Well, it had to happen. For years, as I worked at the part time job at the travel agency, I've heard horror stories about airports and missed flights, and lost luggage.

But, until now, it's never even come close to occurring. I suppose pride goes before a fall, for the fates looked down and decided our time had come!

When this tremendous deal on a spring bulb tour of Holland came up, it was too good to pass up. So we took off for Amsterdam in high spirits.

It fell apart rather quickly. We sat behind twenty other planes in a violent thunderstorm at Dallas Ft. Worth Airport. No problem...we were to connect with KLM at Atlanta, Georgia for our overseas flight...but we had 3 and one half hours between planes.

Finally, it was our time to take off...but instead we taxied back to maintenance with a navigational problem. We sat in the plane for three hours.

We arrived in Atlanta with 10 minutes to spare...only to find that our plane was full and we couldn't get on!

Then we discovered they had lost our bags. Then we discovered that there wouldn't be any more flights to Amsterdam for three days that weren't booked solid. About that time I suggested what we should do with the trip. Thomas said no, gritted his teeth, and we hung on.

They finally booked us on a flight to Miami, Florida, and then on to Holland on Martin Air (no, I hadn't heard of it either).

We spent the night in Atlanta, then went back to the airport to look some more for our luggage. No luck. Everyone kept saying that no way had the bags gone on ahead of us. It just doesn't happen.

Because of the danger of someone checking a bag with a bomb in it, then not getting on a flight, such things just don't go on.

Still, it was soon discovered that we had no bags in Atlanta. They wired KLM in Holland, no reply. Of course, all this time our tour group had arrived, been met, and transferred to Valkenburg while we were still in the good old U.S.A.

We decided to go without luggage. We had toothbrushes and one change of clothes in our carry-on bag, and we stood to lose all the money we had paid on the trip if we didn't go.

For some reason I asked them to reconfirm our flight out of Miami. It came back with no space available!

Soooo, they sent us to Frankfurt. When departure time came, no plane was on hand! Apparently it took them almost two hours to find that plane! Of course, that meant that when we arrived in Frankfurt, we had missed our connecting flight to Holland! We grabbed on to a nice little English girl who was sent by the airline to help us out. She loaded us on a golf cart, and we went flying through customs and immigration with Germans shouting all kinds of things and her waving our passports and continuing on! (Our passports haven't been stamped in Germany yet!)

We sat in the waiting room as they finished loading the plane for Amsterdam, praying that there would be two extra seats we could be jammed into. There were.

Soooo there we were, exhausted, dirty, late and luggageless in Amsterdam's Schiphol Airport.

We are still 160 miles away from our tour group (which by the way, was having a grand time in Belgium at the time we were going through all this). We were told the only way to get to Valkenburg, where our hotel was, was by train. Of course, there was no DIRECT train to Valkenburg.

Now we're country folks. Trains are something we have never dealt with, and it was really frightening to be running tickets in hand, to catch a train into the city. Then, at Amsterdam Central Station, we had to find someone who spoke English well enough to tell us where the track was we

State Comptroller Says Rebates Show Healthy Increase

State Comptroller Bob Bullock said Monday that his office sent checks totaling \$74 million in local sales tax rebates to cities and counties in Texas.

"That's a healthy increase over last April's payments and good news for the state's cities and counties," Bullock said.

Checks to cities totaled almost \$67 million, an increase of 7% over last year's total payments at this time, Bullock said.

Rebate checks to counties totaled \$7 million this month, for an increase of nearly 16% over last year's payments to this time. The increase is partly due to more counties collecting sales tax now, Bullock said.

Blossom received \$1,295.09 for

this period, indicating a 14.17% decrease over last year's payment.

Deport received no payment this period, in comparison to no payment last year at this time.

Bogata received \$1,354.57, for a 4.25% increase over last year's payment of \$1,207.10.

Clarksville received \$10,957.57, marking an 11.35% decrease over 1989.

Detroit received no payment for this period, compared to \$925.85 last year at this time.

Mt. Pleasant received \$75,285.02, a 4.90% increase over the comparable payment in 1989.

Talco received \$1,091.68, for a 1.86% increase over the payment

received last year.

This month's checks include taxes collected on February sales and reported in March by businesses filing monthly tax returns.

Merchants collect the sales tax and send them to the Comptroller's office with their tax returns. The state keeps its 6% share and each month sends cities and counties their portion of the sales tax.

All local sales taxes must be approved by local voters and may be used for any legal city or county expenses. Most areas put the money in their General Fund and use it for operations like fire fighting, maintaining roads and law enforcement.

port Volunteer Fire Chief, for their fundraising efforts made to purchase a new fire truck. (Staff Photo)

Orientation And Awards Assembly Set For Prairiland

There will be an incoming freshman orientation for both parents and students on Tuesday, May 8 at 7 p.m. at the Prairiland High School Gymnasium.

Also in conjunction with the orientation will be an awards assembly for all students receiving honors or

awards, except those who are seniors.

All parents and incoming freshmen are urged to attend the orientation, which will deal with a variety of subjects including curriculum and graduation plans.

needed to get to Herlen, where we connected with yet another train to Maastrich.

But, we made it, and rocked along for two hours as lovely scenery rolled by. We met a friendly lady who spoke good English (most Dutch people do) who explained how the train system worked and how many stops it would be before we should get off. There are no announcements to tell one when to get off (we couldn't have understood them anyway).

We hopped off at Herlen, hopped on the "stopping train for Maastrich" and hopped off, at long, long last, in Valkenburg.

Then we couldn't locate the hotel. Finally we took a taxi and arrived at our destination two full days late, exhausted, without much in the way of clothing or needed travel article. Guess what? When we walked in the hotel clerk smiled broadly and announced proudly "your bags are in your room waiting for you!" Un huh...so much for all that airport security.

Well, the trip was fabulous, we enjoyed it tremendously. Of course, I'm not even going to tell you about the missed connections because of mechanical problems coming home...that's another story entirely.!

**Statement of Intent
to Change Rates**

In accordance with the regulations of the Public Utility Commission of Texas, Texas-New Mexico Power Company announces the Company's intent to change rates for its entire Texas operations. The effective date of such change is May 18, 1990. All classes of customers will be affected by said proposed changes. The proposed rates will produce an increase in gross revenues to the Company over test year revenues adjusted for test year customer growth and annualization of test year rate increases of \$54,879,334, or 17.00%. TNP is proposing an alternative rate base treatment for Unit 1 of TNP One, the first unit of the Company's generating facility located in Robertson County, Texas. Under this alternative, the costs of Unit 1 will be included in rate base in a three (3) step, ten (10) year phase-in plan. If adopted, the phase-in plan results in an increase in gross revenues of \$43,074,934 or a 13.34% increase over adjusted test year revenues during the first year of the plan. Texas-New Mexico Power Company provides electrical service to more than 163,083 customers located within the state of Texas.

A complete copy of the requested rate filing package is on file with the Public Utility Commission of Texas in Austin, Texas, and with all cities served by Texas-New Mexico Power Company which have retained original jurisdiction. You may inspect a copy of the filing during normal business hours at each business office of Texas-New Mexico Power Company in your area.

Persons who wish to intervene or otherwise participate in these proceedings should notify the Commission as soon as possible. A request to intervene, participate, or for further information should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Boulevard, Suite 400N, Austin, Texas 78757. Further information may also be obtained by calling the Public Utility Commission Consumer Affairs Division at (512) 458-0223 or (512) 458-0227, or (512) 458-0221 teletypewriter for the deaf.

THE FUTURE IS NOW

It seems like most of the opposition to Dimple Lake comes from "the good old boys down on the river", wealthy absentee landowners, foreign investors and newcomers with no ties to Red River County. A depressed economy is to their liking as it allows them a plentiful supply of cheap labor. Why should we trust the future of our children to outsiders whose only interest in Red River County is a quick profit?

The attorney for Jones and Spears most assuredly said the dissolution election was a farce and a sham. Else why would Mr. Hines' attorneys be taking depositions from them? It's absurd to state that Jones and Spears do not take marching orders from Mr. Jim Dick Lovett. Of course not! If they did there would not be a million dollar plus lawsuit against each for being derelict in their duties.

Should not the future of our children be decided by Red River Countians?

On May 5th, please vote for Mr. Jim Dick Lovett, Place 9 and Mr. Charles VanDeaver, Place 7, the two candidates who, when elected, will refuse to be puppets who dance and perform for these special interest groups.

-non-surgical removal of kidney stones

AN ALTERNATIVE TO SURGERY FOR KIDNEY STONE DISEASE

More than ever before, Extracorporeal Shock Wave Lithotripsy (ESWL) is being used as an alternative to surgery for kidney stone sufferers. Thousands of patients worldwide have enjoyed the benefits of this non-invasive procedure with far less pain and recuperation time than normally associated with kidney stone surgery.

The word extracorporeal means "outside the body" and lithotripsy means "to crush stones". In essence, the Extracorporeal Shock Wave Lithotripter uses shock waves created outside the body to crush stones inside the body into sand-like fragments which are then naturally passed out of the body.

The benefits of lithotripsy include:

- Considerably less pain than with surgery
- Minimal complications
- Reduced recovery time

For more information on lithotripsy, consult your doctor or call McCuiston Regional Medical Center at 737-1111

Second Annual Ranch Rodeo Coming To Bogata

The Bogata Lions Club will be presenting the second annual Peoples National Bank Ranch Rodeo at the Bogata Rodeo Arena on May 12, Saturday, at 7 p.m.

Local cowboys will be competing for \$2,000.00 in prize money.

For the first time, the Rough Riders, a group of Bogata youths, will be participating in the ranch rodeo. They

are Marty Gray, Cody Guest, Jeff Marris, Michael and Danny Tabb and Brandon Williams.

Events being offered at this year's Ranch Rodeo will include team penning, calf branding, pasture roping and double mugging.

The Bogata Lions Club will have a concession stand open and will provide the championship belt buckles

to the winners.

Tickets for the rodeo are available from any Lions Club member and at Peoples National Bank. Advance tickets are \$3.00 for adults and \$1.00 for children. At the gate prices are \$5.00 for adults and \$3.00 for children.

Proceeds from the ranch rodeo will go to charitable projects.

No Serious Injuries In Tuesday Accident

There were no serious injuries in a two vehicle accident late Tuesday night.

A late model Datsun pickup driven by Freddie Booker of Deport collided with an S-10 Chevrolet pickup driven by Rickey Glen Williams Paris on Hwy. 271 on the east side of Deport.

Serious damage was assessed to both vehicle but neither driver had more than bruises.

According to DPS Trooper Johnny Williams the accident occurred when Booker attempted a left hand turn into the Quackie Superette.

Continuing Education At PJC

Several new courses are being offered through the continuing education department of Paris Junior College.

A mannequin maintenance workshop designed to instruct participants in the care and maintenance of the CPR mannequin will be taught Thursday, May 3 from 9 to 3. The fee is \$10 and includes lunch.

If you are contemplating the purchase of a computer for your business, a course on the introduction of the computer for small businesses will be of great help. Computer terminology in the English language will be related by how word processing, spread sheets and data base soft-

ware can solve business problems. The course begins May 8 from 6 to 9:45 p.m., and will continue at the same time for three additional weeks at a total cost of \$60.

Word processing for the IBM computer will be taught May 10 from 6-9 p.m. This course will teach all aspects of word processing from terminology to special text options and from spell check to mail merge. The course will continue at the same time for three additional weeks at a total cost of \$50.

Registration for these courses can be completed at the continuing education office located in the Alford Center on the PJC campus.

Footprints left on the Moon by Apollo astronauts will remain visible for at least ten million years, plenty of time for humankind to visit a nearby star with a suitable planet and leave footprints on its surface.

If you don't mind buying a home that wastes energy, buying a home is easy. If your standards are higher than that, buying a home takes work — asking the right questions, finding the right answers.

The reward for that work is a home you can truly enjoy ... a home that's as functional as it is livable.

For more information on steps you should take before building or buying a home, call your local Texas-New Mexico Power Company office.
