By: Nanalee Nichols

Oh, the things that a camera lens can do...and the things our readers never know about.

One thing that never ceases to be amazing is just how fast a fraction of a second is...and just how fast a camera lens is.

Cameras freeze the fleeting into forever...sometimes presenting a little problem in the newspaper world.

For example: recently we had an action photograph of a girl. Taking the picture everything happened so fast that nothing was noticeable...but when that picture was printed...oh, boy!

The girl's T-shirt for one split second was...em...inadequate. Not wanting to embarrass her, we didn't print it.

It's Murphy's Law that the shutter always clicks at the very second someone decides to wipe their nose, dig in their ear or scratch.

Over the years there have been pictures that weren't run because of a variety of reasons...nose picking, scratching in various rather personal locations, or simply forgetting to zip up!

Once there was a photo with the shadows in such a way that it looked exactly as if one man had his hand on the leg of the lady next to him.

Folks tend to lick their lips right before the camera fires off. Sometimes that ends up with them frozen in that attitude...looking like they had their tongues sticking out.

It's virtually impossible to get ten to thirty kids lined up, smiling and still. One or two have to roll their eyes, turn away or stick two little fingers up behind their friend's head in the "devil horns" sign.

Sometimes they come out looking as if they had a serious learning disability when there isn't anything the matter but the camera catching that fraction of a second when the facial expression is changing.

There have been pictures in which skirts were hiked up, one in which no one noticed that the subject had a shoe off, and pictures of tobacco chewers that looked deformed.

To say the least, the camera is not always flattering!

At these papers we have never, ever run a picture out of personal preference...nor left one out for that reason. We've had rolls of film that didn't come out, that were misdeveloped, or that were overexposed...resulting in omitted photos.

But by far and away, the hardest job has been trying to pick out the pictures that make everyone look alert, attractive and attentive!

## Smaller Towns Sales Tax Down

State Comptroller Bob Bullock Friday sent check totaling \$57.5 million to 908 cities that collect local option sales taxes at either one or one-half percent rates.

This month's allocation brings the year-to-date increase over 1987 to 6.5 percent.

"The state's economy is on the upswing and growing. Texans are becoming more confident about spending their money," Bullock said.

Bullock also sent checks totaling \$5 million to 81 counties that collect a half-percent county sales tax. Businesses in these counties and 55 cities that adopted the additional half-percent tax began collecting it on January 1 this year.

Only a part of the allocation increase can be attributed to the additional tax and the widened tax base, according to Bullock.

"There's more money being spent

in the state. Cities and counties are finally beginning to reap the benefits of Texas' recovering economy," Bullock said.

The largest city allocation this month, \$9.6 million, went to Houston. El Paso County received \$772,626, the largest county allocation.

Locally, Blossom received \$514.72 for this period, compared to \$713.61 in 1987, for a 7.89 percent increase over total payments to date.

Deport received no payment this period, compared to the same amount in 1987, for a 10.79 percent decrease in total payments to date of \$3,223.52 for 1988.

Paris received \$128,858.67 for a 7.94 percent increase over the same period in 1987.

Bogata received \$1,549.32, compared to \$1,375.66 in 1987 for a 3.85 percent decrease. Clarksville received \$10,603.70 for a 9.89 percent increase while Detroit received \$2,051.11 for a

43.84 percent increase over last year's payment of \$767.62.

Mt. Pleasant received \$63,749.95 for an 11.01 percent increase.

Talco received \$1,476.73 for this period, compared to \$1,546.81 for the same period in 1987, for a 13.03 percent decrease over payments to date for 1988.

April's checks represent taxes collected by monthly filers in February and reported to the Comptroller's Office by March 21, Bullock said.

CRAIG LADD, Prairiland senior and son of Mr. and Mrs. Steve Ladd of Pattonville, has been named one of two winners of the Lamar Electric Cooperative Youth Tour to Washington, D.C. The youth tour winners were among 154 students from schools in Lamar, Red River and Delta Counties. Essays entitled "The Good Ole' Days...Or Were They?" were submitted, and eight finalists were selected. Final winners were then chosen from an oral quiz. Craig and the other winner, Beverly Gilleen of Cooper, will meet with 80 other winners in Texas on June 9 in Lewisville, then leave on June 10 for a 13-day trip to Washington. The group will visit many historic sites, such as the U.S. Capitol, Mt. Vernon and the White House, and will also meet and watch Congressmen in action.

WES WINTERS, son of Bobby Winters, was selected as "Student of the Month" for April by the Prairiland Student Council. Wes has been class favorite and participated in football for four years. He has been actively involved in FFA and served in the capacity of FFA treasurer, FFA president and Paris District vice-president. He is a member of First Baptist Church of Paris and plans to attend Paris Junior College after graduation. Students are nominated by teachers and elected by the Student Council. **Caught**  
A WORLD WIDE PICTURES PRODUCT

April 24, 1988

Dear Community,  
Beginning Friday, April 29 through Thursday, May 5, a beautiful love story will be showing at the Paris Cinema 1 theater. The film tells the story of how a young man is caught in the use and sale of drugs until a friend loves him out of the desperate situation into hope and reconciliation with his family.

Have drugs affected your life in any way—someone in your family, in your school, at your work, or in your community? Few communities in America have been spared from the drug problem.

For the past several months, the local Caught committee has been preparing to bring the film to Paris. Our preparation will be fruitless unless you, your family, and your friends attend Caught. It could be a turning point in the fight against drug abuse.

I encourage each of you to see the film, Caught. You will laugh and you will cry, all for the right reasons.

With concern,  
*Gary W. Ballard*  
Caught Committee

**GOING THE DISTANCE**-Prairiland Patriot Kevin Mowery (4) smiles as he watches Pewitt Brahms defense scramble for the ball in Tuesday's 8-0 victory. (Staff Photo by Randy Corbell)

**...AND THERE'S THE PITCH!** Patriot pitcher Martin Babb (12) prepares to hurl a fast ball in the first inning of Friday's game against the Daingerfield Tigers. Babb hit a home run in the top half of the inning which gave the Patriots a 2-0 lead. (Staff Photo by Randy Corbell)

## Patriots Lose One, Win One

**By Randy Corbell**  
The Prairiland Patriots beat the Pewitt Brahms here Tuesday 8-0, but fell short against the Daingerfield Tigers there Friday in a match that was anyone's game.  
The sweeping win against Pewitt came with pitcher Jack Kindle and catcher Giovanni Scarano returned to play. Kindle offered little for the Brahms to use and Scarano kept the Pewitt defense running.  
The Brahms held the Patriots back until the bottom of the fourth. Steven Johnson hit a high fly into deep centerfield bringing Kindle and Martin Babb home on a double play. Scarano hit a grounder down the third baseline to baseman Kelly Boren, but Boren missed the ball and Johnson took third.  
This kind of fine-tuned play continued through the sixth inning when Patriot Coach Bill Scudder began using pinch players Michael Madewell, Trevor Miller, Ron Griffin and Mike Pickering who together wound up the 8-0 total.

In what may be considered one of the most exciting games in District 13AAA play this season, Daingerfield slipped by the Patriots 3-2 with the deciding point being tossed up for grabs.  
During some moments, it was a battle between pitchers-Martin Babb against Scott Pollard. Babb pitched out 15 consecutive batters and scored the Patriots' early 2-0 lead with a fly hit out of the park. Pollard pitched 14 outs and allowed one walk in this nine-inning game.

Babb's home run came in the top of the first, scoring himself and base runner Wade Sparks. Unfortunately, this would be the only Patriot run of the day.  
What followed was an exchange of plays which offset each team's previous attack. The second inning went by without a base hit.  
With two out in the third, Patriot catcher Michael Madewell, who filled in for Giovanni Scarano, stepped up to the plate with Baker on second and Sparks on first. When Madewell struck out, the bat was in the Tigers' hands.  
However, the game moved quickly to the fourth as Babb pitched starting Tigers Tommy Stewart and left-hander Steve Edmond out. Chris Edwards hit the Tigers' other out with an infield fly into Sparks' mitt.  
Like in the third, the Patriots had two outs in the top of the fourth when Mike Pickering hit a fair ball for the Tiger catcher Joel Skipper. While Skipper, who would later score the victory point for the Tigers, tried to get his grip on the ball for a delivery, Pickering took first. P.G. Morrison hit first on a wild throw by Pollard and it looked like again the Patriots might have a score on the way. What happened instead was a third strike with Shannon Baker at the plate.  
This kind of shortcoming followed the Patriots throughout the game and finally played into the Tigers' favor in the sixth.  
Ironically, it was the same set of circumstances when the Tigers scored—two out, nobody on and it's Edmond who hits first, then stole second. But this time it's a circuit run as Edmond scored on a hit by Pollard and Scott Eastland evened the score, 2-up.

In the seventh, Baker hit to first. As Pollard struck out Sparks and Babb, Baker made his way to third. This time it was Steven Johnson who

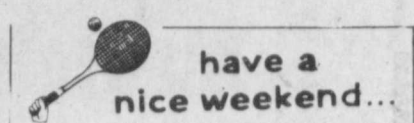

couldn't get a hit, struck out and gave the Tigers another chance.  
"We just couldn't get the hit when we needed it," Patriot Coach Bill Scudder later said. "We had it in our hands, but we just couldn't get the hit."  
"We've got to have it," Daingerfield coach Bill Roundtree told Randy McKay, top hitter in the seventh. When McKay struck out, then Edwards, then Stewart, the game was again in the Pats favor.

"It took some good playing to get us," Roundtree said at this point. But the game was hardly over.  
Pollard struck out Madewell and Fendley before Kevin Mowery made it to first on a long drive to centerfield. Mowery moved to second on Pollard's only walk but a third out turned the tables again.

This tiring counter-action began to take its toll on the Patriots at the top of the ninth. Starting hitters Sparks and Babb hit high flies into the Tigers' mitts and Baker failed to make contact.

In the bottom, Babb pitched the two determining walks to Skipper and McKay. Roger Doddy bunted himself out, but Skipper and McKay moved on the pitch. Madewell sent the ball to third baseman Fendley to get Skipper out. Fendley, who was facing into the sun, missed the ball on Skipper's run.  
"Was that a ball game, or was that a ball game?" one spectator

commented.  
The Patriots will play the Clarksville Tigers here at 4 p.m. Friday, April 22.

# Buying an efficient washer & dryer can be as easy as buying the clothes to put in them

When buying clothes, you look for certain features — features such as size, style and color. Buying an energy-efficient washer and dryer isn't that different. The features just change.

When buying a washer, look for energy-saving features such as water level controls, water temperature controls with warm and cold water options, and cycle options that range from short to heavy.

With dryers, thermostatic sensing and moisture sensing are just two of the features that can help you save energy.

For more facts about choosing an energy-efficient washer and dryer, call or visit your local Texas-New Mexico Power Company office today.

## Rev. Phillips To Speak At Life Tabernacle Church

Rev. Phil Phillips of Rockwall will be presenting the service at 10 a.m. at Life Tabernacle Church in Cunningham this Sunday, April 24.

Phillips ministries is dedicated to protecting children in the Body of Christ. They are not only the leadership of tomorrow's churches, they are in integral part of the Body of Christ today.

The goal of the ministry is to inform parents about the issues that affect children's spiritual, mental and

physical lives every day by increasing the level of concern about what enters their minds through cartoon games, toys, books, music and television. They are also deeply committed to helping fathers understand the importance of fully assuming the spiritual leadership role within their homes.

Rev. Phillips was featured recently on the Phil Donahue Show.

## Hay Should Be Good

By Herb Brevard  
If the weather permits producers can make excellent hay from excess small grain and ryegrass forage, says Dr. Sim A. Reeves, Jr., agronomist. These forages must be cut no later than the flowering stage as quality decreases after flowering. Clover also makes good hay when properly handled.

It is only about six weeks until hay meadows should be cut the first time. Reeves says now is the time to fertilize the hay meadows. If weeds are under control, the first cutting should be clean and high quality. The first cutting is the highest energy hay that is produced in East Texas.

A soil test is the best method to

determine how to fertilize the hay meadow. One ton of hay requires 50 pounds of actual nitrogen, 14 pounds of actual phosphorus and 42 pounds of actual potassium. By projecting the approximate tons of hay expected from each cutting, a producer can roughly determine the amount of fertilizer to apply.

Most of the forage growth is made in May and June. By confining cattle to smaller areas, excess forage can be harvested from hay meadows and pastures. Reeves says producers should remember that fertilizer is applied for growth but to get high quality hay, forage must be cut at the correct stage of maturity.

"The eyes of the Lord are over the righteous, and his ears are open unto their prayers."
