## Mugging Leaves Dorothy Holt With Fears

By Nanalee Nichols

"I just never thought I had to be afraid in broad daylight...I never thought something like this could happen to me", Dorothy Holt says. She makes this statement after a broad daylight mugging on a parking lot in Paris left her with a broken shoulder, no purse and a new emotion...fear and anger.

Dorothy, who lives at Milton, had just finished some shopping on Thursday, January 4. It was about 11 a.m. the morning, a time when most people feel safe. After all, crime happens in dark corners, at late hours, doesn't it. No, not always.

Dorothy had her bag on her shoulder, not held in her hand. Two white males about 18-20 years old came up from behind her, fast. One extremely vicious yank left her with no purse and a broken bone while the two fled.

"It was terrifying" Dorothy says, "They meant to hurt me, to incapacitate me. It's my understanding that a similar incident had resulted in a girl managing to retain her purse, I think

they learned from that incident and knew that violence was their best way of striking fast".

Dorothy had to be hospitalized, and is incapacitated now for some time. She lost some cash, including a cash birthday present, plus all the usual things, check books, drivers licenses.. But Dorothy, along with many women in an age of growing crime, lost something else...the feeling that she can move safely through the world.

"I just want all women to understand how careful, how cautious they need to be. This could happen anywhere, at any time, especially on large parking lots", she says. "Women should start keeping a close watch on who is around them, they need to be careful, they need to wait until someone else is going out of a store too, or to take someone with them."

It's a sad statement that these things are going on in the world today...but they do happen, and people should definitely learn to be more cautious!

during the severe freeze recently. (Staff Photo by Thomas Nichols)

GRASS FIRES and more grass fires plagued the area as once more volunteer fire depart-

ments answered call after call. This fire, just south of Deport Monday night, ran through pas-

tures and tree line swiftly. (Staff Photo by Nanalee Nichols)

Everyone is all too familiar with the shrill blast of the fire siren these days. Between Monday afternoon and Tuesday afternoon, the Deport Volunteer Firemen responded to no less than seven calls.

Minter had two grass fires that took some time to control. Another south of Deport Monday night again claimed an hour and a half of time.

Small grass fires at Fulbright and Shadowland kept the men busy Tuesday morning. Tuesday afternoon, though, it was all hands needed as a grass fire jumped the road at the Mark Gray home south of Pattonville, sweeping into tall grass and heavy timber.

Pattonville people, the Cunningham Fire Department, and Deport Volunteers spent several hours bringing that fire into containment.

A house and several barns were narrowly kept out of danger as volunteers bent to the lung choking, back breaking work of beating the blaze into submission.

Fire officials once again wish to urge people, "Don't burn trash, brush, or anything else...please, conditions are just too dry." The rain has done little to keep freeze dried grass from being extremely flammable.

## Prairiland Board Issues Bus Warrants, Extends Contracts

The Prairiland School Board met in regular session Monday night to discuss several business items.

Motion was made and accepted to accept the 1988-89 performance report.

Bus warrants in the amount of \$24,000 for three years were approved,

and the 1990 budget was amended. Max Ballard and Richard Nash's contracts were extended for one year.

The financial reports and minutes were heard and approved.

## Deport Council Discusses Several Items.

The Deport City Council met Monday night. Among the things they discussed but took no action on were computerization, house numbering, and final cleanup of the Old Deport Nursing Home.

It was decided that the city would take bids to sell a lot on the east side of town, with the city having the right to refuse or accept any bids.

Mayor Charles Foster will go to Washington D.C. on business.

It was announced the Texas New

Mexico Power Company would be closing down their collection as of February 1 in Deport.

Authorization was made to make the final payment to Buster Paving for the paving of Jeffus St.

The city will withdraw \$10,000 from T. Bills at their mature date February 1 for the new fire truck.

A discussion on laying a 2 inch water line on Evans St. was held.

Minutes were read and approved and payment of bills authorized.

## Winners Announced In Drawing

Three winners were selected in a random drawing Tuesday afternoon as part of the December subscription sale at Thunder Prairie Publishing, publishers of The Bogata News, Blossom Times, Talco Times and Deport Times.

Receiving a check for \$50.00 will be Noah Poe of Paris. Receiving \$30.00 will be Mr. and Mrs. D.J. Betenbough of Blossom, for renewing their paper and Don Betenbough's paper, while James R. Gray of Talco

will receive the \$20.00 prize.

Renewals during the December sale were very high, and new subscribers were added to the list, making it an excellent December all around.

We hope the drawing for cash prizes added a little "spice" to the subscribing process, and that we can continue to provide excellent news and local coverage for all the communities we serve.

Dear Sirs:

I enjoy reading the Deport Times very much. It brings back many memories of the "old" days growing up around Cunningham and Pattonville. Nanalee's "Nichols Worth" is more than worth the price of the subscription.

Last August, the surviving members of the 1939 Cunningham graduating class got together in Paris for a 50-year anniversary celebration. I wanted to write an article for publication in your paper (pictures and all) but didn't. My only excuse is the involvement in building a new house and relocating in the Clear Lake City (NASA) area.

Best regards to all at your fine publishing office.

## Frosh Girls, Boys And Junior Varsity Wins Over Mt. Vernon

The freshman girls took a big win over Mt. Vernon on Thursday night, beating them soundly 32-17. The girls sank 11 points in the first quarter with Janee Jackson scoring a 3-pointer to bring the score to 11-4. The second quarter saw eight points and three free shots with good defense work by the freshman girls holding the Mt. Vernon girls to only five points. Halftime found the score 22-9. The girls slowed down somewhat in the third quarter, scoring only two baskets to Mt. Vernon's one. By game's end, the girls had beaten Mt. Vernon 32-17. High point for the game was Janee Jackson with 13, Crystal Ericsson with nine, Kathy Sugg with six, Mendy Dobbs and Alishia Roddy shared two each.

The freshman boys also held Mt. Vernon by a large lead in every quarter. Good defensive playing and a sharp eye showed the boys ahead at

the end of the first quarter 10-4. The second quarter showed the freshman with three baskets and four free shots to their credit, holding Mt. Vernon to one 3-pointer and two free shots making the score 20-9, halftime. Mt. Vernon started hitting in the fourth quarter, scoring 17 points and holding the Pats to 12, but they couldn't catch up and the Patriots won the game 44-28. High point was Cody Bowen with 19, Brandon Johnson 6, Swede Ladd 5, David Singleton 4, Toby Dockray 4, Chris Hold, Chad Whitley and Chris Whitney shared two apiece.

In a closer game, the JV girls defeated the Mt. Vernon JV team 36-27. Thanks to free shots, four each and one basket, the girls trailed 14-6 at the end of the first quarter, and trailed after two periods 20-16. The third quarter saw a turn-around with Melissa Miller making eight points and Katie Mowery four, and great

defense held Mt. Vernon to only three points and the scoreboard read 28-23, Prairiland. All girls contributed to the scoring in the fourth quarter and Mt. Vernon only got two points and two free shots ending the game 36-27. High scorer was Melissa Miller with 13, Laura Hays 6, Katie Mowery 5, Georjeana Oats and Amy Reneau shared four each, Cindy Ballard and Kim Reep with two each.

The JV boys edged past the Mt. Vernon boys 38-34 in a tight, good defensive game. Only four points were made in the first period to Mt. Vernon's 10. The boys got fired up in the third quarter, scoring 14 points and two of these were 3-pointers by Cecil Anderson, but the Pats still trailed 28-26. Tightening up on defense allowed only 6 MV points in the last period. High point went to Cecil Anderson and Jason Baker, 14 each.

## Patriot Sports Report

### Patriots Lose To Wildcats 62-45, Split Games With Purple Tigers

The Prairiland Patriots faced the Paris Wildcats here Tuesday night in what started out as a slow first quarter game. Paris used a fast-paced pressure defense to end the first quarter 22-7.

It seemed that Paris decided in the second quarter they had the ballgame sewed up, but not so, thanks to some fine shooting by Ron Griffin and Rydell Minter. Griffin ended the game with five three-point baskets. Halftime saw the score 37-22, Wildcats.

Third quarter action saw Brandon Oats, Trevor Upchurch, Jerry Johnson and Ron Griffin all scoring to bring the margin down to a Wildcat lead of 15 points and a score of 50-35.

Fourth quarter found only 10 points for the Patriots as they held the Wildcats to only 12 and showed their stamina and strength that carried them into district play.

High point scorer was Griffin with 16, Minter with eight, Barber, Oats and Upchurch with six each and Johnson with three points.

Prairiland traveled to Mt. Vernon on Friday, January 5. To say that Mt.

Vernon has talent is one thing and she comes in a purple package and wears #20 and goes by the name of Bolin, and scored 27 game high points for the Mt. Vernon Lady Tigers on their home court Friday night against the Lady Patriots.

The Lady Pats played good defense but just could not quite match up with the Lady Tigers. Mt. Vernon led the first quarter 11-8 and the second quarter 25-17. By the end of the third quarter, they had completely chilled out, while Bolin was popping in one right after another and the score was 37-23, Mt. Vernon. In the fourth and final quarter, Mt. Vernon finally began to chill and Lori Malone was getting hot for the Patriots as she fired in eight points with one of these being a 3-pointer. Star Ruckman began to thaw and hit for seven, but Shelley Ladd fouled out and Mt. Vernon took the game 48-41. Ruckman was high point for Prairiland with 19, Bradford followed with 12, Malone had eight and Ladd had two.

It looked like flu and technicals would be the downfall for the Patriots on Mt. Vernon's court Friday night,

but again the boys came back and won the game 48-39.

After one quarter, the score was 16-6, Mt. Vernon, with Trevor Upchurch scoring all six for the Pats. The second quarter steamed up with the score still Mt. Vernon, 25-16. But in the third quarter the "new kids on the block" decided to take up some slack. Brandon Oats, Trevor Upchurch, Wesley Rhoades, Randy Barber, Jerry Johnson and Ron Griffin brought the score up to par and the Pats finally led the game 36-29.

Griffin hit two 3-pointers back to back, and from there on it was a whole new ballgame. A cut throat defense in the fourth quarter held the Tigers to only two 3-point shots while Griffin decided he wanted one more long-range shot for the night and ended the game with four 3-pointers and the final tally was 48-39, Prairiland.

High point for the night was Upchurch with 21, Griffin with 12, Oats with five, Johnson with four, Barber with one and Rhoades with two.

Wendy Lynn Milford  
fiance of Michael David Dougherty

### Milford-Dougherty Engagement Announced

Mr. and Mrs. Robert Milford of Blossom announce the engagement of their daughter, Wendy Lynn, to Michael David Dougherty, son of Dr. and Mrs. Marshall K. Dougherty of Paris.

The couple will be married in a formal, double-ring ceremony at Holy Cross Episcopal Church on May 19.

The bride-elect is a 1986 graduate of Prairiland High School and will be a May 1990 graduate of Texas Tech University with a bachelor of science

degree in agricultural communications. While at Texas Tech, she has been active in Mortar Board, Ag Council and Collegiate FFA. She is the granddaughter of Mr. and Mrs. Dewey Moore, Jr. of Blossom.

Her fiancé is a 1986 graduate of Paris High School and currently attends Texas Tech, where he is a senior agricultural education major. At Texas Tech, he has been active in Collegiate FFA.

### Mark McKinnon Honored On Fourth Birthday

A birthday party was held Saturday night for Mark Wayne McKinnon, who was four years old January 6, at his grandparents, Jerry and Brenda Dudley, in Deport, where he and his brother, Brian, have been staying.

Those attending were Mr. and Mrs. Eastland Frazier, Terry Frazier and sons Brandon and Bradley, Allen Frazier and son Shawn, Gaylon Fra-

zier and friends Patricia, Brian and Leah Echols, all of Deport, Linda Frazier and daughter Dana Reily and son, Kelvin Blake of Paris.

Everyone had a good time. His great-grandfather and grandmother Dudley wished him a happy birthday. Mark's aunt, Lori Dudley, called from Paris at 11 p.m. to wish him a happy birthday.

### PATS Program Focuses On News Events Of Decade

In a week-long activity that focused on important news events of the last decade, students in Prairiland's Gifted/Talented Program concluded that the tearing down of the Berlin Wall was the most important. These 31 students in grades 4-8 also decided that the California earthquake of October, 1989, ranked number two.

Other events on their "top ten" news-worthy list included: Panama

invasion; George Bush is elected president; Challenger explosion; drug problem in the United States; AIDS problem in the United States; Alaskan oil spill; baby Jessica's rescue; Oliver North's contra dealings.

Now in its fourth year of operation, Prairiland's PATS program now serves 48 students in grades 2-9. Plans are now underway to extend the program to students in grades K-1 and 10-12 in the 1990-91 school year.

## Warren Denison Recalls War Time Experiences As Airman

On December 7, 1942, Dick Haydock and Alvin Crossland invited Warren Denison to get in the car with them, drive to Dallas and sign up for the Armed Services of the United States of America.

Years later, Warren recalls that that was an embarkation on a whole new way of life.

After inlisting Warren found himself in the airforce, stationed in Wichita Falls and learning to be an aircraft mechanic. After that it was on to Fort Miers, in Florida, where he went through gunner school. From there he went to Tuscon, Arizona, then to San Francisco, California. That was a lot of travelling for a country boy...but then he went to Italy.

He spent the rest of 1943 and into 1944 at a place called Giulia, Italy as a nose gunner with the 459th bomber group.

The so-called "air field" used by the 459th was constructed of huge metal plates laid out to form a runway.

The control tower for the group was constructed of a wooden box with open windows sitting on 4 wooden poles. The tower was known as "Coffee Tower", and housed radio equipment and staffed with two controllers. By today's standards it was pretty primitive.

Warren and the rest of the airmen of the 459th slept in tents and were cold, wet and miserable most of the time, Denison notes.

"It wasn't exactly a picnic" he grins. He flew 50 missions in the nose of a B-17 before returning state-side.

Cramped into the nose of the huge planes, he got his best glimpses of Italy, the time he spent on the ground was completely spent on the base.

Last October marked the 7th reunion of the 459th group, and they had a reunion held in Niagara Falls,

New York. Denison didn't attend that reunion, but did attend the 1986 one in Daton, Ohio.

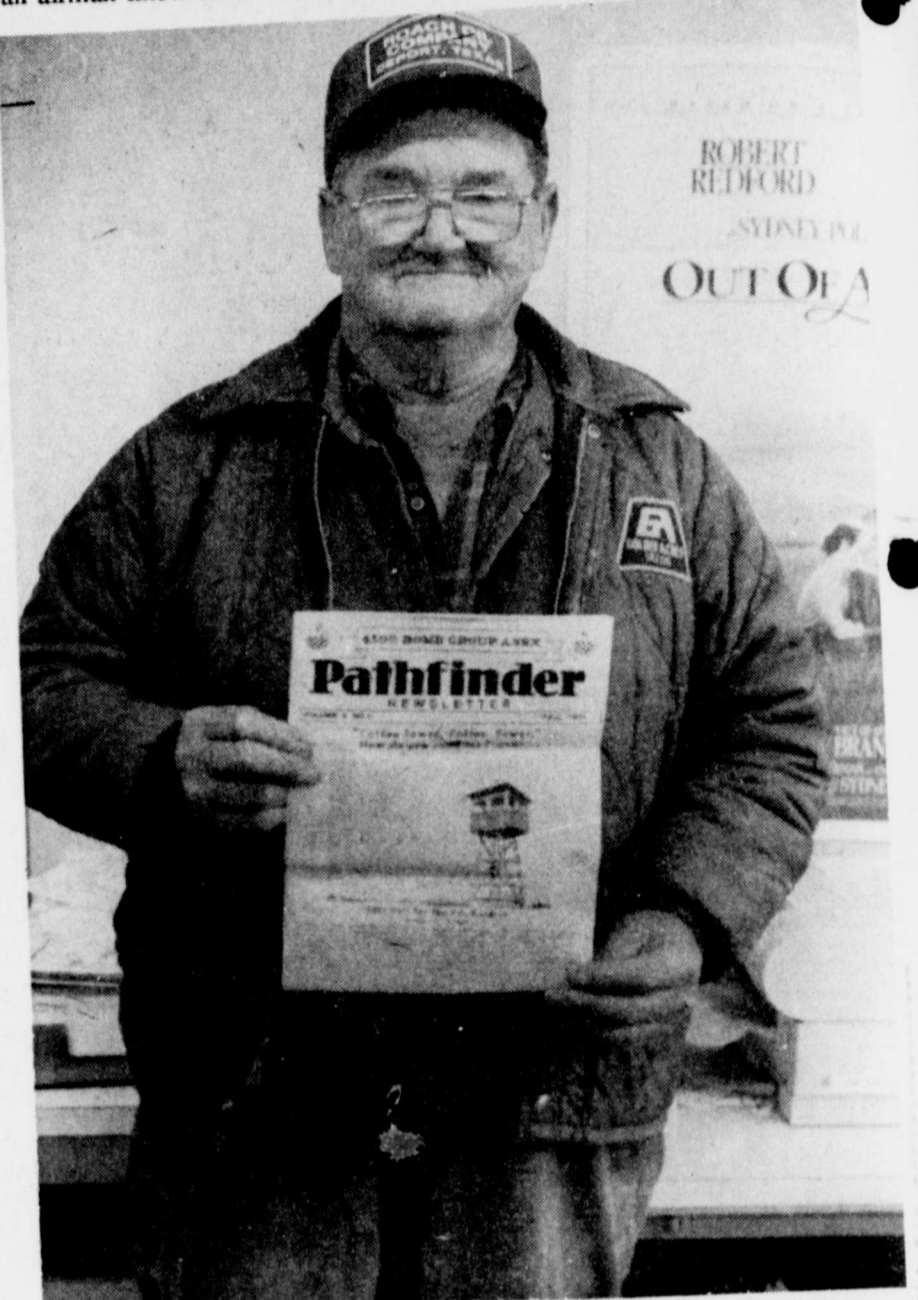

Their next reunion will be in San Francisco, and Warren says he probably won't be able to go to that one, but in two years he's definitely going, since that one will be a little closer to home.

He doesn't know all the guys at those reunions, but it's a time to share experiences once again. For whether an airman knew one another

personally way back then...they know the shared, common experiences of fighting a war.

There are millions of men like Warren Denison...country boys who left homes and families to go and fight far, far away. They did it out of excitement, out of curiosity, out of duty...and they did it, most of all, to defend their country.

They are all older now, those that survived...but they all remember, and each has his own personal war stories to tell.

WARREN DENISON displays the 459th Bomb Group Association's newsletter that keeps World War II veterans "Up" on what is going on with people

they fought with. Denison enlisted on December 7, 1942 (Staff Photo by Thomas Nichols)

## PJC Continuing Education Classes Offered

Several courses are being offered during the next few weeks through the continuing education department at Paris Junior College.

A driver's education course taught by James E. Jones will begin on January 8 and continue for three weeks from 4 to 6 p.m., Monday through Friday at a cost of \$165.

Lee Somerville will teach a six-week workshop for fiction writers beginning January 17 from 7 to 9 p.m. The cost is \$35. This workshop is for writers working on various forms of fiction, from short stories and novels to narratives. Lectures and group discussions will focus on students' own works in progress. Jim Blessingame will lead a fish-

ing clinic January 22 from 7 to 9 p.m., lasting for six weeks.

Participants in a divorce recovery course will be held January 23 from 6:30 to 8:30 p.m., and will study the emotional states of divorce; recognition of unhealthy relationship patterns and how to build positive relationships in the future; problem areas in relating with children, during and after divorce. Cost for the course is \$5.

Registration can be completed at the continuing education office located in the Alford Center on the PJC campus.

For information, call 784-9445 or 784-9447.

## Fonda Richardson Is January Speaker For Bereaved Parents Group

The regular monthly meeting for the Bereaved Parents Support Group will be Thursday, January 11 at 7 p.m. in the Alford Center on the PJC campus.

The speaker will be Fonda Richardson, a Master's level Social Worker and staff worker for the Ella C. McFadden Hospice of St. Joseph Hospital and Health Center. She has worked three years with Hospice and was in charge of bereavement when she worked with Hospice in Tyler. She also initiated and established a Bereaved Parents Support Group in

Tyler. She will conduct a Grief Seminar in the next few weeks which will be a part of St. Joseph Hospital Hospice. She teaches part time at East Texas State University, Commerce and is the wife of Rev. Ross Richardson, pastor of The First Christian Church, Paris.

Meetings are open to the public. The purpose is to encourage and support parents of deceased children. Meetings are held on the second Thursday of each month. For information, call 785-7781.

## A NOTICE TO PROPANE GAS CONSUMERS

Hershel Welch of WelchGas has stated that there is absolutely no justification for the drastic rise in the price of propane. Welch said his cost of propane has increased over 50-cents per gallon since December 1, 1989, from wholesale suppliers and refiners.

Granted, this has been the coldest December, both nationwide and worldwide, in the last 40 years. Certain areas of the United States and around the globe were caught short of heating oil and diesel which caused a mad scramble for gas supplies and caused transportation problems getting fuel from one point to another resulting in a shortage of propane in mid-west and east areas.

Several large cities were without electricity and the natural gas supply systems were severely strained to keep up. One major electric utility energy company in Texas cut off electricity twice a day to its metropolitan customers for short periods resulting in extensive water pipe damage and causing flooding situations.

Propane dealers who supply fuel for rural homes are having to pay exorbitantly high prices and compete for gas supply against large petro-chemical plants and brokers who are running the price up.

WelchGas has access to adequate supplies of propane and the transportation equipment necessary to deliver it to our customers in a timely manner. We are simply having to pay these unreasonably high prices which we consider unjustified.

The Texas Attorney General's office is investigating the situation to see if there is any unfair business practices. Welch feels this is not the normal "supply and demand" situation, and it should be looked into.

If you agree, please complete the form below and return it to any of the WelchGas offices listed here.

We will collect these petitions and forward them to the proper officials, hoping we can get some price relief. Thank you.

### CLIP & RETURN

Please investigate why the wholesale price of propane gas went up 100% in December of 1989. It's a disgrace & a hardship on me & my family. Please don't consider price controls because last time that only guaranteed high profits for the oil brokers & kept prices propped up for years.

**NOTICE OF APPLICATION FOR WASTE DISCHARGE PERMIT RENEWAL**  
CITY OF TALCO, P.O. Box 365, Talco, Texas 75487 has applied to the Texas Water Commission for renewal of Permit No. 10869-01 which authorizes a discharge of treated domestic wastewater effluent at a volume not to exceed an average flow of 125,000 gallons per day. The wastewater treatment facilities are on the north side of Farm-to-Market Road 71, approximately one mile northeast of the City of Talco, Titus County, Texas. The effluent is discharged into an unnamed ditch; thence to Prairie Lake; thence to an unnamed tributary of the Sulphur River; thence to the Sulphur River in Segment No. 0303 of the Sulphur River Basin.  
In accordance with the Texas Surface Water Quality Standards, the Commission staff has determined the existing uses for the receiving water in the area of the proposed discharge and whether the proposed discharge will cause significant degradation to any high quality waters in the area. The uses for the unclassified receiving waters are no significant aquatic life for the unnamed ditch and limited aquatic life for Prairie Lake. The designated uses for Segment No. 0303 are contact recreation and high quality aquatic habitat. The effluent limitations in the draft permit will maintain and protect the existing instream uses, and no significant degradation of high quality receiving waters is anticipated. All determinations are preliminary and subject to additional review and/or revision.  
The Executive Director of the Texas Water Commission has prepared a draft permit which, if approved by the Commission, will specify conditions and limitations generally the same as those currently enforced by the existing permit except that effluent limitations for minimum dissolved oxygen concentration have been added. It is proposed that the expiration date of the renewed permit be specified as midnight, five years after date of Commission approval.  
Legal Authority: Section 26.028 of the Texas Water Code and 31 TAC Chapter 305 of the Rules of the Texas Water Commission.  
No public hearing will be held on this application unless an affected person who has received notice of the application has requested a public hearing. Any such request for a public hearing shall be in writing and contain (1) the name, mailing address and phone number of the person making the request; and (2) a brief description of how the requester, or persons represented by the requester, would be adversely affected by the granting of the application. If the Commission determines that the request sets out an issue which is relevant to the application, or that a public hearing, would serve the public interest, the Commission shall conduct a public hearing, after the issuance of proper and timely notice of the hearing. If no sufficient request for hearing is received within 30 days of the date of publication of the notice concerning the application, the permit will be submitted to the Commission for final decision on the application.  
Requests for a public hearing on this application should be submitted in writing to Claire P. Arenson, Assistant Chief Hearings Examiner, Texas Water Commission, P.O. Box 13087, Capitol Station, Austin, TX 78711, Telephone (512) 463-7905. Information concerning any technical aspect of this application can be obtained by writing Sam Angoori, Wastewater Permits Section, Texas Water Commission, P.O. Box 13087, Capitol Station, Austin, Texas 78711, Telephone (512) 463-8201.  
Issued this 19th day of December, 1989.

### Deport Girl Scout Cookie Sale Begins

January 12-26, Girl Scouts will be taking orders for Girl Scout cookies, with delivery set for February 21-March 7.

Seven varieties will be offered at \$2.25 per box. This year a sugar-free snack cracker, Golden Yangles, is being introduced. Other varieties include Caramel Delites, Thin Mints, Peanut Butter Sandwiches, Shortbread, Lemon Pastry Creme and Peanut Butter Patties.

According to Betsy Mills of Paris, coordinator of the sale for Red River Valley Council, Girl Scouts have been selling cookies to support their program for over 50 years. Last year, Girl Scouts all across America sold approximately 155 million boxes of cookies. Over 107,000 boxes were sold by local council in its 13-county jurisdiction.

Proceeds help both individual troops and the local council, which provides services and facilities.

This sale offers young girls valuable communication and sales experience, and an opportunity to develop

their self-confidence. Before selling cookies, the girls practice safety procedures and discuss sales techniques. It also helps them learn about money management, budgeting, goal-setting and planning, all valuable business skills that can be useful in later life.

The Girl Scout council also offers an incentive award program for the girls, based on the number of boxes they sell. Each girl who participates will receive a certificate. Other awards include a theme patch, beverage squeeze bottle, charm, T-shirt, Koosh ball, stuffed animal, fanny pack and music gift certificate. The top sales girl in each neighborhood will receive an optic wonder and the top seller in the council will be awarded \$100 cash prize. Girls can also earn up to \$125 credit toward resident camp sessions at Camp Gambill next summer.

If you are not contacted by a Girl Scout for your order, contact the local cookie sale chairman, Cindy Brown at 784-8928.

### Deport Locals

By Edith Arriaga and Flossie Ballard

James and Jimmy Day were in Dallas on business recently and visited his sister, Ruth O'Brien and family.

Ruth and Bradley O'Brien were in Pottsboro to visit the Jerry Days and to see their new home they have completed there. They also visited the Hammond Days in Parker and Willis Russell in Whitewright.

Christmas and new year's visitors with the O'Briens were their children, Stephen and family, Randy and family, Bradley of San Angelo and Jerry Naughton of Boston, MASS., on his way to San Angelo, also.

Mrs. Alpha Russell received a call from Ruth O'Brien of Garland wishing her a happy new year.

Mr. and Mrs. Sam Upchurch of Amarillo are improving.

Jack Ballard and family of Dain-

gerfield spent Sunday with his parents, Mr. and Mrs. L.C. Ballard of Deport.

Mr. and Mrs. Joe Ballard are fencing their land.

Chris and Crystal Smith are both home with the flu this week.

Deanna Bailey spent the day with her grandmother, Mrs. Floy Elmore Tuesday.

Dan and Mary Barnard are busy this week, moving into their new home. We wish them luck.

Burl and Margie Parks of Paris visited Mr. and Mrs. Al Parks Friday and enjoyed a fish dinner.

Ruby Dean Wright and Norman and Jean Tidwell of Euless were here for the funeral of Lelia Westbrook and visited Mr. and Mrs. Al Parks.

Mrs. Ann Evans has returned from Georgia after visiting her son.

### Deport Nursing Home News

Visiting Johnnie Warren on Saturday were her nieces, Geraldine Courtney of Levelland and Maryann Stegall of Lubbock.

Mr. and Mrs. Bob Wilson of Shreveport, LA, Mr. and Mrs. Monte Womack and Martha Castlebury visited Mrs. Vera Wilson.

Rossie Porterfield visited friends. Inez Luttrell visited Mary Mathews.

Peggy Malone of Deport and Earl Barnett of New Boston visited Ear-

### Animal Pests Take No Winter Vacations

By Herb Brevard

External pests on livestock and pets do not disappear during the winter cold, says an entomologist with the Texas Agricultural Extension Service.

"Lice on livestock and fleas and ticks on pets continue to be a problem, even in the coldest weather," said Dr. James Robinson, extension entomologist at the Texas A&M University Agricultural Research and Extension Center in Overton. "Lice on livestock multiply rapidly during the winter months. On the other hand, fleas and ticks reproduce at a slower rate, but are still present."

"Cattle infested with lice appear unthrifty, bare spots appear where the hair has fallen out or the animals may rub against objects," Robinson said. "Lice can be controlled by applying the proper insecticide. Some

of the materials have restrictions, so label directions should be strictly followed."

For pets, Robinson suggests continuing treatment for fleas through the winter to help reduce next spring's infestation. Special attention should be given to bedding areas. Bedding should be cleaned or changed. Outside the home, use an approved insecticide.

"Ticks overwinter as adults," Robinson said. "They are found primarily in litter or trash with an occasional tick on pets. Treatment should be intensified when the first sign of tick movement is noticed in the spring. It is virtually impossible to keep free roaming pets free of ticks and fleas. Therefore, periodic treatment is essential."

there was no grass, she could eat brush and prickly pear. The Texas Longhorn became the foundation of the American cattle industry and there may never be another animal which has had a greater influence on the culture and economy of a people.

Huaco Tanks State Park, Texas' westernmost park, (past the Guadalupe mountains in El Paso County) contains a unique attraction of natural "cisterns" formed by depressions in limestone. Ranging in diameter from a few inches to 20 feet, some are as deep as 10 feet. The Apaches, Kiowas, and Comanches camped here as this was the only water supply for miles around.

During the era of the Texas Republic, land promoters advertised it was cheaper to raise a cow in Texas than a chicken. It was... because of the hardy characteristics of the Texas Longhorn. She needed no government trapper to guard her calf from wolves. In times of drought, she could walk many miles from water to grass. If
