'Tis the season for sinus suffering. Some of us suffer more than others. Some of us, however suffer more from our remedies than the affliction!

"What", you ask "is she babbling about?"

The other night I had a major, hum-dinger sinus headache. I took aspirin and went to bed, and actually drifted off to sleep.

About two in the morning I woke up with a worse headache and stumbled into the bathroom with the idea of putting a hot towel over my face to ease that pounding.

Now at 2:00 a.m. my brain cells aren't real sharp, and digging a washcloth out of the linen cabinet was just too much trouble.

I snatched up the washcloth I had used on my face earlier. It was spread out on the edge of the tub to dry. I soaked it down in tap water and then wandered sleepily into the kitchen to microwave it.

Microwaving wet towels is an old trick I picked up after knee surgery. It really gets them good and warm through and through.

With eyes half open I collapsed back on the bed and drifted happily back to sleep.

Sleep lasted maybe five minutes. Then I began to re-awaken.

Something wasn't right. There was a horrible, nasty, disgusting, sickening odor pervading my nostrils. Words cannot describe how awful that odor was!

I slung the offending washcloth off on the floor, sat bolt upright and tried to figure out exactly what was going on. I believe it would be appropriate to issue a warning at this point. "Those with weak stomachs or a finiky disposition please read no further".

I have a fourteen year old cat. She is cranky, and irritates easily. All her life she has taken revenge on people when they made her angry.

I had pitched her off the bed that evening, because she insisted on trying to sleep by my face instead of on the foot of the bed.

In a fit of pique she had stomped off into the bathroom to sulk. And while there, she had also...well...WET on my washcloth! That, of course, was the washcloth I had microwaved and slapped upon my face!

When the realization of what had happened hit me I stormed into the bath and began scrubbing my face...over, and over, and over.

Sinus headaches were forgotten and I washed and dried, then repeated the process. All the time I was mumbling and muttering about killing the cat...about torturing the cat...about drowning the cat!

Finally I settled down enough to crawl back to bed and sleep what was left of the night away.

Next morning, naturally, I didn't do one thing to the cat.

I can attest to the fact that I don't think that particular type of facial will ever catch on. I don't leave washcloths lying out to dry anymore, and I haven't quite forgiven the cat yet!

## Dumping...A Problem That May Prove Expensive! Fines To Be Imposed On Illegal Trash Dumping

Pct. 1 Constable Randy Boren has announced that he is beginning a campaign to try and help eliminate the incredible amount of illegal dumping that is going on down county roads.

Boren stated that the maximum fine of \$213 per person is going to be enforced on anyone who is charged with illegal dumping.

He has urged everyone who sees someone dumping to get a tag number and contact him or other law enforcement officials so that something can be done to stop this ever-increasing problem.

Dumping is not only a health hazard, and an eyesore, but it is also an expensive problem when it has to be cleaned up. Perhaps even more importantly, dumping is a hazard to wildlife. Emptied cans serve as death traps for small animals when their heads become caught. Plastic "six pack rings" trap birds, waterfowl and animals, choking them to death. Metal pop tops, broken glass, all serve to injure both domestic and wild animals, frequently resulting in lengthy, painful deaths.

Country roads are not for trash disposal, but for travel! At this time of the year wildflowers are in abundance, and their beauty is marred by the filth and trash filling creeks and ditches along the road. Most towns have trash pickup, and there is no excuse for indiscriminate trash dumping. It is no harder to take garbage to a designated dump, or to find a private landowner who doesn't mind his ditch being filled, than it is to drive down county roads looking for someplace to throw trash!

Constable Boren's campaign against trash dumping is an excellent effort. It is only a shame that it takes legal charges and fines to try and stop something that should never have begun.

The temptation to say "but there was already a lot of junk here" is great. Remember, though, adding to the problem can be costly...and is not necessary. Like the state highway department's litter campaign, the county says "Don't mess with Texas".

DUMPING-has become a problem along creeks, ditches and county roads. A health hazard, danger to wildlife and an eyesore, it may also become more expensive to those who get caught as fines will be imposed. (Staff Photo)

## Over \$5,000 Raised At Chili-Stew Supper

The challenge to raise \$1,500 was issued and Deport and the combined team of Deport American Legion and Deport Kiwanis rose to the challenge...and then some! The end result of their chili and stew supper was \$3,675.75, after all expenses were paid. Added to the \$1,500 matching money from challenger River Cablevision the grand total for the fire truck fund was \$5,175.

It all began when River Cablevision was asked for a donation for the new fire truck. They stated that they would match dollar for dollar up to \$1,500 what Deport could make at a fund raising event.

The Deport Kiwanis and Deport American Legion began to sell tickets

for a chili and stew supper, and asked that cakes and pies be donated for sale also.

About 80 cakes and pies were donated and sold and the chili and stew cooks worked from early morning until late Saturday night.

The dedication of those who spent the day cooking, cleaning tables, serving tea and taking money at the door was admirable.

As well as being a successful fund raising event, the supper provided the chance for people to get out and visit while they ate, something that everyone seemed to enjoy.

## Patriots Defeat Winnsboro, Rains

Prairiland batted around and scored six times in the home half of the first inning and then coasted to a 14-3 win over a terribly outclassed Winnsboro team.

After dropping their district opener to Mineola, the Pats have now won three in a row to move into a tie for first.

The Red Raiders scored first in the top of the first as catcher Chuckie Anderson drove in Paul Essil for the lead.

Prairiland then came back with their six run first. Shannon Baker led off with a walk and Wade Sparks, who has been red hot in district play, lined a double to left field. Both men scored on an error and a pop-up to the second baseman in shallow right field.

Martin Babb, who had reached on an error, scored on Giovanni Scarano's long fly to left centerfield. P.G. Morrison then walked and stole second base. He then scored on an error of a ground ball hit by Shannon Osborne.

Trevor Upchurch then blasted a double to left centerfield to score Osborne. He advanced to third as the left fielder missed his cut-off man, and then scored on a passed ball.

This ended the scoring in the first inning and the Pats turned this lead

over to starting pitcher Jack Kindle.

Kindle allowed only four hits and struck out six in the game which was called after five innings because of the ten run rule.

The Pats continued to pile it on as they scored twice more in the second inning.

Prairiland scored four more runs in the third inning on base hits by Baker, Babb, Spark and Scarano.

Prairiland was still not through, as they scored two more times in the bottom to the fourth.

David Miller popped a single up the middle and advanced to second as Ron Griffen walked. David Stevens, who was a starting offensive lineman for the Pats 6-4 football team, then blasted a line drive to right centerfield that shipped past the right fielder to the fence. Steven chugged into third base with a triple that drove in two.

This made the score 14-1 and Winnsboro added two harmless runs in the top half of the fifth.

With the victory, the Pats moved to 3-1 in district play and 9-4 overall.

On Tuesday, Martin Babb pitched and batted the Prairiland Patriots to an 8-1 win over Rains here Tuesday afternoon.

Babb pitched a four hitter, while

striking out 14 batters. AT the plate he blasted a ground rule double and his second grand slam home run in three district games.

Rains began the game as if they would cause problems. Two of the first three hitters popped doubles to score a run in the top of the first inning. This would be the last time Rains would even threaten to score as Babb was in complete control.

The Patriots broke the game open in the home half of the second inning.

Trevor Upchurch, Shannon Osborne, Kevin Mowry and Shannon Baker all walked to tie the score. After Wade Sparks drove in Osborne with a fielder's choice ground ball, Babb ended the suspense as he blasted starting pitcher Rodney Strebeck's second pitch over the left centerfield fence for his grand slam.

The Pats added two more runs in the fifth as reliever Lament Hearn hit David Miller with a pitch. Ron Griffen walked and scored on a base hit to center by Shannon Baker. Griffen moved to third and scored on a ground out by Sparks. This provided the final margin of 8-1.

Prairiland moved to 8-4 on the year and their district record improved to 2-1.

## Gina Lane Is National Award Winner

The United States Achievement Academy announced recently that Gina Lane has been named a United States National Award Winner in Honor Roll. This award is a prestigious honor very few students ever hope to attain. In fact, the academy recognizes less than 10% of all American students.

Gina, who attends Chisum ISD was nominated for the award by Shirley Smith, an English teacher at the school. Gina will appear in the United States Achievement Academy official yearbook.

The academy selects USNA winners upon recommendations of teach-

ers, coaches, counselors or other school sponsors and upon standards of selection set forth by the academy. Criteria for selection are a student's academic performance, interest and aptitude, leadership qualities, responsibility, enthusiasm, motivation to learn and improve, citizenship, attitude and cooperative spirit, dependability and recommendation from a teacher or director.

Gina is the daughter of Tommy and Lanell Lane. The grandparents are Clyde and Gertrude Lane of Paris and Gary and Carole Nixon of De-

port.

## Fults Elected To Executive Committee

Monda Fults, president of Lamar County Texas State Teachers Association, was elected District VIII Executive Committee Member-at-Large, Saturday, April 8 at the District VIII House of Delegates meeting in White Oak.  
Ollie Besteiro, state TSTA vice-president from Austin, spoke to the delegates about education bills now in the Legislature. She reiterated the fact that Texas teachers are now 31st on the national scale in salaries and that teachers need to send personal letters to the legislators. The \$5,000.00 raise would be over a 2-year period that would add \$1,360.00 to the \$1,140 increment now received for two years. House Bill 740 proposes full retirement benefits for teachers with 30 years service and 55 years of age.  
Other items concerning teachers, Ms. Besteiro spoke about being considered in Austin are career ladder funding, a state health care plan, support personnel, disability and due process rights, decision making powers, class size, a professional autonomy bill, and payroll deduction services.
