One of these days I would like to meet the infamous "they".

You know the "they" I'm talking about.... the "they" in "They say".

Think about it. How many, many times do we all hear (or use the term ourselves) words like....

"They say that So and So is taking bankruptcy".

"They said that it's a FACT....They saw so and so and so and so together...."

Then there is the every popular "I know it's true...THEY said so".

"They say that he was convicted of theft".

"They say she drinks".

The list goes on and on.

The notorious, nebulous "they" never has to take responsibility for their statements.

Indeed, if the anyone actually stops repeating what "they say" long enough to try and figure out exactly who "they" is it's pretty difficult to come up with a name.

In our business here at the newspaper it's always amazing the things that "They" say about wrecks or other events.

After walking away from an event I'm frequently bombarded with statements about "facts". When I say... "No, that's not what I saw" folks will argue with the statement "Well, THEY said...."

I'm tired and weary of "they".

I'd like to meet "they" and give them a few thoughts on responsibility. If we printed up the rumors and innuendoes that "they" get away with we would be out of business in a month's time...and probably tied up in court with lawsuits for slander!

While we are all interested in one another, "they" seems only to be interested in scandal, misery and unhappiness.

"They" never say "that so and so are the most beautiful couple together...they always seem happy and able to work their problems out".

"They" never tells anything really good, pleasant or joyful.

Like I say...one of these days I'd really like to meet "they" and it would be nice to point out just how devastating, vicious, cruel and harmful "they" and their stores can be.

I'd like to tell "they" just how much heartbreak and humiliation their words can cause.

I'd like to give old "they" a large piece of my mind.

Somehow, though, I don't imagine that I'll ever get the pleasure...because "they" is a pretty sneaky fellow!

The one thing I can do is try and make very sure that what "They" tells me is the truth...before I repeat it. That's all I can do...but I'm going to try and do that!

Country Cooking

By Gerrie Bankhead

In continuing the series of articles from the Future Homemakers of America, I am proud to present another group of young ladies who are sharing recipes this week in the Country Cooking column.

Sharing this week are Crystal Rae Ericsson, Alishia Roddy and Katie

Mowery. During the interview, these three ladies were busy helping make the vast amount of cupcakes, preparing the items for refrigeration and helping clean up the kitchen area. We hope you enjoy their selected recipes.

Crystal Rae is the daughter of John

Marshall and Mary Ann. She lives in Paris and is a junior at Prairiehill, where she is involved as vice-president of Projects for FHA, is class reporter, class favorite and was voted Most Friendly. She plays volleyball, basketball, softball and fast pitch and enjoys snow skiing. Crystal says "FHA has had a great season and made it to the regionals. Next year with team togetherness, maybe they can go further." Crystal is presently taking tow classes and other than learning to cook, she is learning about family, commitments to children and life in general. Crystal is sharing her Chicken Casserole recipe with us.

Alishia is the daughter of Ronald and Beverly. She is presently the FHA Historian, is Spanish Club secretary, on the yearbook staff and is a member of Keywanettes. She says "FHA classes have helped prepare me for future experiences possibly more than problems in the present. This is extremely important as I will soon begin to assume adult responsibilities and we have been learning how to prepare for them. FHA is helping me to do this." Alishia is sharing her recipe for German Chocolate Cake.

Wrap up hot water comfort and button down energy savings

An insulation blanket can dress your water heater for energy success, especially if the heater is located in an unheated area of your home. Insulating the hot water pipes leaving the heater and adding a heat trap loop can also save energy. Another way to save on the cost of heating water is to keep the heater set between 120° to 140° F. As a final money-saving accessory, consider a timer for the heater so that the heater doesn't cycle on when you're not home. For more information about saving energy, call or visit your local Texas-New Mexico Power Company office and ask for the free booklet, "Energy Management Guide."

Patriots Drop Two In A Row

By David Singleton

The North Lamar Panthers sought and found sweet revenge over the Prairiland Patriots last Tuesday afternoon. Coming off an 18-8 thrashing at the hands of the Patriots one week earlier, the Panthers capitalized on Pat fielding mistakes to take an 8-6 victory.

Jimmy Little doubled to lead off the first, followed by Shane Morton who reached safely on a throwing error. Little scampered home from second on the play.

But the Panthers came back with three runs off Patriot starter Brandon Bell in the bottom of the first. North Lamar took advantage of two mistakes in the second to make the score 6-1, North Lamar.

Larry Smith got the Pats back on the scoring track with a two run homer in the third. Cody Bowen doubled

followed by an RBI single by Patrick Williams and the Patriots cut the lead to 6-4.

Prairiland pulled even in the fourth on a Junior Burson single and an RBI fly ball hit by Chad Whitley. But North Lamar pushed ahead for the final time in the bottom of the sixth. The final score read 8-6, Panthers.

In Friday's action against Paris High, Jimmy Little opened the game with a home run over the left field fence. Shane Morton reached first on an error, but the Patriots could not convert.

In the bottom of the first, a single, a walk and a Jason Stephens homer gave the Wildcats a 3-1 advantage.

No one scored until the bottom of the fourth when a wide throw on a steal attempt scored two for Paris. The Wildcats punched five straight

hits through the Patriot defense to rout out a six run inning.

A two-out walk by David Singleton gave the Patriots their first base runner since the first inning, but Little failed to connect at the plate for the third out.

The bottom of the fifth inning saw Little replacing starter Mark Farris on the mound. The first Paris batter singled to center. The next 'Cat flied out to catcher Chad Whitley, but the third man up singled to left field. With runners on second and third, Little threw back-to-back hard breaking curve balls, that scooted past the Pat catcher.

Two more Wildcats advanced from third to home giving Paris an 11-1 victory. The loss dropped the Patriots to 3-3 on the season.

PRACTICE—Prairiland High School students participated in a practice UIL meet held in Sulphur Springs last Saturday. Front row, left to right: Wendy Peek, Marla Moss, Lanita Proctor, Marilyn Adams and Jo Lewis. Back row: Jane Jackson, Patricia Applegate, John Northam, Paul Nixon and Reigen Mitchell. Josh Northam placed third in Current Events and Marilyn Adams placed fourth in Science. Not pictured are Tara Gifford, Angie Sepulveda.

JV Takes Second In Tourney

The Prairiland Patriot Junior Varsity squad placed second in the Mt. Vernon JV Tournament held recently.

The Patriots took the first game over Saltillo by a total of 11-1 in five innings. Gathering up the hits for the Pats were Jeff Gilbert going 2-3 with two doubles and 4 RBI's; Paul Jackson 1-2; Jason Whitley 1-1; and John Pasquill with 1-1.

John Pasquill went the distance on the mound, striking out 13, walking 4 and allowing only one hit in five innings.

The Patriots then ran into trouble as they went down 12-2 to a tough Mt. Vernon team. Patriot players had only two hits as they were collected by Eldon Jackson and Jeff Gilbert.

The Patriot hurlers had a hard time of it as Jeremy Pasquill started and pitched four innings, giving up 8 runs on 5 hits while striking out 4. Jason Whitley came on in relief and he, too, found the going tough as he gave up four runs on three hits while striking out only one.

In the third and final game for the Patriots, the boys from Prairiland regrouped behind the pitching of Paul

Jackson to take a 6-3 win over the Pittsburg team. Jackson pitched five innings, giving up only 3 runs, while striking out 6 and walking 5.

The Patriots scored 4 of their runs in the first as Jeremy Pasquill led off and was awarded first base because of catcher interference. He then stole second. Matt Dorries followed with a fly-out to shortstop, Steve Swaim walked on four consecutive balls, Gilbert then reached first on an error

by the shortstop. Eldon Jackson was then hit by the pitcher, allowing Pasquill to score. With bases loaded, Jason Whitley hit a hard grounder between shortstop and third, scoring all three runners while collecting a two bagger. Pittsburg got the next two batters to end the inning. Jason Whitley collected the only hit in the game for the Patriots.

With the win, the Patriot JV record stands at 3-1.

Plan For Severe Weather

Although tornadoes, severe thunderstorms and floods can strike virtually any part of Texas at any time, spring seems to bring an increase in violent weather.
 You can take precautions to assist yourself and your family in the event of a tornado.
 Periodically hold a tornado drill so that family members know what to do and where to go if the national weather service issues a tornado warning. The safest part of a house during a tornado traditionally is the basement, but be aware of the potential for flooding if there is heavy rain in the area. Interior bathrooms, hallways and closets on the ground floor also offer protection from tornado winds. Avoid windows and outside walls. Take along blankets or sleeping bags to protect yourself from falling debris and shattering glass, which are frequently cause of death and injury during a tornado.
 Make certain you have a portable radio and several flashlights as well as bottled water, extra prescription medications and a first aid kit in your shelter area.
 Remember, if a tornado strikes, electricity, gas, water and sewer service may be disrupted for several days.
 Mobile homes and automobiles are dangerous places to be during a tornado. If you live in a mobile home, make sure all family members know where the nearest substantial shelter is. If you are in your mobile home or car and can't get to a better shelter; go outside, lie down in the nearest ravine, ditch or culvert and cover your head with your hands. Be aware of the possibility of flooding in low-lying areas. Do not hide under your mobile home or car because both can easily be picked up and carried away by a tornado.
 Your local emergency management office can provide you with additional information on severe weather precautions. The Governor's Division of Emergency Management, the National Weather Service, the Texas Insurance Advisory Association and the Federal Emergency Management Agency are sources of information and publications on various weather phenomena and related information.

Tribute to Jimmy
Jimmy was a true friend.
I loved him like a brother.
He was always there when I needed a hand.
I could depend on him like no other.
His love for others showed through his hands,
In all the things he could do.
Like plumbing, roofing, building, and welding.
His skills were his way to say I Love You.
Jimmy loved making what seemed difficult
Become the easy task. That was his intent.
He had problems like the rest of us do
But his attitude helped him to be content.
He was a proud father and a loving husband.
He was a devoted brother and helpful friend.
He was a joy to his Mother
And in his absence, God's love will mend.
Dedicated to the Memory

Presbyterian Women Meet

The Presbyterian Women of the Deport Church met March 10 at the home of Mrs. Murray Franklin.

Mrs. Robert Temple, moderator, gave the opening prayer.

"Pathway to Peace," the Least Coin devotion, was given by Miss Edith Fuller.

Mrs. Tom Foley opened the Bible lesson by reading Psalms 118. The lesson from the book "We Decide Together" was continued. The study topic was "Be Perfect As Your Heavenly Father is Perfect". Members participated by reading the follow-

ing selected Bible passages: Matthew 5, Colossians 3:1-17; John 3:16, 16-21 and Ephesians 5:1-20.

The passages suggest the value and lifestyle of Christians should be different from higher and purer than the values and life of others. Presbyterians feel that they, rather than live apart from the world, they should stay in the world and try to transform it by influencing actions and decisions for good. Mrs. Foley closed the meeting with prayer.

Refreshments were served by the hostess during the social hour.

Ruth Johnson and T.J. of Paris spent Sunday with Mr. and Mrs. Frank Lee.

Mr. and Mrs. Mutt Harvey visited Mr. and Mrs. Alvis Glen Ballard Sunday.
