March came in...not as the proverbial lion or lamb, but more like a polar bear.

For the second time recently the area fell prey to the stalking white bear, as freezing rain and sleet, then a dusting of snow covered roads and steps, houses and farms.

It's difficult weather to like for most people, although there are those hardy souls who revel in it. But its beautiful, too.

A walk through the countryside reveals a beauty unparalleled. Some of the sights over the weekend?

Every single limb of trees and shrubs was coated in a pristine, sparkling sheath of ice. The clatter of the branches played every music, counterpointed by the whispering wind as it sang by.

Red berries formed bouquets of beauty as they stood out amidst the greys, whites and black of the winter world.

Cardinals and slate juncos, sparrows and crows, wild ducks and cranes flashed movement upon the frozen landscape.

Windows became for unusual pictures for those who were housebound. From every window a different scene presented itself. One might show children sliding and laughing on the street. Another a yellow cat fluffed up with tail curled around paws...and yet another might reveal an insight into the heart of a bush or tree where squirrels or birds hunted for food.

On Monday the sun came out, and treacherous as the ice was underfoot, it became glorious to the eyes.

The glistening, sparkling ice and snow turned the ordinary into the exotic. Overhead power lines carved blazing paths against the sky...fences created necklaces of jewels across the throat of the land.

Icicles drooped down to shatter like fragile windchimes and houses shown like some fabled city of legend.

The cold, the ice causes havoc among traffic, creates problems of mobility.

But like most things, along with that bad came the chance to see good. The chance to enjoy beauty of a kind foreign to our normal environment.

It was beautiful, and it is to be hoped that all took a moment to appreciate that beauty in spite of the complications.

Kiwanis Club Hears Owens, Blankinship

The Deport Kiwanis Club heard two speakers at their regular Saturday morning meeting.

Pct. 1 Commissioner Troy Owens spoke on several county issues and "Hack" Blankinship of Blankinship Oil Company who spoke advocating the County Unit System.

Commissioner Owens directed his program to the club on three things he considers important to the county at this time: the jail, county sales tax and the unit system.

Owens said that Lamar County has had the reputation of being "the" place to commit crimes because of the jail situation. He stated that "Lamar County doesn't have room to lock up all the offenders, and that there are warrants that they can't serve because they have no room to lock them up".

He discussed the Commissioners Court scrapping the jail renovation plans, stating that in his opinion "We need a new jail". The renovation plan, he said, would have cost about \$500,000 and added only seven beds to the old facility.

Owens said that he wasn't in favor of a tax increase, but that taxes will have to go up if the bond for a new jail is passed by the people in the May 6th election.

Owens used a 2 cent tax increase as an example. If a person now pays \$200.65 per year on a \$50,000 house, the taxes would increase by only \$10 for the year.

Owens said that if the county built at least a 144 bed facility, with the capability of being added on to later, it would save \$154,000 per year in salaries because the new facility could be operated with 11 jailers less than needed to operate the present facility which averages around 90 inmates.

Continuing, Owens told the club members that if the new jail was voted in, it would be built north of the courthouse, and the jail could be built with the proposed 3.5 million dollar figure. That is based on a facility in Greenville that is very similar to the one the Commissioners Court in Lamar County is looking at.

Owens told the club that Lamar County also needs a county-wide sales tax. This would mean that everyone who makes a purchase within the county would pay one half cent sales tax. With the sales tax, Owens stated, Property Taxes would have to go down by law.

Base on just three quarters of 1988 on the low side a half cent tax would

would take one million dollars off of property taxes, Again using the \$50,000 example, he said that taxes that run \$200.65 now would drop to \$165.65.

Owens then continued on with his presentation, concerning the unit system. He told listeners that he is not convinced that the county needs this system. It would combine all county equipment under the supervision of one man and one shop. Owens said that he felt that services would be cut. Lamar County, he stated, has over 1100 miles of county roads and Pct. 1 has 280 of those miles. He said that he spends approximately 25% of his time at the courthouse, perhaps a little more now with the jail situation, but that 75% of his time is spent directing road repairs and crew management in his precinct. Under the unit system the county supervisor would be doing most of that work.

After Owens spoke Hack Blankinship began his presentation.

Mr. Blankinship is an advocate of the unit system for road and bridge repairs.

He stated that the four precincts would consolidate road repair equipment, and build a central shop for repairs of equipment and be under the direction of one superintendent. According to Blankinship, under this system the county commissioners would have more time to take care of county business. The superintendent would plan a budget and stick to it and the county would be in a better position of purchasing materials for road repairs.

Blankinship was asked about the superintendents salary, and replied that the new position would pay the same as other county officials. Under the proposal, he said, the county would sell off surplus equipment after consolidation, and purchase a new central shop building.

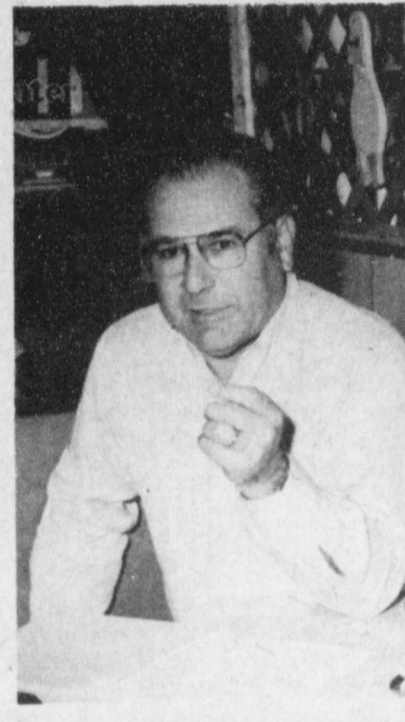

Blankinship stated that he believed that the county could save money by operating with fewer employees.

Nacadoches is one of 34 counties in Texas using the unit system, and it is comparable in size with Lamar County. Blankinship said that before going to the unit system they had 46 employees and now have 33, and that they had 18 trucks before and now have 9.

Another guest at the meeting was Pat Murphy, Democratic chairman for Lamar County, and Bobby Renfro, son of member Glen Renfro.

ICY WINTER Scene-Snow and ice turned the area into a slippery hazard, but also a beautiful scene Saturday, Sunday and

Monday. Low temperatures, freezing rain and sleet, capped with a dusting of snow, melted

quickly in Monday and Tuesday's sunshine. (Staff Photo by Nanalee Nichols)

Winter Weather Lashes Area Again

Winter waited until a little later than usual, then proved emphatically that cold was still definitely in control.

After a warm week last week icy rain began to lash the area on Saturday morning, turning to heavy sleet within a few hours.

Ice began to form on trees, wires and fences, then on cars and structures.

Sleet fell for most of Saturday and into Saturday night, then switched to dry, powdery snow, sealing the ice with a layer of white that ranged from a half inch to several inches.

Among the usual weather problems created by the cold temperatures was a driving hazard that left cars in ditches, fenders crumpled and many people simply staying home.

Highways were coated with a solid sheet of ice so hard that vehicles

didn't really crunch through it. Steps and walks were covered and treacherous, electric and phone lines went down in some places. Utilities employees worked overtime to keep service going.

Ranchers added extra feed to cattle rations, but found that newborn calves frequently froze to death before they could get up and nurse.

Monday morning temperatures didn't rise above the freezing point, but a strong, bright sun began to melt the ice off of roads and roofs.

By mid-day road conditions were almost back to normal.

Bitter temperatures fell again on Monday night, refreezing patches on the road and pools, but Tuesday's warm up quickly took care of it.

Prediction for the weekend...naturally, temperatures in the eighties!

Fire Department Hears Sheriff On Jail Issue

The Deport Volunteer Fire Department met Monday night for a meal of barbecued chicken, and special guests at the dinner were Lamar County Sheriff Gene Burns and Game Warden Craig Tims.

The sheriff discussed with the fire department members the jail situation, saying that the jail is outdated and unsafe and expensive to operate. Sheriff Burns cited the escape last week of three prisoners through a hole in the wall of a closet that was improperly repaired.

Burns said that "criminals need to be punished for the crimes they commit to deter repeat offenders."

As an example he stated that there are 93 prisoners in Lamar County Jail on Monday night, only 11 of those 93 are first time offenders. He blames the problem on a system that has failed to update its equipment.

Burns said that he feels that with a new jail the county can house more criminals, and operate the system more cost effectively. He told fire department members that the cost to feed prisoners in the jail now costs approximately 73 ¢ per meal per inmate. The system in Greenville which is similar to what the county officials here in Lamar County would like to build feeds prisoners for 58 ¢ per meal.

A new jail would allow jailers to take a prisoner out of a cell and still be confined.

Fire protection would be improved, and in comparison, he said, "if the old jail catches on fire the whole building would become engulfed. The jail system that could be built would provide for isolation of areas, preventing the entire structure from

burning. Burns also expressed his thoughts on the 911 emergency number system. He believes a control room needs to be built into the new jail to accommodate the system when it is put into effect.

If approved, the new facility could house officers for the justice of the peace, and constables, leaving office space in the old court house for probation officers.

Sheriff Burns stated that "we are lucky in Lamar County to have good constables doing a good job" He said that the county now has deputies on patrol 24 hours a day.

Other news presented was that the county now has its own Fire Marshal. Clay Owens will attend the next fire marshal school at Texas A&M and will be available to the fire departments of the county when there is a need to investigate a fire.

All members were invited to come to the jail and see the conditions that his department has to deal with in contending with prisoners.

Also present at the dinner was Game Warden Craig Tims, who spoke to members about the problems of illegal hunting in the area.

Tims was in the area Monday night after a report of hunters being spotted at the Tom Jeffs Reservoir north of Deport.

Tims said that shooting wild game such as geese on Federally funded projects would be classified as a Federal Offense, and could mean a jail sentence, not just a fine for offenders.

Tims asked and encouraged the fire department to call him at anytime they needed assistance.

Deport History Classes Hear Texas Historian

Mary Jane Lowry, historian for the George Washington Still chapter of the Daughters of the Republic of Texas visited the Texas History class of Juanita Davis at Deport Junior High School on Wednesday, March 1.

Two of the honor days celebrated by the DRT fall in March. March 2 is Independence Day and Flag Day, and March 6 is Alamo Heroes' Day.

Mrs. Lowry talked to the students about area historical sites they might enjoy visiting, gave them some facts about Texas and also some "brags"

they might enjoy using to boost interest in the state. She sang songs related to Texas history, one being an original song about the Battle of the Alamo, which the students just finished studying.

As historian this year, Mrs. Lowry has made it her goal to bring to the attention of area schools the importance of Texas history and the great heritage of their forefathers. She has sought to instill a pride in the area and the state that will carry over into the next generation.

JUANITA DAVIS has been awarded a certificate of appreciation for heartfelt cooperation in various projects by the George Washington Still Chapter of the Daughters of the Republic of Texas. They have also nominated her for Texas History Teacher of the Year throughout the state.

Starlette Ruckman Is National Award Winner

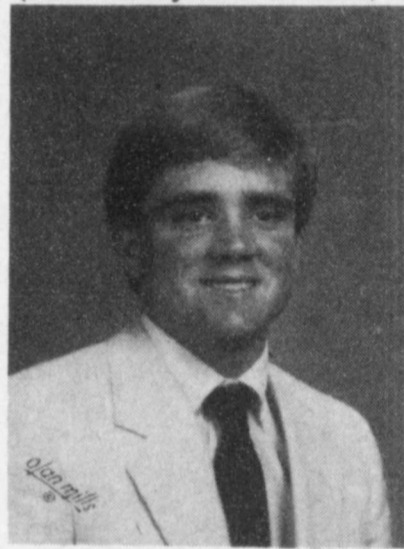

The United States Achievement Academy announced recently that Starlette Ruckman has been named a United States National Award Winner in Science.

This award is a prestigious honor very few students can ever hope to attain. In fact, the Academy recognizes less than 10% of all American high school students.

Starlette Ruckman, who attends Prairiland High School, was nominated for this national award by Steve Cecil, a Biology teacher at the school. She will appear in the United States Achievement Academy Official Yearbook, published nationally. The Academy selects USAA winners upon the exclusive recommendation of teachers, coaches, counselors or other school sponsors and upon the Standards of Selection set forth by the Academy. The criteria for selection are a student's academic performance, interest and aptitude, leadership qualities, responsibility, enthusiasm, motivation to learn and improve, citizenship, attitude and cooperative spirit, dependability, and recommendation from a teacher or director.

Starlette is the daughter of Martha and William Ruckman. Grandparents are Mabel Webster of Avery and Monroe and Ellen Ruckman of Mineola.

WAYNE COUCH II has been awarded the distinguished student award for academic excellence for the fall semester 1988 from Texas A&M University, the College of Science. Couch, a 1987 graduate of Prairiland High School, is a chemistry major at Texas A&M. He is the son of Wayne and Sandra Couch of Pattonville and the grandson of Mr. and Mrs. Marvin Couch of Deport and the Rev. and Mrs. George Griffin of Bowie.

River Cablevision Establishes Central Office

River Cablevision has announced the closing of their Reno office as of February 28.

The main office for all River Cablevision customers is now located at 111 S. Locust St. in Clarksville.

River Cablevision serves cable systems in Powderly, Arthur City, Chicota, Reno, Blossom, Detroit, Deport, Bogata, Clarksville, Annona and Avery.

Customers outside of Clarksville can call the main office on their toll free numbers, according to manager James C. Short.

The new number is 1-800-648-6174. Clarksville customers may call 427-3371.

Short says that the move to Clarksville will give the company a central location with combined personnel and provide better service for their customers.

Waiting

The typical American spends 40 minutes a day waiting -- at stoplights, in lines and in restaurants.

PRAIRILAND PATRIOTS

CONTESTANTS participating in the Auto Mechanics and Auto Body district contest from Prairiland High School are, left to right: Stenton Johnson, first in Auto Mechanics; Tim

McDonald, third in Auto Mechanics. Not pictured is Jay Wilson, first in Auto Body. Students placing first will compete at the state level. (Staff Photo by Pansy Morrow)

Fletcher Promoted At Liberty National Bank

Barbara Fletcher has been named assistant cashier at Liberty National Bank in Paris with her new duties to include direct supervision of paying and receiving tellers, including planning work schedules, staff recommendations, salary reviews and assisting in the resolution of any teller problems.

Mrs. Fletcher joined Liberty Bank in 1968, serving as drive-in supervisor from 1977 to 1984 and head teller from 1984 until the present. She attended the Texas Bankers' Association Seminar, American Institute of Banking, Colorado Banking Institute and the Bank Administration Institute.

The new officer is married to Wayne Fletcher and they have three children, Vicki Britton of Dallas, Stephanie Benoit of Austin and Steve Fletcher of Dallas. She is the daughter of Mrs. Sam Skidmore and is a graduate of East Lamar High School. She also attended Lamar Business College.

She is a member of the First Baptist Church of Paris and the Dolphin Swim Club. Her former organizational activities include the Parent-Teacher Association, Crockett Volunteers, PHS Band Boosters and Opti-Mrs. Her hobbies include crafts, sewing and gardening.

Ramses Lecture, Tour Scheduled Through PJC

A lecture and tour of the "Ramses the Great" exhibit at the Museum of Natural History in Dallas has been scheduled through the continuing education department at Paris Junior College, according to June Jones, director.

The lecture and tour will be on Tuesday, April 11 but reservations must be made by March 10. Only 24 positions are available and will be filled on a first come, first served basis.

The lecture will be given by Jo Carlson, a doctoral student in Art Education at the University of North

Texas in Denton. She is an art instructor at PJC and Collin County Community College and also teaches design at UNT.

Tour guides are not available at the exhibit although the use of ear phones may be purchased at the museum.

The cost of the lecture and tour is \$20 including transportation and the \$6.50 museum fee. Lunch may be purchased at the museum. For those wanting to attend the lecture only, the fee is \$5.

For more information, call 784-9445 or 784-9447.

Pattonville News

By Ann Wright and Jody Crawford

Judy and Calvin Day have a new granddaughter, Ashley Ann Wagner, born to Kathy and Robert Wagner of Blossom.

Area students attending the livestock show in Houston were Greg Vickers and Ron Riffin.

Students representing TAFE in Austin were Tracie Cutbirth, Mary Crawford, Brandy Hall and Jean Jackson. These girls were chaperoned by Jacky Cutbirth. They were stranded in Austin because of ice for two days, although everyone had a wonderful time.

Tammy Gibson represented the Little Dribblers basketball team in the Chisum School tournament. Tammy is the daughter of Larry and Brenda Gibson.

The Durr family of Pattonville attended a birthday meal in Bogata for Debbie Chestner. Debbie was 10 and a skating party was scheduled for later but her grandmother turned the invitation down.

Bill and Ruby McDowra are feeling better after a long bout with flu.

Mrs. Dixie Walker spent the last ice storm in Ft. Worth, visiting and shopping.

Carol Griffin is taking courses at PJC in computer tec, data processing and art.

The Jim Bolings of Shady Grove lost two calves due to the ice over the weekend.

The Roye Vickers family and Bob Crawford family share the same houseguest and grandson, Jason Vickers, son of Debbie and Chris Vickers of Paris.

Pre-Emergence Herbicide Application Time Near For Lawns

By Paul D. Payne
Each spring many gardeners delay the application of pre-emergence herbicides for weed control until it is too late and wonder why poor weed control is achieved. If a pre-emergence herbicide is part of ones weed control program for control of warm season weeds in 1989, then February would be an ideal time to make application.
Remember that a pre-emergence herbicide must be applied prior to the time the targeted weed and/or grass seed germinates. Pre-emergence herbicides will have no effect on weeds already growing. So, it goes without saying that applying such a herbicide now to one of the winter weeds already growing will not control the winter weed.
There are several pre-emergence herbicides available locally. Three of the most commonly used ones are surflan balan and betasan. Either of these will control most of the annual weeds occurring locally. However, they will not control the lawn burweed or grass burr which are problems in some yards.
Pre-emergence herbicides containing either atrazine or simazine will do a much more effective job of controlling burr problems. However, they are known to damage some trees and shrubs where applied to the root area. These herbicides do not generally kill a tree, but leave the leaves deformed. So, if you must use either of these, try to stay away from the root zone of young trees and shrubs.
Most of these herbicides come in a granular form and should be applied evenly over the area in order to get a uniform control. Some also come mixed with fertilizer and are convenient to apply. However, one should compare prices. As a general rule the target date is March 15, but that date may not hold this year.
Individuals wanting to learn how to graft pecan trees will want to reserve Saturday morning, April 15 for a clinic to be held at Crawford's Orchard located at Forest Chapel. More on this later.

Jimmy Pasquill Is National Award Winner

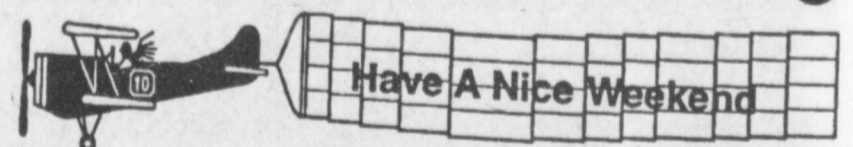

The United States Achievement Academy announced recently that Jimmy Pasquill has been named a United States National Award Winner in Honor Roll and Foreign Language.
This award is a prestigious honor very few students can ever hope to attain. In fact, the Academy recognizes less than 10% of all American high school students.
Jimmy Pasquill, who attends Chisum High School, was nominated for this national award in Honor Roll by Shirley Smith an English teacher at the school and for Foreign Language by Marla Evans, a Spanish teacher at the school. He will appear in the United States Achievement

Academy Official Yearbook, published nationally.
The Academy selects USAA winners upon the exclusive recommendation of teachers, coaches, counselors or other school sponsors and upon the Standards of Selection set forth by the Academy. The criteria for selection are a student's academic performance, interest and aptitude, leadership qualities, responsibility, enthusiasm, motivation to learn and improve, citizenship, attitude and cooperative spirit, dependability, and recommendation

EDNA EARL Wright models some of the clothing from Darden-Sparks Department Store at the Deport Methodist Ladies luncheon last Saturday.

IN spite of the icy weather, a good sized number of ladies shared in the meal, style show and art exhibit. (Staff Photo by Sue Sheppard)

Methodist Ladies Entertain, In Spite Of Weather

The ladies from the First United Methodist Church entertained ladies from other churches in the community on Saturday, March 4, at the church.

Despite rapidly deteriorating weather conditions, 50 guests and church members signed the register.

Mrs. Thelma Warren presided at the registry table. Serving from the refreshment table was Ruth Cheatham, Edna Earle Wright, Mattylu Upchurch, Odell Harvey, Betsy Merritt, Ruth Chipman and Regina Webb. The table was covered in a lace tablecloth with matching punch bowls, one at each end of the table. The centerpiece was an arrangement of fresh spring blossoms. Occasional tables were decorated with spring arrangements of silk blossoms.

Art pieces were displayed throughout the fellowship hall. Works were

by Martha Kate Wood, Dawne Darden, Ruth Cheatham, Dorothy Holt, Nanalee Nichols, with one painting done by Mrs. Tony Simmons as a wedding gift to Regina and Mac Webb. Displayed as well were antique pieces from the home of Ruth Chipman.

Guests were directed to the sanctuary to be entertained with a style show and musical presentation. Melba Ladd, president of the United Methodist Women welcomed all guests, Juanita Sparks offered an opening prayer. Dawne Darden was moderator for a style show using local models and spring outfits from Darden-Sparks Department Store in Deport.

Among the models were Anna Beth Allen, Edith Fuller, Edna Earl Wright, Ruth Chipman, Martha Glover, Lori and Tammy Sheppard, David J. Darden, Chris Nix, Terri Ham, Patsy Norrell, Suzy Kelsey, Juanita Sparks,

Susan Roach and Melba Ladd.

Presenting musical numbers were Suzy Kelsey and Tammy and Lori Sheppard who were accompanied at the piano by Martha Glover. Susan Roach and Teri Ham accompanied themselves as they presented their musical selection.

Flowers in the fellowship hall were compliments of Benjamin Holland. Flowers in the sanctuary were compliments of Lisa Johnson at Lisa's Flowers and Gifts.

The planning committee for this year's event was Ruth Chipman, chairman, Juanita Sparks and Martha Glover.

The afternoon together, "Rainbows on the Horizon" concluded with Ruth Cheatham delivering the benediction.

Admission to Stephen F. Austin's colony at San Felipe was very strictly regulated. The head of each family had to provide an affidavit attesting to his good character, industry, and sobriety. Drunks, vagrants, and other undesirable were literally thrown out of the settlement. As a result, San Felipe in its early days was peaceful and literate. One visitor was startled to hear a farmer reciting Tacitus while slopping his hogs.

Austin did tolerate one vice — horse racing. He thought it would encourage selective breeding to improve the stock.

Reno V.F.W. Burglary Is Crime Of The Week

In January, a large sum of money was taken in a reported burglary from a safe at the V.F.W. in Reno. It is believed that the burglar was either hiding inside when the building was

locked or had a key as no sign of forced entry was found on the building or on the safe.

This week Crime Stoppers is offering up to \$1,000.00 in cash rewards for information that leads to the arrest and indictment of the person or persons responsible for this crime. Callers do not have to give their names to collect the reward. Call Crime Stoppers at 785-TIPS.
