

School Board Approves Parking Lot, Hires

The Prairiland School Board acted on several items of business Monday night.

They approved a parking lot located east of the main High School facility at Prairiland. The paved lot will hold about 150 cars and is due to

loss of parking where the new cafeteria is going up, and the simple need for more parking. Construction should start soon.

Construction on the new cafeteria has begun, and it is anticipated that it should be finished by mid-term. At

that time, the current cafeteria will be converted into five classrooms.

Two new teachers were hired, David Tyler as a science teacher at Prairiland High School and Lisa Rhodes as a reading instructor at Blossom Junior High. The board also

voted to hire a reading instructor at Deport, but currently has not located one.

The school system also purchased a new IBM 3600 computer system to handle finances and reports. This will have a hookup in the principal's of-

ice, and be located in the administration building. Principal Ballard commented that the staggering amount of reports and paperwork being required by the state made this necessary.

Sammy Kelsey, Deport

veterinarian and long-time resident, was sworn in on the school board. He recently resigned from the post.

The board also rejected a bid to buy one of the old school buses because it was too low.

Nichols Worth

By: Nanalee Nichols

Well, every now and then it's bound to happen. I looked at the crisp, blank, white sheet of paper in the typewriter, and the paper looked back.

The look that blank sheet of paper gave me was as real as the look of a friend, or dog, or whatever. It was a cold look...an impersonal look, an uncooperative look!

Then the paper communicated. I don't mean that it spoke...I'm not that far around the curve YET. But it told me quite plainly that this week's column could be a problem.

Usually, a blank piece of paper is a friendly, challenging thing. Before I know it, and the typewriter ribbon is joggling up and down and the little letters are filling that white expanse of paper right up.

But this week...wellllll...it just didn't work. I typed a few lines with a half-hearted idea. Tore them out, re-read them and put them in File Thirteen (wastebasket).

Rolled in another sheet...tried the same idea from another angle. Hated it, tore it over. Repeated steps 1, 2 and 3, all over again.

Put another idea into the beginnings of a column. Tore it out, threw it away.

Decided to clear my mind (what there is of one) by going through the mail, receipting checks, thumbing through a few trade catalogues. Spent several hours attending to any business but the one that still lodged in the back of my mind.

Returned to the white piece of paper. It stayed white. Decided to finish up the day's work, drive to Paris and forget the whole thing. When these blocks occur, sleeping on them invariably cures them.

Returning the next morning, nothing had come to light. I was blunter and felt dumber than usual!

Finally, with time running out, realized that the paper, typewriter and brain weren't cooperating at all.

So, I've listened to the paper, hostile as it was, and simply recorded what can happen on those occasional bad weeks. There hasn't been one for quite a while, and I can hope this feels the quota for some time to come.

Because, I don't LIKE it when the paper looks back at me with that hostile look!

Prairiland Storms Over Rivercrest

By Thomas Nichols

It was a stormy night at Patriot Stadium Friday as the Rivercrest Rebels came to call on the Prairiland Patriots.

The clouds rumbled and lightning flashed south of the action all night long, but the main storm Friday night was on the football field as the Patriots walloped the Rebels 18 to zip in their season opener.

The Patriots were able to move up and down the field, passing and running the ball without a score to show for their efforts until late in the second quarter.

With five minutes and nine seconds left in the half, the Pats were faced with a third and 19 yards for a first and ten, when quarterback Scott Scudder handed off to Ronnie Bridges where he was stopped cold by Rivercrest guard J.D. Wright. Now with a fourth down and 19 on the RC 29-yard line, Scott Scudder passed to Terry Shannon, for an incompletion. But Prairiland was offside and backed up five yards and tried from the Rivercrest 34-yard line. This time Scudder passed to Mike Connot, who rambled down in the Rivercrest 6-yard line before he was stopped by Rivercrest's own Terry Jasso on the six yard line! On the next down, big Mike Connot was not to be denied as he raced untouched for the first sure of the evening. Point conversion was no good, Pats led 6-0.

Prairiland's Kent Richey forced Rebel quarterback Charley Martin to

fumble on their own 22-yard line with just seconds left in the first half, but four plays later, the Rebels denied the Patriots anymore points and ended the half 6-0.

Late in the third quarter, Scott Scudder teamed up with Mike Connot and Ronnie Bridges on three consecutive running plays from the Rebel 24-yard line for the second sure of the evening with fullback Ronnie Bridges receiving the honors. Point after no good! The score gave the Patriots a 12-0 lead over their neighbors to the east.

The final sure of the evening came with just over five minutes in the fourth quarter. Again it was Scott Scudder at the helm with Mike Connot and Ronnie Bridges joined by Terry Shannon as the ball carriers threw a tough Rebel defense for six more.

It started on Rivercrest's 30-yard line. Bridges ran for six yards down to the 24-yard line. Mike Connot ground out five more yards. On the third down, Tony Duncan took the handoff from Scudder and raced all the way down to the five-yard line.

Down to less than one minute in the game, quarterback Scott Scudder rolled out on a keeper and barreled in for the final six points.

Rivercrest got the ball back with 45 seconds in the game, but as Dandy Don might sing, it was time to turn out the lights, the party was over. Until next week, good luck to the Patriots at Wolfe City.

Shady Grove To Hold Revival

Football Contest Begins This Week

The paper's annual Football Contest is under way once more, offering cash prizes and fun for all.

On the contest page there will appear a game in each ad, plus a tie breaker game in the center. Mark the winner in each game. Do not try to guess the score, just the winner.

In the tie breaker game, predict the winner and the score. It will be counted with other games but the score will be used only to break ties among contestants, with the game winner first, margin of victory second, total game points third and total points fourth.

Be sure to fill in the name, address and phone number and either mail or

bring the page to the Bogata office or the Bogata News office.

Entries brought to either newspaper office must be in that office no later than 5 p.m. on Friday of each week. If mailed, entries must be mailed to either the Deport Times, P.O. Box 98, Deport, TX 75435 or to the Bogata News, P.O. Box 306, Bogata, TX 75417. All mailed entries must be mailed in time to arrive with the Saturday morning mail.

Only one entry per person may be submitted.

First prize will be \$12, second \$7 and third prize \$5. Come on and join in the fun!

Patriots JV Trounces Rebs

By Jeff Morrison

The Patriot JV team kicked off their 85-86 season with an easy 31-0 victory over the Rivercrest Rebels. The Patriots combined a productive passing game with a powerful running attack and scored almost at will in the first half while the defense held the opposing Rebels to only one first down in the half.

The Patriots got on top quickly as the defense held Rivercrest to one short yard on the first three plays of the game. The Rebels were forced to punt and Brad Stone blocked it for the Patriots. Glen Dobbs took the ball 15 yards to the five yard line on the first play and Steve Shirley carried it in from there. The Patriots led 8-0 after Dobbs scored the two-point conversion.

The ensuing kick-off by Jack Kinde sailed over the heads of the Rebels forcing them to take a touchback and have the ball on the 20 yard line. Two plays later, Stacy Smith forced a Rebel fumble that Prairiland recovered on the Rebel 19 yard line. Dobbs later scored on a two-yard run. Steve Johnson carried the ball in for the conversion and the Pats led 16-0 with 2:06 remaining in the first quarter.

The Rebels got a momentary drive started but David Pasternak quickly ended any Rebel threat when he snatched up an errant throw from the Rebel quarterback. The Pats then proceeded to drive downfield with their passing game. Quarterback

Martin Babb found Jeff Fendley open for a 20-plus yard gain. The drive ended with Babb hitting Cary Borden on an eight yard TD pass. The extra point attempt was no good and Prairiland took a 22-0 lead into the third quarter.

The Rebels came out passing in the second half, but a steady rush and excellent coverage held them to nothing. The Patriot offense scored once more as Shirley bulled his way to paydirt from the five-yard line. Kinde kicked the Pat through the uprights giving Prairiland a 25-0 lead with a little over 4:00 left in the game.

The Rebels took the ball once more but began their drive deep in Patriot territory on the 23 yard line. The Rebels lost 22 of those yards when Smith dropped the Rebel quarterback on the one-yard line. The Rebels were forced to punt, but again the Patriots blocked it. Rivercrest recovered in the endzone and the Patriots were credited with a safety, bringing the total score to 31-0.

Quilt Search Day Set At PJC

The Texas Heritage Quilt Society, with the coordinating efforts of Paris Junior College, Lamar County Extension Service and the Paris Visitors and Convention Council of the Lamar County Chamber of Commerce, will hold a Quilt Search Day at the Alford Center for Lifelong Learning on the Paris Junior College Campus on Saturday, September 14 from 10 a.m. to 3 p.m.

State quilt groups are conducting these searches as a Texas Sesquicentennial project to find and document old quilts made before 1950. They are particularly anxious to locate old Texas quilts, but any quilts brought in will be documented and photographed.

Experts will be on hand at the Alford Center for Lifelong Learning to help with the documentation for

quilt and to instruct people on the proper care of old quilts.

All Lamar County residents with old quilts or an interest in the art of quilting are urged to attend The Quilt Search Day in Paris.

Two \$50.00 prizes will be awarded for the two oldest and best preserved quilts brought in that day.

Straight Talk

from Texas-New Mexico Power Company

Floodlighting makes late night emergency calls a little easier for TNP Employee Kenneth Surratt.

When TNP Employee Kenneth Surratt has to work those necessary late night or early morning hours to keep your electricity going, he sure appreciates the floodlighting at TNP's Texas City District Office. A well-lighted parking entrance, or loading area is not only convenient but enhances nighttime security. This same floodlighting is available to your business through leasing from Texas-New Mexico Power Company. Leased floodlighting units automatically turn themselves on at dusk and off at dawn. Call our office today for more details about leased floodlighting.

TNP Employee Kenneth Surratt recommends leased floodlighting because it automatically turns itself on at dusk and off at dawn every day!

RULES OF THE GAME

CLIP OUT THIS PAGE AND MARK YOUR CHOICE OF WINNERS OF THE GAME THAT APPEARS IN EACH OF THE ADS ON THIS PAGE.

Do not guess the score, just the winner. If you predict a tie, so indicate with the word "Tie" written across the ad.

GUESS BOTH THE WINNER AND THE SCORE FOR THE GAME MARKED "TIE-BREAKER", THAT APPEARS ON THIS PAGE.

Tie-breaker game winner will be counted with other games but tie-breaker game score will be used only to break ties among contestants, with the game winner first, margin of victory second, total game points third and total points by winner fourth. If still tied, the prize money will be divided equally.

Fill in your name, address and phone number (if any) and either mail or bring this page, or a reasonable fac-

simile of the list of games, to either The Deport Times or The Bogata News.

Entries brought to either of the newspaper offices, must be in that office no later than 5 p.m. Friday of this week. If mailed, entries must be mailed to either The Deport Times, P.O. Box 98, Deport, Tex., 75435; or The Bogata News, P.O. Box 306, Bogata, Tex., 75417. All mailed entries must be mailed in time to arrive with the Saturday morning mail.

It is requested that only one entry per person be submitted. In event of more than one entry from a contestant, that person will be eligible for only one prize in that contest week.

Everyone eligible except employees of The News-Times newspapers and their families. Decision of judges will be final.

PUBLIC NOTICE

BRIEF EXPLANATORY STATEMENTS OF PROPOSED

CONSTITUTIONAL AMENDMENTS

GENERAL ELECTION
NOVEMBER 5, 1985

PROPOSITION NO. 1 ON THE BALLOT

Sections 1 and 2 of House Joint Resolution 6 propose a constitutional amendment that would authorize the Texas Water Development Board to issue an additional \$980 million of Texas Water Development bonds.

The additional bonds to be issued will be dedicated for deposit in the Texas Water Development Fund, with \$190 million of those bond proceeds to be used for water supply loans and facilities acquisition and with \$400 million of those bond proceeds to be used for state participation in the acquisition and development of the facilities for storage, transmission, transportation, and treatment of water and wastewater. Of the remaining bonds authorized, \$190 million will be dedicated for use in water quality enhancement projects, and \$200 million will be dedicated exclusively for flood control projects.

The amendment would also allow the legislature to provide for the creation, administration, and implementation of a bond insurance program to which the state pledges up to \$250 million of its general credit to insure payment of the principal and interest on bonds or other obligations issued by political subdivisions of the state for water conservation, water development, water quality enhancement, flood control, drainage, recharge, chloride control or desalinization. Unless authorized to continue by a two-thirds vote of the members of each house of the Legislature, the bond insurance program will expire on the sixth anniversary of the date on which this section becomes a part of the constitution. Bond insurance issued before expiration of the program will not be affected by such expiration.

The amendment would authorize the legislature to create and appropriate money to special funds in the state treasury to make grants, loans, and other financial assistance available to governmental entities for certain enumerated water planning purposes. Also, the legislature would be permitted to extend the benefits of constitutionally approved water projects to nonprofit water supply corporations.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to authorize the issuance of an additional \$980 million of Texas Water Development Bonds, to create special water funds for water conservation, water development, water quality enhancement, flood control, drainage, subsidence control, recharge, chloride control, agricultural soil and water conservation, and desalinization, to authorize a bond insurance program, and to clarify the purposes for which Texas Water Development Bonds may be issued."

PROPOSITION NO. 2 ON THE BALLOT

Section 3 of House Joint Resolution 6 proposes a constitutional amendment that would allow the Texas Water Development Board to issue and sell Texas agricultural water conservation bonds in an

amount not to exceed \$200 million, if authorized to do so by a two-thirds vote of the members of each house of the legislature. The Texas agricultural water conservation bonds would be general obligations of the State of Texas, and would be paid from the first money coming into the state treasury in each fiscal year. The amendment would allow Texas agricultural water conservation bonds to be issued and sold only for four years after the date on which this Act becomes a part of the constitution.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing the issuance and sale of \$200 million of Texas agricultural water conservation bonds."

PROPOSITION NO. 3 ON THE BALLOT

House Joint Resolution 54 proposes a constitutional amendment that would permit the legislature to authorize a city or town to spend public funds and levy assessments for the relocation or replacement of water laterals on private property if such relocation or replacement is done in conjunction with or immediately following the relocation or replacement of water mains serving the property. Any legislative enactment permitting the expenditure of funds for such purposes would authorize the city or town to fix a lien on the property, with the owners' consent, for the cost of relocating or replacing the water laterals, and would provide that such cost shall be assessed against the property, with repayment by the property owner to be amortized over a period not to exceed five years at the rate of interest set by law. Such liens could not be enforced until after five years from the date the liens were affixed.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to authorize the legislature to enact laws permitting a city or town to spend public funds and levy assessments for the relocation or replacement of water laterals on private property."

PROPOSITION NO. 4 ON THE BALLOT

Senate Joint Resolution 21 proposes a constitutional amendment that would authorize the use of the proceeds from the sale of permanent school fund land to acquire other land for the permanent school fund. Currently, the constitution requires that proceeds from the sale of such land be invested in certain bonds and other securities.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing proceeds from the sale of land dedicated to the permanent school fund to be used to acquire other land for that fund."

PROPOSITION NO. 5 ON THE BALLOT

House Joint Resolution 89 proposes a constitutional amendment that would enable the legislature to regulate the provision of health care by hospital districts by determining

the services the district must provide, by setting requirements a resident must meet in order to qualify for services, and by determining any other relevant provisions necessary for providing health care to residents.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to authorize the legislature to regulate the provision of health care by hospital districts."

PROPOSITION NO. 6 ON THE BALLOT

Senate Joint Resolution 6 proposes a constitutional amendment that would enable the State of Texas to enter into an agreement with another state to confine inmates from the state of Texas in penal or correctional facilities of the other state.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to permit state prisoners to be placed in penal facilities of another state pursuant to an interstate agreement."

PROPOSITION NO. 7 ON THE BALLOT

House Joint Resolution 27 proposes a constitutional amendment that would authorize the commissioners court of Chambers County to divide Chambers County into not less than two and not more than six justice precincts. Under current constitutional law, Chambers County may be divided into not less than two and not more than five justice precincts.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing Chambers County to be divided into two to six precincts."

PROPOSITION NO. 8 ON THE BALLOT

Senate Joint Resolution 9 proposes a constitutional amendment that would grant an additional \$500 million in bonding authority to the Veterans' Land Board for the veterans' housing assistance program. Under the current constitution, the Veterans' Land Board is authorized by Article III, Section 49-1 to issue and sell not more than \$800 million in bonds, \$500 million of which may be used for the Veterans' Housing Assistance Fund. This amendment would increase that authorization to permit the issuance and sale of up to \$1.3 billion in bonds, \$1 billion of which would be used for the Veterans' Housing Assistance Fund. In addition, the amendment would remove the current definition of "veteran" from the constitution and permit the legislature to redefine "veteran" as the changing times and circumstances require.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment providing \$500 million in additional bonding authority for the veterans' housing assistance program and changing the definition of those veterans eligible to participate in the veterans' land program and the veterans' housing program by authorizing the legislature by law to define an eligible veteran for the purposes of those programs."

PROPOSITION NO. 9 ON THE BALLOT

House Joint Resolution 72 proposes a constitutional amendment that would permit the legislature either to enact a statute or to attach a rider to the General Ap-

propriations Act to require prior approval of the expenditure or emergency transfer of any funds appropriated by the legislature to state governmental agencies.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to protect public funds by authorizing prior approval of expenditure or emergency transfer of state appropriations."

PROPOSITION NO. 10 ON THE BALLOT

House Joint Resolution 19 proposes a constitutional amendment that would authorize the legislature to provide for the issuance of general obligation bonds, the proceeds of which would be deposited in a fund to be known as the farm and ranch finance program fund. The fund would be administered by the Veterans' Land Board and would be used to make loans and provide other financial assistance for the purchase of farm and ranch land. The amount of bonds outstanding at any one time would be limited to \$500 million. The principal and interest that becomes due on such bonds in each fiscal year would be paid from amounts remaining in the interest and sinking fund at the close of the prior fiscal year, with the balance due to be appropriated from treasury revenues in the fiscal year when such amounts become due.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing the issuance of general obligation bonds to provide financing assistance for the purchase of farm and ranch land."

PROPOSITION NO. 11 ON THE BALLOT

Senate Joint Resolution 16 proposes a constitutional amendment that would define indictments and informations as instruments charging a person with the commission of an offense, and would delete certain technical requirements as to the form of writs and processes.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment relating to the manner in which a person is charged with a criminal offense and to certain requirements applicable to state writs and processes."

PROPOSITION NO. 12 ON THE BALLOT

Senate Joint Resolution 10 proposes a constitutional amendment that would grant the Texas Supreme Court and the Texas Court of Criminal Appeals jurisdiction to answer questions of state law certified from federal appellate courts. In addition, the two courts would promulgate rules of procedure relating to the review of those questions.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment granting the Supreme Court of Texas and the Court of Criminal Appeals of Texas jurisdiction to answer questions of state law certified from a federal appellate court."

PROPOSITION NO. 13 ON THE BALLOT

Senate Joint Resolution 14 proposes a constitutional amendment that would create a board with responsibility for the reapportionment of judicial districts, subject to legislative approval. The amendment would provide for the continued power of the legislature to provide for judicial reapportionment, and would provide that reapportionment

will be the responsibility of the Legislative Redistricting Board if the Judicial Districts Board fails to make a timely reapportionment. The amendment would provide for the creation of judicial districts smaller than a county in counties where the creation of such districts has been approved by the voters at a general election. The amendment would provide for more than one judge for a judicial district. The amendment would rename supreme judicial districts as courts of appeals districts. The amendment would provide that the jurisdiction and terms of court of district and county courts may be as provided by law. The amendment would provide for the jurisdiction of justice courts, which may have additional jurisdiction as provided by law. The amendment would provide for rules of judicial administration and civil procedure to be promulgated by the Supreme Court, and would provide that the legislature may delegate additional rule making power to the Supreme Court or to the Court of Criminal Appeals. The amendment would provide that courts and judges in existence at the time of its adoption remain in existence until otherwise provided by law.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment providing for the reapportionment of the judicial districts of the state by the Judicial Districts Board or by the Legislative Redistricting Board, and providing for the administration and jurisdiction of constitutional courts."

PROPOSITION NO. 14 ON THE BALLOT

Senate Joint Resolution 27 proposes a constitutional amendment that would abolish the office of County Treasurer in Andrews County and transfer the powers and duties of that office to the County Auditor. The amendment would also abolish the office of County Treasurer in El Paso County if, at the statewide election at which this amendment is submitted to the voters, a majority of the voters who vote in El Paso County favor the amendment. The functions of the office of El Paso County Treasurer will be performed by a person employed or designated by the El Paso County Commissioners Court. The amendment also provides for the abolition of the office of County Surveyor in Denton, Randall, Collin, Dallas, El Paso, and Henderson Counties upon approval of such abolition by a majority of the voters who vote on the question at an election called by the commissioners court of the county. If the office of County Surveyor is abolished in any county, the commissioners court may employ or contract with any qualified person to perform the duties of the office.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to provide for:
(1) the abolition of the office of county treasurer in Andrews County and El Paso County;
(2) the abolition of the office of county surveyor in Collin, Dallas, Denton, El Paso, Henderson, and Randall Counties."

Estos son los informes explicatorios sobre las enmiendas propuestas a la constitución que aparecerán en la boleta el día 5 de noviembre de 1985. Si usted no ha recibido una copia de los informes en español, podrá obtener una gratis por llamar al 1/800/252/9602 o por escribir al Secretario de Estado, P.O. Box 12887, Austin, Texas 78711.

Card of Thanks

After the experience Donald Day and our family has had, we wanted to express our thanks in a way other than a short note. Today it seems that all we hear about are the misfortunes and tragedies. For some reason, we somehow miss the good around us. In our hurry-up world we think people don't care about others the way we should.

We are happy to tell you that there are a lot of good people around. In fact, there are so many that we could never begin to list everyone who has shown us the true meaning of Christian love.

Our family wanted to report some "good news" for a change. Thanks to our Lord and Savior, Donald Day is well on the road to recovery. If any person ever doubted the "power of prayer", ask Donald about it.

We want to give our love and thanks to all of our friends, to all of the churches, and our family for everything. Friends, please never take a single blessing for granted and know from which they come. We thank God for all that we have. Thank you.

Donald & Lynn Day and Children
