## Big Tops And Elephants Top Tombstones

**Editor's Note: No, we didn't see the article in The Paris News and go over to Hugo....this article was worked up before we ever saw the other article!**

Over in Hugo, OK there's a corner in the cemetery that is a little different from most. It's known as Showman's Rest, and the monuments there reflect a way of life for the people buried beneath them...the way of life found in a circus.

Mt. Olivet, located on 8th Street in Hugo, is a lovely, shady cemetery, with a special corner just for the circus folks who chose it as their final resting place.

Gravestones usually have names, dates of birth, dates of death, and that's about all.

But the circus was, literally, these people's whole life, and the markers over their graves reflect what that meant to them.

One identifies the man beneath as "Boss Elephant Man for Carson and

Barnes Circus, the largest herd of circus elephants in America".

Yet another clever stone is carved into the shape of a circus big top, with the main entrance marked and taut canvas folds.

A huge circus wagon wheel sports its shape next to a stone with a circus eighteen-wheeler on it.

Jesse Jessen, who died in March of 1987, has the biggest monument there. It is carved with elephants and circus tents. Jessen was the business manager for Kelly & Miller Circus, which makes it's winter home in Hugo. Carson and Barnes Circus also makes their winter home in Hugo, a town where one can see elephants

grazing in the winter quarters pasture! Performers from both circuses have found their final home at Mt. Olivet.

A stone marked "Kennedy Swain, Swain's Comedians, Plunkett Shows, Kelly-Miller Circus and Carson and Barnes Circus" brings hme what a life-long career the road and perfor-

ming can be. The dates are from 1902 to 1974.

A Showman's Rest Trust Fund in memory of John Carroll has helped make the circus portion of the cemetery special.

One marker has a picture of an elderly man with a trumpet emblazoned on it. "A Showman At Rest" is the final word.

"Circus, With It and For It" is the dedicated challenge on yet another.

Rearing elephants, leaping tigers, roaring lions, circus wagons carved and decorated make the tombstones as unique as the performers buried beneath them must have been.

Whole lifetimes are at rest here, beneath the shade trees and neatly clipped grass.

How many more of their companions must be laid to rest elsewhere,

along the long, long road the circus takes as it travels across the nation?

Perhaps the most poignant and touching epitaph of all is inscribed on a stone dedicated to a concession's vendor...which, according to the marble marker, were sold at "Fairs, Ice Shows, Carnivals, Rodeos and Street Corners". The simple statement sums up what these people

evidently felt for their life. It simply reads "We have had the good life, but the season has ended".

It hasn't though, not quite, for as long as their are circuses to delight children and adults alike, there will be yet another generation of performers to love their lifestyle enough to come eventually to a final resting place at Showman's Rest in Hugo.

CIRCUS Section of Mt. Olivet Cemetery in Hugo, OK, is most unusual. Monuments to circus per-

formers include one shaped like a tent, a circus wagon wheel, and

marble with tigers, big tops and elephants on them. (Staff Photo)

### Deport Kiwanis Club Hears Program On Drug Abuse

The Deport Kiwanis Club was presented a program on drug abuse by Cary Lollar of the Lamar County Sheriff's Department last Saturday morning.

Reading material on drugs and the Crime Watch Program in Lamar County were discussed. Drug

paraphernalia was displayed to club members and the method of usage was explained.

Mr. Lollar told club members drug crime is on the increase. Burglaries are on the increase because of the drugs, and as a result, Texas Department of Corrections is overcrowded leading to early paroles and more

repeat offenders.

Lollar encouraged members in organizing a Crime Watch Program in Deport. The program works, according to Lollar. Ninety-two percent of TDC burglary inmates said that the Crime Watch neighborhoods influenced their decisions to burglarize or not.

### Deport's Cotton Crop May Be Best Ever

The Deport area has one of the largest cotton crops in its history this year, as Blackland Prairie Gin reports 520 bales tagged, and an approximate 3,200 to 3,500 bales still to be brought in!

Nancy Gresham, wife of ginner Earl Gresham, reports that the general consensus of "old timers" is that they have never seen a crop any better, and perhaps never one as good.

A bale and a half per acre seems to be the normal amount of yield this year. Fields are white almost as if a snow had piled up among the stalks. At Cunningham Co-Op Gin, the

reports aren't as good. Cunningham area growers received a large amount of rainfall which had their cotton standing in water for a long time. About three-fourths of a bale per acre is their estimate of yield, ac-

ording to Pat Norwood.

The crop is a little behind the Deport area too, and Cuning Co-Op Gin expects to begin ginning the last of this week unless further rain delays it.

### PEOPLE & THINGS

All correspondents and advertisers are reminded that the MAIL WILL NOT RUN next Monday, Labor Day, and are asked to either bring in their articles and advertisements or mail them in sufficient time for next week's paper....Thanks....

The Deport Kiwanis Club WILL NOT MEET on September 5, Saturday, because of the Labor Day WEEKEND....

Those planning to attend are asked to bring a picnic lunch to be served at 7 p.m.

## Check Your Safety Savvy

We at Texas-New Mexico Power Company are concerned about electrical safety. That's why we've developed this safety checklist. If you're a parent or teacher, you can clip this ad and use it to teach your children or students to use electricity wisely.

## Safety Checklist

- Avoid the use of water around electrical outlets or appliances. Water conducts electricity, so keep all electrical wiring away from water, especially around bathtubs, sinks or swimming pools.
- Never touch a power line with anything, including antennas, tree pruning tools, ladders, or kite strings.
- If you see a fallen power line, do not get close to it. Report it to either our office or the local law enforcement officials.
- Parents of young children should childproof their electric outlets.

Use and enjoy the benefits of electricity — the safest and cleanest power choice — but make sure that it is not used carelessly. Call or visit our office today for more information.

### Prairiland Budget Facts

The Board of Trustees of the Prairiland Independent School District has adopted a budget of \$3,326,225 for the 1987-88 school year and will propose a tax rate increase of 3 and one-fourth cents on September 8.

Superintendent Leslie Taylor said this year's tax rate is expected to be 61.5 cents per \$100 valuation, as compared to 58.36 cents in 1986-87.

Total revenues this year from local, state and federal funding will be approximately \$3,238,550, the superintendent said.

The budget, which is 6 percent less than a year ago, allocates \$2,067,667 for instruction, \$33,407 for computer instruction, \$35,200 for library, \$150,816 for principals and administration, \$200,200 for curriculum development, \$38,744 for counseling, \$1,825 for health services and \$263,465 for general administration.

The general administration fund is decreased 18 percent from 1986-87, Taylor noted.

Other budget allocations for 1987-88 are \$276,284 for maintenance and operation and \$9,000 for construction and improvement. Last year's construction and improvement fund was budgeted at \$279,000, Taylor said, due to the addition of eight elementary classrooms, a cafeteria, high school

track and tennis court.

Additional items budgeted this year are \$130,158 for transportation, \$131,000 for vocational, \$180,154 for cafeteria, \$99,450 for co-curricular, \$67,689 for Chapter I, \$6,841 for Chapter II and \$12,171 for debt service.

All administrative salaries for Prairiland ISD were increased by \$1,000 for the '87-88 school year. The salaries are as follows:

Superintendent, \$50,120, up from \$49,120.

Assistant superintendent of curriculum and transportation, \$42,128, up from \$41,128.

Let's face it! The big financial networks pay much more attention to international economic trends than they do what's happening here!

If you've tried to get a loan from a financial network maybe you get the feeling that they really didn't care about your individual needs. To them small loans and small business are peanuts.

Lamar National Bank makes it's loans right here in the community they serve. They understand the importance of your business and respond to your individual needs. The next time you need a hand...turn to the bank that understands and is proud to share in what happens on Main Street.

concerning drug usage. The talk was one of several concerning crime in the county that the

Kiwanis have heard. (Staff Photo by Thomas Nichols)

**LEVELING IT DOWN**-Thomas Nichols spent a lot of Wednesday and Thursday disking down the soccer field at Charles Foster

Park. On Thursday, a grader leveled the field, then on Saturday, the Deport Kiwanis Club members picked up old bottles, cans and

other refuse unearthed by the work. The park complex is a joint project of the Deport American Legion and the Deport Kiwanis Club. (Staff Photo)

**PICKING UP** refuse from the newly leveled soccer field at Charles Foster Park occupied a

portion of Saturday for Kiwanis members. The park, complete with walking track and bench, soc-

cer field and other amenities is providing a beautiful addition to Deport, and illustrates what can be accomplished when two organizations, the American Legion and the Kiwanis, pool their efforts. (Staff Photo by Thomas Nichols)

**DEPORT Volunteer Firemen** extinguished this grass fire which set a barn alight near Pattonville Tuesday afternoon. David Shelton

apparently was passing, and upon seeing the barn beginning to catch, obtained help in the form of Jack Short. Together the two men freed

four horses trapped in the barn. The fire department put out the fire with minimum damage to the structure. (Staff Photo by Thomas Nichols)
