

NICHOLS' WORTH

By: Nanalee Nichols

Some seasons are so beautiful that it seems a shame they can't be held tight and kept for just a little longer. Right now, definitely, is such a

New England it may be more colorful, the snow may pile up and bluish in the sunset in the Rockies, and the desert may be at its best right now, but it's hard to imagine a place with a more congenial climate right now than right here.

Mornings are cool and brilliant, with the slanting light gilding leaves and grass to weave a web of brilliance.

Heavy dews make diamond fields of meadows, and the sky is such a bright and glorious color it seems it could be cradled within one's hands.

Evenings linger on, long and lazy, putting the mornings to shame with their own brilliance.

It's a great time to do fall garden chores, lawn work, take a walk, just do nothing...just so it's done outside.

Autumn is here, fall has fallen, the end of the year approaches.

As usual, most of us are appalled at just how fast the year has gone by. We wonder once more where the time went, what happened to summer, how Christmas can be so close!

Perhaps autumn cannot compete with the spring of the year in beauty. In the spring nature seems tired of winter and cannot wait to throw it off and don't its new spring blossoms.

Now, instead of that urgent, brazen green, the grass has mellowed to a dusky golden green.

But in the spring one thing is always apparent...that sense of urgency that autumn lacks.

In spring there is a hurry, work to be done, things to be planted, spring to be sprung!

Now there is a sense of melancholy, a little bit of nostalgic lingering to the days as they try to hold on a little longer, just to put off the grey and cold of another winter.

It is a slow, sweet time of the year. One which conjures up images of how good a fire will feel soon, and we can all relax just a bit...don't rush autumn...let it make its own way out of this year's life.

It's Time To Do Something About Crime!

An Editorial
By Nanalee Nichols

There is an old, very un-funny joke about "Apathy is killing this country...but who gives a damn". Well, it's time that everyone began to give one, and worked together to stop some of the vandalism, theft and break-ins going on throughout the area!

Last Saturday night in Deport, someone stole a flashlight from a fire truck, then turned the key on to run down the battery, and later came back to set off the fire alarm.

It's just not amusing. Deport Volunteer Fire Department answers around 100 fire calls every year. So does Blossom's Volunteer Fire Department. They have a hard enough job without being hampered by trucks that won't start or missing equipment.

They also have better things to do than get up in the middle of the night to find the whole alarm a hoax.

But then, that doesn't affect the majority of folks, does it? They roll over sleepily when the alarm goes off, then

drift back to dreamland.

But, theft affects those merchants who find their windows broken by rocks. And it affects those farmers who find their batteries stolen from their tractors. And it affects those people who come home and find their televisions, microwaves and other valuables stolen, doesn't it?

The time has come for everyone who lives in one of these communities to find out what he or she can do about it. Because it's simply a matter of time before all of us lose something.

It may not be much, or it may be a lot...but the odds are climbing higher and higher that each and every one of us will lose something to vandalism or theft.

Why not drop the apathy and do something about it? It's very, very easy to say that there's nothing to be done, or that the fault lies with law enforcement who don't do anything to criminals, or that one doesn't want to get involved. But no one has the right to gripe and complain unless they are trying to help solve the problem.

Right now, both the Blossom and

Deport Kiwanis Clubs are trying to initiate Neighborhood Crime Watch programs. They must have the support of each and every citizen as much as possible.

It isn't the answer, of course, there is no single answer, but it beats doing absolutely nothing by a whole lot!

Let's begin to take off our apathy, to keep our eyes open, report what we see, to participate in the programs available to help.

Let's see if we can make the crime rate go down, instead of up!

ELEMENTARY STUDENTS, K-5, from the Deport and Blossom campuses recently attended a play

presented by Paris Junior College students. Shown with John Holt, the lion, are Deport students Casey

McFarland, Cliff Adams and Wendy Hutchings.

Citizens Asked Question

The Deport Kiwanis Club wants the citizens of Deport to respond to the following question, "Do we want to form a Neighborhood Crime Watch Program in Deport?"

If anyone is interested, they are urged to call Carlos Ladd at the Deport Insurance Agency at 652-6211 during the day, or the Deport Times at 652-4205. State yes, or no.

If a good interest is recorded in favor of the program, a meeting with

Cary Lollar from the Lamar County Sheriff's Department will be arranged.

In the meeting, citizens will be instructed in methods of protecting their own property and their neighbor's property from burglary.

Surveys from TDS inmates show that over 90% were influenced to burglarize or not to burglarize an area with neighborhood watch programs, so the program could well prove a key in lowering the crime rate.

Vandals Disturb Night

Vandals had a busy night in downtown Deport Saturday night, when they ran across the rooves of several downtown buildings, threw rocks into a few windows, attempted to run the battery down on a fire truck, stole a flashlight from the same

truck, then set off the fire alarm. Four squad cars from the Lamar County Sheriff's Department joined volunteer firemen roused from their beds in the middle of the night in search for the vandals.

Stew Cook-Off Shaping Up

The Deport American Legion Stew Cook Off, set for October 17, already has 12 teams signed up, and will be signing up more.

There is a \$10.00 entry fee and first, second and third place trophies and ribbons and a showmanship award

will be given.

The stew will be sold by the bowlful afterwards, and entertainment set.

There will be other events planned also, and proceeds will go towards improvements for the park.

GRASS FIRE-This grass fire was extinguished last Saturday afternoon at the home of Mark Gray

near Pattonville by the Deport Volunteer Fire Department. The fire resulted from a brush pile go-

ing out of control, and briefly threatened outbuildings. (Staff Photo)

Play It Safe, Plan Your Escape Fire Prevention Theme

This year's theme for fire prevention week, October 4-11 is "Play it safe, plan your escape." Some tips to prevent fires are:

- Never smoke in bed.
- Never leave invalids or small children alone in the house, not even for a few minutes.
- Never use flammable liquids for dry cleaning indoors.
- Have periodic fire drills in your home to be sure everyone knows what to do in case of fire.
- Keep easy to use fire extinguishers in your kitchen, cottage, back bedrooms and on your boat. Invest in smoke detectors, and be sure that they are kept dust free and in working order.

The telephone number of your fire department should be taped to every telephone in your house. If it isn't should a fire occur, don't waste time trying to find it; get out and call from a neighbor's house.

The Bogata Volunteer Fire Department advises the following steps in reporting a fire in this area:

The Volunteer Fire Departments advise the following steps in reporting a fire in this area:

1. In Deport, call 652-3241; in Bogata, call 632-5234; in Blossom, call 982-5300; in Talco, call 379-3331. These are emergency numbers ONLY and should NOT be used for any other

purpose.

2. Don't panic.
3. State: grass fire or house fire.
4. Give directions clearly.
5. Give the name of the owner of the property if you know it.
6. Give your name and the phone number you are calling from. If possible, have someone stay by that phone in case more information is needed.
7. It is important to have someone standing near the road to give directions when the fire trucks arrive. Such as gates and driveways.
8. Know where the nearest fire hydrant is to your house before a fire starts.

Victory March To Aid Arthritis Foundation

Jyle Bullard, Chairman of Deport Arthritis Foundation, announced today that a Victory March will be held November 2-7 to raise funds for the patient service and educational programs of the Arthritis Foundation, North Texas Chapter.

Mrs. Bullard said that arthritis, the nation's number one crippling disease, claims victims in all age groups, most often beginning between ages 20 and 45. At least 100,000 child in the U.S. have juvenile arthritis. Mrs. Bullard feels this event

deserves everyone's attention and support and asked that anyone wanting

to volunteer to make the door-to-door march a success, please contact her.

Local Youngsters Help Celebrate 4-H Week

October 4-10 is National 4-H Week. There are ten area clubs active in 4-H work in Lamar County, Roxton, Chisum South, Blossom, Faught, Powderly, North Lamar, Red Oak, Tigertown, Paris and Prairiland. The clubs work with the County Council and the Adult Leaders Association. Each club elects a council delegate to act as a liaison between the council and club.

Officers for the County Council are: Brian Payne, president; Jamie Irwin, first vice-president; Gina Satcher, second vice-president; secretary, Laura Metzger; treasurer, Jonathan Beyer; information chairman, Sheila Sanders; parliamentarian, Carole McLemore; advisor, Shannon Clinkenbeard. Officers for the Adult Leaders Association are Rick Zant, president; David Hicks, vice-president; and Kay Satcher, secretary. Many activities have been planned to observe National 4-H Week. 4-H is as American as baseball or apple pie, or the U.S. Constitution, now 200 years old.

Seventy-five years have elapsed since the Jack County Boys' Corn Club came into existence and thus founded 4-H in Texas. The program has come a long way from the early beginning of 25 boys to today's program which reaches more than 187,000 boys and girls in every county in Texas. Four-H has a proud heritage and a bright future. As the program looks forward, past events and people make the organization strong. Listed below are some significant events from 4-H history.

1908-Tom Marks, an agent for the United States Department of Agriculture tries to organize an adult corn show and to teach local farmers near Jacksboro improved ways of growing corn. No one is interested. Says Marks, "If I can't teach the old dogs, I'll start with the pups." Thus, Mark organized the Jack County Boy's Corn Club and beginning with 25 boys, he taught them how to grow corn according to new and improved methods. The boys corn crops flourished and outproduced those of their fathers. This was the beginning of rural youth club movements in Texas, a movement which spawned today's 4-H program.

1910-Boy's Corn Club Rally held at the State Fair of Texas in Dallas for the first time. Corn Club members paraded down Main Street of the fair carrying a stalk of corn over their shoulders. This was the first public recognition for the group and it marked the beginning of a long and continuing relationship with the State Fair of Texas. 1910 also saw the first Farmer's Short Course held on the campus of the Agricultural and Mechanical College of Texas. This event was the forerunner of today's Texas 4-H Roundup held each June on the A&M campus.

1912-Mrs. Edna Trigg was appointed to conduct Home Demonstration work among youth and adults in Milam County. She organized Girl's Tomato Club in the area near Cameron. The girls grew 1/10 acre of tomatoes and then canned the

tomatoes they harvested. This was the beginning of the girls' 4-H work in Texas.

1914-The Smith-Lever Act was passed by the Congress of the United States and founded the Cooperative Extension Service, the parent organization of 4-H in the nation. Cooperative Extension Service was organized as a part of the United States Department of Agriculture in cooperation with state and local governments with the purpose of teaching improved practices in agriculture and home economics and related subjects through an informal out-of-school procedure. This act founded the Texas Agricultural Extension Service, the parent organization of 4-H in Texas.

1924-The fourth "H" was added to the boy's and girl's farm club emblem and the 4-H Club was born. The emblem was later adopted and received trademark status, the only trademark emblem held by the government of the United States. It is entrusted to the keeping of the Secretary of Agriculture and its use is restricted to official 4-H activities.

1968-The Texas 4-H program broadens its emphasis to reach urban boys and girls and the program begins to grow as never before. During the period of the next five years, 4-H in Texas would change forever from a purely rural program to one which has something to offer every boy and girl in Texas.

1983-The Diamond Anniversary of 4-H in Texas.

1987-The nation boasts a total of some 4.5 million 4-H youth between the ages of 9 and 19. More than 305,000 of these are Texans. Lamar County has approximately 380 4-H'ers. More and more 4-H'ers are coming

from urban areas. About 66% of the 4-H youth in Texas now come from the larger urban and suburban areas. The remainder of the Texas 4-H'ers live on farms and ranches or in towns of under 10,000 population.

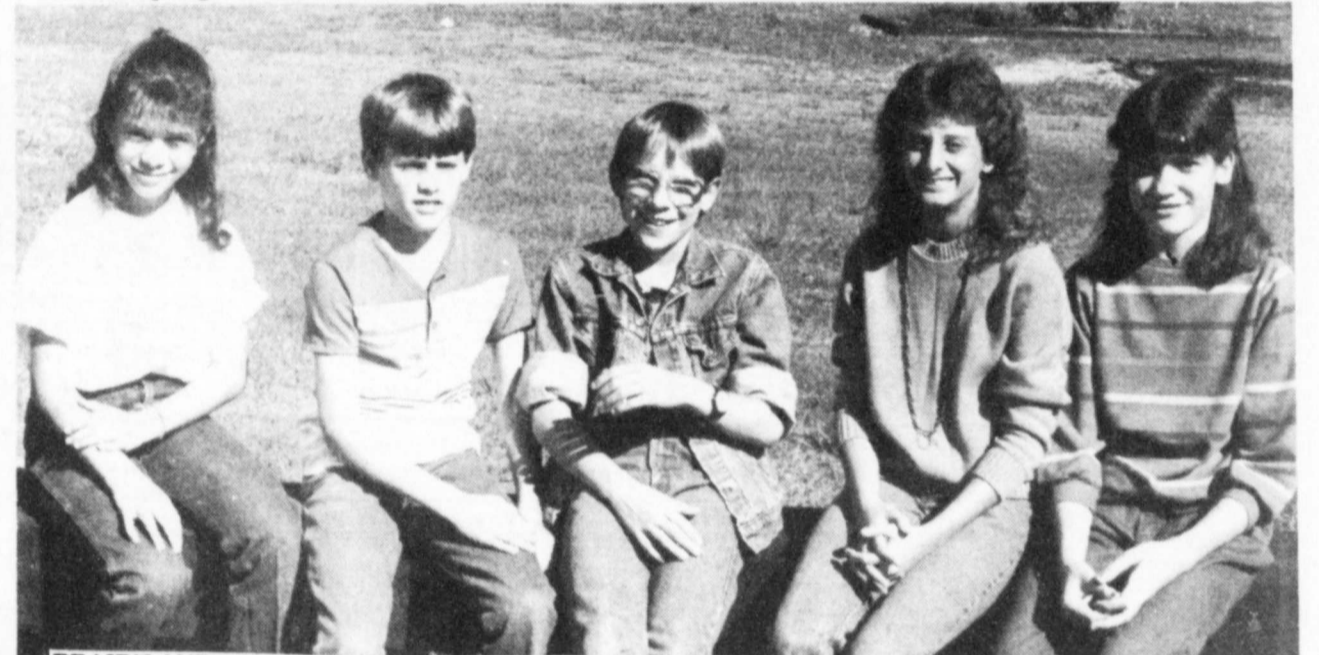

The 4-H program has enjoyed success in the past, but the work must be laid now to the challenges that lay ahead. There are plenty as 4-H strives to prepare youth along the road of life to prepare them to be the leader, tomorrow's America.

1987-88 OFFICERS for Red Oak 4-H are, front row: Rhett Fendley, motto and pledge leader; Lee Ann Vickers, reporter; Kristy Cantrell, motto and pledge leader; Michael

Hooge, treasurer. Back row, Jamie Sue McLeroy, historian; Rachel Chumbley, recreation; Jamie Irwin, president; Giovanni Scarano, vice-president; Amy Ir-

win, council delegate; Sheila Sanders, secretary; Renea Willard, recreation. Not pictured is Amy Adams, council delegate. (Staff Photo by Liz Irwin)

Patriots Down Rebels 14 - 6

Thomas Nichols
 The Prairiland Patriots won their winning game on Friday night, defeating the Ore City Rebels a 14 to 6. Steve Johnson struck first for six points and remained in control with 10 minutes left in the first

period of lay. Then the combination of a big punt return by Giovanni Scarano for first and ten on the Ore City 34-yard line, a big run by Steven Johnson and on fourth down and 31 seconds left, quarterback Martin Babb rifled a pass to Jack Kindle for six points to even the score. Kindle kicked the extra point and

the Patriots owned the game by one point, and one point only until the clock ticked down to one minute and twenty-eight seconds left to play in the game.

In between both teams managed to shuffle up and down the field, but without coming within striking distance of a score.

In the fourth quarter, Steven Johnson marched in the Rebel end-zone to score, and Jack Kindle booted the extra point in, making the score 14-6.

Coach Chambers called the game a "nail biter and the defense of the Patriots played a super game, doing what they had to when they had to."

Without the defensive efforts of the Patriot defense, the final score would have been much different. P.G. Morrison, Wade Sparks and Mike Ray were simply awesome to the Rebel offense all night long. Blocking punts, breaking up passing plays, sacking the quarterback, the trio seemed to always be in on the play.

The Rebel offense trailing by one point, mounted a real threat to the game with a possible touchdown and two point conversion late in the fourth quarter, but penalties and a fired-up Patriot defense proved to be more than they could overcome.

Steven Johnson led the Patriot ground attack with 27 carries for 149 yards. Craig Ladd followed with 18 carries for 72 yards, Wade Sparks carried three times for 36 yards and quarterback Martin Babb threw four passes and completed one for a touchdown.

Coach Chambers said he was thrilled to have a three and two record at this point in the season.

"We have shown we know how to win football games."

The next contest will be against Pittsburg at Patriot Stadium beginning at 7:30 p.m. this Friday night.

SACKED-P.J. Morrison has the Ore City quarterback quite literally up in the air after he and Mike

Ray saved a touchdown Friday night. The Prairiland Patriots took

a 14-6 win over the Rebels. (Staff Photo by Thomas Nichols)

The dark side of portable generators

Portable generators help keep your house bright during power outages. But there's a dark side to this convenience. If portable generators are not installed to meet the National Electric Code, they're dangerous to the public and to linemen working on power lines.

Improperly installed generators backfeed into power lines leading to your house and energize seemingly dead lines. This creates a hazard for linemen trying to restore service and to others who might come into contact with a line lying on the ground. Portable generators can also slow restoration efforts, and the generator itself can even be damaged when power is restored.

If you have a portable generator, please make sure that it is installed properly. If you have any doubts, don't risk a life by using it.
