

NICHOLS' WORTH

By: Nanalee Nichols

Sometimes, in the stress-filled, worry-plagued world of today, we all have problems. For some, those problems are deep and serious, including thoughts of self-destruction, divorce or depression. For others, those problems may not be nearly as major, and just "talking it out" to someone not in the family may help a lot.

In advice columns, people are urged to "contact your local counseling agency" or seek help from all kinds of public help organizations.

That's because we live in an increasingly urban world where such organizations exist. But what do people locally do? Where does one go for help when these avenues don't exist, or exist in only a marginal manner?

Well, it was pointed out to me last week that help is available, and that it costs nothing, is well qualified, and asks nothing in return. It was not a minister that mentioned this to me, but it is local ministers that they were referring to.

Throughout our communities, ministers abound. And these days, ministers have to know a whole lot more than simply the gospel. There are dozens of ministers who have hours of psychoogy, counseling and training in assisting people in need.

More than degrees they have compassion, and a lot of experience in almost any field of trouble.

These ministers do not pass judgement, do not require that one be a member of their church before extending a helping hand, and won't pressure someone into attending church.

They want to help because it is a Christian thing to do.

Of course they cannot solve a problem, but they can frequently set someone on the way to helping themselves. They can be a comfort, they can be a "shoulder to cry on". If serious medical, psychological or marriage counseling seems in order, they know where it can be found.

They can even be a help in finding assistance with financial matters if that is a problem.

Ministers can be more than someone who visits the sick or preaches a funeral or sermon. They are almost all willing to help in whatever way they can, and probably are the most qualified people around to do so.

The value of a listening ear cannot be overrated. There are plenty of caring listening ears available, and many ministers on the list.

Remember them in times of trouble, or if you know someone who needs a helping hand.

A homecoming dance, sponsored by the 1987-88 senior class, will be held in the cafeteria immediately following the game.

The city of Houston received the largest payment, \$8.6 million, bringing total payments in 1987 to \$99.9 million, down 7.7 percent from last

year's total to date. Dallas' check for \$6.3 million brought the total for this year to \$74.2 million, a decrease of 6.9 percent from last year.

Locally, Blossom received \$975.08, for a 20.24 percent increase over last year's payment to date of \$927.80. Total payments to date are \$12,386.22.

Detroit received no payment this period for a 13.51 percent decrease

over last year's payments to date.

Mt. Pleasant received \$72,500.30 for a 6.64 percent decrease over 1986 payments to date. Last year they received \$68,873.66 for the same period.

Talco received \$1,646.59 for an 84.62 percent increase over the 1986 payments to date. Payment in 1986 for this same period was \$978.86 with total payments to date being \$27,327.11.

September checks represent taxes collected on sales made in July and reported to the Comptroller in August 20.

Old Jail To Be Moved, Restored

The old Deport City Jail will have a new location and a renovation soon as the Deport City Council voted unanimously to allow the Deport Kiwanis Club to move and restore it.

A public hearing Monday night resulted with no citizen appearing to protest the project, and one person appearing to urge it.

The jail will remain on city property, being moved forward from its present inaccessible location behind the water tower at the end of Main Street to a position slightly to the west of the fence around the tower. It will be adjacent to the American Legion Park and hopefully can become a Deport landmark.

After the public hearing, the City Council held their regularly scheduled meeting.

In some of the first business transacted, they voted to authorize an engineering firm to make application for grant for new streets and water lines within the city limits.

Also on the agenda was procuring a new backhoe for the city. Council members voted to lease a machine for five years.

Kala Barnard sent in her letter of resignation and it was accepted.

Paris Junior College has notified the city that they have grants available to local communities for setting up educational facilities to help people without a high school diploma to obtain their GED certificate.

The council decided that City Hall would be a sign-up point for interested people.

Councilman James C. Short was appointed to speak with Cary Lawler of the Lamar County Sheriff's Department about setting up a meeting to discuss a neighborhood crime watch program within Deport.

Minutes were read and approved, and the financial report heard and approved. An insurance program was presented for the council's consideration by Gary Duke of Life Investors

Insurance Company but no action was taken.

School Board Sets Tax Increase

The Prairiland CISD Board of Trustees set the property tax rate for the school district Monday night, increasing it from 58.36 cents per \$100 valuation to 61.60 cents per \$100 valuation.

This is an increase of three and one-quarter cents.

In other action, they accepted the resignation of Harold Morrison from the school board. Morrison cited lack of time as the reason for his resignation.

They adopted the teacher appraisal system. The first appraisal will be from September 1 to January 15; and the second appraisal from January 18

to May 31. The appraisers will be Larry Salter, Richard Nash, Leslie Taylor, Gary Ballard, L.C. Stout, Max Ballard, Daphna Downs and Jerry Leverette.

A bid for \$500 was accepted on a 1973 International school bus the school is selling. Mike Fox turned in the high bid.

A leave of absence for one semester was granted to Velma Sawyer.

Colleen Slaton was hired as a part time cafeteria employee on the Deport campus.

Minutes were read and approved and the financial report heard.

GED Training Could Become Available In Deport

Deport could possibly have a learning center for people without high school diplomas to obtain their GED certificates soon.

Paris Junior College has notified the city that they have grant money available to set up such a program if interest is sufficient.

The center would be called the Deport Learning Center and would deal with literacy and reading skills

and GED testing.

It would be run by volunteer teachers and the city would provide a location for classes to be held.

To express an interest in this program, people are urged to drop by Deport City Hall within regular business hours Monday through Friday and make their interest known.

The GED certificate can be the key to better jobs and lifestyles, being the

equivalent of a high school diploma. Millions of Americans who could not, for various reasons, obtain a high school education, have used the GED to better themselves. Adults of any age are eligible to participate in such a program. The classes, if begun, would not be just for people living within the city limits, but open to people in the surrounding area.

TNP TIPS for an Energy Efficient REFRIGERATOR

To help you use your refrigerator to its best advantage, TNP has developed this list of operation tips. Follow these suggestions to get the most from your energy dollar.

1. Make sure your refrigerator is installed away from heat sources such as a range, dishwasher, direct sunlight or a heat vent.
2. Open and close doors quickly. If possible, remove or return several items at once.
3. Keep condenser coils clean by regular vacuuming. Dust can reduce cooling efficiency.
4. Replace worn door gaskets. A tight seal will prevent the cool from leaking out.
5. Do not overcrowd or block air circulation in the appliance. However, keep it full for best operating efficiency.

Big Plays Defeat Patriots At North Lamar

By Thomas Nichols

The Prairiland Patriots came away from North Lamar's Maddox Stadium last week smarting from a 38-7 defeat at the hands of the Four A Panthers. "This is an over-used statement made by coaches, but we were just flat," said Patriot Coach Jim Chambers. "They were quite a bit better than us and we just weren't mentally prepared for the game. When things start going bad, it's like a runaway train, you just can't stop it."

The Panthers, with more size, more speed, and much more personnel to draw on wasted no time in scoring, putting six points on the board within five minutes after kickoff. Panther Clint Bryan carried the ball across the goal line, with the Patriot line holding on the point after attempt.

Prairiland marched downfield on the first running of Steven Johnson and Simon Osborne to set up a fourth and one situation on the Panther 7-yard line.

When Patriot Steven Johnson rushed the Panther line, he broke through for the Patriots only score of the evening.

Jack Kindle booted the point after between the uprights giving the Patriots a 7 to 6 advantage with 8 minutes and 31 seconds in the first quarter.

The Panthers took the kickoff back to their own 44-yard line. Three plays later the Patriots had the Panthers in a fourth down situation. North Lamar set up in a punt formation and on the fake pass to their own Troy Jones, managed to make it first and ten deep in Patriot territory.

The next play Clint Bryan raced for six more points, breaking loose and using superior speed to hit pay dirt. They passed for the two point conversion, giving them a 14-7 lead.

This set the tone for the rest of a very discouraging evening for the Patriots.

The Patriots had to relinquish the ball on fourth and four, and from there one could only watch as Bryan raced downfield again to rack yet another six points. This time the PAT was good and the score stood at 21-7, with still three minutes, 42 seconds left to play in the first quarter.

Worse still, with 39 seconds left in the first quarter, Bryan broke tackles all up and down the field to score yet again.

The point after was good and the score was 28-7.

It was late in the second quarter before the Panthers mounted their next threatening drive from Prairiland's 30-yard line.

A Panther pass to Bryan carried him downfield to the 10-yard line, where he was stopped cold by Wade Sparks. On the next play, Bryan hustled in between the goal posts yet again, but a holding call brought it back, and forced him to score on a second attempt.

The half ended, but not before the Panthers had built a 35-7 lead.

Patriot efforts were fruitless in the scoring department, but they held the Panthers scoreless too until late in the third.

Excellent defense on the part of Patriots Charles Kennedy, Joseph Whelchel and Wes Winters kept Bryan from scampering downfield yet again.

In the Panther drive shortly before the end of the third, the Patriots held them to a fourth down on the Patriot 20-yard line. The North Lamar kicker placed an accurate ball between the uprights to top off their final score 38-7.

The fourth quarter was scoreless for both teams.

tion. (Staff Photo by Thomas Nichols)

JUNIOR VARSITY action found the Prairiland JV having a rough night last Thursday as they were held scoreless by the North Lamar

JV team. Chris McCarty has the ball, executing several good plays. The defense also did some good work in the game. (Staff Photo by John Paul Short)

Time after time, Steven Johnson smashed the Panther line and returned the ball on several good kick off returns to rack up an impressive 131 yards for the night.

Coach Chambers concluded, "We have eight more games to play, and will try not to let this happen to us again."

Craig Ladd came in second with 26 yards for the evening, and Mike Ray trailed with 18 yards.

Penalties against the Panthers were heavy as holding, pass interference, off-sides and unsportsmanlike conduct flags flew.

Although it's the final score that counts, the score didn't tell the full story, as the Patriots executed some excellent football offensively and defensively. Shutting down the Panthers for a quarter and a half of football was an achievement in itself.

The Patriots will play the Cooper Bulldogs at Cooper this week, with hopes for a more successful evening.

The Prairiland Junior Varsity fared even worse the evening before, losing to a powerful Panther JV 29-0.

Chris McCarty made some excellent running lays, and there were some good defensive moves, but the Patriots were simply outmatched.

Home Economics Teachers Attend Conference

Prairiland home economics teachers, Sandra Graves and Rhonda Bangs, attended the Texas Education Agency State Improvement Conference for Vocational Home Economics Teachers August 10-13 in Dallas. The theme of the conference was "New Directions-New Dimensions". The purpose of the conference was to introduce new essential elements and curriculum materials, due to the modification as a result of the Master Plan for Vocational Education and provide sessions addressing a variety of topics representing current trends in home economics education, business and industry.

Vocational programs in Texas are in the process of being revised in an effort to provide more semester courses, rather than year-long courses, in order to allow students more flexibility in course selection.

Partial redecoration of the living room of the homemaking department was completed as the sofa was recovered, new tables and lamps purchased, and accessories such as flower arrangements, pictures and decorative wooden craft items were added.

RULES OF THE GAME

CLIP OUT THIS PAGE AND MARK YOUR CHOICE OF WINNERS OF THE GAME THAT APPEARS IN EACH OF THE ADS ON THIS PAGE.

Do not guess the score, just the winner. If you predict a tie, so indicate with the word "Tie" written across the ad.

GUESS BOTH THE WINNER AND THE SCORE FOR THE GAME MARKED "TIE-BREAKER", THAT APPEARS ON THIS PAGE.

Tie-breaker game winner will be counted with other games but tie-breaker game score will be used only to break ties among contestants, with the game winner first, margin of victory second, total game points third and total points by winner fourth. If still tied, the prize money will be divided equally.

Fill in your name, address and phone number (if any) and either mail or bring this page, or a reasonable fac-

simile of the list of games, to either The Deport Times or The Bogata News.

Entries brought to either of the newspaper offices, must be in that office no later than 5 p.m. Friday of this week. If mailed, entries must be mailed to either The Deport Times, P.O. Box 98, Deport, Tex., 75435; or The Bogata News, P.O. Box 306, Bogata, Tex., 75417. All mailed entries must be mailed in time to arrive with the Saturday morning mail.

It is requested that only one entry per person be submitted. In event of more than one entry from a contestant, that person will be eligible for only one prize in that contest week.

Everyone eligible except employees of The News-Times newspapers and their families. Decision of judges will be final.

PUBLIC NOTICE

BRIEF EXPLANATORY STATEMENTS OF PROPOSED

CONSTITUTIONAL AMENDMENTS

SPECIAL ELECTION
NOVEMBER 3, 1987

PROPOSITION NO. 1 ON THE BALLOT

House Joint Resolution 104 proposes a constitutional amendment to allow the legislature to provide a guarantee for the Texas grain warehouse self-insurance fund. The guarantee of the fund may not exceed \$5 million, and when the fund reaches \$5 million, the guarantee will cease. The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to provide for the surety of a grain warehouse fund to be established by the grain industry for the protection of farmers and depositors of grain in public warehouse facilities."

PROPOSITION NO. 2 ON THE BALLOT

House Joint Resolution 60 proposes a constitutional amendment to permit rural fire prevention districts in counties with populations over 400,000 to levy a tax at a rate not to exceed six cents (\$.06) per \$100 property valuation for the district, if the voters of the district approve the tax.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment to raise the maximum property tax rate that may be adopted by certain rural fire prevention districts, but only if approved by the districts' residents."

PROPOSITION NO. 3 ON THE BALLOT

House Joint Resolution 48 proposes a constitutional amendment to extend the school ad valorem tax exemption for elderly persons to the surviving spouse of a person receiving the exemption. If a surviving spouse is at least 55 years old at the time of death of the person receiving the exemption, ad valorem public school taxes could not be increased as long as the homestead remained the residence homestead of the surviving spouse.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment to limit school tax increases on the residence homestead of the surviving spouse of an elderly person if the surviving spouse is at least 55 years of age."

PROPOSITION NO. 4 ON THE BALLOT

House Joint Resolution 5 proposes a constitutional amendment to allow the legislature to create programs and make loans and grants of money for development and diversification of the economy, elimination of unemployment and underemployment, stimulation of agricultural innovation, promotion of agricultural enterprises, and development of transportation and commerce. Bonds or other obligations payable from ad valorem taxes must be approved by the voters in the political subdivision seeking such funding sources.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment authorizing the legislature to provide assistance to encourage economic development in the state."

PROPOSITION NO. 5 ON THE BALLOT

House Joint Resolution 65 proposes a constitutional amendment to permit the State Department of Highways and Public Transportation to contract with the Texas Turnpike Authority and to contribute money to the costs of turnpikes, toll roads and toll bridges of the Authority. The amendment would authorize the governing body of a county with a population over 400,000, a county adjoining such county, and any city or district located in or partially in such county to make agreements with the Texas Turnpike Authority and levy ad valorem taxes to pay part or all of the principal and interest on Turnpike Authority bonds and to pay maintenance and operating expenses of the Turnpike Authority, if the voters approve the tax.

The proposed amendment will appear on the ballot as follows:

and mental health and mental retardation facilities."

PROPOSITION NO. 9 ON THE BALLOT

Senate Joint Resolution 9 proposes a constitutional amendment to provide that a state legislator is eligible to serve in another state office even if the compensation of the office was increased during his legislative term or even if the appointment is made in whole or in part (including Senate confirmation) by the legislature. The legislator could not, however, receive the increased compensation approved during his legislative term.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to provide that a member of the legislature is eligible to be elected or appointed and to serve in a different state office but may not receive an increase in compensation granted to that office during the legislative term to which he was elected."

PROPOSITION NO. 10 ON THE BALLOT

Subsections (d) and (e) of Section 1 of Senate Joint Resolution 12 propose a constitutional amendment to allow the legislature to exempt from ad valorem taxation all tangible personal property except structures which are used as residential dwellings and property held or used for the production of income. This exemption would be in addition to the personal property homestead exemption already established by the constitution. If the legislature authorizes the exemption of additional personal property from taxation, under this amendment, local political subdivisions may pass resolutions providing for taxation of such property unless the property is exempt from ad valorem taxation under another law.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to allow the legislature to exempt from ad valorem taxation certain personal property not held or used for the production of income."

PROPOSITION NO. 11 ON THE BALLOT

Section 1, Subsections (f) and (g) of Senate Joint Resolution 12 propose a constitutional amendment to exempt from ad valorem taxation goods, wares, merchandise, and ores other than oil, gas and petroleum products. These items would be exempt from taxation only if they originated outside the state and were located in the state for a period of 175 days or less for purposes of assembly, storage, manufacture, processing, or fabrication. Such property could be taxed by a county, school district, or municipality if the governing body of the political subdivision took official action to provide for the taxation of the items while they were located in the political subdivision. If the governing body of a political subdivision took official action to tax the items before January 1, 1988, the tax would be effective for the 1988 tax year. If the action were taken after January 1, 1988, and before April 1, 1988, the tax would become effective January 1, 1989.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment providing for the exemption from ad valorem taxation of certain property that is located in the state for only a temporary period of time."

PROPOSITION NO. 12 ON THE BALLOT

Senate Joint Resolution 35 proposes a constitutional amendment to allow a married couple to agree in writing that all or part of their community property will become the property of the surviving spouse if one spouse dies.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment permitting spouses to hold community property with right of survivorship."

PROPOSITION NO. 13 ON THE BALLOT

Senate Joint Resolution 27 proposes a constitutional amendment to authorize the creation of special districts to provide emergency services. The commissioners court in a county participating in a district could, upon approval of the voters, levy an ad

valorem tax of up to ten cents (\$.10) per \$100 valuation of the property located in the district.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to allow for the creation and establishment, by law, of special districts to provide emergency services."

PROPOSITION NO. 14 ON THE BALLOT

Senate Joint Resolution 34 proposes a constitutional amendment to allow the state a limited right to appeal criminal cases. Under current law, only criminal defendants are allowed to appeal. This proposed amendment would allow the legislature to pass laws granting state prosecutors the right to appeal in limited circumstances.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment giving the state a limited right to appeal in criminal cases."

PROPOSITION NO. 15 ON THE BALLOT

House Joint Resolution 35 proposes a constitutional amendment to abolish the office of county treasurer in Gregg County and transfer the duties of that office to the county auditor or an elected official designated by the commissioners court. The amendment would also abolish the office of county treasurer in Fayette and Nueces counties if a majority of the voters in those counties vote in favor of the amendment. In Fayette County, the functions of the treasurer would be transferred to the county auditor or the officer succeeding to the auditor's functions. In Nueces County, the powers, duties, and functions of the treasurer would be transferred to the county clerk.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to provide for the abolition of the office of county treasurer in Gregg, Fayette, and Nueces counties."

PROPOSITION NO. 16 ON THE BALLOT

Senate Joint Resolution 6 proposes a constitutional amendment to allow the commissioners court in a county with a population of more than 150,000 to establish more than one Justice of the Peace court in each Justice of the Peace precinct, i.e., to provide for the election of more than one Justice of the Peace in each Justice of the Peace precinct.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment providing that certain justice precincts may contain more than one justice of the peace court."

PROPOSITION NO. 17 ON THE BALLOT

Senate Joint Resolution 26 proposes a constitutional amendment to allow the legislature to define by law those municipal functions that are governmental and those that are proprietary. This authorization would apply to laws passed by the 70th Legislature, 1987, and by future legislatures in regular or special session. A municipality is liable for damages arising out of acts committed under its proprietary functions, but not its governmental functions. Definition of such functions by the legislature would clarify the liability of a municipality in civil lawsuits filed against it.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing the legislature to define for all purposes the governmental and proprietary functions of a municipality."

PROPOSITION NO. 18 ON THE BALLOT

House Joint Resolution 18 proposes a constitutional amendment to authorize the legislature to provide for the creation, operation, and financing of jail districts. Financing of a jail district could be accomplished through the issuance of bonds and other obligations, or by levy of an ad valorem tax on property located in the district if the qualified electors of a district approve an ad valorem tax or bonds secured by a property tax.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment relating to the creation, operation, and financing of jail districts."

PROPOSITION NO. 19 ON THE BALLOT

House Joint Resolution 88 proposes a constitutional amendment to authorize the issuance of \$500 million in general obligation bonds, the proceeds of which will be used to establish a superconducting super collider fund. The fund would be used to provide economic incentives for the superconducting super collider research facility, and the agency administering the fund would be authorized to grant land or property to the United States government for undertakings related to the facility.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing the issuance of general obligation bonds to fund undertakings related to a superconducting super collider research facility sponsored or authorized by the United States government, and to make appropriate grants for such undertakings."

PROPOSITION NO. 20 ON THE BALLOT

House Joint Resolution 96 proposes a constitutional amendment to allow the legislature to provide ad valorem tax relief for mobile offshore oil and gas well drilling equipment. The tax relief would be limited to equipment that is being stored while not in use in a county that is adjacent to the Gulf of Mexico or on a body of water that is adjacent to the Gulf of Mexico.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to authorize the legislature to provide ad valorem tax relief for certain offshore drilling equipment that is not in use."

PROPOSITION NO. 21 ON THE BALLOT

Senate Joint Resolution 17 proposes a constitutional amendment to provide for legislative involvement in the executive branch of government by permitting the legislature to include the speaker of the house of representatives in the membership of an agency or committee that includes officers of the executive branch of government and performs executive functions. Under current law, the legislature is not allowed to exercise any powers in executive matters under Article II of the Texas Constitution, which provides for the "separation of powers" into three distinct departments.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment permitting the legislature to include the speaker of the house of representatives or the speaker's appointee in the membership of an executive agency or committee."

PROPOSITION NO. 22 ON THE BALLOT

Senate Joint Resolution 53 proposes a constitutional amendment to allow the legislature to limit the term of office of a gubernatorial appointee to a vacancy in a state or district office to a partial, temporary term if the appointment is made on or after November 1 of the last year of the governor's term and the governor is not reelected. Under this amendment, the legislature may provide that the tenure of such an appointee would end sooner than the term would normally expire.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to allow the legislature to limit the authority of a governor to fill vacancies in state and district offices during the end of the governor's term if the governor is not reelected."

PROPOSITION NO. 23 ON THE BALLOT

Senate Joint Resolution 54 proposes a constitutional amendment to authorize the Texas Water Development Board to issue an additional \$400 million in water development bonds. Of the \$400 million authorized, \$200 million would be designated for conservation and development of water resources, \$150 million would be designated for water quality enhancement, and \$50 million would be designated for flood control. The amendment also authorizes the legislature to provide for review and approval of the issuance of the bonds and the use of the bond proceeds.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to authorize the issuance of an additional \$400 million of Texas Water Development Bonds for water supply, water quality, and flood control purposes."

PROPOSITION NO. 24 ON THE BALLOT

House Joint Resolution 83 proposes a constitutional amendment to allow a county to use county equipment and personnel to perform work, without compensation, for another governmental entity if the commissioners court finds that the work will not interfere with the performance of county work and approves performance of the work. The governmental entity must be located wholly or partly in the county, and the governing body of the governmental entity must file a written work request with the commissioners court.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to permit a county to perform work, without compensation, for another governmental entity."

PROPOSITION NO. 25 ON THE BALLOT

Senate Joint Resolution 5 proposes a constitutional amendment to allow the Legislature to authorize Randall County to levy a tax for the benefit of the Amarillo Hospital District. Any such tax could be levied only on property located outside the City of Amarillo and outside the South Randall County Hospital District. The tax could not be more than 75¢ per \$100 property valuation and would be effective only upon approval by the voters in the area to be taxed. If the tax is authorized by the Legislature and approved by voters, the Amarillo Hospital District is to serve residents of part of Randall County. If a tax is levied under this provision, Randall County must repay the State for the cost of publication of this amendment.

The proposed amendment also permits the legislature to authorize a hospital district to change its boundaries or jurisdiction if the district was created or authorized by a constitutional provision that includes a description of the boundaries or jurisdiction of the district. Any change in the boundaries or jurisdiction of such a hospital district would become effective only upon approval of the voters in the district.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing the legislature to permit the Amarillo Hospital District to serve certain residents of Randall County, to authorize Randall County to provide financial assistance to the district, and to authorize certain hospital districts to change their boundaries or jurisdiction with voter approval."

EXPLANATORY STATEMENT FOR STATEWIDE REFERENDUM NO. 1

Senate Bill 86 submits to the voters the question of whether the 15 members of the State Board of Education should be appointed instead of elected. If the proposition passes, the Governor will appoint a member of the board for each district, with the consent of the Senate. If the proposition fails, the members will be elected from these districts.

The referendum will appear on the ballot as follows:

"The State Board of Education shall be composed of members who are appointed from districts instead of elected, with equal representation throughout the State of Texas."

EXPLANATORY STATEMENT FOR STATEWIDE REFERENDUM NO. 2

The Texas Racing Act submits to the voters the question of whether pari-mutuel wagering should be legal in Texas on a county-by-county local option basis. If pari-mutuel wagering is adopted by the voters statewide, a county must also pass a separate proposition on pari-mutuel wagering at an election held in the county before any such wagering may be conducted in that county.

The referendum will appear on the ballot as follows:

"The legalization of pari-mutuel wagering under the Texas Racing Act on a county-by-county local option basis."

Prairiland FHA Active During Summer

Several activities were sponsored by the Prairiland Future Homemakers of America organization during the summer. Sandra Graves, FHA sponsor, organized various art-related classes which FHA members and community members could attend, provided supervision of Extended Learning Experience projects and also redecorated a portion of the homemaking department.

Folk-art painting, T-shirt painting and cutwork collars were the topics of the three organized one-day workshops sponsored by the FHA and held in the Prairiland home-ec department. According to Mrs. Graves, several workshops have been

provided for the last several summers.

During the summer, two Prairiland students, Susan Richey and Christina Proctor, completed the requirements for Extended Learning Experience offered by the Home Economics Department. Mrs. Graves stated that the girls accumulated a one-half credit due to their completion of ninety supervised hours of work and growth in home economics. Both Miss Richey and Miss Proctor fulfilled the requirements in the areas of sewing and cooking. Miss Proctor entered her sewing projects in the Red River Valley Exposition and won first and second prize ribbons, as well as a Grand Prize ribbon.
