2 gallon coffee ice cream, partially thawed

1/4 cup slivered almonds, blanched or toasted

2 cups whipped cream, optional

In food processor or blender, crumble one package Duncan Hines Almond Fudge Chocolate Chip Cookies. Transfer to large bowl, moisten with almond extract. Press mixture into 9-inch pie plate. Fill with softened ice cream. Sprinkle almonds on top. Cover. Refreeze. Serve with whipped cream, if desired.

**Play It Safe!**

Monday, September 2nd is Labor Day

**DON'T BE A STATISTIC LABOR DAY WEEKEND**

Respect the occasion, enjoy the holiday, and return home safe and sound come Tuesday.

ObeY the rules of the road and if you're travelling long distances, be sure to stop several times along the way to rest and relax.

And, remember, please don't mix drinking and driving.

**LABOR DAY SEPT. 2**

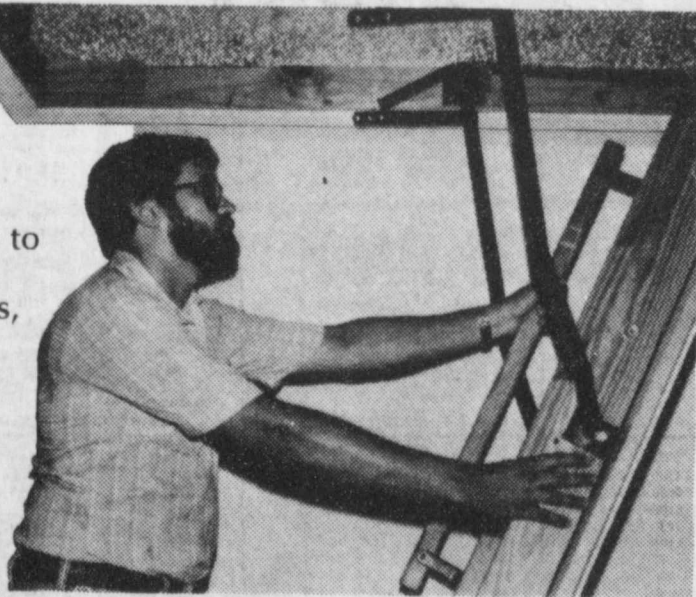

have a nice weekend...

## Straight Talk

from Texas-New Mexico Power Company

Why did TNP Employee Dane Schutz check his insulation?

Prudent businessmen have to stay on top of things to be successful—checking invoices, controlling costs, paying bills, and meeting the wants and needs of their customers. As a businessman, you should know the ability of your building to withstand summer heat gain and winter heat loss—and that means checking your insulation.

Checking the amount of insulation in his attic helps TNP Employee Dane Schutz control the heating and cooling costs in his home.

TNP Employee Dane Schutz of Texas City, Texas, knows that checking his insulation now, before bad weather arrives, will help him make the necessary improvements that can help control his heating costs this winter and his cooling costs in the coming summer.

The energy experts at Texas-New Mexico Power Company can help you know what your insulation needs are. For information on all types of insulation that can improve the energy efficiency of your home or your business property, call our office for complete details.

## SCHOOL Lunch Menu

Sept. 3-4-5-6  
Tuesday  
Breakfast: Cereal, banana, orange or grape juice and milk. Lunch: Corny dog with mustard, butter new potatoes, pinto beans, cantaloupe slices, chilled mix fruit and milk.

Wednesday  
Breakfast: Cereal, banana, orange or grape juice and milk. Lunch: chicken fried steak with gravy, cream potatoes, green beans, chilled peaches, biscuit with whip butter and honey and milk.

Thursday  
Breakfast: Sausage, biscuit with gravy, scramble eggs, orange or grape juice, jelly or whip butter and honey and milk. Lunch: Pizza, corn and peas, green salad, fruit cocktail, pickles and milk.

Friday  
Breakfast: Porkie pancakes with syrup, orange or grape juice and milk. Lunch: Hamburger, pork and beans, chips, watermelon chunks and milk.

We are ready for this new school year to start September 3. Breakfast will be served the first day. The reason we are having cereal the first day is we will not have any idea of how many students will be eating but they will have their choice of five different cereals to choose from.

The ceiling in the lunchroom was lowered with new lights and the walk in cooler was torn out and built back. The new ceiling has sure changed the looks of the lunchroom.

We would like to invite everyone that would like to come and eat lunch with any of the students this year to please call 982-5299 or 982-5230 and tell us what day you would like to eat or call by 9 a.m. on the day you want to come, so that we will be sure to have enough food for you and all the students. We would love to see every student to have their parents and grandparents to come and eat lunch at least once. The students are proud of their parents and grandparents and likes to have their friends at school to know them. So what better way to show ones parents or grandparents off at school is at lunchtime. Student lunch will be 80 cents and visitors is \$2.00.

We are also looking forward to be working for our new Blossom Elm and junior high school principal, L.C. Stout. We know that he he will make a super great principal if they could have seen him last week on top of a ladder with a can of paint and paint brush in his hand and not loosing his cool. Welcome to Blossom principal L.C. Stout.

## East Post Oak News

By Mrs. Howard Crawford
