

NICHOLS' WORTH

By: Nanalee Nichols

Last week I had a birthday. I didn't like it.

I join the ranks of the unoriginals when I decided that I wouldn't have any more. Or at least not admit to them. Instead of holding at 39 for ten years, I thought I'd hold at 38 instead.

I can remember very, very clearly when I thought that being young was a personal achievement.

I felt a little contempt for older people, and a whole lot of pity.

The realization that I would someday be the same age as they just didn't soak in.

I was sure I'd always be a teenager, or in my twenties!

I suspect that, too, is hardly original. An awful lot of young people feel exactly the same way. Oh, well, their day is coming!

But back to my 38th birthday. The absolute terrible thing about it was that I woke up feeling older. I swear, my back ached. My joints were stiffer than usual. My head held dozens and dozens more white hairs than they had the day before.

Those wrinkles that were just beginning to show had matured overnight!

Cindy made things sooo much better by putting on my card, "One more until the BIG 4-0." With friends like her...who needs...well, you know the expression.

My husband told me that me being older made him feel older. He also laughed and reminded me that I was older than him to begin with.

Thanks a lot, buddy.

The trees in my brother's back yard were planted the summer I was born. He reminded me that those were getting to be big trees...old trees.

Thanks a lot, brother.

It went on that way the whole day. By the end of the afternoon, I was considering what type of wheel chair I should purchase, what kind of dentures I needed, and wondering when the hearing aide would become necessary.

Then I recalled what Vera Grogan, a spry 81, always said. As she rolled up another paper she would grin and look up with "Well...I don't know but one way to quit having birthdays...and I'm sure not ready to do that yet."

Thanks, Mrs. Grogan, from the bottom of my heart. I'm determined now that when I'm her age, I'll feel the same way. Hey, you're only as old as you feel!

The Wonders Of Windsor Wowed Us!

Nanalee Nichols
Editor's Note: I meant to close this column out this week, but a number of people have told me not to do that just yet...they want to hear more. Since no one has voiced an opinion to the contrary, I shall continue for this week and next.

One Wednesday there was Windsor. Oh, was there Windsor!

Windsor Castle is located outside London in rolling, misty countryside that looks like the epitome of every English movie ever seen.

It is, of course, the Duke of Windsor's "place". The Duke of Windsor, for those who may not do any royalty watching, is Queen Elizabeth II's husband.

The castle is absolutely fabulous. It is a huge complex, a mile on each side of its four outer walls.

Within there are all kinds of "grace and favor" apartments, abodes for those who have devoted their lives in one way or another to serving the country, and beautiful lavish state rooms used upon ceremonial occasions.

St. George's Chapel is an experience within itself as one walks into ancient, outstanding stained glass, intricately carved ceilings, and monuments and plaques in memory of those famous and not so famous who served the British Empire and the people before their death.

The crests of the barons hang from the ceiling, emblazoned like a roll of honor from long ago.

A box with a note pad and pencil beside it states that "prayers are made for specific people and needs, please note down the persons name and need and we will offer a prayer."

Absolutely stunning choir pews were carved hundreds of years ago. Every now and again I was struck by the multitude of lives that went into the creation of all this beauty.

One can picture the wood carvers and gilders going about their business within some huge structure before it's completion, hundreds upon hundreds of them painstakingly chipping out works of art.

In Windsor Castle itself, we entered a room which almost literally took me to my knees in shock.

Overhead was the most fabulous ceiling I had ever seen. Done all in gold, it was intricate, yet so perfectly proportioned that the immense size

of the room seemed perfectly natural. Huge chandeliers of Waterford crystal grace the length of the room. Light sparkled and bounced off the gold and crystal, and one could only gaze and gaze until the neck gave out!

Closets were big rooms with priceless paintings within, bedrooms held beds fifteen feet high and decked with golden embroidery and velvets, carved woods and ostrich plumes.

We spent hours going from room to room. We saw the mahogany dining table where President and Mrs.

Reagan dined with the heads of state. The table was closed to its smaller proportion walls while we were there...it would only seat 75 people. When all the leaves are in it, it will seat 150!

Also at Windsor, Madame Trussard's waxworks had an exhibition called "Royalty and Empire". These hundreds of wax figures were absolutely astonishing. One expected them to move and breath.

Devoted to the reign of Queen Victoria, they followed her through the course of her lifetime, from young

woman to her death.

Inside the theatre, the most amazing figures of all spoke, moved and commented upon the age. Charles Dickens and Florence Nightingale spoke their piece, and Victoria and Albert told their dreams at the beginning of her rule.

Even her little dog, lying at her feet, perked his ears at her voice, wagged his tale and yawned!

After the awesome experience of Windsor, it was pleasant to drive out into the countryside to Runnymede.

Here, breeze touched meadows rolled while peaceful cattle grazed upon the hillside.

Runnymede is famous for being the site the Magna Carta was signed on. This world famous document was the beginning of "Justice Under The Law" and the beginning of legal process as we know it.

It wasn't hard, as we wandered across the empty meadow, to imagine the jingle of harness and bits, the flast of bright cloaks and armour as mounted knights and barons, kings and dignitaries met on this hallowed ground for various ceremonies, including the signing of the Magna Carta, back in the ten hundreds.

We walked on down a fence line, then up a winding path through handsome trees. There, inscribed on plain granite, was a monument to John F. Kennedy, set in the center of an acre of land that Great Britain gave to America in memory of the assassinated president.

The rain began again after we had our walk, and we drove home (how easy it was to think of our friend's place as home), through gathering dusk.

A fire, (yes, in July) took away the chill and we sat in Mic's living room sipping iced team (we had the craving, old habits are hard to break).

We began to talk about some of the expressions we heard among the British.

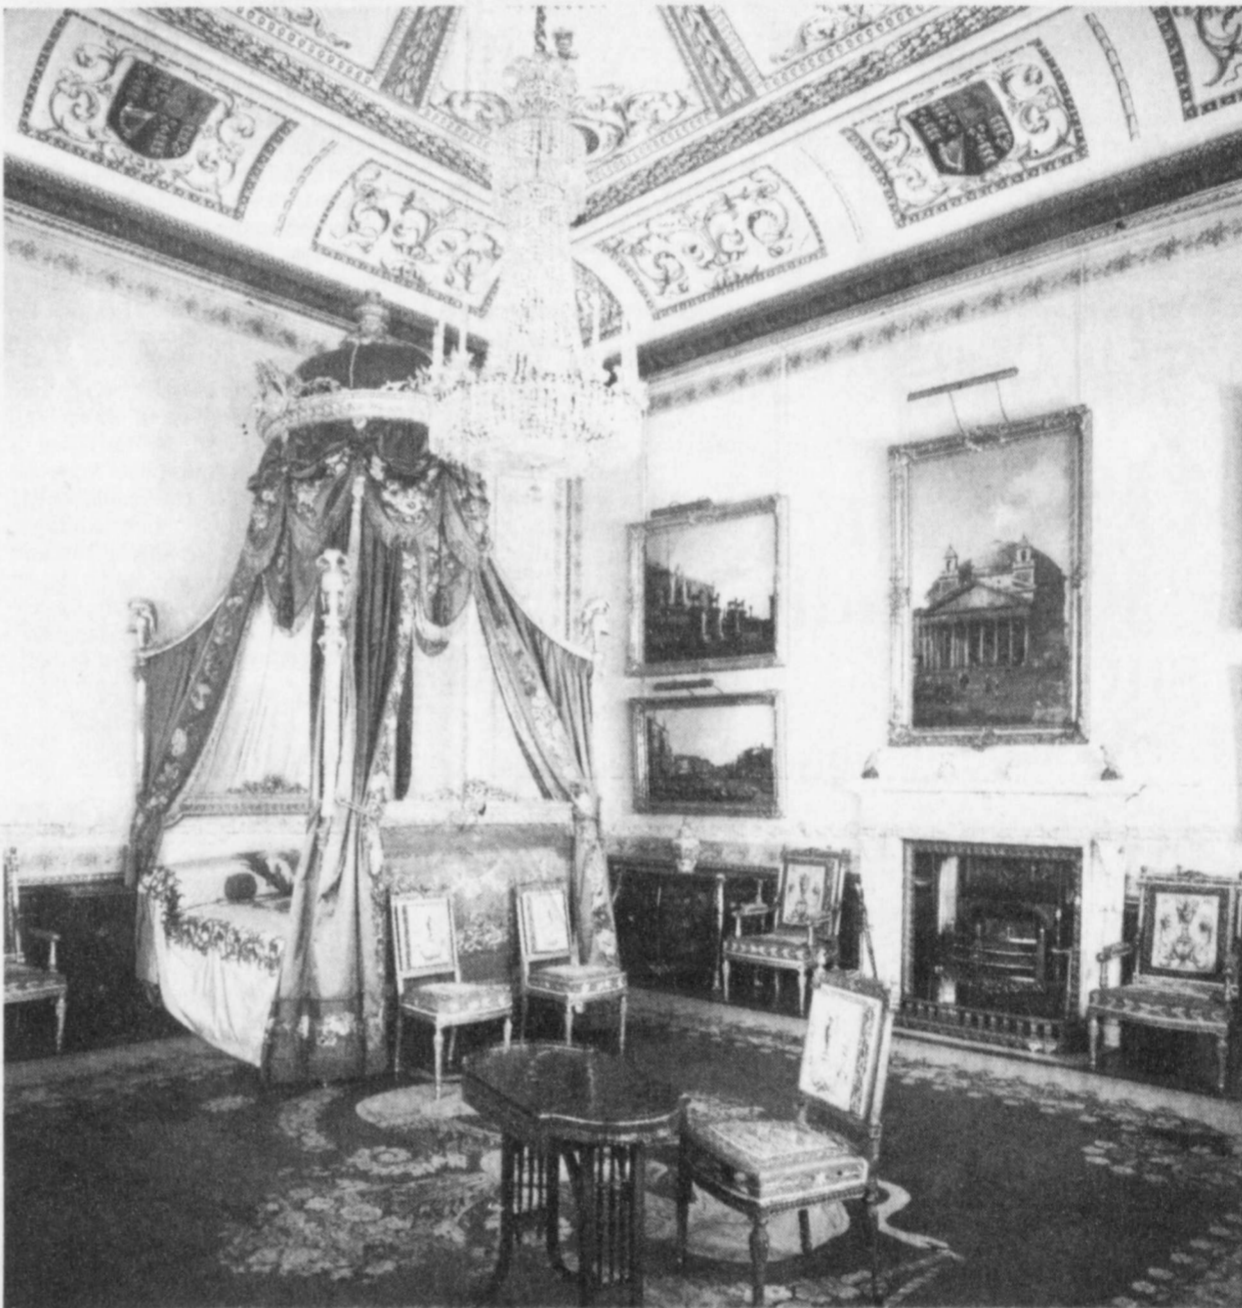

"Full of beans and bus tickets" is their expression for feeling happy and ready to go.

"There's not enough room to swing a cat in" speaks of tight spaces.

For me, the one that sent me off into gales of laughter was "To hell with poverty...give the cat the goldfish!"

"The weakest to the wall" we found out, is an ancient expression. It seems that originally there were no seats in church...only a long bench along each wall of the building. There the crippled, infirm and ill would sit, while all others stood...hence the expression!

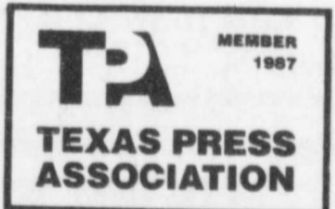

We went, as always, to bed early, because we were always tired and happy after a day filled with our friends and their lovely nation.

SOME BEDROOM! The King's State Bedchamber at Windsor

Castle is quite elaborate, as this picture shows. It has actually been several centuries since royalty has used the room for sleeping, in-

stead, secret affairs of state were discussed and settled in bygone days. Now, it is part of the castle complex open to the public. (Staff Photo)

DEPORT Mayor Charles Foster and Kiwanis Club president James Short along with a committee on restoring the old Deport jail, survey the condition of the historic

structure and discuss the possibilities of moving it to a more

accessible location. (Staff Photo by Thomas Nichols)

Hearing To Be Held On Moving Old Jail

The Deport City Council has set September 14 at 6:30 p.m. as the time for a public hearing to discover how the citizens of Deport feel about moving the old Deport jail to a new site a short distance from its present location, in order to be renovated.

The Deport Kiwanis Club plans to build a concrete foundation close to the front of the walking track in the American Legion Park.

It would be moved to this new site and restored to its original state as closely as possible.

The present location is somewhat inaccessible, and inconvenient.

The Kiwanis Club hopes that by moving and restoring the old jail, which is one of the few such structures left, they can make it a treasured part of Deport's history, to be viewed and enjoyed by all.

Money has already been donated to the Kiwanis Club for the restoration project, although not enough to do it all. The Kiwanis Club will fund the remainder of the project so no tax dollars will be spent on it.

The hearing will determine who is interested in this project and wish it to be moved or who is against it.

Prairiland Releases School Schedule

Students in the Prairiland L.S.D. will report to their first day of classes on Tuesday, September 1. Buses will run their regular schedule and lunches will be served.

Students that are new to the district should come by the school and pre-register before school begins, if possible. Principals will be on their campuses and available to work with students this week. They are asked to bring records from the school in which they previously attended, health records and their birth certificates if a kindergartener or first grader.

Students in grades 9 through 12 will be able to pick up their schedules on Monday, August 24 at 3:00 p.m. in the high school gym. There will be an orientation for high school students at this time, according to Dr. Gary Ballard, high school principal.

Lunches will remain the same as last year. Regular lunches will be \$1.00, breakfast \$.50, reduced lunches will be \$.40 and reduced breakfast \$.30.

Legion Park Named After Charles Foster

The Deport American Legion Post voted to name their new park Charles Foster Park, in honor of his outstanding years of work, both in building the park and for his many years of public service, both to the Legion and to the City of Deport.

The decision to name the park Charles Foster Park came during the Legion's hamburger supper and election of officers.

A discussion on raising funds to build a sign for the new park was held. The Deport Times later announced that it would have the sign

built and erected. New officers were elected and sworn in by the District Commander Loye Adams of Hopkins County.

Red Weaver, Jim Short and Charles Foster cooked the hamburgers.

Duane Glover reported that six sets of lights will be put up on the new walking track, which now has a light coating of channel gravel and is in almost constant use.

Texas-New Mexico Power Company will donate their time and install the lights. They will be tied into the city street light system.

Burglars Take Tools, Mower At Pattonville

Burglars broke into the shop building of Glenn Evans sometime Monday night or early Tuesday morning, taking a riding lawn mower and about \$1,500 worth of shop tools.

The Evans home and shop is located just east of Pattonville on Highway 271, and the family was home but did not hear anything.

The burglars apparently loaded the riding mower and tools, including some hydraulic wrenches and an entire tool box, up onto a "dolly" which

they then pulled down the Evans' driveway. At the driveway, they loaded the stolen goods up and made their escape.

The Evans' fence had been cut to gain entry to the property.

Lamar County Sheriff's deputies were on the scene to investigate Tuesday morning when the burglary was discovered. They discovered both footprints and fingerprints and are investigating the matter.

Wolf-Birch Exchange Wedding Vows

Miss Angela Birch and David Wolf were united in marriage in a semi-formal ceremony at 6 o'clock Saturday evening, August 15 in DeShong Chapel. Dr. L.C. Stout of Bethel Baptist Church in Clardy heard their double-ring vows.

The bride is the daughter of Mr. and Mrs. Wayne Birch of Pattonville and the bridegroom is the son of Mr. and Mrs. George Wolf of Deport.

Dr. Tommy Eads, organist, presented pre-nuptial music and accompanied Michael McFrazier and Charlotte Wallace as they sang "Somewhere", "For Always", and "Somewhere Out There". Mr. McFrazier also sang "One Hand, One Heart" and Dr. Eads also played "The Rose".

The altar was decorated with a 15-branched candelabra and a large arrangement of various colored flowers flanked by seven-branched candelabras and stands holding ferns.

The bride was given in marriage by her parents, she was wearing her mother's wedding gown. The taffeta gown was fashioned with a boat neckline made of Chantilly lace motifs beaded with iridescent sequins and rhinestones. Matching jeweled lace motifs accented the long, fitted sleeves and the front princess panel of the gown. The bouffant skirt featured three tiers in the back which fell into a chapel train and was decorated with a large butterfly bow. Her headpiece was made of flowers and sprays of pearls and held her fingertip veiling of illusion. Additions and alterations to the gown were done by Mrs. Dennis Landers of Paris. The bride carried a cascade of white diamond roses and stephanotis with wisps of lavender, blue, yellow, pink, mint and turquoise gypsophila with needlepoint ivy and iridescent lace and satin ribbons.

Miss Tami Birch of Pattonville, sister of the bride, was maid of honor. Bridesmaids were Miss Genie Weissinger of Sylvan, Miss Jennifer Harris and Miss Monica Thompson of Paris and Mrs. Mike Connot of Blossom.

The maid of honor's turquoise gown was overlaid with multi-colored lace and designed with a fitted off-the-shoulder bodice with single bow sleeves, dropped waist, and full tea-length skirt. The other attendants' gowns of blue, mint, green, lavender and yellow were identically designed.

The flower girl was Miss Rachel Birch, sister of the bride. She wore a pink gown and carried a white basket with multi-colored ribbons. She also carried the bridegroom's ring. Gerald Cook of DeKalb, IL, cousin of the bride, carried the bride's ring on a

heart shaped pillow with multi-colored ribbons.

The Best Way To Keep Your House Cool May Be With a Blanket

It seems strange to use a blanket in the middle of summer. But to keep cool air inside your house, you need the blanket effect of proper insulation.

Without proper insulation, your home loses cool air in the summer (and warm air in the winter). Your cooling/heating system must work harder to maintain a comfortable temperature. The proper amount of insulation will make your home more energy efficient and comfortable.

See if your home meets the recommended "R" value for your area by contacting us today for a free booklet on energy efficient homes.

Clardy News

By Mrs. Virgie Ballard
Mrs. Earnest (Mertie) Randal of Paris was honored on her 80th birthday Friday, August 14, at the Gordon Country Club with a party and supper. About 50 relatives and friends attended. Pictures were taken and the honoree was presented several nice gifts. All enjoyed the fellowship and get together and wished Mrs. Randle many more happy birthdays.

Harold Dillard, son-in-law of Mrs. Hershel Stone, fell at his home in Duncanville Thursday and injured his back. He suffered a stroke, after having aneurism brain surgery 19 years ago but has been able to walk with a cane. He is now 60 years old and his wife is the former Geneva Ruth Pomroy. We hope Harold is better soon.

Time To Prepare Land For Winter Pasture

By Herb Brevard

The time has arrived to start preparing land for winter pastures, says Dr. Sim A. Reeves, Jr., agronomist for the Texas Agricultural Extension Service. If planting small grains on a prepared seedbed, the ground must be broken now.

Small grains and ryegrass are sensitive to acid soils. The production will be limited if the pH of the soil is less than six. The lower the pH, the more limited production will be. To determine the nutritive needs of the soil, a soil test must be run.

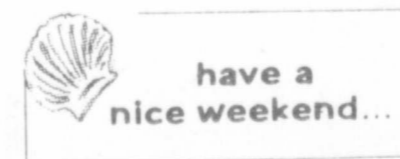

If lime is needed, it should be applied before preparing the seedbed. Also, phosphorus and potassium should be put on before breaking. This enables the nutrients to be incorporated into the soil where the roots

will pick them up easier. Wait to apply nitrogen until planting or until the plants are growing.

Rye is the best choice of small grains in East Texas, Reeves says. Rye will make more growth than other species during cold weather and is not likely to winter kill.

Combinations of different small grains may be advisable as long as one-half of the seed is rye. Include

ryegrass in the mixture to extend the grazing season in the spring.

have a nice weekend...

**4-H Winding Up
 This Years
 Program**

By John R. Senter
 In the July 29 4-H Column, it was stated that Grant Mallicote had the 13th place blue ribbon record book at the District competition. Being as Lamar County had no books place less than seventh, the 13th place listing is not correct. After this was brought to our attention, we want to set the record straight. The Junior Dairy record book by Grant Mallicote placed second, and received a blue ribbon, in District. Sorry Grant.
 If you plan to show an animal or enter a household item in the upcoming Red River Valley Fair, your time is running out. This year's fair will last from August 31 through September 7 and there is a full slate of events.

Open cattle and sheep shows will be held during the week of August 31 and the Junior Shows will be held on Saturday, September 5.

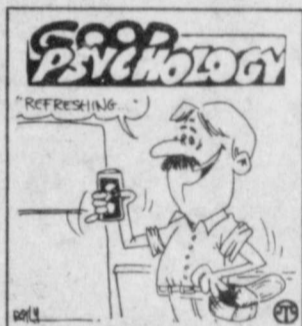

All entry fees are due to the Fair Association office almost immediately so do not waste time.

Open show fees are \$10 each and junior show fees are \$5 per head. We have entry applications if you need them.

This will be the first of several reminders on re-enrollment. As of September 1 of each year, all 4-H'ers and leaders must re-enroll in 4-H.

The best way to do this is at your individual club meetings.

Remember stock shows and a whole bunch of other activities happen in the fall and in order to be eligible, you must join 4-H again. Do not forget, sign up in September.

Cool it. If a tough day at work and a tougher commute home has you too hot under the collar to greet your family with the proper warmth you might like to stop off at the refrigerator first and refresh yourself with a long cool glass of iced tea. Even without sugar it could be enough to sweeten your disposition to the one they're used to.

president, Kenneth Burks; Treasurer, Preston J. Brooks; Chaplain Glen Renfro. Not pictured is secretary Jim Spikes. (Staff Photo by Thomas Nichols)

Keeping Healthy

Hot Weather Hard on the Elderly

Older people have an increased risk of heat-related illness and the National Institute of Aging of the National Institutes of Health warns against heat exhaustion, heat cramps and heat stroke.

The Institute suggests several ways to cool off during a hot spell: taking lukewarm or cool baths or showers, allowing the body to air dry; placing an ice bag or wet towels on the body; staying out of direct sunlight and avoiding strenuous activity; wearing lightweight, light-colored, loose-fitting clothing; wearing a hat outdoors. Whenever possible, remaining indoors in a cool place is advisable.

Another suggestion from the Institute is to drink plenty of water or fruit juices to replace fluids lost through perspiration but to avoid alcoholic beverages.

Elderly relatives or neighbors should be checked on routinely, and especially those who live alone. Danger signs such as nausea, dizziness, fatigue or fever require prompt medical attention.
