

**NICHOLS' WORTH**

By: Nanalee Nichols

Since last Wednesday night we have covered two major accidents involving five vehicles and one fatality.

How the loss of life kept from being higher is something of a miracle. But there is another near-miracle that occurs at these times that I've been observing for years. Too much cannot be said about it.

This near-miracle arrives in the form of volunteer firemen and rescue men.

I watched units from volunteers at Blossom and Reno work Wednesday night. I watched units from Bogata, Talco and Clarksville work Sunday afternoon. I've watched Deport, Pattonville, Cunningham...all of them, over the years.

They are tremendous. They do what has to be done...directing traffic, clearing dangerous debris, helping the injured, comforting the stricken. Sometimes what they do is difficult, dangerous work. Sometimes it is simply disturbing.

These people don't do this for a living. They take time out of their normal lives to train as much as they can. They may nly be faced with a specific situation once or twice during their "careers" as emergency personnel.

But they are always there...always working hard and doing a fantastic job.

Consider sometimes what an accident scene would look like without the volunteers. One highway patrolman, when he arrived from somewhere in his huge territory, a county deputy or two, also trying to cover a large area, and the paramedics in the ambulance...again called from a larger town and taking some time to arrive on the scene.

To this, add the traffic streaming by, curious onlookers, wreckage blocking the road, injured people needing attention, sometimes the danger of fire.

Without the volunteer firemen and emergency teams there would be chaos...not enough people to handle the situation.

Volunteer firemen do a great deal more than just go to fires. They are on hand to search for the lost, to help at wrecks, to work during tornadoes, they never know exactly what type of thing they will be doing.

But work they do. For as long as it takes, through whatever the crisis may be. Then they go home, bone weary, and resume whatever their lives routinely are.

They may not be the classic television heroes we watch performing amazing dramatics on the screen.

They are heroes.

### Drug Arrest At Deport Park

Gregory Joe Biddle was arrested Monday night, April 11 after selling two quarter-ounce bags of marijuana to a confidential informant, in the park at the west end of Deport. Biddle, age 29, was arrested by Johnny Maness and Earl Cannady,

investigators for the Lamar County Sheriff's Department.

Charges were filed Tuesday, April 12 for delivery of marijuana over one-quarter ounce, a felony, and possession of marijuana under two ounces. Bond was set at \$5,000.00.

### No Serious Injuries In Firey Crash

Wednesday night, April 6, a two-car, one semi-tractor trailer collision on Highway 82 in Blossom resulted in a near-miraculous lack of serious injuries.

Michael Eugene (Jack) Kindle was attempting a left-hand turn from Highway 82 year Bangs West Side Grocery. He stopped to wait for a semi-tractor rig to go by when he was rammed from the rear and thrown into the path of the semi, loaded with two military armored personnel carriers.

Kindle's 1977 Grenada came to rest almost at the driveway of Bang's Grocery, and was burning by the time it came to a halt.

Kindle, with quick thinking, undid his seat belt and exited the car through the passenger-side window. He hit the ground running and the car exploded shortly thereafter.

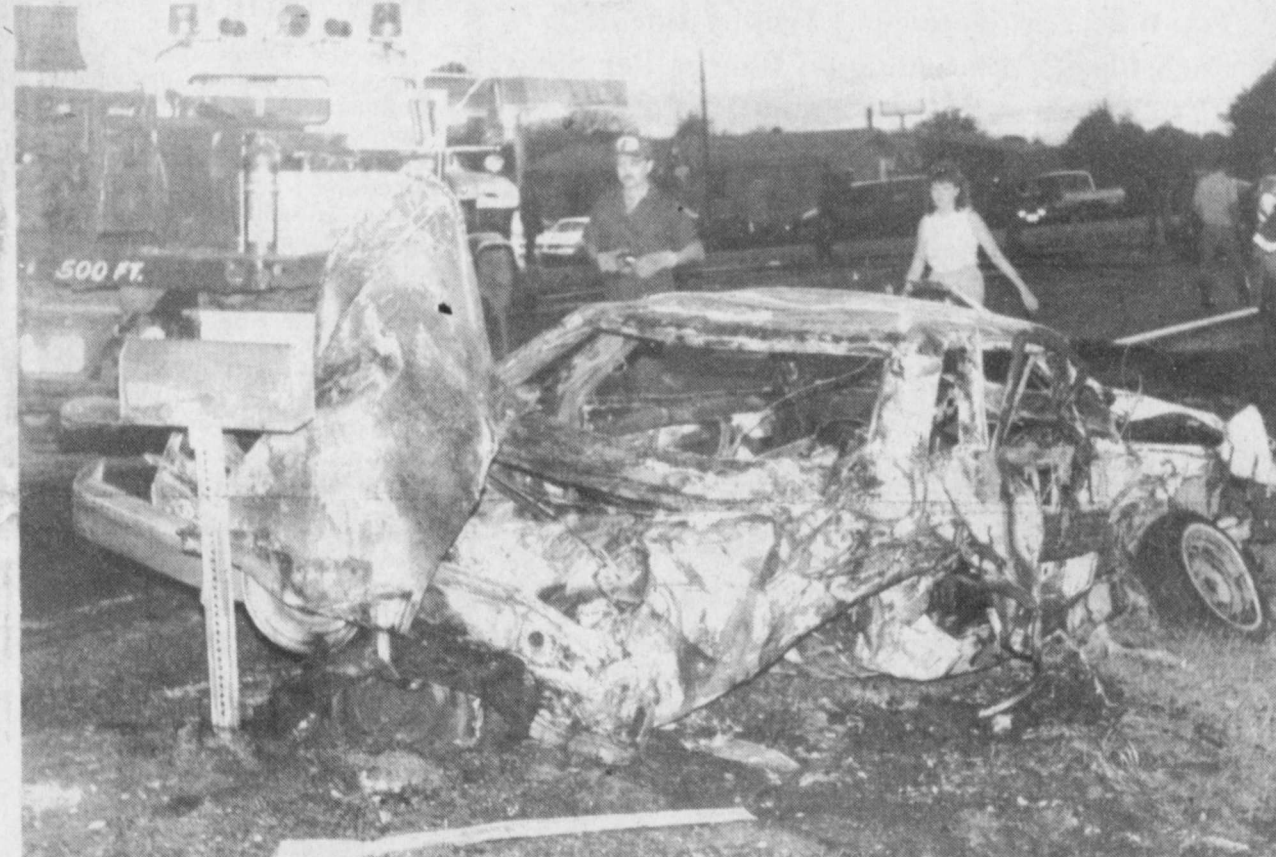

He suffered bad lacerations on his feet and right leg and back, a sprained ankle and multiple bruises.

Mrs. Vera Mae Withers, the driver of the car which first struck Kindle,

according to DPS Patrolman Don Watson, received no serious injuries. The truck driver, Norman Laverne Squibb of Louisiana, was uninjured.

Damage to the truck and Mrs. Withers' car was heavy, and nothing was left of Kindle's car but a burned-out hulk.

DPS patrolman Watson stressed that if both drivers in the cars had not been wearing seat belts, injuries would almost certainly have been severe. If Kindle had been knocked unconscious during his accident, he would almost surely have burned in the car.

CHARRED REMAINS-The burned remains of Jack Kindle's 1977 Grenada rest on the side of the road last Wednesday night in

Blossom after an accident in which Kindle was struck from behind, then thrown into the path of a semi-tractor rig. Kindle, with

lightning reflexes, leaped through the passenger side window of the burning vehicle just before it exploded. (Staff Photo)

## Patriots Take Two To Up District Record

**By Randy Joe Corbell**  
The Prairiland Patriots are 4-2 in District 13AAA play this week after taking the Pittsburg Pirates 6-3 here Tuesday and the Mt. Vernon Tigers 5-3 here Friday.  
In Tuesday's crucial game, Patriot catcher Giovanni Scarano put the first score on the board in double play action when he hit the ball up and over the left field fence bringing himself and Steven Johnson home for a 2-0 lead in the bottom of the second.  
Again in the second, Patriot Jeff Fendley stole second base and Kevin Mowery made a splendid hit to Pirate Melvin Aldridge in left field. But in the time it took for Aldridge to handle the ball, Fendley scored and Mowery moved to second.  
The final score of this 4-0 inning game for the Patriots came when Shannon Baker hit a break ball through the hands of Pirate first baseman Bryan Applegate bringing Mowery home.  
Pitching for the Patriots in the first half, Derrick Hart hurled another out to the Pirates before Mark McKinney hit a long high ball, passed Baker in left field. McKinney took third on this play and eventually scored the Pirates' first point off the bat of Johnny Willett.  
Pirate Dennis McNutt hit to first bringing Willett home for Pittsburg's second point in a three total.  
Prairiland Coach Bill Scudder called time out and replaced Hart with pinch pitcher Wade Sparks. Hart took over first base and Mowery third.  
The change proved to be a good one for the Patriots who held the Pirates at 3 for the rest of the game, Sparks hurling some awesome curves and Hart making some great plays.  
In the top of the fourth Pirate Raymond Plunkett bunted, catcher Scarano scrambled to get the ball moving to Hart. With one foot on base, Hart stretched his long arm and caught a wild ball, the Pirates' first out in the frame.  
Fendley scored the next run for the Patriots in the bottom of the fourth when Baker hit to first, singing the Pirates 5-3.  
At the bottom of the fifth, Patriot battin lineup Babb, Johnson and Scarano determined one last point against the Patriots losing battle.

cond on an out by Babb in the bottom half.

Babb hit to first and stole second with Johnson at the plate. A long, high hit by Scarano brought Babb home for the game's final score 6-3.  
"We used a couple of people who don't usually pitch," Scudder said. "I think they did an excellent job in this must-win game."  
In Friday's game against Mt. Vernon, the Patriot's first score came in the bottom to the second for a 1-0 lead, due in part to mistakes made by Tigers pitcher Greg Lancaster.  
Scarano hit a single to left fielder Preston handled the ball. As Lancaster concentrated on P.G. Morrison at the plate, Scarano stole second. When Lancaster hurled a break fall, Scarano took third and finally scored on a passed ball by Tiger catcher Patrick Edwards ending the second inning 1-0.  
Babb pitched three straight outs to the Tigers in the third, daunting any hope for them to score in this frame.  
Baker walked to first and took se-

When Johnson hit a two-run homer over the left field fence scoring himself and Baker, the Patriots took on a significant unbreakable lead, 3-0.  
In a much needed base hit in the top of the fourth inning, Mt. Vernon took the opportunity. Tiger Brady Garcia walked to first at Lancaster's bat but it was off Preston's bat that turned the play into a two-run single.  
Morrison dominated the game in the bottom of the fourth, scoring the Patriot's fourth home run.  
"It always feels good to win a game like this," Scudder said following the Tigers game. "This game put it (district play) back in our hands. We have to recover from a few injuries, but I think we hit the ball a little bit better."  
Scudder is expected to use the pitching arm of Babb on Friday against Dangerfield thee at 4:30.

**Power lines vs. the bottom line for employers**

If you're an employer, you want to take steps that have a favorable impact on your bottom line performance.

Electrical safety is one of those steps.

By educating your employees about the danger of contacting power lines with anything — backhoes, winches, ladders and other equipment — you can help prevent serious accidents.

You'll avoid valuable time lost on the job and give your employees a safer working environment.

For more information about the potential dangers of power lines, call or visit a TNP office today.

## French Cyclists Travel Through

Those who live on Highway 271, or traveled down it Sunday morning may have noticed a group of seven to ten bicyclists pedaling along the side of the road, going westward.

The group passed through Talco, Johtown, Bogata, Rugby, Deport and Pattonville.

The group were Frenchmen. Equipped with helmets and proper cycling

gear, they are seeing the United States by bicycle.

They stopped at A&R Short Stop in Deport for coffee, cokes and doughnuts and apparently speak very little English.

Smiles and gestures, however, are taking them across the country!
