

By Nanalee Nichols As the national news media continues to roam Bogata and the surrounding area, I'm struck by the fact that many of them seem much more concerned with sensationalism than truth.

Numerous people have mentioned being mis-quoted or quoted out of context after being interviewed.

Rumors abound, and sometimes it appears that these rumors and suppositions are actually being created by the reporters instead of the other way around.

While there have been some reporters who seem to be keeping a grip on reality and the facts, others seem concerned only with having a feeding frenzy.

I have done little lately but answer the phone, trying to field questions from a variety of people, including one man who kept trying to convince me that AIDS was part of a gigantic government cover up. He made quite a point of telling me about the charitable work he and his colleagues were doing. Then, he began trying to sell expensive books and newsletters!

There have been calls from newspapers and tv stations, calls from tabloids and from people trying to buy negatives to photos of Bogata, Rivercrest and various citizens.

The few reporters I consented to speak with either tried to put words in my mouth or accused me of being "un-coperative".

Incidentally, what might have been exceptionally good photos of Cooper School's outstanding gesture of presenting Rivercrest with a large Valentine heart at the Friday night basketball game

An Editorial....

It has been a hectic week in the Thunder Prairie Press community. Reporters, photographers and cameramen from the big-city media have been swarming along U.S. 271, sometimes more interested in sensation than in news.

It isn't any fun being under the media microscope, but for a sensible population like that of Bogata and the rest of this area , there has been nothing to be ashamed of and a good deal to be proud of.

As we go to press the authorities are reviewing the figures that have created such excitement. We await the reports now. We want to be absolutely responsible in what we say. Here in the offices of the local weekly newspapers that serve Bogata, Talco, Deport and Blossom, we take pride in a journalistic accomplishment that the metropolitan media cannot match. Months ago, without hysteria, sensationalism or carelessness with the facts, we reported in a calm and balanced way that the AIDS virus has come to the Red River Valley. Whatever the final count, we expect that "AIDS Education" will remain an important task for our communities.

Prairiland Is Celebrating National FFA Week

district.

This week, the Prairiland FFA is celebrating National FFA Week with a variety of events and special events, according to Ag instructors at Prairiland, Bobby Winters, Frankie Nor-wood and Buddy Freeman.

Prairiland High School is a consolidated school district encompassing Blossom, Clardy, Cunningham, Deport, Pattonville and the surrounding small communities. The Prairiland school district is a rural district with most of the tax dollars coming from agriculture property taxes. There is virtually no industry tax support aside from a couple of machine shops and a peanut patty factory.

shop which was built in 1970. The over the years and several American administration and school board are Farmers.

The biggest day of the year for the Prairiland chapter this year will be the March 14, the day they hold their Prairiland Livestock Show and Auction. They begin the day at 9 a.m. with a livestock show, and end the event with their fund raising auction. Items sold in the auction are ones built by the chapter and those donated by local businesses. This is Prairiland's major fund raiser for the year and is definitely the most tiring

aren't available to us. They seem to have been stolen from our photographer's camera bag by a media person sitting next to her!

There is one big differance between these people and us. We feel a strong sense of responsibility, and strong ties to the communities we serve.

We are not in town to do sensational stories, then pack our bags and leave. We don't strive to keep our towns in an uproar.

Even keeping in mind that there have been people here who have done a responsible job, I'm disallusioned.

If there was ever a time I entertained dreams of what it would be like to belong to a "major" news team they have now vanished brever. I love where I am and what I do more than ever before.

The national media will be gone soon. We won't.We will still be here, trying hard to provide honest, fair coverage of the things that concern each and every one of us.

I'm very, very proud of that.

Buddy Freeman is a graduate of East Texas State University and is in his eighth year at Prairiland High School.

Frankie Norwood is also a graduate of East Texas State University and is in his ninth year in the Prairiland Ag department after teaching Junior High Science for seven years.

Bobby Winters is a graduate of Sam Houston State University and is in his fourteenth year at Prairiland.

Prairiland High School is a AAA school with 139 students currently enrolled in Agriscience courses for the fall semester. Courses offered are Intro World Ag Science; Applied Ag Science; Ag Cooperative Training and Ag Mechanics. The most popular courses are the Ag Mechanics related courses.

President for the Prairiland FFA Chapter this year is Kimberly Reep. Other officers are: vice-president, Tara Gifford; secretary, Georjeana Oats; treasurer, Amy Irwin; reporter, Paul Nixon; sentinel, Justin Withers; and junior advisor, Brad Allen.

This year, in addition to many other activities, the Prairiland FFA chapter attended the Area VI FFA Convention at Gladewater High School. Kimberly Reep and Paul Nixon are one of four couples competing for the Mr. and Miss FFA titles. This is a new contest that replaced the Sweetheart Contest, Kimberly and Paul won the District nomination in Mt. Vernon on January 20.

The Ag Talent Team composed of John Pittman, Paul Nixon, Bryan Ausmus, Georjeana Oats, Janee Jackson, Mendy Dobbs and Jason Pruett won second place at Mt. Vernon on January 20 this year.

Tara Gifford is currently serving as a Paris District FFA officer.

They usually bring home more than their share of trophies and monies at the Lamar County Junior Livestock Show. This year the County show is March 25-26-27.

Houston broilers have become very popular within the chapter, and this year, they will take 11 pens of broilers to Houston on February 25.

Prairiland always fairs well at the district degree check every year and has had many Lone Star Farmers

day of the year for officers and teachers, but it has always been well worth the effort.

This year a stew and chili cookoff will be held. Anyone interested in cooking is asked to contact the Ag Department at 652-5681 or 982-6233 at your earliest convenience.

FFA is overall a comprehensive, interesting and learning experience. Besides the knowledge of breed histories, bookkeeping, biology and the world of other useful information that the students learn, they also strengthen their ability to function in a competitive world. They learn speaking skills, and compete in livestock shows which do much to improve confidence and self-esteem.

Students study a variety of subjects in a more specialized manner, which allows students to "customize" their education, and to develop more completely in their particular area of interest than theold"blanket" courses allowed.

The Prairiland Ag instructors are very proud of their accomplishments. The one main attribute which makes things run smoothly at the Prairiland Ag department is the good working of the black yearling calf. relationship between the three Ag teachers.

WHAT'S NEW FOR 1992 IN THE COUNTY TAX OFFICE?

BOAT REGISTRATION A POSSIBILITY?

We realize that it would be more convenient to register and title boats in your own county, however, we are not sure at this time if the convenience would outweigh the expenses and extra workload. Therefore, a study is now being conducted with these comparisons in mind to determine the actual num-ber of registrations and transfers of titles that would generate revenue to Red River County. I will keep you informed of additional information and the

results of this study as soon as possible.

REGISTRATION AND TITLE SYSTEM (RTS) COMING TO RED RIVER COUNTY? Our current motor vehicle computer system will be exchanged for the state mandated RTS in the latter part of this year. The RTS will provide the tax offices with registration and title information from all counties in Texas. Title transfers will be processed in approximately five days instead of the current six to eight weeks. The staff has attended seminars and training for the past two years on this new system. With RTS we anticipate a smooth transition and increased efficiency and productivity.

Information indicates this line of the Thompson family started in Pennsylvania with Thomas Thompson and Ann Finney who moved to North Carolina. Their family expanded, and some of the descendants migrated to Tennessee during the westward movement before the Civil War. That movement continued westward into Arkansas and down to Texas. Several generations of Thompsons followed that migration route, leaving a lot of tombstones but few written records. We are trying to find that tombstone trail.

dates indicate E.O. and R.M. would be second generation, probably sons of John and Wesley. We found no headstones for them.

The tombstone of Jessye Fagan, wife of E.O. Thompson, is of recent date granite, replacing the original marble stone, on the same concrete footing. This leads us to believe there are some Thompsons still living in the area; and probably read the Deport newspaper.

No doubt there are other Thompsons buried there under different names. The curse of genealogy ... daughters marry and change their names. Their children and grandchildren are Thompson descendants but we don't know that when we read the names on the tombstones.

Patriots Drop 2 Close Games

By David Singleton The Prairiland Patriots opened 2:10 left in the third. Swede Ladd's last week at home against the Mine-

ola Yellowjackets. Toby Dockray and Cody Bowen connected for back to back baskets knotting the score at 4 ece. But Mineola pulled ahead 16-

David Singleton and Justin Gordon closed out the quarter's scoring at 20-14, Jackets.

The second stanza found both teams trading buckets. Brock Blassingame brough the Pats to within six, 36-30 at the half.

Nine straight points by Bowen pushed the Patriots ahead 39-38 with

three pointer ended the quarter with the Pats on top 42-40.

Ladd scored four more in the last quarter, but no other Patriot found the basket. mIneola eased ahead for a 52-46 victory. Bowen led the home team with 13, followed by Ladd with 10 and Blassingame with 6.

On Friday night the Patriots traveled to Raines for their final road game of the season. Ladd and Gordon combined for four treys the first half, but Raines retained the lead going into half 25-20.

The third quarter saw three pointers from Dockray and Lad, and Blassingame dropped in a ten foot jumper to close the defidit to one at 33-32. Raines continued to strike from the perimeter and opened a 38-34 quarter ending lead.

The Pats stayed close the entire final quarter and Gordon pulled the red and blue to within two with :10 left. But Raines managed to avoid a turnover and claimed a 48-46 win. Ladd led the Pats with 13, followed by Gordon with 12 and Dockray with 6.

Hinson Seeks State Representative Neal Hinson, an administrator with senior citizens. His

the Pittsburg School District and member of the Northeast Texas Community College Board of Trustees will be running for the Texas House of Representative in the Democratic primary March 10. After redistricting this year, District 2 now encompasses Camp, Franklin, Red River, Titus, Wood, Marion, and Morris counties.

Hinson is known to be a strong fiscal conservation with no ties to any powerful lobby groups. He has taken a strong stand against waste in the expenditure of tax dollars and has been adamant about any tax dollars and has been adamant about any tax increases. "We've had the largest tax increase the last six years we've ever had in this state and we need to get our taxes and spending in order, Hinson stated.

He is best known in the Northeast Texas area for his 32 years in public education, including 21 years in Pittsburg schools. He was high school principal until promoted to assistant superintendent of auxiliary services. He is also an independent businessmen with long-term interest in insurance and cattle ranching.

He cited insurance as a particularly troulblesome area in which his expertise could prove beneficial. 'Workmen's compensation rates are so out of sight that industries can't even move into Texas, "Hinson said. "A lot of insurance areas need looking into."

Having long been an advocate of

senior citizens, Hinson seees the need to develop supportive programs for the senior citizens of Northeast Texas. His understanding of plight of the common working man and woman will greatly enhance his ability to serve all constituents of the 2nd District

Hinson has been married to the former Joyce Talor of Overton for 32 years. The couple has two grown daughters, Niki and D'Ann.

Congratulations To Our Area FFA Chapters On A Job Well Done

It is very difficult to express in a few words the love, appreciation, and deep gratitude that we feel in our hearts for our many friends and family members who were there for us during the long ordeal of Clyde's surgery and hospitalization. A very special "thank you" to our church family, Life Tabernacle of Cunningham, and all the visitors and calls which helped to ease our concern. To the nursing staff on floors four and five at St. Joseph's Hospital, to the doctors - Dr. Aycock, Dr.Hayden, Dr. Edling, and Dr. Dunnington, we appreclate your professionalism and kindness. For all the cards, flowers, and special kindnesses displayed, we are deeply grateful.

We must not fail to thank Diana Marshall R.N., a specialty nurse, without whose help, patience, and kindness, we would have been lost. She will always hold a special place in our hearts. We especially thank Gail Whitaker for her visit and encouragement.

Most of all we thank our Heavenly Father for allowing our family the privilege to keep our kind and lovling husband, daddy, grandpapa, son and brother. Sincerely.

Dear Editor:

Please accept this letter as my endorsement for Coy McGregor as a candidate for Red River County Tax Assessor Collector.

I have known Coy as a business associate for several years. We worked together a number of years in a local manufacturing plant. Coy started in a purchasing capacity. With his ability to work with people and his integrity, he soon was promoted to plant manager.

Coy has always been well respected in the community and I feel, would be an asset to our county serving as Red River County Tax Assessor Collector. Sincerely, Lorene Beers Pol. Pd. For By Coy McGregor Rt. 4, Box 447, Clarksville, TX. 75426

TAX TIPS from Mark Bower CPA NEW ESTIMATED TAX RULES FOR n December 11, 1991,

President Bush signed the Tax Extension Act of 1991 extending to mid-1992 twelve tax provisions. One of these provisions had already expired, and eleven were scheduled to expire on December 31. The cost of extending those tax breaks will be paid for by accelerating certain corporations' estimated tax payments.

The tax provisions that were extended include the following:

*Tax credit for low-income rental *Targeted jobs tax credit *Business energy credits for solar and geothermal property

*Credit for increased research activities

*Orphan drugs credit for testing drugs for rare conditions *Exclusion from employee income for employer-provided group legal

services *Exclusion from employee income

for employer-paid educational expenses

*The business deduction for 25% of health insurance costs paid by the self-employed

BEN MILLER, a sixth grade student at Deport Junior High School, will represent Deport in the County Spelling Bee at North Lamar School on March 10. The winner at the North Lamar contest will compete in the Dallas Morning News Spelling Bee. Ben was one of the top five students to enter the spelling bee out of 18 students. The top five students competed in an oral spelling bee, they were Shanna Pegg, Ben Miller, Melanie Griffin, Christal Gilbert, and Amber Thompson. Melanie Griffin is the alternate.

Now, heart catheterization and balloon surgery are as close as St. Joseph's in Paris.

Not so long ago in Deport you didn't have a choice when it came to sophisticated heart procedures. You packed it up and left the area. Chances are you disrupted your family's routine, incurred costly hotel and food expenses, and just stayed away from home too long.

Thankfully, those days are over. St. Joseph's Heart Center offers Deport one of the most sophisticated, full time heart catheterization labs to be found anywhere in the country. Having done literally thousands of heart catheterizations and hundreds of balloon surgeries, Dr. Allen Duplantis, Jr., is the St. Joseph's cardiac cath team most experienced cardiologist in the region, and has been living and practicing in Paris for over a year now.

doing balloon angioplasty in the hospital's cath lab.
