By Nanalee Nichols

Well, it finally happened. There finally came a Tuesday that I couldn't make it to work. Laid low by the flu bug, lying here, I'm convinced that no one, surely, has ever been this sick before. Fate, no doubt, is having a good laugh.

When I had major surgery I planned ahead, getting columns and stories all done two weeks ahead of time. After missing one publication week, it was back to work, at least for half a day.

Vacations--same thing. And in twelve years, that's the way it's been. Until now.

Oh, sure, I've worked with a cold before.

And I confess, I felt a certain smugness. If one just was determined enough, and set their mind to it, anything could be struggled through or. deadline days. Well, pride goes before a fall! Someone, somewhere, decided to lay me low and prove that all things can't be gotten through by will power and positive attitude.

So, here I am, gulping down aspirin, cough remedy, antibiotics and hot tea.

Little gremlins are driving spikes through my bones. Some malicious snip is flying a model airplane around in my head. I've coughed until my muscles are sore, and food, if it stays down at all, huddles in an uneasy knot.

Sound familiar? I hear a lot of other folks have this mess too. Of course, I never thought this stuff happened to ME!

It's a great leveller. I don't feel very smug. I don't have much confidence in my "will power overall" theory, and I don't feel much like writing.

So, for this week, this column is cancelled due to flu!!

## Letter To The Editor:

Dear Editor:

I am a student of geography interested in learning about the United States through pictures and postcards. Could you ask your readers to send me pictures and facts about your city and state?

Later on I will use this material and present my project to the total class.

Thank you for anything you can do to help me like geography. Sincerely,

## Deport Girl Scout Cookie Sale Continues

Girl Scouts in this area will continue taking orders for Girl Scout cookies through January 26. Seven varieties of cookies are available for \$2.25 per box. They will be delivered February 21 through March 7.

The annual cookie sale is a major fund-raising source for the council as well as individual troops. Proceeds from the sale support troop activities and council services.

According to Betsy Mills, cookie sale coordinator for Red River Val-

ley Council, the annual sale not only represents an opportunity for girls to increase troop funds, but also teaches them business skills and gives them experience in meeting the public. In addition, girls who participate in the sale earn awards according to the number of boxes they sell.

If you are not contacted by a Girl Scout for your order, contact the local cookie sale chairman, Cindy Brown at 784-8928.

## Pats, Lady Pats Remain 2-0 In District

The Lady Patriots remain 2-0 in their quest for the District crown as they soundly defeated Rains on Friday night 57-31.

First quarter action saw four starters scoring 10 points to bring the Lady Patriots out front 10-4.

The girls held Rains to eight points in the second quarter while they steadily "rained" in 22 points with eight of those being free shots making the score 32-12. As Rains steamed up in the third quarter with 14 points and one of these a three-pointer, the Lady Pats slowed down some scoring just 13 points with three of them being free shots.

Fourth quarter action saw six points made and another six points out of 12 free shots made, holding Rains to only five total points, bringing the score 57-31. High point was Star Ruckman with 13, Dana Bradford with nine, Jan Scudder and Rhoades with seven each, Ladd and Sheppard with six each, Malone with three, Monday and McLaughlin and Gifford with two each.

The Patriots are also 2-0 for District play as they defeated Rains 62-

In the first quarter, 18 points were scored by the Patriots and only eight for the Rains team. Nine of these 18 were 3-pointers by senior Ron Griffin.

Second quarter action saw two

baskets and six free shots for the Patriots as they led 28-23.

The third quarter saw Ron Griffin with three more 3-pointers and five baskets by Oats, Upchurch and Minter, while Rains only scored 11 points.

The final quarter found the Patriots scoring only two baskets, but hit 11 out of 16 free shots to bring the final score 62-44.

High scorer for the Patriots was Griffin with 20, Ots with 13, Upchurch with 11, Barber and Minter shared nine each.

The Mineola Lady Yellowjackets felt the sting of Dana Bradford here Tuesday night as she scored a game high 27 points. Dana was back in fine form and with the assistance of the rest of the crew, they beat Mineola 56-40 in their first district game of the season.

The first quarter showed senior post was going to be hard to stop, although it ended 10-10. Second quarter saw all players scoring and bringing the halftime score to 29-21, Patriots.

Third quarter ended in a runaway with the Lady Patriots scoring 25 points to the Lady Yellowjackets 10, bringing the score to 54-31. Fourth quarter action slowed down drastically with Mineola holding Prairiland to only two points while they scored nine. But this was still not

enough to cut the lead, so the Lady Patriots took their first district game 56-40. We hope that this will be the pattern they follow the rest of the season.

Game high was Bradford 27, Ruckman 14, Rhoades 7, Monday 4, Malone and Ladd 2 each.

It appeared to be the battle of the "3 pointers" as the Pats defeated Mineola 43-38. The trio of Barber, Upchurch and Minter brought the score up to 9-8 at the end of the first quarter with everyone playing a tight defensive game. While Mineola hit for two 3-pointers and a basket to make their eight points, Ron Griffin answered in the second quarter with two of his own 3-point shots and eight more scores by Upchurch and Johnson to bring the score 23-22 Prairiland. Third quarter slowed down drastically with Prairiland making six and Mineola only four. The Patriots would keep the lead 30-26. Thirteen points were scored in the fourth quarter by the Patriots and 11 of these were free shots and only one bucket. Mineola came back with 12 points, but could not take the lead away from Prairiland.

This was their first district win and all we can say is "All The Way Pats!" High point scorer was Minter 12, Upchurch 12, Griffin 10, Johnson 5, Barber and Oats shared two each.

### Hospice Offers Volunteer Training

The Ella C. McFadden Hospice at St. Joseph's Hospital and Health Center has scheduled a course for persons interested in becoming trained volunteers. The volunteers are an integral part of the hospice concept of home care for the terminally ill. The six part course is scheduled from 6 to 9:30 p.m. on January 29, 30 and February 5, 6, 12 and 13 at St. Joseph's. Registration for the course is by telephone only and can be made by calling 737-3622. The hospice concept of care is a program that seeks to meet the needs of a terminally ill patient and family through an interdisciplinary, home-care team approach that provides

physical, emotional and spiritual comfort. The medical direction for patient care is provided by the primary physician. Volunteer's responsibilities in the program vary according to their interests. Those involved in home visitation make it possible for the family to have free time and for the patient to have someone outside the family with whom to visit. Other volunteers don't have direct contact with the patients but provide assistance to the hospice program through their varied personal talents. The total team concept of hospice also provides nursing, home health aide, spiritual and social services.

##### Strawberry Chiffon Pie

- 1 Keebler Ready-Crust Graham Cracker pie crust
- 1 pkg. (3 ozs.) strawberry flavor gelatin
- 1 cup boiling water
- 1 pkg. (10 ozs.) frozen sliced strawberries

## Recycling In Your Community

In cities and towns all over the U.S., government officials are considering recycling programs to help conserve our valuable natural resources, and reduce the amount of waste put in landfills.

As more and more landfills are being closed, the cost for effectively disposing of each truckload of trash is skyrocketing. Recycling aluminum, glass, paper and plastic can offer a real solution to today's garbage crisis by reducing the volume of products we throw away.

Residents of Akron, Ohio recently turned to recycling to help relieve their increasing costs for waste disposal. In April, 1989, more than 13,000 households began separating their newspaper, glass, metals, and plastic wastes for curbside pickup. About seven tons of recyclable wastes are being collected each day.

Akron's recycling program will also develop and demonstrate automated plastics sorting technology by the wTe Corporation of Bedford, MA, and The Dow Chemical Company of Midland, MI. This new technology could be used nationwide to increase the amount of plastics being recycled.

Akron residents hope to see some immediate benefits from their recycling program. When more waste is being recycled and less landfilled, each household's monthly disposal costs could drop. Lower disposal fees would be welcome relief to the city, which has seen its waste disposal costs triple in recent years.

Ohio is one of many states nationwide that is beginning to feel the

effects of the waste disposal crisis. It is estimated that within five years, the state's landfills will have reached their capacity. At least eight other states are in a similar situation already, and another 16 should join them by 1999.

The Environmental Protection Agency has estimated that only 6,500 landfills exist in the U.S. today, compared to 18,500 in 1979. Most of these landfills have closed because they are full or are considered environmentally unsafe. Landfills can present a host of problems including groundwater contamination, odors, and vermin.

Recycling programs, however, turn today's waste into tomorrow's products. The reuse of aluminum, plastic, glass, and paper preserves valuable raw materials such as metals, trees, and petroleum products.

You can help persuade officials in your town to begin or expand their own recycling program. Contact your local waste management authority and let them know that recycling of all materials is a responsible way to manage today's solid waste problem.

## Allie Burks Celebrates 82nd Birthday

Enjoying home-made ice cream and cake Sunday was Mrs. Allie Burks, in honor of her 82nd birthday. Her children and friends helped her celebrate the occasion.

Attending were Cindy Burks of

Campbell, Grady and Kathryn Wright, Kenneth and Janette Burks of Deport, Meagan Burks of Reno, Mrs. Loyd Ford, Mrs. Mela Greenway and Harold Norris of Blossom.

cial offerings had been sent in. The special offerings were the birthday offering, taken in May and the Thank offering, taken in November.

Miss Edith Fuller gave the devotion of the Least Coin, the scripture being Psalms 139.

Miss Fuller presented the first chapter of the 1990 Bible Study. This study is titled "A Faith More Precious Than God", and will be a study of I Peter. In this introductory chapter, the author told of a letter to Exiles, who were the Christians in "Babylon" which was the name they used when referring to Rome. This letter is the word of God, authentically calling us to faithfulness in our own time just as it called Christians to faithfulness some 1900 years ago.

The hostess served a salad plate during the social hour, and the meeting closed with the Mizpah benediction.

"When business is good it pays to advertise; when business is bad you've got to advertise." Anon.
