

Prairiland Patriots Stalk Wolves To 28-0

By Thomas Nichols
It was a long trip to Wolfe City last Friday night, but the Patriots made it worth while as they shut out the Wolves 28 to 0!

Penalties and fumbles kept the Patriots from running the score even higher than 28 to 0. The Patriots rushed 39 times for 318 yards, but were completely unsuccessful with their passing attack.

The first score came late in the first quarter of play, when the Wolves

fumbled the ball on their own 46-yard line. A very alert George Shirley recovered for the Patriots, setting up a first and ten at that point. On the first down, quarterback Scott Scudder handed off to reliable Mike Connot, who barreled downfield for an eight yard gain. On the second down, Scudder called his own number and raced in for six points. The P.A.T. was no good, leaving the Pats with just the six point advantage.

The Wolves were never a real

threat to a very tough Patriot defense, in the trenches as well as downfield, where sure-handed Jeff Morrison seemed to catch more passes from the Wolves than their own receivers.

Late in the first half, Wolf Jimmy James punted to Patriot Mike Connot, who wasted no time in running all the way back for six more points. This time Scudder passed to Mike Blackburn for the two point conversion, extending the Patriots lead to 14.

Early in the third quarter, the Wolves fumbled the ball to the Patriots on the 10-yard line. Scott Scudder, on a quarterback keeper, streaked in for the third TD of the evening. This time Shawn Philpot kicked the P.A.T. extending their lead to 21 points.

Penalties and fumbles seemed to be cheap and plentiful for both teams, but the Wolves just were not ready for a determined Patriot team.

Most Patriots had playing time Friday night and everyone wanted to get into the endzone. With just under three minutes left in the game, Mike Connot carried the ball all the way from the Prairiland 12-yard line down to the Wolfe City 26-yard line for the first and ten. Ronnie Bridges carried the ball to the Wolves 9-yard line. Chris Sparks showed some nice moves to the Wolves as he carried the ball down to the 4-yard line. Scudder

once again rolled out for the bootleg and added six more points.

Shawn Philpot marched out and drilled the uprights for the P.A.T. giving the Patriots their final sure of the evening, and extending the lead to 28 to 0.

Surely the Wolves were relieved when the remaining one minute and five seconds expired, sending the Patriots back to Pattonville on that cool, miserable (for the Wolves) Friday night.

Nichols Worth

By: Nanalee Nichols

Does the advent of the autumn season just automatically prompt people to begin remembering? Does nostalgia settle over the land like cooler weather, sifting memories down like leaves from the trees?

It sometimes seems so. Recently I have found myself looking backwards, at school beginnings, other autumns.

I put it down to getting older. But apparently I'm not alone in opening scrapbooks to the past.

Visiting last Thursday, I found people with boxes of old photographs hauled out. Not for any particular reason, just looking backwards at family reunions...at group shots and school pict ures.

Several other newspaper columnists have been peering back into the past, recalling the Civil War, bygone cotton days, in general it just seems that the time has come to look back and remember.

Remembering can be a bitter-sweet thing. The memories that come filtering through like shafts of late-afternoon sunlight aren't always beautiful. Those who are gone, those whose paths no longer cross ours, the losses and painful incidents of the past come back just as surely as the good times.

But the good times shine a little brighter, bringing a smile to the face and lightness to the heart.

How life changes over the years...and how unchanged some things are is always a mildly disturbing fact.

How young we all looked in old photos...how styles have changed, and times. The smiles have a little sorrow in them at the progress of time. The laughter is an echo of that long-ago mirth.

But consider that today will be the same. In a few years, the events of this year...this time...will be faded away, or captured in a newspaper clipping or photo.

This year's school pictures will be a treasure to parents, and a source, most likely, of embarrassment to the youngsters, all grown up and self-conscious!

But that's what life's all about...change and progress, time flying by.

And perhaps that's one thing fall is for too...to look behind us for a little while, before turning to look ahead once more. Enjoy.

Accident Kills One, Injures Another

Thirty-seven year old Terry Mack Channel of Crowder, Oklahoma was killed, and Ronald Lee Kuykendall, 38, of Krebs, Oklahoma seriously injured in a motorcycle accident just east of Pattonville on Sunday afternoon.

The two, Channel driving and Kuykendall as a passenger, came in

collision with a car driven by Louise Shockley Seals of Paris. The motorcycle slammed into the back of the Seals vehicle, throwing Channel some distance, and Kuykendall off also.

Channel was pronounced dead at the scene by Justice of the Peace Fred Nutt. Kuykendall was taken to St. Joseph's Hospital in Paris, where

he is in the intensive care unit. The accident occurred with both vehicles going west on Highway 271, about one mile from Pattonville.

Cushions, cookies and plastic wrapped fried chicken scattered at the scene, seem to indicate that the motorcycle riders were out for a day's outing.

Sales Tax Figures Released

State Comptroller Bob Bullock Wednesday sent checks totaling \$57.3 million in local sales tax to the 1,005 cities that levy the one-percent city tax.

Houston's check for \$9.4 million was the largest, bringing total payments this year to \$114.2 million, up five percent over last year. Dallas' payment was \$7.2 million for a 1985 total of \$84.2 million, a 14 percent increase.

September checks represent taxes collected in sales made in July and reported to the Comptroller's office

by August 20.

Locally, Bogata received \$2,503.65, comparable to \$738.73 for the same period last year, bringing 1985 payments to date of \$18,014.99 for a 10.30 percent increase.

Clarksville received \$11,414.14 for a 3.40 percent increase over last year for the same period.

Blossom received a check for \$856.08, comparable to no payment for the same period in 1984, bringing the 1985 total to date of \$10,247.12, marking a 24.72 percent increase over 1984

payments of \$8,216.39.

Deport did not receive a net payment for this period, as compared to last year. 1985 payments to date total \$7,338.59 over the 1984 payments of \$6,233.42 for a 17.73 percent increase.

Paris received \$138,372.91 for this period for a 7.81 percent increase from the 1984 payment of \$128,321.59.

Talco received a check for \$1,555.75 for this period, compared to a \$990.94 check for the 1984 payment in the same period for a 6.71 percent increase. Total 1985 payments to date for Talco are \$17,619.51.

Davidson, Morrison And Skidmore Take Football Loot

The newspaper Football Contest kicked off with a number of entries, and some mighty good guessing on the part of the readers.

The \$12 first prize was claimed by Mike Davidson of Pattonville, who missed three games and said Prairiland would win 32-0 over Wolfe City.

In second place was Jeff Morrison

of Blossom, who also missed three games and predicted Prairiland to win 36-0.

The \$5 third place booty went to Timothy Skidmore of Paris, who missed four games.

Missing five games were Tobe King, Hayden Martin, Lee King, R.V. Glasener, Kevin Parker, J.J. Young and Andrew Cox.

No one guessed the tie between U.C.L.A. and Tennessee. Enter today and perhaps you'll win some cash!

Winning teams were: Prairiland 28-Wolfe City 0; UCLA tied Tennessee; Louisiana State; Oklahoma State; Brigham Young; Michigan State; Cooper; Georgia; Prairiland; Arkansas; Texas Tech; Detroit; Paris; Clarksville; Alabama; Redwater; Maryland; Ohio State.

BBQ, Fish Fry To Aid Day Family

There will be a benefit barbeque and fish fry to aid Donald Day and his family. The event, which will feature barbeque, fried catfish and all the trimmings, is being held at Frank Rhoades home, north of Deport on Jeffus Street, and is a family affair.

Everyone is urged to come out on Saturday, September 21, beginning at 1:30 p.m. There will be no charge for the meal, but all donations will be used to benefit the Day family.

Frank Rhoades Grocery is donating the food, and a number of volunteers

will be cooking. The meal will be held rain or shine, with tents provided in case of bad weather.

Donald Day is recuperating from a broken neck, and is reported to be making progress.

Time To Watch For Armyworms

Rains in some parts of East Texas have helped the moisture situation considerably. Up to two inches fell in some areas, but most of East Texas remains extremely dry. Forage supply is rapidly depleting and the nutritional value is declining.

Those producers lucky enough to receive rain should keep a close watch for armyworms. Dr. James Robinson, says that he has not received reports of armyworm activity except in the southern part of East Texas. The rains should help grass to grow and the young growth is a

favorite for the armyworms. Pecan weevils are appearing in pecan orchards throughout the area.

Robinson says that control measures should be initiated immediately.

An Editorial

By Nanalee Nichols

Guns aren't toys. Hunting is a sport that requires dedication, attention and rigorous attention to the rules of hunting safety.

Apparently there are some would-be hunters around who aren't paying much attention to the safety rules.

Within the past few weeks there have been reports of a .22 shell going through a pickup side window, charges being filed against two youngsters for improper shooting in a small community, a hole shot in the Lamar County Water Supply water tank, and a house spattered with bird shot!

Sunday afternoon, the silence at our house was shattered when a loud boom was followed by shot rattling down on the roof and windows. Thomas was outside and a piece rained down on his arm!

The source of the bird shot was a shotgun in the hands of a teenage boy,

who promptly leaped over our fence and drove off!

Such incidents aren't amusing. They are dangerous, and sooner or later will result in serious injury or a death.

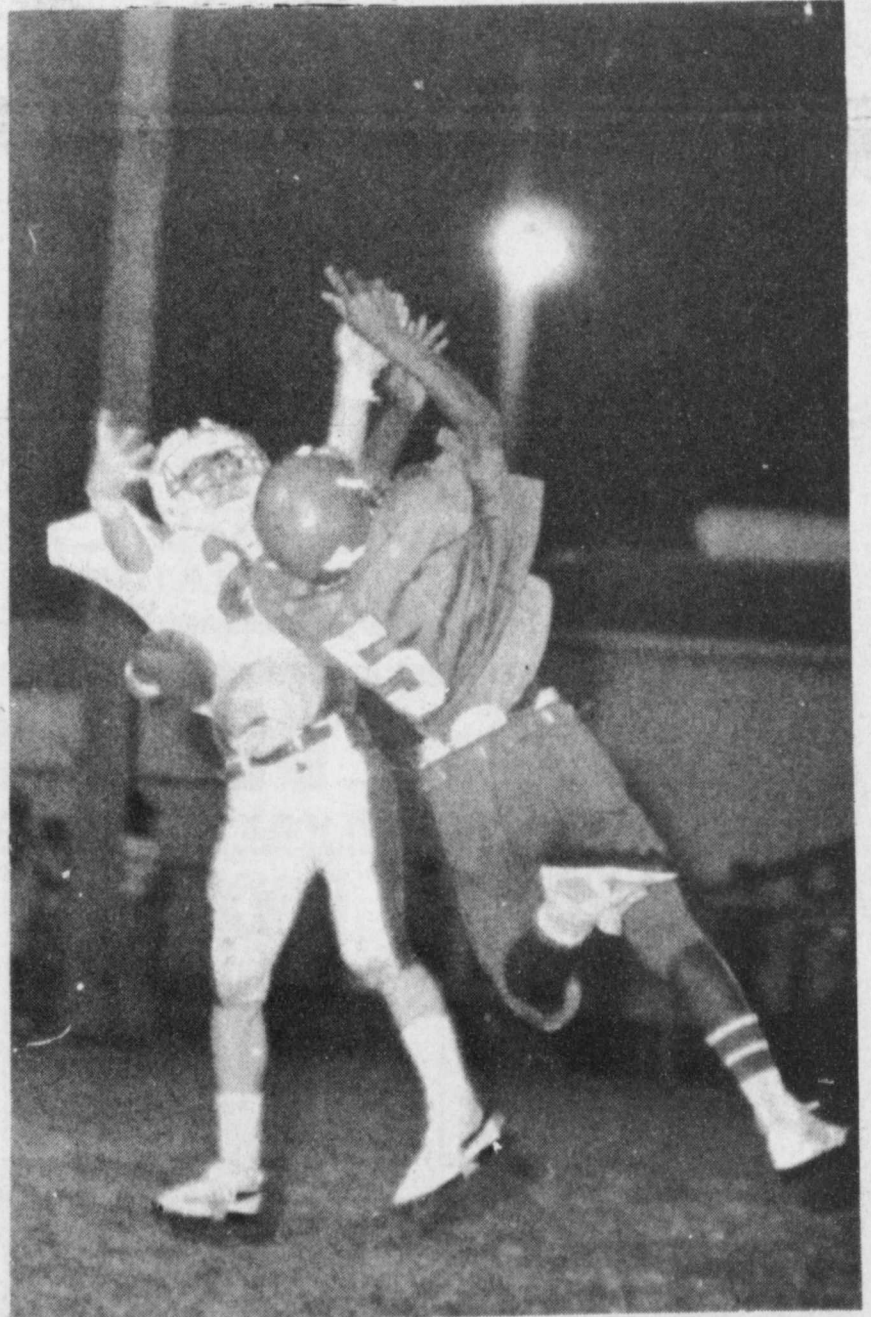

It just isn't necessary.

Hunting without knowing what lies behind where one is shooting, hunting on land without permission, not observing the rules, often created for the safety of the HUNTER, all result in the possibility of a terrible tragedy.

Parents should take a lot of time to teach their youngsters the proper respect for a gun. Serious consideration should be given to whether a child is ready to hunt on their own or not.

Adults should ALWAYS observe the same respect that they teach their children.

Please folks, let's all have a SAFE hunting season!

Deport Post Office To Lock-Up At Night

Postmaster Carlys Denison has announced that, due to continued destruction in the lobby of the Deport Post Office, the doors will be locked at 7 p.m. each evening and at noon on Saturdays.

Postmaster Denison says that it is a shame, and regrets the inconvenience, but that the vandalism has

made it necessary. Within the past few weeks, numerous glasses have been smashed out of the boxes, and the trash scattered on the floor.

Finally, Monday night of this week, the trash was ignited on the lobby floor, scorching the tiles.

Words cannot begin to express our sincere thanks to all our many wonderful friends and neighbors who helped us during the illness and passing of our husband and father, Jinks Whittle.

Special thanks to Dr. E.E. Brooks, ambulance staff, Red River General Hospital Staff, Grant Funeral Home, the pallbearers and Rev. Eddie Clement.

A very special thanks to Rev. Sam Rice for his words of comfort and for the most beautiful service; no one could have said it better.

Our sorrow has been great, but has been less painful because of all your love and prayers. Thanks for all your calls, visits, cards, the lovely flowers and all the delicious food, which was so greatly appreciated.

May God always bless each of you. Ruth, Kathy, Larry, Carla and Jeff & Family

Card of Thanks

We would like to express our deepest appreciation to everyone who gave us their love and support during our loss. And for all the beautiful floral offerings, food, cards, calls and memorials given in Shane's behalf. Also to the "Prairiland Friends" and "The Class of '85" for the beautiful floral offerings. Deaf And Hearing To Meet

The Red River Valley Deaf and Hearing Association will meet at the First Assembly of God on Thursday, September 19 at 7 p.m. in Paris.

It is fine to know that nine deaf children are enrolling in AM Aikin Elementary School this year. They can grow up at home while being educated.

Guest speaker will be Mrs. Lois Moore. She has reared a deaf son, therefore, she will have good information for all parents who have children with impaired hearing. Why? She will not be talking from book knowledge, but from experience.

Final plans will be made for National Deaf Awareness Week. It is the 22nd through the 28th. Did you know there are 1,500,000 deaf and impaired hearing people in Texas? Eighty-five percent of this group use manual or signed communication. American Sign Language is the fourth most widely spoken language in the United States.

Also, the Paris Public Library has 11 books on deafness, sign language books, Guide to parents of deaf children, a fiction book very true to life by Joanne Greenburg, and a New Testament, English version for the deaf.

The Voice, the publication for the hearing impaired, has recently come to the attention of the association. It is published bi-monthly and mailed directly to hearing impaired people and hearing health professionals throughout the United States.

FISH—John A. Nelson of Detroit carves beautifully detailed fish for

John A. Nelson Continues A Folk Art Tradition

By: Nanalee Nichols

John A. Nelson is a woodworker... a craftsman of the highest order. He is one of only five men in the entire United States who makes their entire living from carving decoys.

His simple shop, located behind the family home in Detroit, is filled with a range of waterfowl as varied as a bird book.

Nelson, his wife Nancy, and two children, a boy, age 17 and a girl, age 15, are all involved in the business.

Although Nancy is currently in college to become a registered nurse, she "is" the shipping department for the business.

His daughter does base painting, and paints the primitive and folk art items that are also for sale in the shop.

The son is carving too, and helping make various items.

But the main attraction is John's birds and fish. Exquisitely detailed as if they are "decorative decoys" are perfectly balanced and painted to draw birds to them if they are functional decoys, they form the mainstay of the shop's business, and go all over the United States and to France.

Last year John did an exclusive series of waterfowl for the Neiman-Marcus Christmas catalogue. They

are sold out completely.

This year he is doing a series of fish for an exclusive shop in Dallas. They want a pike, carp, sucker, bass, rainbow trout, brook trout and brown trout. The graceful forms sit in rows on John's workbench, some in the rough, some almost carved, some base-painted and others nearly complete. The ripple of water past their bodies is almost palpable, they seem almost catchable!

The fish are decoys, too, John says. They are used to attract predator fish in the north country. They are weighted and suspended by a tiny line beneath a hole in the ice, while a wily fisherman waits with a spear to skewer an approaching predator, such as carp.

The shop is filled with the rich smell of sugar pine, the wood John uses for his various creations. The big room is packed with a variety of specialized tools suited to his trade, and the walls are hung with templates, patterns and various clutter pertaining to different projects.

On shelves at the top of the room, ducks of all varieties, shore birds, pelicans and geese are lined up like a waiting flotilla.

John is from Michigan. His wife is the East Texas native, having grown up in the Paris and Manchester area. They moved from Michigan to

Manchester, then about a year ago, moved to Detroit.

John is an expert at his craft. He can talk about "tip-ups" or "feeder" decoys (a carved duck "behind" that looks like a duck feeding with its head underwater). He explains that certain features of a working decoy may be exaggerated instead or ornithologically correct.

"The purpose of a working decoy isn't realism...it's to draw birds down to the decoy."

His decorative decoys are perfect in detail, however.

John is knowledgeable in the different kinds of decoys necessary for different waters. On big water, such as the Great Lakes, a decoy must be larger, be able to ride a stronger wave pattern. They are very different from those for use in this area, on small ponds, for on creeks or bayous such as are found in Louisiana.

He has tapes of bird and animal calls from the woods, to listen to, and knows the coots, mallards, pintails and geese that make up his collection almost intimately. He has, he says, always been interested in working with wood, the outdoors and sports, therefore, five years ago he began to work entirely with the decoys and woodcrafts. He spent the years before

that developing his markets, and working at various other crafts such as furniture building or carpentry.

He has, he states, contentedly "always worked with wood, it's natural to me".

In all, he does over 75 different varieties of birds or fish. From an exquisitely tiny hummingbird to a huge, white swan, the birds run the gamut of the bird world. Cardinals, petite shore birds, huge geese or ducks, they all bear one thing in common...skill of the craftsman.

John puts his profession quite simply, but with quiet pride. "I am", he states, "carrying on an American art form and tradition." He is, and the results are beautiful.

County 4-H Has Events Planned

All county 4-H'ers and parents will want to mark next Monday, September 23 on their calendar. This is the date for the first almost annual county-wide miniature golf party. The event will last from 6:30 p.m. to 8:30 p.m. and will be held at the Culbertson Park Course.

Red Oak 4-H arranged the party and has rented the course for 4-H. You can play all the miniature golf you desire for only 75 cents per game. There will be plenty of sandwiches, drinks and chips, not to mention all the good times that will be available.

Here is some information on a couple of shows that might be of interest.

Whitewright Junior Show: To be held 10 a.m. the 21st. Entry fees before Sept. 20 will be \$4 per head in sheep and cattle and \$2 in the rabbit and poultry. Late fees will be charged a dollar per head. There are classes for dairy cattle, breeding beef cattle, steers, sheep, poultry and rabbits.

Mt. Pleasant Show: To be held Saturday, Sept. 28 at 11 a.m. check in 8 a.m. to 10 a.m. the 28th. Entry fees before the 21 will be \$5 per head. Late entries will be \$3 per head extra. Out of county exhibitors can enter breeding beef cattle and prospect steers only.

All county 4-H'ers and their parents will want to attend the Lamar County 4-H Achievement Banquet Monday, October 7 at 7 p.m. at the County Exhibit Building.

This promises to be one of the best banquets yet not to mention the super barbeque meal to be served. You should be receiving a letter, explaining the details, in the next few days. It is very important to our planning that you complete the enclosed form and return it to us as soon as possible.

We have received all but only a few awards and expect them soon so we should have all the awards.

We hope you and your family will plan to attend and remember to return the forms and let us know yes or no as soon as possible.

Last Day September Is Deadline

By Paul D. Payne

Lamar County farmers have until September 30 to insure wheat and other small grains. Producers who insured wheat, oats and barley last year will have their contracts renewed automatically unless they cancel them. However, those desiring to make changes in the level of coverage or price election must do so by that date.

To select crop insurance, a farmer must choose a yield guarantee and a price. The yield insurance is either 50, 65 or 75 percent of past production history. Price elections are \$2.00, \$2.80 or \$3.30 a bushel for wheat.

The combination of yield guarantee and price election determines the level of insurance coverage and cost of the premium. Additional information can be obtained by contacting one of the local crop insurance agents.

The rain has been very spotty in the county, although most areas have received some rainfall. The showers plus cooler temperatures will prompt many producers to get serious about planting winter pasture. We would suggest that clovers not be planted for another two weeks, although ryegrass and small grains should be planted right away.

The key to a successful winter pasture include early planting, heavy seeding rate, property variety choice, and heavy fertilization as well as managing the grazing. Each of these is important if adequate top quality forage is the goal.

COLLECTION—John A. Nelson shows some of his decoys, mostly of waterfowl, which he sells. Last year his collection of ducks was

featured in the Neiman-Marcus Christmas catalogue. He carves and paints over 75 varieties of fish and birds. (Staff Photo)

Duane Allen To Be Honored

Paris Junior College will honor one of its most famous graduates, Duane Allen of the Oak Ridge Boys, at a special Homecoming celebration scheduled for Saturday, October 12 on the PJC campus, according to Glenna Carrington, president of the PJC Former Students and Friends Association.

A 1962 graduate of Paris Junior College, Duane has sung his way to the top of his profession as lead singer with the multiple-award winning country music group, Mrs. Carrington said. As a tribute to the Lamar County native, PJC is planning an outdoor celebration including a barbeque luncheon, entertainment by the Prairiland FFA Talent Team and others, all-campus open house a program and reception.

In conjunction with the Homecoming for all former students and friends, present students and their families will be invited to the festivities. Special attractions for children such as clowns, popcorn, pony and amusement rides will be arranged for the day.

Tickets for the barbeque luncheon, which will be outside in the center of the PJC campus, must be purchased by Monday, October 7, so food arrangements may be completed. The tickets are \$6 for adults and \$3.50 for children under 12. They may be purchased at the PJC College Store or the Chamber of Commerce office.

Homecoming events will begin with registration and coffee from 10 a.m. to noon that Saturday in the Rheudasil Learning Center. All campus tours will be from 10 a.m. to 1 p.m., and serving for lunch will be from noon to 2 p.m. Entertainment by the Prairiland FFA Talent Team and other music will be from noon to 2 p.m. John Allen, Duane's nephew, is a member of the talent team, which has won state competition.

During the program, an introductory speech will be given by Larry Franklin, who was a classmate of Duane's in 1961-62. Larry is executive vice-president and chief operating officer of Harte-Hanks Communications, Inc., which operates newspapers, radio and television stations, and specialized delivery systems in 87 markets in 27 states.

Specially honored guests will be all members of the classes of 1960, 1961 and 1962 as well as faculty members during those years at PJC.

Duane, the son of Mr. and Mrs.

Fred Allen of Cunningham, continued his education at PJC after graduating from Cunningham High School.

At PJC, he was freshman class president and president of the PJCingers as well as a member of several clubs and organizations. He went to PJC morning and night and worked at Belk Department Store in the afternoons to put himself through school. Later, while attending ETSU, he worked at KPLT and sang with the Southernaires Quartet, his first paid job in music.

After graduating from ETSU with a bachelor's degree in music, Duane joined the KPLT staff on a full time basis for a few months. In 1965, he joined the Prophets, a gospel group out of Nashville, and in 1966, he was asked to join the Oak Ridge Boys, a gospel group which had been formed shortly after World War II.

In 1975, the Oaks crossed over from gospel to country/rock, and, after releasing Ya'll Come Back Saloon in 1977, they established themselves in the country music business.

They have won a string of impressive honors including Vocal Group of the Year from both the Country Music Association and the Academy of Country Music. They are title holders for Single of the Year, Album of the Year, and Country Music Group of the Year from every music trade publication.

Tie-breaker game winner will be counted with other games but tie-breaker game score will be used only to break ties among contestants, with the game winner first, margin of victory second, total game points third and total points by winner fourth. If still tied, the prize money will be divided equally.

Fill in your name, address and phone number (if any) and either mail or bring this page, or a reasonable fac-

simile of the list of games, to either The Deport Times or The Bogata News.

Entries brought to either of the newspaper offices, must be in that office no later than 5 p.m. Friday of this week. If mailed, entries must be mailed to either The Deport Times, P.O. Box 98, Deport, Tex., 75435; or The Bogata News, P.O. Box 306, Bogata, Tex., 75417. All mailed entries must be mailed in time to arrive with the Saturday morning mail.

It is requested that only one entry per person be submitted. In event of more than one entry from a contestant, that person will be eligible for only one prize in that contest week.

Everyone eligible except employees of The News-Times newspapers and their families. Decision of judges will be final.

Dear Ms. Nichols:

In observance of National Newspaper Week, September 15 through 21, 1985, I want to take this opportunity to express my appreciation for the fine cooperation your newspaper has given to District 19, State Department of Highways and Public Transportation.

Throughout our country's existence the free press has played a special role in maintaining a free society through its efforts to ensure the flow of accurate and balanced information. An informed public is best equipped to make reasoned decisions and taken an active part in the democratic process.

As in the past, National Newspaper Week affords me an opportunity to recognize the contributions your newspaper makes in helping get highway information to the public.

Again, thank you for your cooperation and excellent support of our highway system.

Sincerely yours,
L.L. Jester, Jr., P.E.

Deport UMW Meets With Mrs. Glover

The Deport Methodist U.M.W. met September 16 in the home of Mrs. Duane Glover.

The president, Mrs. E.E. Kirkland called the meeting to order. The roll call was answered by seven members present. The business was taken care of during the meeting, the various committees reporting.

Mrs. Curtis Cheatham had charge of the program with a review of one of Dale Evans Rogers' books "The Way, The Map and The Guide".

The meeting was adjourned by repeating the Mizpah.

Time For 4-H Re-Enrollment

By John R. Senter

In case you do not know, as of September 1 of each year, the 4-H enrollment in the state goes to zero. All 4-H members and leaders must re-enroll each year.

There have been a couple of clubs meet and fill out new enrollment forms. The remainder of the clubs will meet later in the month. You probably will want to make a note of your club's meeting and plan to enroll. If you know of someone that is not a 4-H member, try to bring them to the meeting with you.

Presbyterian Women Meet

The Deport Presbyterian Women met Tuesday evening, September 10 in the home of Mrs. Myrtle Singleton in Blossom. This was the annual prayer retreat held in September of each year.

Mrs. Farris Read, president, opened the meeting with the Mission Yearbook of Prayer, discussing the work of Grace Presbytery which is comprised of 53 counties in Northeast Texas. She stated that Grace Presbytery is busy seeking sites for new church developments in the areas of Tyler, Waco and the Dallas-Ft. Worth area.

Mrs. Sam Rice gave the opening prayer.

Mrs. Farris Read conducted a business meeting. She announced the Women's Fall District Presbytery

will be held at the First Presbyterian Church in Commerce on September 26. Registration will be at 9 a.m. and will conclude at 2 p.m. Members who can be asked to turn their reservations in to Mrs. READ by September 20.

The offering of the Least Coin was collected and dedicated by Miss Edith Fuller.

Mrs. Sam Rice was director of the program entitled "Partners, Prophets and Priests". It was prepared by the Rev. Janet Adair Hansen of Prosper for Grace Presbyterian Women.

The theme of the program was "Membership Through Faith" and "Membership as Ministry". This was a modern challenge to women of today to work for God as partners, pro-

phets and priests.

Mrs. John Moore discussed how women can be partners; Mrs. Robert Temple spoke on women as prophets and Mrs. John Denison emphasized women as priests.

Mrs. Ara Fuller read the scripture from Luke 18:1-8 and led in prayer.

The group repeated a special prayer in unison, and Mrs. Rice gave the closing prayer asking God to make us partners, prophets and priests to the glory of God.

Mrs. Joe Al Singleton was welcomed as a new member, and during the social hour, the hostess served refreshments to eleven members.

PUBLIC NOTICE
BRIEF EXPLANATORY STATEMENTS
OF PROPOSED
CONSTITUTIONAL AMENDMENTS
GENERAL ELECTION
NOVEMBER 5, 1985

PROPOSITION NO. 1 ON THE BALLOT

Sections 1 and 2 of House Joint Resolution 6 propose a constitutional amendment that would authorize the Texas Water Development Board to issue an additional \$980 million of Texas Water Development bonds.

The additional bonds to be issued will be dedicated for deposit in the Texas Water Development Fund, with \$190 million of those bond proceeds to be used for water supply loans and facilities acquisition and with \$400 million of those bond proceeds to be used for state participation in the acquisition and development of facilities for storage, transmission, transportation, and treatment of water and wastewater. Of the remaining bonds authorized, \$190 million will be dedicated for use in water quality enhancement projects, and \$200 million will be dedicated exclusively for flood control projects.

The amendment would also allow the legislature to provide for the creation, administration, and implementation of a bond insurance program to which the state pledges up to \$250 million of its general credit to insure payment of the principal of and interest on bonds or other obligations issued by political subdivisions of the state for water conservation, water development, water quality enhancement, flood control, drainage, recharge, chloride control or desalinization. Unless authorized to continue by a two-thirds vote of the members of each house of the Legislature, the bond insurance program will expire on the sixth anniversary of the date on which this section becomes a part of the constitution. Bond insurance issued before expiration of the program will not be affected by such expiration.

The amendment would authorize the legislature to create and appropriate money to special funds in the state treasury to make grants, loans, and other financial assistance available to governmental entities for certain enumerated water planning purposes. Also, the legislature would be permitted to extend the benefits of constitutionally approved water projects to nonprofit water supply corporations.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to authorize the issuance of an additional \$980 million of Texas Water Development Bonds, to create special water funds for water conservation, water development, water quality enhancement, flood control, drainage, subsidence control, recharge, chloride control, agricultural soil and water conservation, and desalinization, to authorize a bond insurance program, and to clarify the purposes for which Texas Water Development Bonds may be issued."

PROPOSITION NO. 2 ON THE BALLOT

Section 3 of House Joint Resolution 6 proposes a constitutional amendment that would allow the Texas Water Development Board to issue and sell Texas agricultural water conservation bonds in an

amount not to exceed \$200 million, if authorized to do so by a two-thirds vote of the members of each house of the legislature. The Texas agricultural water conservation bonds would be general obligations of the State of Texas, and would be paid from the first money coming into the state treasury in each fiscal year. The amendment would allow Texas agricultural water conservation bonds to be issued and sold only for four years after the date on which this Act becomes a part of the constitution.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing the issuance and sale of \$200 million of Texas agricultural water conservation bonds."

PROPOSITION NO. 3 ON THE BALLOT

House Joint Resolution 54 proposes a constitutional amendment that would permit the legislature to authorize a city or town to spend public funds and levy assessments for the relocation or replacement of water laterals on private property if such relocation or replacement is done in conjunction with or immediately following the relocation or replacement of water mains serving the property. Any legislative enactment permitting the expenditure of funds for such purposes would authorize the city or town to fix a lien on the property, with the owners' consent, for the cost of relocating or replacing the water laterals, and would provide that such cost shall be assessed against the property, with repayment by the property owner to be amortized over a period not to exceed five years at the rate of interest set by law. Such liens could not be enforced until after five years from the date the liens were affixed.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to authorize the legislature to enact laws permitting a city or town to spend public funds and levy assessments for the relocation or replacement of water laterals on private property."

PROPOSITION NO. 4 ON THE BALLOT

Senate Joint Resolution 21 proposes a constitutional amendment that would authorize the use of the proceeds from the sale of permanent school fund land to acquire other land for the permanent school fund. Currently, the constitution requires that proceeds from the sale of such land be invested in certain bonds and other securities.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing proceeds from the sale of land dedicated to the permanent school fund to be used to acquire other land for that fund."

PROPOSITION NO. 5 ON THE BALLOT

House Joint Resolution 89 proposes a constitutional amendment that would enable the legislature to regulate the provision of health care by hospital districts by determining

the services the district must provide, by setting requirements a resident must meet in order to qualify for services, and by determining any other relevant provisions necessary for providing health care to residents.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to authorize the legislature to regulate the provision of health care by hospital districts."

PROPOSITION NO. 6 ON THE BALLOT

Senate Joint Resolution 6 proposes a constitutional amendment that would enable the State of Texas to enter into an agreement with another state to confine inmates from the state of Texas in penal or correctional facilities of the other state.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to permit state prisoners to be placed in penal facilities of another state pursuant to an interstate agreement."

PROPOSITION NO. 7 ON THE BALLOT

House Joint Resolution 27 proposes a constitutional amendment that would authorize the commissioners court of Chambers County to divide Chambers County into not less than two and not more than six justice precincts. Under current constitutional law, Chambers County may be divided into not less than two and not more than five justice precincts.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing Chambers County to be divided into two to six precincts."

PROPOSITION NO. 8 ON THE BALLOT

Senate Joint Resolution 9 proposes a constitutional amendment that would grant an additional \$500 million in bonding authority to the Veterans' Land Board for the veterans' housing assistance program. Under the current constitution, the Veterans' Land Board is authorized by Article III, Section 49-b-1 to issue and sell not more than \$800 million in bonds, \$500 million of which may be used for the Veterans' Housing Assistance Fund. This amendment would increase that authorization to permit the issuance and sale of up to \$1.3 billion in bonds, \$1 billion of which would be used for the Veterans' Housing Assistance Fund. In addition, the amendment would remove the current definition of "veteran" from the constitution and permit the legislature to redefine "veteran" as the changing times and circumstances require.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment providing \$500 million in additional bonding authority for the veterans' housing assistance program and changing the definition of those veterans eligible to participate in the veterans' land program and the veterans' housing program by authorizing the legislature by law to define an eligible veteran for the purposes of those programs."

PROPOSITION NO. 9 ON THE BALLOT

House Joint Resolution 72 proposes a constitutional amendment that would permit the legislature either to enact a statute or to attach a rider to the General Ap-

propositions Act to require prior approval of the expenditure or emergency transfer of any funds appropriated by the legislature to state governmental agencies.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to protect public funds by authorizing prior approval of expenditure or emergency transfer of state appropriations."

PROPOSITION NO. 10 ON THE BALLOT

House Joint Resolution 19 proposes a constitutional amendment that would authorize the legislature to provide for the issuance of general obligation bonds, the proceeds of which would be deposited in a fund to be known as the farm and ranch finance program fund. The fund would be administered by the Veterans' Land Board and would be used to make loans and provide other financial assistance for the purchase of farm and ranch land. The amount of bonds outstanding at any one time would be limited to \$500 million. The principal and interest that becomes due on such bonds in each fiscal year would be paid from amounts remaining in the interest and sinking fund at the close of the prior fiscal year, with the balance due to be appropriated from treasury revenues in the fiscal year when such amounts become due.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing the issuance of general obligation bonds to provide financing assistance for the purchase of farm and ranch land."

PROPOSITION NO. 11 ON THE BALLOT

Senate Joint Resolution 16 proposes a constitutional amendment that would define indictments and informations as instruments charging a person with the commission of an offense, and would delete certain technical requirements as to the form of writs and processes.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment relating to the manner in which a person is charged with a criminal offense and to certain requirements applicable to state writs and processes."

PROPOSITION NO. 12 ON THE BALLOT

Senate Joint Resolution 10 proposes a constitutional amendment that would grant the Texas Supreme Court and the Texas Court of Criminal Appeals jurisdiction to answer questions of state law certified from federal appellate courts. In addition, the two courts would promulgate rules of procedure relating to the review of those questions.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment granting the Supreme Court of Texas and the Court of Criminal Appeals of Texas jurisdiction to answer questions of state law certified from a federal appellate court."

PROPOSITION NO. 13 ON THE BALLOT

Senate Joint Resolution 14 proposes a constitutional amendment that would create a board with responsibility for the reapportionment of judicial districts, subject to legislative approval. The amendment would provide for the continued power of the legislature to provide for judicial reapportionment, and would provide that reapportionment

will be the responsibility of the Legislative Redistricting Board if the Judicial Districts Board fails to make a timely reapportionment. The amendment would provide for the creation of judicial districts smaller than a county in counties where the creation of such districts has been approved by the voters at a general election. The amendment would provide for more than one judge for a judicial district. The amendment would rename supreme judicial districts as courts of appeals districts. The amendment would provide that the jurisdiction and terms of court of district and county courts may be as provided by law. The amendment would provide for the jurisdiction of justice courts, which may have additional jurisdiction as provided by law. The amendment would provide for rules of judicial administration and civil procedure to be promulgated by the Supreme Court, and would provide that the legislature may delegate additional rule making power to the Supreme Court or to the Court of Criminal Appeals. The amendment would provide that courts and judges in existence at the time of its adoption remain in existence until otherwise provided by law.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment providing for the reapportionment of the judicial districts of the state by the Judicial Districts Board or by the Legislative Redistricting Board, and providing for the administration and jurisdiction of constitutional courts."

PROPOSITION NO. 14 ON THE BALLOT

Senate Joint Resolution 27 proposes a constitutional amendment that would abolish the office of County Treasurer in Andrews County and transfer the powers and duties of that office to the County Auditor. The amendment would also abolish the office of County Treasurer in El Paso County if, at the statewide election at which this amendment is submitted to the voters, a majority of the voters who vote in El Paso County favor the amendment. The functions of the office of El Paso County Treasurer will be performed by a person employed or designated by the El Paso County Commissioners Court. The amendment also provides for the abolition of the office of County Surveyor in Denton, Randall, Collin, Dallas, El Paso, and Henderson Counties upon approval of such abolition by a majority of the voters who vote on the question at an election called by the commissioners court of the county. If the office of County Surveyor is abolished in any county, the commissioners court may employ or contract with any qualified person to perform the duties of the office.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to provide for:
(1) the abolition of the office of county treasurer in Andrews County and El Paso County;
(2) the abolition of the office of county surveyor in Collin, Dallas, Denton, El Paso, Henderson, and Randall Counties."

Estos son los informes explicatorios sobre las enmiendas propuestas a la constitución que aparecerán en la boleta el día 5 de noviembre de 1985. TRIVIA

Space Traveler

The spacecraft Pioneer 10 has traveled more than 3 1/2 billion miles since its launch in March 1972, reports National Geographic World.

'Greenhouse Effect'

Methane gas, a potential contributor to the "greenhouse effect," has been increasing in atmospheric concentration since 1977, according to researchers at the University of California, Irvine.

A team led by F. Sherwood Rowland, professor of atmospheric chemistry, has regularly collected air samples worldwide for nearly seven years and found an annual methane increase of 1.1 percent throughout the earth's troposphere, or lower atmosphere.

New 'Insanity' Plea Would Expel Experts

A way out of the maze of complex legal precedent and psychiatric confusion surrounding the insanity defense is offered by philosopher Herbert Fingarette of the University of California, Santa Barbara.
He would replace the traditional "not guilty by reason of insanity" plea with a legal concept based on community judgment, not that of experts.

Prairiland Band Booster Club Meets

The Prairiland Booster Club met for the first time Tuesday, September 10 at the high school cafeteria. Approximately fifty attended and enjoyed a covered dish supper.
 Plans were discussed for money making projects, but everyone's help is needed to make this another successful year. Not everyone is aware of the many items that this club provides for the school. This organization provides not only for football but for all the other sports as well and includes any need that the school has. The following is a list of items purchased for Prairiland and made

possible by the Booster Club of 1984-85.
 Girl's volleyball: 25 pair of knee pads, spiker.
 Basketball: 2 nets, 20 mesh work-out tops (girls), 12 work-out tops (boys) and dribbling cones.
 School: paid \$1,200 on video camera.
 Choral Club: Carrying case.
 Baseball: built a batting cage, \$1,570.95.
 Weight room: Paid \$6,000.
 Yearbook staff: enlarger.
 Track: Girl's track slickers, \$800.
 Please support your Booster Club

by giving of your time whenever possible so that they may continue this worthwhile project. The next meeting will be September 24, Tuesday at 7 p.m. Bring a covered dish and a friend.

About 70 percent of the people in America read a newspaper at least once a day.
