People are funny. Really strange. With all the talk about physical fitness, eating right, exercise, and such, that really isn't where the majority of people find their heart...or their mouth!

As an example. The newest issue of *Southern Living* magazine came out. Sitting down at the local department store for coffee every one of the five people present discussed in detail the three page section devoted to a chocolate cheesecake, a chocolate pecan cake and a chocolate truffle torte.

We mentioned the absolutely gorgeous chocolate iced, the lovely chocolate leaves used to trim them, the cream and blends of bittersweet and milk chocolate used in them.

Not one of us mentioned the entire third of the magazine that was totally devoted to "cooking light!"

A day or two later, with another group of friends the subject of recipes came up.

"Listen," one friend exclaimed, "I tried the chocolate truffle cake in the new *Southern Living*...it's absolutely out of this world."

Again the discussion about those chocolate goodies...and not one single, solitary mention of that 45 page section on "Cooking Light".

Within two days I had the opportunity to taste two of the three chocolate recipes...baked by folks who couldn't resist the temptation to try them.

To date...no one has offered me a taste of one of those "light" recipes. No one has mentioned them, no one is interested in cooking them in the least!

Oh, I suppose somewhere, someone is happily trying the poached pears out...or the asparagus with butter-free sauce.

I haven't met them yet though. It's only human nature, we love what we shouldn't have.

And no matter how hard we seem to strive to eat right, it's those "sinful" goodies that we really devote our efforts to!

Sharon Adams Has Christmas Spirit Year 'Round

By Mollie Williams

For most people, Christmas giving comes only once a year, but not for Sharon Adams of Deport.

Sharon's giving began several months before Christmas in 1988. She crocheted lap robes for every patient on Central Hall of Red River Haven Nursing Home where she is employed as charge nurse. Sharon says she wanted to give her patients something of herself for Christmas. By hand-crocheting and individually gift wrapping each lap robe, Sharon was able to fulfill her own desire and

also show the true spirit of Christmas to all 44 of her patients.

Sharon graduated from Paris High School in 1966 and from Paris Junior Collee in 1974. She has been employed as an LVN at Red River Haven Nursing Home in Bogata for 15 years. Fellow employees describe Sharon as a very sweet and talented co-worker. Administrator Bobbie Cawley said, "We are very happy to have Sharon on our staff here at Red River Haven. She is a very faithful

employee and always trests the patients with kindness.

Sharon is married to Bill Adams. She has a daughter, Anissa, a son, Damon and a stepson, Cliff. Sharon says she worked on the lap robes at night while Bill was working. She also enjoys cooking and gardening.

Sharon's patients have truly been blessed by her kindness. Not only have they received a very useful gift, they have received a gift of love from a very caring person.

SHARON ADAMS shows one of the 44 lap robes she made as Christmas gifts to the patients on Central Hall at Red River Haven Nursing Home in Bogata. (Staff Photo)

Rev. and Mrs. Jim Spikes

Spikes Family Volunteers For Foreign Service

The Rev. and Mrs. Jim Spikes of the First Baptist Church of Deport have volunteered for foreign service. The Spikes will report to the Southern Baptist Convention's Missionary Learning Center in Rockville, VA on March 15. The Spikes will serve in Santiago, Chile.

It is a career commitment, says Mr. Spikes, "We'll serve for about three years, come home on furlough and then go back." The Spikes will probably spend the next 30 years as missionaries.

The girls, Amanda, 4, and Allyn, 2, will accompany Jim and Lori to the learning center where the whole family will receive training regarding the cultural aspects of life in their chosen country. They will be in Virginia for six weeks, from there to Costa Rica for a year of language study before going to Santiago, Chile.

Bro. Spikes will work as church developer and church planter. He will

be starting new churches as well as working with Southern Baptist Churches already established.

Mrs. Spikes will work in home churches in their home as time allows. She will teach her children and will work with native women and children as time allows.

Bro. Jim and his wife went through intensive screening before being accepted. Their physical condition, age, education, age of their children, experience and personal spiritual development are some of the considerations of the screening process.

The Spikes will be living in an urban area in Santiago. "About the only difference between life in Santiago and an American city will be the language," said Mr. Spikes.

Rev. Jim Spikes began his ministry in Deport on June 15, 1986. They will be missed by their many friends in the Deport area.

Constable Boren Is Guest Speaker At Deport Kiwanis Club

Randy Boren, Constable Precinct I, was guest speaker at the Deport Kiwanis Club meeting last Saturday morning. Boren discussed with club members some of the problems facing the county, the nation, and the world.

Boren said that Lamar County is ranked eighth in the state for its crimes, with drugs being the main cause of the crimes. Texas is ranked fifth in the nation.

Boren answered questions concerning his pay, his superiors, and duties. Boren said he answers to the Commissioners Court. His duties require upholding the law in his precinct in whatever manner is required.

When asked about what he has done since taking office on January

1, Boren replied that he has logged over 2,600 miles and written \$1,500.00 in citations, which go to the county in road and bridge fund.

Boren stated that, although he isn't complaining, he took a cut in pay from the Sheriff's Department to accept the Constable position in Precinct I. He cited one of the main differences as being on call 24 hours a day, seven days a week, compared to working specific hours with two days off each week, when he worked for the Sheriff's Department.

Boren said he has found the people of his precinct to be cooperative and supportive.

If a citizen sees something that needs reporting, call him at home at 652-2027 or the Court House at 737-2400.

Special Service To Honor Spikes

Sunday morning, January 29, the First Baptist Church of Deport will present a program "This Is Your Life" for the Rev. and Mrs. Jim Spikes and girls, Amanda and Allyn.

Bro. Carter Lyles will bring the message and the program will be presented by Buddy Malone and Roy Morris.

This will be Bro. Jim's last Sunday as pastor before leaving for the mission field.

All members and friends are urged to attend.

School Board Approves Honors Program

The Prairiland School Board met Monday night, and approved an Honors Program for every major educational category such as Math, Science and English.

They also approved the Advisory Committee for Management Leadership. The committee helps the administration and faculty become better leaders in the school district and community and strives to help students achieve.

The contracts of Superintendent Leslie Taylor was extended to three years; Max Ballard and Dr. Nash's contracts were extended two years.

Minutes were read and approved, payment of bills approved and the financial report approved.

The next meeting will be February 13.

Nursing Home Holds Pie Cook-Off

The employees and friends of Deport Nursing Home entered their best home made pies in a contest Monday afternoon, with residents being sure-fire winners....they got to eat the pies!

Eleven entries were submitted for the taste test to judges Mayor Charles

Foster, Edith Arriaga, Judy Ham and Nanalee Nichols.

After long and careful deliberation, first place cash went to Nannie Bell Ham; second place to Marilyn Crawford and third place to Theresa Fox.

An Editorial

The question has been posed...why do newspapers use names in connection with crimes sometimes and not others? Why are some crimes reported and not others?

Both are excellent questions. Answers, however, vary with circumstances! The set of laws which govern publication without risk of lawsuit are long and complex! Of course, almost everyone knows that anyone under 18 is protected under the law...their names cannot be used. However, there are crimes when their names can be used!

Misdemeanor crimes are run in some newspapers, but many papers adopt the "all or none policy" meaning that if they can't run them all they won't run any. And considering the staggering number of "minor" crimes there are to publish, it's easy to understand why they usually go for "none".

Even though a person may have been convicted or served sentence for other crimes, if they are wanted on misdemeanor charges that is all that can be mentioned at the time, previous crimes are considered irrelevant.

On paper "hot sheets" the activity reports published on police, county or constable reports, names are generally not used because many of those actions will never result in charges. It is an open invitation for litigation to run names of people involved in, say, a "family disturbance".

Many times charges end up being dropped, dismissed on technicalities or reduced.

Why are some crimes mentioned and not others? It isn't because of "buy offs" or personal preference. It's usually because rumor has been stripped fact! Many, many times rumors report that someone has been arrested, charged, or even convicted when in fact no charges at all have been filed. And certainly there is no way to report on a crime when there are no charges!

Every paper spends a lot of time contacting Texas Press Association lawyers, or reading the laws to make sure they get it right, or consulting their own lawyers.

If it seems that criminals are being overly protected by this mesh of laws - what else is new?

Is a power line running through your child's favorite branch of the house?

A power line near a tree can turn your child's favorite play area into a dangerous place.

Before you let your child build a tree house or climb a tree, make sure there are no power lines nearby.

Even if children don't touch a line directly, they can still be shocked if they touch a branch that is touching the line.

If you'd like more information about power line safety, call or visit your local TNP office today.

Rep. Patterson Introduces Legislation On Jail Costs

State Representative L.P. (Pete) Patterson, D-Brookston, has introduced legislation that if enacted would require parolees and probationers to pay jail costs for their time in county jail prior to their convictions.

"This is a real common sense-dollar and cents approach to cover some of the soaring costs counties are absorbing in this state," Patterson said. "Maybe in some small way it will make lawbreakers think a little harder before they commit a crime-crime doesn't pay, criminals pay."

Patterson views the bill as just a part of the House's overall crime package which is so important to the state.

But he also sees the bill as an important step toward making lawbreakers pay back society a portion of what they actually cost it. "I think we often lose sight of the fact that lawbreakers cost all of us and usually a large part of that cost is borne by the counties. Counties are experiencing financial difficulties because of all the associated costs related to criminals," Patterson said.

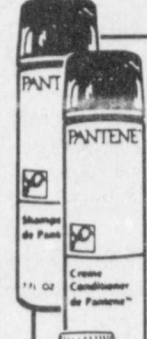

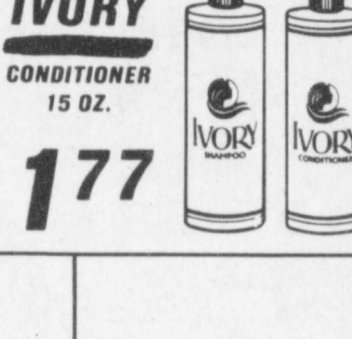

Under provisions of the bill, parolees and probationers would pay the lesser of \$45 a day or actual costs established by the county for their incarceration prior to their convictions. A lien would be attached to their real or personal property by the county in the amount of the costs until the costs are paid.

"It may seem harsh," Patterson said, "but the soaring costs of crime on counties and law-abiding taxpayers is even worse. I think a person would better understand the weight of his crime if he is forced to pay back some of what it costs us all."

MARSHA BRITTON, as a member of the Dallas Symphony Orchestra, recently was booked at Carnegie Hall on December 9 and December 10 performances. The group was accompanied by the New York Pops Orchestra, of which Skitch Henderson is the founder and music director. They did several selections including The Sound of Music and various Christmas and holiday pieces. Susan St. James narrated "Peter and the Wolf". Accompanying Marsha to New York City were two cousins, Janie Graham of Tyler and Sheila

Gibson of Arlington and her mother, Sybil Hanson of Dallas. Marsha makes her home in Rowlett. She is a senior music theory student at North Texas University. In 1986 she went to the Orient with a group called "American Jukebox". They made a stop in Korea and did a month's engagement in Osaka, Japan. During that month, they rode the Bullet Train to Tokyo and back. On their return, the group spent their final weekend in Hong Kong. She is the granddaughter of Mrs. Ben F. Wright of Deport.

FOOT CARE
by
Dr. Max Weinberg
Podiatrist
DIABETES & CIRCULATION
Gravity does its job in pulling blood to the feet when we stand. The return trip, however, is not so easy. Often, there is a stasis of blood, which means that the blood slows down considerably. In the diabetic, the situation is further complicated by faulty sugar metabolism, making the blood circulation even more sluggish. Arterial foot den and narrow prematurely, leading to damage to peripheral nerves. The resultant loss of sensation makes injury and ever dangerous possibility. A person over sixty is more prone to hardened arteries and poor blood circulation, which are both aggravated by the diabetic condition. Because the feet then become an easy target for infection, they should be routinely examined by the podiatrist. Because the diabetic's skin tends toward dryness, it should be routinely treated with an emollient or simple lanolin. Often times we think we know what the problem is and try to treat ourselves. Self-doctoring can possibly intensify discomfort or further injure yourself. If you have any chronic foot pain or other symptoms seek professional assistance.
This has been presented as a public service to promote a better awareness of the benefits of podiatry by the office of MAX R. WEINBERG, D.P.M., P.C.
